## Mail Bag

BY THE EDITOR

Your editor and family, accompanied by Mr. and Mrs. Murray Cooper, were privileged to attend the candidate rally and community get together at the Liberty Community Saturday night. It is really a treat to attend one of the community gatherings and spend an hour or so visiting with friends.

All the candidates of local races that are contested were present and asked the consideration of the voters. The only candidate for a state office present was W. A. (Bill) Stroman of San Angelo, candidate for the State Senate.

After the candidate speaking, refreshments were served the group by the ladies of the community. Games of forty-two were then enjoyed.

The Liberty Community, as well as all the other local communities in this area, extend a standing invitation to others to attend their monthly get-togethers. These folks really enjoy a pleasant evening of visiting and playing games together on these community nights. We think it would be nice for more of the local citizens to get out and visit with our neighbors in our rural communities. They really seem to appreciate it.

### NEW FEATURES

This week The News contains a number of new features, such as a crossword puzzle, some cartoons designed to bring a smile to your face, a short sermon, a few articles of interest to the younger generation, as well as some of interest to our senior citizens. All we hope will be of interest to our readers.

We are going to publish these features for the next several weeks and we would like to have your opinion on them. Tell us which of the features you enjoy and these are the ones we will publish weekly.

Our help situation is still just about as critical as it can get. In fact, we have no help at all in the mechanical department and your editor continues to do all the mechanical work.

We are determined to bring our readers the best newspaper possible, with as much local news as possible. However, we urgently need your help. Please let us know when anything of interest happens, and report your news to us as early in the week as possible.

It takes about the same amount of work each week to get the paper to you. It is impossible for us to do it all on Tuesday and Wednesday. Your help in reporting your news items over the weekend or as early in the week as you can, will be greatly appreciated.

## Scout Exposition To Be Held In Coleman April 21

The annual Scouting Exposition will be held at the Coleman National Guard Armory Saturday, April 21. The exposition will consist of a series of booth demonstrations by Cubs, Scouts and Explorers of the Southern District, showing the advancement program of Scouting.

Every Pack Troop and Explorer Post in the Southern District has been invited to have a booth. A large number have indicated their intention to do so.

Admission tickets to the exposition are now on sale by most members of the Scout organizations. Tickets sell for 50 cents each, and elementary school children will be admitted free when accompanied by an adult. Units selling tickets and having an exposition booth will receive 40 percent of their sales for their local treasury, with the remaining funds to be used to cover expenses of the exposition and for the Camp Tonkawa Boy Scout Camp Fund.

## Barbara Harnes Buried Tuesday

Funeral services for Miss Barbara Harnes, 14, were held in the Stevens Memorial Chapel in Coleman Tuesday. Burial was in the Coleman Cemetery.

Miss Harnes died Monday morning on a farm near Lamesa. She is the daughter of Mr. and Mrs. Cecil Harnes, formerly of Coleman.

Survivors include her parents, two sisters, Mrs. Norena Langehenning of Coleman and Miss Gaylene Harnes of Lamesa; one brother, Darnie Harnes of Lamesa; maternal grandparents, Mr. and Mrs. S. L. Hefman of Rockwood; and her paternal grandmother, Mrs. Edna Ellis of Colorado City.

## THE AMERICAN WAY

### Did You Know?

By Tom Anderson

(Editor's note: Thos. J. Anderson, Publisher of Farm and Ranch and five other farm publications, is the most-quoted farm editor in America.)

Did you know that in Lebanon we spent \$128,000 for a cow barn to demonstrate to farmers—farmers who make \$100 a year or less?

That in Iran, U. S. tax money built a multi-million dollar beet sugar processing plant? That in the entire history of Iran they have never produced a bushel of sugar beets?

That the U. S. Department of Health, Education and Welfare made a \$33,101 grant to the Israel Institute of Applied Research to be used for making a test of husband and wife relationship? The aim is "to develop a diagnostic pictorial test of intrapersonal and interpersonal aspect of the role of relationship between husband and wife."

Another place this great scientific venture could get fruitful results would be in Newark, N. J. There is an intrapersonal and interpersonal family there which has 23 children—15 of them produced out of wedlock. Welfare payments have been diagnosed at \$969 a month.

Did you know that the New Frontier is "solving" the surplus problem by more than doubling the free food dole? In Georgia, for instance, the number of "handout hounds" has jumped from 40,000 to 154,000. It's not uncommon to see the come-and-get-it crowd loading up the free-loaders who come for their government goodies in taxis.

Did you know that more than 100,000 additional civilian employees were put on the federal payroll last year? That federal debt and spending are at all-time high levels? That the U. S. has 1 percent of the vote and pays one-third of the bills for the U. N.? That in the Cannibal Council of the U. N., the favorite new book is said to be "100 Ways to Serve Humanity?"

Did you know that you and your grandchildren will pay for: Giving grass seed to England; sending rock and roll Negro jazz bands to South America and the Far East; building an \$18 million highway for the 9,000 automobiles of Islam; paving highways in Saudi Arabia so that billionaire King Saud can be driven to and from his winter and summer palaces in his 100 goldplated Cadillac to make out with his myriad of wives; building expensive airfields in Afghanistan where most inhabitants, if they travel at all, go by camel?

Did you know that even if the farmer donated his wheat, white bread would still cost the consumer about seventeen cents a loaf?

Did you know that 459 Admirals and Generals still get extra pay as pilots? (That's "Defense?") That 62 enlisted men are assigned to the White House as chauffeurs and messboys, and 180 enlisted men at the Pentagon in similar jobs? (That's "Defense?") That the Pentagon has admitted that 20,000 enlisted men are servants for officers? (That's defensible?)

Did you know that Union Czar-racketeer Jimmy Hoffa has threatened a nationwide transportation strike if Congress places unions under antitrust laws?

That you must earn \$12,000 a year now to equal \$5,200 in 1939?

Did you know that one-fourth of the price you pay for a new car is for taxes, hidden and direct? That there are 600 taxes on a house, 100 taxes on an egg and 150 taxes on a woman's hat?

Did you know that candidate Kennedy said: "I would hope that the paramount consideration in the appointment of a judge would not be his political party, but his qualifications for office?" And that President Kennedy has nominated 60 Democrats and 3 Republicans to Federal judgeships?

That the slogan of the starving millions on mainland China is: "Better fed than Red?"

