"He Profits Most Who Serves Best"

SMOKE

FROM THE MOUNTAIN

WELL, after Tuesday, surely no one in Santa Anna can say it doesn't rain any more. In fact, it was worth getting your feet wet just to give all the sidewalks in town a good washing and sweeping and the town really turned out of the stores to get a look at the long awaited shower. They say frogs come out for a rain and although there's no comparison intended, it did seem that we had some resemblance to the frogs when we all popped out on the sidewalks for a see and a whiff.

Every group must have its wit and so the Lions have the Tallwister, Dr. Lovelady. At each meeting the members fill out a roll call card giving their name, address and guest, if any. According to Dr. Lovelady's card, Mae West was in town Tuesday and we never even suspected it. Anyway on the line where the guests name should be written he wrote "Mae West." Now if she was in town and he didn't let the town know it, we think he was very selfish.

Neal Oakes really was worried Monday night when he discovered that he had paid in his "lucky coin" at the softball game instead of a nickel. The gate keepers thought at first he was trying to pull a fast one but he found them after the game and exchanged it for a nickel so guess it really is "valuable."

We have some honest folks in Santa Anna, and one man who came to the game broke came by Tuesday morning and paid. However, we are still waiting for one group of folks who got in on a ball player's car Monday to avoid paying and wouldn't stop at the gate to pay their nickel. The 5c couldn't have been a hardship, so the only reason for sneaking in was the "thrill" of gyping the softball league. It's a shame that some adults can be so little.

Buffalo School Opens Sept. 6

Buffalo School will open for the fall term Monday, Sept. 6 with more scholars than Buffalo has had in the past several years, stated Carl J. Shannon, superintendent.

Students will enroll and will be issued books Monday and then will be dismissed for the day. Regular class work will begin Tuesday. The school will open this year with 20 affiliated credits, two in home economics having been approved during the summer.

Buses will run on the same routes as last year, stated Mr. Shannon. Prospects for the initiation of football into the system and the continuance of the basketball teams are fairly good. Faculty members who will teach this year include Carl J. Shannon, superintendent; Herschel Wheeler, principal; O. W. Meyers, vocational agriculture teacher; Mrs. Sue M. Lee, home economics teacher; Miss Leona McGilvalry, Miss Thelma Long, Miss Imogene Grady and Miss Mada Sparks, elementary teachers. Second grade teacher and high school English instructor have not yet been chosen.

Progress on the new school building is being made, the foundation and wall work reaching completion.

Presbyterian Church to Be Host for Brownwood Presbytery Meet

The First Presbyterian Church of Santa Anna will be host Thursday, Sept. 9 for the regular fall meeting of the Brownwood Presbytery, U. S. A. and a full program has been planned for the day. The program will begin at 10:30 a. m. with singing ministers and church members from the U. S. Presbyterian church who will be here from Rev. C. W. Estes of Winters, Rev. H. H. Bousman, missionary to the Philippine Islands, Rev. J. L. Cleveland, Dr. Frank L. Weir, president Trinity University, and W. L. Mitchell, superintendent of Rayasias Home.

Lions Boosting Improvements in Local Streets

Curb and Gutter Building Encouraged Among Property Owners

The Lions Club is continuing the drive for residential property owners on the main street to take advantage of the present road work to build curbs and gutters in front of their property. Much enthusiasm has already been evidenced by many citizens, particularly since the paving can be done much cheaper now since the road equipment is here.

Discussions of the plans for the curb and gutter proposition were told to Lions Club members at their meeting Tuesday. Cost for paving from the road to the property will be \$1.00 per running foot. Curb and gutter building will cost \$1.45 per running foot.

Members present at the meeting were A. D. Pettit, J. T. Garrett, R. Elmer Dunham, M. L. Womack, C. A. Walker, W. M. Bell, John F. Turner, W. H. Ragsdale, J. B. Gregg, Roy F. Reid, F. C. Woodward, D. L. Pleratt, Loyd Burris, C. T. Campbell, Geo. M. Johnson, R. L. Hunter, W. B. Griffin, J. W. Riley, Alan Lynch, Hardy Blue, O. A. Etheredge, W. H. Thate, J. C. Scarborough, R. R. Lovelady.

Guests of Lion Scarborough were Coach J. E. Little and D. D. Byrne, principal of the ward school.

Frank Mills Resigns to Be Texas Ranger

Sheriff of County for Eight Years Quits to Re-enter State Service

Frank Mills, sheriff of Coleman county for 8 years, resigned before the commissioners court Monday afternoon to return to the Texas Ranger service after an absence of 17 years. His resignation became effective Wednesday.

