"He Profits Most Who Serves Best"

SMOKE

FROM THE MOUNTAIN

Your contribution to the Santa Anna "Iron Lung Fund" will help save the lives of our children and will help in one of the finest charitable campaigns in many years. Last week a boy died here in our community because we did not have an iron lung. It might have been one of your children and if it had the suffering would have opened the eyes of each of you to the need of the equipment.

The Sealy Hospital has served at one time or another practically every family in this community, and in many neighboring and distant towns. It has donated unsparingly of time and money in charity work. No person who is suffering has been turned away from its doors because of inability to pay. Now is the time for the people of Santa Anna and communities to show Dr. Sealy and the Hospital staff our appreciation for his medical and civic services.

Donate to the Iron Lung Fund and let us raise the \$1650 required now. Bring or send your money to the Santa Anna National Bank to the "Iron Lung Fund" or to the Santa Anna News. Each donor and donation will be recognized in our columns. You cannot contribute too fast because the lung is needed now. Other cases have broken out within the last few days and these children are depending on you to stop their suffering. Let's see how fast we can reach the goal.

Miss Olga Niell Resigns Post At Sealy Hospital

Supervisor and Instructor to Do Private Duty; Mrs. Lovelady Named Successor

Miss Olga Niell, who was among the first graduates of the Sealy School of Nursing, and who has served the Sealy Hospital as night supervisor for the past four years and as full time instructor for the School of Nursing for the last three years, tendered her resignation Sept. 1 to take effect Sept. 13.

Miss Niell will do private duty in Santa Anna. She has resigned due to the fact that she has served a long, strenuous service in a staff position and felt she needed a change. Dr. T. Richard Sealy stated that he regretted very much that Miss Niell felt she should give up her work.

Dr. Sealy also stated that he has employed Mrs. R. R. Lovelady, R. N. to fill the position left vacant by Miss Niell's resignation.

GARRETT NAMED ON NOMINATING COMMITTEE FOR SWEETWATER MEET

J. T. Garrett, Santa Anna Chamber of Commerce Secretary, has been appointed on the nominating committee for the West Texas Chamber of Commerce Conference which will be held at Sweetwater on Sept. 17 and 18.

The two-day conference will include, besides the business sessions, golf, boating and fishing and several luncheons.

Band Organized Here for Over Fifty Years; Much Progress Shown

Five years ago we had no band. There was though plenty of instruments available for a dance. Mr. John Parker played and sometimes Johnson Hunter came up from Trickham to play.

The Howron family came from the north and the boys had played in Mississippi steamboats. They organized and taught a band. The town paid for instruments and built a band stand in the grove at the foot of the mountain and there they had picnics and barbecues. The boys had nicknamed Frank Howron, "Frog Howron."

EVERETT LOONEY

Fair Committees Announce Plans

Many Communities Ask for Booths; More Trade Trips to Be Scheduled

Committees making reports this week on the progress made for the Fall Fair, Sept. 21-23, indicate that more entries will be made in exhibits this year than in the past and that more interest has been shown in exhibiting than previously.

Community Booth chairman, C. A. Walker, reports that several communities are planning fine exhibits, all of which will be held in the Shield Buildings. He urges that any community who has not asked for a booth to do so by the early part of next week so that the booth may be built and placed in the proper building. Others on this committee are Miss May Blue, Mrs. S. Gehrett, and Rex Gols-ton.

Stalls are being prepared for the livestock entries in back of the Shield Building and will amply care for all stock, according to the grounds and building committee. Members of this group are George Johnson, chairman; Roy Stockard and E. R. Purdy.

The parade committee, of which W. H. Thate is chairman, states that all citizens are invited to join the parade in automobiles and that a special effort is being made to get all who will to ride horses. The band will lead the parade, which opens the fair on Tuesday, Sept. 21 at 5 p. m. Business men are asked to enter floats or any organization who will enter a float is asked to plan now. Other members of the committee are John Guthrie, Cecil Grantham, L. H. Fry, Hubert Turner and O. L. Cheaney.

More trade trips will be made next week, some with the rodeo boosters and a visit will also be made to the Gouldsbush community. Definite dates have not been announced. Committee members are Miss Ruby Harper, chairman; Miss Lula Jo Haraey, Mrs. E. D. McDonald, Byron Joiner, Loyd Burris, Dewey Pieratt and Tom Wallis.

Livestock entries and farm and art and culinary exhibits will have more definite announcements next week.

Sealy Hospital In Need Of Iron Lung. Will You Contribute?

A few days ago a twelve year old boy died in the local hospital of infantile paralysis. An iron lung might have saved him. Doctors and nurses did everything in their power to save the child, but without the iron lung equipment, it was only a matter of time. The nearest "iron lung" is in Fort Worth and is not available for use except to citizens of the Fort Worth communities and it is now in continual use. Cases in this community are steadily increasing and unless the iron lung equipment is acquired many of our local children may suffer.

