## THE AMERICAN WAY

### WHAT IS AMERICANISM?

By Harry Browne

One word explains how the people of America came to acquire half of the world's great wealth on their small section of the planet. That word is freedom.

The history of the human race is a history of governments telling their subjects how to live their lives. Once a "reform" movement ousts a dictator, the temptation to abuse the newly-won power generally turns the reform movement into another dictatorship, until it in turn is replaced by still another.

Our founding fathers recognized all this and determined to protect the God-given rights of "life, liberty, and the pursuit of happiness." They searched for a method by which government could have the means to protect us against foreign enemies, and yet not have the means to enslave us.

### Government is Force

Washington summed it up by saying: "Government is not reason, it is not eloquence — it is force! Like fire, it is a dangerous servant and a fearful master."

Jefferson expressed it: "That government is best which governs least." He also pointed out: "When government advances, liberty gives way."

And they actually found a way to give government the powers to protect lives and property, but restrained it from interfering with the economic and political affairs of its citizens.

They did it by a Constitution that placed iron-clad restrictions on the powers of government. And they enforced those restrictions by the most elaborate check-and-balance system ever devised — making it virtually impossible for one element in the government to gain control of the whole system.

### Freedom From Government

Through this amazing plan, the founding fathers actually created the thing that man had dreamed about for thousands of years — the most precious commodity in the world — freedom from government. Not just freedom from Moscow, or Berlin, or London — but freedom as well from those who would enslave us from Washington. For the first time in history, man could live his daily life unafraid that he might be taken from his family by the arbitrary whim of a dictatorial government.

Americanism is described in many ways — as the freedom to vote, or the right to work, or love of country. But none of these things are the cause of our blessings, and none have been exclusively ours. The one factor that produced our great wealth, and every other treasure we hold dear was freedom from government.

### Need For Restoration

We have certainly forsaken that heritage. We need desperately to become reacquainted with it, and to do what is necessary to restore it as our national principle.

Let us weigh every proposal, every piece of legislation, by its one vital ingredient: will it increase or decrease government? Whether the proposal's purpose is to fight communism, help the aged, inspire foreign citizens, or whatever, let that question be the yardstick. In this way, we will stay within the boundaries set by the Constitution.

Let us restore as quickly as possible the lost spirit of Americanism to the greatest nation in all history.

## 10 Nice Gifts Given At Formal Opening Saturday

Mrs. Ozro Eubank was well pleased with the nice turn out of friends and customers at her formal opening of the Ladies Shop the past Saturday. Mrs. Eubank purchased the store recently from Misses Elsie Lee and Ruby Harper and since has completely redecorated the store and did considerable remodeling.

Gifts awarded were as follows: baby pants, Deborah A-vants; blouse, Mrs. Roy West; hat, Mrs. Rex Golston; giraffe, Mrs. Ray Jamison of Coleman; pelican, Mrs. Pat Hosh; sweater, Mrs. L. N. Bowman; dress, Mrs. R. E. Alsop, Coleman; dress, Mrs. Claud Tyler, Coleman; dress, Mrs. S. M. Fellers, Trickham; and coat, Mrs. R. C. (Bob) Smith of Santa Anna.

## Trickham News

By Mrs. J. E. York  
Telephone DU2-3336

Harry Throgmorton, a student from Howard Payne, was guest speaker for the worship hour Sunday.

There were 14 young people and adults present Sunday night when they met at church for a Bible Study, singing and a business meeting. The Fifth Chapter of Matthew was read and discussed. Plans were made for the "Union Youth Organization" to meet on the first and third Sundays of each month, at 6 p. m. Officers elected were president, Stanley James, vice president, Melvin Bull, secretary-treasurer, Helen Pinson, reporter, Virginia Pinson, pianist, Mrs. Clara James, song leader, Donnie York and Terry McIver. All young people in our community and surrounding communities are invited to attend these youth meetings.

Mr. George Haynes of Lovington, New Mexico visited his brother, Mr. Fred Haynes and family Sunday afternoon.

Mrs. Lula Hancock of Zephyr and Mrs. Desta Bagley of Brownwood spent Friday with their mother, Mrs. Zona Stacy. Mrs. Tavy Ford spent the afternoon with the group.

Mr. and Mrs. Eugene James visited Sunday afternoon with Mr. and Mrs. Paul Tackett of Brooksmith.

Miss Virginia Pinson spent the weekend with Mrs. Jack Dockery. Mrs. O. J. Martin visited with them Saturday. Mr. O. J. Martin, Mr. Jack Dockery, John and Tinker spent the weekend on a deer lease near Cherokee, and were lucky enough to bring home their deer.

Visitors in our home Sunday were Mr. and Mrs. Marvin Whitley, Mr. and Mrs. Grady McIver and Billy Haynes.

Mr. Dewitt Wells of Coleman and Mr. Jim Wells of Santa Anna visited with their sister, Mr. and Mrs. S. M. Fellers Sunday night.

Mr. and Mrs. Buck Mitchell of Comanche spent the weekend at their home here. Mrs. Mitchell visited Mrs. Zona Stacy Sunday afternoon.

Mrs. Bill Vaughn and Mr. and Mrs. Jack Dockery visited Sunday with Mr. and Mrs. Elmer Woods and Joanna of Lake Brownwood.

Mrs. Mary Boenicke visited Mrs. Beula Kingston at the Bangs Rest Home Friday, and found her to be feeling very little better. Aunt Beula's health has been going down for quite sometime, so three weeks ago she was moved to Bangs. She isn't able to be up but very little, so I'm sure she would appreciate a card from any of you readers.

Mr. and Mrs. Cotton Looney were bedtime visitors with Mr. and Mrs. O. R. Boenicke Saturday night. Rev. John Wrench of Santa Anna was a Sunday night supper guest.

Mr. and Mrs. Ray Wells and family of Coleman spent Sunday with Mr. and Mrs. Robert Stearns and Mrs. Frances Fleming.

Mr. and Mrs. E. E. Pinson and Mr. Billy Jacobs visited Sunday night with Mr. and Mrs. Jack Dockery.