Did you know that in the last 3 years, 6 different agencies of the federal government lent \$5 million dollars to promote more poultry production? That a seventh agency spends \$12 million to buy surplus eggs from pro-

## GOOD RAINS FALL HERE!

Starting about the middle of last week and continuing through most of the weekend, good rains fell throughout most of the Central Texas area. As much as two inches of moisture fell in some areas here, with most everyone getting more than an inch. Possibilities are good that more rain will fall this week.

The moisture came to late to do the small grain crops much good. Most of the oats and wheat have already past the stage where moisture will help. A number of farmers and ranchers have decided to graze what little crops they have.

As soon as possible, lots of farmers will begin getting maize in the ground. A lot of the cotton farmers will start getting their fields planted also.

The rains have been very late this year, but we hope now that enough moisture will be forthcoming to make a good maize and cotton crop.

## Services For Mark Davis Held Tuesday

Martin Richard (Mark) Davis, 61, died in a Brownwood hospital at 2:30 a. m. Monday, after a critical illness of about 10 days following a heart attack. A resident of Santa Anna for 55 years, Mr. Davis had been employed by Precinct No. 2 of Coleman County for a number of years.

Born December 2, 1900 in Cherokee County, Texas, Mr. Davis came to Santa Anna with his parents, Mr. and Mrs. D. L. Davis, in 1906. He had made his home here since that time. He was a member of the United Presbyterian Church. He was married to Ethel Whelstone in Santa Anna, June 19, 1928. Mrs. Davis preceded him in death July 31, 1956.

Funeral services were held at the United Presbyterian Church at 2:00 p. m. Tuesday, with the pastor, Dr. Ben H. Moore, officiating. Burial was in the Santa Anna Cemetery under the direction of Hosch Funeral Home.

Survivors include one son, Don R. Davis of Abilene; one daughter, Miss Patricia Davis of Santa Anna; one brother, Wess Davis of Coleman; and two sisters, Mrs. Ruby Jackson of Santa Anna and Mrs. Cass Fry of Brownwood.

Guthrie, J. W. McClellan, Walter Holt, M. L. Guthrie Jr., W. E. Stepp and Clifford R. Lowe.

## Quarterback Club Needs Managers For Ball Season

A. D. Bowen, general manager of the Quarterback Club summer baseball program, said this week that plans for the program are progressing nicely. The club now needs to get managers for all the teams. Mr. Bowen said he would like for those interested in acting as managers to contact him as soon as possible.

Boys are being signed up now for the Pony League and Little League teams. Tryouts are being held this week for the Little League teams.

The club is also in need of several people to act as umpires during the season. If you are interested, please contact Mr. Bowen.

Nine members of the club met Monday night, with the primary discussion concerning the umpire situation and team managers. Billy Campbell, president of the club, presided.

ducers? An eighth agency teaches foreign competitors how to produce and prepare poultry products so we won't have to supply so many foreign markets? A ninth government agency prepares production control and price control regulations and procedures? A tenth agency provides 39 weeks of unemployment compensation for broiler producers on enforced vacations? An eleventh agency provides free lobotomies for poultrymen who found the business too "confining"? And a twelfth agency, headed by our most famous poultryman, Egghead Adlai Stevenson, solves all of our one-worldly problems by merging us into the omelet of humanity?

## Annual Whon Picnic To Be Held Saturday

The annual Whon Picnic will be held at the regular picnic grounds Saturday, April 14. Everyone is invited to come and spend the day or any part of the day.

The picnic is usually held the first Saturday in April but was postponed last week because of the weather. It was decided at a Community meeting Tuesday night to have it this Saturday.

The Picnic Grounds are located on the Leon Carter place, about 1/2-mile east of Whon.

An invitation is extended to all candidates to be present during the day. There will be no public speaking, but candidates are invited to be present and "do your politicking on an individual basis."

The Whon Community will furnish barbecue free to all who attend. You are requested to bring a basket lunch containing the other items you will want to eat at the noon hour.

The men of the community will begin preparing the barbecue about 3:00 a. m. By daylight there is usually a number of persons present and they continue to gather throughout the day. The picnic usually is over by around mid-afternoon.

The people of Whon want you to come and spend the day or a part of it with them. If possible, please be present.

## W. E. Calloway Buried Friday

Funeral services for William E. Calloway, 70, were held in the Hosch Funeral Home Chapel at 2:00 p. m. Friday, April 6. Rev. Raymond Jones, pastor of the First Baptist Church, was the officiating minister. Burial was in the Santa Anna Cemetery under the direction of Hosch Funeral Home.

Mr. Calloway died in a Big Spring hospital Wednesday, April 4, at 7:00 p. m. He had been a patient there for the past several weeks. He had been in failing health for the past several years.

A retired oil field worker, he was a longtime resident of Santa Anna. He was born November 17, 1891 in Freestone County.

Survivors include, his wife of Santa Anna; three sons, Bernice of Helena, Mont., Luther of Hurst, and Duane L. of Grand Prairie; two daughters, Mrs. Elouse Clinits of Fort Worth and Mrs. Jennie V. Horton of Brownwood; one brother, Homer Calloway of Fredericksburg; one sister, Mrs. Mammie Jackson of Pasadena; one step-brother, two step-sisters and one half-sister.

Pallbearers were Reynold Buse, H. W. Ruff, Sam Rutherford, H. D. Speck, Joe Harvey and Dick Baugh.

Miss Ann Stiles of Amarillo is visiting her mother, Mrs. Ella Stiles and other relatives in Santa Anna this week.

## Youth-Led Revival To Begin Friday At N.S. Baptist Church

A Youth-Led Revival Meeting will be held at the North Side Baptist Church in Santa Anna Friday, Saturday and Sunday. Services will begin at 7:30 p. m. Friday and Saturday. Regular services will be held on Sunday, with morning worship services beginning at 11:00 a. m. and the evening worship services beginning at 7:15 p. m.

Joe Pendleton, 19-year-old sophomore student at Jacksonville Baptist College and a native of Lubbock, Texas, will be the evangelist for the series of services. Pendleton is a licensed minister, president of the Student Government of the college and a past president of the Mission Band.

Paul Burkhardt of Irving, Texas will be in charge of the music and youth activities throughout the meeting. Burkhardt is a graduate of Jacksonville Baptist College and is Music and Educational Director of the North Side Baptist Church of Irving.

The church and the young people extend an invitation to everyone to attend each service. A special invitation is extended to the youth of the area to attend each service and participate in other activities planned for the occasion.

## 264 Votes Cast In School Election Saturday

A total of 264 residents of the Santa Anna Independent School District went to the polls Saturday and cast ballots for their choice of six persons for a three-year term on the Board of Trustees. This was considered an excellent turnout of the voters of the district. The three persons receiving the greatest number of votes were elected.

