

**THE SECRET OF OUR PROSPERITY**

By Harry T. Everingham

(Editor's note: Harry T. Everingham is a national patriotic leader dedicated to non-partisan political action to combat Communist forces within the U. S.)  
E. K. E. WRITES:

"I've been getting some ads through the mail that say, 'Anything you want can be yours when you know the AMAZING SECRETS of the Far East. — A wonderful method to learn the hidden laws that control life—and the world is yours!'"

"Don't you think such 'bunk' should be blocked from going through the mail?"

DEAR R. K. E.:  
This is still a free country, as far as that goes, and people have a right to decide in which direction they want to turn their mind. But maybe they should have their head examined.

The truth is that 'the Far East' should be coming to us, the land of individual freedom, to get the secret of personal progress and prosperity. Two-thirds of their people go to bed hungry every night. They rarely, if ever, get enough food or clothing to satisfy their needs.

And yet the men who have captured the 600 million people in Asia, and now control their destiny, are using them in a diabolical plot to destroy capitalism, the one free system that could produce an abundance for all the people of the world—if they used it.

The Red leaders in China have made the COMMUNIST MANIFESTO their bible. It was written in 1848 by Karl Marx about a form of capitalism that then existed in Europe. This was not true capitalism, but a system of cartels and monopolies in which the owners of industry got together (under government consent) to keep their prices up and their wages down — also preventing any free competition in industry that would cause them to reduce their prices.

Karl Marx never saw the wonders of true capitalism, as demonstrated in the United States over the past 60 years. Here we have had production for the masses through mass production, made possible by free competition in which each company must compete for the customer's business.

Here, where we have freedom of choice to buy the product that offers us the best value for our money at the lowest cost, we have had a system of progress and prosperity such as the rest of the world has never seen.

Here, each worker has had freedom from government to enjoy the benefits of his own production. We have all been free to save our money and invest in new and better machines and equipment which would reduce our costs and offer the customer a better value at a better price.

Until recently, our productivity (output per manhour) increased on an average of 3 percent per year, which means that we doubled our wealth and buying power about 100 percent every 33 years.

Each time we were able to improve our productivity to produce more goods at less cost, we have shared our gains in three ways: 1) THE CUSTOMER got a better buy for his money. 2) THE WORKER got or gets an increase in wages and shorter hours. 3) THE INVESTOR made more product and thus had more to invest for better machine tools for an even better future.

In short, here in America under the system of individual freedom to save, invest, produce and buy more, our people have enjoyed a standard of living that is 200 to 3,000 percent better than any other in the world.

But in the last 20 years our system has begun to crumble because of the alien idea that people should depend on their government for subsidies and security "from the cradle to the grave." Thus our government has increased its spending and our taxes to the point where we are not able to save our money to invest in new machine tools for low cost products and better jobs. This, the old system of too much government and greed is beginning to destroy our American free enterprise system of progress for all.

The greatest export product that we in the United States could offer to the world is our knowhow of free enterprise and mass production. Americans need to better understand their own system and not fall for the idea that the great secrets of the East will produce wealth for all. Those people are starving to

## Raymond Gary New Pastor For N. S. Baptists

Raymond L. Gary has accepted the pastorate of the North Side Baptist Church and moved here Friday of last week. He filled the pulpit at both Sunday services.

The Rev. Gary came here from Tahoka, Texas, where he has been associated with an implement concern for the past year. Previous to that time he pastored the Calvary Baptist Church in Big Spring for two years. He also pastored several churches in the East Texas area, while attending Jacksonville College at Jacksonville, Texas.

Rev. Gary served with the U. S. Navy during the Korean Conflict. He was born at Dimmitt, Texas and was raised in the Tahoka area. His wife, Joyce, also comes from the same area.

The family has five children. Two sons named Keith and Kevin and three daughters, Kimberly, Kasha and Kathi. They are living in the former Bill Mitchell house, just north of the City Hall.

We join others in extending a welcome to the new family to our midst.

## Santa Anna Airmen Meet In Bitburg, Germany

Bitburg, Germany. — Three Texas airmen were reunited recently for the first time in 10 years, at this American Air Force base some 5,000 miles from their homes in Santa Anna.

The three, Staff Sergeant Bennie Bass, Technical Sergeant Doug Moore and Technical Sergeant Billy Mills, were close childhood friends. In fact, the latter two are cousins.

Sergeants Bass and Moore attended school together. The three came into the Air Force almost simultaneously—as evidenced by their serial numbers which have the same first six digits, 258648 and end in 09 for Sergeant Mills, 17 for Sergeant Moore and 22 for Sergeant Bass.

Sergeant Mills is stationed here, as manager of the Bitburg Rod and Gun Club. Sergeant Bass is assistant manager of the NCO Club at Rastain Air Base, Germany. Sergeant Moore is at Mildenhall Air Base, England, but he was on a temporary duty with the STARS AND STRIPES at Darmstadt, Germany.

When Sergeant Moore got a break from duty, Sergeant Bass drove to Darmstadt and picked him up. After a short visit at Ramstein, where Sergeant Moore was stationed from 1954-1959, the two drove to Bitburg. They stayed overnight with Sergeant Mills and his family.

The last previous meeting of the three sergeants occurred in May, 1952, at San Antonio, Texas. Although the three are hoping it won't be another 10 years between reunions, that is possible—for Sergeant Mills departs here for a new assignment at Lowry AFB, Colorado, in July.

## Weldon Haynes To Pastor Wingate Methodist Church

Weldon Haynes, son of Mr. and Mrs. J. R. Haynes of Santa Anna, was appointed to pastor the Wingate Methodist Church during the closing session of the Central Texas Conference of the Methodist Church, in Fort Worth June 5-8. The appointments were made by Bishop William C. Martin.

Rev. Haynes is a sophomore student at McMurry College in Abilene and is a 1961 graduate of Santa Anna High School. During the past nine months he has served as assistant pastor and youth director at the First Methodist Church in Coleman.

His appointment to the Wingate church is effective this month.

Mr. and Mrs. Edward Browning and family and Dr. and Mrs. J. W. Kegley and family spent last week in Keene, attending Conference of the Seventh-day Adventist Church.

## Mrs. Ann Kulp Buried Saturday

Funeral services for Mrs. Ann Kulp, 84, were held at the Gause-Ware Funeral Home in Haltom City, near Fort Worth, Saturday, June 9, at 10:00 a. m. Burial was in the Fairview Cemetery in Denison, Texas, beside the body of her husband who preceded her in death in about 1943.

Mrs. Kulp died in Fort Worth Thursday, June 7, after a lengthy illness. She had been a patient in the hospital here for several weeks before going to the home of a granddaughter in Fort Worth.

Rev. H. H. Barnett Sr., pastor of the First Methodist Church of Santa Anna, was the officiating minister. Rev. Barnett was attending the annual Conference in Fort Worth and remained there to hold the services Saturday morning.

Mrs. Kulp was born Sept. 5, 1877 in Indiana. She lived in Santa Anna since the middle 1950's and had lived in the same apartment since 1942.

She is survived by two granddaughters, Mrs. Preston Richardson of Temple and Mrs. O. C. Lacey of Fort Worth; one grandson, Donald T. Zenor of El Paso, and three great-grandchildren.

