Mr. Williams did not have any insurance on his equipment and Mr. Mathews carried \$2000 insurance on the building.

Williams said he did not know yet just what his loss would amount to, but he thought it would be better than \$2000. Destroyed were considerable milk working equipment, compressors, about 60 gallons of milk and some refrigeration equipment.

The alarm was sounded about 9:45 a. m. just as most of the local residents were in the process of going to church. Some of the firemen fought the fire in their Sunday clothes.

## Full Retirement Not Necessary For S. S. Checks At Age 65

Workers or self-employed persons now 65 or over are considering either partial or complete retirement should get in touch with the social security office for information which may be helpful in planning for the years ahead, R. R. Tuley, Manager of the Abilene Social Security office said yesterday.

"Even though a worker may be eligible for benefits, they are not payable under certain conditions," he explained. "Workers under age 72 who earn less than \$2080 in a year can be paid one or more benefit checks, depending on the total amount earned and how much work is done. All checks for a year are due if earnings do not go over \$1200. After age 72 benefits are payable to insured workers regardless of the amount earned."

No benefits can be paid until an application is filed, Tuley added as a reminder.

A free leaflet entitled "How Earnings Affect Social Security Benefit Payments" is available on request.

Write: Social Security Administration, Box 1641, Abilene, Texas and request leaflet on "How Earnings Affect Benefits."

### Mrs. J. R. Banister; Former Sheriff, Buried Tuesday

Funeral services were held at the First Baptist Church Tuesday, June 5, at 4:00 p. m. for Mrs. J. R. Banister, who died of a heart attack at 11:00 a. m. Monday in a Brownwood hospital.

She had undergone surgery last Friday.

Rev. A. G. Purvis, pastor of the church, and Rev. S. R. Smith of Brownwood, a former pastor, officiated at the services.

Mrs. Banister, the former Emma Daugherty, was born October 20, 1871, near Dallas, being 84 years, seven months and 14 days old, at the time of death.

She was married to John R. Banister September 25, 1894 at Goldthwaite, where she was teaching school. Soon they came to Coleman County and have continued to make this their home.

At the time of his death in 1918, Mr. Banister was Sheriff of Coleman County. Mrs. Banister was appointed to fill his unexpired term and was said to have been the first woman sheriff in Texas.

Until her health failed several years ago, Mrs. Banister was very active in cultural and civic affairs. She was a longtime member of the Self Culture Club, the United Daughters of the Confederacy and helped to establish the Santa Anna Library and the Ranger Park. She had been a member of the Baptist Church since 1882.

She is survived by two sons, Grady Banister of Covington, La. and John R. Banister, II of Rock Springs, Texas, two daughters, Mrs. C. D. Bruce of Santa Anna and Mrs. James Seddon of Houston; one brother, John A. Cox of Fort Worth. Other survivors are seven grandchildren and eleven great grandchildren.

Pall bearers were Emory Brown, J. L. Boggus, O. L. Cheaney, Hardy Blue, Arthur Turner and Howard Kingsbery.

Ladies in charge of the floral tributes were Mrs. Hardy Blue, Mrs. J. C. Mathews, Mrs. Jack Mobley, Mrs. J. L. Boggus, Mrs. A. D. Donham, Jr., Mrs. Arthur Turner, Mrs. Lee Hunter, Mrs. W. V. Priddy and Mrs. Elusian Niell.

Burial was in the Santa Anna Cemetery under the direction of the Hosh Funeral Home.

Lykins, Jr. and Albert of San Angelo; Mr. and Mrs. Douglas Lykins and children of Fort Worth; Mr. and Mrs. Clifford Newton and children of Lubbock; and Mr. and Mrs. Jimmie Alvey and daughters of San Angelo. The 27 persons present had a pleasant time together and enjoyed a fine dinner.

### SECOND SUNDAY SINGING NEXT SUNDAY

The regular Second Sunday Singing will be held Sunday, June 10th at the North Side Baptist Church, beginning at 2:00 p. m., and continuing until 4:00 p. m. The public is invited.

The E. B. Drake family that has been living in the Simmons house on West Bowie Avenue, have moved to the Ruby Evans home on Avenue A.

A summer recreation program, sponsored by a number of mothers of Santa Anna, will get underway Monday, June 11 with a class of instruction in swimming at the Coleman Swimming Pool for all students who want to learn how to swim. Supervised play periods will be started on Tuesday and it is hoped the wading pool will be ready for use in the near future.

