## New Pastor For Assembly of God Church Arrives

REV. W. L. BROWN

Rev. W. L. Brown and family arrived here last week to assume duties as pastor of the Assembly of God Church. The family comes from Odessa. Rev. and Mrs. Brown have three children: Sharon Kay, John Erwin and Linda Sue.

The Rev. Brown stated they were happy to be in Santa Anna and hope to make a large number of friends while here. He extended an invitation to those who do not have a church home to be with them in their services.

His message for Sunday night will be entitled, "Who, when and where did you receive the Holy Ghost, and what was the evidence when you received Him?"

## Ray Owen's Auto Recovered At Gatesville Thursday

Ray Owen's 1950 Chevrolet was recovered last Thursday, after being abandoned three miles out of Gatesville on the Waco highway. No damage was reported to the auto. Mr. Owen went after his car Thursday morning.

Apparently the car was abandoned the night after it was stolen here and was left in the middle of the highway. A farmer came along and pushed it off the road and a week later reported it to the sheriff. The car was out of gasoline and the battery was down on it. Ray said several tools and a jacket were taken from the car but no other damage could be found.

The theft of his car is apparently linked with the disappearance of several other cars. The one that was found here was stolen in Goldthwaite, another was reported stolen in Gatesville and abandoned at Cameron and another reported stolen at Cameron.

Mr. Owen said the car had been driven 294 miles. This makes nine robberies he has suffered, eight at his service station and one at home.

## Heavy Fines Paid Justice Court For Month of January

W. Earl Irick, Sr., Justice of the Peace, reports his January report showed fines in the amount of \$1,313.50 had been paid in his court during the month. This included 57 cases, mostly speeding violations. Irick said about 75 percent of the cases were filed by the Radar Force.

## 1958 License Plates Go On Sale Here

The 1958 automobile license plates went on sale in Santa Anna the first part of the week. Mr. and Mrs. M. L. Guthrie, Jr., are handling the plates in the Santa Anna Insurance Agency office for the county tax collector, John Skelton. The plates this year have a black background with white numerals, just opposite to what the 1957 plates are.

All plates this year will cost 10% more than they did last year. Numbers assigned to Santa Anna are DF-2000 to DF2499. When these numbers are used up, more will be added.

The plates may be put on all vehicles now and they must be on all vehicles not later than April 1, 1958. In order for you to purchase your new license plates this year you must present your Certificate of Title and previous registration receipts at the time you make the purchase.

It is suggested that you get your license plates as early as possible in order to avoid the last minute rush.

The Guthries will also handle the rendition of state and county taxes for this area. If you have not rendered yours yet, please do so when you purchase your new license plates.

The insurance agency office is located in the old Service Cafe building.

## Boy Scouts, on 48th Birthday, Begin National Safety Good Turn

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,700,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 7 to 13, marking the 48th anniversary of the Boy Scouts of America.

Boy Scout Week sees the launching of a yearlong Safety Good Turn suggested by Pres-

ident Eisenhower, Honorary President of the Boy Scouts of America.

In cooperation with other organizations giving leadership in safety, the Scouts will promote traffic safety in March, April, and May; outdoor safety in June, July, and August; and home safety in September, October, and November.

## Boy Scouts To Observe 48th Anniversary

The 4,700,000 boys and leaders of the Boy Scouts of America will launch a yearlong National Safety Good Turn during Boy Scout Week, February 7 to 13.

The Scouts' national service project was suggested by President Dwight D. Eisenhower, Honorary President of the Boy Scouts.

In a White House message, President Eisenhower told the Scouts:

"In our land each individual is of inestimable worth, yet in no other land do accidents cause a more terrible loss of human life and limb. This fact cannot be passively accepted. We must seek new ways to save the basic resources of our Nation: its people.

"Encouraged by the splendid results of your Conservation Good Turn four years ago, I now urge you to adopt Safety as your service project for 1958. Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents.

"This is an opportunity for service to your country in the highest tradition of the Boy Scouts of America."

The Scouts' National Safety Good Turn is being coordinated nationally and locally with other safety programs and campaigns. National safety organizations have advised and assisted Scout leaders in developing plans and projects.

During March, April and May, the projects will involve traffic safety. Outdoor safety projects will keep Scouts busy in June, July and August. Home safety will be featured in September, October and November.

Next October, the Boy Scouts will distribute to approximately 35,000 homes a civil defense booklet on family preparedness for emergencies.

commencement ceremonies in May.

