THE AMERICAN WAY

PEACEFUL COEXISTENCE IS A WEAPON

By Robert Morris

(Editor's Note: Robert Morris, President of the University of Dallas, was formerly chief counsel of the Senate's Subcommittee on Internal Security.)

Khrushchev is carrying on a pitiless war of "peaceful coexistence" against us, and we as a nation do not even understand the nature of the struggle. In 1960 the Soviets defined "peaceful coexistence" thus:

"Peaceful co-existence is the general line of the foreign policy of both the U.S.S.R. and the other socialist countries. This does not mean, of course, peace in the class struggle between socialism and capitalism or reconciliation of the Communist with the bourgeois ideology. Peaceful co-existence means not only the existence of states with different social systems, but also a definite form of class struggle between socialism and capitalism on a worldwide scale. This form includes giving up military means of solution of controversial international questions and, at the same time, presupposes an ideological and political struggle and economic competition. Socialism need not resort to war for victory on a world-wide scale. Its idea will inevitably win through peaceful competition."

"Peaceful coexistence" is waged when the Communists move on relentlessly, without compromise, toward their goal of world victory which they call "peace," while the rest of the world is induced to co-exist peacefully in the conventional sense of the words.

The success of this operation is fantastic to behold. The evidence of this success is all around us.

If we are to resist this offensive, the main non-military institutions of our society must be mobilized for this powerful ideological encounter in which the Soviets employ deception, conspiratorial tactics and force when necessary. (Our defense establishment is immobilized because of the absence of outright war.)

Our educational institutions then, our great foundations, our churches, our press, our TV networks, our business associations and, of course, our government's agencies are the weapons with which we must do battle. We should be employing these to carry on the struggle.

A careful scrutiny of these institutions, however, made from this perspective, leads us to a sober conclusion. That conclusion is that they are being gradually neutralized in the face of the greatest challenge that our western civilization has ever encountered.

Certainly our churches will have much to lose if this threat runs its current course. Churches are always the first target of Soviet occupation forces. The atrocities, the incarcerations and the murders of our missionaries and the widespread violation of their work through the centuries by Communist forces are only corroboration of oft-expressed Soviet design.

Yet important churchmen, in all denominations, have taken on the self-appointed role of neutralizing our churches in this great encounter.

So, too, for our government outlets such as the USIA. Instead of carrying the ideological offensive to the enemy, the general posture there (as if by way of collaboration) is to accept the existence of, and to acquiesce in, "the inevitability of" Communist institutions and to try instead to blunt their over-aggressive, militaristic aspects.

This role of neutralization is manifest, in a pronounced way, in our great foundations which in turn are neutralizing our educational institutions whenever they tend to recognize the existence of the remorseless challenge. Some of our great educational centers are thus being converted into ideological amorphous edifices completely oblivious of the great struggle of our time.

And, of course, on the international front, Khrushchev moves relentlessly for our disarmament while he arms. He presses, successfully, for our cessation of testing in the atmosphere while he tests, massively, and prepares to test some more. Yet, the prevailing forces in our society who should be our leaders, continue to administer, with strong inoculations, the tranquilizers and sleep-bearing medications.

Hand punches at the News office.

## Bill Pritchard Dies Suddenly Thursday, Apr. 19

W. A. (Bill) Pritchard, 57, died of a heart attack about 2:30 a. m. Thursday, April 19, in the Slaton Hospital. The attack came very suddenly and apparently he had never suffered any heart trouble previously. The family had visited their folks here on the weekend previous to his death.

Mr. Pritchard was born in Johnson County, Texas, October 11, 1905 and came to Santa Anna with his parents, Mr. and Mrs. M. A. Pritchard, in 1906. He made his home here most of his life. He was married to Ruby Vanderford March 16, 1930, in Santa Anna.

For several years the Pritchards lived in various places, but settled in Slaton in 1939 and made their home there until 1950, when they returned to Santa Anna. After making their home here for eight years, they returned to near Slaton in 1953, where he had been manager of the Hackberry Co-op Gin for the past four years. The gin is located about half way between Slaton and Post.

Mr. Pritchard was united with the Church of Christ when a young man. Later he transferred his membership to the Christian Church and was a member of the Slaton Christian Church at the time of his death.

Services were held in Slaton at 2:00 p. m. Friday. His remains were brought here and another service was held in the First Christian Church here at 3:00 p. m. Saturday, with burial in the Santa Anna Cemetery. Rev. E. A. Wilbur, minister of the Slaton Christian Church, conducted the Slaton service, then came here and conducted the service, assisted by the pastor, Rev. Walter Allen. Hosch Funeral Home was in charge of local arrangements.

Survivors include his wife of Post, two sons, Don Pritchard of Santa Anna and Robert Pritchard of Amarillo Air Force Base; two daughters, Mrs. Audrey Robbins of Midland and Sue Pritchard of the home; his mother, Mrs. M. A. Pritchard of Temple; one brother, Elmer M. Pritchard of Brownwood; eight sisters, Mrs. Opal Little of Santa Anna, Mrs. Viola Harris and Mrs. Juanita Smith of Lubbock, Mrs. Iva Ferguson of Hale Center, Mrs. Lorraine Hahn of Middletown, Pa., Mrs. Betty Evans of San Angelo, Mrs. Lola Blanton of Grandbury and Miss Rhoda Pritchard of Temple; and three grandchildren.

Local pallbearers were: Walter Holt, Pierre Rowe, D. H. Moore, C. W. Stephenson, Norval Wylie and Roy Blanton.

Out of town relatives, other than the immediate family, here for the services were: Mr. and Mrs. H. D. Matthews of Munday; Mr. and Mrs. Charley Blanton, Mrs. Evelyn Crabb and Mr. and Mrs. Rip Mayo, all of Coleman; Mrs. Jessie Blount of San Angelo; Mrs. O. C. Pritchard and Mr. Gene Pritchard of Cleburne; Ralph Matthews and Mr. and Mrs. James Matthews of Spade; Mr. and Mrs. Ralph Russell and Ann of Waco; Mr. and Mrs. Harvie Blanton of Dallas; Mrs. Lucille Taylor of Weatherford; Dwayne and Truman Matthews of Fort Worth; Mr. and Mrs. Billy Woods of Monahans; Mr. and Mrs. Warren Aldridge of Jal, N. M.; Mr. and Mrs. W. D. Aldridge of Kermit; Mr. and Mrs. W. Aldridge of Kermit; R. C. Watson, Mr. and Mrs. Joe Watson, Mr. and Mrs. Wayne Watson and Mr. and Mrs. R. F. Watson, all of Irving; Charles Mayo of Denton; Mr. and Mrs. Harvey Jones of Amarillo; and Jewel Haynie of Trustcott.