Mrs. Robert L. Markland and Tom Stewardson were re-elected to the board. Mrs. Markland polled the top number of votes, 187, and Stewardson polled the second largest number, 161.

Clifford Lowe of the Buffalo Community, was third man in the race with 109 votes and will be the new member of the board when it is re-organized at the next regular meeting in May.

Others on the ballot were James Eubank, polling 100 votes; William E. (Edd) Hartman, polling 95 votes; and Doyle Evans, polling 93 votes.

J. W. McClellan is the retiring member of the school board.

## Local Group To Attend P-TA Conference

Several members of the Santa Anna Parent-Teachers' Association plan to attend the First District Conference, to be held in Eastland Thursday of this week. Included in the group are Mrs. Elgean Harris, president of the local P-TA, Mrs. Carl Benton, Mrs. Ann Allen, Mrs. Pat Hosch, Mrs. Tom Kingsbery and Mrs. Rodney Dean. Possibly others will also attend.

Registration will begin at 8:30 a. m. in the Eastland High School. General assembly will be in the school auditorium at 10:00 a. m. Most of the conference day will be taken up with periods of lectures, followed by question and answer sessions. These conferences are designed to help solve individual problems.

## Car Stolen Here Sunday Night

The Sheriff's Department reports a 1952 black Ford car was taken from the Ray Owen Used Car lot, in the west part of town, sometime during the night Sunday. The car had Nevada license plates on it.

At mid-week the department had no trace of the car.

Mrs. Fred Turner had several of her children with her during the weekend. They were here to help her observe her birthday anniversary on Friday.

GO TO CHURCH SUNDAY.

## Senior Play To Be Presented Friday, April 20

"Finder Creepers" is the name of the annual Senior Play, to be presented in the high school auditorium Friday, April 20, beginning at 7:30 p. m. The play is a three-act comedy mystery that is designed to keep you guessing and furnish you a good evening of entertainment.

The class this year has decided to reserve the front section of the auditorium for those who have had trouble hearing in the past. Admission to the reserved section will be 75 cents, which includes the general admission. Other general admission will be 50 cents for adults and 25 cents for students.

Fourteen members of the class make up the cast for the play. Mrs. Winnie McQueen and Mr. A. D. Bowen, class sponsors, are directors of the play.

Tickets are now on sale by members of the senior class. Proceeds will be used to finance their annual trip, along with other expenses the class will have at the closing of school exercises.

The play is published by The Heuer Publishing Co., Cedar Rapids, Mich.

## Four Boys Go To Area Livestock Judging Contest

A. D. Pettit, Vocational Agriculture teacher, took Joe Ed Wise, Less Guthrie, Billy Don McCraay and Stanley Hartman to Stephenville Saturday, where the first three listed entered the Area 4 Livestock Judging contest. Hartman went as an alternate.

This is the first year Santa Anna has sent a team to the Livestock Judging contest, and the boys did not have but about three week work in learning the particulars in the contest. Pettit said Joe Ed scored 538 out of a possible 600 in the contest. The other boys scored less than 500.

Thus far, Pettit has not received the exact placing of the judging team.

Nine teams from Area 4 will be selected to enter the State Judging contest, which will be held at A & M College later in the year.

Pettit said he did not know yet whether he would continue to enter boys in the Livestock Judging contest. This was a try-out this year and it is possible that in the future he will train teams in this division.

## COUNTY BAPTIST BROTHERHOOD TO MEET IN VALERA

The Coleman County Association of Baptist Brotherhood regular quarterly meeting will be held in the Valera Baptist Church Tuesday evening, April 17, beginning at 7:30 p. m. All members of the Brotherhood of the various churches of the county are urged to attend. Visitors are welcome and invited to attend.

Rev. Archie Murray, pastor of the Valera church, will be in charge of the meeting. The program will be on Royal Ambassador Work, a program of work and activity for young boys in the area.

# State Capital NEWS

Austin — John White, State Commissioner of Agriculture, injected a bright note in the Billie Sol Estes investigations when he predicted, "I am confident that the grain storage picture is going to come out all right."

He and his men completed inventory of grain in elevators owned at Lamesa and Levelland. They assured receipt-holding farmers that their grain is there.

The State's responsibility lies in supervision of elevators where farmers store their grain and then borrow money against their warehouse receipts.

White suspended the licenses of five grain elevators in which Estes has an interest, and sent his men to check the contents against warehouse receipts. Then he announced temporary warehouse license suspensions on Hale County Grain Company and

Southwestern Grain, Inc., both in Plainview.

W. L. Cooper of Plainview, operator of one of Estes' large grain storage facilities, is also listed as operator of these two warehouses.

State Securities Commissioner William M. King said his investigators are checking evidence which would tend to show Estes has violated the Texas Securities Act.

### MEASLES POPING OUT ALL OVER

A remarkably rapid spread of measles was noted by the Texas Department of Health last week when 39 counties reported 4,316 new cases.

More than a third of the week's total was reported by health officials in Jefferson, Nueces, Dallas and Travis Counties. Jefferson County listed 479 cases; Nueces County 470;

Dallas County 282; and Travis County, 263.

During the first quarter of 1961 the measles outbreak totaled only 4,441 cases. First quarter this year a total of 32,538 outbreaks have been reported.

Dr. Van Tipton of the Health Department's communicable diseases division said the epidemic followed a trend of light incidence one year and heavy the next. He said enough children seem to escape the highly-infectious disease one season to catch it the next time around.

### EMPLOYMENT HITS NEW HIGH

Unusually mild weather caused employment in the State to reach a record high for February. Texas Employment Commission announced 3,346,900 job-holders that month, as compared to 3,330,100 in January and 3,312,300 for February of 1961.

Warm weather was favorable for construction workers, agricultural employees and other outdoor workers, and helped reduce the number of unemployed from 239,900 to 189,900. The commission predicts an even better employment picture by mid-April, if prospective manpower needs reported by employers hold true.

### FARM BUREAU NAMES REPRESENTATIVE

Texas Farm Bureau appointed Charles H. Huff of Taylor as its new legislative director. Farm Bureau President J. H. West said Huff will move to Austin soon, to replace Bob A. Lilly.

The new director is well-seasoned in Capitol contact work. He served as full time assistant legislative director during the regular and special sessions of the Legislature last year.

Huff is a graduate of Texas A&M College. He served as associate county agent in Panola County prior to joining the Farm Bureau staff as field representative in 1959.

