THE AMERICAN WAY

17 MILLION POLITICAL GIANTS?

By Raymond C. Baker

(Editor's note: Guest columnist Raymond C. Baker is a former newspaperman who writes widely on economic and industrial subjects.)

President Kennedy's crack that all business men are SOB's could be the trigger that awakens a giant far more powerful than the comparative handful of corporate managers he is trying to silence through fear of government reprisals.

Company presidents are hired hands, just as is the President himself. The real bosses of America's free enterprise system are its millions of stockholders. They can fire company presidents, just as they can fire the President of the United States.

The time has come when these people must assert their rights as owners of the capitalistic system which made America the strongest nation on earth. These people hire labor, for which President Kennedy seems to have an undue soft spot. These people supply the capital to construct the buildings and purchase the machinery for a business unequalled anywhere. These people keep business running, in spite of government harassment.

PROFITS

These people also believe with David Lawrence, noted political and business columnist, that "profits are not just a form of selfishness or greed or inhumanity, as the radicals in our midst would have the voters believe." Mr. Lawrence describes profits forthrightly in these words:

"Profits are a means of paying wages to investors of capital or of repaying borrowed capital. To say that the labor unions shall continue to exercise a monopoly and, by the artificial device of 'guidelines,' shall take all the savings made through improved machinery and technology is to tell business men, in effect, that the future is hopeless."

Stockholders know, just as their corporate managers know, that the future is not hopeless; that, if anything, business research is opening new horizons which will carry the free enterprise system to ever greater heights, with a concomitant prosperity such as this nation has never before known.

REACTION

The steel crisis, brought on by the President's violent reaction to a justifiable increase in the price of steel, has set off a reaction among stockholders that could force Kennedy's Fabian economic thinkers to be replaced by realists. But the owners of America's businesses must make themselves heard. As Lyle Wilson, vice president of United Press - International, recently said:

"If stockholders could be organized, they could become a political powerhouse."

The Investors League, founded in 1942 as the voice of shareholders, has accepted the challenge of the federal doctrinaires and already is agitating to bring about this "political powerhouse." William Jackman, president, says that it is not a few hundred corporate presidents who are hurt by Administration attacks on business profits and stockholder dividends, but the 17 million people in all walks of life who have invested their earnings and savings to make American business great.

Here are some facts the New York Stock Exchange elicited in its recent Census of Stockholders, which should be a warning to every elected representative of the people that they could be stirring up a hornet's nest by further antagonizing business:

One out of every six adult Americans owns one or more shares of stock in American business.

The majority of direct shareholders are women. Nearly 5.5 million of them are housewives or non-employed adult women.

Nearly three million are clerical and sales people.

One hundred million Americans are investors whose savings are invested for them by savings banks, insurance companies, pension plans, building and loan associations, etc.

The average shareholder has an annual household income of \$8,500.

The greatest increase in the number of stockholders between 1959 and 1962 was in smaller cities and towns — those with populations between 2,500 and 25,000.

Two of the above statistics should give any elected representative pause for thought. One

Soil Conservation Supervisor Election Tuesday, Oct. 2

The election of a Soil Conservation District Supervisor for Zone 4 of the Central Colorado Soil Conservation District will be held in the Community Room of the Santa Anna National Bank, Santa Anna, Texas, at 2:00 p. m. Tuesday, October 2, 1962.

The area covered by the election is bounded by the Brown County line on the east; the Colorado River on the south; the Coleman-Mozelle road on the west (approximately); and the Coleman - Santa Anna - Brownwood highway on the north.

All persons (both husbands and wives) who own land in Zone 4 and live in this Zone of the District and are 21 years of age are eligible to vote. Nominations are to be made from the floor and the person receiving a majority of the votes of the qualified voters present will be elected to serve a five-year term.

To be a District Supervisor a person must be 21 years of age and a landowner in the Zone from which he is elected.

J. H. Martin of Trickham is the present Supervisor on the Board from Zone 4.

All landowners in this area are urged to attend this important election.

A short program regarding the progress of the Upstream Flood Prevention has been arranged.

Mountaineers Journey to Clyde Friday Night

The Mountaineers will travel to Clyde Friday night for the final game in their non-conference series this season. The game is scheduled for 8:00 p. m. at the Clyde High School Stadium. Prices of admission will be \$1.00 for adults and 25 cents for students.

Clyde has a perfect record so far this season. They have only played two games, winning over Roscoe 6-0 in their first game and last week they won over Bangs 26-16. The Bulldogs are one of the top powerhouses in District 10-A, along with Baird and Albany. They have always been a tough foe for the Mountaineers.

The Bulldogs have a man at tailback that is the fastest man in this area, and who is a good football player also. They have a good defense that is the basis of this club.

The Mountaineers have two boys on the injured list, Larry Fowler and Frank Valdez, but Coach Smith said it was likely both boys would be ready for some action by Friday night.