Friends coming for the service were Mr. and Mrs. Weldon McGeehe, Mr. and Mrs. Leo Stolle, Mr. and Mrs. Robert Mock, Chris Ginday and C. L. Mason, all of Post and Roy Stalle of Slaton.

## P-TA to Have Final Meeting of Year Wednesday

The Santa Anna Parent-Teachers Association will hold the final meeting of the year at the Elementary School Cafeteria on Wednesday, May 2, at 2:30 p. m.

Included on the program will be a style show by members of the High School Home Economics classes and a musical program by the Junior Band.

Also at the meeting next Wednesday new officers for the coming year will be installed.

## Any Cases of Screwworm Should Be Reported

All livestock owners in the county are reminded that it is very important to the Screwworm Control Program that any cases of the worms should be reported and a specimen sent to the Animal Health Foundation Laboratory at Misson, Texas.

The vials in which to mail the specimens may be obtained at the County Agent's office in Coleman, or at the Santa Anna National Bank.

If a true screwworm case is found in Coleman County, sterile flies will be released in the area in which the worms are found to prevent more infestation.

No area will be quarantined or inspected when the screwworms are found, but the sterile flies will be released in that same area by the Laboratory.

Most livestock owners in the county donated to the screwworm control program last year, and their cooperation is still needed to make the eradication control program completely effective.

## J. A. Manley, Sr. Dies Saturday In Local Hospital

Jasper Anderson Manley, Sr., 79, a resident of Santa Anna for 32 years, died in the Santa Anna Hospital about 7:00 p. m. Saturday after a short illness. He was a retired farmer and member of the First Baptist Church.

He was born April 4, 1883 in Marion County, Ark.

Funeral services were held in the First Baptist Church at 2:00 p. m. Monday, with the pastor, Rev. Raymond Jones, officiating. Immediately following the service, his remains were transported overland to Ada, Oklahoma, for another service and burial. Hosch Funeral Home was in charge of local arrangements.

Survivors include his wife of Santa Anna; three sons, W. L. Manley and Lyndell Manley of Lafayette, Ind., and J. A. Manley Jr., of Fort Worth; three daughters, Mrs. Katherine Horner of Santa Anna, Mrs. Mozelle Strawn and Mrs. Lovelle Allen of Fort Worth; two brothers, Bob Manley of Oklahoma City, Okla., and Jesse Manley of Shawnee, Okla.; four sisters, Mrs. Maudie Smith of Ardmore, Okla., Mrs. Ora Smith and Mrs. Doris Bennett of Ada, Okla.; 10 grandchildren and six great-grandchildren.

Local pallbearers were L. A. Welch, Elton McDonald, Richard Horner, Cliff Herndon, Glen Copeland and Joe Harvey.

## WTU Women Employees To Attend Institute in Abilene

More than 150 WTU women personnel from the 50 county service area will be in Abilene on April 27 to attend the Eighth Annual West Texas Utilities Women's Institute. "Prescription Efficiency" will be the theme of the 1962 Institute.

This event is attended each year by women employees of WTU, employed as secretaries, stenographers, cashiers, bookkeepers and clerks. Mrs. Bernice Mulroy from this office will attend.

Mary Jo Craig, Secretary to Vice President J. F. Longley, is General Chairman of this year's meeting. Morning session chairman is Mary Stover, afternoon session chairman is Lenora Huddlestone, and evening session chairman is Virginia Logan.

The morning session will begin with registration at 8:30 at Lytle Shores Auditorium. The evening session will be held in the Paradise Room at the Sands Motel at 7:00 p. m.

## CORRECTION

In the article elsewhere in this issue of The News by Congressman O. C. Fisher, "Our Washington Newsletter," there is a mistake in the seventh paragraph, that begins "And 31% opposed a law..."

The paragraph should read as follows: "And 31% favored, while only 6% opposed a law requiring labor unions to conform to anti-trust laws on the same basis as private corporations and business enterprises are now required to do."

## Snake Story: New Version

Pictured above is a large rattlesnake caught by Sammy Joe Powers near his home in the Liberty Community Saturday morning. He was just over five feet long and was wearing nine rattles.

Powers said he noticed a large lump in the snake's body after killing him. He slit the body open and it turned out to be a half-grown jack rabbit. Some say the rabbit was more than half-grown.

There are lots of snakes being killed over the county, but this is the first time we have ever heard of one swallowing anything so large. Many times we have known of snakes swallowing smaller animals and fowls.

## H. B. James Home Destroyed Sunday

The H. B. James home, two miles west of Trickham, was completely destroyed by fire during the turbulent weather late Sunday afternoon. It was supposed that lightning may have struck the TV antenna or the house. The house was located on the Bond Featherston place.

Only two mattresses were saved.

Mr. and Mrs. James and daughters had been visiting neighbors and when they returned home about 7:30 p. m. they found their home in flames. A shower for the James family was held at the Trickham Community Center Wednesday night.

## Edwin A. Walker Here Thursday

General Edwin A. Walker, conservative candidate for Governor, is scheduled to make a ten minute stop in Santa Anna Thursday afternoon. He will be between the bank and hotel buildings. Everyone is invited out at 3:45 p. m.

## A LOT OF FISH

One day last week Mr. and Mrs. C. C. Gilbert gave your editor's wife and Mrs. Jewell Owen a large sack of fish, and both the ladies do love their fish, especially when they are cleaned.

However, this gift had not been cleaned and before the cleaning process was complete both of them had fish from head to foot and scattered over a wide area at home. Neither are experts at the job, but finally completed it.

After the cleaning, came the cooking (at which both are pretty good), then the eating of somewhere in the neighborhood of several pounds. Having known both of them several years, this was the first time your editor has known of them getting all the fish they wanted at one time — but a day or two later both were ready for more fish.

## Flower Show in Abilene Saturday and Sunday

The Abilene Garden Club will present their annual Spring Flower Show April 28 and 29. Theme of the show will be "Waltz of the Flowers," and will honor the Abilene Philharmonic Orchestra. The show will be held in the Abilene Garden Center, North 3rd and Westwood Drive.

Hours of the show will be 4 to 8 p. m. Saturday and 2 to 7 p. m. Sunday. Admission prices will be 50 cents for adults with children being admitted free.

James A. Harris, principal of the elementary school, announces the following students as being on the honor roll for the fifth six-weeks period:

4th Grade: Vikki Neff, Ann Martin, Sheila Loyd, Sue Kingsberry, Pascal Hosch, Jerry Horner, Cindy England, Patricia Beard and Judy Clifton.

5th Grade: Dortha Carpenter, Beth Dean, Cieta Pollock, Leta Pollock, Eddie Paul Voss, James Eubank and Harold Barnett (special education).

6th Grade: Carolyn Rowe, Karen Dean and Mike Estes.