### COUNCIL DEFENDS SYSTEM

"How do you deal with the extremely aggressive, hostile student?" asked Dr. James A. Turman when the Texas Youth Council conferred with members of the Texas Citizens Committee of the National Council on Crime and Delinquency.

Youth Council's executive director referred to criticism from the committee's vice chairman, Mrs. Edmund P. Williams of Corpus Christi, who earlier had called the barbed wire fence around Gatesville's Mountain View School "the only one of its type outside Nazi Germany."

Dr. Turman said two such security units in California are fenced. He joined council chairman Robert W. Kneebone in informing the committee that Gatesville inmates includes 387 boys who have committed serious crimes — 34 convicted on murder charges.

The citizens committee proposed a statewide study of community services for delinquent children, which the Youth Council said it would welcome. However, it already has retained a prominent authority, Dr. Austin McCormick, to survey the five detention institutions it oversees.

### STATE ARCHIVES OPEN

Invaluable historical documents which tell the story of Texas' history have finally found a safe and permanent home. For more than a century they have been placed and misplaced in various temporary quarters.

Rev. Robert H. Harper

### TRIUMPHAL ENTRY

AT THE beginning of Passion Week, Jesus sent two of his followers to bring him a colt from a place where two ways met. And when they had found the colt and had satisfactorily answered the owner they led the colt to the Lord, that he might ride the animal in his triumphal entry into Jerusalem.

As great, according to the numbers involved as the entry of our famed astronaut into New York, the city of ticker tape, Jesus was accompanied by a vast multitude of people who waved their branches of trees and cast their garments down before the oncoming King. And he was joyously received by a multitude within the city.

### JUST A THOUGHT:

Our individual troubles and ailments always seem to be so much greater than the problems of the fellow across the street. We never stop to think about the fact that the grass may be greener across the street because of a higher water bill.

And now we come to the end of similarity between the two entries. We do not expect that the fame of the astronaut will be dimmed too soon. But Jesus within a few days was rejected of his people and crucified between two thieves.

So may we be strengthened on Palm Sunday to hold our allegiance to him amid all the temptations that beset us that we may not be found wanting in the hours that try men's souls.

14. All airmen from students to full-licensed pilots are invited to register when the clinic starts in the Hilton Inn at 8 a. m. The public also is invited to attend a meeting of the aeronautics commission Friday at 2 p. m. in the Inn's Cloud Room.

### DON'T FORGET YOUR W-2's

According to Virgil W. Newman, Administrative Officer, Internal Revenue Service, Brownwood, refunds cannot be paid without required W-2 withholding tax certificates; credit cannot be given for taxes withheld; and failure to include the certificate with your tax return will

mean return of the incomplete form to the taxpayer.

The IRS representative also reminded area taxpayers that in a joint 1961 return, where both parties worked, W-2's for each must be attached. And when either or both parties to a return held more than one job during the year, all W-2's must be attached.

### When It Seems That No One Likes Us

**THIS WEEK'S LETTER:** "I am thirteen and no one in my class likes me. I dress neatly, curl my hair and wash every night. I am average in school. They call me names, which I ignore, but they persist in calling me names. What should I do?"

**OUR REPLY:** Surely, you have at least one friend in the whole class. There must be at least one person who is kind to you—who does not join in the name-calling. If not, then there IS something

wrong with your classmates—or with you.

Many teenagers like to "tease"—and they tease boys and girls they "like" as well as the ones they do not like. Sometimes it is difficult to determine from their attitude toward an individual whether they like or dislike that person.

It has been observed, and we think it is somewhat true, that teenagers can be unkind almost to the point of cruelty. They some-

times act without thinking. They put their tongue in gear before the brain has time to function properly. In truth, however, the times when teenagers deliberately set out to "hurt feelings" are quite few. After a while they learn to keep their brain in gear—and they discover that even the most unfortunate individual has "feelings."

Sometimes the individual who is the object of teasing from classmates invites the teasing by arrogance or by a continuous "I don't care" attitude. Other times, the person who is "teased" invites attention by some word or action; or by being unkind where others are concerned.

But with it all, one thing must be true. Life is a two-way street and we must give the other fellow his share of the road. Regardless of yesterday, if we set out to be good and kind to others, it won't be too long before the entire world appears good and kind to us.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORD, KY.

### JIMMY HENDRIX IN GERMANY

Berlin (AHTNC) — Army PFC Jimmy B. Hendrix, whose parents, Mr. and Mrs. Raymond V. Cupps, live in Santa Anna, recently participated in a three-day field training exercise in West Berlin's famed Grunewald Forest.

The training exercise, which involved the entire 3d Battle Group, 6th Infantry and an "aggressor" force from the 2d Battle Group, 6th Infantry, was designed to enhance unit military capabilities at company, platoon and squad levels in attack and defense. The 6th Infantry is a major element of the U. S. Army's Berlin Command.

Hendrix, a rifleman in Company A of the infantry's 2d Battle Group, entered the Army in May 1961, completed basic training at Fort Hood, Texas and arrived overseas last December.

The 18-year-old soldier attended Santa Anna High School.

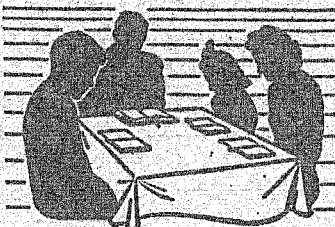

### Magazine Backs Higher Education For Women

More and more girls are going to college and, according to Changing Times, the Kiplinger Magazine, "there are many good reasons why they should."

"Ideally, a girl will be educated for all the important roles she will have to play as an adult," the magazine states. "She won't limit her horizons simply because she is a woman but will recognize that, just as vast new opportunities are opening for men, so are they for women, too."

Read Isaiah 61:1-7: Luke 9:57-62.

Go thou and preach the kingdom. (Luke 9:60.)

When Blaise Pascal was young, he already was marked as a genius. By the age of sixteen he had published an essay in the field of higher mathematics. While still a student he had rediscovered by himself over thirty of the propositions of Euclid. At twenty, he created an instrument which embodied the basic principles of modern calculating machines.

But Pascal is known also for something other than his scientific and mathematical contributions. He is known for his religious writings for his passion as a Christian.

Who sparked his religious experience? It is attributed simply to a sermon preached by Mr. Singlin at Port-Royal-de-Paris on December 8, 1654. The preacher may not have realized in his preparation and delivery that he was to have the opportunity, by God's grace, to influence one of the greatest minds of all time.