## Mrs. G. A. Barlett Buried Wednesday

Funeral services for Mrs. Georgia Ann Barlett, 86, were held at the Hosh Funeral Home Chapel at 10:00 a. m. Wednesday, November 21. Mrs. Barlett died in the Twilight Home in Bangs, where she had been a patient since October 26.

Rev. H. H. Barnett, pastor of the Methodist Church, was the officiating minister. Burial was in the Santa Anna Cemetery, beside the body of her husband who passed away in 1936. Hosh Funeral Home was in charge of arrangements.

Mrs. Barlett died about 5:00 p. m. Sunday. She had been in failing health for several months. Previously to the time she entered the Twilight Home, she had made her home with a daughter in Shamrock for about two years. She was a member of the Methodist Church. She was born in Kansas, October 24, 1876, and had been a resident of Santa Anna since 1926.

Survivors include three daughters, Mrs. Virginia Walker of Shamrock, Mrs. Lena Jane Pringle of La Marque, Texas, and Mrs. Frances Lehms of Brownwood; one half-brother, Fred DeGroat of Pineville, Missouri; seven grandchildren and one great-grandchild.

## Wheat Program "Cross-Compliance" Explained

"Cross-compliance" is a term farmers should keep in mind if they are participating in the 1963 wheat stabilization program, according to Vernon Bullard, Chairman, Agricultural Stabilization and Conservation County Committee.

It is a requirement intended to prevent paying a producer for reducing wheat acreage on one farm and then having this reduction offset by boosting wheat acreage above the allotment — or small-farm basis, if this is larger — on another farm in which the producer has an interest in the wheat crop.

Failure to cooperate with the cross-compliance provision of the wheat program, the Chairman emphasized, would result in loss of the diversion and price support payments available to growers participating in the program, as well as loss of eligibility for the regular price support on the wheat crop.

Explaining the cross-compliance further, Mr. Bullard said:

"Assume a producer has an interest in three farms. Intentions to participate in the 1963 wheat stabilization program are filed for Farm 1, and all program provisions are carried out on the participating farm. The wheat allotment (or small farm base, if this is larger) on Farm 2 was exceeded. The wheat allotment on Farm 3 was not exceeded.

"Under these circumstances, the producer would not be eligible for the diversion payment, the extra price support payment, or the regular price support on Farm 1 because he did not comply with the cross-compliance provision. He would not be eligible for price support on the wheat Farm 2 since the wheat allotment was exceeded. He would be eligible for price support on the wheat crop from Farm 3 at the \$1.82 level (national average).

"Any other producers on Farm 1 — who do not have an interest in wheat on any other farm — would not be subject to cross-compliance provisions of the program, but they would be eligible for their share of the diversion and price support payments. They would also be eligible for price support on their share of the wheat production."

The chairman said that a producer who does not sign up in the wheat stabilization program on any farm would not have to meet any cross-compliance requirement in order to be eligible for regular price support loans or purchase agreements on his wheat crop. In such a case, the producer would merely have to comply with the farm wheat acreage allotment; if he did not, his wheat would not be eligible for price support. This represents a continuation of program provisions which have been in effect for years prior to 1962, as authorized by earlier legislation; it has no connection with the new 1962 legislation which authorizes the 1963 wheat stabilization program.

## Attendance At Church Services

## Burnet-Albany Game To Be In Brady Friday

The bi-district football game between Burnet and Albany will be held at the Brady High School Stadium at 8:00 p. m. Friday evening. Burnet was the winner of District 10-A and Albany was the winner of District 9-A.

Prices of admission will be \$2.00 for adults and \$1.00 for students at the gate. If anyone is able to purchase them, advance ticket sales will be \$1.50 for adults and 75 cents for students. However, there were no advance tickets sent to Santa Anna for sale.

GO TO CHURCH SUNDAY.

## Senior Citizens Housing Available

Mr. L. J. Cappleman, State Director, Farmers Home Administration, advised the local County Supervisor, Mr. John H. Curry, that recent legislation amends Title V of the Housing Act of 1949 by adding new provisions which authorize loans and grants for moderate cost housing and related facilities for elderly persons and families in rural areas. It liberalizes some regulations on rural housing loans now being made by Farmers Home Administration and sets up new direct and insured loan programs.

This new legislation will be administered in Coleman County by USDA's Farmers Home Administration. Rural housing loans are made by this agency to farmers and other families living in rural areas who need improved housing and cannot qualify for credit from other sources.

One new provision will give those people, who are 62 years of age or over, special advantages not available under the earlier loans program. First, they can buy previously - occupied existing housing as well as improve their homes. Second, they can finance the cost of the building site as well as the dwelling with the loan proceeds; other families must own the land on which to build the homes before they can apply for a loan. Third, co-signers may be used by elderly applicants who are deficient in repayment ability. Like rural housing loans now being made by Farmers Home Administration, these direct loans will bear interest at the rate of 4 percent and may be repaid over a period not exceeding 33 years.

For detailed information concerning rural housing loans for the senior citizen, Mr. John H. Curry, local County Supervisor, Farmers Home Administration, may be contacted.

## New Service For Area Cotton Farmers

A new service has been initiated by the U. S. Department of Agriculture Cotton Classing Offices. It is a Micronaire Reading Service. This service makes it possible for a producer to get the micronaire reading put on his Green Card. This service is voluntary, and a charge of eight cents for each sample is made.

In order to get the service, a Gin must make application for it. Since it would be extremely difficult to mike for an individual, who may gin at several gins, the service is set up to include all samples from the gins that sign up. A gin may make application and begin the service, and may stop the service any time they so desire. After the service is discontinued once, it cannot be reinstated in the same season.