McClellan completed work for a Bachelor of Arts Degree, with majors in History and Bible and a minor in Speech.

A graduate of Santa Anna High School, McClellan is the son of Mr. and Mrs. Lester A. McClellan, Route 2, Santa Anna.

## Mother's March Puts \$265.30 In Polio Fund

The Mother's March on Polio, sponsored by the Delta Omicron Sorority last Thursday afternoon, netted a total of \$265.30 for the March of Dimes. This brings the total for the drive to \$666.00 at the present time. Still remaining is the coin collectors in the local stores. They will be picked up at the end of this week and the drive will be considered complete. Expenses of the drive will amount to about \$250 for the peanuts used on the National Guard blockade.

Members of the sorority conducting the drive were: Mrs. Billie Guthrie, Mrs. Jack Rucker, Mrs. J. D. Rice, Mrs. Felton Martin, Mrs. Roy Henderson, Mrs. Billy Campbell, Mrs. Allyn Gill, Mrs. Roy Horne, Mrs. Kenneth Bowker and Mrs. H. L. Markland. The boys in the three Cub Scout packs, assisted these ladies in the drive.

Total funds in the drive are going to fall several hundred dollars short of what has been being collected in previous years. This is running in a similar pattern to other March of Dimes drives over the country. All are falling short of the goal set.

Funds are needed just as desperately this year as ever, but because of the polio vaccine, it seems people are not as liberal as usual.

Your local director wishes to express appreciation to the ladies of the Delta Omicron Sorority and the Cub Scouts for their fine assistance in putting on the drive. Without the help of such organizations it would be impossible to conduct drives for needed charity. We hope you will realize this and when these organizations sponsor entertainments for your benefit, you will patronize them.

## Mountaineer Boys Take Second Win Over Goldthwaite

The Mountaineer boys took their second win of the season over the Goldthwaite Eagles last Friday night at Goldthwaite by a 48-40 score. The Mountaineers led at the end of every quarter.

Wilbur Anderson ripped the nets for 15 points to lead the Mountaineers to their fourth district victory in six starts. The Mountaineers have lost only to Mason by one point and Llano by two points.

In the girls game, the Goldthwaite girls won by a 62-33 score. Moss and Prier scored 16 points each for Santa Anna and Conrad scored 40 points for the winners.

No district game was scheduled for Tuesday night. Both the boys and girls played a non-conference game at Mozele. The boys won by a 46-41 score with Lowell Pembroke being high point man with 18 points. The girls won by a 51-45 score with Sandra Prier being high point girl with 17 points.

Llano is leading the district with six wins and no losses. Mason is second with three wins and one loss. Santa Anna is third with four wins and two losses; Cross Plains has two wins and three losses; Goldthwaite has one win and four losses; and Rising Star has six losses and no wins. These are statistics on the boys games. Statistics on the girls games are not available.

District competition will resume Friday night, February 7, when the local teams will entertain Llano on the home court. This will be the big game for both teams. On January 17 the local boys lost to Llano by a 2-point margin and that was disputed. If the local boys can win this game and Mason can beat Llano on their home court, it could be a three-way tie for the top spot.

A game between the Coleman and Santa Anna A and B teams is scheduled in the local gym Saturday night.

Mr. and Mrs. Walter Roach of Abilene visited recently with her parents, Mr. and Mrs. J. M. House and Bob. They came to help celebrate Bob's birthday.

Mr. and Mrs. Charles Bengel of Lubbock visited over the weekend in Santa Anna and Coleman with their parents, Mr. and Mrs. Charles Bengel and Mr. and Mrs. W. A. Morgan.

## Rites For Loyd Burris Held Here Wednesday, Feb. 5

Funeral services were held at the First Methodist Church on Wednesday, February 5, at 3:00 p. m. for Loyd Beasley Burris, who died in the Santa Anna Hospital at 3:30 p. m. Tuesday.

Rev. Frank L. Turner, Jr., pastor, officiated at the services with Dr. Ben H. Moore, pastor of the Presbyterian Church, assisting. Mr. Burris was born December 18, 1891 at Loeshart, Texas, and came to Coleman County in 1902. He was a graduate of the Santa Anna High School.

Mr. Burris had been a Santa Anna merchant for many years and continued in this capacity until death. In failing health lately, he became very ill at his store about noon Saturday and was taken to the hospital.