Every Christian, whether layman or clergyman, has the responsibility of being God's witness. The Word must be proclaimed. That is every Christian's duty. God reaps the harvest in His own time.

### PRAYER:

O God eternal, who art ever working in the "Now," lay upon our hearts our responsibility to be Thy witnesses. Fill us with confidence and skill to preach the gospel. For Jesus' sake. Amen.

### Veterans Should Keep Beneficiary Up To Date

Thousands of veterans are neglecting to keep up to date their listing of a beneficiary for their GI insurance policy proceeds, P. J. Mims, manager of the VA Regional Office in Waco, said today.

Because of this failure to keep the VA informed of changes necessary to reflect the births, marriages, deaths or divorces that occur over the years, their insurance proceeds may not be paid to the individual nor in the manner the veteran would wish.

The VA must pay the proceeds of the insurance policy to the

beneficiary designated by the veteran himself.

Changes in family status cause designations made years ago to be out of harmony with the veteran's wishes.

But Mims pointed out the VA has no alternative but to pay the insurance proceeds to the beneficiary or record in the VA files.

A recent sampling in which the VA asked a group of veterans if they wished to change beneficiary or payment method brought six out of ten affirmative replies from those returning the questionnaire.

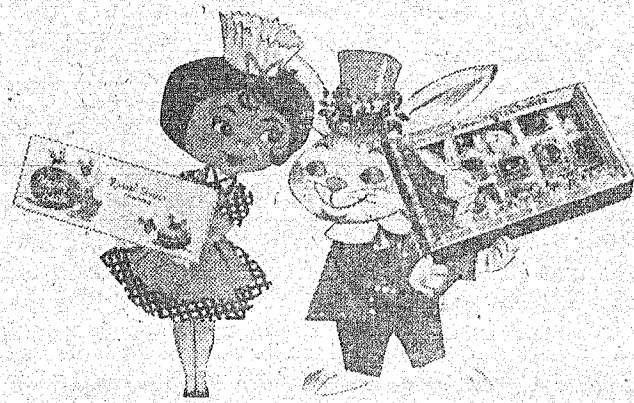

Mims strongly urged all veterans holding GI policies to

make certain that up to date beneficiary designations and payment methods are on file with the VA.

Necessary forms for these changes may be obtained from any VA office in person or by mail or may be received by writing directly to the VA insurance office where the veteran's insurance policy records are kept.

VA contact representatives at one of the following locations will be glad to assist: Waco, 121 South 6th Street; Marlin, Veterans Administration Hospital; Temple, Veterans Administration Hospital; Austin, 5th Floor, Low-lich Building, 11th and Guadalupe.

#### CARD OF THANKS

**TO THE VOTERS OF THE SANTA ANNA INDEPENDENT SCHOOL DISTRICT:**

I would like to thank all those who gave me a vote of confidence for the last three years in the Trustee Election of last Saturday.

I know I speak for all your Trustees when I say we are pledged to improve the curriculum, secure the best possible teachers and administrators, consider adequate buildings and equipment and operate with the highest standards as our goal.

Thank you.  
Mrs. Robert L. Markland. P

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

The family of W. E. Calloway. 15p

I would like to express my appreciation to the patrons of the Cooper Brothers Garage and Service Station during the 15 years we operated as partners in the business. We have decided to discontinue our partnership and I am now operating my own business. I would like to

invite you to continue your patronage with my brother, Elec Cooper.

Respectfully,  
Jack Cooper

### Coleman PCA To Build New Building Saturday

The new central office building of the Coleman Production Credit Association will be dedicated in a formal ribbon-cutting ceremony at 2:30 p. m. Saturday, April 14. General Manager J. C. Marshall of Coleman has announced.

The handsome brick and masonry structure, located at 300 West Pecan in Coleman, replaced the old association office which was destroyed by fire last fall.

An open house, to which the general public is invited, will follow the dedication ceremonies, beginning at 3 p. m. and lasting until 5 p. m., Marshall said.

S. P. Horne of Coleman, president of the agricultural credit association, and Coleman Mayor Foster Miller, will officiate at ribbon-cutting ceremonies and will make brief addresses.

Personnel from the association central and field offices and wives of board members will serve as hostesses at the open house following the dedication.

"We are extremely proud of our new building," General Manager Marshall declared. "We now have a completely modern facility with which to serve all our stockholders with increased convenience and efficiency. We want to invite all our stockholders and all our friends and neighbors to visit our new building during the dedication and open house, or at any time they wish."

The Coleman Production Credit Association, owned and operated in its entirety by more than 670 farmer and rancher stockholders, provides agricultural credit in Taylor, Callahan, Runnels, Coleman, Brown and Concho counties. In addition to the Coleman office, field offices are operated in Brownwood, Ballinger and Abilene.

### Planting Time For Temporary Summer Pastures Nears

College Station — Summer temporary pastures are a good bet for anyone owning beef or dairy cattle, says E. M. Trew, extension pasture specialist. These pastures produce better quality forage than permanent pastures and this results in more beef or milk per acre.

In addition, they permit resting of permanent pastures and ranges, and they often provide a source of hay.

Best quality Sudangrass is an excellent grass for temporary pastures, says Trew. A slightly desirable plant is a Sudan-Johnsongrass hybrid. These grasses are coarser and of lower quality than Sudan, but they often produce higher yields. Sudan-grain sorghum hybrid can also be used. These are coarser still, but they produce good yields and appear palatable.

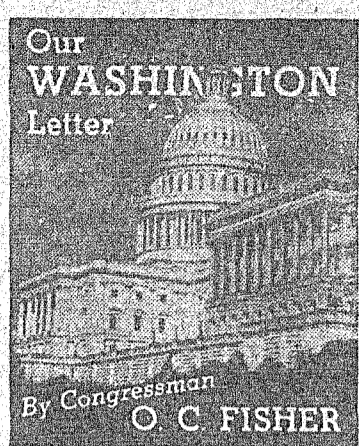

Pearl millet is suggested for use on poor, acid soils, on severely eroded heavy soils and on soils where Sudan "yellows out," he says.

Summer temporary pastures can be planted any time after danger of frost is past, explains the specialist. If the pasture is to be used for grazing, the seed should be planted in 36-42 inch rows. For hay production the seed can be broadcast or close drilled.

Correct fertilizer recommendations should be obtained by soil testing, emphasizes Trew. Application should be in bands 2-3 inches below and to the side of the seed planting. If additional growth is needed after each grazing down or cutting, topdress with 30-50 pounds of nitrogen, providing adequate moisture is available.

