COLEMAN COUNTY STORY

Frank Brooks Relates Store Of Early Settlement Of Santa Anna In "The Gap"

From "Into The Setting Sun" by Mrs. R. C. Gay.

Frank Brooks also told of his early life to Mrs. Gay, and it is recorded in her book. He says: "May father, W. C. Brooks, came from Hunt County about 1877. I was eighteen years old. We settled down on Sweetie, a tributary of Hay Creek, five miles south of the mountain. That was the way the cattle all ranged then. The trail followed the old military road through the gap.

Earl Brown and his nephew, Owen Gibson, Johnson County men, had the Lazy B cattle down on Home Creek at that time and we helped them for a year or two. Henry and John Brown, also nephews of Earl Brown, were with us.

The first house ever built at the mountain was owned by Duke Jackson. It was located a little to the west of the gap, and to the present day, this has been a favored location for a home. Mr. Jackson had a bachelor brother-in-law who lived with him. Mr. Simpson, another relative, built a house east of the gap under a spring from which flowed a little stream of clear cool water down the hillside. On the banks of the stream, laved by its refreshing coolness, lush and green the wild mint and watercress grew in the springtime.

The Atterbury's also lived in a cabin nearby. In 1878 we moved to Santa Anna Mountain, and bought out a little store which Mr. Walton of Brown County had built in the gap on the military road. This store was a one-room cabin about 12x14 with a dirt floor. It had first been located on Mud Creek about 6 miles east of the mountain, and was made of rawhide lumber sawed by Cross and Mullins at Thrifty. Lewis Taylor, my sister's husband, built a little house near us and put in a little stock of groceries.

The next man to join us was Henry Brown, who came in 1879 bringing his family which consisted of a wife and a couple of small children, and who also built a store. One small room with perhaps a lean-to at the back served all purposes of store and home. The Crosby Brothers, W. J. and Tom, came late in 1879 and bought out Lewis Taylor.

By that time we thought we had a town and called it "The

Gap". All the houses were built to parallel the military road, which ran north and south.

In the fall of 1879 a petition for a post office was sent in by my father signed by W. J. Crosby, L. O. Rendleman and A. C. Walters as bondsmen.

There has always been much controversy in regard to the name of the town and mountain. Some of the old-timers claim that the name of the Kiowa Chief, Santana, was the one selected, and changed by the postal authorities at Washington. Then we have the Mexican General Santa Anna. Or who knows what Spanish Padre or group of Spanish gold-seekers may have come upon the spring of cool water and named it "Santa Ana" in gratitude?

Editor's note: A number of our friends and readers have asked how long we intend to carry this series of articles on Coleman County. We intend to carry them just as long as we have material available. Just how long the material we have will last, we are not sure at the present time. However, we have enough for several weeks yet. We would like to have a number of longtime residents of this area prepare articles for us for publication later in the year. If you would like to do this, we ask that you be sure what you state is authenticated and please sign your articles. We believe a lot of history could be recorded in this manner that may never otherwise be put on record.

Santa Anna Council Of Church Women 5th Monday Meeting

The women of the First Christian Church were hostesses Monday afternoon at 3:00 p. m. for the regular 5th Monday meeting of the Santa Anna Council of Church Women.

Mrs. Oscar Boenicke, host president, presided and led the singing, with Mrs. J. W. McClellan at the piano. Songs used were, "Praise Him, Praise Him" and "The Lily of the Valley".

Mrs. Coy Brooke conducted a very interesting devotional, using portions of the Songs of Solomon and other scriptures fitting in with the songs and other features of the afternoon. She closed the devotional with a prayer.

Mrs. A. L. Oder talked on "Plants of the Bible," which included trees, vegetables, nuts, spices, etc.

At a business meeting which followed, Mrs. Robert Markland, Council president, presided, and Mrs. Clifford Stephenson read minutes of previous meeting. Discussion of ways to increase attendance at the meetings was engaged in. It was decided to let the host church decide whether to have an afternoon or evening meeting, and to personally invite people to the meetings.

Women to serve the organization as president for the coming year were: Mrs. L. O. Garrett, President; Mrs. Thomas Myron Hays, Vice President; and Mrs. Louis Miles Guthrie, Secretary and Treasurer.