George Robey, former chief deputy, was named his successor. Mills will remain in this county for the coming term of the 35th District Court, convening Sept. 6. His new work will be with the headquarters company at Austin, but he will continue to live in Coleman.

Quite a reputation has been accorded Mills for his work on several murder and kidnap cases including the H. L. McBee murder, or "hanging skeleton case," the Fred Parker case, the Lawrence Brady confession in the Hamner murder, and the finding of the Urschel kidnap money with clues that aided in tracking down "Machine Gun" Kelley.

Recently Mills aided in tracking George Shipley, who was sent to the penitentiary for 15 years in a bank robbery case. His record, during his terms, proves that he has never failed to get his man in a murder or bank robbery case. There have been 8 murders and 16 robberies with firearms during this time.

Mills came from Mills county to this county when he was a young man and lived in the Santa Anna community.

Takes County Office

J. L. P. BAKER

New County Superintendent who took office Sept. 1 succeeding J. L. Beard. Mr. Baker, who is a Santa Anna man, was former superintendent of the Buffalo School.

Fair Committees to Aid Citizens on All Problems

Local citizens who are making plans for the Fall Fair and Rodeo to be held Sept. 21-22-23 are assisting committees in making the proposed event the largest in history. Booths are being planned and business men have given financial assistance to assure a big rodeo.

Residents needing to confer with officials may consult members of the following committees in regard to their problems: General Committee: T. H. Upton, Chairman; Pat Hosh, Dr. E. D. McDonald, W. R. Mulroy, and Jess Garrett. Grounds and Building Committee: Geo. Johnson, Chairman; Roy Stockard, E. R. Purdy.

Public Schools Open Here Monday

Large Enrollment Expected in Both Ward and High Schools

Public schools open Monday, Sept. 6 for the 1937-38 term and the largest enrollment in history of the local schools is expected. Increase can be attributed chiefly to the transfer of students and schools from outlying districts to Santa Anna.

Improvement in the grounds at both the ward and high school buildings has been completed and necessary repairs have been made. Faculty members are arriving to begin their work next week.

Students in the elementary school will assemble at 9 a. m. on Monday to be issued books and will be dismissed for the remainder of the day. Regular class work will begin on Tuesday.

Monday and Tuesday, Sept. 6 and 7 will be given over in the high school to registration and classification according to the following schedule:

Monday 8:00-12:00 Freshmen. 1:00-5:00 Sophomores. Tuesday 8:00-12:00 Juniors. 1:00-5:00 Seniors.

Students from other schools should have a transcript of their credits, stated Supt. J. C. Scarborough.

Regular class work for the high school will begin Wednesday.

The faculty members secured for this year are:

J. C. Scarborough, Supt.; A. D. Pettit, High School Principal; D. D. Byrne, Elementary School Principal; Chas. F. Mathews, Bill Stevens, John E. Little, Miss Mattie Ella McCreary, Miss Lula Jo Harvey, Miss Kathryn Rose Pinney, Tom F. Wallis, Mrs. Maud Evans, Mrs. J. L. Harris, Mrs. D. D. Byrne, Mrs. J. Frank Turner, Miss Corrine Wallace, Mrs. J. W. Riley, Miss Mary Nell Morrow, Mrs. Leta Parker, Miss Mary Nell McClenen and Miss Eunice Wheeler.

Funeral Services for Mrs. Williams Held Wednesday

Mother of Mrs. McGonagill Dies Tuesday Morning; Rites Held at Baptist Church

Funeral services for Mrs. Clara Williams, who died at her home here Tuesday morning, were held Wednesday morning at 10:30 o'clock at the First Baptist Church with the Rev. R. Elmer Dunham officiating.

The deceased was born in Anderson County near Palestine and was reared there. In early womanhood she joined the Missionary Baptist Church.

In 1886 she married George Williams and has made her home here since that time. To the union were born two children, one of whom, George Williams Jr. died in 1921.

Surviving her are a daughter, Mrs. B. O. McGonagill; three grandchildren, Frank, George and Ogden McGonagill, all of Santa Anna, and many other relatives and friends.

Palbearers were Marshall Duggins, Sam Duggins Sr., Owen Brown, A. R. Brown, J. C. Scarborough, and Gene Bell.

Flower ladies were friends of the family.

Interment was made in the Santa Anna Cemetery. Arrangements were in charge of Hosh Undertakers.