## Oak Theatre Screen Damaged

The large screen of the Oak Drive-In Theatre in Coleman suffered considerable damage in the storm that hit Coleman recently. Repair work on the screen is now underway.

While the screen is being repaired the picture shows scheduled for the Oak Drive-In, will be shown at the Rancho Theatre in downtown Coleman. An announcement will be made when the program is ready to be transferred back to the Oak.

## Mrs. J. M. Rouse Buried Here Tuesday, June 5th

Graveside rites for Mrs. J. M. Rouse, 80, were held in the Santa Anna Cemetery Tuesday, June 5th, following regular services at the Central Baptist Church in Brady at 10:00 a. m. Mrs. Rouse died in the Brady Hospital early Monday morning. She had been in failing health for several years.

Rosa Coffey was born Dec. 6, 1881 in McLennan County, Texas. She was married to J. M. Rouse at Cottonwood, Texas May 6, 1906. The family lived in Santa Anna for about 30 years, where Mr. Rouse died October 12, 1957. Mrs. Rouse moved to Brady three years ago.

Rev. A. R. Fielding, pastor of the Central Baptist Church in Brady, was the officiating minister. Wilkerson Funeral Home of Brady was in charge of the services.

Survivors include three sons, James A. Rouse of Odessa, Marvin E. Rouse of Crane and Raymond Rouse of Center Point; one daughter, Mrs. Vernon Bartlett of Rochelle; one brother, Edd Coffey of Brownwood; and three sisters, Mrs. C. T. Nordyke and Mrs. Chatham of Baird and Mrs. F. F. Champion of Cross Plains. Two grandchildren and one great-grandchild also survive.

## Foy Williams Buried Monday In California

Funeral services for Foy Williams, 63, were held at the Inglewood California Church of Christ Monday afternoon. Mr. Williams died suddenly Saturday night, June 9 after suffering a heart attack.

Survivors in this area are: F. C. Williams, and Mrs. Ozro Eubank of Santa Anna, Alfred Williams, Mrs. Buck Woodard and Mrs. Rosie Woolring of Coleman, Cliff Williams of Brownwood. Two other brothers, Riley and Ray, live in California. He is also survived by his wife, the former Lela Townsley.

Foy was born in Santa Anna. The family left here in 1921.

Mr. and Mrs. Carl Ashmore spent last week in Fort Smith, Ark., with her sister, Mr. and Mrs. Harvey Samuels. It was reported they had the driest May in 61 years there.

Mrs. Theo Kirkpatrick and Mrs. Alice Louise Walker and children visited Sunday in Winters.

Mr. and Mrs. Sikes of Fort Worth spent Sunday with Mr. and Mrs. T. B. Gilmore.

## Ice Cream Supper To Honor Rev. H. H. Barnett

Members of the First Methodist Church will honor their pastor, the Rev. H. H. Barnett Sr., with an ice cream supper in the church Friday evening. The program will get underway at 7:30 p. m.

The supper is in honor of the pastor being returned here for another year.

The informal program is planned. Group singing will be enjoyed following the supper.

## Protect The Wood; Help Appearance With Paint

College Station.—A good paint job on exterior woodwork improves the building's appearance and protects it from the weather. Bill Smith, extension forester, says a good coat of paint can greatly increase the service life of wood used above ground.

Two of the more common types of paint are the pigmented oil type and the water-base coating. The water-base type, for use outdoors, is a fairly recent development. It is designed to have increased moisture permeability, and when applied over special oil type primer it will give good protection to wood.

A successful paint job depends on the purchase of a good grade of paint and careful adherence to the manufacturer's instructions, points out Smith. Preparation of the paint surface, mixing, prime coat application and method of application are steps that require special attention.

When painting new wood, the best wood protection and longest paint life is obtained by applying three coats, says Smith. This would call for one prime coat and two finish coats. For previously painted surfaces which are in good condition, a single application may be sufficient.

The Forest Products Department of Texas Forest Service recommends that you select a good quality paint of the proper type for each job and paint when the temperature is between 40 and 90 degrees. You should repaint before the old coating has worn enough to expose the wood, and you should make sure the surface is completely clean and dry before painting.

Exterior woodwork pretreated with a good water repellent preservative may also be effectively painted, explains Smith. One good preservative, penta with the water repellent additive, may actually increase the efficiency of some paints. The penta should be mixed with mineral spirits and not an oil solvent, however. If pressure treating is done, the treating plant should be informed that the wood is to be paintable.

## Wondering What You Can Do? Buy Bonds!

The Treasury's Freedom Bond Drive is an opportunity and a challenge for all who sincerely wonder "what they can do for their country." The cold war and international tensions bring new frustrations every day. Buying bonds — or volunteering your services as a bond volunteer — is one good way of working off that frustrated feeling.

Of course, investing in our government's bonds is more than a patriotic exercise. It's a positive way of building up our economic strength to sustain the burden of the cold war, and of strengthening your own financial future as well. Being a good citizen, and turning a handy profit in the process, is a pretty good deal for any of us.

The bond drive is using two slogans: "Underwrite your country's might!" and "Keep freedom in your future." Both make a lot of sense. Winning cold wars doesn't come cheap, and the more bond dollars private citizens invest in the job, the more soundly—and safely—it will be financed.

Americans generally haven't been asked for much up to now. Buying bonds surely isn't all that will be expected of us. The point is, this opportunity is here, it's now, and it doesn't really cost you a cent. Uncle Sam can justifiably ask us to buy extra bonds during the Freedom Bond Drive.

Mrs. Jane Brown of Brownwood visited recently with Mrs. Tom Hays.

GO TO CHURCH SUNDAY.

## Rev. H. H. Barnett Remains Here

Rev. H. H. Barnett Sr. remained as pastor of the Santa Anna First Methodist Church at the appointments read during the closing session of the Central Texas Methodist Conference, held in Fort Worth last week. Rev. Barnett begins his second year here this month.

Rev. Bruce Hornell remained as pastor of the Rockwood and Cleveland churches. Rev. H. H. Barnett Jr. was transferred from the Mt. View Circuit to the full time church at Novice. Rev. J. B. Cole was moved from the Novice to the Mt. View Circuit.

## Eastern Star Chapter To Meet Monday Night

The first meeting of the new year for the Santa Anna Eastern Star Chapter will be held at the Masonic Hall Monday, June 18, at 7:30 p. m. Annual reports will be given by the officers. Hostesses for the meeting will be Miss Joyce Smith, Mrs. Jane Smith and Mrs. Lois Avants. All members are urged to be present.

## One Inch Rain Here Tuesday

Santa Anna received a badly needed one inch rain Tuesday morning. Moisture began falling soon after day light and continued lightly until a while before noon, when heavy rains fell for some little while. The official measurement at the Coleman Gas Company office was one inch.

Although most of this area has suffered considerably from the dry weather most of the year, we have been real fortunate not to have suffered any of the severe damage suffered in most of the areas to the north of us. There has been some damage by hail and high winds, but they are spotted and as far as we know, no large concentration of damage has been wrought on us. We need the rain very badly and everyone appreciates it.

