COLEMAN COUNTY STORY

Flood and Tornado Hit In Early Days

Compiled by Alfred E. Menn
Austin, Texas

(Editor's note: This is another in a series of articles concerning the early-day history of Coleman County. We wish to express appreciation to Mrs. C. D. Bruce for her help in getting the copy prepared for publication.)

GREAT FLOOD OF 1874 DESTROYS RANGER CAMP

A flood of water roared through usually dry Coleman County. Captain Maltby's Company of Texas Rangers was camped on Home Creek, about 7 miles southwest of the Santa Anna Mountains, and on the night of Sept. 22, 1874 it was completely washed away, and one of his brave Rangers was drowned, his name was Cliff and he was from Kentucky.

The floodwaters came down in a great wave from 4 to 10 feet high, and swept everything before it. It tore up brush and trees and overflowed the valley on either side of Home Creek. It was raining very hard at the time and the rush of the floodwaters was on the camp almost before they could take refuge in the large trees as they were swept down by the current.

A number of the Rangers tried to mount their horses, which were tied to the long stake-line near the camp. Cutting the poor animals loose, they mounted the horses and tried to swim out, but they had to abandon them as the swift waters washed them against and under the trees.

Six horses, one mule and all the camp equipment were lost. Some of the men came out of the ordeal almost without clothing. Every man, however, had saved his gun and pistol. After restocking themselves, the Rangers went right back on duty.

COLEMAN COUNTY IN 1876

Buffaloes were still to be found in Coleman County in 1876, which was referred to as a county which could not be surpassed for beautiful scenery.

A tornado visited this section on June 4, 1876. The roaring winds destroyed everything that happened to be in their path, even scattering rocks in all directions. The citizens of the county considered them a fearful menace, but at the same time, the spectacle was referred to as "sublimely grand".

COLEMAN COUNTY IN 1879

Wonderful mirages were seen by a judge.

Judge Thomas and Richard Coffey saw the wonderful mirage on the road near Home Creek. This mirage consisted of an imaginary lake a short distance from them as they were riding along. They could not, of course, get any closer to this lake as it receded on their approach.

Judge Thomas also reported that when he stopped near the ground, that the rabbits and prairie dogs were magnified many times their natural size, that a prairie dog looked as large as a common-sized dog.

Though this county was regarded as a frontier section of Texas, peace and quiet reigned here, at this time, anyway.

The majority of citizens were engaged in the stock raising business. A number of the wealthiest ranchers of West Texas owned large ranches in this county, and some rugged settlers were experimenting agriculturally. Corn, oats, cotton and wheat could be grown.

At this time, Ira Fitzgerald returned from the area of the Colorado River, where he had been rounding up his cattle. He sold 400 head of cattle at \$18 per head.

Herds of cattle from South Texas arrived daily to be placed in Coleman County. It was reported that Coleman County was looked on as a future haven for cattle and sheep. Two Fort Worth men, Elisha Crane and B. F. Gross, were selling "blooded cattle" here as early as 1879. In this year, a number of large herds of cattle passed along the trail, going to the Kansas markets.

A man named King killed a panther between the Santa Anna Mountains and Coleman in 1879.

Immigrants coming to West Texas and once seeing Coleman County said that was the place they had sought as a place to

live and work. During these years, the wheat here yielded around 30 bushels to the acre. Within two days, twenty-five immigrant wagons came to Coleman County to locate, and this rate kept up most of the year.

W. C. Brooks had located in the gap of Santa Anna Mountain, and he was appointed Postmaster. This was in 1879, seven years before the coming of the Santa Fe Railroad.

At this time, most of the fences were made of rock, which cost about \$2.50 per rod to build. Good low land ranged in price from \$1.00 to \$2.00 per acre. This year could be referred to as "the year of the immigrants". Eight-hundred wagons arrived in Coleman County on one day — a Wednesday.

Why the Santa Anna Mountains were given the name often confused the early-day settlers in this section of Texas. They even thought it had something to do with the Mexican butcher, Santa Anna, the General.

Another old-timer reported that it was named for the Indian chief, Santana, who with other chiefs made history by signing a Texas Indian treaty with the German settlers of Texas in 1847. Presents and provisions to the amount of \$2,000 were given to the well-pleased red-skins.

Santana and his tribe, it is said, often camped in the vicinity of the Santa Anna Mountains.

School Board Employs New Teacher Tuesday

The Board of Trustees of the Santa Anna Independent School District met in regular session at the school office Tuesday, June 3, at 8:00 p. m. Among the items of business to come before the board were the following:

Mrs. Vernon Campbell and Mrs. Ray Swindell met with the board to request the use of a school bus for six weeks transportation in the recreation swimming program. The board granted the use of the bus with the provision that a properly licensed driver be used.