On the swimming program, the first three weeks will be for all boys who want to learn to swim. They will meet at the school grounds before 10:00 a. m. each morning, five days a week, for three weeks. The school bus will be driven by Lee Wade Wallace and some mothers will accompany the students each day. Plans are for the bus to leave at exactly 10:00 a. m. and return about 12:00 noon. The girls will have the same schedule beginning Monday, July 2.

Pool charges for each student will be 10 cents per day, and parents are requested to pay this amount. No one wanting to take the lessons will be turned down because they do not have the 10 cents each day. The voluntary contributions will just about take care of all the other expenses of the program and it was suggested that parents who can, would please pay the pool charge of 10 cents. This will only be \$1.50 for each student for the entire three weeks course. One of the mothers on the bus will take the students money each morning as they board the bus, or the entire amount may be paid at one time.

## Braves and Cubs Win First Games In League Play

## Truck and Car Involved In Crash Monday

A big trailer-truck loaded with wheat and traveling south collided with a car containing three soldiers traveling north, on the Home Creek bridge nine miles south of Santa Anna early Monday morning. Damage to the truck, driven by Jeff D. Monk of Elbert, Texas, was estimated at \$250 and the Ford car, driven by James E. Geraghty, was considered a total loss.

Passengers in the car were Bill Cheney and Richard Wormouth. The soldiers were from the Abilene Air Force base. All were taken to the local hospital and the soldiers were taken on to Abilene Monday. The truck driver was released from the hospital Monday evening.

No charges were filed. The accident was investigated by Bud Simmons, local Deputy Sheriff.

Mrs. F. Z. Payne and her daughter, Mrs. Edwin Hunter, of Coleman, visited Saturday and Sunday with an aged aunt of Mrs. Payne's, in Mineral Wells.

Other activities include supervised play periods for all students. The younger students, up to the third grade, will meet at 4 p. m. on Tuesday and Thursday afternoons at the school ground. Mrs. Nap Watson is chairman of this committee for supervised play. The older students will meet on the same days at the vacant lot just east of the Tile Plant. Mrs. Tom White will be the supervisor here.

A group of ladies plan to meet with the City Council on Thursday night of this week to discuss the possibilities of getting the wading pool, near the Santa Anna Church of Christ, fixed for younger children. Several sacks of cement have been contributed and some labor, toward getting the pool fixed.

Total contributions to the program thus far amount to \$356.00. Contributors this week include \$25.00 from the Santa Anna Fire Department, \$25.00 from the Coleman Gas Company and Blossom & Jewell Gulf Service Station and Speck's Barber shop. The Bake Sale last Saturday raised \$31.50 to be applied on the summer program.

Mrs. James Eubank, chairman of the Finance Committee, said they plan to have another bake sale the next two Saturdays. The sales will be from 8:30 a. m. until the baked goods are sold out. Last Saturday the demand far exceeded the supply and Mrs. Eubank requested more mothers to either send or bring baked goods to the sale. The sale will be at Harvey Grocery, Hosh Grocery and Piggly Wiggly.

The Finance Committee, which has done an excellent job, is composed of Mrs. Eubank, Mrs. Roy Horne, Mrs. Tom Kingsbery, Mrs. Richard Horner, Mrs. Jim Rutherford and Mrs. John Gregg.

## IN THE NAME OF THE LAW

CONTRIBUTED IN THE PUBLIC INTEREST BY

TEXAS POLICE ASSOCIATION

### IS YOURS A STOLEN CAR?

By Bob Brewer, Supervisor, Records Section, Motor Vehicle Division — Texas Highway Department

This story begins with the purchase of a \$2,000.00 auto. The buyer paid cash for the car, signed his name on a BLANK application for title and proudly drove home. He and his family were thrilled with their new Super Duper 8. It was a beautiful car, luxurious interior, sleek and

chromed exterior, and a real power plant under the hood.

A few months passed, then one day two men came to his home. They explained that they were looking for a car like his that carried a previous mortgage. The two men produced a title, and asked the owner if he had his title. They then asked the owner if he would mind if they checked the motor and serial numbers. Whereupon the owner discovered to his surprise and consternation that his title did not match the car he thought was his. Of course, the two visitors claimed the car, and left him to seek a way in which to recover his money.

These transactions do not occur every day, but it is surprising how often an unsuspecting buyer will purchase a stolen or previously encumbered car.

The Motor Vehicle Division of the Texas Highway Department was created by the State Legislature to administer the Texas Registration and Certificate of Title Laws. The county Tax Assessor-Collectors were appointed agents of the division. It is their duty to collect all fees pertaining to motor vehicle registration and Certificate of Title and also to make preliminary examinations of the evidence of ownership. The problems connected with the titling of vehicles have doubled and redoubled since 1946 due to increased productions of vehicles, sales, and the high rate of population shifts between states. Texas now ranks 3rd in the nation with over 4,000,000 vehicle registrations on file in this department.