Citizens of Abilene are now donating toward the purchase of a lung in a hospital there. The News is asking the citizens of Santa Anna and friends of the Sealy Hospital to begin contributing to a similar fund. The hospital serves hundreds of people in this section of Texas and has been one of the foremost in Texas in donating services to charity work. In fact so much charity work has been done here at the Sealy Hospital that the purchase of such equipment as the iron lung by the hospital itself would be almost impossible.

The "iron lung" can be purchased for \$1650. The equipment can be used not only for infantile paralysis victims, but for all types of paralysis of respiration and for artificial respiration. It is fast becoming a necessity for the safety of the community and of your family since infantile paralysis cases have reached epidemic proportions.

Contributions should be sent or brought either to the Santa Anna National Bank and deposited in the "Iron Lung Fund" or brought to the News office, where it will be carried to the Bank. The name of each donor and the amount contributed will be published in the paper each week.

Contributors are urged to begin donations now and raise the funds immediately so that more cases can be treated before we have more tragedies here. Several more cases are existant in our community.

Rodeo Broncs Arriving for Big Event; Radio Broadcasts to Advertise Shows

Lions Speaker

ROSS K. PRESCOTT

of Santa Anna, representative of this district to the Texas Legislature, spoke before the Lions Club Tuesday on present tax problems.

Lions Hear Talk by Rep. Prescott

Tax Subjects Discussed in Noon Speech; Rodeo Celebration Discussed

Rep. Ross K. Prescott spoke before the Lions Club Tuesday on the three most discussed tax problems of Texas which will probably come before the called session of the Legislature. These three tax measures will be the sales tax, franchise tax and natural resource tax.

According to Rep. Prescott, the Legislature does not desire to add to the taxes already assessed but by the will of the people of Texas who voted to pass the amendments recently calling for additional funds, more taxes are necessary to meet these obligations.

"Since the Governor has stated his opposition to the sales tax, and since the franchise tax has been defeated once in the legislative bodies, the natural resource tax seems the most likely to pass of the three taxes named," stated Prescott.

Other business before the club Tuesday included plans for the Rodeo and plans for helping the Sesquicentennial Commission in the celebration of the 150th Formation of the United States Constitution.

Speakers from this club who plan to attend a Lions Club meeting next week in neighboring towns to boost the Rodeo and Fair include J. T. Garrett and W. H. Ragsdale, who will attend at Brady; C. A. Walker, who will speak at Coleman; Dr. R. R. Lovelady and Rev. R. Elmer Dunham, who will visit the Brownwood club.

Members present at the meeting were A. D. Pettit, J. T. Garrett, Maurice Bell, C. F. Campbell, W. M. Bell, Loyd Burris, W. R. Mulroy, Rex Gols-ton, W. H. Thate, Roy Reid, W. H. Ragsdale, F. C. Woodward, O. A. Etheredge, J. B. Gregg, W. B. Griffin, Hardy Blue, R. E. Dunham, R. R. Lovelady, Chas. Berry, R. L. Hunter, J. C. Scarborough, C. A. Walker, M. L. Womack, Alan Lynch.

Rep. Ross K. Prescott was a guest of Lion Garrett. Sam Chandler of Cleburne was a guest of Lion Burris.

WILLIS HOME BURNS COMPLETELY IN FIRE OF UNKNOWN ORIGIN

Fire of an unknown origin completely destroyed the home of Mr. and Mrs. Clebert Willis and family Thursday night of last week. The fire had gained considerable headway before it was noticed but when the alarm was turned in the fire truck and firemen rushed to the house as soon as possible but were unable to check the flames.

Only a few pieces of furniture, badly damaged by the fire and water were saved. The house and furnishings were partially covered by insurance.

Mr. Willis and his sons were in Dallas at the time and Mrs. Willis and daughters were staying with relatives here until Mr. Willis returned.

New Pens, Chutes, More Bleachers Being Built; Lions to Help Boosters

Eighteen riding horses for the Rodeo to be staged at the high school grounds during the Fall Fair Sept. 21-22 and 23 arrived Wednesday morning from Earl Sellers, who is manager of the event. The horses are true bucking broncs and only three riders were able to keep their seats on these same horses at the Midland Rodeo recently.

Big plans for a crowd of approximately 10,000 have been made to make the event the best ever staged here. Seating capacity is estimated at 2500 and there will be standing room for 1,000.

Spot announcements of the Rodeo will be made on the Brady, Abilene and San Angelo broadcasting stations until the Rodeo opens and booster trips will be made next week to Brownwood, Ballinger, Brady, Winters and Coleman and other neighboring towns. The band will accompany the business men on these trips.