The next meeting will be with the Methodist ladies on September 29th.

The group adjourned to the church annex, which has recently been recon-ditioned. Two large arrangements of blue bells were used to decorate the church. In the annex in the double receiving rooms the table was laid with a lace cloth, centered with a large arrangement of bright gladioli.

Home made cake squares, iced in pink, mints and nuts and raspberry sherbet punch were served from a crystal service. Mrs. J. R. Gipson gave each one the name of a Bible husband or wife, on a slip of paper. Each was to fill out the companion's name.

DAUGHTER BORN TO SHERMAN CONNERS

Mr. and Mrs. Sherman Connors of Brownwood, announce the birth of a daughter, Tammy Jean, June 23 in Brownwood. Weight was 7 pounds and 9 oz. The Connors are former teachers in the Santa Anna schools.

Mr. and Mrs. Tom Robin and children, Joan and Walter, returned to their home in Houston, Sunday. They had been here for several days visiting their parents, Mr. Jim Robin and Mrs. C. D. Bruce and other relatives.

Dr. W. B. Sealy To Receive Award At Homecoming

Officers of the Santa Anna Ex-Student Association are working diligently in an attempt to contact all the exes of our school. This has proved to be a very hard task, due to the constant changing of addresses. During the past week a letter was mailed to everyone whose address is in our file. However, many of these were returned because of incorrect addresses. Efforts are now being made to acquire the correct addresses.

As previously announced the Homecoming activities for this year have been set for November 7 and 8. Every effort is being made to make this year's event the most outstanding in history. There have been a few added attractions to encourage a greater attendance and to make the program more entertaining.

The outstanding addition is the Ex-Student of the Year Award. This is to be an annual award to one of our ex-students who has made a definite contribution to society. When the officers began to consider the possibility for our first such honoree, we found that there are many former students of whom we can certainly be proud. Consequently, the selection was surely a difficult task. The person chosen by a unanimous vote of the officers to be the Ex-Student of the Year for 1958 is Dr. W. Burgess Sealy, who is widely known as being one of the foremost surgeons in the Southwest.

On Friday night, Nov. 7, Burnett will supply the opposition for the Homecoming Football game. This will probably be one of our stronger opponents in the coming season, as they have just dropped down from a AA classification.

If you know the correct address of any ex-student who has moved during the past few months, please leave it at the post office in the Ex-Student Association box.

Mrs. Paul Byrom, Fred and Patsy of Brownwood, visited on Wednesday evening with her aunts, Mrs. Mace Blanton and Mrs. Sue Walker.

Mr. and Mrs. Roy Hattaway and three children, Roy Gene, Sharon Sue and Kathy Pearl, and his nephew, Cary Hattaway of Sandersville, Ga., came Tuesday of last week and visited until Sunday with her parents, Mr. and Mrs. S. S. Baker. While here all members of the Baker family came.

Mr. and Mrs. O. B. Yancy of Abilene visited at the weekend with Mr. J. T. Baird. Others of Mr. Baird's family of Abilene have visited him lately.

David Neal took Mrs. J. Y. Brannan and daughters, Frances and Linda, to Hope, Arkansas, Friday of last week, where they planned to visit a good part of a week with Mrs. Brannan's sons.

Mr. and Mrs. Sam Rutherford attended a singing in Brownwood on Sunday afternoon at the Nazarene Church.

Jesse Goen of Austin and his daughter, Martha, came and visited at the weekend with his mother, Mrs. J. F. Goen.

Mr. and Mrs. John V. Asta and their four children, Joy Elaine, Darlene, John Jacob and Robert Perry, of Bristol, Pa., visited during last week in the home of her grandfather, Telle Allison. She is the former Fleda Perry of Santa Anna and had visited in the Robert Perry home in Dallas before coming to Santa Anna.

Mrs. Roy Stockard went to Temple Friday night, where she attended the Homecoming for graduate nurses of Scott and White Hospital. Nine-hundred and ninety-six graduates attended. While in Temple, Mrs. Stockard visited Mrs. Eva Conley and Mrs. Ola Niell and Miss Alta. She returned home Sunday night.

Mary Ann Tupin returned to her home in Dallas Friday, after a several days visit here with her aunt, Mrs. Pat Hosch.