Films of each game are studied closely on Mondays and mistakes are worked on during the week. The Mountaineers continue to show marked improvement each week. They are going to have to play a heads-up game Friday night in order to bring home a victory.

DAUGHTER BORN TO ROLAND CURRYS

Mr. and Mrs. Roland Curry of San Angelo announce the birth of a daughter, Debra Lynn, born Sept. 9, at 9:05 p. m. in a San Angelo hospital. Weight was 4 pounds.

Grandparents are Mr. and Mrs. Leroy Curry of Santa Anna.

Visitors with Mr. and Mrs. John C. Gregg Monday afternoon were Mr. and Mrs. Bryan Eblins and Mrs. D. O. Sholar of San Angelo.

is that a majority of direct stockholders are women who, when aroused, make themselves heard and refuse to give quarter. Second is the town and small city investors who know every action of their Congressman and demonstrate their feelings in the voting booth.

President Kennedy — with his SOB remark — and his brother, Attorney General Robert F. Kennedy, with his anti-trust suits — have played havoc with management long enough. It is time corporate presidents, along with the Investors League, called upon their bosses — all 17 million of them — for support in the Congress and at the ballot boxes. American business has had enough of Harvard economics.

Let this "political powerhouse" be heard!

Jack Schulle Killed in Auto Accident Sunday

Jackson Philip Schulle, 19-year-old son of Mrs. Mary Jo Schulle of Watonga, Okla. and W. E. Schulle of Tulare, Calif., was killed instantly when his car hit a bridge 3 miles west of Watonga at 1:15 a. m. Sunday. He was returning home after taking a friend home. He was a grandson of Mrs. J. J. Gregg and Mr. and Mrs. P. F. Schulle, all of Santa Anna.

Jackie was born June 22, 1943 in Santa Anna. His parents lived in the Bryan area for a time until World War II was over. They lived in Santa Anna a few years before moving to Watonga, where the home has been for the past 13 years. He was a student at Weatherford College, Weatherford, Okla., and was a member of the Watonga First Baptist Church.

Funeral services were held at 10:30 a. m. Tuesday at the First Baptist Church in Watonga, with the pastor officiating. His remains were brought to Santa Anna Tuesday evening. A second service was held at the First Baptist Church here at 2:00 p. m. Wednesday, with the pastor, Rev. Raymond Jones, officiating. Burial was in the Santa Anna Cemetery, under the direction of Hosh Funeral Home of Santa Anna.

Survivors include his mother and father; one sister Marjorie Schulle of Watonga; his grandparents, a large number of uncles, aunts and cousins.

Pallbearers were Buddy Jones, John W. Gregg, Don McCullough, Pete Simmons, Freddie Cullins and Randy Brown.

A large number of members of both families were here for the services.

R. T. Caperton Observes First Anniversary

R. T. Caperton, owner and operator of the R. T. Caperton Chevrolet Co., Coleman, is observing his first anniversary this week with the announcement of the showing of the new Chevrolet cars and trucks. He purchased the Chevrolet dealership just as the new cars were announced for 1962.

During the year Mr. Caperton has greatly improved the sales and service of the Chevrolet outlet in Coleman. While he was in the process of taking over the operation of the business Mr. Caperton said he planned to put Chevrolet in its rightful place in Coleman County. He has been doing just that.

Mr. Caperton said he wanted all the county to know that each of them appreciate the patronage of the folks of this area during the year he has been in Coleman and he will continue to see that every effort is made to merit that patronage.

He appreciates the many friends made during the year and extends a very cordial invitation to attend his open house announcing the new line of 1963 Chevrolets on Friday of this week.

Rockwood 4-H Club Re-Organized

The organizational meeting of the Rockwood Community 4-H Club was held Sept. 24 at the Community Center at 7:30 p. m., with Mike England, out-going president, presiding.

During the program period new membership cards were filled out and new officers were elected as follows: President, Loreta Broadway; Vice President, Davey Deal; Secretary, Beth Dean; Treasurer, Don Fitzpatrick; Reporter, Linda McIntire; Council Delegate, Mike England; Recreation Leader, Cindy England; Adult Leaders, Mrs. G. S. Fitzpatrick, Mrs. Roy England and Cecil Richardson. Miss Woods, assistant Home Demonstration Agent, and Gene Dunbar, assistant County Agent, assisted with the meeting.

NO ROCKWOOD NEWS THIS WEEK

Due to the serious illness of John Hunter of Rockwood, our correspondent there was unable to write her usual column this week. Mrs. Hunter said he was improving but was still in the hospital.

Polio Vaccine On Sunday

Linda Riley Receives Pharmacy Degree

Pictured above is Linda Riley, daughter of Mr. and Mrs. J. W. Riley of Austin, former owners of Phillips Drug. Miss Riley received her Bachelor of Science degree in Pharmacy from the University of Texas and passed the State Board at the end of the summer semester. She was elected sweetheart of the Class of 1962 and was on the Dean's list of honor students. She is a former student of Santa Anna High School.