The average family in Texas will spend more for automobiles in 16 years than for all their other real property combined. Mr. Texan thinks nothing of spending several dollars and much of his time having the abstract and title on a \$2,000 lot legally processed. He will purchase an automobile valued at \$3,000, never check an identifying number or the legal description of the vehicle. Furthermore, he will sign a blank application for title and never ask to see what evidence of ownership the seller has or his right to sell.

The Texas Police Association, in cooperation with the Motor Vehicle Division of the Texas Highway Division, was instrumental in getting a law passed by the last session of the Texas Legislature requiring the examination of all vehicle and their evidence of ownership by a peace officer if the vehicles have not previously been licensed or titled in Texas.

If these suggestions are followed the auto purchaser can be assured of getting a good and valid Texas Certificate of Title on his car:

1. Check the motor and serial number on the car against the ownership papers.
2. Check the year, body style, and make of vehicle.
3. See that the necessary papers are completed as to assignments between seller and buyer, and that the proper notarization is affixed to all papers.
4. Be sure that all liens or mortgages are properly released.
5. Before signing your application for title see that the proper description of the automobile is shown; and most important make sure that your name and legal address are correct.

By performing these simple operations, you will be assured of getting your Texas Title without delay. Otherwise, if errors occur in the title transaction, the Motor Vehicle Division title examiners will return it to the county Tax Collector's office for the proper corrections to be made before the title can be issued. Remember, the Certificate of Title to your automobile is just as important as the title on your other real property. Keep it in a safe place but one that is accessible to you. In the event your car is stolen, you should be able to furnish your local police agency a complete description of the vehicle. Do not carry your title in your car; that is like giving the thief a blank, signed check.

### BEWARE ADVICE OF "BARRACKS LAWYERS"

You don't have to be a lawyer in order to form an opinion on a legal subject. However, it is bad business for a layman to pass such an opinion on to others to guide their actions. He may cause them to suffer substantial losses.

Because of the vast intricacies of the law, a simple set of facts often gives rise to difficult legal problems. In spite of this, there are many persons who persist in passing out legal advice on all problems, pounding the table, quoting rules, and loudly expounding opinions. Beware of those persons, because their free opinions are usually worth what they cost, and often can be the unintended cause of harm to those who rely on them.

For example, George Jones owned a small drug store. He agreed to sell the store to Harry White at a time when he still owed \$1,000 to various creditors for merchandise he had bought for the store. George and Harry were in the back room one night discussing who would pay these debts. George suggested that they talk to a lawyer.

Just then Wilbur Knowall came into the room, and heard the discussion. He assured them that there was no necessity to see a lawyer: He told George to keep the debts, "to avoid complications". As to telling George's creditors of the sale, Wilbur said that was unnecessary because George was still liable to pay them. George and Harry decided to follow Wilbur's advice.

Several weeks later, after Harry had taken over the store, a representative of one of George's creditors came in and demanded

that Harry pay the debt that George had incurred. Harry refused, but went to see a lawyer to make certain. Harry was surprised to learn that he had failed to comply with a Texas Statute in buying the store without giving notice of the sale to George's creditors. He further learned that the sale was void as to them, and that he was liable for George's debts.

This is a common place example of the trouble you can get into when toying with the law. Experienced lawyers often must spend many hours researching a problem before advising their clients as to the best course of action to follow. It is therefore hazardous to rely on the legal advice of well-meaning friends. As in the case of Harry White, that is often the beginning of many headaches.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Mrs. Charles Rendleman of Little Rock, Ark., and her sister, Mrs. John Brown, of Clovis, New Mexico, came last week and Mrs. Rendleman has been looking after recent flood damage on her farms.

Mrs. Glenn Early and baby of Dallas, and Betty Clark of Austin, visited last week with Mrs. Dorothy Clark and boys. Betty is taking a summer course at the University of Texas and is employed there.

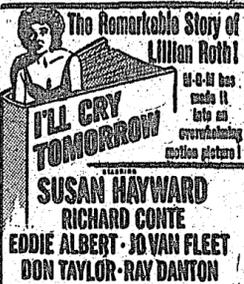

Weekend guests in the home of Mr. and Mrs. E. W. Stiles were Mrs. May Taylor and son, H. G. Taylor, of Lamesa, Anne Stiles went home with them to spend the summer. Sunday guests were Mr. and Mrs. Tom Stiles and family of Bangs.