According to Mr. Manly, there appears to be some questions as to what a Micronaire (or "Mike," as it is usually called) reading is, and for what purpose the reading is used. To the merchant and spinner the mike reading is an index to the maturity of the cotton. The degree of maturity in turn indicates to the spinner how the cotton will spin. Immature cotton is weak and usually not very uniform in character and length, and does not spin well, and is usually indicated by a low mike reading. Generally, cotton that mikes 3.5 and up is normal and most desirable, although readings above 5.5 may be rejected for some uses. Cotton that mikes below 3.5 is usually penalized in price by the Cotton Merchant. The amount of the penalty depends on how low it reads and how much demand there is for the Cotton.

The government loan makes no difference in price for low mike cotton; however, if a bale is designated "wasty" it is penalized four cents a pound. A classer may designate any bale wasty if in his opinion it should be, however, any bale which "mikes" below 2.7 must be designated wasty. The mike reading has nothing to do with the grade, although the grade is seldom good on low mike bales.

The "Mike" is not new to the Abilene Office. We have been using the instrument the past four seasons, Mr. Manly, says, but until recently we did not have authority to release the readings. They continue to mike any cotton they feel necessary, regardless of whether they have made application or not.

## Fire Damage Heavy at Hospital Monday Noon

Estimated damage in the fire at the Santa Anna Hospital Monday at noon was \$3,000. The fire was brought under control promptly and thus prevented a much heavier damage and possible loss of life. No one was injured in the fire.

Earl Ray was working in the laboratory and had just returned to the hospital with a gallon jug of acetone. He picked it up to put it on a shelf and the top of the jug broke off, spilling the entire contents on the floor. The chemical is very highly inflammable and it ignited from a fire in the laboratory. The fire quickly spread over the laboratory, but was rapidly extinguished. The fire department answered the call very promptly.

Fred Murray, hospital administrator, said just about everything in the lab was damaged and a lot of it was destroyed. Fire and smoke damage was considerable in the hall and front of the hospital.

Murray expressed appreciation to members of the fire department for their quick response to the call.

## 6 Names To Be Called Saturday For \$10 Each

Six names will be called Saturday at 3:00 p. m. in the Santa Anna Merchants Fall and Christmas program. Each of the six present will receive \$10.00 in merchandise certificates.

Names called the past Saturday were Mrs. Bob Malar, Mrs. Geo. O. Wells, Mrs. R. C. Allcorn, Mrs. B. K. Riggs and Mary Bata. All were present except Mary Bata.

## Community Chest Drive Still Short Of Goal

A total of \$2,935.13 has been contributed thus far to the annual Precinct No. 2 Community Chest campaign. Goal for the drive is \$3,000.00.

All but two businesses and zones have been completed and reported in the Santa Anna area and one rural area report is still not completed. Prospects are good for the drive to go a little over the goal when all the reports are in.

Santa Anna's total thus far is \$2,102.65 and the rural total is \$832.48.

## Hunters Asked To Donate Hides For Therapy Purposes

Austin — Deer hunters were reminded today an audience of 26,000 persons in state operated hospitals and schools for mentally retarded wish them luck with their buck.

Nor is it a strictly unselfish wish, since the patients and students stand to gain hours of enjoyable employment — if the hunters send the deer hides to the annual buckskin collection. Haskell Fine of Kerrville, chairman of the Volunteer Services Council which sponsors the collection has sent out thousands of shipping tags giving specific directions for donating the hides. They are available from most Chambers of Commerce in the hunting country and other spots where hunters gather.

If the sportsman skins out his own kill, he is asked to throw a handful of table salt on the raw side of the hide, allow it to drain, roll and tie or package it and affix a tag addressed to:

Austin Taxidermist Studio  
2703 South Lamar  
Austin, Texas.

If the tag is marked "charity", most motor freight lines will haul without charge. Fine said. If the deer is left at a processing station, the hunter is asked to direct that the hide be sent in.

Mr. and Mrs. Neal Lane of Cisco and Mr. and Mrs. E. R. Head of Eastland visited Mr. and Mrs. J. B. Weathers Sunday.

## Thanksgiving Observed Many Ways for Centuries

The Pilgrims were joining some strange company when they declared a Thanksgiving celebration in 1621. For the practice of giving thanks for a plentiful harvest goes back almost to the time when man first gave up wandering and hitched himself to a plow.

Along the Mediterranean, ancient peoples held festivals at harvest time in honor of a mother goddess. The Semites called her Astarte, while the Phrygians named her Semele.

The Romans honored Ceres, the goddess of agriculture, in a celebration called the Cerealia, reports World Book Encyclopedia. And the Greeks paid tribute to Demeter in secret rites called the Eleusian Mysteries.

Christianity put an end to many of these festivals, but a pagan-inspired belief in the Corn Mother, or the Mother of Grains, survived among some peasants in the British Isles and Europe. Her spirit was thought to live in the last sheaf of grain left standing in the field.

In northern England, the last handful of corn was the "kirk," and sometimes it was fashioned into a "kirk doll." In Austria it was shaped into a wreath and placed on the head of a girl who became the harvest queen.

During the Middle Ages the most common thanksgiving and harvest festival was held on the Feast of Saint Martin of Tours, or Martinmas, on November 11. People throughout Europe still celebrate the day with feasts and new wine.

The Pilgrims probably became familiar with this celebration when they went to Holland to escape persecution in England, and it may have been the remembrance of this holiday that inspired them to hold a thanksgiving feast after their first prosperous year in the New World.

## American Legion to Meet Monday Night

The local American Legion will meet at the Armory building at 7:30 p. m. Monday, November 26. All members and those who might be interested in becoming members are invited to be present.

## Brother Of R. W. Matthews Buried Thursday, Nov. 15

Funeral services for H. D. (Henry) Matthews Sr., 63, a longtime resident of Knox County, were held at the First Methodist Church in Munday, Thursday, Nov. 15, at 4:00 p. m. Burial was in the Johnson Memorial Cemetery in Munday.

Mr. Matthews died at his home Saturday, after suffering a heart attack. He was born August 31, 1899 at Glen Rose and was married to Annie Johnson July 25, 1920 in Munday.

Survivors include his wife, five sons, six daughters, three brothers including Roger W. Matthews of Santa Anna, two sisters, including Mrs. Marion Pritchard of Temple and 22 grandchildren.