NOTICE — Because of shortage of space and time we have had to leave out several items of local interest. These will be published next week.

Mrs. H. W. Pittard presided over the business meeting, which consisted of appointing a committee to arrange an antique window in town for Santa Anna Centennial and setting a date and making plans for the Candidate Rally at Liberty.

Visitors are always welcome.

Hibbard Polk of El Paso, youngest of the E. R. Polk family, was here on business Monday and Tuesday and visited with his cousin, Mrs. Norval Wylie.

Interest in the Santa Anna Day of the Coleman County Centennial observance, Saturday, July 5th, gained considerable interest this week with a large number of persons cooperating by wearing early day clothes and other items of apparel, advertising the Centennial. Numerous local citizens visited The News office and other business establishments in their neat, early-day costumes. Several left keepsakes with us and they will be displayed in the store room window, just west of The News office.

Lots of other windows in town are being readied for the observance with most all civic and cultural groups fixing a window display. All windows are to be completed by Saturday, July 5th.

Mrs. Wanda Campbell, chairman of the local Centennial observance, announces the program for Saturday has been completed and will begin at 2:00 p. m. when an old-time "saloon" will be opened in the Stockard building, first door west of the Santa Anna Beauty Shop. Free lemon-ade and coffee will be served and everyone who visits the "saloon" is invited to register as you enter the door. A number of local ladies will be "belles in the saloon". About 5:30 p. m. some other ladies will break up the "saloon" by walking in, taking the "liquor" and breaking it in the street. This should prove to be very interesting, and depicts a scene that actually took place in Santa Anna in about 1890.

The first part of the evening program will be the hound dog show, which will begin at 5:00 p. m. Every boy and girl in this area who has a dog, regardless of breed, size or sex, is invited to bring the dog to the show. All dogs must be on a leash at all times. Clifford Morris will be in charge of the dog show and will do the judging. First, second and third places will be selected with the first place dog getting a ribbon and \$2.50; second place will receive a ribbon and \$2.00; and third place will receive a ribbon and \$1.50. The "whiskey" breaking will follow the dog show.

Plans are to have a fiddler on hand to play some old time numbers while preparations are being to recognize the honor guests. To be recognized and presented awards will be: First, the oldest native couple present. This is the couple who were both born in Coleman County and married in Coleman County; second to be recognized will be the oldest native man present; and third will be the oldest native woman present. A barber-shop quartet will sing some selections following recognition of the old settlers.

During all the above, some boys will be playing "poker" in the street and as a final to the short program, some young ladies will approach the poker players and sing several hymns to them, attempting to reform their "wicked" ways, duplicating another scene of the early days in Santa Anna.

The Santa Anna Band will also play during the program. Everyone is invited to be in Santa Anna during the afternoon and early evening and to wear your Centennial costumes. Because the weather will likely be hot, the program has purposely been made short. However, the saloon will be open from 2:00 p. m. to 5:30 p. m. and all the windows in town will be decorated in the Centennial theme.

The program on the street will be held between the bank and hotel building.

Old Snuff Box To Be On Display For Centennial

An old snuff box, belonging to the mother of Jesse and Frank James will be on display in The News Office store room window throughout the Centennial days. This snuff box was loaned us by Mrs. E. J. McCoy, a distant relative of the James family. Mrs. McCoy said this was the only possession of the James family that she has.

Many other interesting items will also be on display in this window along with most all the other windows in Santa Anna.

An old flour sack that was used by the Cheatham Brothers at Trickham for sacking flour will also be on display. This is the property of Mrs. Bob Johnson of Rockwood, a daughter of one of the Cheatham boys.

Everyone is invited to be in Santa Anna during the local observance on Saturday. You can spend most of the day enjoying looking at old time keepsakes in windows all over town.

During the afternoon everyone is invited to participate in the Centennial observance.

**Granddaughter of E. S. Haynes' Marries
In Ceremony At Tomball Saturday, June 21st**

MR. AND MRS. BOBBY GENE SEALS

Before an altar of greenery, with baskets of white gladiolus, enhanced by tall tapers, held in wrought iron candelabra, Miss Connie Joe Haynes of Tomball became the bride of Mr. Bobby Gene Seals of Magnolia, June 21, at the First Baptist Church in Tomball. The double ring ceremony was performed by Rev. Gerald Canon of Magnolia.