**Ramsey Preparing  
To Open Campaign  
For Re-election**

San Augustine, Texas — Soil and water conservation and greater protection for Texas families through good services and stability in government are the major issues on which Lt. Gov. Ben Ramsey will campaign for re-election this summer.

Ramsey, who is touring the state preparatory to officially opening his campaign, said, "Soil is the storehouse of agriculture and industry. Water is the key to both."

"People throughout Texas have made great strides in soil and water saving practices in the past 10 years." He added, "The state must give full assistance to equitable plans for conservation at the local level if we are to maintain a sound economy and reach our true potential."

On plans for protection of Texas families, Ramsey said the government must effect rigid rules of conduct and exacting controls over blind forces of influence. Ramsey cited the need for (1) strict curbs on lobbying; (2) stiff narcotic penalties, with life imprisonment or death penalty for the second conviction on charge of selling to minors; (3) eliminating loan sharks, and (4) an unceasing watch to assure families their insurance policies are sound.

Ramsey, who spearheaded the move to rid the insurance industry of "parasites" and eliminate fraudulent investment schemes, said the results have been tremendous.

"Time and experience," Ramsey said, "will determine whether the barricades in our new laws are high enough and solid enough to keep ruthless speculators from preying upon the public. The scavengers will be back at the next session of the Legislature in an attempt to gain back their lost special privileges."

"My ambition," Ramsey said, "is to wage the fight through to complete assurance of full protection to the public in all phases of government."

Ramsey, a life-long resident of San Augustine, lives at his farm home three miles from town with his wife, the former Florine Hankla, and their two daughters, Rita Rhea, six years of age, and Ann, three years.

Mr. and Mrs. J. D. Howard and daughter, of Midland, came on Friday of last week and visited with Mr. and Mrs. John Howard through the weekend. They brought Bobby and Gerald Penny with them. Mr. and Mrs. Douglas Penny came on Saturday and visited with Mr. and Mrs. V. E. Penny and other relatives.

**MISS JOAN McCLELLAN BECOMES BRIDE OF RALPH BRISBIN MONDAY**

In the First Presbyterian Church, Santa Anna, Texas, at 7:30 p. m., June 4, Miss Joan McClellan, daughter of Mr. and Mrs. J. W. McClellan, Santa Anna, exchanged vows with Ralph Brisbin, son of Mr. R. C. Brisbin and the late Mrs. Brisbin of Philadelphia, Pa.

The Rev. Ben H. Moore, pastor, read the double ring ceremony before an altar flanked on either side with white gladioluses and candelabra. Candles were lighted by the ushers, Mr. Henning B. Dieter of Austin and Mr. Fred Oakes of Fort Worth.

Traditional wedding marches were played by Miss Patsy Moore who accompanied Mrs. Billy Joe Robnett in singing "At Dawning" and "Entreat Me Not to Leave Thee".

Attending the bride were her sisters, Miss Frances McClellan, Maid of Honor and Miss Carol McClellan, Bridesmaid.

Mr. Charles McClellan of Austin was best man and Mr. Ronald Lindsey of Austin served as groomsmen.

The bride, given in marriage by her father, was attired in a gown of white Swiss Embroidered organdy with a scoop neckline framed by scallops. The bouffant waist length skirt had a scalloped hem line. Her veil of double illusion was fastened to a half hat outlined with rows of embroidered flowers. She carried a bouquet of shasta daisies. She wore the traditional something old, something new, something borrowed and something blue. Her pearls were a gift of the bridegroom.

Her attendants wore street length dresses of eyelet embroidered organdy identical in design, the maid of honor wearing blue and bridesmaid pink. Their headpieces and bouquets were of matching blue and pink daisies.

Immediately following the ceremony, a reception was held in the Church Fellowship Hall. Miss Patricia Davis, Mrs. Otto Wojtek, Miss Sharon Hoke, and Mrs. Charlie Konze were in the houseparty.

When the couple left for their wedding trip to an unannounced destination, Mrs. Brisbin was wearing a blue chambray dress with white accessories and a corsage of white daisies. On return from their trip the couple will be at home at 1105 East 32nd Street, Austin.

The bride was a graduate of the Santa Anna High School

**Self Culture Club Met With Mrs. Wylie Thursday Afternoon**

The Self Culture Club met on Thursday afternoon, May 31st, in the home of Mrs. Norval Wylie, the meeting having been postponed from the previous Friday. There was a very good attendance, although the blustery sandstorm that swept in at meeting time may have kept some away. Mrs. Wylie, the president, presided, and routine business was attended to.

An outline on next year's study of Texas was given and roll call assignments of Texas features, rivers, lakes, people, etc., were announced. The last program in the series on Great Women, was given. The subject for the afternoon was Business and Industrial Leaders.