## Turkey Producers Reminded On Referendum Vote

College Station. — Eligible Texas turkey producers are urged to vote in the upcoming referendum on the proposed national turkey marketing order. Votes may be cast between the dates of June 18-22.

Though there are unanswered questions, the basic issues of the order are fairly clear, believes F. Z. Beamblossom, extension poultry marketing specialist. The outcome of the referendum he adds, can have a great influence over production, both in method and volume.

The referendum may be approved if two-thirds of the producers voting favor it, or if those voting favorably handled two-thirds of the total turkey marketings in 1961, the Agricultural Stabilization and Conservation Service announced.

Growers who have not certified their volume vote with their ASCS office should do so immediately. Though growers may do this as late as the voting period, Beamblossom explains that by doing it in advance of the referendum, it will allow all volume votes to be certified properly before voting.

The specialist urges all growers who want more information on the referendum to contact their local ASCS office at an early date.

## Swimming Lessons Begin

The annual program of swimming instruction got underway Monday, with 29 boys attending the first day. The group leaves from the high school at 9:30 and returns about noon. The instructions are given at The Pool, 2 miles west of Coleman.

Instructors are Coach R. C. Smith and A. D. Bowen. Barbara Baucum and Sandra Davis are helpers.

The girls will start their two weeks of instruction June 25. Mrs. Lera Guthrie has been appointed to be in charge of the local Wading Pool. She will announce the opening date later.

## Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

**JUNE 15**  
Bobby Dan Tindol  
Mike Tindol

**JUNE 16**  
Mrs. Freddie Blount  
Mrs. Buster Woodard  
Clayton Jackson  
L. J. Lovelady

**JUNE 17**  
Larry Rutherford

**JUNE 18**  
James L. Rogers  
Raymond Clark  
Linda Faye Pittard  
Geneva Ann (Jackson) Anderson

**JUNE 20**  
Davis Tucker

**JUNE 21**  
Barton Lee Goodwin

Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between June 22nd and June 28th.

#### PRUSUIT OF TRUTH

The recent remarks of former President Eisenhower about the necessity of restraint in applying the tremendous power of the White House were especially appropriate in view of the steel crisis. Except for his conduct in this instance, President Kennedy has acted with dignity and restraint. He does not appear to be the kind of leader who would knowingly mislead or deceive. Yet, when misinformation, somehow, goes out from the President into television and the press as it did from White House press conferences during the steel crisis, is a very serious matter.

A statement offered as fact by the President is repeated again and again, so that the truth has great difficulty in ever catching up. This is an important lesson remaining with us from the steel dispute, that whether the source of misinformation is over-zealous advisors who hate business or groups offering propaganda statistics, wrong information may very well lead us to the

wrong conclusions. In that memorable 72 hours during the battle with U. S. Steel, a number of facts were very carelessly handled.

#### A Little Arithmetic

One of the most significant examples occurred in the statement by Mr. Kennedy, from information supplied by Secretary McNamara, that the proposed \$6 per ton increase in the price of steel would add \$1 billion to the cost of national defense. The President did not say over how long a period, but "at a time when every dollar is needed for national security and other purposes." Apparently that meant right now, this present fiscal year, for the squeeze is on taxpayers every day.

"The Shreveport Times" did some research on this mistake on which it reports in a recent editorial titled "The \$980,000,000 Error." The editorial writer indicated that the World Almanac and a little elementary school arithmetic were all that was necessary to prove the statement untrue. But to make sure, the newspaper checked with U. S. Steel. This is the kind of thorough-going journalism that the liberal press and TV commentators ought always to practice.

#### What The Facts Are

"The Times" discovered that the 1961 production of raw steel was about 100 million tons for

the entire industry. But because of a reduction due to cropping, processing, and other preparations of steel into sheets, beams, pipe, and so on, actual shipments of steel by the industry in 1961 totaled only 66,126,000 tons. This is the only tonnage of steel production from which revenue is obtained, the company told them, explaining that shipments of steel products usually amount to about 30 percent less than the tonnage of ingots and castings produced.

At \$6 per ton increase, the increased cost of all steel sold by the industry would have been \$396,756,000. Yet, Mr. Kennedy counted the increase at a billion dollars in defense steel alone, when it really amounts to little more than one-third of a billion increase for all the steel consumed by all manufacturing industry, such as autos, construction, machinery, heavy goods, durable articles and the like.

#### Truth Can't Catch Up

The newspaper found that best estimates of the amount of steel actually used in production for defense purposes annually is about 3 million to 3 1/2 million tons. The \$6 increase per ton would therefore have meant some \$18 million to \$20 million less than was stated by the President and Mr. McNamara. Steel would have had to go up, said the editorial, around \$306 a ton instead of \$6 to meet the President's figure of increased costs to defense.

Although the steel industry corrected the President's error the next day, delayed corrections could never catch up nor match the propaganda of the Administration. The "billion dollar hike in defense costs" was repeated enough to make, in the best Goebbels tradition, the error into an appearance of truth. The press and air commentators just assumed the President of the United States must have known what he was talking about. Said "The Times": "The picture drilled into the public mind was that of a heartless industry gouging the taxpayers in defense costs at a time when military Reserves had to be called into special 'hardship' service to protect the nation."

Rev. ROBERT H. HARPER  
LITTLE WHITE PIGS

THIS IS a story of some little white pigs, whose breed and ownership are unknown. The time and place of their birth are also unknown. All that is known is that they existed at some time during the Civil War, possibly in the State of Georgia. They may have survived the war only to meet a tragic end in the cooking pots of a hungry people during Reconstruction.

In their brief stay on earth they were thus unknown to fame and so far as the writer knows this will be the first time their story has been in print. And I am sure that the little white pigs never worried because their names were never in print. And also that they did not intend to save a man's life and never knew that they did.

#### JUST A THOUGHT:

Some folks never seem to be satisfied. If they are somehow able to take care of all their big problems, they immediately look for some little things to worry about.

It may have been in Georgia, when Braxton Bragg was drawing his forces together for Chickamauga that a soldier whom I knew during his later days was stationed as a picket after a hard day's march. After a short time, the weary soldier could not resist the desire to sprawl at the foot of a large tree. And it was not long until the soldier knew nothing of the waking world.

"Didn't they catch you sleeping on duty?" I asked. "No," he said, some little white pigs rooting among his feet had awakened him to his duty just before the relief came. Let us never undervalue little things.

Mr. and Mrs. L. A. Welch and Mrs. Gertrude Davis visited relatives in Fort Worth Sunday.

### Do So Many Home Buyers Insist on Medallion Homes?

"Live Better Electrically," the advertising slogan says. Modern homemakers know that it's more than a mere slogan — it's a fact. You CAN live better electrically when you buy a Medallion home. Here's why. The man who built that home, the Medallion home, EARNED the privilege of displaying the medallion by observing certain minimum electrical standards in the design and construction of the home, and in the appliances which are a part of the plan for living. It has been called "the Hallmark of Excellence." And it is. So look for the "Live Better Electrically" medallion when you are thinking of buying a new home. Enjoy FLAMELESS electric living!

Electricity Costs So Little, You Can Use Lots of It!

Austin. — For the first time since 1872, Texas Republicans are presenting a strong threat to capture statewide and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legislative office to a barbecue to be held on June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

Saturday's outing will launch the campaign for the November 6 general election.