Out-of-town relatives attending the services were Mr. and Mrs. Bill Johnson of Waco, Walter and Laura Thorne of Waco, Mr. and Mrs. Owen Lloyd of Waco, Mrs. Beulah Erkin and daughter, Vivian Boyd of Waco, Miss Vivian Blake of Waco, Mrs. Ollie King of Ranger, Mrs. Ida Hale of Dallas, Douglas Hodges of San Antonio, and Mrs. Ida Mae Studer of Waco.

SON BORN TO MAGILLS

Mr. and Mrs. Whinston Magill of Alice have announced the arrival of a son, Winston Jr., on August 26. Mrs. Magill will be remembered here as Miss Ona Mae Smith before her marriage.

Many Farm Homes On Electric Lines Not Connected

New York, N. Y., Sept. 1.—Despite the long promotion of farm electrification by the electric light and power companies and the more recent efforts of the government in this field, twenty per cent of farm homes in the United States accessible to electric power lines have not taken service, C. W. Kellogg, President of the Edison Electric Institute, said today in releasing the results of a survey of farm electrification just completed by the Institute.

The survey shows that occupied farmsteads within reasonable connecting distance of power company distribution lines total 1,420,635. Of this number, 1,139,335 are using electric service, 120,000 farms having been connected for electric service during the first six months of the year. The total number connected represents 17.5 per cent of all occupied farmsteads and 25.8 per cent of all farms where the dwelling is valued at more than \$500.

In addition to supplying these actual farm homes, preliminary results of a special study now being made by the Institute shows that there were an additional 282,300 farms within reasonable connecting distance to distribution lines which are not taking the service.

The returns from this study are not yet complete enough in detail to give the number of such farms by states, but Mr. Kellogg indicated, however, that except in areas where a relatively high degree of electrification exists the number of farms not taking electric service has considerable relation to the number of "low income farms" as measured by the 1930 Census of Agriculture based on occupied farm dwellings valued at less than \$500.

In the New England and the Far Western states, over 90 per cent of the farms on distribution lines are taking electric service. In the Middle Atlantic states 35 per cent and in the Middle West about 80 per cent of such farms are connected, while in the Southern states less than two-thirds of the farms within reach of existing distribution lines have taken the service.

A. P. Bailey of Eldorado spent last week-end here with his son, Mr. and Mrs. Preston Bailey and children.

Mrs. T. T. McCreary and daughters, Miss Mattie Ella and Mrs. W. E. Routh, and son Dosh T. attended Casa Manana at Fort Worth last Thursday night. Mr. and Mrs. Ogden Brown of Monahans spent last week-end with relatives and friends here.

History of Santa Anna Hotels Related for Fifty Year Period

By Miss Luella Chambers

When we arrived in Santa Anna the Brooks Hotel was in the gap and Mr. and Mrs. W. C. Walker had built and for a few years did run the big hotel. We often ate dinner there when in town for the day. They had such good fried chicken and the potatoes were fine.

After they left here I used to get off and eat with them at Goldthwaite.

The young people had parties and balls at the hotel. They had a ball about the 15th of December and everybody far and near was invited. Harry Bradner was the chef and he certainly knew how to fix and

Sellers to Manage Rodeo Here; Business Men Give Financial Aid

Advertising for Event to Include Radio Broadcasts and Band Trips

Santa Anna folks are getting ready to put on their yellow shirts, cowboy boots and hats and are going to be Rodeo "conscious" for the next few weeks, stated members of the Rodeo Committee, who have secured Earl Sellers of Del Rio, well-known rodeo manager, to take charge of the rodeo here during the Fall Fair Sept. 21-22-23.

The biggest event of its kind for Santa Anna will be staged here this year and numbers of entries are expected to exceed by a great number any entries in the past. Sellers, who knows how to handle entries and put rodeos over for the enjoyment of the audiences and to the satisfaction of the sponsors, will come to Santa Anna several days early to complete plans.

All finances needed by the local committee have been secured by the cooperation of business men who have underwritten notes to cover expenses.

Advertising for the rodeo will include broadcasts over the San Angelo and Abilene radio stations with the Ray Boys helping in the entertainment and band trips which will be made soon, one through Brady, Eden and Ballinger, the other through Winters and others towns in that section.

Those in charge of plans for the rodeo are Oscar Cheaney, Geo. Johnson and W. H. Thate.