During his long residence here he had made many friends. He was a member of the Methodist Church, the Masonic Lodge and the Lions Club.

Survivors include the wife of Santa Anna, his mother, Mrs. W. P. Burris, aged 96, who is very ill in a rest home in Coleman; one brother, Alvin Burris; one sister, Mrs. Fred Brunsen of Coleman; and one niece, Mrs. Inez Lunsford of Coleman.

The Santa Anna business establishments closed from 3:00 to 4:00 p. m. during the funeral services.

Pallbearers were Ernest Richards, George Johnson, Bill King, Bill Griffin, J. L. Bogaus and O. L. Cheaney. Burial was in the Santa Anna Cemetery with the Hesch Funeral Home in charge of arrangements.

## Changes In Mail Schedule To Begin Monday

Mrs. C. D. Bruce, Postmaster, announces the following changes in the local mail service.

Beginning Monday, February 10, the mail row arriving at 12:15 p. m. each weekday will begin arriving at 12:40 p. m. It will be put up as soon thereafter as possible. The outgoing mail that is now leaving at 2:10 p. m. will leave at 1:00 p. m.

Mrs. Bruce said the noon outgoing mail would be tied out at 12:55 p. m. and anyone who has mail to go out at this time should have the mail deposited in the post office not later than 12:50 p. m.

## 2539 Poll Taxes Paid In County

John Skelton, County Tax Assessor-Collector, reports a total of 2,539 poll tax receipts were issued up to the deadline last Friday night. This is about the figure Skelton had estimated would be paid.

The last few days of January were busy ones in the tax collectors office. This figure is about 700 under the 1956 figure, which was a presidential election year. There is also a large number of free votes in the county.

THE nation's railroads have for many years been traveling an increasingly bumpy road and, according to some industry spokesmen, there's real trouble "down the line" if something is not done real soon.

In the past few years it has been the same story in all parts of the country. Many famous and long-established passenger routes were curtailed or discontinued because they had ceased to be a paying proposition. Competing forms of passenger transportation, some of it faster, some of it more economical, took away the business. Freight traffic, too, has been dribbling away from the railroads to other carriers.

Railroad spokesmen say this attrition of business to other forms of transportation is probably the most serious problem confronting the railroads. This is brought about, they say, because large segments of competing forms of transportation are exempt from any economic regulation whatsoever.

A major part of such traffic moves under the agricultural commodity exemption designed to aid the farmer in making farm-to-market hauls but broadened to include many processed foods. The railroads say that regulated carriers wind up the losers in the unequal rate-making competition this leads to.

A subcommittee of the Senate Interstate and Foreign Commerce Committee, has held extensive hearings on what is described as the deteriorating railroad situation. Perhaps from these hearings may come information helpful to determine what lies ahead—or

around the next bend—for the railroads.

The Japanese Government will shortly establish a nonpolitical board to consider cases of Japanese war criminals for clemency and parole, a State Department spokesman said last month. He announced that the U. S. Government "is prepared to follow a general policy of accepting" the recommendations of the Japanese Government, provided that we are in each case satisfied that the recommendation is based upon findings made by this new board after consideration of all pertinent facts in each case, including the trial record.

The Commerce Department has completed a survey of major U. S. firms operating in Latin America.

Issued as a handy volume, with illustrations, the study points out that the book value of U. S. investments in the Latin American Republic has grown from \$3 billion in 1946 to over \$7 billion at present. The market value of these enterprises... would be considerably higher than the book value for most industries, it is indicated.

These U. S. companies produced \$2.8 billion of goods and services for use in Latin America and \$2.1 billion of dollar exports from Latin America in 1955, not including sales of the trade and service industries. Current output of all U. S. firms in Latin America would be well over \$5 billion. Of some 625,000 persons employed in Latin America by these companies, only about 9,000 were from the United States.

Mrs. Jeannine McCluskey came and took her children to Brownwood to spend the weekend with her.

Mrs. G. E. Buffington and Mr. and Mrs. Sherrill Blount and Sherry of Midland, visited Mr. and Mrs. F. Q. Blount over the weekend.

**THE FARMER TAKES A BOARDER — AND MAKES A PROFIT.**

A new kind of farm diversification has arrived. It's called the "farm vacation" and for many farmers whose grown-up and gone children have left them with roomy, semi-empty farmhouses it could well prove to be a profitable sideline enterprise. In fact, so feasible and successful has the idea been that it has spread all the way from New York's Fifth Avenue where it was first conceived to the heart of Texas and the open spaces of Montana.