Jack Cox of Breckenridge, the Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Everton Kennerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Ber-nold M. Hanson of Midland;

Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

**SPEAKERSHIP**— One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house. Rep. Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rev. C. W. Percy Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

**FACULTY FIRING**— Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his

teaching ability was brought out at the hearing.

The college professors association does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment. Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist."

**IN THE RED AGAIN**— Heavy payments of state aid to the schools in May pulled the state's main checking account—the general revenue fund—into the red again.

When May started, the deficit was \$73,934.36. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$28,015,960. It will go back into the black when sales tax payments reach the treasury in July.

**CROOKED HOLES**— State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three per cent allowed by commission rules.

The work is slow so it may be months, or even years, before the extent of the crooked-hole drilling program in that giant field is known.

Atty. Gen. Will Wilson has filed one civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with cement before they could be tested.

Civil suits are being filed by oil companies against owners of nearby leases, contending that crooked holes have drained away oil which belonged to them. So far, eight such suits have been filed.

If court-type evidence is found by the commissioner's engineers and Texas Rangers, evidence will be turned over to U. S. Dist. Atty. Wayne Justice for possible prosecutions under the federal law—usually called the Connally hot oil act—which makes it a federal offense to move oil in interstate commerce after it has been produced in violation of state laws or regulations of the Railroad Commission.

**LAWYERS ELECT**— Buster Cole of Bonham was chosen as president-elect of the State Bar of Texas. This means he will take over as head of the group in July, 1963.

Lawyers elect a year ahead of time. This July, when the State

Bar meets in Mexico City, Leon Jaworski of Houston will succeed William L. Kerr of Midland as bar president.

**UNIVERSITY OF HOUSTON DEGREE PROGRAM**—

A curriculum and degree program for the University of Houston, which becomes a state-supported school next year, was approved by the Texas Commission on Higher Education.

It calls for doctor of philosophy degrees in psychology, business and industrial psychology, Chemistry, physics and chemical engineering.

Dr. Philip Hoffman, University of Houston president, appeared pleased. He said the Commission's adoption of a large portion of a "role and scope" plan was a "satisfactory recognition of the needs of Houston and the State."

Commission also agreed to consider at its July meeting the merger of the law and pharmacy schools at Texas Southern University with similar schools at the University of Houston. A Commission member said he didn't think the state could afford two schools of law and pharmacy so close together.

**GOVERNOR'S APPOINTMENTS**— Gov. Price Daniel announced these appointments:

Sal Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise Donaghue of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.

Jack Hightower of Vernon, O. L. Bell of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock of Seymour and Dr. E. N. Jones of Dallas as members of the Board of Regents of Mid-

western University, for six-year terms. Hightower and Bell are new appointees. Harvey was re-appointed. Craddock and Jones are filling vacancies. Jones, secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech. College.

Russell D. Austin of Andrews as judge of the 19th Judicial District, which includes, Winkler, Crane and Andrews counties. He succeeds the late G. C. Olsen. A graduate of the Uni-

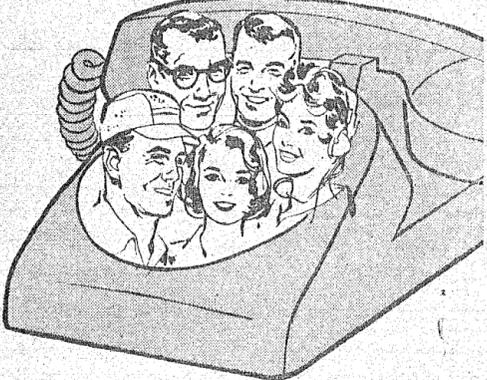

versity of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward M. (Whitey) Campbell is rector of St. David's Episcopal Church in Denton. He also has served Houston, Rockdale and El Paso churches.

Buddy Campbell spent last week with his aunt and uncle, Mr. and Mrs. Ray Garner, in Abilene. Buddy recently broke his arm while playing baseball.

Chrysanthemums can be fooled into flowering earlier, reports the Department of Agriculture. They normally do not bloom until the days are short and the nights are long. But if plants are subjected to several successive daily dark periods of about 16 hours, the tests showed, the plants can be made to flower before their time.

By LYN CONNELLY

WHEN you have nothing better to do with your time, it's a lot of fun to go through some movie fan magazines of just six months ago . . . We did that the other day and had to chuckle aloud at the stories that were featured . . . For instance, there was a touching one about Roger Smith and his devotion to his wife, entitled "I'm Heepeecked and I Love It" . . . Apparently, he didn't love it enough because a month after the story appeared, the couple had separated and she has now filed suit for divorce.

Then, of course, there were the numerous stories about the happiness of Liz Taylor and Eddie Fisher—and everyone knows how she punctured that myth . . . There was one telling of the great love of Janet Leigh and Tony Curtis and the author was most indignant that anyone would start separation rumors about her dear and good friends who would certainly have confided in her if they had marital troubles (she is maybe a marriage counselor?), only to have the couple break up almost simultaneously with the release of the story.

**CAPITOL:**—Zither fans will be delighted, as will the lovers of good music, with Ruth Welcame's latest album, "Zither Goes West" . . . Such old western favorites as "San Antonio Rose," "Tumbling Tumbleweeds," "High Noon," "Home on the Range," "Mexicali Rose," "On Top of Old Smoky," "When It's Springtime in the Rockies," "Red River Valley," and "Bury Me Not on the Lone Prairie" are beautifully arranged and played by Miss Welcome in a really fine album.

Mr. and Mrs. Jack Stanfield and children, Sarah and Virgil, of Albertville, Ala., visited friends in Santa Anna Wednesday. Mr. and Mrs. Stanfield were former residents of Santa Anna.

**Outlook For Eggs Explained**

College Station. — The South Central States, including Texas, produced 7 percent more eggs in March 1962 than in the same month of 1961. During the period January through March, these states produced 5 percent more eggs than in the same period last year.

In reporting these figures, Marshall Miller, associate extension poultry marketing specialist, points out that while production in this area showed an increase the national average production remained virtually the same.

Although Texas is included in the South Central production area, Texas producers showed a March 1962 production increase of 2 percent over March 1961. But for the first three months of 1962, they produced about the same as in 1961.

**About Your Health**

Forty years ago when a generation of Texans decided to smoke there were no recognized health factors to consider.

There were aesthetic, moral and—sometimes financial—considerations, but the lay public never thought of tobacco as a deterrent to health.

Today the health factor holds the star role in the current and sometimes melodramatic struggle to evaluate and interpret the latest scientific data on cigarette smoking and its relationship to the health of the individual.

Observations recorded from this generation of smokers and extensive laboratory tests yield information daily that must be considered and weighed carefully by the thinking man.

According to the U. S. Public Health Service the death rate from coronary heart disease among regular users of cigarettes is 63 percent higher than the rate of non-smokers. The number of deaths from coronary artery disease tends to rise with the number of cigarettes smoked.

Last year more than 26,000 Texans were victims of this type of heart disease. How important a role the cigarette played is not fully understood, but the statis-

tical evidence has been such as to the risk of smoking.