For local recommendations and publications on summer grazing crops, see your local county agent, suggests Trew.

Mrs. Dick Bass, Mrs. James B. Bass and daughters, Connie and Pam, and Mrs. Cliff Herndon were in Temple Sunday, visiting Mr. Dick Bass, a patient in the Veterans Hospital there.

### MARKETING ORDERS FOR TURKEYS

will be voted on by growers between June 18 and June 22, according to an announcement by Secretary of Agriculture Orville Freeman. It would be the first nationwide marketing order, if approved.

But most of the turkey growers in Texas want no part of this form of control and regimentation. They prefer to take their chances on the open market as they have been accustomed to do. At least, every indication points that way.

The theory of marketing orders to raise prices farmers receive for the commodity by placing limitations on the quality and the quantity that may be purchased by handlers and processors. Such controls would be paid for and administered by the growers. But all enforcement would come under the Secretary of Agriculture.

Those who produce as much as 3,600 pounds of live turkeys annually may vote in the June referendum. But farmers who slaughter their own birds may not vote unless they produce and slaughter at least 100,000 pounds of turkey a year or unless they slaughter at least 5,000 pounds annually for other persons.

Last year turkey prices slumped 25 percent when 108 million birds were produced, 20 percent more than the previous year.

This gave rise to the idea of imposing the marketing orders. If adopted, the order would allow a 60-man advisory board of producers and handlers to draw up regulations, subject to veto by Freeman. If approved, the plan would be administered by a 19-man committee picked from the advisory board.

Under this program, starting this year handlers could be required to withhold from the market designated percentages of turkeys they slaughter. Surplus turkeys would be pooled and disposed of, with the proceeds or losses being distributed among producers.

Or, beginning next year, handlers could buy from producers only the total quantity of turkeys apportioned to them by allotment, the size of which would be announced in advance of a given marketing period.

Under this, any allotment in 1963 and 1964 would be based on average marketings of producers in 1959, 1960 and 1961, with some sort of provision for those who marketed none during those years. In 1965 and thereafter allotments would be based on the average of marketings the previous three years.

An assessment of, not more than 20 cents a hundred pounds of processed turkeys would finance the operation.

### New Farm Tractor Safety Film Made By Petroleum Institute

New York — A new film, "Farm Tractor Safety — A Family Affair," has been released by the American Petroleum Institute.

The 16-mm sound-color movie, with a running time of 22 minutes, was produced by the Agricultural Committee of the API Division of Marketing. A completely new film, it replaces an earlier API tractor film which carried a similar title.

This film includes dramatization of safe practices to be followed when driving tractors on highways, how to minimize hazards of farm machinery to children, and the correct fueling and fuel-storage procedures.

It emphasizes family and organized community approaches to farm safety, and the serious consequences which can result from lack of safety knowledge and practices.

Agencies cooperating in validation of the film were the U. S. Department of Agriculture; Extension Agricultural Engineers; State Safety Specialists; and the Farm Division of the National Safety Council.

Long-term loan prints will be placed in film libraries of land-grant colleges for free distribution. Oil companies, insurance companies and other organizations may purchase prints at cost and make them available for showings.

Mr. and Mrs. Ira Hudler of Rising Star and Mr. David Eubank of San Antonio, visited Mr. and Mrs. Chester Galloway Sunday.

Sam Collier, Mrs. Blanche Grantham and Miss Ann Stiles visited Sunday in Hamilton with their sister and aunt, Judge and Mrs. P. M. Rice.

GO TO CHURCH SUNDAY.

## About Your Health

Austin — Mankind is poised to begin the annual grudge fight with insect hordes that flourish in the warmth of spring and summer.

Inevitably the insect will lose as mankind — armed with noxious sprays and dusts and aerosol mists — seeks to ward off the bites and stings and the destruction of his food and clothing and home.

Only by constant fighting has humanity been able to hold its precarious own against more than one million different insect species which inhabit the world. Some 6000-7000 new species are identified each year to lengthen the list of known kinds. The United States is inhabited by approximately 600 injurious species, some of them vectors of human disease.

The vast majority of insects are neutral or indifferent where man is concerned, apparently content to let humanity go its way and demanding the same privilege. Others are highly beneficial, feeding on noxious weeds or troublesome insects, or pollinating crops. At least 50 different seed and fruit crops would be barren without insect pollinizers.

### Cotton Classing Service Again Available

College Station — Growers who wish to have their cotton classed by the U. S. Department of Agriculture under provisions of the Smith-Doxey Act, should apply for these services as soon as their cotton is planted, says Fred Elliott, extension cotton specialist.

The Smith-Doxey Act provides for one free classification for each eligible bale of cotton. Samples must be submitted by a bonded sampler or by a public warehouse which issues negotiable receipts, explains Elliott.

Each cotton improvement group, except those in southern Texas, must file an application with the cotton classing office serving its territory not later than August 1. Those in counties south of a line from Dimmit to Karnes to Matagorda must file an application by June 1.

Prompt application filing is necessary because time is needed for each group to arrange for submitting samples by an approved sampling agent to the proper classing office, says Elliott. At least 15 days are required to process applications and deliver sampling supplies.

Application forms for these services may be obtained from county agents, cotton classing offices of the Cotton Division of the AMS, or from the area office in Dallas.

On the other hand, to fix a price on deprecations of harmful insect varieties, you have to re-gear your thinking or get lost in a maze of zeros. Just counting field crops and stored grains, they wreck a yearly havoc of \$4 billion in the U. S. alone.

Flies, fleas and mosquitoes were and still are behind some of the most calamitous scourges of the human race has ever endured, including plague, malaria, yellow fever and others.

The fact that most insecticides are toxic for humans as well as insects has caused some apprehension. It is true that people who use them carelessly do run real risks. But there is no evidence the general population is being insidiously poisoned.

A detailed study into the extent to which widespread use of agricultural insecticides might adversely affect the humans and domestic animals is scheduled to begin in coming weeks, under auspices of the Texas State Department of Health and Texas A and M College.

Insecticides, despite their great value as weapons against insects, are only supplements to other control activities, the most important of which is proper personal and community sanitation. (From the Health Education Division, Texas State Department of Health.)

### Effect of Added Fat On Caged Layers

College Station — The problem of dietary fat has long plagued poultry nutritionists. It is known that added fat will significantly improve egg production, but there has been some question as to the physiological effects of this nutrient, points out W. O. Cawley, assistant extension poultry husbandman.