7th Grade: Susanna Hays, Barrett Markland, Jean Robinson, Leanna Pollock, Donnie Campbell, Beth Erick, Souja Neff and Marguerite Horner.

8th Grade: Eugene Davenport, Anita Ellis, Gary Rider, Stanley McSwane, Lois Simmons and Mary Haynes.

## Two Wrecks Here Monday

About 6:00 p. m. Monday afternoon Charlie Evans was on his way to town, driving on Highway 67-84 in the west edge of town when he apparently suffered a stroke of some sort. His car crashed into the church sign on the curve and damaged the car very badly.

Evans was rushed to a Brownwood hospital by a Hosch ambulance. He was admitted for observation and was not considered to be in a serious condition.

Later Monday evening a truck load of wheat turned over just east of the curve after coming around the west mountain on Highway 84. The driver saw another truck driver he wanted to talk to, stopped his truck and was backing up when he backed into a ditch and the truck turned over, spilling the grain.

The truck was righted and the grain re-loaded.

## First Aid Course To Be Completed Monday Night

The Standard First Aid Course, now being taught each Monday evening at the City Hall in Santa Anna, will be completed Monday evening. Attendance at the course has been excellent.

Certificates will be presented to all those participating in the course who have not missed more than one night of instruction and who pass a test that will be given the last night. A film also will be shown Monday night on the Standard First Aid Course. At present there is about 30 people now eligible to receive the certificates.

## Two Candidates For State Offices Visit Here

Two candidates for state-wide offices visited in Santa Anna the latter part of last week. Tom Reavley, candidate for Attorney General of Texas, visited here Friday afternoon. Everts Haley Jr., candidate for State Commissioner of Agriculture, visited here Saturday morning.

Both were on their state-wide tour in the interest of their candidacies.

Reavley spent several minutes here and visited a number of local business establishments. While in The News office, he made the statement that Santa Anna was as friendly a town as he had ever been in. He said it was unusual to find folks as friendly as they are here.

## Cemetery Working at Cleveland Saturday

There will be a cemetery working at the Cleveland Cemetery Saturday, April 28. Everyone interested in the cemetery is urged to be there as early as possible and bring tools to work with.

Plans call for the work to get started by about 8:00 a. m. and be completed by noon.

Mr. and Mrs. Thomas Wristen, Lin and Lee, Mr. and Mrs. Monte Guthrie, Les and Lane, attended a reunion of the Barnett family in Coleman City Park Sunday. There were 39 in attendance.

## Driver Education Course To Be Taught Here

Plans are being completed to offer this summer the first Driver Education course in the history of Santa Anna High School. With increasing insurance rates levied on parents who have teen-age drivers in the family, driver education courses are becoming yearly more important because of the saving in automobile insurance available.

Also, to teach the young driver the best driving habits and safety factors is of prime importance in this age of high speed and congested traffic.

Students enrolling in the course of study will spend thirty hours in the classroom studying the following areas:

1. The Driver and the Pedestrian.
2. Automobile Operation and Preventive Maintenance.
3. Highway Characteristics and Traffic Engineering Controls.
4. State Motor Vehicle Laws and City Ordinances and City Driving Problems.
5. Driving Procedure.
6. Physical Laws.
7. The Highway Safety Program.

Every student will also spend eighteen hours in the automobile with the instructor, twelve hours in observation and six hours in behind-the-wheel supervised driving.

At the beginning of the course and before a student does practice driving he must hold a Restricted Operator's License which will be provided at the proper time.

When the student has completed the course, passed the examinations on the classroom work and the driving test administered by the Department of Public Safety, a certificate is issued which when presented to insurance companies entitles the holder to a full 10% discount on all insurance carried on the automobiles owned by the family who have passed the course, no penalty is exacted in insurance against girls as the law now stands; however the course will allow driver licenses to be obtained at age 14.

The charge for this six weeks of instruction will be \$30.44, the customary charge in most schools of our area. Mr. Tyrus R. Cox, a qualified and experienced driving instructor, will be the teacher for the course. It is planned that the classroom work will be completed first, then driving will be done at the convenience of the students but all work should be completed before early July.

Parents and students are encouraged to take advantage of this program. It will be discovered that insurance discounts will more than pay the cost for male teen-age drivers because the credit will remain in force until the age of 25, the upper limit of the insurance penalty. Students would be able to obtain the operator's license at 14 years of age instead of 16 for those who have had no instruction.

Mrs. Hardy Blue, Miss Betty Blue and Mrs. Tom Mills spent Monday night in Abilene with the W. C. Spencer family.

Mr. and Mrs. Paul Wilburn,

Carolyn, Nancy and Warren of Big Lake, visited over the weekend with Mr. and Mrs. Cliff Herndon, his sister.

# State Capitol NEWS

Austin — Next week some 2-500,000 Texans will make up their minds whom to cast their ballots for among a huge list of candidates for local, district, state and federal offices.

Prime interest is in the governor's race, where five democrats and two republicans are hoping to replace Gov. Price Daniel. The governor is working hard to see that they don't.

Down the list, to the office of precinct chairman, there are more candidates than in many years. This is due primarily to the "open races" for the major state offices — namely those of attorney general and lieutenant governor. These openings have allowed those down the line to try to move up while at the same time leaving lesser offices open.

Also on May 5, the two parties will hold precinct conventions. They will name delegates to county conventions. County delegates, in turn, will name delegates to state conventions to be held in September. This is done to prevent imports from where party platforms will be written.

Big side-bar issues on May 5 will be the referendums on horse race betting and poll tax repeal. These will appear on both the republican and the democratic avenue for the State. May will be

ballots. Also on the GOP ballot is the question whether Padre Island should be developed as a state park. Results of the balloting on these referendums are not binding. But they provide a public opinion poll and legislators are likely to follow the mandates set out by the voters.

### DANIEL BACKS IMPORTS LIMIT

Governor Daniel sent telegrams to the governors of the other 31 oil-producing states and ask them to join him in supporting an oil imports limitation amendment. U. S. Congressman Tom Steed of Oklahoma introduced the proposal. It would require oil imports to be cut to the 1956 ratio with U. S. production.

At the 1957 Governor's Conference, Daniel was successful in getting 32 gubernatorial signatures on a petition to President Dwight D. Eisenhower, urging mandatory import controls. But he feels that nothing has been done to prevent imports from where party platforms will be written.

Daniel said that the recent schedule of eight-day allowable race betting and poll tax repeal, in Texas has resulted in a loss of more than \$100,000,000 in tax revenue and the democratic avenue for the State. May will be

another eight-day producing month.

### AGRICULTURAL WAR ON

About 40,000 bushels of sweet potatoes worth \$100,000 are in danger of being ruined by the sweet potato weevil, according to State Agriculture Commissioner John C. White. Some 1,200 growers in 10 counties plan to join the state in a two-month battle against the pest.