One survey after another has shown a sharp statistical association between lung cancer and to move informed, objective, and deliberate bodies to call attention to cigarette smoking. Lung cancer death rates also mount steadily with the amount smoked.

Other official reports have stated that there is striking evidence that regular cigarette smokers are subject to increased risk of dying from bronchitis, pleurisy, emphysema, ulcers of the stomach and duodenum, and cirrhosis of the liver.

Realizing that effective education for adults would be expensive and relatively unsuccessful in changing long-standing habits, the State Health Department's Division of Cancer and Heart Diseases has begun an educational program on smoking hazards beamed toward junior and senior high school students.

The program is aimed at providing students with a full understanding of the health hazards which accompany the smoking habit—so that they will stop some students before it's too late. (A weekly feature from Public Health Education, Texas State Department of Health.)

## Billie Guthrie Installed As Worthy Matron of Eastern Star Monday Night

Mrs. Billie Guthrie was installed as the Worthy Matron of the Santa Anna Chapter No. 247, Order of Eastern Star, at an open meeting held in the Masonic Hall at 7:30 p.m. Monday, June 11th. Installing officer was Mrs. Pauline Polly of the Coleman Chapter No. 360.

Other officers installed were: Montie L. Guthrie Jr., Worthy Patron; Miss Joyce Smith, Associate Matron; H. W. Gray, Associate Patron; Mrs. Lillian Herndon, Secretary; Mrs. Blanche Grantham, Treasurer; Mrs. Rosa Bass, Chaplain; Richard D. Bass, Marshal; Mrs. Fannie Bryan, Organist; Mrs. Lora Rollins, Adah; Mrs. Emma House, Ruth; Mrs. Willie J. Bostick, Esther; Mrs. Lois Avants, Martha; Mrs. Alice Louise Walker, Electra; J. M. House, Warden; and Mrs. Myrtle Taylor, Sentinel.

A "pink satin rose" installation ceremony was carried out. On the register table was a crystal vase with large pink roses where members and guests registered in a white leather guest book.

Candle lighters were Les Guthrie, son of the new Worthy Matron and Worthy Patron, and Jackie Walker. They lighted white candles in the hall, decorated in the Worthy Matron's chosen flowers, pink roses, and emblems of white and pink butterflies. Suspended in the East was a huge Gossamer butterfly in white and sparkling silver.

In front of the Worthy Matron's and Associate Matron's stations were tall pink trees. On pedestals reposed cernic cherubs and butterflies.

An arrangement of pink roses in milk glass flanked by white tapers and butterflies, was placed on the Secretary's desk. Each window was decorated with white shasta daisies in crystal containers. Grouping of pink roses added much to the color to the beautiful scene, along with a huge basket of pink roses and silver grapes on the altar.

The large white Bible was presented by Lane Guthrie, son of Worthy Matron and Worthy Patron. Boots Walker, dressed in a blue formal, carried a large basket of roses and place one at each officer's station.

The retiring Worthy Matron, Viona West, and her officers entered the chapter room carrying pink net muffs, decorated with pink roses and silver ribbons.

The Lord's Prayer was repeated in unison, followed by the Pledge of Allegiance. The

National Anthem, "The Star Spangled Banner," was sung. Miss Joyce Smith, Conductress, and Mrs. Zuda Henderson, Associate Conductress Pro-tem, escorted Mrs. Ethel Dickinson, Deputy Grand Matron of District 3, Section 5, to the East.

Mrs. West gave her welcome and farewell address.

Miss Smith and Mrs. Henderson escorted Mrs. Pauline Polly, installing officer, of the Coleman Chapter, to the East. She introduced her assistants, W. M. Polly of the Coleman Chapter, installing Worthy Patron; Mrs. Mae McDonald of the Coleman Chapter, installing Organist; Mrs. Zuda Henderson, installing Marshal; Mrs. Frances Everett, installing Chaplain; and Mrs. Viona West, installing Secretary.

Mrs. Polly called recess for the installation. The officers were attired in white floor length formal dresses. Each carried a white Bible, topped with pink roses and pink and silver butterflies. They entered, executed their separate drills, ending with a formal line up to their individual stations.

After the installation, the Closing Ode, "God Will Take Care of You," was sung. Miss Pat Davis and Mrs. Lewis Guthrie extended their greetings.

Mrs. Guthrie chose "Tolerance" for her theme; the "Pink Rose" her flower; the "Butterfly" her emblem. She selected Acts 20:35 for her scripture: "In all things I have shown you that by toiling one must help the weak, remembering the words of Jesus, How he said, 'It is more blessed to give than to receive!'"

The Chapter Gift was presented Mrs. West by Associate Matron, Miss Joyce Smith. Miss Pat Davis sang, "The End of a Perfect Day," accompanied by Mrs. Lewis Guthrie. The officers retired with the new retiring march, to the Fellowship Hall, where an informal reception was held.

Decorations in the reception room, effective in their simplicity, were emphasized at the table which was laid with pink net cloth over pink and silver.

The centerpiece was of pink and silver grapes with white tapers and silver butterflies.

Joyce Smith, Associate Matron, and Viona West, Junior Past Matron, presided at the table. Punch and cookies were served.

Visitors were Mrs. Dora Slate of the Coleman Chapter, Miss Louise Purdy, Mrs. Edwin Fowler, Miss Maureen Drake, Mrs. R. C. Smith, Mr. and Mrs. E. D. Black and children of San An-

gelo, Miss Ruth Ann Walker, Mrs. Thomas Wristen and Lee, Mrs. Earl Erick Sr., Larry Avants, Mrs. Gertrude Barnett, Associate Matron of Brownwood Chapter No. 116, Mr. Orville Slate, Right Worshipful District Deputy Grand Master 76 Masonic District.

About 50 were present for the installation.

## HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

### Artificial Respiration

The tragedy of the thousands of persons who drowned last summer is that many lives could have been saved if a rescuer or bystander had known how to apply artificial respiration.

The important things about artificial respiration are: Know how to do it; start it immediately after the victim has been removed from the water. Don't wait for an ambulance or for help to arrive. It probably will be too late.

The American Red Cross offers courses in life saving that include artificial respiration. But, even without formal training, most people could manage to give assistance to the rescued swimmer.

There are two methods of artificial respiration currently being taught: Mouth-to-mouth, and back-pressure, arm-lift. Of the two, first aid experts usually agree that the mouth-to-mouth, or mouth-to-nose method is the most practical, in the absence of special equipment.

In the mouth-to-mouth method, first clear the air passages by drawing the tongue forward with your fingers. Place the victim halfway between a face-up and side position, tilt the head well back to insure a clear air passageway. Take a deep breath, place your mouth over the victim's nose or mouth, and breathe into his lungs until you see the chest rise and feel the lungs expand. In mouth-to-mouth, pinch victim's nostrils shut while breathing into his lungs. Remove your mouth and let the victim exhale. Place your hand between the ribs and naval and apply slight pressure to expel all air. Repeat the cycle 15 times a minute.

The manual method should be used if for any reason the mouth-to-mouth method cannot be used. Place the victim in a face-up position. Place something under the victim's shoulders to raise them and allow the head to drop backward. Grasp victim's arms at the wrists, crossing and pressing victim's

### Needlecraft Club Regular Meeting

The Needlecraft Club met Thursday, June 7, in the Coleman City Park for their last meeting of the club year. The group enjoyed a picnic supper at 5:00 p.m.