Recently, in an attempt to find the solution to this problem, two Canadian researchers made a study of the mortality rate in three groups of caged white leghorn pullets. From time of hatching until they were three years old the birds were fed rations containing 2.5, 7.5 and 12.5 percent fat respectively.

Results of this study showed that the mortality rate due to liver derangement was approximately doubled in the birds fed 7.5 and 12.5 percent fat, says Cawley.

However, the studies also revealed that there were no adverse metabolic effects from the added fat so long as the ration was well balanced and not excessive in energy content.

Mrs. Mary Jo Schulle and Marjorie of Watonga, Okla., visited her mother, Mrs. J. J. Gregg, during the weekend.

## Circle Has Third Study on Suffering

The Nita Daniell Circle of the First Methodist Church met in the church parlor Thurs., Apr. 3, for their third session in their study of "The Meaning of Suffering." Mrs. Hardy Blue is teaching the study. She opened the meeting with some comments and a prayer.

Mrs. Pauline Barnett spoke on "God's Will." Mrs. Margaret Crews led the group in singing, "Oh For A Faith."

A discussion of the text followed. The meeting was dismissed with a prayer by Mrs. Mildred Galloway.

Others attending were Mrs. Lillian Herndon, Mrs. Hettie Scarborough, Mrs. Lucille Dean and Mrs. Dorothy Watson.

## Mrs. Barnes Speaks To Fine Arts Clubs Friday

Mrs. Ford Barnes of Santa Anna was the guest speaker at a luncheon given by the Fine Arts Clubs of Menard, San Angelo and Eden, in the Club Dining Room of the Morocco Restaurant in Eden Friday, April 6.

Miss Annie Phlueger of San Angelo introduced Mrs. Barnes, who showed slides and spoke on her recent trip around the world. The Fine Arts Clubs were observing International Day. Mrs. Barnes gave a resume of world travel since the time of Magellan, who was instrumental in introducing this popular past time of modern times.

Other guests at the luncheon were Attorney Emzy Swain and Leroy Phlueger of Eden and W. Ford Barnes of Santa Anna.

## 8th Grade Banquet Held Sat. Night

The Eighth Grade Banquet was held Saturday, April 7, at 7:30 p. m. in the grade school cafeteria. The theme of the banquet was "South of the Border."

The Mexican theme was carried out all through the banquet. The cafeteria was decorated in cactus, gourds painted in bright colors, and other symbols of Mexico. The center piece for the tables were pink roses of different shades, our class flowers.

Gary Rider, class president, opened the banquet by welcoming everyone to go south of the border during the banquet. Lynnda Sue Brannan gave the invocation, then the meal was served by the waiters and waitresses.

Waitresses were Marguerite Horner, Jean Robinson, Sonja Neff and Loretta Broadway. Waiters were Jim Keeney,

James Gilbreath, Billy Don Cupps and Marty Donham, Marty Donham.

They were dressed as Mexican Seniors and Senioritas in lively colors. The menu consisted of tomato juice and crackers, lettuce and tomato salad, fried chicken, green beans, creamed potatoes, gravy, rolls, pickles, radishes and tea. Dessert was ice cream and cake.

After everyone was through eating, Gary Rider introduced Gary Williams, who read the class history, which went back through the years and told about the Eighth Grade Class. After Gary finished reading the history, the girls sang "Rosona."

Anita Ellis then read the prophecy, predicting what each student would become. All the class then sang "Vaya Con Dios." Rodger Beard then read the class will. He told all the things we were going to leave the future Eighth Grade. Some of these were quite comical. This concluded the Eighth Grade part of the program.

Everyone then joined in to sing "Auld Lang Syne." A Movie was then shown the group.

Most of all the teachers and their spouses were present. We were very happy to have Mrs. Donham with us as a guest.

We wish to thank our class sponsors, the lunchroom women who prepared the meal, and all the mothers and teachers who helped decorate for our lovely banquet.

—Warren Wallace, Reporter

## ROCKWOOD WMS REGULAR MEETING

The Woman's Missionary Society of the Rockwood Baptist Church, held their regular social meeting at the Community Center Monday at 2:00 p. m. Gifts were presented guests who were honored, having observed birthdays in March. Honorees were Mrs. Henry Smith, Mrs. Joe Wise and Mrs. Hilton Wise.

Hostesses were Mrs. Johnny Steward and Mrs. Tony Rehm. The Easter theme was carried out in games and decorations. The refreshment table was covered with a white linen cloth with arrangements of artificial Easter lillies and crystal appointments. Pink punch and cherry cream pie was served to Mrs. Hilton Wise, Henry Smith, Joe Wise, Evan Wise, Ray Caldwell, Jim Rutherford, Tony Rehm, Johnny Steward, Bill Bryan, Jack Cooper, A. L. Funeral services for Thomas A. Shields, 67, were held at 10:00 a. m. Saturday in the Stevens Memorial Chapel in Coleman. Burial was in the Whon Cemetery.

Mr. Shields died in the Veterans Hospital in Temple Thursday. He had been a patient there for 18 years. Previous to his long illness, he was a resident of Santa Anna.

He was born Sept. 27, 1894 in Lampasas County, and was a member of the Nazarene Church.

Survivors include six brothers, Sam Shields of Whon, Charlie Shields of Coleman, Willie Shields of Texas City, Calvin Shields of Trickham, Fred Shields of Santa Anna and Dave Shields of Cross Plains; three sisters, Mrs. Pearl Holder of Brownwood, Mrs. Maggie Strickland of Cross Plains and Mrs. Minnie French of Texas City.

## C. D. BRUCE HOLDS PRIVATE HORSE SALE

Mr. and Mrs. C. D. Bruce, Mr. and Mrs. Tom Kingsbery and daughters, Sue and Carroll, and S. E. Niell were in Fort Smith, Arkansas during the past weekend, where they held a private sale of Registered Quarterhorses.

The group took 34 horses to the sale and all were sold at auction. This was their sixth private sale.

Mrs. Bruce said the prices of horses has dropped considerably during the several years they have been raising them. However, they had a good sale and were pleased with the results.

The group returned home Saturday evening.

## HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

### BLINDNESS

It goes without saying that eyesight is one of our most precious possessions. And yet many of us constantly risk impairing or losing our vision by carelessness or through lack of proper medical precautions.

The main causes of blindness in the United States are glaucoma, cataracts and accidents.

Most of the accidents could be prevented by the exercise of simple precautions on the part of children and their parents. Most cases of cataracts can be dealt with by surgery. Glaucoma, if recognized in its early stages, and if adequate and sustained treatment is given, can in most cases be checked and stabilized.