PTA To Hold Regular Meeting

Mrs. Ellean Harris, president of the Santa Anna PTA, announces the regular monthly meeting will be held at the school cafeteria at 2:30 p. m. Wednesday, October 3. All parents of local students are urged and invited to attend.

The program will be presented by Mrs. Arlie Harris' Fifth Grade students. A guest speaker will be present to discuss the topic, "Should Mom go Back to School?"

Mrs. Harris said, "There is a place for everyone in PTA work," and urged all who are interested in the school and the children to be present for the discussion on the above topic.

Brotherhood To Meet in Talpa Tuesday, Oct. 2nd

Vernon Rowe, president of the Coleman County Association of Baptist Brotherhood, announces the regular county wide meeting will be held with the Emmanuel Baptist Church at Talpa at 7:30 p. m. Tuesday, October 2.

Prominent guests expected to be present include Lem Ray of Abilene, one of the speakers at the recent District 16 Baptist Brotherhood Encampment held at Lake Brownwood, and A. C. Wimpee from the State Brotherhood office in Dallas. Wimpee will assist in planning Association Brotherhood work for the coming year.

Light refreshments will be served. All men are invited to attend.

Marjorie Schulle Worthy Advisor Of Rainbow Girls

Marjorie Schulle, daughter of Mrs. Mary Jo Schulle of Watonga, Okla. and a granddaughter of Mrs. J. J. Gregg and Mr. and Mrs. P. F. Schulle of Santa Anna, was installed as Worthy Advisor of the Assembly No. 78, Watonga Chapter, Order of Rainbow Girls, Sept. 22. The meeting was held at 8:00 p. m. in the Watonga Masonic Temple. She will serve for the Fall term, September to June.

Sunday, September 30, has been announced as the day for everyone in Coleman County to begin their series of Sabin Oral Vaccine. The same procedure will be followed as was announced for the time when it was postponed two weeks ago.

Everyone — between the ages of 3 months and 100 year — is urged to take Types One and Two of the Oral Vaccine and all children from school age down are urged to take the Type Three Vaccine. All will be given in San-

ta Anna. The vaccine will be administered at the Santa Anna Armory from 1:00 p. m. to 6:00 p. m. and everyone in this area is urged to make every effort to get there as early as possible.

There will be no charge for the vaccine. However, each vaccination costs about 25 cents and those who can are invited to contribute that much or more when you take your vaccine. If you cannot make the contribution, do not let that keep you from going and taking it.

The taxi service planned by the Lions Club will be in operation. If you need transportation to the Armory, telephone F18-3124 and someone will come and take you to the Armory and carry you back home.

The fire siren will sound each hour on the hour, beginning at 1:00 p. m. Sunday. This is to remind you to go to the Armory and take the vaccine. The cooperation of everyone is needed.

Car Pool For Out of Town Football Games

The Santa Anna Quarterback Club has received a number of suggestions that they attempt to help folks get rides to some of the out of town football games, who otherwise might not get to go. In a recent meeting, they decided upon the following idea and ask the cooperation of local people.

Those who are going to the games and have room for extra people to go with you, are asked to call Mrs. Billie Guthrie at the Santa Anna Insurance Agency office, Telephone F18-3381, and tell her how many you can take. Those who would like a ride to the games are also asked to call Mrs. Guthrie and request permission to go to the game with someone.

On Friday afternoon the two lists will be combined and a member of the club will attempt to see that all requests are taken care of.

William N. Culpepper Buried Friday

Funeral services for William Newton Culpepper, 53, were held in the Stevens Memorial Chapel in Coleman at 10:00 a. m. Friday, Sept. 21. Rev. Raymond Jones and Rev. H. H. Barnett, both of Santa Anna, were the officiating ministers. Burial was in the Fairview Cemetery near Stamford, under the direction of the Stevens Funeral Home.

Mr. Culpepper was killed instantly at 5:50 a. m. Wednesday in a one car auto accident five miles north of Coleman. He had been a resident of Santa Anna for about 3 years. He was born in Bugota, Texas, July 9, 1909. He was a member of the Baptist Church.

Survivors include his mother, Mrs. J. H. Brannan; one son, Samuel of Freeport; four brothers, A. D. of Phoenix, Ariz., Kenneth of Guthrie, Texas, Clifton of Dumas and Lucy of Santa Anna; two sisters, Mrs. A. D. Dixon of Santa Anna and Mrs. Edna Pelton of Cross Plains.

Secret Pals Revealed At Class Meeting

Secret pals were revealed at the regular monthly meeting of the Homemakers Sunday School Class of the First Baptist Church, held in the home of Mrs. James R. Allen last week. Mrs. Carl Benton was co-hostess with Mrs. Allen.