About \$15,000 will be spent to dust sweet potato crops and some 100 storage houses in Anderson, Cherokee, Houston, Leon, Madison, Nacogdoches, Rusk, San Augustine, Shelby and Trinity counties.

White says the war against the Kaphra beetle, which devours grain, has been won at a cost of \$100,000. But every precaution is being taken to prevent another invasion from out-of-state.

On the positive side of the planting problems, the agriculture commissioner said South Texas cotton farmers have been given a 10-day extension — to midnight April 30 — to plant, or replant where seeds failed to germinate because of unusually dry weather.

### NO SECRETS ALLOWED IN SCHOOLS

A Texas law that says that public school authorities can suspend or expel a student who solicits members for a fraternity, or other secret society, also prohibits other organizations from doing so. Attorney General Will Wilson has so ruled.

The law allows the formation in schools of Boy Scouts, Hi-Y, Girl Scouts, DeMolay, Rainbow Girls, Pan-American clubs, scholarship societies, and other "kindred education organizations, sponsored by state or national education authorities."

But any "public welfare" group which isn't on the list of specifics is forbidden.

### BOAT TRAFFIC BIG PROBLEM

As warm weather inspires the owners of 177,082 motor boats to launch their crafts on Texas' lakes and streams, the problem of boat safety comes to the fore. The boat safety committee of the Sportsmen's Clubs of Texas plans to study the matter with Rep. Ben Atwell on April 27.

Atwell has been directing questionnaires to all sportsmen's clubs to determine where and how boating accidents occur. Survey is to see if the Boat Safety Act passed by the 56th Legislature contains practical plans for accident prevention.

Henry J. LeBlanc Sr., president of SCOT, called a meeting of the board for the same day in Fort Worth. There members will review the McGee Bend Dam project and other U. S. Corps of Engineers' plans which relate to impoundments on drainage systems in the State.

### NEW HIGHWAY MARKERS

The 57th Legislature failed to appropriate funds for advertising Texas' tourist attractions out of the state. But the Texas

Highway Commission has come up with a dazzling device for pointing out places of interest to travelers once they get in the state.

Historic sites and other spots of unusual interest will be pointed out by big, cast-aluminum markers, such as those used in Virginia. These markers will be erected at roadside parks and turnoffs, so drivers can pull over and read the legends at leisure.

Markers are three feet wide and four feet, 10 inches, high and look like they're made of Swedish steel. They'll be mounted on six-foot aluminum poles.

Two already have been erected at a cost of \$1,000 each. One, placed two miles northeast of Tyler, marks the site of the largest Confederate Army prisoner of war camp west of the Mississippi. It was paid for by the grandson of a Union soldier who spent some time there.

The other was purchased by the Odessa Chamber of Commerce to point to the famous Meteor Crater near Odessa. On May 4, a third plaque will be set up at McCamey. It will mark Castle Gap — the old Butterfield State pass.

Attorney general ruled that such markers are necessary for maximum use of modern highways, and thus okayed the expenditure of state funds for future plaques.

Cost of plaques can be reduced to \$700 each in mass lots.

A committee headed by George W. Hill of the State Historical Survey Committee and composed of representatives from the Highway Department, the Parks Board and the Game and Fish Commission screens all recommended sites. About 100 spots are being considered right now.

### SHORT SNORTS

Governor Daniel picked Lewis Spears of the Texas Education Agency to represent him at the White House Conference on the Youth Fitness Program.

A Dallas law graduate, Robert E. Wade, scored an average of 87-3/4 to make the highest grade of the 145 applicants who recently passed the 1962 Texas Bar examinations.

Odessa won second place in the National Cleanest-Town contest. Honored also were six other Texas cities — Devine, Brazoria, Pleasanton, El Paso,

Fort Worth and San Antonio.

The Texas Animal Health Commission finished the fiscal year with a \$38,383 balance from its \$654,880 appropriation. Although the commission can accept private donations for its brucellosis eradication program, no contributions came through in the year ending in August, 1961.

Twenty-two U. S. congressmen have been invited to take part in a panel discussion at the May 17 convention of Texas Independent Producers and Royalty Owners Association in Houston.

## WE WORK FOR ALL INDUSTRY in the Center of the Southwest

Modern industry is a complex structure. Manufacturers rely on others to supply many things, among them raw materials, machinery, power, containers, transportation.

West Texas Utilities Company is both an industry and such a supplier. The product we make — electric power — is used by other industries in our service area.

We are proud of this close relationship. It is our job to provide a plentiful supply of electric power today. It is our obligation to increase the supply as present industries expand and new ones come in.

Our current expansion program anticipates continuing industrial growth. One example is our new Oak Creek generating station pictured above, with another and even larger plant already on the drawing boards.

To aid in industrial development, we will continue to tell the Nation's industrialists that "... in this area lies opportunity," as evidenced by the many industries thriving today in the CENTER OF THE SOUTHWEST.

## TORNADO SAFETY RULES

TO KNOW WHAT TO DO WHEN A TORNADO IS APPROACHING MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!

### I. If You Are Near a Tornado Cellar:

When time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas or debris; and preferably equipped with pick and shovel. There is no universal protection

against tornadoes except underground excavations.

**II. If You Are in Open Country:**  
1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.

2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

### III. If in a City or Town:

1. Seek inside shelter, preferably in a strongly reinforced building. Stay away from windows!

2. In homes: The corner of the basement toward the tornado usually offers greatest safety, particularly in frame houses. People in houses without basements can sometimes be protected by taking cover under heavy furniture against inside walls. Doors and windows on the sides of the house away from the tornado may be opened to help reduce damage to the building.

### IV. If in Schools:

1. In city areas: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. Avoid auditoriums and gymnasiums with large, poorly-supported roofs!

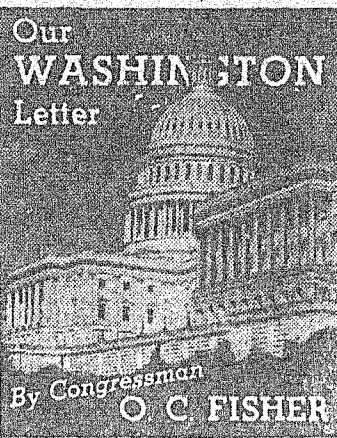

2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available.

### V. If in Factories and Industrial Plants:

On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for moving workers to sections of the plant offering the greatest protection.

VI. Keep calm. It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a

warned area are directly affected. You should know about tornadoes though, "just in case."  
**VII. Keep turned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.**

IF THE PEOPLE in southwest Texas had their way about it there would be no medical care program under social security; no federal school aid; no UN bond purchase; no expansion of the Peace Corps and the Congress would retain its constitutional responsibilities rather than delegating some of them to the President, on a standby basis.