In the United States the National Association for the Prevention of Blindness has estimated that half the blindness in this county could be prevented or cured.

Look around your home and examine your belongings this evening with the objective viewpoint of discovering potential sources of eye-damaging accident. Air guns and sling shots are great fun for boys. They also put out eyes. Either can be a dangerous weapon in the hands of a careless lad, particularly if his parent has not instructed the boy in proper handling and use.

Are the sharp-pointed toys and tools and other such instruments within reach of your small fry? They could put out an eye. Of course, we cannot withhold every small stick or twig from a child, but we can and should exercise a little common sense in selecting playthings.

Even though surgery can correct most cataracts, there still are thousands of people who suffer failing and dimming eyesight because they haven't received proper surgical attention. Glaucoma can be readily detected by simple diagnostic procedure.

Most eye specialists routinely examine all patients for glaucoma. And yet there still are far too many Americans who do not find that they have glaucoma until it is too late to relieve the condition.

Regular eye checkups are an

essential part of maintaining good health. This is particularly true for children, who often are nearsighted and unable to read the school blackboard for long periods before their trouble is discovered. Cataracts and glaucoma most often are found in mature adults.

The American Medical Association this month is joining with many other organizations in observance of World Health Day in April. Focus of World Health Day in 1962 is prevention and treatment of blindness. Everyone can observe World Health Day by making certain that his family makes use of medical knowledge to forestall dimming sight from glaucoma or from cataracts, and by protecting his children as much as possible against eye accidents.

### Valuable Guns Described In Magazine Story

Austin — Today's old guns are those involved in some period of history, or which were owned by men who made that history. This is the story of Henry Stowers on gun collectors in the April issue of TEXAS GAME AND FISH magazine.

In this article the author presents the picture and the history of some of these guns. He deals specifically with a gun collector who owns a buffalo gun with a value of \$4500.

"Fake antiques are the bane of both dealers and collectors," Stowers writes.

One of the first things a collector should learn is to evaluate the gun's condition. He cites the set of standards adopted by the National Rifle Association.

Many collectors have found their hobby financially profitable. Some spend time on restoring them to their original finish. Others find their guns more valuable left in the condition in which they are found.

The article is illustrated with a number of pictures of valuable guns from the collection of guns now owned by Col. Leon Jackson, Dallas gun collector and appraiser.

### DEPT. INVITES GAME WARDEN APPLICATIONS

Austin — Applications for employment of a limited number of game wardens are now being accepted by the Game and Fish Commission, according to H. D. Dodgen, executive secretary. The Commission is interested in receiving these applications from young men between the ages of 21 and 40, who are high school graduates and have an interest in wildlife conservation. The need for the additional applications has been brought about through reorganization of the Game and Fish Commission, which has created additional opportunities for advancement of men who can meet the requirements.

Application forms are available at local Game and Fish Commission offices or from the Personnel Office in Austin. Completed applications must be received by the Personnel Office prior to May 15, 1962. Written and oral examinations will be conducted in selected areas throughout the state in June, to make final selections.

Applicants selected will be employed in September, 1962, and will attend the 16-week warden training course at Texas A&M College, scheduled for February,

1963. The course of instruction includes all phases of conservation work.

### Youth Groups Visiting South Texas To Get Red Carpet Service

High school class groups, 4-H, FFA and Boy Scout club members and other youth groups who make trips to the Lower Rio Grande Valley of Texas this spring and summer will get the red carpet treatment at McAllen, Texas, officials say.

Motels and hotels will give group rates at from \$1.50 to \$3.50 which includes free swimming; the youths can walk across the bridge to Reynosa, Mexico, for a dime; and the McAllen Chamber of Commerce will furnish a free assembly hall and free valley sightseeing information.

### NEW ESTIMATED-TAX LAW

A declaration of estimated Federal income tax, using Form 1040-ES, isn't necessary if your estimated tax liability can reasonably be expected to be less than \$40.00.

This word came today from Ellis Campbell, Jr., District Director of Internal Revenue for the Dallas District, who said the liberalized requirements were part of a new law that took effect last filing period.

"Under the new law," the IRS representative said, "it will still be necessary for a taxpayer to compute his estimated tax if his estimated gross income:

"(1) Exceeds \$5,000 and he is single (not a head of household or surviving spouse), or married but not entitled to file a joint declaration;

"(2) Exceeds \$10,000 and he is a head of household or a surviving spouse;

"(3) Exceeds \$5,000 and he is married and entitled to file a joint declaration and the combined gross income of the taxpayer and his spouse exceeds \$10,000; or

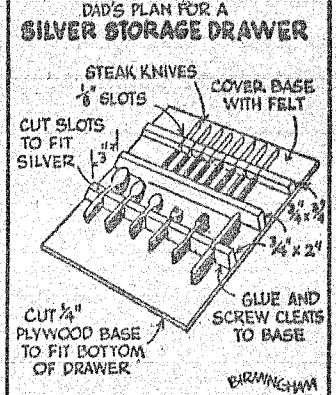

"(4) Includes having computed his estimated tax, the taxpayer must file a declaration if his estimated tax is \$40 or more," Mr. Campbell concluded.

Karl Marx was a frequent contributor to the New York Tribune while living in poverty in London after his exile from Prussia and France.

**It's Time For... EYE CARE**

Dr. Newton K. Wesley

Approximately 500,000 Americans are slowly losing their vision because of glaucoma... and a great number of these people are unaware of the disease.

The average American has his eyes examined only once in five years—time enough for a serious eye affliction to develop.

One of the main reasons we neglect our eyes is because usually there is no pain associated with eye disorders and, because eyes do not ache like teeth, we assume there is no trouble present.

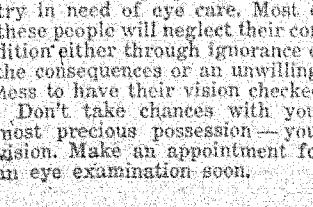

Yet if we were to have our eyes examined twice a year, most eye afflictions could be discovered and corrected. The high rate of blindness could be cut in half.

Vanity plays a major part in our neglect of our eyes. We feel that we may have to wear old-fashioned glasses that will make us look older. For those who can adapt themselves to them, contact lenses have solved this problem to a large extent. However, reluctance to visit an eye doctor still exists to an alarming degree.

The National Eye Research Foundation estimates that there are 50 million people in this country in need of eye care. Most of these people will neglect their condition either through ignorance of the consequences or an unwillingness to have their vision checked.

Don't take chances with your most precious possession—your vision. Make an appointment for an eye examination—soon.