The bride is the daughter of Mr. and Mrs. J. G. Haynes of Tomball and a granddaughter of Mr. and Mrs. E. S. Haynes of Santa Anna and Mr. and Mrs. G. O. Welch of Bangs.

The groom is a son of Mr. and Mrs. J. W. Seals of Magnolia.

Given in marriage by her father, the bride wore an exquisite gown of chantilly lace, satin and tulle, an original design. It was created with a battian, accented with hand clipped lace medallions and seed pearls, above a yoke of sheer tulle. The sculptured lace bodice was fastened with small lace buttons and traditional long bridal sleeves ending in petal points at the hands. The diaphanous tulle skirt and train were enhanced with hand clipped lace medallions. Her fingertip veil of imported silk illusion was held in place by an alcon lace cap covered in seed pearls with a drop pearl center. Her jewelry was a string of pearls and drop pearl earrings. The bride's bouquet was a white Bible centered with a white purple throated orchid with garlands of agapanthus.

The groom was attired in a light suit with an orchid carnation boutonniere.

The bride carried out the traditional something old, new, borrowed, blue and a penny in her shoe. Something old was her Grandmother Haynes' petticoat she was married in over fifty-five years ago. Something new were her wedding gown and veil. Something borrowed was her sister's Bible she carried in her wedding. Something blue was

her blue bridal garter. For luck the bride had a penny in her shoe.

Mrs. Jimmy R. Millsap of Bloomington, was her sister's matron of honor. Mr. Russell Seals of Liberty, served his brother as best man.

Mrs. Millsap was dressed in a purple taffeta and net ballerina length gown featured with an off shoulder drape on the bodice and also a drape on the skirt, with matching hat, gloves and shoes. She carried a parchment fan with different tones of purple, covered with Vanda orchids and agapanthus.

Mr. Seals was dressed in a white dinner jacket and dark trousers with an orchid carnation boutonniere.

Miss "Snookie" Willis and Miss Pat McBride, both of Tomball were bridesmaids. Miss Jeanelle Haynes of Tomball, sister of the bride, Miss Carol Seals and Miss Jo Ann Seals of Magnolia, sisters of the groom were Junior bridesmaids. The bridesmaids were dressed identical to the matron of honor except they wore small hats. Miss Carol Haynes and Miss Janice Haynes, sisters of the bride, were flower girls. They were dressed identical to the bridesmaids.

Groomsmen were Mr. Wayne Seals of Magnolia, brother of the groom, Mr. James Haynes and Mr. Jerald Haynes of Tomball, brothers of the bride, Mr. Jimmy Green and Mr. James Skinner, both of Magnolia. Ushers were Mr. Wayne Seals and Mr. Jimmy Green. The groomsmen were dressed identical to the best man.

Miss Arleah Bruce played the traditional wedding music and accompanied Rev. Paul Wakefield of Tomball, who sang, "I Love You Truly" and Rev. W. H. Gray, Jr., of Willis, who sang, "Because" and "The Lord's Prayer".

Miss Janey Muller registered

the guests. Miss Muller was dressed in a lilac taffeta dress with matching shoes. It was princess style with V neckline, and accented with bows at the back. Her corsage was of vanda orchids.

For her daughter's wedding, the bride's mother chose a navy semi-formal dress of crepe with matching navy and white accessories. Her corsage was of vanda orchids. The groom's mother was dressed in a light blue street length dress with matching white accessories and vanda orchid corsage.

The reception was held immediately following the ceremony on the church lawn. The bride's table was lilac, covered with a lace tablecloth. The centerpiece was the bride's bouquet surrounded by the bridesmaids bouquets. Mattie Lancaster of Midland, cut the beautiful traditional three-tiered wedding cake. Mrs. Maurice Blair of Coleman, assisted at the punch bowl. Both are aunts of the bride. They were dressed identically in lilac taffeta dresses, with matching shoes.

For her trousseau, Mrs. Seals chose a navy blue-silk suit with navy shoes and purse and white hat and gloves. Her corsage was the white orchid from her bridal bouquet.