Operation of the "farm vacation" plan is a simple one: the farmer who has spare room and facilities and a wife who likes to cook becomes a sort of innkeeper. For a fair but profitable fee, he invites some city folks to spend their vacation down on the farm. Judging from the annual growth of this new type of tourist industry, it is here to stay.

The commercial organization most responsible for development of the farm vacation program was started in 1949 by an ex farm boy from Delaware, Bill Wolfe, who saw in America's booming and bulging tourist industry a new vacation possibility which could accomplish several important things. First of all, the farm vacation could bring together farmers and city folks so that they might learn one another's problems and profit by the association; also, this could provide the city dweller with relief from the tedium of his existence without high cost and strenuous travel; and finally, it could help raise the income of some farmers over the country. Mr. Wolfe's organization, Farm

Vacations and Holidays, Incorporated, last year printed and distributed some 250,000 catalogs listing about 300 farms in 28 states and Ontario. They hope eventually to list 5,000 farms which would be catalogued by sections of the country.

Through the Farm Vacation catalog, the prospective vacationer can select the type farm he would like to visit as well as the location he prefers. The listings are not ordinary classified type advertisements such as "have farm — will rent room;" enough details are provided to form a fairly clear picture of each individual farm available, and all vacationers and farmer-landowners are expected to have learned a great deal about each other before any actual commitment is made.

All in all, it's a good, sound and healthy idea for the vacationer and a potential source of supplemental income for the farmer who thinks he might be able to help educate, entertain and generally keep happy a "cityfied" stranger.

For information on either securing the Farm Vacation catalog or on getting a farm listed, the address is Farm Vacations and Holidays, Inc., 500 Fifth Avenue, New York 36, N. Y.

**BOY SCOUT WEEK—  
 A WORTHY  
 GOOD TURN**

The Boy Scouts of America observe its 48th anniversary during Boy Scout Week, February 7 to 13, by launching a yearlong nationwide Good Turn. The Safety Good Turn, undertaken at the suggestion of President Dwight D. Eisenhower, will find 4,700,000 boys and leaders engaged in promoting traffic safety, outdoor safety, and home safety.

We are accustomed to great achievements from our Boy Scouts. Their outstanding work in the 1952 and 1956 Get-Out-the-Vote campaigns, their Conservation Good Turn in 1954, their collection of nearly two million items of clothing, food-stuffs, and supplies for the needy in 1934, and other activities, in behalf of their fellow Americans have given us approximately twenty million past and present Boy Scouts who have learned the real meaning of service.

Calling the Safety Good Turn an opportunity for service to your country in the highest tradition of the Boy Scouts of America, President Eisenhower said, "We must seek new ways to save the basic resources of our Nation to its people."

He told the Boy Scouts that he was encouraged by the splendid results of their Conservation Good Turn. "I now urge you," he wrote, "to adopt Safety as your service project for 1958. Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents."

We congratulate the Boy Scouts on past achievements and wish them well as they undertake this great public service to the community, state and nation.

**Central Colorado  
 Soil Conservation  
 District News**

The 18th annual report of the Central Colorado Soil Conservation District, released recently by the supervisors, shows another year of substantial progress made by district cooperators in applying needed conservation measures to the land. The report covers a considerable number of conservation practices with the amounts applied to the land in 1957. Also, other activities participated in by the District are reviewed, according to W. F. Deal, Board Chairman, of Golden, Colo.

The following is a list of practices applied in 1957 with the amounts:  
 Contour farming, 5,786 acres; Cover cropping, 5,495 acres; Crop residue utilization, 36,040 acres; Rotation hay and grazing (perennial grasses), 20,234 acres; Brush control, 3,016 acres; Deferred grazing, 68,373 acres; Range seeding, 1,647 acres; Proper use range, 117,767 acres; Fish pond improvement, 44; Wildlife area improvement, 51 acres; Diversion terraces, 29 miles; Pond construction, 84; Terraces, 219 miles; and Waterways, 10.

Range improvement practices showed greatest amounts of progress and district cooperators almost unanimously reported outstanding benefits from the practice of Deferred Grazing. In some areas where summer and fall rains were light, the better grasses made slow recovery from drought damage. However, a good crop of live seedlings of such grasses as sideoats grama was observed in late fall. Deferred grazing is expected to be practiced on a greater acreage in 1958 which will give further

**TRIBUTE TO THE 'PAPER BOY'**

improvement to the more desirable range grasses.