Present for the occasion were Mrs. R. L. Todd, Mrs. M. L. Guthrie Sr., Mrs. Taylor Wheeler, Mrs. Keetie Haynes, Mrs. Tom Upton, Mrs. Cecil Curry, Mrs. Dovie Chapman, Miss Jettie Kirkpatrick, Mrs. Virgil Newman and Mrs. John Brown. Miss Jeanette Eubank of Austin, was a guest.

The club will resume their regular meetings in September.

### ROCKWOOD QUILTING CLUB MEETING

A new quilt was not placed in at Community Center this Thursday, June 7 due to illness in the community. The Hit and Miss Quilt put in the previous week was soon completed by attending members namely: Mmes. Frank McCreary, Lon Gray, Era Blackwell, Earle Cozart, and Miss Bernice Johnson. Refreshments of cookies and iced tea were served, and members signed a Get-Well card for Mrs. Lee Miller who is in Over-all-Morris Hospital in Coleman.

### OFFICER'S TRAINING DAY AT ROCKWOOD WSCS MEETING MONDAY

The Woman's Society of Christian Service met at the Rockwood Methodist Church Monday afternoon in officer's training day.

Mrs. John Hunter presided and officer's duties were discussed from the Guide.

Mrs. A. L. Crutcher and Miss Ludy Jane Crutcher were en-

rolled as new members. Following the business session Miss Bernice Johnson directed the Bible study.

Members present were Mmes. M. A. Richardson, Cecil Richardson, John Hunter, A. L. Crutcher, Fox Johnson, and Miss Bernice Johnson.

### MRS. KENNETH HAYNES NAMED WINNER IN ANNUAL EVENT

Mrs. Kenneth Haynes of Brownwood was named the first place winner in the annual Lone Star Elimination Contest of Brownwood Unit 43, of the Texas Association of Accredited Beauty Culturists. The elimination was held Sunday, June 3 in Brownwood.

Her model was Mrs. Ralph Williams.

Mrs. Haynes was presented a trophy and is eligible to enter the state competition in August.

She is the daughter-in-law of Mr. and Mrs. Clyde Haynes of Brooksmith, formerly of Santa Anna.

### MRS. HYATT MOORE HONORED ON BIRTHDAY

Mrs. Hyatt Moore was honored on her ninety-second birthday Thursday afternoon in the home of Mrs. Claud Box at Rockwood, with Jimmy Harkey assisting. The group enjoyed singing with Douglas Estes at the piano.

A decorated birthday cake and ice cream was served to Mrs. J. O. Harkey, Mrs. Boss Estes, Douglas, Mike, Mrs. Rosa Bell Hellman, John and Mrs. Dock Ellis, and the honoree, Mrs. Moore. Mrs. Moore is the oldest Rockwood citizen.

wrists against the lower chest. Immediately pull arms upward, outward and backward as far as possible. Repeat 15 times per minute.

For either method, there are some basic rules. Start immediately. Check mouth for obstructions. Loosen clothing and keep the victim warm, but don't delay artificial respiration to do this. After the victim revives, be ready to resume respiration if necessary. Have someone call a physician. Don't stop and don't give up unless you're positive the victim is dead.

If an accident occurs at a public pool or public beach, there likely will be a trained guard present to take over artificial respiration. If you are called on to help in a rescue, keep calm and move quickly to try to get the victim breathing again as soon as possible.

### Adult I Sunday School Social

Rev. Bruce Hornell preached at both worship services on Sunday. At the 6:00 p.m. M.Y.F. meeting Bro. Bruce met with the group. Discussion was made on reorganizing and plans to be made for the coming year. There were seven members and two adults present.

Mr. and Mrs. Wayne Whitley and Sharon of Big Lake and Mr. and Mrs. Julian Whitley, Terry and Cathy of Goldthwaite were supper guests of Mr. and Mrs. Marvin Whitley Sunday. The ladies were picking peas when Mrs. Whitley almost put her hand on a large rattlesnake—fortunately she wasn't bitten, but was scared almost to death. Perhaps all of us had better look a little closer for the reptiles. I understand there has been a large number killed so far this spring.

Mr. and Mrs. Brownie Brook of Brownwood are the proud parents of a baby daughter. The little one weighed 6 pounds and 15 ounces and has been named Susan Rachele. Mr. and Mrs. R. W. Cupps of Trickham and Mr. and Mrs. Coy Brook of Santa Anna are the grandparents. Mrs. Brook and baby are spending this week with her parents. Visitors in the Cupps home over the weekend were Mr. and Mrs. W. D. Townsley of Brownwood, Mrs. Elmer Cupps, Mrs. Casey Herring, Mr. and Mrs. Coy Brook and Mrs. Tony Watson.

Little Pamela Miller of Killeen spent Sunday with Sherrill McIver.

Mr. and Mrs. Buck Mitchell of Comanche spent the week-end at their home here. We are happy to hear that Buck is feeling a lot better after his long siege of sickness. Visitors over the week-end with the Mitchells were Mr. and Mrs. Lloyd Mock of Post City and Mr. and Mrs. Damon Miller and children of Killeen.

Mr. and Mrs. John Haynes and Mr. and Mrs. Fred Haynes spent Saturday in San Saba and Cherokee. Mrs. Fred Haynes reports her father isn't doing so good, and isn't able to be moved from the hospital. Sorry to hear of Mr. Bowden's illness, but hope he will soon be up and around.

Mrs. Minnie Wilson entered

the Memorial Hospital in Brownwood yesterday where she is to undergo eye surgery today.

Mr. Tom Bingham of Eden and Mrs. Lucille Jones of Brownwood spent last Thursday with Mrs. Beula Kingston. Mr. and Mrs. Annie Lou Vaughn were Sunday afternoon visitors.

J. E. Donnie, Nikki and I went to Bangs resthome Sunday and took my mother out for a short visit. Mother seems to be doing pretty good and has had quite a few old friends come to see her, which she enjoys very much. Other visitors with Mr. and Mrs. Edgar Cole on Sunday were Mr. and Mrs. W. R. McMinn, Mrs. Don Greer, Donna and Nita and Mrs. Lela Greer of Abilene.

Mr. and Mrs. Royce McIver, Sabrina and Britt of Wink spent Thursday and Friday of the past week with Mr. and Mrs. Grady McIver, Terry and Gayla.

Mrs. Violet Walker and children of Santa Anna spent Thursday with Mrs. Mary Boenicke. Mrs. Bernice McIver visited in the Boenicke home on Sunday afternoon.

Mrs. Lula Hancock of Zephyr and Mrs. Desta Bagley of Brownwood spent Friday with their mother, Mrs. Zona Stacy.

Mrs. Minnie French and children of Texas City were weekend visitors with Mr. and Mrs. S. M. Fellers and S. D. Mr. and Mrs. Fred Shields of Santa Anna were bedtime visitors on Saturday night and Beth, Linda, Rodday and Rock Dean of Rockwood spent Saturday night in the Fellers home.

Mr. and Mrs. Johnny James and family were dinner guests of Mr. and Mrs. Charlie Bowden in Brownwood on Sunday.