Kingsbery Owns County's First Accredited Herd

Hereford Cattle Owned by Santa Anna Man Wins High Rating

To Carroll E. Kingsbery of Santa Anna goes the credit of having the first State accredited herd of Hereford cattle in Coleman county according to C. V. Robinson, county agent. Mr. Kingsbery's herd has passed three clean tests for Bangs' Disease and for tuberculosis. He holds State Certificate No. 153. This is an important consideration for those buying breeding cattle. Mr. Kingsbery culls his cattle very close and adds only the best animals to his herd. His most recent purchases were two choice cows of the John Stribling sale. In 1934 Mr. Kingsbery sold one-third of his herd to the Government to stock the Indian Reservation.

Dr. C. F. Layton, Veterinarian with the United States Department of Agriculture, Bureau of Animal Industry has completed the re-check of about ten per cent of the cattle in Coleman county in testing for tuberculosis. He reports that of the 139 different herds tested, comprising 1772 cattle, there were no reactors or suspects found. Coleman county will now be re-accredited and classified as one of the tubercular free counties.

Poems Published

MISS BETH BARNES

Miss Beth Barnes, daughter of Mr. and Mrs. Ford Barnes, has received a distinctive honor from Baylor University for her poetical contributions, three of which have been published in the Alumni number of the Baylor Bulletin. The recognition of her three poems included in the volume seems all the more valuable since most of the contributions are from older and renowned writers, many being faculty members.

Miss Barnes, who will graduate from Baylor next year, wrote the poems, "Our Song," "Infinity," and "Inspiration" for her English work last year. Editor A. J. Armstrong of the alumni edition, published in August, selected Miss Barnes' poems in preference to many poetical and prose selections submitted.

The daughter of a well-known Santa Anna family, her mother has gained international recognition for her work in the field of verse.

Property Owners Push Curb Building

Progressive owners of residences on the main highway and the Lions Club are backing the movement to add curbs and gutters in the residential districts while the road work is going on by the highway department.

The city really needs curbs and gutters in the residence district, not just for the appearance, which would be greatly improved, but also for sanitation purposes. Muddy ditches with standing water in front of a residence are not healthy and breed mosquitoes and other pests and may contribute to the spread of certain diseases.

The present time will be the opportune time to build the curbs and gutters with the least expense to the property owners since the road equipment is already here and will not have to be brought in especially for that purpose.

It is urged that all property owners who will notify officers of the Lions Club and cooperate in this project which will be well worth the money.

The Line School Revival

Closing his second meeting of the season, and of his preaching ministry, Augustus Lightfoot and his music helpers, Miss Rosalie Niell and Mr. Talmadge Turner, are rejoicing in wonderful results. There were seven who accepted Christ, six of whom will become members of the local Baptist church. This is indeed a matter for rejoicing on the part of all, and is one more testimony of the effectiveness of Training Union work. The people co-operated in a fine way in the community. At several services the attendance was more than 150, and running as high as 165 at one service. All who read will rejoice at this report. A good offering and "Pounding" expressed their appreciation.

The Calvary Meeting
The pastor has been with the Calvary Baptist church the past ten days in a good revival. There were many serious problems growing out of misunderstandings and these were work-

ed out as best they could be. After this was done, there were several professions, additions by letter, etc. Seven made decisions for Christ or church membership, and with these two or three others were baptized who were already awaiting baptism, Sunday afternoon. The church has set the Saturday night before the second Sunday of the month to call a pastor and has invited Rev. F. R. Dill and Rev. Alma Farley, pastors at Gouldsusk and Shield respectively to preach there Sunday in view of a call. They have asked this writer to act as Moderator until this has been accomplished, and a pastor called. A fine spirit prevails among all those who attended the services.

The Lock's Farewell
The farewell party for the J. R. Lock family on Monday night at the pastor's home was the occasion of many fine tributes to these good people. A fuller account will likely appear elsewhere, but it is appropriate here to say that all feel that a great loss to our community and church has been a great gain for San Marcos and the Baptist Academy there. A "Book of Remembrance" made up of letters of appreciation from their friends was given them, and a three-way indirect lighting floor lamp was given by the YWA, W. M. S., BTU, and the Sunday School. So it is when a good man and woman leave friends of long years, where they are really appreciated.

A Prospective Three Day Meeting
Plans are being discussed for a three day, or three night installation service for the newly elected church and organization officers. It is thought that by securing two former pastors for the preaching and having all these officers installed with fitting ceremonies will have a splendid effect on our next year's work. This will be held the latter part of September if plans carry thru.