Routine bills for the month were also paid.

Ford Barnes, Mayor, met with the board to discuss possible paving of Live Oak Street for a short distance past the gym and band hall. An agreement was worked out whereby the work will be under the direction of the city. This street has been in bad condition and since it is now an entrance to the new athletic field, some improvements are needed.

The board elected Mrs. Avis Hays to teach Commercial Subjects in the high school for the 1958-59 school year. Mrs. Hays is a graduate of Howard Payne College and has been employed in schools in Georgia, Florida, and Ohio. She was teaching Commercial subjects in North Canton, Ohio, before returning to Santa Anna recently.

The new insurance program on the school buildings was studied and approval was made for premium payment. This plan provides for \$120,000 insurance on the elementary school and \$80,000 on the high school for a full year period. The total cost of this insurance is \$7,080.80, with an additional \$212.42 interest, the premium and interest to be paid over a three year period.

The board amended five items of the budget to conform to projected needs for the summer months and also examined the final financial statement of the athletic fund.

2nd Sunday Singing At North Side Baptist

The regular Second Sunday Singing will be held at the North Side Baptist Church Sunday, May 8th, at 2:00 p. m.

All singers of the area and those who enjoy good singing are invited to attend.

The W. C. Spencers returned to their home at Dyess AFB, Monday morning, after a weeks visit with her parents, Mr. and Mrs. T. A. Mills.

L. E. Throgmorton Speaker For Lions Club Ladies Night

LOUIS E. THROGMORTON

Louis E. Throgmorton, Vice President and Director of Public Services of the Republic National Life Insurance Company of Dallas, will be the principal speaker at the Lions Club Ladies Night Program, to be held in the school cafeteria Tuesday evening, June 24. A good evening of entertainment is being planned for all Lions and their wives.

Throgmorton has been engaged in life insurance for thirty years. Prior to his connection with Republic National Life, he was general agent for Aetna Life Insurance Company at Shreveport, La. During his residence there he was active in professional circles.

Born in Arkansas, he was educated in the Jonesboro and Little Rock schools. He is on the Board of Advisors of McKendree College, Lebanon, Illinois.

He is much in demand as a speaker before civic and business organizations, delivering over three hundred addresses a year throughout the United States.

He is Assistant Teacher of the John G. Slayter Bible Class and on the Board of the East Dallas Christian Church.

Mr. Throgmorton is on the Membership Committee of the South and East Dallas Chamber of Commerce and is also a member of the American Institute of Management. He is a member of the Dallas Sales Executive Club and a past president of the Shreveport Club. He is a member of the Dallas Downtown Kiwanis Club and a past president of the Shreveport Kiwanis Club.

Mr. Throgmorton is on the Board of Trustees of the Washington Pilgrimage, Inc., Washington, D. C. and is a co-chairman of the Pageant of Peace, Inc., Washington, D. C.

He is listed in "Who's Who in the South and Southwest," "Who's Who in Arkansas," and "Who's Who in Insurance."

Change Made In Mail Leaving Local Office At Noon

Due to the change in schedules of some of the buses operating between Santa Anna and Fort Worth, it has been necessary to make a change in one of the mailing times each day. This change is announced by Mrs. C. D. Bruce, Acting Postmaster. The public is requested to make note of the change.

The first class mail sent on the east-bound bus in the afternoon will be tied out at 1:00 p. m. instead of at 2:00 p. m. Persons wishing letter mail to go on the bus will need to have it at the post office before tie out time, 1:00 p. m.

Quarterback Club To Have Important Meeting Monday Night

The regular meeting of the Quarterback Club will be held at the school gym Monday night, June 9th. All members and their wives are urged to attend. This will be a very important meeting and all parents of boys playing baseball are also urged to be present.

The membership of the club increased to 109 members this week. These names will be published next week, along with others who join during the week.

Herron J. McGahey Buried Tuesday

Funeral services were held at the Hosch Funeral Chapel at 4:00 p. m. Tuesday, June 3, for Herron J. McGahey, who died Monday, June 2, in the McCloskey Veterans Hospital, at 7:25 p. m.

McGahey, as he was familiarly known, had been a patient in the VA Hospital for about three weeks, and was critically ill all that time.

Jack Horton, minister of the North Side Church of Christ, conducted the services.

McGahey was born December 23, 1901. He was 56 years, five months and nine days old.

He came to Coleman County from Bertram in 1917, and during the intervening years had lived within a few miles of Santa Anna. A farmer in the Liberty area, he was a son of Thomas and Georgia McGahey. He had two years of military service.