Mrs. J. C. Mathews told of Dr. Lillian E. Gilbreath, industrial engineer. Mrs. Gilbreath was the mother of 12 children and of course did much work away from home. The home was expertly cared for, with even the tiny tots having assigned duties.

Miss Bettie Blue gave interesting information on Anna M. Rosenberg, labor relations consultant. She also discussed an article written by Dorothy Thompson, concerning her trip to Russia. She says the women of Russia do nearly all the hard work, very few use cosmetics and the women look older than their men.

As a nice social gesture, the hostess served tall glasses of punch with home made cookies.

The next meeting, beginning the fall activities, will also be at Mrs. Wylie's, with a supper on her spacious lighted lawn, on September 14.

Those attending not mentioned above were: Mmes. C. L. Eeds, Nona Woodruff, Preston Bailey, Otis Bivins, W. B. Sparkman, A. L. Oder, Sam Collier, and Misses Alta Lovelady and Dora Kirkpatrick.

Mrs. Edna Bales of Cross Plains visited last Saturday with her mother, Mrs. Annie Brannan. Mrs. Bales had just returned from a trip to California, which included visits at Sacramento and Los Angeles.

Mrs. M. L. Green and children, Terry and Marvinna and Mrs. Billy McGahey and daughters, Patricia and Marguerite, of Corpus Christi, visited during last week with the home folks, Mr. and Mrs. A. L. McGahey. Mrs. McGahey and daughters also visited with her parents, Mr. and Mrs. Paul Ransburger in Coleman.

J. W. Tabor, who has been a patient in the hospital for quite awhile, was moved to his home Monday, where his condition seems about the same.

Mrs. Aldridge Hostess To 20th Century Club

The 20th Century Club had a very pleasant meeting on Friday afternoon, June 1, with Mrs. Warren Aldridge, at her home east of town. For various reasons the attendance was not so good as usual. This was a social meeting and conversation provided entertainment.

Mrs. Aldridge showed a very bright embroidered robe and lovely brocade slippers, sent her by her son, Jim, when he was stationed in Korea. Also, some trinkets, sent or brought from there, were shown.

In the living room could be seen two lovely end tables and in another room a nice book case Van had made at school. It would be nice if children had a chance to learn crafts, during vacation.

It was agreed that the family night supper will be held the last week in June, at the Clifford Stephenson home, an outdoor affair.

The club will have only one regular meeting each month during the summer. The next regular meeting will be July 20.

Punch was served with lovely pineapple chiffon pie and coffee to those desiring it. The dining table, laid with lace, was centered with an arrangement of lilies.

Those present were Mmes. Aldridge, W. E. Vanderford, Charles Bengel, "Ma" Stanley, Clifford Stephenson, Bill Pritchard, J. F. Goen and A. L. Oder.

Birthday gifts were sent to Mrs. Roy Stockard and Mrs. Sam Rutherford.

Barbara House, Janice Donham, Diane Williams and Ruth Milligan left for Abilene at the weekend to enroll at Draughan's Business College. All are recent graduates of the Santa Anna High School.

Vets Asked To Cash Leave Bonds And Buy Savings Bonds

Dallas, Texas — Thousands of World War II veterans in Texas are holding Armed Forces Leave Bonds that have drawn no interest for five years or longer, and Uncle Sam would like to pay up — an average of \$200 a piece.

Jesse L. Adams, Jr., state sales director of the U. S. Treasurer's Savings Bonds Division, has an idea for these ex-G. I.'s who apparently don't need the money right now. He suggests they redeem those Leave Bonds and put the money in Series E Savings Bonds, which pay 3 per cent interest compounded semi-annually when held to maturity of nine years and eight months.

In the country as a whole, 130,000 veterans hold Leave Bonds worth \$26 million. It's all that left of more than two billion dollars paid to members of the Armed Forces discharged between 1943 and October 1, 1946. The five-year bonds, carrying an interest rate of 2 1/2 per cent a year, were used to reimburse veterans for unused leave.

A special act of congress in 1947 made the bonds redeemable after September 1 of that year. Some \$1.5 billion were cashed within the next few months; others were held to draw additional interest. However, the last of these matured on October 1, 1951, and have drawn no interest since that date.

"Now the Treasury would like to clear its books of this bond issue," Mr. Adams said, "and is calling on all veterans' organizations to help locate the 130,000 bond owners. Then when these bonds are cashed, I can think of no better place to put the money than in safe, sure, indestructible United States Savings Bonds. And," Mr. Adams said, "if you don't have any Leave Bonds, Savings Bonds are still a good buy."