After a honeymoon trip to New Orleans, La., Mr. and Mrs. Seals will make their home in Liberty, where he is employed by a construction company.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

HENRY A. HOLLE, M. D., Commissioner of Health

If you are the parent of a youngster who will start school for the first time this fall, you can help yourself and the State Department of Health by requesting a copy of his birth certificate record now.

Most school systems require a birth certificate to prove the child was six years old on September 1. By making early requests for birth records, parents can save themselves needless anxiety, their children some missed classwork, and the Department a great deal of time.

Several hundred parents have already requested and received records of their children's birth, but tens of thousands of additional records will have to be processed between now and the time school doors swing open for the new term. If too many people delay until August — as they usually do — the resulting bottleneck could very well mean your youngster will be barred when that first school bell rings.

The reason is obvious: The limited staff of the Division of Vital Statistics — despite long hours of night and weekend work with overtime pay — can search just so many files, extract just so many records, and photostat just so many copies in time for school's opening.

Birth record keepers shudder when they think of the 247,500 children — an estimate supplied by the Texas Education Agency

— who will be eligible to enter school for the first time this September.

Many of them have copies of birth records and will create no problem. Others live in areas where school officials do not require proof of age before admitting the child to classes.

But the majority do not have certified proof of age, despite the fact that they live in areas where authorities insist on such proof. This is the category that means sleepless nights for health department statisticians and clerks.

The Department is prepared to give immediate service to requests coming in between now and mid-July. All parents have to do is give the child's name and date and place of birth, the mother's maiden name and the name of the father. That information, plus the legal fee of one dollar will buy anyone a copy of their birth record, providing the original is on file.

It's a good bet the original will be filed, since the Department keeps track of some 10 million birth and death records, some dating back to 1903.

There is just one more thing; if you don't care to write to the State Department of Health in Austin, check with your local registrar or county clerk. Chances are he can supply the record.

In either case do it soon. That fall bind can get mighty tight.

Accepted enlistees will train with the 1st Battle Group at Fort Riley, Kansas, before going to Europe.

Further information may be obtained from M/Sgt. Leonard M. Evans at 900 North 3rd St., Abilene.

Tub Cheaney and son, Joe, of Pharr, Texas, were here during last week, visiting with his father, J. M. Cheaney, and his brother, the O. L. Cheaneys.

Turner Oakes, age 82, is now able to come to town and greet his old friends, after his several weeks stay in a hospital and recuperation. He is looking extra well.

White Stresses Gains In Agriculture In State Campaign

A major advance for the Texas Department of Agriculture was claimed by Commissioner John C. White this week with the announcement that Texas now stands first among 12 southern states in the amount and enforcement of farm legislation.

"Since 1951, we have jumped from seventh to first position in modern farm laws", said White. "These legal provisions have enabled us to increase our services in Texas by as much as 30%. As a result, Texas can no longer be regarded as an agricultural dumping ground for inferior products from other areas."

The 33-year-old commissioner, who is seeking re-election to the top farm job in Texas, added that "ten years ago we were a convenient 'garbage pail' for the nation. Today, we can put more trust in our own production and know that farm goods shipped into the state must meet certain quality standards."

Commissioner White cited his re-organization of the Department as a major factor in modernizing and increasing farm services. It marked the first big overhaul in its previous 47-year history and helped put many programs on a self-supporting basis.

"Our goal during my past seven years in office has been to increase state services without making constant demands for new tax money", White stated. "The clean-up of the state grain scandals, better seed laws, more effective insect controls and establishment of a market news service are just a part of the accomplishments under this system," he added.

White is actively campaigning to continue the programs he inaugurated after taking office in 1951. He defeated two opponents without the necessity of a run-off in 1952 and 1956 and was

Then on through a portion of Georgia and to Chatanooga, Tenn., where they visited the famous Lookout Mountain. In the following towns they enjoyed stopping at several places of interest, including the churches, museums and libraries at Marshall, McKinzie and Nashville, Tenn.; Then they visited with Rev. and Mrs. Burgett's daughter (Elaine) Rev. and Mrs. Thomas Ballard of Hampton, Ark. 1 Of Every 9 Texans Suffer Accidental Injuries At Home

"It won't kill you to be careful," is a familiar phrase to most Texans, yet far too many have failed to heed its words of wisdom.

This week, however, the pun is being re-emphasized by the Texas Safety Association as gardeners, housewives and farmers enter the summer stages of their work.