Texas Game & Fish Features Camping In Special Issue

Austin.—A 48-page issue of TEXAS GAME & FISH magazine for June deals entirely with camping, it has been announced by T. D. Carroll, coordinator of information and education of the Texas Game and Fish Commission.

Because of the great number of families interested in camping, all phases of it are included in the magazine, as well as telling where to go for camp sites. There is a listing in this issue of all the public camping facilities in the state, and all the national parks in the state, together with information on the equipment to take, how to set up camps, camp cooking, overnight camping, and personal experiences of people who have done a lot of camping.

The stories are from the Big Bend National Park, Palo Duro Canyon, Padre Island, the Possum Kingdom area, and a number of other intervening points.

TEXAS GAME & FISH magazine is published by the Commission on a subscription basis, at a price of \$2.04 for one year, \$3.06 for 2 years, and \$5.10 for 3 years, each amount including 2 percent sales tax.

**MEDITORIAL:** Every time I read a public health report and note that there are still polio victims I can't help but think how unnecessary these cases are. The fact that we have the polio vaccine, capable of eliminating this illness, seems to make little difference to many people.

Ever since the introduction of the vaccine, polio cases have definitely decreased. However, in the past few years the number of polio cases has risen somewhat and there are more instances of the serious paralytic type. The total number of cases is still low but there are enough now to cause some concern that epidemics may recur.

It is interesting to note that most of the cases being reported are in persons who have not received the vaccine, although a small percentage do occur in the vaccinated. It is also interesting that the unvaccinated are more likely to have the paralytic or more severe form of the disease. Even though vaccinated persons get polio they seem to have protection against the severe forms.

If you have had no injections of polio vaccine I would suggest you start your series now. And once you start don't fail to follow through. Basic immunization requires three shots: the first two a month apart; the third, 8 to 12 months later. If the basic program is completed and one year has elapsed, a fourth injection is necessary in order to keep the level of immunity high. Whether more than four shots are needed will depend on further experience and continued research. At present, some doctors are advising a fifth or even more shots. If you have any doubts at all about this and your status, don't hesitate to consult your doctor.

Milk Has Played A Major Role In History

The story of milk goes back to the beginning of civilization. Prehistoric drawings, unearthed in the Sahara Desert and dating back 8,000 or more years, feature picture-stories of cattle. A 5,000 year-old mosaic frieze, found in an ancient temple near Babylon, depicts a dairy scene showing milk containers and strainers.

Down through the years, emphasizes A. M. Meekma, extension dairy specialist, milk has continued to be a food of primary importance in the diet. The Bible makes references to milk and even describes the promised land as one of "milk and honey." Marco Polo noted in his early travels that the Tartars credited much of their strength and endurance to milk.

The history of dairying in America pre-dates that of the United States as a nation. Meekma points out that the first dairy cows landed at Jamestown in

1611 and helped bring an end to a terrifying period of starvation. Still later, as the pioneers moved westward, nearly every covered wagon was accompanied by a cow, literally, the family's "food factory" on the move.

For many years now, June has been observed in America as Dairy Month. Meekma says it's the time of year when the nation recognizes the vital contributions the dairy industry makes to the nation's economy. And it is also, he adds, the month when the industry goes all-out to tell its story and encourage greater use of its products.

It's That Time Of The Year

College Station.—Few aromas do a better job of whetting jaded summer appetites than those coming from a backyard barbecue. The backyard chef has a wide array of meats available but because of very favorable prices, F. Z. Beانبlossom, poultry marketing specialist for the Texas Agricultural Extension Service, suggests broilers.

In addition to the broilers for chick-in-queing, the specialist says you'll need to plan a complete menu. Potato salad or corn-on-the-cob go good with chicken and a mixed green salad, an appetizer tray, sliced bread or rolls and a beverage will make for eating suited to the taste of just about anyone, adds Beانبlossom.

The sauce used during the chick-in-queing process is mighty important. If you don't have a favorite recipe, the specialist suggests you pick up a copy of MP-312, "Let's Have a Chick-in-que" from your county extension office and try the sauce he likes. The publication also contains other information which outdoor cooks can use to advantage.

Included is a discussion of grills and barbecue pits. Hints on cooking, including starting the charcoal fire and heat requirements. Beانبlossom, in the publication, also calls attention to safety hints which can help make the affair even more pleasant and enjoyable, including the tools you will need to do a first class job.

And this final reminder from the specialist, don't cook the chicken too fast. Allow plenty of time for the job and when it is finished, you'll put a product on the table that you and your guests will enjoy and discuss for weeks to come.

ROCKWOOD W.M.S. REGULAR MEETING

Mrs. Lon Gray and Mrs. Ray Caldwell presented the first four chapters of Mission Study entitled "Bible and Race," when the Woman's Missionary Society met at the Rockwood Baptist Church Monday afternoon.

Present were Mrs. F. E. Meekma, Mrs. Henry Smith, Mrs. Lon Gray, Mrs. Ray Caldwell, Mrs. R. L. Deal, Mrs. Bill Byran.

It's Time For... EYE CARE

Dr. Newton K. Wesley

Here are some questions about eye care with my answers:

"Can too much reading or close work injure the eyes?"

With an occasional rest, no permanent damage can be done to the eyes through such activity.

"Is television viewing harmful to the eyes?"

Not if the room is properly lighted; a mild indirect light should be moved around occasionally; and, for the average size screen, the viewer should sit from six to ten feet away from the screen.

"Can a child outgrow crossed eyes?"

No, a child cannot. Crossed eyes can be corrected through surgery, eye exercises. Contact lenses may also be utilized, however there may be some discomfort until the wearer is fully adapted.

"What determines whether one is able to wear contact lenses?"

Your desire, your determination, your ability to fully adapt to the lenses, plus the skill of your contact lens practitioner are the important factors in determining your ability to wear contact lenses, although some people never can wear them.

"Do contact lenses require changes in prescription as often as regular spectacle lenses?"

No, they do not. According to the National Eye Research Foundation in many cases, prescriptions in contact lenses rarely change. It is safe to assume that such a change is not necessary until several years have passed.

**Our WASHINGTON Letter**  
By Congressman O. C. FISHER

THE LEGAL DEBT LIMIT is going up to \$308 billion, made necessary by the vast increase in non-military spending. It was raised to \$300 billion early this year, and it is quite likely there will be another increase next year.

This serves to remind us of the fiscal plight, and it serves to remind us how meaningless a debt ceiling is unless an effort is made to hold annual expenditures within that limit. It would be like a man resolving: "I make only \$500 a month and I hereby resolve that I won't spend more than that this month"—and then going out and running up bills totalling \$600!

The permanent debt limit was fixed at \$275 billion in 1957, but there have been six increases since then. Being convinced that with less non-essential spending the debt ceiling could be honored, I have been voting against the increases.

As an indicator of the trend that is making the debt ceiling meaningless, since 1947 annual outlays for non-military purposes have jumped from \$17 billion to \$40 billion, much of which has been to finance new and expanded welfare programs and experiments in social planning.

Perhaps the current increase in the debt limit can serve to arouse the American people to the seriousness of spending money we do not have. We have had deficits in 25 out of the last 32 years. This spending spree is inexcusable, particularly during times of prosperity and nearly-full employment.

