### A TEXAN LOOKS AT THE WORLD

After spending about four months on a trip around the world, a Texan named John F. Achterberg has returned recently to give his fellow citizens the cause of 400 inches of rainfall. benefit of certain sharp observations. Some of his comments were printed in his local newsvations. Some of his comments were printed in his local newspaper, the "El Paso Times." Mr. Achterberg was motivated in asking questions wherever he went, he says, by his concern for the future of our country. Some of his observations and reports bear sharply upon the present of the incomments spent to please the Combodians and dream of being reint carnated into a higher life but there are not enough cars to make any great use of the high and take up his cross, and follow who will do nothing to better their existence in this life, is being helped by American taxpayers. It seems to me this is a problem for the Indian leaders to shake up their thinking and put shake up their thinking and put writes Dr. James Reid, "which country where people do not be can get from any source the

WASHINGTON

The case originated in Tennessee when a group of urban citizens filed a suit in federal be drawn? court, attacking the State's apportionment of legislative districts, and contending that they were being deprived of fair and equal representation because under Tennessee law rural areas were being heavily favored in representation at the Statehouse.

The Supreme Court decided such apportionment laws may Mr. and Mrs. A. D. Eppler be reviewed by federal courts to determine if such representation is fair and equitable.

But the 6-2 ruling drew a vigorous dissent from Justice Frankfurter who contended this issue was local in nature, was our doctrine of separation of power between the three branch- urday. es of government the judiciary. Visitors with Mrs. Sam Dalton

## It's Time For .... EYE CARE

Dr. Newton K. Wesley

Cataracts:

Years ago it was thought that those with cataracts would have to postpone an operation until the cataract had "ripened". This is not true today.

Modern surgical techniques have made this opera-tion safe and ef-fective 95 times out of 100. The decision to operate is usually made by the doc-

Wesley tor when the cataract has affected the vision enough to interfere with the following of one's profession.

Surgery is the only known effective every fear a cataract condi-

fective cure for a cataract condi-tion. Don't be misled by "cure-all" claims of curing this condition through the use of salves, eye

through the use of salves, eye drops, or other such means.
Cataracts, the most important single cause of blindness among adults, occurs when the normally clear lens within the eye becomes clouded, blocking some or all the light rays entering the eye. If the cloudiness is slight and the vision is not interfered with an operation is not interfered with, an operation may not be necessary. However, if the cloudiness is extensive enough to obscure vision, the doctor will, no doubt, recommend an operation. A person operated on for cataracts must wear corrective lenses for the rest of his life. A pair of special glasses or, in some cases, contact lenses, are neces-sary to replace the clouded lens removed from the eye.

Cataract sufferers can be assured that, thanks to today's modern methods, the surgical treat-ment is safe and highly effective.

### WATER LOANS HIT

The state will borrow another \$15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects.

Texas Water Development Board has the authority to bornocent and provide medical row up to \$100,000,000 for this evidence against the guilty.

Its first bond issue of \$10,000,-000 is nearly used up in four loans. So another \$15,000,000 worth of bonds will be sold.

Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will Although the Legislature late- get a \$15,000,000 loan over the

### PADRE STUDY

Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Repre-Still holding the record is 1960 not passed the House of Repre-with 2,599,924 Texans qualified sentatives because South Texas Congressmen favor a small area,

Veterans Land Board has sold 20 repossessed GI farms for \$19,-000 more than it had invested in

But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal back together by advertising for bids on an 860 acre farm in Zavala County. Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans were eligible to bid on the tracts. PROFESSORS PAY

Two University of Texas de-

The News, Santa Anna, Texas, April 6, 1962 partment heads told their trouoles as they moved into a new \$4,000,000 business and economies building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which bid up his salary from \$7,800 to \$13,-

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary

The two departments have a fine new building but are hardpressed for professors for their growing number of students.

Atty. Gen. Will Wilson has held that the new law which prohibits car-house sales on Sunday or Saturday does not prohibit the sale of mobile homes (house trailers).

New law requires retailers in many lines to close either on Saturday or Sunday.

Enjoy the Balanced Comfort of Safe,

Flameless COMFORT-

CONDITIONED

Heating

NEW LOW RATE

Speaking of economy, did you know that homes served by West Texas Utilities Company are heated during the winter morths at a low low 16 rate per kllowett hour? Enjoy this new, fow rate in your home! Ask a WTU represent-ative to discuse this new rate with you.

SAFETY, cleanliness and economy are the best-known features of flameless electric heating - so well known, in fact, folks sometimes take for granted that the all-electric Medallion home is the MOST COMFORTABLE, too! Only electricity can heat so evenly, heat so quickly, heat so dependably. When you're buying or building a home, look for the medallion that tells you your home will be "comfort-conditioned" with flameless electricity.