Mrs. Robert Smith, president, presided during the business meeting. Mrs. B. A. Parker brought the devotional on "Missions."

Present other than the above-mentioned were: Mmes. Lee Ray Huggins, Ellean Harris, Richard Horner, Buddy Neff, Jerry Holt, Kenneth Herring, Dee Yancy, Bruce Cammack and Miss Wanda Duggins.

Needlecraft Club Regular Meeting

The regular meeting of the Needlecraft Club met Thursday, Sept. 20, in the home of Mrs. J. Edd Bartlett and enjoyed an afternoon of conversation and handwork. This was the first time the club had met with Mrs. Bartlett since she broke her hip more than a year ago.

Refreshments of cake and ice cream were served to Mrs. Tom Upton, Mrs. Dovie Chapman, Mrs. M. L. Guthrie Sr., Mrs. Taylor Wheeler, Mrs. Dick Todd, Miss Jettie Kirkpatrick, Mrs. John Brown, Mrs. Taylor, Mrs. Will Haynes, Mrs. Virgil Newman, Mrs. Dennis Kelley, Mrs. Hunter, Mrs. Simmons and Mrs. Flint, by the hostess.

State Capitol NEWS

Austin — Rules to prevent future crooked oil wells are being hammered out by the Texas Railroad Commission.

Chairman Bill Murray and Commissioner Ben Ramsey laid out a proposal for tougher rules.

Oil industry spokesmen split down the middle on the proposed rules. They say it is not possible to drill a vertical hole without greatly adding to the cost.

Commission took proposals of its own staff and of the industry under study after a long hearing. Ramsey said the Commission should not add to industry's drilling costs, because the public pays them all.

But it was clear that the Commission now will crack down to make sure wells do not stray under property lines.

SLANT OIL WELL SURVEYS
Major and independent oil producers have contributed a total of \$306,709 for surveys to find "slanted" wells in Texas fields, Attorney General Wilson disclosed.

All but \$40,000 has been used. Surveys to date have revealed 138 deviated wells in the East Texas field, 14 in Hawkins, one in Quitman and one in Friendswood.

ISLAND PARK
Land Commissioner Jerry Sadler plans to fight the proposed bill to create a National Seashore Area on Padre Island when it comes before the State Legislature in 1963.

Congress voted the long-debated bill, but Texas legislators

will have to approve the project. Sadler contends that the Federal government will be grabbing a lot of state oil under Laguna Madre. Sponsors retort that this isn't so — that the U. S. law specifically provides that oil rights are to be retained by present owners.

PARKING
Parking around the State Capitol always has been a problem.

It's even more so since several new state office buildings have concentrated state employment in the Capitol area. Much of the available space is kept reserved for parking by State Officials.

Now Atty. Gen. Will Wilson has ruled that the State Board of Control, which is the house-keeping agency around the Capitol, has no authority to regulate parking.

Board members had hoped to find they had the authority under an old law on horses.

But Capitol parking regulations by the Board of Control is illegal, Wilson's ruling said. So far, the Legislature never has authorized the board to regulate parking.

PROPERTY TAX HEARING
Texas Commission on State and Local Tax Policy will hold a public hearing in Austin on Friday, November 9, on property taxes. Announcement came from Senator George Parkhouse of Dallas, commission chairman.

Hearing will begin at 2 p. m. in Room 644 of the Texas Employment Commission building. Anyone wishing to testify is requested to inform the tax policy group in writing to Drawer C, Capitol Station, Austin.

Parkhouse said the Commission will consider a tax which now raises \$300,000,000 a year in the State.

The Tax Policy Commission, created by the Legislature in 1959, is scheduled to make its final report to the new Legislature in January.

EDUCATION COMMITTEE
Texas State Committee on Public Education will meet in Austin on Sunday, September 30.

Two of the speakers will be Dr. Irby B. Carruth, superintendent of schools in Austin and president of the American Association of School Administrators, and Dr. J. W. Edgar, Texas Commission of Education.

Their talks will be followed by comments and questions from committee members.

LEGISLATIVE STUDY
A three-member subcommittee of the Texas House Committee on Saving Taxes will make a study of the operations of the State Railroad Commission. Members are J. W. Buchanan of Dumas, chairman; Olen R. Petty of Levelland and George Preston of Paris. Preston is chairman of the full committee.

Purpose of the parent committee is to seek ways to effect a saving in the State tax dollar.

DOCUMENTARY EXHIBIT
Archives division of the State Library has on display a collection of documents which may be unique.

James M. Day, archivist, and his staff assembled photographic reproductions of portraits or pictures of every Texas president

and governor. Then they added an original document, either personal letter or legal paper, on which the official's signature appeared.

Dr. Dorman H. Winfrey, state librarian, said no one could recall a similar exhibit before.