RESULTS OF TABULATION of the questionnaires just completed reveal an aroused public interest in governmental affairs in our area. Plugging for lower federal spending, fewer controls, less government in the affairs of the people, Texans spoke out strongly and decisively in answer to the 24 questions submitted.

On the question of expanding the Peace Corps (whose mission is largely a duplication of Point 4) 79% were against and only 9% favored more spending on this project.

The people voted more than 4-to-1 against the medicare proposal, the adoption of which would force an increase in the social security tax.

Federal school aid was defeated more than 3-to-1. In fact, of 382 teachers who answered, 289 were opposed to federal aid for teacher's salaries.

"Right to work" laws were favored by well over 10-to-1.

And 81% opposed a law requiring labor unions to conform to antitrust laws on the same basis as private corporations and business enterprises are now required to do.

Nearly 75% opposed any expansion of unemployment compensation. Hundreds of citizens wrote in to cite specific instances of abuses in this program, where unemployed refuse to seek or accept gainful employment so long as they can draw unemployment benefits.

And they take a dim view of the various new welfare programs that have been submitted to the Congress.

By a margin of nearly 5-to-1 these Texans think we should forego any raises for government employees at this time.

And by a ratio of better than 2½-to-1 the people oppose H. R. 3745, a World War I pension bill. Foreign aid should be confined

## John C. White Lists Some of His Accomplishments

Austin — The Texas housewife's chances of getting a "bad egg" at the supermarket today is only one in a hundred. Agriculture Commissioner John C. White said this week.

"Five years ago, she ran the risk of feeding her family about 16 poor quality eggs in every hundred served," White added.

The 37-year-old John White, who is seeking re-election to the state's top agricultural post, cited the new Texas Egg Law as an example of new legislation he inaugurated for the protection of the consumer.

"Protection of the family budget is also a major goal of the department," said White. "The Weights and Measures Law is enforced on commercial scales, pre-packaged foods and many other items to make certain the housewife is getting full value for her food dollar."

"Last year, more than 400,000 pre-packaged meats and some 100,000 grocery scales were among items checked to guarantee full measure. Even the local gasoline pump is inspected to make certain it is giving out a whole gallon," Commissioner White said.

"We are still fighting a major battle against improper labeling and confusing food packaging practices, however," White added. "Many buyers pay dearly for a lot of air in a pretty box. My goal is to get more strength in some of our food packaging legislation."

The young commissioner said he was especially proud of the fact that Texas is no longer a

"dumping ground" for poor quality or unhealthy foodstuffs from other states. "We fought hard for laws which now serve as a watchdog for quality on such important food items as eggs, fruits and vegetables," said White.

"It is this type of protection which I seek to continue assuring the people of Texas as their commissioner of agriculture," John White said.

## Truman's Proven Experience Gives Him Lead in Race

One of the important races to be decided in the May 5 Democratic Primary will be for Lieutenant Governor.

James A. "Jimmy" Turman of Fannin County is the leading candidate in a field of five Democrats, all statewide polls show.

Turman is the only candidate with experience in organizing and presiding over a legislative body... formulating state policies... and conducting the day-by-day affairs of a legislative house.

Son of a tenant farmer, Turman worked his way through school. He holds three degrees; has taught in both public schools and universities; has served four terms in the Legislature, the last as Speaker of the House. This is the first time Turman

has applied to the people for a statewide office.

Mr. and Mrs. Harold James lost their home and all their possessions Sunday night by fire. It was believed the fire started when lightning struck the TV antenna. There will be a shower at the Community Center Wednesday night, which will be to early to let my news reach you. But any donations for the family will be greatly appreciated I'm sure.

Mr. and Mrs. Arno Rothermel of Fort Worth, Mr. and Mrs. Clyde King of Weatherford, Mr. and Mrs. Willie King of Coleman, Mrs. Georgia Hill of Houston and Mr. and Mrs. Lenton Oakes and family of Brownwood visited with Mr. and Mrs. Lige Lancaster through the weekend. Mrs. Lancaster returned home with Mrs. Hill for a visit and will also visit her sons and families. Mr. and Mrs. Virgil Lancaster and Mr. and Mrs. Robert Earl Lancaster of Woodville, before she returns to her home.

Mrs. Minnie Craig was a dinner guest of Mr. and Mrs. H. B. James Sunday.

Miss Gayla McIver of McMurry College in Abilene spent the weekend with her parents and brother, Mr. and Mrs. Grady McIver and Terry. Others who visited with them Sunday and Sunday night were Mr. and Mrs. Doyle McIver of Mansfield, Mrs. Kettie Haynes of Santa Anna and Miss Wanda James.

Mr. and Mrs. Walter Stacy and Mr. and Mrs. Eugene James, Sherril and Stanley attended the annual singing in Brady Sunday.

Debbie Wallace of Abilene visited from Wednesday to Sunday with her grandparents, Mr. and Mrs. Fred Haynes. Her parents, Mr. and Mrs. Frank Wallace came for her and her brothers, Freddie and Billy, who were here all week, and spent the day Sunday, returning to their home in the afternoon.

Mr. Rankin McIver and Sherril spent Sunday with Mrs. Meek in Bangs.

Mrs. Zona Stacy was a dinner guest of Mr. and Mrs. Joe Stacy of Brooksmith Sunday, and visited with her grandchildren, who were home for the weekend. They were Mr. and Mrs. Bill Hultz and son of Garland and Martin Stacy, who is attending college at Denton.

Mr. and Mrs. Johnny James and family attended church in Brownwood Sunday and were dinner guests of Mr. and Mrs. Charlie Bowden.

Mr. Dewitt Wells of Coleman, Mr. and Mrs. Rodney Deaß and children of Rockwood and Mr. and Mrs. Calvin Shields of Whon visited Sunday afternoon with Mr. and Mrs. S. M. Fellers and S. D.

Mrs. Mary Boenicke took Mrs. Beula Kingston and Mrs. Minnie Wilson out riding Sunday afternoon and visited the cemetery. This was the first time Mrs. Kingston had been able to go to the cemetery in quite a while. She said she enjoyed being able to get out so much.

Mrs. Clara Cupps, Mrs. Betty Miller and children of Killen and Mrs. Tavy Ford visited with Mrs. Zona Stacy Thursday afternoon.

Mr. and Mrs. Pat McShan and children of Brownwood spent Sunday with her parents, Mr. and Mrs. C. T. James.

Friends here regretted to hear of the death of Mr. Walter Tucker of New Mexico. The Tuckers lived here for many years. He was a brother of the late Roy Tucker of Santa Anna and was married to Miss Hurley Montgomery of Trickham when they were both young. I understand he has relatives buried here.

Moisture recorded here Sunday night was from one-half to one inch, but was really appreciated. However, several say they are beginning to need stock water.