**ROSETTED BLOOM**      **PINK BOLL WORM**      **NORMAL BLOOM**

The dreaded pink bollworm is moving into cotton fields in all areas of Texas. When the cotton plants first start blooming, fields should be checked between 9:00 A.M. and Noon, daily, for about ten days for rosetted blooms. Rosetted cotton blooms indicate the presence of pink bollworm. The worm can be found by tearing open a rosetted bloom. Farmers should be on the lookout for pink bollworms, and are urged to contact their County Agent for control recommendations.

Important Bills to watch are those dealing with the Supreme Court's novel "Pre-emption Doctrine". The Court now holds that if the Congress enacts a law on a subject also dealt with in State laws, the latter are nullified. Under that theory, state sedition laws, labor relations laws, etc., are automatically quashed by laws on such topics enacted by Congress, even though the federal laws do not so state such to be the intention of Congress.

Pending bills simply provide that if Congress intends to nullify state laws it should say so and not have its intent presumed by the Courts; preserving, however, the supreme authority of Federal Courts, in case of conflict between State and Federal laws.

Hearings on these bill have been held in both House and Senate, but committees are dragging their feet on reporting them for floor action. Americans for Democratic Action (ADA) and other left-wing groups bitterly oppose this proposal, as indeed they do all efforts to restrict the encroachment of the Federal government upon states' rights.

A major remodeling job on the front of the U. S. Capitol has just been authorized. Long a subject of lively controversy, it now looks like the east front of the Capitol will be extended about 36 feet into the Capitol Plaza. Actually, in 1863 when the last major work was done on the building, the architect drew plans to correct what he called "an architectural error", and also to provide more space inside. The Civil War held up the job. In 1904 one bunch of architects called for a 36-foot extension, another for 12 feet.

Nothing came of that, and the controversy simmered until the mid-30's, when the House failed to go along with the Senate on a proposed expansion. The same thing occurred in 1949. But this year agreement has been reached and it looks like the 90-year tussle is about to be settled.

### Army Soon To Be Completely Volunteer Enlistments

Within another year, seven out of ten men in the Army will be members of the Regular Army or will be volunteers.

That estimate has been made by Major General Donald P. Booth, Assistant Deputy Chief of Staff for personnel, Washington, D. C., who points out that the Army is moving steadily toward its goal of being a 100 percent volunteer unit.

Col. Garlen R. Bryant, Commanding Officer of the Southwestern Recruiting District, which covers the five-state 4th Army area, cites the unusual advantages offered men who enlist voluntarily for Army service and the increasing rate of reenlistments by Army personnel as the contributing factors in the estimate made by the Department of Army spokesman.

"A high school graduate can find tremendous advantages in an Army career, a chance to develop his leadership traits in the combat arms, or a chance to become a technician through the Army's technical training program," said Col. Bryant. "A young man can map his own career, choosing his branch before actual enlistment. Being able to select a branch makes a happier soldier than is provided by the general assignments following selective service inductions."

"The fact that the Army's reenlistment rate leads the other services, and that large numbers of men with prior Army service are now returning to the service after a short time in civilian life, proves an Army career is both satisfying and rewarding," Col. Bryant added.

Complete information on an enlistment in the U. S. Army may be obtained from the local Army recruiter, M/Sgt. Willis Carlton, whose office is at the Postoffice Building, Abilene, Texas, Room 307.

Sgt. Carlton is in Santa Anna each Monday from 12:00 noon until 1:00 p. m.

Mrs. Nora James left Tuesday for San Angelo for a week stay with her son and wife, Mr. and Mrs. Woody James and family.

From there she will go to El Paso, for a stay of about two months with her son-in-law and daughter, Mr. and Mrs. Leon Morgan, Jr. Mrs. Morgan is Librarian for the El Paso schools.

### Fighting Paganism

Lesson for June 10, 1956

CHRISTIANITY has seldom if ever spread smoothly and easily like gravy over mashed potatoes. Its history is more like a river which meets with immense rocks and boulders which tear the water into foam and spray. As the Colorado river has to fight to make its way westward, so the Christian church has had to fight. It is not true that all men are eager for the Gospel and that all we have to do is to tell people about the love of God and they will all be grateful and Dr. Foreman glad to hear it. On the contrary, Christ has his enemies now as he did in Galilee, and has always had. The name "paganism" is sometimes given to everything in contemporary life and thought which is actively hostile to Christ and his cause.