First displayed at Governor-for-a-Day Culp Krueger's "Operation Hometown" in El Campo, the exhibit drew much favorable comment.

POLIO REPORT
Dr. J. E. Peavy, State Health Commissioner, reported that Texas has had 158 cases of paralytic polio this season. State's cases are almost half as many as in all the rest of the nation combined.

Total number of polio cases has risen to 206 to date.

Without the mass immunization campaigns, he said, the Texas number undoubtedly would be much greater.

The Health Department recommended that oral vaccine types I and II be continued and accelerated; that type III be

limited to preschool and school age children except in type III epidemic areas where it should be given to all age groups.

TALKING BOOKS
Catalogs of new talking books are going into the mails to more than 2,300 persons served by the State Library's service for the blind section.

Catalog covers all books recorded from 1955 through 1961 and is the current publication of books distributed by the Library of Congress.

All legally blind Texans are eligible to obtain talking books from the State Library without charge. When a talking book reader completes a book and returns it to Austin, a new book is automatically sent him.

HIGHWAY CONSTRUCTION SAFETY

Traffic deaths on highway construction projects in Texas reached a five year low in 1961.

Credit for the good showing is given to a cooperative effort undertaken in 1958 by the Texas Highway Construction Traffic

Committee.

This group consists of representatives from the Texas Highway Department, Department of Public Safety, Highway-Heavy Branch of the Associated General Contractors of Texas and the Governor's Highway Safety Commission.

Fatal crashes on highway construction projects last year totaled 58, compared with 71 in 1960.

SHORT SNORTS

Attorney General Wilson has asked the Federal Court in Austin to dismiss a suit which seeks to force racial integration of Southwest Texas State College in San Marcos.

The Texas Safety Association has announced awards to be given to school bus drivers with safe driving records during the 1961-62 school year.

The Department of Agriculture estimates that heavy spring rains followed by hot, dry weather in Austin have cost Texas pecan growers 5,000,000 pounds for the 1962 crop.

Representatives expect to tread on \$17,000 worth of new carpeting in the House next January — but if a threatened textile strike occurs before the carpet can be especially woven, they may have nothing except a bare floor.

Ernest O. Thompson, Texas Railroad Commissioner, hopes to recover enough from a current illness to get back on the job soon.

Governor Daniel has appointed John C. Dezelle of Houston, United Gas Corporation Vice President, to the State Industrial Advisory Board, which assists the Texas Industrial Commission in attracting and expanding industry.

Johnny Mitchell, president of the Texas Independent Producers and Royalty Owners Association, sharply criticized the new rash of crude oil price cuts, calling them "unnecessary, irresponsible and extremely damaging."

Wild Game Quality Depends On Care

College Station — Hunters who enjoy hunting but dislike the gamey flavor of their catch will find good news in a new

publication, B-987, "Wild Game-Care-Cooking," put out by the Extension Service, Texas A&M College.

The quality of game meat depends to a large extent on how the game is handled from the

time of kill until served, according to the bulletin written jointly by specialists in wildlife conservation and foods and nutrition.

The new publication describes with detail and illustrations the proper care of small game, big game, and game birds while in the field, in camp and at home.

Methods of cooking big game are given along with tricks for tenderizing mature and tough game. Small game cookery and

care are also explained. The flavorful cooking of many kinds of Texas game birds is discussed and tips on the freezing and storage of all types of game are given.

The bulletin comes to a delicious conclusion with a list of many wild game menus calculated to convince the hunter that Texas wild game is good for more than tracking and hunting.

"Wild Game - Care - Cooking" can be obtained from your county agent or write the Agricultural Information Office, College Station.

to hams and similar pork products and allows the packer to print on the product the words "water added" and to state the amount that is added, says the specialist. An injunction by the U. S. District Court restrained the USDA from requiring that such products be labeled as imitations, he adds.

The regulations prescribe the manner of application of the

required terms and the size and style of the lettering in order to be easily readable by the buyer, points out Uvacek.

Only products prepared under the USDA jurisdiction are covered by the regulations, according to Uvacek.

EYE SYMPTOMS

People are constantly asking: "What eye symptoms show I have eye problems?" "How can I tell if something is wrong with my eyes?"

The most important point is to have your eyes examined regularly. This is being stressed constantly in our column. We feel that most of us neglect our eyes simply because they give us no warning of any trouble—but as we have often pointed out, lack of pain does not mean your eyes are healthy. Some eye diseases do not always cause the eye to ache, and we may have a serious condition and not even be aware of it.

Wesley

The National Eye Research Foundation, the American Medical Association, and the American Optometric Association have constantly warned of the necessity of frequent and regular eye examinations. Fatigue, headaches, and general discomfort may be signs of eye trouble. Excessive blinking when exposed to bright lights or sunshine can also be a symptom of trouble. Sometimes we "see double," and this could be an indication of faulty co-ordination of the eye.