Mrs. Verna Mae Calcutt and son Stanley of Garland spent the weekend with her parents, Mr. and Mrs. Robert Stearns.

**HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.**

**SNORING**

The comic literature about snoring is endless. Plays, movies, vaudeville skits and comics in general have poked fun at snoring down through the years.

There's a good chance that there's a snorer in your family. If so, you are well aware that it's not very funny.

It has been estimated by Today's Health, the magazine of the American Medical Association, that one American out of eight snores. This means something like 23 million snorers, women as often as men, are producing a nonsensical nocturnal cantata when they are unconscious.

The assorted hisses, gurgles, buzzes, snorts and raspings of the snoring nuisance holds the seeds for the ruination of an ostensibly happy marriage. Many married couples find it necessary to set up a schedule wherein one spouse tries to precede the other in sleep. Other couples proceed to separate bedrooms and possibly even the divorce courts.

For the most part, snoring is generated while breathing either in or out during sleep by several structures in the nose and throat. The sounds are due to vibrations in the soft palate and other soft structures of the throat in response to inflowing and outflowing air. The frequency of the vibrations depend on the size, density and elasticity of the affected tissues and on the force of the air flow.

A number of causes of snoring can be helped and even cured. Most cases of snoring in children are cured by removal of enlarged adenoids and tonsils. A blocked nose may lead to mouth breathing and snoring. Sometimes this can be corrected by minor surgery. If snoring is caused by nasal congestion due to the common cold, sinus disease or hay fever, nose drops or antihistamines sometimes can bring relief to the sufferer and may stop snoring. Many people snore only when sleeping on the back. Any method that keeps the sleeper on his side or face can

help.

There are factors that may affect the tone of the tissues of the throat and result in snoring. These include too much smoking, overwork, fatigue, obesity, and general poor health. The largest group of offenders are the elderly, presumably because they lack tissue tone.

If there is a snorer in your family who is disrupting the sleep of others, send him to your physician. If there is a definite cause-and-effect relationship, something can be done about it. If your doctor cannot help stop the snoring, the listener can always wear earplugs when everything else fails.

**Licenseless Fishing Tops Arrest List**

Austin — This is fishing season, and too many are going fishing without buying licenses, according to arrest reports of game wardens for the month of March.

There were 94 arrests for fishing without a license during the month. In all, game wardens arrested 257 persons, and the courts assessed fines and costs amounting to \$8,889 for the month.

Although the deer hunting season has been closed since December 31, 1961, a number of arrests were made for killing deer in closed season, killing does, and hunting at night. In fact, there were 36 arrests made in connection with night hunting.

The licenses were suspended on 18 violators, and some of them paid fines amounting to \$200.00.

A fishing license is required of all persons between 17 and 65 who fish outside their home county or who fish with rod and reel or other winding device any place in the state. The price is \$2.15 for either resident or non-resident.

Paying anyone as much as \$50 cash wages in a calendar quarter for work in your home? Don't forget to file social security tax returns.

## Eastern Star Elects Officers

The Santa Anna Chapter No. 247, Order of Eastern Star, met in the Masonic Building Monday, April 23. The meeting was opened by Mrs. Viona West, Worthy Matron, assisted by Montie Guthrie, Worthy Patron pro-tem. Fourteen officers held their stations.

Mr. Guthrie led the chapter in repeating the Pledge of Allegiance. The minutes of the previous meeting were approved. After the regular order of business, election of officers for 1962-63 was held as follows:

Mrs. Billie Guthrie, Worthy Matron; Montie Guthrie, Worthy Patron; Miss Joyce Smith, Associate Matron; H. W. Gray, Associate Patron; Mrs. Lillian Herndon, Secretary; Mrs. Blanche Grantham, treasurer; Mrs. Faye Mobley, Associate Conductress; Mrs. Carmen Donham, Conductress. The other eight officers will be appointed by the Worthy Matron-elect.

The Chapter was draped in honor of Rev. S. R. Smith, past patron. The altar was draped for Judge W. W. Canes, past Grand Patron.

After the chapter closed with the retiring march, a Memorial Program for A. D. Donham Jr., and Grand Officers was presented by Mrs. West, Mr. and Mrs. Guthrie, Mr. and Mrs. Dick Bass, Mrs. Jane Smith, Mrs. Faye Mobley, Mrs. Frances Everett and Mrs. Lois Avants.

The altar was covered with a white satin cloth. A large white flower arrangement of glads and mums, presented Mrs. Donham by her Sunday School Department, was placed inside the triangle surrounded by fern and white candles.

The hall was decorated with baskets of purple iris, red amaryllis, pots of Easter lilies and white candles.

A large white cross with sweet pea stood on one side of the altar and a wreath of lavender bouganvillea tied with a lavender bow, on the opposite side.

The group met in the Fellowship Hall where Mrs. Jane Smith, Mrs. Lois Avants and Mrs. Zuda Henderson served refreshments of sandwiches, pie, potato chips, mints, olives and coffee. The table was laid with an ecru linen cutwork cloth. The table arrangement was a large blue container of red amaryllis flanked by white tapers. Mrs. Margaret Campbell and little Suzette Cozart were visitors.

Mr. and Mrs. Jack Allen and Sammy of Midland, visited with her father, Sam H. Collier, during the weekend.

## Mrs. Barnes Attends Conference in San Antonio Last Week

Mrs. Ford Barnes, widely known lecturer and world traveler, attended the Inter-American Conference and Pan American Day Banquet, held in San Antonio last week. She was a delegate from the Self Culture Club of Santa Anna.

She was introduced as one of the guests of honor at the banquet by Mrs. Mamie Dial, State President.

After the convention Mrs. Barnes visited with her son and family, Dr. and Mrs. James Q. Barnes, and was there to help welcome a new granddaughter, Glory Beth Barnes, born to Dr. and Mrs. Barnes Thursday, April 19, at the Baptist Memorial Hospital. Mayor Barnes was also in San Antonio for the auspicious family occasion.

Mayor and Mrs. Barnes returned to their home here Sunday afternoon.

## MARRIAGE ANNOUNCED

Mr. and Mrs. L. K. Wardlow announce the marriage of their daughter, Mrs. Mary Ann Pape, to Cpl. Orvel L. Pape of Camp Pendleton, Calif. The vows were exchanged Monday, April 16 in the parsonage of the First Baptist Church, with the pastor, Rev. Raymond Jones, officiating. Attendants were Sandra DeSha and Cpl. Ed J. Walker.

The couple will make their home in Vista, Calif.

## Christian Women Fellowship Elects New Officers

The Christian Women Fellowship met Saturday, April 21, in the home of Mrs. May Sharp. Ten members were present. Mrs. Lucille Wylie gave the program on Easter.