The Laymen Deserve Congratulations
Under the leadership of President C. L. Williams, the Layman's Brotherhood of the association had a worthwhile meeting on Home Creek last week. The special speakers were Dr. F. M. McConnell of the "Baptist Standard," and Dr. George J. Mason, treasurer of the Baptist State Convention of Dallas, and District Missionary

J. P. King of Brownwood. More than 75 men registered for the sessions and enjoyed not only the fellowship and inspiration of the speeches, but catching fish, killing squirrels, etc. These men have begun worthy work and it is hoped and believed it will will grow in power.

Come to Church Sunday
This is an urgent invitation. Attendance has been good, but let us now set to work to take up all slack and get ready for a great Fall re-organization. The pastor is thru with revivals for the summer and all set to build up our own field in every possible way. The attendance Sunday for the sermons by Rev. Coulson, pastor at Eureka, was very encouraging. Many fine things have been said about his preaching, and we appreciate both the preaching and the good attendance at both services. Eureka is to be congratulated on having such a good pastor.

Wanda Duggins Is Honoree for Party on Tenth Birthday

Wanda Duggins entertained last Monday with a party on her tenth birthday.

The guests went to Coggin Park at Brownwood for a picnic lunch. Mrs. Carter Duggins, mother of the little hostess, served sandwiches, cold drinks, cakes and other picnic foods. Plate favors were pretty multi-colored cups containing mixed candy. The beautiful birthday cake was decorated in green and yellow.

After playing about two hours the party went to the show starring Shirley Temple in "Wee

Baptists Entertain with Farewell Party for Lock Family

One hundred and thirty two friends and church workers gathered Monday evening at the home of Rev. R. Elmer Dunham to bid farewell to Mr. and Mrs. J. R. Lock and daughters, Joyce and Beth, who are now making their home in San Marcos. Mr. Lock, who is now Dean of Boys at San Marcos Academy, has been connected with the local schools here as principal and has been superintendent of the Baptist Sunday school for many years.

The program of music and readings and talks of appreciation for the fine services of both Mr. and Mrs. Lock in the church was an excellent tribute of the friendship of the guests for the honored guests.

Included in the entertainment were musical selections by Miss Rosalie Niell, who sang, "I Am Satisfied with Jesus," accompanied on the piano by Talmadge Turner; piano solos by Miss Lula Jo Harvey and a humorous reading, "Splendidorous Wedding," also by Miss Harvey; a negro spiritual by little Misses Joyce and Beth Lock, accompanied by Mrs. Lock; readings, "Friendship" and "Friends That Count," by Miss Franche Merritt; vocal solo, "Blessed Redeemer," by Mr. Lock; spiritual, "Standing in the Need of Prayer," by a male quartet composed of Mr. Lock, Lester and Louis Newman and Rev. Dunham, and group singing led by Louis Newman.

Concluding the musical program a group of high school girls sang the favorite songs of Mr. Lock. Miss Mattie Ella McCreary accompanied these groups on the piano. Talks of appreciation for the

splendid work of the Locks were made by Rev. Dunham, V. L. Grady, and G. B. Smith. As tokens of remembrance, a beautifully bound book entitled "The Book of Remembrance," composed of letters of appreciation written by friends, was presented to Mr. and Mrs. Lock and their daughters. An indirect lighting floor lamp was also presented as a parting gift.

Refreshments of home made ice cream and cakes were served to the guests at the close of the program. Ladies in charge of the social were Mrs. Ed Bartlett, general chairman; Mrs. J. L. Boggus, chairman of arrangements and decorations; Mrs. Arthur Turner, chairman of entertainment; and Mrs. Earl Watkins, chairman of refreshment committee.

Gladhand Class Has Family Picnic at Park

Mrs. Harold Knape and Mrs. Harry T. Caton were hostesses last Thursday evening when members of the Gladhand Class of the Methodist Church entertained their husbands and other family members with a picnic at the Ranger Memorial Park. Special guests included Miss Lena Boyd, Mrs. J. Virgil Davis, Mrs. Josie Joiner and Mrs. T. K. Martin and small son, Tommy Chap of Abilene.

Miss Lena Boyd had been invited to relate some of her many interesting experiences as a missionary in India, and she spoke to the group of the interesting events and life of that country.

Thirty-five guests enjoyed the delicious picnic supper consisting of fried chicken, fruit and vegetable salads, potato chips, pickles, sandwiches, fruit punch, cake and ice cream.

CLUB WOMEN FROM COLEMAN COUNTY FIRST TO VISIT AGRICULTURE EXPERIMENT

Women from Gouldbusk, Brown Ranch and Concho home demonstration clubs visited terracing and contouring experiments near San Angelo and Carlsbad last week on a tour sponsored by C. B. Edwards, Mozelle agriculture teacher, and N. Thacker.