But you should not wait until such definite symptoms appear before having your eyes examined. Get into the habit of having a regular time for examinations. We recommend every six months. Follow this rule and you may avoid much trouble with your vision.

We are telling the Nation's industrial leaders that...

EVERYTHING IS... "GO!"

... in this West Texas area

Because the space age we live in is a fast moving period of business and industrial expansion, we are working hard to see that this area gets its share.

We advertise the area's industrial advantages in national publications, and send factual mailing pieces to selected lists of business leaders. The Wall Street Journal advertisement and the colorful area folder shown above are current examples of this material.

In addition, our Area Development Representatives make periodical trips to the North and East for personal contacts with these business executives.

WTU is enthusiastically engaged in this continuing program because we are convinced the Center of the Southwest faces GROWTH UNLIMITED.

We are backing this belief with a multi-million dollar expansion program of our own to serve more people, more businesses, more industries.

Whon News

By MRS. TOM RUTHERFORD

A large crowd attended the shower honoring Mr. and Mrs. Loyd Rutherford Saturday night at the Community Center. Other than Whon people present, we had folks from Rockwood, Santa Anna and Brownwood. Everyone reported a nice time and the shower was very nice.

Before leaving the above item, I would like to say a great big "Thank You" for the lovely shower, honoring our son and wife. To the hostesses and also each giver, we say Thanks.

Mr. and Mrs. John David Morris of Coleman and Joe Floyd Morris of Brownwood, were Sunday guests with their parents, Mr. and Mrs. Floyd Morris and Jamie Lee.

Mrs. Dave Shields of Cross Plains and Mrs. Kenneth Shields and son of Coleman, visited in the Tom Rutherford home Sunday afternoon. Dave visited with his brother, Sammie Shields, who returned home with them for a few days visit.

Mr. and Mrs. Loyd Rutherford

of Santa Anna, spent Saturday night with the Tom Rutherfords. Mr. and Mrs. Hilary Rutherford and children of Brownwood visited briefly with us Saturday night.

Mr. and Mrs. Wright of Brady spent from Saturday to Monday with her son, Mr. and Mrs. Graham Fitzpatrick and children.

Mr. Sammie Shields and Tom Rutherford were at Trickham Cemetery Thursday afternoon for the burial services for Aunt Betty Cole, who passed away in Brownwood.

Tom Durden of Santa Anna spent one night the past week with Jamie Lee Morris.

James Avants of Santa Anna spent Saturday with his parents, Mr. and Mrs. Aaron Avants.

Mr. Floyd Morris and son, Jamie Lee, visited with his father in Brady Saturday. Sorry to report Floyd's dad not feeling so well.

Mr. and Mrs. W. E. Irick Sr., Frances Irick and Patricia Davis returned last week from a two weeks trip to Dayton, Ohio, where they visited the Irick's daughter and family, Mr. and Mrs. Don Harlow.

Engagement Announced

Mr. and Mrs. Grady McIver of Trickham, announce the engagement and approaching marriage of their daughter, Gayla Jean, to the Reverend A. Bruce Hornell, son of Mrs. Bernice Hornell and the late Mr. E. S. Hornell, of Mansfield, Texas.

Miss McIver is a graduate of the Santa Anna High School and has attended McMurry College in Abilene. Rev. Hornell is a graduate of the Mansfield High School and has attended Texas Wesleyan College in Fort Worth. He is presently working toward his degree as a ministerial student and pastors the Trickham, Rockwood and Cleveland Methodist Churches.

The couple plan a fall wedding.

ROCKWOOD WSCS REGULAR MEETING

All eyes were drawn to the flower decorated gift table at the Rockwood Community Center, when the Woman's Society of Christian Service held their social meeting September 24th.

Mrs. M. A. Richardson presided and opened the meeting with a devotional appropriate to precede the study course to begin soon. A worship center was on display to further carry out the study theme. Mrs. A. L. Crutcher conducted some interesting and thought-provoking games. Each one drew and then opened a gift from the table. Names for the gifts to be brought to the Christmas party were drawn.

The hostesses for this meeting were Mrs. Fannie Bryan and Mrs. Marcos Johnson. They served refreshments to Mmes. Marvin Richardson, Cecil Richardson, Aubrey McSwain, Fox Johnson, Leffel Estes, M. D. Bryan, Drury Estes, A. L. Crutcher, Marcus Johnson, Fannie Bryan and Miss Bernice Johnson.

Mountaineers Take Second Win Of Season, 26-6

The Mountaineers came alive late in the first period of the game with Dublin Friday night, then scored three times in rapid order to win over the Class AA Lions 26-6. Dublin pushed across their only tally in the fourth period after intercepting a Mountaineer pass on their 44-yard line.

Tinker Dockery was again the big gun for the Mountaineers as he led the scoring and made lots of yards on the ground. Dockery went 84 yards late in the first period behind good blocking on his left end run, then picked up a couple of good downfield blocks to clear the way. The Mountaineers covered 91 yards in this series with a minute and 59 seconds left on the scoreboard clock. Brown's try for extra points failed.