Records of TSA indicate that there is still much cultivating to be done. Only in this case it is a matter of cultivating safety and weeding out hazards.

For example, there is the problem of falls, which are often caused by unnecessarily cluttered steps, barns, lots, porches, garages, etc. In 1957, falls accounted for 13,600 accidental deaths in homes alone in the United States. And, on the farm or ranch, falls were responsible for one-in-four fatal accidents — making falls second only to traffic in swelling fatality columns.

Falls aren't the only hazards either. There are garden tools left lying around when not in use, unlabeled poisons, poor wiring, exposed nails and other potential accidents looking for a victim.

Too, be wary of lifting heavy objects. Get help if your moving problem is very heavy or bulky. If you can manage the load yourself, lift correctly by kneeling, being sure to keep your spine straight, get a firm hold and use your legs (not your back) for lifting power.

Exercise special care if there is tree pruning to be done. Keep your head above your work if possible, or wear glasses, to keep falling twigs or bark from damaging sensitive eyes. If you must use a ladder, make certain it is well braced on firm ground.

After handling poisonous mixtures, remember to wash your hands and exposed parts of the body. Above all, keep poisons clearly labeled and stored in an

out-of-reach spot, especially if there are small children about.

Finally, if you haven't already done so, clean out all corners, storage rooms, lofts, attics and outbuildings that may have accumulated rubbish. These breed-

ing spots for fire offer some of the most hazardous areas.

At first these precautions may seem trite, but unless these and other common sense preventatives are taken, TSA predicts that one-in-nine Texans will

suffer an accidental injury in 1958. And, they won't all be the other fellow.

Please help elect Gordon Griffin District Attorney. For Ad. GO TO CHURCH SUNDAY.

B. & M. FEED COMPANY COLEMAN TEXAS

TO INSURE A FULL MEASURE

A MEASURE OF PROTECTION. Practically everything we buy — from the main course of Sunday dinner to the cross-town ride in a taxicab — is bought in terms of measure or weight. And the accuracy of devices which function to give us and those we patronize correct weight or measure of great importance.

In Texas, the responsibility for seeing that such accuracy is the rule is a little-known but highly significant function of the Texas Department of Agriculture.

Through vigorous enforcement of our Texas Weights & Measures Law by regular investigation and frequent spot-checking, savings amounting to many thousands of dollars annually are effected for Texas citizens.

Such protection is not accidental in its accomplishment. Since 1951, when I first took office, frequency of weights and measures violations have decreased in some instances by as much as 300 per cent.

For example, in 1951, about seven out of ten pre-packaged food items such as meat, poultry and cheese were incorrectly marked as to weight; during

1957, an average of only three out of ten were found incorrectly marked, and two of these were very apt to be in the buyer's favor.

In another area of major consumer expense where measure is of great importance — gasoline purchasing — an accuracy improvement of over 100 per cent has been effected since 1951.

Seven years ago, the state average for faulty gasoline pumps was 1 out of every 4.5 inspections.

In 1957, a total of 43,203 Texas pumps were checked and only 4,623 were condemned for repairs — averaging 1 for every 9.1 pumps.

To have achieved such results has not been without effort. Last year, we pushed our record to a total of 574,081 inspections of weight and measuring devices — ranging from tiny intricate pharmaceutical scales to ton-unit hopper scales. This is almost twice as many as the 299,201 made in 1951.

With this increase in services has come the resultant increase in protection. And added experience, increased legislative support, and encouragement from all Texans has made this possible.

28 Predicted To Die On Texas Highways Over Holiday

The Texas Department of Public Safety issued a reminder to Texas motorists today that the gaily celebrated Fourth of July normally carries with it a tragic thing called death. In doing so the DPS predicted 28 motorcides will occur in this three-day holiday.

The department's Operation Deathwatch covering all forms of violent deaths will be held from 12:01 a. m. July 4 through 11:59 p. m. July 6. This includes the full 4th week-end.

In making the announcement, Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, said that an intense effort will be made throughout the state by enforcement officers under his command to make our highways safe for Fourth of July drivers.

"We will make every available effort to remove the dangerous driver from our highways. Patrolmen in three of this department's law enforcement services—Highway Patrol, License and Weight and Motor Vehicle Inspection—will use every available enforcement aid to apprehend the accident-prone driver.