There were 53 making the trip to San Angelo, where they were given four guides to explain the contouring, terracing and erosion work between San Angelo and Carlsbad. After eating a picnic lunch on the north Concho, the group went through Carlsbad Sanatorium grounds and then visited an experiment pasture which had been contoured and fields which had been terraced and ditched to save land from washing and hold all the rainfall and fertile soil possible.

This was one of the first trips of this kind to have been made by club women in Coleman county.

Those attending were Mrs. W. J. Loyd, Mrs. Hubert Kenley, Miss Adelia Allen, Mrs. W. H. Pittard, Mrs. Gordon Monsey, Mrs. Arthur Allen, Mozelle Monsey, of Starkweather.

Mattie Lee Taylor, president, Mrs. Edd Gann, Mrs. L. C. Love, Marie Love, Mrs. Gene Bell, Mrs. W. E. Thweatt, of Brown Ranch.

Mrs. S. H. Spruelli, Mrs. E. S. Cavanaugh, Mrs. C. B. Edwards, Mrs. W. C. Norwood, Mrs. Floyd Thomas, Mrs. Tom Crossland, Mrs. Carl B. Cheney, Mrs. Gore, Aleene Gore, Mrs. M. Forehand, Mrs. Raymond Terry, Mrs. Henry Ward, Mrs. Vernon Spruelli, Mrs. Raymond Terry, Mrs. Roy Thweatt, Mrs. Claud Ward, Mrs. W. E. Thweatt, Mrs. L. A. Hickey, Mrs. L. H. Edens, President, Mrs. E. S. Cavanaugh, Roy Kerbow, Cony Ward, Florine Thweatt, C. B. Edwards, Monroe Forehand, Nathan Thacker, of Gouldbusk.

Mrs. Henry Stephenson, Lida Mae Stephenson, Mrs. Albert Reasoner, Mrs. J. E. Richardson, Mrs. M. F. Reasoner, Doreen Tucker, Mrs. J. M. Tucker, president, Mrs. D. R. Shuford, Hazel LaVerne Tucker, Jo Frances Richardson, Mary Frances Reasoner, Barbara Ann Reasoner, Opal June Reasoner, of Concho Peak.

ELECTRIC POWER FOR ROCKWOOD IS IN VIEW BY SPRING

Electricity for around 40 or 50 farmers in the southern part of Coleman county is assured by next spring, according to a report from the rural electrification administration that an REA project for McCulloch county has been approved. The McCulloch county project will furnish electric power to residents of Rockwood and

the immediate vicinity. The entire set-up has about 300 subscribers in McCulloch, San Saba, Mason, Concho, Coleman and Brown counties, with headquarters at Brady. Under the present plan a cooperative will be formed for the purpose of borrowing sufficient money from the federal government to establish 100 miles of electric lines.

Already REA has allotted \$100,000 to the project and negotiations are being made towards the purchase of wholesale power from Brady Municipal plant.

A project which will blanket Coleman county and provide electricity for all Coleman county farmers who wish to buy it has been sent in to REA headquarters for approval and is now under consideration. It is understood that the project is being considered favorably, according to previous reports from officials.

Trickham News

A large crowd attended the Methodist conference here Sunday afternoon.

Several from this community attended church at Cleveland Sunday afternoon.

Miss Ida Ellis of Spur is visiting with Mr. and Mrs. Glen McClatchey and Mr. and Mrs. Chester James.

Miss Ruby May Bowden spent Friday night with Miss Inez James.

Mr. and Mrs. Boatright entertained the young people with a party Friday night. All reported a nice time.

A large crowd attended the club picnic on the creek Tuesday, August 24. Games were played and enjoyed by all and sandwiches, punch and cake and ice cream were served to all.

Mrs. Ray Owen of Santa Anna is spending this week with her parents, Mr. and Mrs. C. B. James near here.

Mr. Henderson ginned his first bale at the Trickham gin last week. It was also the first bale of this season.

Miss Joyce Windham spent Saturday night with Miss Inez James.

Mr. and Mrs. Von Miers spent Sunday with Mr. and Mrs. Lawson Wickersham and family.