With four minutes and 15 seconds left on the clock, Brown went through right tackle for 7 yards and the second score, completing a 46-yard drive, mostly in short gains. A pass attempt for the extra points failed.

Right after the kickoff, the Lions attempted a long pass which was intercepted by Santa Anna's Terry McIver on the 46-yard line and returned to the Lions 22-yard line. On the third play Dockery took another wide turn around left end and went 17 yards for the TD. Brown circled wide around left end for the two extra points.

THE GAME

Santa Anna received the kickoff on the 1-yard line and returned to their 12. Failing to gain a first down, they punted to the Lion 43. The Lions fumbled and the Mountaineers recovered. Failing to gain a first down, the Lions took over on their 35-yard line. With the help of a 15-yard penalty, the Lions drove to the Mountaineer 9-yard line where the Mountaineers finally managed to hold for downs and took over possession of the ball. Sudderth picked up two yards, then Dockery drove to the 16-yard line. Dockery took the handoff and scooted wide to the left and breasted down field for the first TD on an 21-yard run.

The Lions fumbled on the kickoff and the Mountaineers recovered on the Lion 26-yard line, but lost back to the 35 and punted out of bounds on the Lion 3-yard line as the quarter ended.

With the help of a 5-yard penalty, the Mountaineers held the Lions and they punted to their 46-yard line. Keeping a sustained drive alive for 12 plays, the Mountaineers drove to the Lion 7, where Brown went through right tackle for the TD.

The Lions took the kickoff and returned 16 yards. A long pass attempt was intercepted by McIver on the first play from scrimmage and returned to the Lion 23. Dockery picked up a yard, then Sudderth drove to the 17, where Dockery again took the wide run at the left end and went the 17 yards. Brown made the two extra points to put the Mountaineers in the lead 20-0. The Lions got a 13-yard return on the kickoff, gained a yard, then lost back to their 23-yard line. They completed a nice pass for 12 yards, but had to punt on fourth down. The Mountaineers took the ball on their 33-yard line, and after suffering the loss of two damaging penalties, were back on the five yard line. On the last play of the first half Sudderth picked up 13 yards.

Neither team could make much headway in the third period. The Lions took the kickoff and drove to their 49-yard, then punted to the Mountaineer 31. The Mountaineers gained four yards, then lost five on a penalty. Colbough broke into the clear and went 25 yards for the first down. After a pass attempt the Mountaineers were penalized 15 yards again, back to the 38-yard line. Failing to gain they punted to the Lion 22-yard line. The Lions gained a first down, then lost back to their 16 and punted to their 47-yard line. The Lions were penalized 5 yards and the Mounties gained 5, making a first down, but lost 5 on a penalty the next try as the quarter ended. The Mounties lost another 5 on a penalty the first play in the fourth quarter.

They then attempted a pass that went into the hands of a Dublin boy on the Mountie 44-yard line. Making good gains each try, the Lions covered the 56 yards to pay dirt in four tries, but failed to make the extra points.

The Mountaineers took the kickoff and returned for 14 yards. Dockery picked up two and Brown broke lose and went to the 34-yard line of the Lions. However, a penalty broke up the next try. The Mounties gained 4 yards then lost back to their 47-yard line and punted. The Lions took the ball on their 18-yard line and made a first down, then drove to the 32. A long pass attempt was intercepted on the Santa Anna 45-yard line by Pete Simmons and returned to the 50-yard line. A 15-yard penalty put the Mounties back on their 35. From this point they got another sustained drive underway that carried to the Lion 8-yard line as time ran out on the field clock.

FOOTBALL ROUND-UP

The Mountaineers continued to build their prestige Friday night by winning over the Class AA Dublin Lions 26-6 in a hard fought game. Dublin looked as if they had the Mountaineers stopped cold for most of the first period. Late in the quarter Dockery broke lose and went 84 yards, which put the spark in the boys. In the second period Santa Anna scored twice more to put the game on ice. Neither team threatened in the third period, but early in the fourth period the Lions intercepted a Mountaineer pass and then went 56 yards in four plays for their only TD. Plooned with penalties in the second half, the Mounties could only muster one sustained drive, that carried to the Lion 8-yard line as the game ended.

Early, the only undefeated team in District 9-A, went wild and ran over Class B Richland Springs 45-14. The Longhorns scored in every quarter with Lanikin and Reynolds, doing most of the scoring. They scored on the ground and through the air, then returned a kickoff 92 yards for the final TD.

Goldthwaite also went wild in trouncing Class B Evant 44-0. The Eagles continued to prove they are one of the top powers in District 9-A by increasing their scores to 76 points for the season's three games.