Survivors include his mother, Mrs. Georgia Jones; two sisters, Mrs. Ruth Campbell of Santa Anna and Mrs. Eunice Carroll of Bangs; three brothers, Aura L. McGahey of Santa Anna, Loy B. McGahey of Brownwood, and Oma L. McGahey of Big Spring. A number of nieces and nephews also survive.

Pallbearers were Walter Holt, Allen Wells, Calvin Campbell, Eaf Day, Ed Jones and William Sheffield.

Friends were in charge of the floral tributes.

Burial was in the Santa Anna Cemetery with Hosch Funeral Home in charge.

Two Local Boys Attending Salvation Army Camp

Ford Barnes and John Gregg, members of the local Salvation Army Committee, took Raymond Clark and Wallace Cornett to the Salvation Army Camp near Dallas Sunday. The two boys will be there all this week and will be brought home Sunday. O. L. Cheaney and Allyn Gill are to go for the boys.

The camp is located seven miles south of Midlothian, in the rolling hills country. All the buildings at the camp are of red brick and red wood, and are very substantial. Included in the activities for the boys is arts, fishing, swimming, archery, baseball, hiking, Bible classes, three good meals per day and many other activities. Every thing is designed for the boys to have a wonderful week of work and play with other boys of the state.

North Side Baptist Vacation Bible School Completed Sun. Night

Charles G. Thompson, pastor, reports the Vacation Bible School held at the North Side Baptist Church last week was a success in every way.

Thompson directed the school and he had plenty of helpers present at each session.

Interest was good throughout with the average daily attendance being 41 pupils.

The school was concluded at the Sunday night services when certificates were presented.

Christian Church Elects New Officers

A number of visitors and some who had not been present lately attended Sunday School and Church services at the Christian Church Sunday morning.

Sunday school officers to serve for the coming year were elected, as follows: Doug Moore was re-elected superintendent; Chas. Bengt was re-elected assistant superintendent; and Buddy Wylie was elected secretary and treasurer, replacing Eugene White, who has served faithfully for several years. Eugene plans to enter college in the fall.

Rev. W. O. Henderson from North Carolina, father of Jimmy Henderson, pastor, preached a fine sermon.

Rev. Henderson and wife were in Fort Worth on Friday night to see Jimmy graduate. Mrs. Jimmy Henderson also graduated from TCU, and her parents were present from Alabama.

Mr. and Mrs. Tom Scott and children of Fort Worth visited in the home of her parents, Mr. and Mrs. E. E. McClintock and family, over the weekend. Mr. Scott returned home Monday and Mrs. Scott and the children are staying until later in the week.

Hearing Scheduled For June 30th On Formation Of Water Control District

A hearing will be held in the Coleman County Commissioners' Court room in the Courthouse in Coleman Monday, June 30, at 10 a. m. concerning the organization, formation and creation of the Coleman County Water Control and Improvement District No. 1, at which time and place any person whose land is included in or would be affected by the creation of such district, may appear and contest the creation of, or offer testimony to show that such district is or is not necessary, would or would not be a public utility, and would or would not be feasible of practicable.

The land area included in this district is all the southeastern part of Coleman County and does not cross the county line at any place. All the land is affected by the Mukewater Creek, which empties into the Colorado River southeast of Trickham. Land description begins at a point about three miles southeast of Trickham where the Coleman and Brown County lines meet, then north to the

south line of the Little Moses Survey, just south of the Buffalo Community, then west following the approximate middle of the Santa Anna-Buffalo road into Santa Anna and south from Santa Anna to Whon and then east to the original beginning point. Only part of Santa Anna included in the district is the area east of the Farm-to-Market road that goes through the part of the mountain and directly south to the Trickham-Whon road. About 82.5 square miles is included in the area.

The Mukewater Creek heads in the Liberty Community, about 5 miles east of Santa Anna. Plans for the Water Control and Improvement District call for the construction of 8 flood detention dams on the head waters of the creek. Such dams will have a series of draw-down tubes which will allow the additional flow of water within Mukewater Creek for a period of 15 to 30 days following a substantial amount of rain fall. This is to reduce the damage to crop and pasture land and to impound water for irrigation purposes.

GRAIN HARVEST GOING GOOD

The best grain harvest in more than 20 years is in full swing in this area of Texas. Many farmers and ranchers are making better yields per acre than ever before.

Reports from 55 to 100 bushels per acre are being reported daily with weight of the oats running up to around 38 pounds. Most of the grain is being classed as No. 2 because of the foreign matter in it.

Prices on oats run from 38 cents to about 44 cents and wheat runs from about \$1.70 to \$1.75 per bushel. Government storage oats is running from 58 cents up to around 65 cents.