It is time we come to grips with the total Federal expenditures, if the value of the dollar is to be preserved and more inflation avoided.

Mr. and Mrs. Raymond Garner of Abilene, spent Saturday night and Sunday with her mother, Mrs. Sam McCrary. Other Sunday visitors were: Mr. and Mrs. Luther McCrary, Alfred and Billy; Mr. and Mrs. Vernon Campbell, Carole and Buddy; Mr. and Mrs. Roy West; and Mrs. Bill McCrary, Roy, Martha and Bob of Austin. Mrs. Sam McCrary accompanied the Bill McCrary family home for a few days visit.

FOR AND ABOUT TEENAGERS

By C. D. Smith

**Eighth Graders Want Mixed Parties**

**THE WEEK'S LETTER:** "I'm in the eighth grade at a Catholic school. The teachers are strict about boys and girls seeing each other on the campus. We used to see the boys around town and now it has reached the point where we see them everywhere we go, even if it is out of town, to the beach, or anywhere. We aren't allowed to have mixed parties (most Catholic grammar schools can't either, so we don't feel deprived of anything), but is

it wrong for us to go places as boys and girls? I read that article about being "old fashioned" and I hope you wouldn't be, when you reply."

**OUR REPLY:** We're still a bit old fashioned—also smart enough to recognize the fact that it is not mere chance if you meet boys everywhere you go, even if it is "out of town." How do these boys know where to look for you? I certainly hope that we read your letter correctly, to the effect

that it is the same boys every time. If you are going to other towns, to the beach, or anywhere just to meet new boys, you are really asking for trouble.

Your teachers are obligated to exercise proper supervision during the hours you are under their authority. Your parents have obligations as well. So we must ask: Do they know you are seeing boys in town, at the beach, in other towns?

There is absolutely nothing wrong with eighth-graders going places "as boys and girls." But the activities of eighth-graders should be supervised. Their parents—or guardians—should at all times know where they are, with whom, and what they are doing.

This is not being old fashioned. It's just using plain old common horse sense. Your teachers know it; your parents know it; we know it; and so do you!

*If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.*

Mr. and Mrs. Wimpy Watson of Waco spent the week end in their home here. Mr. and Mrs. Hollis Watson visited with them Saturday.

Mr. and Mrs. Walter Yancy and children, David and Sandra visited with Mr. and Mrs. Bert Turney Saturday night.

Mr. and Mrs. L. F. Stanley of Justine visited during the week end with Mr. and Mrs. Cleburn Stanley and daughter, Linda.

I spent Thursday with our son, Mr. and Mrs. Hilary Rutherford and children in Brownwood. Members of the family had been and were sick, but all are fine now.

Mrs. Joe Langler of San Angelo visited in the Tom Rutherford home Saturday afternoon.

Lloyd Rutherford made a trip during the week end to Stratford returning home Sunday.

We had a nice visit with our son, the Thomas Ray family in New Hampshire last Wednesday afternoon by telephone. They were fine. The children were in process of getting over the chickenpox.

Mr. Grehm Fitzpatrick went to his dog's rescue one morning last week. He apparently was in trouble on the front porch. Mr. Fitzpatrick found a fox had his dog by the nose, refusing to release him. Mr. Fitzpatrick killed the fox—took it to the veterinarian who was sure, by observing the fox that it had rabies. The dog is now being treated.

Mr. and Mrs. Floyd Morris and Jamie Lee spent the week end with their son, Mr. and Mrs. John David Morris in Dallas. Jamie Lee remained in Dallas for a longer visit.

The Morris family also visited with her father, Mr. D. T. Perkins and even though Mr. Perkins has just passed his 88th birthday he was feeling fine.

Mr. and Mrs. Douglas Avant and children Doug Jr. and Jacky Lynn are visiting his parents, Mr. and Mrs. Aaron Avants while on vacation.

Rev. and Mrs. Perkins of Brownwood visited with Mr. Sammie Shields one afternoon the past week.

Mr. Rex Turney and son, Mark, of Santa Anna spent two days with his parents, Mr. and Mrs. Bert Turney and enjoyed fishing on the river.

Mr. and Mrs. Cleburn Stanley and Mr. and Mrs. Zaek Bible visited with Mr. and Mrs. Gus Fuller of near Brady Sunday afternoon.

Mr. R. A. Baker spent Sunday night with his daughter, Mr. and Mrs. Darwin Lovelady and Randal. Mrs. Lovelady took him to his home near Brownwood Monday afternoon.

**Census Bureau Is Always On The Job**

Contrary to popular belief, the U. S. Census Bureau does not fold its tents and fade away between the big 10-year population and housing counts, according to Director James W. Stroud of the Bureau's permanent regional field office at Dallas. The Dallas region covers the State of Arkansas, Louisiana, Oklahoma, and Texas.

Mr. Stroud points out that nine major censuses will be conducted every five years. Then comes the five-year Censuses of Business, Manufactures and Mineral Industries. These will be taken in 1964 and 1969, covering business operations in 1963 and 1968 respectively. The Census of Agriculture will be conducted in 1964 and 1969.

In addition to these major censuses, the Bureau carries out a wide variety of current surveys on a monthly, quarterly, and annual basis. Topics covered in the current surveys include employment and unemployment, population characteristics, health, housing, retail and wholesale trade, manufacturing, and related subjects. The purpose of the current surveys is to supplement and keep up to date the detailed information collected in the major censuses.

The Current Population Survey, conducted 12 times a year, is probably the best known Census Bureau interim activity since it provides monthly information on employment and unemployment.

Information obtained by interviews in 333 sample areas of the country is combined to furnish statistics for national estimates. Information on migration, income, school enrollment, and other pertinent subjects is collected from time to time in the Current Population Survey in addition to the facts on employment and unemployment.

Approximately 35,000 households throughout the country are included each month in the Current Population Survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas of the country—large cities, small towns, rural areas, and so forth.

**Screwworm Faculty To Be Dedicated**

College Station — Formal dedication of the new sterile fly production plant at Mission, headquarters of the Southwestern Screwworm Eradication Program, are scheduled for Saturday, June 16.

The new plant, located at Moore Air Force Base, is designed to provide 50 to 75 million sterile flies per week. With production beginning in mid-June, the first flies from the new plant will be released in early July.

"We are very pleased with construction progress at the Mission plant," Marvin J. Bridges, executive director, Southwest Animal Health Research Foundation, said. "We will have fly production underway ahead of the date we originally hoped construction would be completed."

"Early completion of the plant will be a tremendous boost to the program since we will have the sterile flies required to cover the wide area necessary for eradication in the Southwest."

"Completing a 'crash' construction program of this type would not have been possible except through the Southwest Animal Health Research Foundation, using funds contributed by individual livestock producers, and sportsmen from all over the Southwest."

Release of flies produced at the temporary plant at Kerrville has been increased to over 20 million per week. This, along with last winter's cold weather, has significantly retarded normal build-up of native screwworm populations. The increased production at the Mission plant will provide sufficient sterile flies to give added impetus to the eradication program.

The program is a joint effort of the Texas Animal Health Commission, the Southwest Animal Health Research Foundation, and the U. S. Department of Agriculture.