The Bangs Dragons took their first defeat of the season. They dropped a hard fought game to Clyde 26-16, after taking the lead in the first period. QB Matthews figured in both the Dragon touchdowns.

Burnet also suffered their first loss of the season at the hands of San Saba. The Bulldogs took a 3-0 lead in the second period when Perkins kicked an 18-yard field goal. San Saba came back on the kickoff, gained a yard, then lost back to their 42 yards for their TD and kicked the extra point. The Bulldogs drove to San Saba's 4-yard line one time and on another occasion drove to their 5-yard line, but just couldn't get that extra scoring punch.

The defending champions, Copperas Cove, won their first game in three outings Friday by defeating Rogers 14-8. The Bulldogs scored in the first and third periods.

Marble Falls dropped their second game of the season, to Llano 32-0. The Mustangs have scored only 6 points this season and gave up 65 points.

August Savings Bonds Sales \$62,650 in County

August E and H Savings Bonds in Coleman County totaled \$62,650 according to Mr. Robert I. Bowen, Jr., Chairman of the county Savings Bonds Committee.

Sales for the first eight months of 1962 were \$244,359 which represents 54.3% of the county's 1962 goal.

Savings bonds are an investment in the future. For 21 years the Treasury Department sold bonds as a doorway to opportunity—a new home, college education, retirement, or some other dream of the future. But today the future itself is threatened. With the dawn of the missile age, the world is suddenly aware that one more war could be the last. The hope of the age is for peace—for some guarantee that there will be a future to look to. We must have PEACE POWER—the strength to keep the peace; the knowledge to make it lasting. Savings Bonds, in building economic stability, help strengthen America's peace power, Mr. Bowen concluded.

\$152 Million Made Available For Rural Housing Loans

An additional \$152 million has been made available for housing loans, Secretary of Agriculture Orville L. Freeman announced recently.

The action makes a total of \$182 million available through the Farmers Home Administration for this type of credit dur-

ing fiscal 1963. The funds come from the \$430 million authorized by the Housing Act of 1961, to be expended within a four-year period. Approximately \$95 million was obligated during fiscal 1962.

"These funds will help 20,000 rural families who do not now have adequate housing to obtain credit to finance a new home or improve the home they already own," Secretary Freeman said.

FHA Chapter Meeting

The Santa Anna Chapter of Future Homemakers of America met in their second meeting of the year Thursday, Sept. 20. The meeting was called to order by the president, Jo Ann Wallace.

Cheral Fitzpatrick, Secretary, gave her report.

Boys from each class were elected as follows: Senior, Tommy Stewardson; Junior, Terry Melver; Sophomore, Frank Valdez; and Freshman, Freddie Colbaugh. The FHA Dreamboat is Tinker Dockery.

The Projects Chairman, Lawanda Horner, gave a report on projects of the chapter.

Sheep & Goat Raisers To Meet This Week End

San Angelo — More than 500 members of the Texas Sheep & Goat Raisers' Association are expected to attend the fall quarterly meeting of directors in Fort Stockton September 28-29, according to Tom Wallace, execu-

tive secretary of the TS&GRA. Serving as headquarters will be the Ramada Inn where registration is to get under way at 10 a. m. Friday, September 28.

Committee meetings are to be held at 2:30 p. m. and 4 p. m. on Friday, the sessions to be in air-conditioned meeting rooms provided by the Pecos County State Bank and the Chamber of Commerce.

The general session with E. G. Cauble, Jr. of Big Lake, president, presiding, is scheduled for 9:30 a. m. Saturday in the new high school auditorium of the Fort Stockton Independent School District.

DEFOLIATION OF COTTON

If and when to defoliate is more than likely one of the problems cotton farmers are considering at this time. Defoliation can be a very useful tool to the cotton farmer, but it can be very costly and damaging if used too early. Maturity is the prime factor to consider warns B. B. Manly, Jr., Chairman of the U. S. Dept. of Agriculture Classing Office, Abilene, Texas. An Extension Service Bulletin suggests that at least 60% of the bolls on a cotton stalk should be open before applying defoliant. The bulletin gives detailed instructions on defoliating, types of materials available, and conditions under which they are recommended.

Maturity is of prime importance because when the defoliant is applied, the maturing processes are stopped. When the cotton is stripped, the stripper gathers all bolls on the stalk. If there are too many small immature bolls on the stalks, it can cause the classification to be designated as Wasty. Wasty cotton carries a prime penalty. If too many bolls are immature the lint turnout is usually reduced considerably, so you lose two ways: reduced price and less cotton.

Your County Agent has a bulletin which gives specific and detailed information as to the

when, how and what of defoliants. It would be wise to study all information available before defoliating your cotton.

Attend church regularly.

Drinking champagne from a lady's slipper may be romantic, but eating the whole shoe is another matter. World Book En-

cyclopedia relates that the Chinese were forced to use boiled leather shoes as food during a famine in the 1500's.