## ASSEMBLY PROGRAM

Tommy Stewardson, Student Council President, opened the assembly Monday morning with the pledge to the flag. With Lawanda Horner at the piano and Karen McCluskey leading, the student body joined in the singing of "America."

Mr. Camp, band director, presented band awards to band member Shelia Swindell for winning first in twirling. The band won second place in the marching division.

John Dillingham announced the FFA and FHA wiener roast to be held Monday, November 26, for students and faculty and their families. More details will be announced later.

Tommy Stewardson announced that James and Corine Eubanks will have a Mexican supper Saturday, November 24, for the students. They would like to know who is coming if possible.

Mr. Perry, Supt., introduced two businessmen from Coleman who represent the Exchange Club. They were Mr. Carroll, President of the club and Mr. Boldt, Youth Committee Chairman. Mr. Boldt spoke to us about the Boy-of-the-Month contest. We were also told that John Dillingham is the recent winner. This Exchange Club has been organized in Coleman about a year. Its purpose is to help Coleman County, but the most important project is to be of service to the youth of the county.

## BETA CLUB NEWS

Due to six weeks tests, the Beta Club had to change their regular meeting date to Thursday, November 29. We will have initiation ceremony for our new members. A speaker has been asked to speak to us on that date. All Betas circle this date on your calendars. Our special guest speaker will be Freddie Cullins, November honorary member.

## SPOTLIGHT

In the spotlight this week our reporters find Cheryl Fitzpatrick and S. D. Fellers.

Cheryl takes five courses including Speech I, English III, American History, Typing I and Chemistry. She is a member of the S. A. H. S. Band, is recording secretary of the F. H. A. Cheryl is also the Junior Class Favorite of the 1962-63 school year. She is a member of the Baptist Church and attends the church in Rockwood. Her life ambition is to become a primary school teacher. Horseback riding is Cheryl's favorite pastime.

Sylvester D. Fellers, better known as S. D., is a junior student in S. A. H. S. He is taking four subjects: American History, Vocational Agriculture III, English III and English II. He is a member of the F. P. A. and plays center on the Mountaineer

football team. He was recently elected Junior Class Favorite. S. D. attends the Trickham Union Church in Trickham, Texas. "Red", as he is also known, says that someday he would like to work on an oil rig, but has not made any definite plans to that effect. He enjoys hunting a great deal and keeps the Trickham area pretty clean of rodents.

## PEP RALLY

The pep rally for the Santa Anna-Early game was held Saturday afternoon in the gym. Students and adults alike joined in to show their Mountaineer spirit.

Allyn Gill, Coaches Smith, Bowen and Davis each gave pep talks to the student body. Since this was the last game for eight of the "fighting" Mountaineers; Tommy Stewardson, Pete Simmons, John Dillingham, Randy Brown, Danny Wylie, Donnie Henderson, Larry Fowler and S. D. Fellers, they were asked to say something during the pep rally.

The pep rally ended with the school song and the determination to "BEAT EARLY!"

## GRADUATING FOOTBALL PLAYERS

The Early High-Santa Anna football game marked the last time these boys will play high school football: Randy Brown, Tinker Dockery, Pete Simmons, Tommy Stewardson, John Dillingham, Donnie Henderson, Danny Wylie, Larry Fowler and S. D. Fellers. These boys have meant much to the fans. We have enjoyed watching them play. Win or lose, they are excellent sportsmen. We would like to say, "Thanks, boys, for a job well done."

## GRADE SCHOOL NEWS

The sixth grade students who won prizes for their Fire Prevention posters were Karen Goodgoin, Emily Wells, and Cieta Pollock.

The reporters in the sixth grade this year are Dorthea Carpenter and Cheryl Ivy.

The annual Junior High School football banquet was held in the cafeteria of the Santa

Anna Ward School Tuesday, November 13. Invited guests were the Reverend Barnett, pastor of the First Methodist Church in Santa Anna; Supt. of Santa Anna Schools, Cullen N. Perry; Science teacher Daniel J. Tindol; and assistant coach Alvie D. Bowen. Guest speaker was Mr. William Brown. Mr. James Harris was master of ceremonies. The banquet was attended by 96% of the football team with two boys absent. The mothers of the football players furnished the turkey and dressing and served the meal.

Junior High School basketball has started. The practice started Monday, November 12, and the team played a game at the May gymnasium Thursday, November 15. The score was boys, 38-15 and girls, 21-13, both in favor of May.

The sixth grade has received three new students this six weeks: Cheryl Ivy from Bangs; Donna Strickland from Corsicana; and Ann Husk from Novice. This brings the enrollment in the sixth grade to 34.

## BAND GOES TO ABILENE

Saturday in Abilene our band received some honors. We received a first division rating in inspection and a second division rating in marching. Two of our twirlers placed in the first division. They were Shelia Swindell, a sophomore, and Margaret Horner, an eighth grader.

We, too, are proud of our band. Hats off to Mr. Camp and the mighty Mountaineer Band!

## COOKBOOKS ON SALE

The Santa Anna PHA Chapter is conducting their first sale of the new cookbook, "Favorite Recipes of American Home Economics Teachers." This first edition features meat, seafood, and poultry. This new cookbook is offered only to Future Homemakers of America to be sold as a fund raising project.

Homemakers will find in this book the most complete collection of meat recipes ever printed. It contains over 2,000 recipes submitted by home economics teachers in every section of the United States. The recipes are very practical and are suitable for everyday meals.

The "Meats Edition" contains sections on beef, veal, pork and lamb. It has cooking tables, charts and over 90 actual photographs of meat cuts. It has a meat calorie chart and an herb and spice chart, as well as recipes for ground beef and hamburgers, casseroles, meat soups and sandwiches, out-of-door cooking and pork.

It features sections on wild

game and foreign foods. These alone are worth the \$2.95 price. These books make an excellent gift for weddings, showers, graduations and Christmas. They are gift wrapped free if you wish. If you wish to purchase one of these cookbooks contact an FHA member or Mrs. McQueen.