Brush control and over-seeding with perennial grass resulted in some outstanding benefits. Vernon Bullard, Chairman of the County Committee for ASC, reported root-planting a 40-acre pasture and over-seeding with 3 1/2 pounds of blue panic grass to the acre in April. SCS technicians clipped a weighed yield of 22,000 pounds to the acre of green forage in early August. Bullard stated the pasture had produced no more than 500 pounds to the acre previously.

Grass planting (rotation hay and pasture) is another practice in which the acreage planted has been doubled each year for the past several years. A total of over 20,000 acres was planted in 1957 although a large percent was planted late and the seedlings are not expected to survive through the winter. Grow-

ers have had considerable trouble in getting stands and growing the plants off but more skill in handling fine seed grasses is being developed each year. Many successful reports attest the great benefits to be derived from the practice. James Eubank, who operates the Ozro Eubank and Sons land near Santa Anna reported excellent gains on one hundred dry ewes grazed on a 20-acre field of blue panic grass for five weeks. When the ewes were moved, 324 stocker lambs were placed on the field plus another 20-acres where they had excellent grazing for a 90-day period. The Eubank's say they expect to have 550 acres of the grass before they are through planting.

The District has co-sponsored a number of other activities with other institutions and organizations. A Range Management

field program and a Range Management Contest were held in which the Coleman County State and First Coleman National Banks assisted in serving as hosts to visitors. An essay contest was sponsored for students in which more than 90 essays were submitted. Field programs were co-sponsored with implement dealers on grass planting and crop residue shredding and utilization.

The District has increased its watershed activities this year. Five watershed units have been set up for planning, two of which are ready for construction of floodwater retarding dams when easements are obtained and other construction requirements are satisfied.

Mrs. Fred Brusenhan of Coleman spent Tuesday in the home of Mrs. J. H. Freeman, to be near her brother, Loyd Burris.

**Mrs. H. L. Markland Honored on Birthday**

Mrs. James Dockery and Mrs. Ted Stewardson were hostesses at an informal coffee from 10 to 11 a. m. Monday morning, honoring Mrs. H. L. Markland on her birthday. This pleasant affair was held in the Dockery home on Wallis Avenue.

The tea table was covered with a pink linen cloth and centered with an arrangement of pink roses.

Soft drinks, coffee and sweet rolls were served. Twenty-five friends called during the hour.

Mrs. Wayland Gordon of Coleman, daughter of the honoree, attended, also Mrs. R. R. Lovelady and Mrs. Willie Stobaugh of Coleman.

The hostesses presented the honoree with a corsage and other gifts.

**Parent-Teacher Association Has Fine Meeting Tuesday**

The Parent-Teacher Association had a better than usual attendance. Tuesday afternoon, when it met in the Ward School Cafeteria. The Junior Band, under the direction of James Mallow, put on a concert.

Donnie Neff played a solo on his cornet and Sharon Gilbreath played a solo on her clarinet. Both were accompanied by Ruth Walker at the piano.

As February marks the birthday of the Boy Scouts, Kenneth Bowker, Scoutmaster, brought 4 of his 19 scouts, who demonstrated their work, after appropriate remarks by Mr. Bowker. Boys taking part were: Harold and Harry Walker, Carl Cowan and Barton Goodwin.

They demonstrated the tying of knots and bandages and had a questionnaire on the work with splendid answers.

Mrs. John Hensley, president, presided. Other officers are Mrs.

Ray Swindell, Vice President; Mrs. Olin Horton, Secretary; Mrs. Felton Martin, Treasurer; and Mrs. A. D. Donham, Program Chairman.

In the business session, it was voted to pay a caretaker to be on hand at each meeting to care for the children. It was also decided to purchase a book shelf for the P-TA books.

Mrs. J. A. Harris' 5th Grade room won the room count award.

A refreshment table for the members as they arrived was very attractive, carrying out the Valentine Theme. The table had a cloth with hearts embroidered in it. The large punch bowl held pink punch and candy hearts were served.

The Second Grades will have the program at the next meeting, and the nominating committee will be announced.

To close the meeting, the president read appropriate scripture.

**Lucretia Herring Honored at Birthday Party Saturday**

On Saturday, February 1, Mrs. Vernon Herring entertained with a party from 10 to 11 a. m. in observance of her daughter, Lucretia's, 2th birthday. Her birthday was not until February 5th, but the parents were taking her to Dallas on Monday for further treatment.