A lot of farmers report they thought they had enough storage facilities for their grain, but are suddenly finding they are far short. Most oats are having to be stored locally, as grain elevators do not have the storage facilities for oats. Wheat is being stored by the elevators.

Cubs and Cards Get Managers

Olin Horton took the Cubs to manage and Byron Glibreath took the Cards to manage for the baseball season.

In the Tuesday night games, the Indians and Athletics tied with a 24-24 score at the end of the time limit. In the large boys game, the Cubs won over the Dodgers by a 14-8 score.

The little boys tie will be played off as soon as possible.

Beginning next week, The News will carry a weekly standing on each team. This standing will include Friday night games but not the games played on Tuesday night before publication days. However, score from the Tuesday night games will be published.

County Board Of Equalization To Meet June 16th

All persons interested or having business with the County Board of Equalization, are notified this week that the Board will begin meeting on Monday, June 16, and will be in session daily until the value of all taxable property in the county has been equalized.

The Board will meet in its regular meeting in the Courthouse in Coleman at 10:00 a. m. each morning.

VIRGINIA HAYNES ON HONOR ROLL

Virginia Haynes, a sophomore student, was omitted from the high school honor roll last week. She was on the six-weeks honor roll and also the semester honor roll.

Mr. and Mrs. Roger Hunter of Austin came Saturday and are remaining through the week. They are staying mostly with his sister, Mrs. Theo Kirkpatrick. Mr. and Mrs. Hunter formerly lived in Santa Anna and are interested in the big grain crop being harvested here.

Jaycees To Number Houses In Town

Beginning the latter part of this week, members of the Santa Anna Junior Chamber of Commerce will canvass the town in an attempt to get a house number on every house in the city limits. They believe the town will be covered in about 10 days or two weeks.

The Jaycees will go in groups of two and will have with them a supply of numbers and equipment to put the numbers on the house with. They will charge \$1.00 for putting the numbers on a house; \$1.25 for putting numbers on a lawn stake in the yard or near the sidewalk; or 35¢ for putting the numbers on a wrought iron lawn stake. The numbers are all reflector type numbers on a black background and will be in a metal frame.

Money made on the project will go to help cover the expenses of putting the shade over the wading pool. This is the first major project of the new organization and they would like to have every house in town numbered when the drive is completed.

Houses already numbered will be called upon to see if you would like to change numbers or add a lawn stake with the reflector type number.

Summer Swimming Program To Begin Monday June 16th

The annual summer program of swimming instructions for school age students of Santa Anna will begin Monday, June 16, with a three week course for the boys, followed by a three week course for the girls.

The program will operate in the same manner it has for the past three years. Each child will bring 10 cents to the school house with him each morning, to help defray expenses of operating the school bus.

Mrs. Ray Swindell is chairman of the swimming program. She said she did not have all the instructors lined up yet, but would have within the next few days. A complete, detailed outline will be published next week.

AMERICANA
Austin, City of Moonlight and Sunshine

A view of the Austin skyline from the Inter-regional Express way. The sun shines all day in Texas, and there's moonlight every night in Austin.

It's no tall tale of Texas, they really "turn on the moonlight" at dusk in Austin every evening. From the tops of twenty-seven cast-iron towers, scattered throughout the city, a misty silver glow shines through oak leaves onto roof tops. When you first glimpse the Capital City of Texas, either from the air or at the crest of one of the encircling hills, the silvery-green lights look like fire-flies hovering around the base of the Capitol dome that looms out of the center of town.

Austin acquired the artificial (but never failing) "moonlight" in a trade for a railroad back in 1894. The narrow gauge line had been used to haul granite for the construction of the city's first dam. Short of funds to purchase a needed lighting system, the city made a deal with an electric firm in Indiana, swapping the \$50,000 railroad for the 32 power lights that solved the city's illumination problem. The enchanting lighting system has been supplemented by more modern, and less expensive, white street lights, but Austin citizens won't allow the towers to be dismantled — 27 are still in use.

Austin, in the center of the big State of Texas, is a beautiful city of some 187,000 population. It was chosen for its beauty.

A center of education, Austin boasts The University of Texas, largest school in the South; St. Edward's University (often called the Notre Dame of the South); Concordia Lutheran's College; Austin Presbyterian Theological Seminary; and the Episcopal Theological Seminary.

Great music is presented in annual concert series by the world's top artists and the Austin Symphony Orchestra. The city's 160 churches, from majestic cathedrals to modern chapels, play a dominant role in community life. A new showplace, the Municipal Auditorium, will be completed this year.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M. D., Commissioner of Health.

If you're like most people, you hate chiggers!