## EXCHANGE CLUB ELECTS JOHN DILLINGHAM

Last week Mr. Perry and John Dillingham had breakfast

with the members of the Exchange Club of Coleman. John was selected as the representative from Santa Anna to participate in the Boy-of-the-Month Contest. At the breakfast, he was presented with an award.

A senior boy will be selected each six weeks by a rating scale based on his past record. One of these boys will compete in a state contest for a \$500 scholarship to be given by the Exchange Clubs of the state. Thirty-two clubs will participate

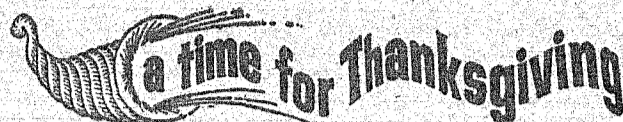

in the contest. The student body and faculty salutes John because he is an outstanding person in every respect.

Speaker: And now, ladies and gentlemen, I should like to tax your memory.

Mr. Perry (in audience): Good heavens, has it come to that?

## GO TO CHURCH SUNDAY.

### BECAUSE I CAN SEE...

the gray earth turning to green — trees bursting into blossom — the sun going down behind the hills on a blaze of glory — I give thanks.

### BECAUSE I CAN HEAR...

the sound of childish laughter — words of whispered love — inspired suns that give buoyancy to the spirit — I give thanks.

### BECAUSE I CAN TALK...

to state my opinions and views without fear — to understand as well as be understood, I give thanks.

### BECAUSE I CAN WALK...

to go where and when I please without shackles or limitations, I give thanks.

### BECAUSE I CAN FEEL...

compassion and joy — anger and sorrow and every emotion in between — from the waters of the well of life, I give thanks.

### BECAUSE I AM ALIVE...

aware that life is a divine gift, an opportunity to serve and be helpful — a challenge to leave things a little better than I found them, I give thanks.

Who am I? I am you, and you, multiplied a million fold who in the Fatherhood of God and the increasing Brotherhood of man find that this is indeed an occasion for a joyous Thanksgiving.

Austin — Capitol city folks already are getting "Inauguration Fever."

"Inaugural plans for Governor-elect John B. Connally will be far more elaborate than any held in the past decade." So reports Frank Erwin, secretary of the State Democratic Executive Committee, who is in charge of arrangements.

Festivities will begin the evening of January 14 when 5,000 Democrats are expected to pay \$25 a plate for a Victory Dinner in Austin's Municipal Auditorium.

On the morning of the 15th, there will be an interfaith Prayer Breakfast in the Driskill Hotel.

At noon Governor-elect Connally and Lieutenant Governor-elect Preston Smith will be "sworn in" in a ceremony supervised by the State Senate and House of Representatives.

Inaugural parade, following the ceremony, is expected to be one of the largest ever held in Austin. High school bands from all over the state are accepting Connally's invitation to participate. Many out-of-town floats also will participate. Also taking part will be the U. S. Navy, with a salute to its former secretary, John Connally.

The Capitol and all state buildings on its grounds will be illuminated that evening. All Texans will be invited to greet their new chief executive and other elected state officials and enjoy refreshments and entertainment in the Capitol.

This gala evening event is a brand new innovation.

**TEXTBOOKS SELECTED**

State Board of Education voted to accept the State Textbook Committee's recommendations for new texts in 13 public school courses, and approved its recommendation not to select new economics texts at this time.

In compiling a list of some 65 textbooks for selection by local boards, the 15-member committee studied 188 books submitted by 33 publishers, with the assistance of 517 professional advisors and 400 laymen.

Texas Education Agency experts in 10 fields then reviewed their selections and submitted some 400 suggested corrections, which the publishers agreed to make.

Most of the corrections refer to typographical mistakes and minor factual errors.

State Library agreed to keep a copy of each recommended text so that they will be available to individuals who may want to protest acceptance by local school boards.

Board of Education also will send samples to local boards, according to enrollment: one set for 500 pupils; 16 sets for 10,001 to 50,000 pupils, etc.

Local boards must appoint their selection committees by December 15.

**RABIES DOWN**

State Department of Public Health reports that the incidence of rabies is decreasing.

For example: the number of rabies cases reported between January 1 and September 30 of 1953 was 1,336. Reports for the same period in 1962, nine years later, totaled 448.

No cases of rabies in bats were listed from 1953 to 1956. But they numbered 26 this year.

Dogs were the animals most frequently infected with rabies. Foxes followed second.

Only 15 cases of rabies in humans have been reported over the past 10 years.

**HOUSE CEREMONY**

Speaker of the House James A. Turman invited newly-elected members of the House of Repre-

sentatives to take their oath of office in a mass ceremony on November 23.

That's the day votes officially will be canvassed and all non-returning representatives will be removed from the House payroll.

Turman's invitation was issued immediately after Attorney General Will Wilson ruled that Turman will continue to serve until his successor, Rep. James Dee Cole of Greenville, qualifies for his new term.

Opinion was requested to clear up a situation muddled by redistricting of legislative districts. Cole was elected to represent a new district which includes his old one as well as Turman's. Members whose districts were abolished by redistricting can hold office until newly-elected members qualify.

**ENROLLMENT UP**

Number of students attending local state-supported junior colleges increased 15.3 per cent over the past year to reach a total of 42,991 on October 15.

Thirty-six of the 37 colleges showed an increase in enrollment.

But Lee College at Baytown showed a decrease of 7.6 per cent. It's estimated that some former Lee students now are attending San Jacinto College in nearby Pasadena, where enrollment boomed by 59.5 per cent.

State Board of Education voted to appoint a commission to study criteria for the establishment of new junior college districts.

**BUS, TRUCK SPEEDERS**

Texas truck and bus drivers are worse speeders than passenger car drivers. So reports the Texas Highway Department.

Speed recording tests made by the Department shows truckers are the worst offenders with an average speed violation record of 78.3 per cent exceeding the legal speed limit.

Department's annual speed survey shows busses came next to truckers in speed-limit disregard. Their average was 63.7 miles per hour.