Sixteen of Lucretia's young friends were with her to help make merry and all had a pleasant time. Several mothers were also present. Mrs. Oscar Boenicke of Trickham, Lucretia's Sunday School teacher, was also present.

A Japanese theme was carried out in decorations and a decorated birthday cake was served with pink lemonade.

Carbon paper and sales paid at the News office.

**Household Employees Must Have SS Tax Paid On Them**

Employers of household workers paid as much as \$50 in cash wages during the October-December quarter of 1957 should have already filed a return, or they will find themselves owing a penalty, reports A. E. Fogle, administrative officer for the Internal Revenue Service at Abilene.

At the same time, R. R. Tuley, Jr., district manager of the Abilene social security office, pointed out that this obligation to file a return applies to every household employer who paid \$50 or more in cash wages to a cook, maid, laundress, gardener, yardman, or any other household employee during the calendar quarter. Returns must be filed after the close of each quarter and are due by April 30, July 31, October 31 and January 31 of each year.

Most household employers will make their reports on Form 942. This is a special simplified form printed on the back of a return envelope. If you are a household employer who is already on the mailing list of the District Director of Internal Revenue, one of those forms was mailed to you in late December. If social security taxes are due from a household employer who is not now on the mailing list, the employer should ask the District Director for the form and give her name and mailing address to be added to the mailing list before the next quarterly due date. Tuley and Fogle always use "her" in these matters because almost all household employers are women.

The amount of the social security tax is 4 1/2% of the total cash wages paid to a household worker in a calendar quarter. The employee is expected to share this tax with the employer; however, it is the obligation of the employer to report and remit the total tax of 4 1/2% to the District Director of Internal Revenue, Dallas, Texas. While the \$50 cash wage test applies separately to each household worker in your employ, no report or social security tax is due on any household worker to whom you pay less than \$50 in cash during the calendar quarter, Fogle concluded.

**MATTIE LANCASTER ON VACATION IN CALIFORNIA**

Mr. and Mrs. E. S. Haynes received a telegram Sunday from Hollywood, Calif., from their daughter, Mattie Lancaster, saying she arrived safely there that day. She left Midland at 2:30 Saturday and drove to El Paso, spent the night and on Sunday boarded a plane for Los Angeles. She will spend two weeks vacationing in California, then return to El Paso for a weeks school and then back to Midland and work.

**BOB WHEELER VISITS HERE**

Bob Wheeler of Dallas, a graduate of the Santa Anna High School, visited here Tuesday morning, renewing old acquaintances. He has been living in Dallas for the past several years.

Janita Bengé of Abilene, came Sunday and visited until Tuesday with her parents, Mr. and Mrs. Charles Bengé.

**TAX-MAN SAM SEZ:**

This is the time of the year that everybody is mad at Santa Claus because the Christmas bills have just come in. Many taxpayers make the mistake of getting worked up over their Christmas bills and how to pay them that they don't even want to think about income taxes until April 15. There is one small point to remember — 700,000 North Texans got a refund check last year. It is pretty certain that your refund check won't reach you in time to pay your Christmas bills, but if you file your tax return now, the chances are you will get the refund two months sooner than if you file your return on April 15. You ought to figure your tax now, anyway.

Mrs. J. F. Goen returned home Saturday from a visit since Thursday with her sister, Mrs. R. Nettleship and her brothers, Jim and Bill Lafferty and their families at Richland Springs.

**METHODIST MEN'S CLUB MEETING**

The Methodist Men's Club met in regular session Thursday night of last week with a good attendance. The meeting was in the church basement. The president, George Johnson, being out of town, caused the Vice President, Garland Powell of the Buffalo Community, to serve as chairman. Rev. Don Post, pastor of the Noyce Methodist Church, was the speaker for the evening.

They had a feast of good hot chili, cheese and crackers, pickles, cookies and plenty of hot coffee. The occasion was an enjoyable one for those attending.

Mr. and Mrs. Sam Rutherford attended funeral services Sunday afternoon at Brownwood for her uncle, B. B. Forehand, 93. Mr. Forehand was the last of Mrs. Rutherford's people on either side. He was buried at Blanket.

A3c Larry Donham arrived home January 30 for a visit with his parents, Mr. and Mrs. A. D. Donham. He has finished the course at Scott Field, Ill., and is on his way to Williams AFB in Arizona. He will report for duty on February 10th.