**Did the church conquer paganism?** Already in the city of Ephesus, when St. Paul was the main preacher there, Christians ran into trouble. We sometimes think if we could get rid of our preachers and get the Apostles to take charge of our churches for a while, we would eliminate all our troubles; but St. Paul for one would not have agreed with us. We hear of opposition that became quite serious. Certain men "were hardened," "did not believe," and far from keeping their unbelief to themselves, "spoke evil of the Way" (i.e., Christian life) in the most public places ("before the multitude"). This is a sample of what Christianity, the Christian church and individual Christians, have to contend with in all ages of the church: hardened men, who are not only without faith but who will go out of their way to attack the Christians' faith. This is paganism. It has many forms but its spirit is always anti-Christian. The church both has, and has not, over-

come paganism. It has won many of these enemies of Christ to become his followers, and is still doing so. It has taken the control of society out of their hands, in various times and places, as happened at Ephesus for a time. But the fact is, paganism is far from dead. In one form or other its attacks go on and on.

#### Missionaries of paganism

When an army stays for any length of time in a foreign territory, it usually leaves behind it words or phrases which the natives pick up, and which may become a permanent part of the local language. It was so with the English language. The Roman military occupation of England, which lasted into hundreds of years, left many souvenirs in the English language. One of the first words the Britons learned from the Romans was "wine" from the Latin vinum. (Incidentally, also, another word borrowed but not now used in English was a word for "buy" that comes from a Latin word for tavern-keeper.) So our very language bears testimony to the fact that the pagan Romans were everywhere missionaries of paganism, and that part of the gospel of paganism is, Liquor is a Good Thing. . . so let's all have more of it! Paganism still sends out its missionaries. On a slow boat to China not many years ago two men shared the same stateroom. One was being sent out by an American Christian church to preach the gospel of Christ. The other was a man who was keeping his son in college by selling liquor in China—sent out by a large distillery firm. Every convert made by the liquor-missionary was going to make it more difficult for the Christ-missionary; and also the other way around.

#### Paganism's progress

Christians too easily sit back in their easy pews and think, Paganism has been licked. St. Paul licked it, or Luther, or Wesley or somebody. We live in a Christian era, in a Christian land. Do we or don't we? There are some figures that ought to make us think. The statistics of the Internal Revenue Service of the United States, as analyzed by the Methodist Board of Temperance, show that for every church being erected in the U.S., seven retail outlets for liquor are being licensed. As of the latest count, there are 141,733 more saloons, cocktail bars and stores selling alcoholic beverages than there are churches, synagogues and temples combined. The breakdown shows: 441,789 "spirits sources" as against 300,606 "spiritual sources."

### CHRISTIAN SCIENCE LESSON-SERMON

The safety and abundance which can be experienced through reliance on God will be a theme developed at Christian Science services this Sunday.

Keynoting the Lesson Sermon entitled "God the Preserver of Man" is the Golden Text from Psalms 37 (39, 40): "The salvation of the righteous is of the Lord; he is their strength in the time of trouble. And the Lord shall help them, and deliver them."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (494:10-11): "Divine Love always has met and always will meet every human need."

Selections to be read from the King James Version of the Bible

will include the following (Psalms 121:8): "The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore."

Mr. and Mrs. Ford Barnes left Tuesday morning for Grand Junction, Colo., for a visit with their son, Joe Christi Barnes and family. Carol McClellan went with them, and they all attended graduation exercises for Christine Barnes, from a high school there.

**Bill Elkins Visits Here On Campaign Tour**

**BILL ELKINS**

Bill Elkins of Dallas, candidate for congressman-at-large, visited here Tuesday in his effort to take a personal campaign for election to all 254 counties in Texas.

Elkins is traveling alone in a pickup truck equipped with a public address system and a large sign. He said that his biggest problem is that not many of the voters are familiar with the office of congressman-at-large. After the 1950 census Texas was allowed 22 instead of 21 congressmen, but the legislature has not redistricted the state, so one congressman is elected "at-large".

The 38-year-old businessman is running on a "Three-R" platform: Restrict foreign aid; Remove government waste; and Reduce income taxes. "My platform is just as simple, yet as fundamental as the original 3 R's", he said.

"The two greatest dangers to America are communism and bankruptcy. I consider it ridiculous to continue to give our money to those countries who in turn aid the communists. Remember how our scrap iron came back from Japan?" he asked.

Elkins is particularly vigorous in his attack on government waste and high income taxes. "By the simple use of honest and efficient business methods, 25% of every income tax dollar can be saved. It's past time to demand full value for our tax dollars whether they are spent in foreign countries, for defense programs, or for domestic projects", Elkins said.

Elkins was born and raised in Killeen in Bell County and he went to school in Waco and Temple. He attended both the University of Texas and Texas A. & M. He is the father of two boys and a girl.