Average speed of passenger cars was 55.4 mph — within the

limits of 60 mph during the daytime and 55 mph at night.

**PRE-CHRISTMAS SURPRISE**

A quarter of a million Texans have received a pre-Christmas surprise.

The aged, the blind and the disabled got a raise in their public assistance checks from state welfare agencies.

Increase amounted to \$9 per month for the 75,000 old folks on maximum relief. Minimum was no less than \$3. Top now is \$82 a month.

**MAJOR REPORTS READIED**

The House General Investigating Committee is readying three major reports.

Rep. Charles Ballman of Borger, committee chairman, says the reports concern Hurricane Carla insurance payments, alleged point-fixing in Southwest Conference basketball games and slant hole drilling.

**FREE BUS RIDES**

State Board of Education has approved a proposal to make more students eligible for free bus transportation.

Under this change any student living two miles from school and two miles from a franchised public transportation route may become eligible for free transportation.

**TAX ILLS CURED?**

Texas' new sales tax may have

cured the state's financial ills.

Similar views on this subject have been expressed by James W. McGrew, director for the Texas Research League, and Sen. George Parkhouse of Dallas, chairman of the State and Local Tax Policy Committee.

The Parkhouse committee will recommend to the Legislature in January some changes, mainly corrective, in the 1961 sales tax act.

He predicted the committee will recommend more new tax exemptions than it will seek to abolish.

Parkhouse says the net result would be a small increase in revenue under the tax now

raising \$170,000,000 a year.

**SAVING LIVES**

Texas's six-year traffic safety program has resulted in 300 lives saved. Governor Daniel and the Texas Traffic Council so summed up the effort at decreasing the rate of fatalities on streets and highways.

Then they passed the torch to Governor-elect Connally, Attorney General-elect Waggoner Carr and their administration. How to save lives was the subject of a two-hour conference in Austin.

Connally and Carr were present to accept the challenge.

**It's Time For... EYE CARE**

Dr. Newton K. Wesley  
HOW DO WE SEE?

Most people believe we see with our eyes, but actually the eye is only a receiver of light impulses. These light impulses are changed into nerve energy and carried to the brain by way of the optic nerve.

You see with your brain, not your eye. The brain interprets the nerve energy and you see.

Wesley

There are many factors to seeing. First, the image must be focused properly on the eyes; the two eyes must coordinate; the eyes must be healthy; transparency of the eye must be maintained; color may be discerned; and many other factors.

Have you ever walked right by a friend without seeing him? Your explanation would be that you were preoccupied. The truth is that your brain did not elect to see your friend, but was concentrating on your thoughts or on some sight ahead of you that excluded seeing your friend.

So when you think of vision, just remember there is much more to it than casting your eyes on a subject. There is also the optic nerves, the crossing of the optic nerves from the two eyes—half crossed to one side of the brain, and half crossed to the other side.

Another good thing to remember about your vision is to take the advice of the National Eye Research Foundation and have your eyes examined twice a year.

**THANKSGIVING**

is a time for expressing gratitude!

Implicit in the name (but all too often lost sight of in our pre-occupation with the feast-time aspects of the Day) Thanksgiving is a time for giving thanks for all the good things we enjoy...to the Creator from whom all blessings flow.

Basic to so much for which we are thankful is our rich heritage of freedom, which our forefathers braved the rigors of the New World to establish...now ours to cherish and perpetuate.

### Former Santa Annan Married In Midland

Mrs. Lois Robbins, daughter of Mrs. T. L. Huggins of Santa Anna, and Mr. Howard Stallings, both of Midland, were married Saturday, November 3, at 7:30 p. m. in the Midland Main Street Church of Christ, D. V. Johnson, minister, performed the ceremony. Mrs. Stallings formerly lived in Santa Anna.

Following the wedding Mr. and Mrs. A. M. Robbins and Mr. and Mrs. Billy Ray Robbins honored the couple with a reception in the A. M. Robbins home. Among those attending the reception were Mrs. T. L. Huggins, and Mrs. Bill Pritchard and Sue of Post.

Mrs. Stallings was honored with two showers following the wedding. The first was held on Tuesday, Nov. 6, in the home of Mrs. A. M. Robbins with Mrs. G. B. Burris as co-hostess. The bride's chosen colors of pink and white were used in the decorations.

The second shower was held on Thursday, Nov. 8 in the home of Mrs. L. C. Briley, with Mrs. Ray Wright and Mrs. Bonnie Carter as co-hostesses. A color scheme of pink and white was carried out in the refreshments.

### Dr. John D. Murrell Honored at Party

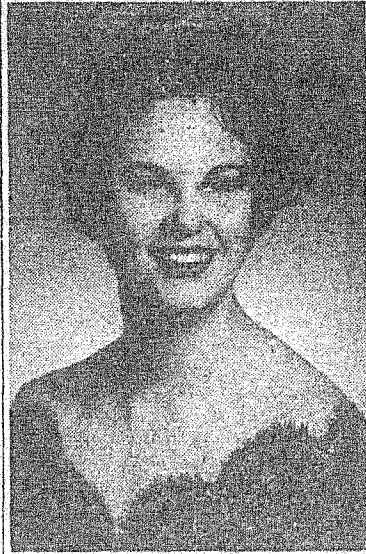

Dr. John D. Murrell was honored with a surprise birthday party at his home Friday evening, when a group of friends were waiting for him as he came home from his office. He was unaware of the surprise.

He was ushered into the dining room, where a 2-ft. tall, 4-tiered cake graced the center of the table. The top tier was supported by four 8-inch colorados, and on it rested the caduceus. The cake was blue with deep asters as the overall decoration. Cornucopias filled with colorful fruits were placed on either side, and flanked by white candles entwined in blue. Another cake was a white open Bible, surrounded by a mass of beautiful pastel flowers. The book mark was a beautiful orchid and on the pages was this inscription:

"May the Giver of Gifts,  
Give unto you,  
That which is good,  
That which is true,  
The will and courage to do,  
A heart that can sing,  
The whole day through,  
Whether skies be gray or

blue,  
May the Giver of Gifts  
Give these to you."  
"Happy Birthday" was sung and pictures were taken. The doctor received many beautiful gifts. Punch and cake was served the group present.