Mr. and Mrs. Willis Richardson of Abilene, came Friday afternoon and remained for supper with his mother, Mrs. Geo. Richardson. They returned home that night.

Mrs. J. W. Fulton has not been well for sometime and on last Friday old friends from across town, Mr. and Mrs. Jim Owen, went to see her and Mr. Fulton. They took some food and the Fultons next door neighbor, Mrs. May Sharp, also took a food item and the women prepared other food in the Fulton home and altogether enjoyed a fine dinner. In the afternoon Mrs. Gertrude Davis and Mrs. Dale Smith visited with the group. Mr. and Mrs. Virgil Fulton of Poolville came on Friday afternoon and visited until Sunday with the parents.

Mrs. Van Casey of Coleman came Sunday and had dinner with her brother, Lew Story and wife. In the afternoon they and Mrs. May Sharp drove through the Buffalo Community and visited awhile with J. E. Brooke, in the home of his son, Joe E. Brooke.

B. L. Parks went to Ft. Worth last Tuesday and spent the night in the home of his daughter and family, the Lloyd Tabor. Mrs. Parks returned home with him Wednesday. She had been there since Jan. 12, getting acquainted with the new granddaughter, Vickie Allen. Both mother and daughter are doing fine.

Homer Schulze of San Antonio was here recently greeting old friends. He and Mrs. Schulze teach in the San Antonio schools.

### TELL US YOUR PROBLEM

BY JOHN and JANE STRICKLAND

#### TODAY'S PROBLEM:

**Advancement**  
**AMELIA JAMES**, 120 N. 12th Street, Fort Smith, Arkansas, had been in a job she didn't like for several years. The boss was all right, her associates were pleasant, but the job promised nothing in the way of advancement. She was just where she had started five years before. Amelia lacked probably more than any other trait, aggressiveness. She saw girl after girl walk out of that office to a better job. But she didn't have the courage to give up what she had. She really didn't want the jobs they got; what she wanted was something where she could use creative ability. In what way, she didn't know.

"Hold a thought and work toward your desire," she read somewhere. Well, she had been holding the thought a long time. But had she worked toward it? She knew she had not. Suddenly she decided on a bold plan: she advertised in the newspaper, an advertisement running thus:

"WANTED: A job that is not routine; where one can exercise initiative."

She ran this advertisement four times before she got a reply, and then only one. "Would she call at a certain address on a Saturday morning?"

She called. The job? Keeping the office in order, tidy, and helping out with those who couldn't get all their work finished.

Not what she was looking for, nor was the additional pay sufficient to justify a change. But she felt she was running no risk and she accepted it.

Somehow that new job worked out attractively. She saw that all books, maps, papers and other things ordinarily left here and there were tidily arranged and placed where they could be readily located. She even brought flowers from her sister's garden to make the place attractive. Soon the Boss said he wanted the place painted; what color would she suggest? Maybe that wasn't a thrill!

Next he asked her if she would suggest a filing method for the hitherto carelessly strewn papers and maps. She came up with a suggestion for a filing method that would facilitate handling. The Boss smiled; he liked her idea.

Dr. Fred E. Kollwitz attended a Texas Medical Meeting in San Antonio on Wednesday and Thursday nights of last week.

Mrs. J. F. Goen drove Mrs. LeRoy Stockard's car Sunday when they went to Richland Springs. Mrs. Goen visited with members of her family and Mrs. Stockard visited with her father, J. B. Tomlinson, who will be 90 years old in May. He is staying in a home with a number of other elderly persons.

## WANTED BY THE FBI

**GEORGE EDWARD COLE**

A complaint was filed before a United States Commissioner at San Francisco, Calif., on January 9, 1957, charging George Edward Cole with violation of the Unlawful Flight to Avoid Prosecution Statute in that he fled from the State of California to avoid prosecution after allegedly murdering a police officer.

Cole is described as follows: Born, March 24, 1927, Philadelphia, Pa. Height, 6 feet 4 inch. Weight, 160 to 178 pounds. Build, medium. Hair, brown, receding. Eyes, brown. Complexion, medium. Race, white. Nationality, American. Occupations: bus driver, truck driver, typist. Scars and marks: pit scar on outside corner of right eye, small cut scar on inside of left wrist, appendectomy scar; tattoo, small heart and names "Mom" and "Dad" and letters "GP" or "SP" on left forearm; tattoo, 8-point star on back of left hand. He wears full upper denture.