SENATOR DAVIS

Senator E. M. Davis of Brownwood left Fort Worth Monday night for Washington to confer with Secretary of Agriculture Wallace, officials of the Soil Conservation Service and officials of the War Department on plans for soil conservation and flood control measures for Texas. Senator Davis, whose statewide soil conservation bill was passed by the Legislature but vetoed by Governor Alfred, was urged to make the trip by West Texas Chamber of Commerce officials and other West

Three Winners Hiway Contest Are Named

Winners in a county-wide improvement and beautification contest, conducted under the auspices of the state highway department were announced last week by Mrs. E. H. Flewelen, county beautification chairman. Several Santa Anna people were listed as winners.

Winners in the rural home division were Frank Hudson, Novice, first, and Edgar Horne, Valera, second. Honorable mention went to Miss Myrtle Younglove at Triangle Farm at Echo; J. M. Barnett, Novice; Ray Jamieson, Baird highway; Howard Parker, Talpa, and E. L. Woodward, Santa Anna. Outstanding homes pointed out in small towns were A. K. Wesley, Talpa, and T. M. Griffin, Santa Anna.

First place in company operating service station division went to H. E. Dellenev Sinclair

Weekly Cotton Grade and Staple Report for Texas for the Week Ending August 26, 1937

The grades of cotton from current ginnings in Texas are considerably higher than those of last year to similar date; however, they are not as high as those reported for either of the past two weeks.

Of the cotton classed to date this season, one-half has been White Strict Middling and better in grade, whereas these grades represented 37 percent of that classed during the week.

Emblems were awarded the three first place winners, selected from 25 rural homes entered and 24 filling stations. In making their decisions judges kept in mind how the entry looked from the highway they stated.

A second contest will be held next year in June and many entries have already been received. Because of unavoidable circumstances, Rockwood and Goldsboro were not represented this year but have entries for the 1938 contest.

This day in time the only uplift seen around is the one done with an automobile jack.

The greatness of some modern colleges is measured by the size of its stadium.

The end of the world will be here the day money talks and nobody listens.

Some Increase is Noticeable in the Proportions of the Grades Below Middling and of the Spotted Grades.

A very small proportion, 3.4 percent, of the cotton to date has been shorter than 7-8 inch in staple; 26 percent has been 7-8 inch and 29-32 inch; 56 percent has been 15-16 inch and 31-32 inch; and 16 percent has been 1 inch and longer in staple length.

Ginning is now active in seven of the eleven reporting districts of the State, with little or no activity indicated in the other districts.

Happy but almost speechless was Mrs. Ben D. Parker, 2126 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, the obligingly added: "Every woman needs a Frigidaire!"

Do you like "Neolectress"? N-e-o means new. L-e-c-t-r-e-s-s has the feminine ending and suggests electricity. Taken together, the word suggests a modern home maker alert to this new electric age. Dr. Funk, in his letter, says "the chief agency in the relief of household drudgery is electricity." Thus, we define "neolectress" as meaning "a modern woman freed of kitchen drudgery by Electric Servants." The name is being copyrighted with that definition.

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neolectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

Very truly yours,
Charles Earle Funk
Charles Earle Funk

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in Neolectress, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is Domestician. My third choice is the entry of Mrs. W. B. Bourland, of Oklaunion, whose word is Homeologist. The remaining selections, in the order of my preferences, are attached hereto.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term housewife. I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term -- perhaps altogether new -- that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho the contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove -- let us hope, forever -- much of the ceaseless drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the few remaining onerous duties. It is, therefore, indeed high time that the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

ONLY THE FLAG

Halfmast against an alien sky,
A length of bunting slowly waves
Above the honored dead that lie
Neath crosses white, in lonely
graves.

Never for them the night, the
day.
The bugle call at set of sun,
Returned to earth insensate
clay,
Life finished, when but just be-
gun.

The friendly greetings on the
way
Familiar fields they loved to
roam
Are lost to them for ere and
aye.
The flag is all they have of
home.

Breckenridge, Author of
Mirage at Dawn

HE LOVED BEAUTY

My father loved all flowers.
He spaded the soil, planted the
seeds,
With hose supplied the showers,
Carefully tended, cut out the
weeds.

The small green shoots came up
at last,
Lifted their heads to the sky,
Love made them grow so fast,
With promise of bloom by and
by.

He sleeps now neath the sod,
Roses bloom o'er his lowly bed,
He loved all nature so, O God,
I cannot think of him as dead.

—May Stevens Isaacs, Canadian

A THOUGHT

We are of the earth—
The earth can heal our woes.
There is no peacefulness like
that which comes
From delving in the sod.