"These Patrolmen would appreciate your help during this high accident period. We ask that you drive safely; don't drive too fast or too long, and follow our traffic laws to the letter. Your help in driving correctly and safely will be the best deterrent to traffic accidents."

The prediction of 28 motorcides for the three-day period came from N. K. Woerner, DPS statistician, who originated the idea of estimating the state's holiday death toll in 1940.

The veteran statistician, who very closely predicts holiday motorcides, said the all time high toll for a three-day July 4th was in 1954 when 33 persons were killed in 26 fatal accidents. Twenty-eight were killed in a similar three-day period in 1953, and 29 died during the three-day July 4th holiday of 1952.

The Operation Deathwatch to be held by the DPS includes a count of all violent deaths in Texas during the predicted period. No estimate was made of homicides, suicides and accidental non-traffic deaths. The predicted 28 covers only those killed in traffic accidents.

Garrison urged Texans to do

All Law Enforcement Officers To Be On Duty This Weekend

Major Wilson E. Speir, Regional Commander of Region No. 4, Department of Public Safety, announced today that Operation Deathwatch for the three day July 4th Holiday Period will run from 12:01 a. m. July 4 through 11:59 p. m. July 6th. A total of 28 motorcides have been predicted for this period.

Major Speir said that all uniformed enforcement personnel of the Motor Vehicle Inspection Service, License and Weight Service and Highway Patrol service of the Department of Public Safety would be assigned traffic duties during this period. All holidays and days off have been cancelled. Patrolmen will

their celebrating in a sensible manner. Deaths, he said, caused by drownings, food poisoning and accidental shootings will not occur if precautionary measures are taken in advance of the tragedies.

During the one-day July 4th holiday during 1957 eight accidental deaths occurred, two homicides and suicides were recorded, and 15 persons became traffic fatalities.

operate radar extensively during this period in an effort to reduce the death toll.

Speed and DWI violations will be the primary target of Patrolmen during this period as these two violations contribute to traffic deaths more than any other violations.

Motorists are urged to cooperate in the reduction effort by observing all traffic laws, drive defensively, don't gamble your life and that of your loved ones on a few seconds you might gain by driving at excessive speed.

"Let's commemorate the 4th of July in the proper spirit and live for others to come," Speir said.

George Owen, with the Coast Guard in Georgia, came Saturday and visited until Sunday afternoon with his grandparents, Mr. and Mrs. Jim Owen. He then went to Dallas for a visit with his mother, before returning to his assignment. He is a son of the late Jesse Owen.

Mrs. Jim Owen had a long distance call early last week from a sister, Mrs. Bill Smartwood in Bakersfield, Calif. They had a pleasant visit over the phone.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

Ye shall know the truth, and the truth shall make you free. (John 8:32.)

From prison a man wrote a letter to the detectives who helped put him there. He said, "I want to thank you boys for helping me tell the truth. This is the first time in twenty-five years that I have been really free."

For a quarter of a century another man had suffered for a crime which the author of the letter had committed. He had been free from the confinement of a prison during all those years, but deep down inside he was not free at all. He was bound and bothered by the fal-

school under which he lived. It was only when he told the truth that he was truly free.

Jesus told His disciples centuries ago that real freedom comes as a result of living by the truth in all areas of life. The greatest liberator of life is truth, for all truth is of God and has its origin in Him. True freedom, for individuals and nations alike, is a by-product of truthful living.

PRAYER

Help us, Father, to be guided by truth in all we do and say this day. So may we experience the freedom that has its origin in Thee. In the name of Jesus, who taught us to pray, "Our Father who art in heaven..." Amen.

THOUGHT FOR THE DAY

When we live by truth, we live according to God's Plan. —J. Sanford McDonald (Georgia)

Mr. and Mrs. Fern Bengel and girls, Betty Sue and Jurita, came Sunday from Atlanta, Ga., for a two weeks vacation with their parents. Mr. and Mrs. Charles Bengel and other relatives, their coming at this time was a pleasant surprise to the home folks.

Mr. and Mrs. W. L. Wallace and family visited in Brownwood Sunday afternoon with his sister, Mrs. Ila Burton.