Red bugs, as some persons call them, are those tiny, almost invisible mites that frequent grass lawns (especially Bermuda), tall weeds, and other grassy areas such as undergrowth in wooded sections.

They are usually a light red or tan color. While a hungry adolescent, this pernicious little parasite, can send strong men into spasms of itching misery, and into fits of scratching.

The mite itself does not cause much harm; however, scratching will. Infection can result causing painful boils and leaving a scar. In some areas of the world they are believed carriers of disease, but in the U. S., there is no such proven danger. It is the scratching which causes all the trouble.

Gross infection can bring on general bodily disturbances, fever, and loss of sleep caused by forced periods of scratching during the night. Animals, birds and domestic fowl suffer from chiggers also, even snakes are not immune.

The severe itching occurs when the chigger, in its efforts to feed, injects an anti-coagulant material to melt the skin layers so that he may feed. They do not burrow into the skin as commonly believed—they merely feed themselves and drop off, but the itching stays on.

They congregate in tight areas such as sleeves, belt lines and neck. You can protect yourself by the application of a suitable repellent to these critical areas whenever you are about to enter a suspected chigger-infested area.

If this fails, there are known palliatives to soothe the itching such as baking soda solution, ammonia water and alcohol.

Chiggers are impossible to control except in cleared areas such as lawns, greens, camp sites and picnic grounds where the ground may be mowed closely.

For these areas, a treatment of five percent chlordane or toxaphene dust is effective at the rate of 40 to 50 pounds per acre (1 to 1 1/4 pounds per 1,000 square feet), and lindane dust of one percent concentration (10 ozs. or more per 1,000 square feet). Sprays may be substituted. All are dangerous to people!

Fifty to 70 gallons per acre, following the mixing directions on the label, is usually sufficient (1 1/2 to 2 pounds per 1,000 square feet).

Bear in mind the dangers in the use of the dusts or sprays—use caution and put them away safely. Remember, insecticides can kill; chiggers only itch.

Mr. and Mrs. John Venable, the former Paula Jennings, visited Saturday with her grandmother, Mrs. Annie Stovall. On Sunday they visited with his parents and other relatives at Goldthwaite.

John William Burden of Abilene visited Thursday of last week with his uncle, Mr. and Mrs. Homer Burden. John William is a technician in an Abilene hospital.

GO TO CHURCH SUNDAY. Please help elect Gordon Griffin District Attorney. Pol. Adv

LAFF OF THE WEEK

"I told you it was a tough course!"

CROSSROADS FOR BONNIE

By Ethel Ellertson

IN the midst of stifling heat, the Mexican Bus slowly wound its way along the serpentine Pan-American Highway. With a great staggering and a final 'pouf', it breathed its last in front of a 'restaurant' at the Crossroads.

Out poured its occupants, glad to be released from the furnace-like interior. Like bees, they swarmed and buzzed... some going directly for cold 'cerveza', while other sought rest rooms.

Among the passengers came Bonnie Martin, her Mother and Father.

"Why are they letting us off here?" asked Bonnie.

Dad anxious to be on his way to New York said abruptly: "I'll find out." He headed in the direction of the dapper mechanics who suddenly popped out from the nearby building.

Bonnie and her Mother watched Mr. Martin as he talked to the mechanics... all using their hands most of the time.

When he came back, he told them: "Make yourself comfortable, while they're repairing the engine. They don't answer when I ask 'How long!'"

Bonnie and her Mother settled themselves on the flat stone wall under the catalpa trees. They were entertained by buzzing flies, the low hum of the Inn-Keeper's voice calling out orders, the bus drivers arguing about assignments.

Can it be possible, reminisced Mrs. Martin, that only a few weeks ago we had wanted so much to get away from noisy New York... away to a restful vacation in Mexico?

Mr. Martin interrupted the day-dream. He sauntered up to his wife, saying, "Better keep the camera with you. These mechanics are likely to take the bus away anywhere."

A fountain nearby was small comfort in this heat, as it trickled only drop by drop. A burro, clack-

claking on the cobble stones, awakened Bonnie.

Watching the animal with an amused expression, she said, "That on its back?" to which her father answered, "Yes, sugar-cane!"

Then they noticed a small, undernourished girl passing by, carrying her baby-sister in a shawl slung from one shoulder to the opposite one.

As Mr. Martin saw the bus being hauled away, he exclaimed, "Will I make that New York appointment on time?"

A partially blind boy shuffling past turned the family's attention to him. Bonnie ran to him, and laid a coin in his hand. A slight feeling of guilt came over her Daddy. He realized he'd been crabbing about things going wrong... when nothing was the real matter that a cool shower couldn't fix.