Riding steers have been contracted and other animals will be contracted soon. The entrants will participate in bronc and steer riding, calf roping, trade area calf roping for citizens of this locality, and other events.

The Lions Club will send representatives to Brownwood, Coleman and Brady Lions Club next week to speak before the clubs and invite them to attend the rodeo. Those heading the delegations to each town are Dr. R. R. Lovelady, Brownwood; J. T. Garrett, Brady; and C. A. Walker, Coleman.

New pens and five chutes have been built to care for the rodeo entries and there will be no delay with the additional number of chutes in getting the animals onto the arena.

"Expectations are that the Rodeo this year will draw the largest crowd to town that Santa Anna has ever known," members of the rodeo committee stated.

FAIR TIME IS HERE

And that means a series of busy up jobs that had to be left until the last minute, but there are several things each committee should do before the main event starting in less than two weeks.

Some of the committees, to be quite frank, have not met and do not know yet what they are going to do or how they are going to do it. Their members have been busy and it was a hardship to spend a great deal of time on details, but all Santa Anna must get fair conscious now if we are going to put this thing over.

Call your committees together, make your plans at one all-important meeting, let each person thoroughly understand the task before him and the worry of putting off things until the last minute will be dispelled.

The News wishes to print next week a complete report from each committee as to the plans of that group because our readers expect us to let them know what is going to take place at the Fair. We cannot put out publicity without information. Therefore we are urging all committee chairmen to turn in reports by Tuesday of next week. We want to cooperate with you by giving you as much publicity as we can.

We Honor the Constitution

This month marks the beginning of the celebration of the 150th anniversary of the formation of the United States Constitution. The United States as a whole is entering the celebration and local committees are at work to participate. Study clubs and luncheon clubs are studying the document and more emphasis will be placed upon it in school work this year.

It would not do any harm and it would probably do most of us adults some good to reread the Constitution of the United States which is the basis of the government by which we live. The men who formed the constitution, although they are criticized by some, were nevertheless, deep thinking men, whose ideas have been so well thought of and appreciated that we continue to use the laws they set down. We have amended or added to these from time to time to meet changing conditions, but we have never seriously altered any article they composed.

The Constitution should mean a lot to the American people. The original, with our amendments of a later day, gives us religious freedom, freedom of speech and press. It explains our rights as citizens, and gives us the right of trial by jury; it gives the right of all men in this land to be free from bondage and allows those fitted to have a voice in the government by giving them the privilege of voting. In fact practically every day we have some cause to thank the writers of the Constitution for the laws of our country which protect us and guide us.

The Celebration of the Formation of the Constitution will not take on a gala appearance. It is rather for the purpose of serious thinking and for the creation of deeper respect for the document and laws of the land. An increased respect for law would reap the greatest good from a celebration of this kind.

F. F. A. NEWS

Engel-Wood Nuptials Solemnized Saturday

The marriage of Mrs. Muriel Engel and Gerold W. Wood, both of Brownwood, was solemnized Saturday night at 10:30 o'clock at the Presbyterian Manse, with the Rev. M. L. Womack officiating.

The single ring ceremony was used. Only ones present were a few close friends from Brownwood.

The bride is the daughter of Mr. and Mrs. A. Hefner of this city. She has been employed in Brownwood for several months.

Miss Zachary Weds E. W. Parker Aug. 5

Announcement of the marriage of Miss Christine Zachary, student nurse at the Sealy Hospital for the past two years, to E. W. Parker of Coleman was made last week by the bride's parents, Mr. and Mrs. H. L. Zachary of Coleman.

The ceremony was performed Thursday, August 5 in Junction with the Rev. R. C. McCulloch,

pastor of the Baptist church in that city, officiating.

The bride is a graduate of the Coleman High School and has been in training here for some time.

The groom is a graduate of the Coleman High School and was formerly connected with the County Superintendent's office. For the past several months he has been in charge of the Coleman Butane Gas Company.

MORE WORK ASSIGNED TO LOCAL R. A. STAFF

County representatives of the Resettlement Administration will have larger responsibilities in the future, it was announced by R. H. French, county farm supervisor, upon his return from a week's conference at College Station.

"We were informed by national headquarters that Washington and Dallas offices will shift more and more work to the local offices," the supervisor said. "Recent drastic reduction in personnel at national and regional headquarters is expected to be only the beginning. But no reductions are expected in the county offices."

At least one-half of the farm families in this county receiving rural rehabilitation aid must be "graduated" within the next few years, to an independent and self-supporting place in the community, the local supervisor said. As these "graduates" go out, their places are to be taken by new farm families drawn from the bottom of the pile, who are in turn to be helped up the ladder.

Mr. French served on the committee on cash crops and supplemental income. This committee recommended that land be used for cash crops only after a reserve for garden and feed crops has been set aside. Supplemental income should not be earned through work away from the farm, the committee said. It asserted that a farmer can earn more in the long run by putting in full time on a balanced farm program to provide feed crops, natural and planted pasture, dairy cows, livestock, swine and poultry. His cash income would be supplemented by sale of milk, butter, cream, eggs, etc.

