REPUBLICANS MEET FIRST

Truman May Choose Running Mate To Match GOP Type

WASHINGTON, Dec. 26, (P) -President Truman may wait until after the Republicans choose their presidential candidate next summer before he picks his running mate on the 1943 Democratic ticket.

Democratic politicians in a position to know what is being discussed at the White House told this reporter that Mr. Truman is looking over a large field but will not make his views on the No. 2 man known until he sizes up the GOP nominee.

The President will have time for a last minute decision because the Fourth of July holiday intervenes between the Republican convention, which begins June 21 in Philadelphia and the Democratic meeting in the same setting starting July 12.

More than six months in advance of any decision the President may make - which is likely to be the deciding factor-Democrats are discussing a round dozen possible candidates. These include a scattering of

senators, at least one representative, a couple of cabinet members, a Supreme Court justice and just about everybody who has raised his head among the common level of the Democratic

The theory among those who have a voice in Democratic party affairs is that Mr. Truman will try to match with his vice presidential nominee the Republicans' choice of a top man.

Thus, they argue, if the GOP picks Senator Taft (R-Ohjo) for its standard-bearer, the President might well decide that Senator Lucas (D-Ill) would be the proper man to help him make

the 1948 campaign. If the Republicans cast their lot with a military hero-and Gen. Dwight D. Eisenhower and Gen. Douglas MacArthur are

the Democrats might go for Adm. Chester Nimitz or somebody in the same mold. At least two cabinet members are represented by the Demo-

cratic officials as willing to run with Mr. Truman. One is Secretary of Commerce Harriman, whose New York connections largely are with Wall Street and thus considered somewhat under par from a political

standpoint. The other cabinet member is Secretary of Agriculture Anderson. But he comes from sparsely populated New Mexico and hence has little chance in the view of the political dopesters, unless Mr Truman thinks that November will be a walk-in.

Of the Supreme Court members. Justice William O. Douglas is regarded as willing, but not highly favored by the party organization. Douglas lists Washington as his state.

WASHINGTON, Dec. 26. (AP) - Questionnaires are on the way today to 2,953 Army and Navy officers asking details about the disabilities for which they were retired with tax-free incomes.

Officers retired for disabilities receive three-quarters of the pay for the rank at which they retired. The money is income tax

A committee clerk said the Army and Navy have furnished the committee a duplicate of the list of retired officers sent to President Truman. It was requested by the White House after a Senate investigating committee dug up the story of Maj. Gen. Bennett E. Meyers, who was retired for disability.