Officers for the coming year were elected during the business meeting, as follows: Mrs. Tom Starnes, president; Mrs. Charles Bengt, vice president; Mrs. C. W. Stephenson, re-elected secretary and treasurer; Mrs. Lucille Wylie re-elected program chairman, and to be assisted by Mrs. L. O. Garrett and Mrs. Annetta Bailey.

Mrs. Bailey dismissed the group with prayer. The hostess served refreshments of cake, coffee and tea.

Glenn (Tode) Williams of Visalia, Calif., a former resident of Santa Anna, suffered a heart attack last week. He is a patient in the Visalia Municipal Hospital (Room 80) in very serious condition, according to reports received here early this week.

Jane- and Clint Horne, students at McMurry College in Abilene, spent the Easter holidays with their parents, Mr. and Mrs. Roy Horne and family.

## HOUSEWARMING FOR MR. AND MRS. DRURY ESTES

Some 44 guests called Sunday afternoon for the "housewarming" of the lovely new 3-bedroom home of Mr. and Mrs. Drury Estes. Guests were from San Angelo, Houston, Rockwall, McGregor, Coleman, Brownwood, Eastland and Sweetwater.

Cut flowers were placed at vantage points in all of the rooms. Relatives from McCamey also sent cut flowers. Cake and coffee were served and the gifts were opened.

Mr. and Mrs. Dee Mankins, Mr. and Mrs. Clinton Estes, Mr. and Mrs. Robert L. Estes, children of the couple, were hosts for the occasion.

## SCHULLE REUNION

Mr. and Mrs. P. F. Schulle were honored with a reunion in their home here during Easter. Those present were: Mr. and Mrs. P. F. Schulle and Mr. and Mrs. Leonard Davis of Santa Anna; Mr. and Mrs. Jim Schulle, Joan, Renae and Craig, Mr. and Mrs. Glen Schulle and Linda and Mr. and Mrs. Henry Brooker and Mike, all of Coleman; Mr. and Mrs. Pete Schulle, Wanda and Donna and Mr. and Mrs. Joe Rex Schulle and Tona of Abilene; Mr. and Mrs. Ted Kawuski and Betty of Tohoka; Mr. and Mrs. Leroy Schulle, Derrick and Phyllis of Brownfield; Mr. and Mrs. J. D. Howard Jr. and Elaine of Midkiff; Mrs. Eugene Studdard of Lampasas; Mrs. Edward Neal, Diana, Karen, Debbie, Donna and Don of Oklahoma City, Okla.; Will Schulle of Tulare, Calif.; Jack and Marjorie Schulle of Watonga, Okla.

This was the first time in four years all the children had been together.

Visitors in the W. E. Vanderford home Monday afternoon were Mr. and Mrs. Jimmy Pollard and children of Post and Mr. and Mrs. Hardy Glascock, all of Post. They also visited Mr. Glascock's sister, Mrs. John Lowe. Mr. Pollard is a former football coach here and is presently coaching at Post.

Mrs. Bob Luedtke and children, Judy and Bill, of Madison, Wisconsin, are visiting this week with her mother, Mrs. R. P. Earnhart.

Carlton Griffin of Bloomfield, R. J. Cornett and Mrs. Thelma Hardeman of Bangs were visitors during the Easter Holidays with Mr. and Mrs. Bud Griffin.

Mr. and Mrs. Harold White, Nancy and Jan, Mr. and Mrs. W. C. Spencer, Tom and Bill of Abilene and Ora Beth Henderson of Snyder, visited over the holidays in the homes of Mr. and Mrs. Tom Mills and Mrs. Hardy Blue.

Visiting Mrs. Jesse Cozart and Ken last week were Mrs. L. F. Wireman and Mrs. E. S. Collins of Voss and Rev. and Mrs. Jack Skelton of Leaday.

Easter visitors with Mr. and Mrs. S. F. Tucker and Davis were Mr. and Mrs. Jim Tucker and children; Mr. and Mrs. B. H. Norris, of Indian Creek; Mr. and Mrs. Archie Tucker and Mr. and Mrs. Pete Rutherford and boys of Santa Anna.

Jack Gregg of Austin, was a brief visitor in the John Gregg home Saturday afternoon.

### Whon News

By MRS. TOM RUTHERFORD

We extend our regrets to our friends of our neighboring community, Mr. and Mrs. Harold James and family of Trickham, over the loss of their home Sunday night. We understand everything was lost in the fire.

We are all thankful for the shower of rain we received Sunday night. Our measurement was very little, but glad to hear moisture fell over all of Coleman County.

Mr. George Rutherford of Rockwood, Mrs. Joe Langier and son of San Angelo and Sammie Shields were Sunday dinner guests in the Tom Rutherford home.

Mr. and Mrs. Jack Johnson and daughter of Baytown and Mrs. Bob Johnson of Coleman visited during the weekend with Mr. and Mrs. Earl Cozart.

We are sorry to loose Mr. and Mrs. Gus Fuller from our community. We understand they have purchased a home near

Brady and moved Saturday. Mr. A. D. Pettit of Santa Anna recently purchased Mr. and Mrs. Fuller's home here. We all surely wish the Fullers well in their new home.

Weekend guests in the Darwin Lovelady home were Mr. and Mrs. L. C. Baker of Midland, Mr. R. A. Baker of Brownwood, Mr. and Mrs. Cecil Baker and Wayne Baker of Coleman, Mr. and Mrs. Clyde Lovelady of Cisco, Mr. and Mrs. Ewing Lovelady of Ballinger and Alta Lovelady of Santa Anna.

Recent visitors in the Tom Rutherford home were Mr. and Mrs. John Pierce and children of Crane.

Mr. and Mrs. Hart Holmsley and children were weekend guests with Mrs. Holmsley's parents, Mr. and Mrs. Cleburn Stanley and Linda.

Mr. and Mrs. Homer Schulze of San Antonio were on their farm near here during the Easter holidays.

Mr. and Mrs. Lavaugh Snowden and children visited his sister, Mr. and Mrs. Grahm Fitzpatrick and children during the weekend.

Mr. and Mrs. Etoile Cozart of San Angelo were on their farm here over the weekend. Their son, Dwan of Abilene, was also here.

Talking with Mrs. Forest Deal in Coleman Saturday afternoon, she stated Mr. and Mrs. Tommy Simmons of New Mexico had spent Friday night in the Deal home. The Simmons family were members of our community quite a number of years ago.

Sunday afternoon guests in the Darwin Lovelady home were Mr. and Mrs. Elec Cooper, David and Ronnie of Rockwood, Mr. and Mrs. Floyd Morris and Jamie Lee.

Mr. and Mrs. Dennis Kelley of Santa Anna visited one day during the past week with Mr. and Mrs. Zack Bible.