Suddenly, everyone came from everywhere! A huge Pan-American bus came thundering along. It stopped short.

Urchins running out to meet it, called, "Dulces?" and held out sticky sweets to the passengers. When the bus driver said "Scram!" the children scattered in all directions.

The Martins settled down once again to waiting. There was the same buzzing of flies, the hum of the Inn-Keeper's voice, "Hurrah, hurrah!" broke the silence. "Here comes the bus!" Passengers darted out of the rest rooms.

"Another day," said Mr. Martin hopefully, "and we'll make Laredo. Swell!" and he settled down on the narrow seat. "Then," he continued, "straight as an arrow we'll go... to good old New York... to our own CROSSROADS."

Bonnie offered no revealing desire to either stay or go on. She seemed curiously akin to all peoples of all CROSSROADS... everywhere.

TODAY'S meditation

The Upper Room - THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Philippians 2:5-12.

He was named Jesus. (Luke 2:21. Moffatt.)

Isaac was a Chippewa Indian. He got into trouble with the law. As a result, he came into my custody for eight months.

Isaac knew only four words of English; namely, wife, son, home and Jesus — the latter learned from his Chippewa prayer book.

While with me, he was a thousand miles from his home. Since there was no one with whom he could speak his language, Isaac became depressed.

Meantime, I used my best efforts to get him a parole. At last his release was authorized.

How to give him the good news was now my problem. First, I arranged for his thousand-mile flight home. Then I had him brought to my office. Not having a picture of a plane, I pointed to a picture over my desk showing some wild geese in flight. I said, "Isaac... home... wife... son."

Immediately Isaac's face lighted up. He put his hands together, as in prayer. With tears rolling down his cheeks, he said, "Jesus." Putting my hands together, I too, said, "Jesus."

PRAYER

Father, we thank Thee that we know "how sweet the name of Jesus sounds in a believer's ear." Give us grace so that we may be better able to help others to know the sweetness of His name. In His spirit we pray. Amen.

LEGAL NOTICES

CITATION BY PUBLICATION
THE STATE OF TEXAS

To: William Hull, H. J. Schaulis and Mary Lou Huffman Spireling, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 119th District Court of Coleman County at the Court-house thereof, in Coleman, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 14th day of July A. D. 1958, to Plaintiff's Amended Petition filed in said court, on the 28th day of May A. D. 1958, in this cause, numbered 8243-B on the docket of said court and styled R. Bailey and wife Nell Bailey, J. C. Dibrell, Jr. and wife Esther Dibrell, Carter M. Dibrell, Jr. and Lucy M. Dibrell, a widow, are Plaintiffs, vs. Phil C. Huffman, Lyter Huffman, Myrtle Huffman, Tom Hull, William Hull, H. J. Schaulis, Mary Lou Spireling and John Floyd as Administrator of estate of Gladys Huffman, deceased, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff sues for cancellation of oil and gas lease dated May 28, 1941, from J. C. Dibrell, Jr. et al to Gladys Huffman, in so far as said lease covers Section 17, H. T. & B. Ry. Co. Survey, Coleman County, Texas, except the NE 1/4 of SW 1/4 of said survey. Plaintiff alleges that the primary term of said lease expired and that Lessee or her assignees have not produced oil, gas or other minerals under said lease from the land subsequent to Jan. 1st, 1950, in paying quantities, and that said lease was not extended by any other term or provision, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Coleman, Texas, this 28th day of May A. D. 1958.

Attest: G. A. HENSLEY, Clerk 119th District Court Coleman County, Texas. (SEAL) 23-25c

NOTICE OF HEARING OF A PETITION FOR THE FORMATION OF COLEMAN COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

THE STATE OF TEXAS
COUNTY OF COLEMAN

TO ALL PERSONS WHOSE LAND IS INCLUDED IN OR WOULD BE AFFECTED BY THE CREATION OF COLEMAN COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1:

Pursuant to an order of the County Judge of Coleman County, Texas, dated the 27th day of May, 1958, notice is hereby given that a hearing will be held by the Coleman County Commissioners' Court on the 30th day of June, A. D. 1958, at ten o'clock A. M., at the Coleman County Commissioners' Court room in the Court House at Coleman, Coleman County, Texas, upon a petition filed with the County Clerk of Coleman County, Texas, on the 22nd day of May, A. D. 1958, for the organization, formation and creation of COLEMAN COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1; at which time and place any person whose land is included in or would be affected by the creation of such district may appear and contest the creation thereof and may offer testimony to show that such District is or is not necessary, would or would not be a public utility and would or would not be feasible or practicable.