Jim Stricklan and George Shockley went to Hamilton this week on business.

PROPOSAL FOR REDUCTION OF GAS RATES IN SANTA ANNA

The Coleman Gas & Oil Company has filed with the City Commission a proposal offering to reduce the gas rates in Santa Anna to 35c per M. instead of the present rate of 50c per M. The City Commission has this proposal under advisement.

The City Commission requested that the Coleman Gas & Oil Company furnish a statement showing that it could still make a profit at this rate. The gas company has furnished a statement showing that its profit at the present rate is 13.65 percent, which is 5.65 percent more than the law allows. Article 1119 of the Revised Statutes of Texas as amended by

the last session of the Legislature provides that the City Commission shall fix a rate that will not produce more than 8 percent, and for this reason and in order to comply with this provision of the law the Coleman Gas & Oil Company has requested permission to reduce its rate to the legal limit.

These conditions have been brought about by the general patronage of the people of Santa Anna and the efforts on the part of the Coleman Gas & Oil Company to bring its expense accounts within such limit as to justify this reduction of rate. The reduction however cannot be put into effect until authorized by the City Commission.

Rev. Lightfoot Ordained

At the request of the people of the Line community, and upon due action by the church in conference, Rev. A. B. Lightfoot was ordained to the gospel ministry Sunday afternoon. The sermon for the occasion was preached by Dr. J. M. Bradford of Coggin Ave., Brownwood. The charge was given by Rev. J. R. McKorkle of Coleman. The Bible, a gift from friends, was presented by Rev. O. L. Savage of First Church, Coleman. Rev. Alma Farley of Shield led the ordination prayer, while the local pastor was assigned the duty of examination of the candidate. The questions asked were splendidly responded to by Brother Lightfoot, who seemed well grounded in the doctrines of the church. His many friends will wish Rev. Lightfoot much joy and success.

The Baptismal Service

The candidates for baptism from the Line and Plainview meetings were baptized on authority of the local Baptist church into its membership at the evening service by Rev. A. B. Lightfoot, there being six of the number present and ready for the service. It was a full day and profitable for the young preacher and the home church.

Plans were announced for promotion day in the Sunday school Sunday morning. This service will come the last Sunday in this month. The committee in charge of the program is Mrs. R. E. Dunham, Mrs. Arthur Turner, Mrs. J. F. Goen and the Supts. of the Intermediate, Junior, Beginner, Primary and Cradle Roll Departments. Diplomas for those promoted have been ordered and plans are well under way for making it a great occasion.

The Two Day Installation of Officers

The church has invited Rev. Hal C. Wingo and Rev. J. M. Reynolds, both former pastors to assist in a two night series of installation services for officers of the church and its organizations the nights of Sept. 28 and 29. The ordination of Mr. Lester Newman as a deacon will be included in the scope of this installation. Definite acceptance of the invitations had not been received from the two invited ministers at this writing.

Constitution Day To Be Observed

Co-operating with the plans submitted by the Sesqui-centennial Constitution Commission of the nation, a sermon will be preached Sunday morning, Sept. 19 giving due emphasis to this historic document, which being based on its more important parts on the Word of God, is a fitting subject for such a sermon. The enemies of the constitution are equally the enemies of the freedom of worship and the separation of church and state. This principle of separation and of democracy are of prime importance to the well being of our people, and an informed people will hold to these valuable privileges guaranteed to them under the U. S. Constitution.

They Are Working Him Too

A brief visit to the Lock's in San Marcos the past Saturday revealed that the church there is using Mr. Lock in vital service. He was on his way to Jonesboro, La. with Prof. W. I. Woodson of Teacher's College to judge of the merits of the pastor there as a possible pastor for the San Marcos church. His worth and training are being put to use at once. Mrs. Lock had just been elected Supt. of the Beginners Department of that great Sunday school. Be it said to the credit of the local church, that those whom it trains are well trained and can take their place in any situation with all ease. The whole family seem quite happy in their new location, and sent words of warm appreciation to all their friends here.

Miss Teresa Snyder of Detroit, Mich. and Mrs. Mildred Wheat of McGregor were guests in the home of Mrs. D. J. Johnson Wednesday.

Mrs. D. J. Johnson, Mrs. Jeanette Hensley and Miss Louise Purdy attended the home coming of the Pythian sisters at Weatherford last week-end. They also visited in Mineral Wells on the return trip.

Mr. and Mrs. Curry Mills have bought a grocery store in Boulder, Colo. and will make their home there.

Mr. and Mrs. Rex Golston and family have returned from a trip to Floydada, Santa Fe, and Alamosa, Cal.