**INSIDE THE COMMUNIST MIND**

Despite the flexibility of their "line" and their frequent inconsistencies and contradictions, Communists of all generations have held only a few basic concepts. This view is presented by Dr. James D. Bales in his new book, "Communism: Its Faith and Fallacies" (Grand Rapids 6, Michigan: Baker Book House, \$3.95). Dr. Bales, who is professor of Christian doctrine at Harding College, has put extensive research and many years of close study and observation into this round-up of Communist philosophy. He has demonstrated most concretely why it is that Americans must study this subject, and his book at the same time offers us the materials and the guidance for such a study.

In a masterful chapter on "Atheism versus Theism," Dr. Bales with devastating logic turns the Communist inside out to show that his atheistic materialism is an untenable position

which ignores God as an essential aspect of reality and then strips man of his humanity. It will amaze most readers, I believe, to follow him as he shows the thirteen "articles of faith" that the Communist must hold while refusing to believe in God.

**Their Ways of Thinking**  
Dr. Bales also delves into the peculiar modes of Communist thinking — based on dialectical and historical materialism — for many pages of cool and thorough analysis. Readers at first may be thrown by references to Communist dogma such as the "universality, continuity, and particularity of contradictions," as well as the "unity of opposites" and "the negation of negation." However, Dr. Bales succeeds in removing most of the mystery that surrounds the dialectical pargon, a language that permits Communists to explain the past, present and future to suit themselves.

The idea of "unity of opposites" for example, makes it possible for them to offer some kinds of "peaceful co-existence," yet does not preclude the "inevitability of communism." Even the Communist approach to subversion is dialectical, for they search out the contradictions within a country to use in its destruction. This explains their use of class and racial conflicts in order to hasten the inevitable

revolution, as Dr. Bales indicates.

**War With Words**  
The "semantic sabotage" that grows out of the dialectic is tremendous, Dr. Bales shows. Time and again, the Communists have used mere words to undermine the opposition or to lull them to sleep, usually words that mean one thing to Communists and another to non-Communists. "The dialectic teaches that progress, peace and prosperity are possible only if one works for communism... By crying Peace, Peace, the Communists try to enlist on their side the natural yearning of man for peace..."

"Cold war is any form of resistance to Communism which is short of a hot war. So when the Communists ask for a relaxation of tension and the ending of the cold war, all Communists understand this to mean that the non-Communist world must cease its opposition to communism, and let down its guard in the midst of the struggle for world conquest. For example, the overseas bases of the United States must be liquidated. It does not mean that the Communists cease their aggression."

**Plans Not Changed**  
Throughout the non-Communist world, persons hearing this kind of talk think the Communists are renouncing their plans for world conquest, Dr. Bales goes on to say. Sometimes it does seem that we could not have misunderstood the Communists more if we had set out deliberately to do so. Yet, more often than not, whatever they say, the propaganda victory is theirs. But this is only the temporary victory of the amoral, the Goddess, the destroyers.

There may yet be time to understand them before they gobble up the rest of the world into darkness and slavery, while free nations like America stand by as if presiding over rites of destruction. If we do understand soon enough, we are more likely to gain understanding from reading books like this than from hearing United Nations oratory. In my opinion we are behind with this kind of reading. The near-tragic mistakes we have made in foreign relations since the end of World War II testify that we have seriously misjudged the Communists again and again.

**\$23 Million Still Available For Vets With "RS" Insurance**  
Twenty-three million dollars is still available to pay dividends to some 210,000 Korean veterans who hold "RS" term insurance policies, according to P. J. Mims, manager of the Veterans Administration Regional Office in Waco.

This special dividend, he pointed out, is available only to those veterans who still hold policies with the prefix "RS" in front of their policy number. No other Government life insurance policyholders are eligible.

The "RS" policyholder cannot be paid this dividend unless he takes one of the following two actions:

1. Exchange his "RS" term policy for a term policy that (a) will generally cost him only one-third of what he is now paying; and (b) the new policy cannot be renewed as term insurance after age 50 — but it can be converted to a low cost permanent plan of insurance at any time before the insured reaches age 50.
2. Convert his policy to a low cost permanent plan insurance policy now.

If the "RS" policy holder takes either of the above actions before September 14, 1953, he will receive his special dividend. Mims said. These dividends average about \$100, depending upon the age of the policyholder and the length of time he has held his policy.

All "RS" policy holders have received detailed information about their own policies from VA, Mims said, and it is to their advantage to return the card sent to them or to contact their nearest VA office for assistance in obtaining their special dividend.

Further information may be obtained from any VA Contact Representative.

**It's Time For... EYE CARE**

Dr. Newton K. Wesley

**Eye Care for Children:**  
One of the most common misconceptions about eye care is that which recommends that a child should wait until school age before having an eye examination. Nothing could be further from the truth.

A child's eyes should be examined as soon as possible after birth. It is not necessary to talk to a patient when examining their eyes. A qualified eye doctor can detect eye deficiencies through the use of instruments. Such early examinations might disclose serious defects which could be corrected long before the child starts school.

This, of course, is the parent's responsibility. A child does not know how well he should see. If he is born with poor vision, he may not complain. He just does not know better. He thinks he's seeing as well as anyone. It never occurs to him that he is not—or that he could see better.

A child's eyes grow as he grows. He may have normal vision one year and need glasses the next. That is why the National Eye Research Foundation recommends that children should have their eyes examined at least once every six months, starting at an early age.

Here are a few things to watch for in your children's viewing habits. Each is a sign of eye trouble: Attempts to brush away blur; blinks more than usual; frequent rubbing of the eyes; excessive squinting; overly sensitive to light; and excessive frowning when reading.

**Chemist Advises on Soil Additives and Conditions**

College Station — New products such as soil conditioners continue to appear on the market. Some may have merit, points out J. H. Valentine, area extension soil chemist, while others are of questionable or no value.

Benefits claimed for the use of such materials may be stated in vague or misleading terms and based on opinion or pure fancy. It is usually unwise to purchase a material which bears no guarantee as to its formulation, adds the chemist. By not stating what is in the product, the seller is in no way liable and existing laws such as those governing fertilizers have no jurisdiction over the manufacturer or seller, explains Valentine.

The primary soil conditioner for most soils is organic matter. Soil containing a modest one percent have 20,000 pounds of organic matter per surface six inches, says Valentine. Most Texas soils, he adds, have no known bacteria deficiency since an estimated 400 to 500 pounds of live bacteria are found in an

acre furrow slice or soil. This can be improved by the addition of certain materials but the cost pending upon the amount of re- sidue returned to the soil and the moisture and temperature.

Valentine suggests that farmers and others consider the proper conditioner carefully before buying and states, there is no known practical procedure for changing soil texture since texture refers to the size of the individual soil particles. Structure of clay soils