That the nature and purpose of the creation of such District is for the better distribution, control, storing and preservation of the storm or flood waters of Muke Water Creek, a tributary of the Colorado River. The general nature of the work to be done will be the construction of a series of eight flood detention dams on the head waters of Muke Water Creek; such detention dams will have a series of draw down tubes which will allow the additional flow of water within Muke Water Creek for a period of fifteen to thirty days after a substantial amount of rainfall, thus materially reducing the damages to crops and rangelands and impounding water for irrigation purposes.

Said District is to be composed of an area of approximately 82.5 square miles all in Coleman County, Texas, and described by metes and bounds as follows:

BEGINNING in the North line of the B. Kuykendall Survey 12 where said line intersects the East line of Coleman County and the West line of Brown County for the Southeast corner hereof; said corner being about three miles South of and about one mile East of the town of Trichman, Texas;

Eastern Star Installs New Officers In Public Ceremony

On June 2nd, at 8:00 p. m. the Santa Anna Chapter No. 247, Order of Eastern Star, held a called meeting for a public installation of the 1958-59 officers.

An impressive candle lighting service was conducted by Don Smith of San Saba and Jim Furbur of Johnson City, nephews of Willie Bostick, Worthy Matron-elect. Lorene Rice and Mrs. Billy-Maness, Mrs. Wadnee Slattering and Mrs. Bob Smith of San Saba, formed lines on each side of the altar, holding pink lighted candles, as Ronnie Furbur of Johnson City presented white Bibles.

Rosa Bass, Worthy Matron, entered with her officers, carrying nosegays of gold stars centered with red roses and green streamers.

Alice L. Walker, Conductress, opened the Bible. The Lord's Prayer was given in unison.

Dick Bass, Worthy Patron, led the chapter in giving the Pledge of Allegiance to the flag.

Our National Anthem was sung with Miss Arlene Welch at the piano.

Rosa Bass, Worthy Matron, gave the welcome and recognized visitors from Brownwood, Coleman, Bangs and Zephyr, also Milton House, Worshipful Master of Mountain Lodge/661.

The distinguished guest, Vanita Martin, Past Deputy and Past Matron of Brownwood, was introduced as Installing Officer, and was escorted to the East.

She introduced her assistants: Billy Maness, Installing Patron; Neda Caskey, Installing Chaplain; Zuda Henderson, Installing Marshal; Lillian Herndon, Installing Secretary; and Laura Brewer, Installing Organist.

Mrs. Edith Golston was the gracious mistress of ceremonies. After Rosa Bass' farewell address, she retired using her March with her officers. All were wearing white formals.

The following officers were installed: Willie Bostick, Worthy Matron; Jack Bostick, Worthy Patron; Alice L. Walker, Associate Matron; Add T. Walker, Associate Patron; Lora Rollins, Secretary; Blanche C. Grantham, Treasurer; Charlotte Scott, Conductress; Viona West, Associate Conductress; Rosa Bass, Chaplain; Carmen Donham, Marshal; Fannie Bryan, Organist; Billie Guthrie, Adah; Frances Everett, Ruth; Myrtle Gray, Esther; Lois Avant, Martha; Bertha Allen, Electra; Nora Goen, Warder; A. D. Donham, Sentinel.

Each officer carried a white Bible with pink rose on top, tied with brown and gold satin ribbon, decorated with pink nylon butterflies and gold cross. The Bible was closed.

Paula Ruth Robinett sang, "Evening Prayer" and "My Task" very beautifully, accompanied by Arlene Welch. Welcome and address was by Willie J. Bostick, Worthy Matron. The Chapter Jewels were presented at the altar by candle light by Willie Bostick and Jack Bostick, to Rosa Bass, Past Matron and Dick Bass.

The candle bearers mentioned above, served at the altar. Mrs. Golston read a beautiful poem, "A Rose", to Mrs. Bass.

The Worthy Matron's colors of pink, brown and gold, were emphasized in the decorations, which were mainly pink nylon butterflies, pink candles and pink roses. A pink trellis, covered with pink roses with large words, "Faith, Hope and Charity", formed a back drop in the East.

In front of the pedestal in the East was a large gold basket, filled with pink hollyhocks.

Following the meeting, an informal reception was held. The refreshment table was decorated with arrangements of pink roses, butterflies and brown candles, her chosen colors.

The table was laid with pink nylon net cloth and caught at the center and corners with satin bows and flowers. Brown napkins engraved "Willie W. M. and Jack W. P." added to the decorations. All appointments were in crystal.

Rosa Bass, Past Matron, ladled the pink punch. Brown and yellow cookies, toasted nuts and cheese logs were served to about 66 members and guests.