### Engagement Announced

**MARY ELLEN LEWIS**  
Mrs. W. N. Lewis of Santa Anna announces the engagement and approaching marriage of her daughter, Mary Ellen, to Mr. Jerry Lloyd, son of Mr. and Mrs. Garner Lloyd of Brownwood.

The couple plan to marry in the local First Baptist Church December 7, at 7:00 p. m. with the pastor, the Rev. Raymond Jones, reading the ceremony.

Miss Lewis is a graduate of Santa Anna High School with the Class of 1961 and is presently employed by J. R. Beadel & Co., in Brownwood. Mr. Lloyd graduated from Brownwood High School in 1956 and Draughn's Business College. He is presently employed by the Rockriver Wool Mill in Brownwood.

### Planning Session of Eastern Star Held Sunday Afternoon

Mrs. Rosa M. Bass, Deputy Grand Matron of District 3, Section 5, Grand Chapter of Texas, Order of Eastern Star, held a planning session Sunday in the Fellowship Hall of the Masonic Lodge. Plans for the Eastern Star School of Instruction were made, with the school to be held March 12, 1963, in Santa Anna.

Worthy Matrons and Associate Matrons attending were: Mrs. Maurie Blair and Mrs. Ella Faye of Cross Plains; Mrs. Pauline Utzman and Mrs. Lillie McAdams of Indian Creek; Mrs. Colita Newton and Mrs. Barbara Jennings of Bangs; Mrs. Oneta Ross, Mrs. Gertrude Barnett and Mrs. Blanche Wilhelm of Brownwood; Mrs. Ruby Steed and Mrs. Mabel Wilhelm of Comanche; Mrs. Billie Guthrie and Miss Joyce Smith of Santa Anna; and Mrs. Bessie Jamison and Mrs. Jewell Copeland of Coleman.

Others in attendance were Mr. Glen Jamison of Coleman, Mr. J. B. Easterling of Clyde and Mrs. Doris Easterling of Clyde, District Deputy Grand Matron of District 3, who assisted in the planning.

Mrs. Blanche Grantham and Mrs. Lillian Herndon assisted during the social hour.

At the close of the meeting Mrs. Bass served open-face sandwiches, assorted cookies in the form of fruit, assorted fruit mints, toasted nuts and coffee.

Her table was laid with a yellow cloth, centered with a Thanksgiving arrangement of cornucopia, fruits, mums and candles. Arrangements of mums were used for decorations. On the register table was a lighted red candle, surrounded by tiny white mums with gold centers, the hostesses emblem. Guests registered in a red leather guest book, which Mrs. Bass

### Eastern Star Makes Christmas Plans

The Santa Anna Eastern Star Chapter met in the Masonic Hall Monday evening and made plans for their annual Christmas banquet to be held Tuesday, Dec. 11, at 7:00 p. m. in the Fellowship Hall. Plans were also made to have the annual Christmas tree and social, following the regular meeting on December 17.

Mrs. Billie Guthrie, Worthy Matron, assisted by Montie Guthrie, Worthy Patron, opened the meeting in short form. Following the Pledge of Allegiance, minutes of the two previous meetings were read and approved.

Mrs. Guthrie presented the plans for the School of Instruction to be held in Santa Anna March 12, and the new welfare program, "Time and Talent."

The News, Santa Anna, Texas, November 22, 1962

Page 5

She also made an appeal to the members to subscribe to the "Official Bulletin", the Eastern Star State Magazine.

The chapter closed with the retiring march and assembled in the Fellowship Hall for the social hour. Mrs. Carmen Donham and Mr. and Mrs. R. L. Todd served the group date pudding, topped with whipped Angelo cream and cherries, salted nuts.

Mrs. Lois Henderson of San Angelo spent the weekend with Mrs. Bertha Allen.

## MOUNTAINEERS TAKE 35-20 WIN OVER EARLY IN FINAL GAME

The Mountaineers took a 35-20 win from the Early Longhorns Saturday night in the final game of the season for both teams. The win put the Mountaineers in a tie for second place with Goldthwaite and left the Longhorns in a tie with Bangs for fourth place. It was a cold night and a high wind was blowing from the north that had considerable effect on the first half of the game. Temperature was around 35 degrees, the coldest it had been for any game this season.

With the wind to their backs, the Mounties played the Longhorns off their feet the first period, then were completely shackled for the second quarter with the wind advantage for the Longhorns. The Mounties took the wind advantage for the third period, took control of the ball and never let the Longhorns threaten during the last half.

Actually, the first down count by the quarters pretty well tells the story of the game. The Mounties got 4 first downs in the first period, one in the second, 4 in the third and 6 in the fourth, while the Longhorns got 2 first downs in the first period, 9 in the second, none in the third and 2 in the fourth.

### THE GAME

The Mounties took the kickoff and returned to their 23. Brown gained to the 25 and Colbaugh gained to the 27, then Simmons connected with Colbaugh for 55 yards on a five pass. Colbaugh was in the clear, but got caught from behind. The Mounties got a 15-yard penalty, then a 5-yard penalty, then lost yardage back to their 38-yard line. Stewardson punted to the Early 5 with no return. The Longhorns could not gain but a yard and punted to their 35-yard line. On the first play Brown went off right tackle and carried the entire 35 yards for the first TD. Colbaugh failed on the extra point try.

The Longhorns got a 13-yard return on the kickoff and drove to the Mounties 47, but lost back to their 37 on penalties and yards lost, then punted to the Mountie 16-yard line. Colbaugh gained 5, Brown gained 9 and Colbaugh gained 9, then Simmons connected with Stewardson on a pass into the right flat and Stewardson went all the way, covering 62 yards. Brown went through left tackle for the 2 extra points.