He is a past state commander of the American Legion and a past post commander of the Veterans of Foreign Wars. He also has been active in the Boy Scouts, the Y. M. C. A., chamber of commerce and other civic activities and service clubs.

**Army Offers Good Career For High School Graduates**

High school students shopping for a career field upon graduation this month, can find a wide selection within the structure of the U. S. Army.

More than 100 technical training courses are offered by the Army, with qualified young men being given the opportunity of selecting a course before enlistment. Most of these training courses prepare a man for a job in a civilian industrial field as well as for military assignments.

For the man whose interests lie outside the technical fields, the Army offers a choice of branch assignments, and in some instances a choice of duty location.

It is possible to map a portion of a three-year Regular Army enlistment prior to being sworn into the service. "Choice, not chance" has become a reality for high school graduates that measure up to the Army's qualification standards.

The U. S. Army Recruiter, whose office is located at Room 307, Post Office Building, Abilene, Texas, can furnish the details on how a young man can qualify for a military career of his own choice.

M/Sgt. Willie Carlton is in Santa Anna each Monday from 12:00 to 1:00 p. m. located at the Post Office.

**DO THEY BOTHER YOU — TOO?**

Austin — Whether you call them red bugs or harvest mites or chiggers or just plain Eutrombicula alfreddugesi, you'll meet them this spring and summer. Fore-warned is fore-armed.

Texas, say State Health Department entomologists, has more than its fair share of the parasites, a statement with which anyone who has endured ceaseless spasms of itching misery from red bugs will agree.

They — the chiggers — have a special affinity for low, damp places covered with vegetation. Bermuda grass lawns harbor them well, but for some unexplained reason they just are not usually found in carpet grass.

Just for the record, it's the larvae which do the damage, attaching themselves with their mouthparts and sucking blood until they become engorged and fall off. The severe itching is caused by an anti-coagulant material they inject into their host.

Although adult chiggers — large, red, and velvety — are harmless to man, their wayward offspring can be serious as well as annoying. The entomologists say they do not spread any specific disease entity in this country, but their bites often produce secondary infections in the form of sores and boils.

A few people have an apparent immunity to chigger attacks, but the vast majority are fair game from about May until cold weather reduces chigger ranks. Favorite spots to attach themselves for blood meals seems to be hands, feet, and the stomach around the belt line.

They attack lizards, snakes, birds, and rodents with the same vigor and resourcefulness they display in attacking man. No distinction is drawn between humans and lesser animal species, which is hardly complimentary to us Homo sapiens.

Light applications of sulphur dust on lawns and low branches of shrubs have been used for years to successfully control chiggers. Nowadays, the newer organic insecticides such as chlordane and lindane give better results. Just follow the directions on the label.

Mr. and Mrs. Norman Hosch and her mother, Mrs. Lola Stephens went to San Antonio Sunday morning and visited until Monday afternoon with Mrs. Stephens' sister, Mrs. Hal Wingo and family. Gary Hosch, who had been visiting there for a week, returned home with them.

Mr. and Mrs. Roger Hunter of Austin and her sister, Mrs. Myrt Anderson of Dallas, are visiting Mr. Hunter's sister, Mrs. Theo Kirkpatrick and other relatives.

Mr. and Mrs. F. Z. Payne returned home last week from a two weeks stay in the home of their son and wife, Mr. and Mrs. Zeb Payne at Morton, while they were on vacation.

Mr. and Mrs. Wilbur Stacy left early Wednesday morning for Owensboro, Kentucky, to visit with their son-in-law and daughter, Mr. and Mrs. Paul S. Coombs and children. They plan to be gone a week.

Mr. and Mrs. Luther Talley returned home Saturday from a several days visit with his sister, Mr. and Mrs. Jesse Carl Oakes and family at Corpus Christi. Frances Louise and Jesse Carl, Jr., returned home with them for a lengthy visit with their grandparents, Mr. and Mrs. Arthur Talley.

Mrs. J. E. Watkins, Mrs. Dovie Chapman and Mr. and Mrs. Sam Moore went with Mrs. Bessie Standley of Odessa, Mrs. Watkins' daughter, to Marlin, to visit relatives over the weekend.

M/Sgt. and Mrs. O. T. Stacy and Jane from Connally Air Force Base, Waco, visited here Monday and Tuesday with relatives, the Clifford Stephensons and the Neely Evans.

Mrs. Scott Wallace and her 4 children, of Alamo, and Mr. and Mrs. Charles Ing and Rita, of Ft. Sumner, N. M., came on Friday and Saturday and are visiting for some time with Mrs. W. E. Wallace and other members of the family. Mr. Ing, who for some time, was not well, is getting along just fine now.