We are of the stars—
The stars can lift our hearts,
There is no ecstasy like that
which comes

DIESEL SWITCHING ENGINE GOES INTO SERVICE

The first Diesel-electric switching engine to be used in the Southwest recently went into service in the Dallas yards of the Santa Fe Railway. Using crude oil, the engine carries 600 gallons, sufficient fuel for four days of operation. The engine furnishes full-time switching service, with routine weekly inspection its only time off duty. Other advantages are fast responses and accurate control of speed of switching, operations and low operating cost. This unique 600 horsepower locomotive is operated by an engineer and fireman. The engine installed in the Dallas yards is one of nine on the Santa Fe System.

Adventure Is Coming In The American Boy

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of THE AMERICAN BOY Magazine. They'll read, for instance, of seamen and saboteurs and San Francisco water-front trouble; of daring adventure in the world of pseudo-science, and of a feud aboard a plunging, rolling battleship. They'll read, too, of excitement aboard a transport plane blaring over jungled Mexican mountains, and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-Mountie as he searches for clues in the wild northlands, and Tierney, the pie-eating detective, on the trail of city criminals.

The morning after the big ball the sun came out very bright and about ten o'clock in the morning we looked up and saw two suns. It was a grand sight.

The William Cameron Lumber company foreclosed on the Hotel and Mrs. W. T. Laughlin had bought the little M. Neil ranch and we bought the cattle and traded this land for the big hotel which we later sold to Mr. and Mrs. B. H. Melton who operated it for many years. The ladies of the Baptist church had many suppers there as the Meltons were very good church workers and did everything they could to help the church.
Mr. George Harrison bought the Brooks house and moved it to the lot where the Corner Drug Store now stands. This was run by different people and later owned by Mr. W. T. Laughlin.
Mr. L. L. Shield built a big two-story hotel and it was run for several years but closed up a long time ago. Mrs. Lightfoot now runs the Bank Hotel.

Adventure Is Coming In The American Boy

A new feature in THE AMERICAN BOY is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of a coast guardsman, and how an Eskimo husky sled dog does his work. They transmit the thrill of battling a hundred pound, water-churning tarpoon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to be correct in a ballroom!
NOTE: Subscription prices of THE AMERICAN BOY will be raised in the near future. W. T. Utilities Contest Winner Now Announced

"Neolectress" Is Chosen As Substitute for "Housewife"

ABILENE, Texas, Sept. 2.—What is believed to be the first concerted effort in the nation to eliminate from popular usage a name the majority of women resent, "housewife," today had resulted in the substitute word, "Neolectress."

It was defined as meaning "a modern home maker alert to this new electric age" and had the approval of Dr. Charles E. Funk, noted lexicographer of New York, who selected it from more than a thousand substitute names submitted in a campaign conducted by the West Texas Utilities Company over its 40,000 square-mile territory.

Mrs. Ben D. Parker, Abilene woman and a dog fancier, submitted the word. N-e-o-l, she

pointed out, means "new." L-e-c-t-r-e-s-s, she said, suggests feminine usage of electricity.

The campaign was based on the theory that the word "housewife" has become obsolete due to the improved status of women.

"It is true," Dr. Funk said in announcing his selection of neolectress, "that the facilities for the effective management of the home have, within the past few years, become so notable as to remove—let us hope, forever—much of the ceaseless drudgery formerly a concomitant of that necessary field.

"My search for the winning name (neolectress) led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity."

Winner of second prize in the contest was Mrs. F. B. Probandt, of San Angelo, who entered the word "domestician." Third place was awarded Mrs. W. B. Bourland, of Oklaunion, with the entry, "homeologist." Decisions of Dr. Funk also were based on letters explaining usage of words.

Mrs. Parker's reward for her first place entry will be a super-duty Frigidaire. Mrs. Probandt receives her choice of a Hot-point electric dishwasher or a Thor washing machine; and Mrs. Bourland will be presented with a Sunbeam Mixmaster.

Honorable mention and choice of smaller electric appliances will go to ten women; Mrs. Lee White, Dalhart; Mrs. O. R. Bodeen, Childress; Jane Yeager, Rochelle; Mrs. R. C. Roberts, Vernon; Mrs. W. N. Pipkin, Matador; Mrs. S. G. Jones, Abilene; Mrs. J. Dexter Eoff, Ballinger; Anna Mick, Mason; Mrs. R. H. Bounds, Stamford; and Mrs. R. R. Trimble, San Angelo.

Registration Begins At High School Monday

Fall term for local schools begins Sept. 6. High school students will register Monday and Tuesday, while Ward school students will enroll Monday and begin classes Tuesday.