Cole has previously been convicted of grand larceny and robbery. He reportedly has stated that he will shoot any police officer attempting to apprehend him. Cole is considered armed and dangerous.

Any person having information which might assist in locating this fugitive is requested to immediately notify the Director of the Federal Bureau of Investigation, United States Department of Justice, Washington 25, D. C., or the Special Agent in Charge of the nearest FBI Division, the telephone number of which appears on the first page of local telephone directories.

SPAIN has purchased its first American-made telefilm, "Highway Patrol," for showing in Madrid. A suitable show is being sought to bring Marie Wilson back to the TV screen, a fact that brings up an interesting question—whither goes TV? This has been the medium's biggest year, yet everything is overdone. There are too many westerns, too many musicals, too many plays, too many situation comedy shows, too many mysteries and too many old movies. What is there left to exploit? All the golden promises for new programming failed to materialize.

Pat Boone, Eddie Fisher, Patti Page, Patrice Munsel, Gisele MacKenzie, Frank Sinatra and Guy Mitchell, all fair country singers, have taken their lumps in their debuts. Perry Como goes on and on but Como is a habit and he gives the public what they want in an unobtrusive manner. He doesn't try too hard, one of the biggest faults with the other singers. They strain, they're obviously going all-out to please and are succeeding only in arousing pity from the fussy viewers. The sameness of all the shows certainly doesn't help. Once Como made a success everyone jumped on the bandwagon with the same type of show, but how many such shows can any one person digest?

You pick out the best one and stick to it and that's the secret of the failure behind the other singers. They worry so much about putting out a good show in order to save their necks that they're turning out had ones. The same goes for the comedians, the westerns (which are really ruling the roost) and the dramas. Guess the novelty has worn off because even "Playhouse 90," once the crown prince of dramatic plays, has deteriorated into just another show this season. Maybe the reviews have turned a few heads, but a continuous of mediocre scripts will turn many more heads—away from the show.

How far would your electric appliances reach?

The number of jobs you do with electricity is one good measure of your standard of living. The more ways you put it to work, the more likely you are to live comfortably and conveniently.

You and other customers of the more than 400 independent electric companies can use electricity widely because it's plentiful and costs so little.

Right now, in every room in your home, electricity is working for you or waiting for your command—probably in more ways than you remember. And you can depend on it. Making sure you get good service always is the main job of the men and women of your electric company.

Read Luke 18:18-27.  
Come, follow me (Luke 18:22)

The great Filipino martyr, Dr. Jose Rizal, once expressed his disappointment over the aimlessness of many of his countrymen. In the face of a national crisis, he turned to them as "atoms wasted in the fields without becoming parts of any edifice."

Leave it alone by itself in the field, and it is trampled under the feet of men, or perhaps, creeps, lost in dust or mud. Pick it up and make it part of a floor or wall, or house, and as long as that house stands, that stone has usefulness.

If we take our seemingly insignificant lives and build them into the cause of the kingdom, our lives will have meaning.

In the face of today's great opportunities for investing our lives in this worthwhile cause—seeking to salvage humanity from hate and fear—we are so often found floating aimlessly around. We are overburdened by the petty problems of our personal existence. God helping us, let us forget self and deepen our discipleship.

#### PRAYER

Our Father, we thank Thee for calling us to be disciples of the Lord Jesus Christ. Help us to hear His call and obey. Open our eyes to the wonderful opportunity to become part of Thy eternal kingdom. Grant us the will to learn of Christ and the courage to follow Him. In the Master's name. Amen.

#### THOUGHT FOR THE DAY

"Except a grain of wheat falls into the earth and dies, it remains alone."

—Ricardo E. Fernando  
(Philippines)

Mr. and Mrs. E. L. Day had all their children and their families with them at the weekend. They are: Mr. and Mrs. Roland Day and Lisa of Midland; Mr. and Mrs. Bill Day and son, Jody, of Coleman; and Mr. and Mrs. Gene Rice, Belinda and Mickey, of Fredonia, Kansas.

Mrs. J. C. Sligar of DeLeon came Sunday to visit until Thursday with her sister, Mrs. John Lowe. Also Mr. and Mrs. Dock Brown of Brownwood visited Sunday afternoon with his mother, Mrs. Sligar and his aunt, in the Lowe home.