10 CLUES TO CANCER

Clue No. 6, Viruses

Scientists have shown that about a half-dozen cancers in animals are caused by viruses. Some contend that all cancers may be virus-caused. And in a few animals with cancer, certain viruses have completely destroyed the cancers.

Some scientists are trying to "train" viruses so that when they are injected into cancer patients, they will go to the cancers wherever they are and destroy them. So far, these measures have met with only partial success in treating humans. But studies are being continued.

Mrs. Paul Bivins of Coleman, who still owns her farm near Santa Anna, was here Monday afternoon and told of attending graduation exercises for a nephew, Kenneth E. Heallen, from the Southwest State Teachers College at San Marcos, May 25.

Kenneth is a son of Mr. and Mrs. O. M. Heallen of Austin and lived here as a small boy. The family is well remembered in this area. All live in Austin.

Mr. Heallen is in poor health but he and all the family attended the graduation exercises.

Mr. and Mrs. R. V. Darnell of St. Helena, Calif., and Mr. and Mrs. Reed Rankin of Loma Linda, Calif., came at the weekend and are here for a weeks visit with their mother, Mrs. J. H. Freeman. The group had supper Sunday night with Mr. and Mrs. Lester Freeman.

Please help elect Gordon Griffin District Attorney. Pol. Adv.

 OFFICE HOURS 9:00 A. M. to 5:00 P. M. SATURDAYS, 9 to 2

To The Voters Of Precinct No. 2:

I am asking you to re-elect me to a second term as your Commissioner.

During my term, there have been built more than 40 miles of State Highway and Farm-to-Market roads. On these roads I have built some 75 miles of fence. More of these roads are to come, and I will continue to try to get every additional mile possible.

I have devoted my full time to this job, and have tried to give each part of the precinct its share of work.

Adverse weather conditions and money shortage have caused me to leave undone many things that need to be done.

If re-elected, I will continue to give the people the same courteous service that I have in the past and will do everything possible for the betterment of Precinct No. 2.

National Guard To Leave Sunday For Encampment

Austin (Sp) — One of the biggest and most important post-war encampments of the Texas National Guard's 36th (Texas) Infantry Division gets underway June 8 with near-record strength of more than 10,000 Texans. More than 2,200 West Texans will be present for this encampment. Included will be 50 Santa Anna Guardsmen, members of Santa Anna's own Tank Company, 12nd Infantry Regiment. Basic combat training is to be the order of the day, every day, according to an announcement by Major General Carl I. Phinney of Dallas, commanding general of the historic 36th.

The "T-Patches" will go through a concentrated basic combat training program designed to make every one of them basically combat trained. These maneuvers are to be a climax to a year-long basic combat training General Phinney explained.

"When the 36th returns home June 22," he said here recently, "it will be at the highest basic combat training point in its post World War II history."

This encampment, the 11th annual training camp since the 36th reorganized after the war, is to begin June 3 and run through June 22.

General Phinney, a Dallas attorney, will be at the head of the "T-Patch" Division for the sixth year. Brigadier General Robert M. Ives of Houston is the Assistant Division Commander. Brigadier General James E. Taylor of Austin is commander of the division artillery and Colonel Thomas S. Bishop of Austin is chief of staff.

Twenty West Texas cities are represented within the ranks of the historic 36th Division, numbering 2,223 men.

Santa Anna's Tank Company is a component part of the vast 142nd Infantry Regiment which covers North, West and Central Texas. From Borger in the Panhandle, the 142nd stretches southeast to Stephenville and Lampasas and west to San Angelo. In that large area the famed 142nd has units in 16 cities.

Numbering 1,648 men, the 142nd Infantry Regiment, with its motto, "I'll Face You," is headquartered in Amarillo and commanded by Col. Everett S. Simpson, an Amarillo attorney.

The tank company is designed to support in combat the rifle companies of the regiment. Armed with the gigantic 100,000-lb. M47 tanks, such a unit is of great value to the regimental commander.

The Santa Anna unit will have a number of M47 tanks available at this encampment and has planned considerable training exercises with them.

The Santa Anna unit is under the command of 1st Lt. Billy J. Harvey of Santa Anna. Tank platoon leaders in the unit are 2nd Lt. Joe E. Flood of George West, 2nd Lt. Jimmy L. Robinett of San Angelo and 1st Lt. Eric B. Stark of Santa Anna.

The Santa Anna unit is to leave for North Fort Hood in two groups. The advance detachment, which prepares the encampment area for the arrival of the main body, is to leave at 6 a. m. Friday, June 6. The main body is to leave at 6 a. m. Sunday, June 8th.

Please help elect Gordon Griffin District Attorney. Pol. Adv.