The Longhorns returned the kickoff to their 31 and had gained to their 45 as the quarter ended. On the first play in the second quarter the Longhorns tried a long pass and were awarded a pass interference call that gave them a first down on the Mountie 23-yard line. The next pass attempted was intercepted by Sudderth and returned to the Mountie 12-yard line. A 15-yard penalty set the Longhorns back to their 29 and the Mounties gained to the 34, were penalized back to the 29 and then the Longhorns intercepted a Mountie pass and returned to the 23-yard line. Here Newbury

connected with Bennett for their first TD and Lamkin went over for the 2 extra points.

The Mounties took the kickoff back to their 25 and almost gained the first down, but punted to the Longhorn 26. The Longhorns drove all the way to score with Newbury connecting with Bennett again for the final 17 yards, but they failed to make their attempt at the extra point by drop kicking.

The Longhorns were successful on making an on-side kick and got the ball on the Mountie 40-yard line, were penalized back to the 45, then drove to the Mountie 21. Brown intercepted their pass and returned to the Mountie 49-yard line. Brown gained 6 yards, then the Mounties lost back to their 39 and fumbled with the Longhorns recovering. A pass was good for 10 yards, then they picked up 4 yards on the ground and Newbury attempted to pass again, but all receivers were covered and he ran the 21 yards to the goal line, for their third TD. The pass try for extra points failed and the Longhorns led 20-14 at half-time.

The Longhorns returned the kickoff 20 yards, to their 29. On the first play they fumbled with the Mounties recovering on the 32. Brown, Colbaugh and Sudderth drove to the 4-yard line and Brown carried over by going over right tackle. Simmons passed to Stewardson for the 2 extra points to put the Mounties ahead to stay.

The Longhorns got 23 yards on the kickoff return, but could not gain and punted to the Mountie 25-yard line. The Mounties gained almost 10 yards, lost back to their 29 and fumbled with the Longhorns recovering. The Longhorns lost 5 on a penalty, then lost 10 more and tried a pass that failed to connect and punted to the Mountaineer 9-yard line. As the quarter ended the Mounties had gained to their 40-yard line, all on the ground.

The Mounties drove on to make the TD, with Colbaugh going through center for the final 12 yards. The pass try to Stewardson failed.

The Longhorns received a 15-yard penalty on an infraction on the extra point try, so the Mounties kicked off from the 45-yard line. The Longhorns returned the kickoff to their 21, then fumbled on the next try and the Mounties recovered on the 23. Four plays failed to gain and the Longhorns took over on their 17, gained out to their 29 and lost back to their 19 and fumbled again with the Mounties recovering. Brown went to the 4, then to the 1-inch line and Simmons carried over on the QB keeper through center. Terry McIver kicked the field goal for the one extra point, making the score 35-20.

The Longhorns tried desperately to score on the next drive, returning the kickoff 20 yards, to their 41-yard line. They tried a pass, then gained on the ground to the Mountie 48 and fumbled with the Mounties recovering. The Mounties fumbled back to the Longhorns on the 48, then the Longhorns tried a long pass with Donnie Henderson intercepting on his 24-yard line and returning to the 45-yard line as the game ended.

This completes a very successful season for the Mountaineers. Of course we would like very much to have been the district champions, but it seems that this is not in the book for Santa Anna. Considering the injuries suffered by the boys and the fact that the reserve strength is just hardly ever available to small schools, we think the boys did a real good job for the entire year. We offer our congratulations to the coaching staff and the boys for a job well done.

### FOOTBALL ROUND-UP

Finals were chalked up in District 10-A over the weekend and all the teams with the exception of Burnet began looking forward to the basketball season, which begins soon.

Of course Burnet is the Champion of District 10-A and will meet Albany, winner of District 9-A, Friday night in Brady. The game is to be played at 8:00 p. m.

The final games of the season for other teams saw Goldthwaite roll over Marble Falls 47-0; Bangs toppled Copperas Cove 34-28; and the Early Longhorns were trounced by the Mountaineers 35-20.

Bangs scored in the first and second quarters to lead at half-time 14-6, but Copperas Cove scored 14 points in the third period and went ahead 20-14. The Dragons broke lose in the fourth period for 22 points while the Bulldogs scored only 6 points, making the final score 36-26 for Bangs, giving them a 3-3 conference record and a 6-4 season record.

Copperas Cove ended the season with a 1-5 conference record and a 2-8 season record.

L. V. Benningfield, injured in the Goldthwaite-Burnet game, was back in action Friday night for the Eagles, and helped them trounce Marble Falls in their final game. The Eagles scored 14 points in the first period, 24 in the second, 6 in the third and kicked a field goal in the fourth period, while holding the Mustangs scoreless throughout the night. Final score was 47-0.

The win gave the Eagles a tie for second place in district standings with Santa Anna and kept the Mustangs in the cellar with no wins for the season. The Eagles have a 7-3 season record and a 4-2 conference record. Marble Falls has a 0-10 season record and a 0-6 district record.

Last, but far from least, the Mountaineers trounced the Early Longhorns Saturday night 35-20 before a very small crowd. It was cold and not very many felt brave enough to spend a cold night out in the weather.

The Mounties opened the game with a good first quarter, fell behind at half-time, then came back and really controlled the ball the final two periods. A high wind blowing from the north was a big factor in the first two periods of the game, but did not seem to affect the last half.

The win gives the Mountaineers a tie for second place in District 9-A with Goldthwaite, with a 4-2 district record. The Mounties, Goldthwaite and Early are tied for second place in season standings, with each team having a 7-3 record.

# For Those COLD Spots In Your Home—

place a

portable *flameless*  
**ELECTRIC HEATER**

for that cozy warm feeling

Remember those Cold Spots in your home last winter. You just seem to never be comfortable. This year, before winter comes, why don't you eliminate the discomforts of cold spots once and for all, by purchasing a portable "flameless" Electric Heater. Just plug it in and it's warm. Clean heat will give you that good cozy feeling in a jiffy — and so safe that we call it "Baby Safe."

Go see your Electric Appliance Dealer. He has a "flameless" Electric Heater to fit every room in the house.

### FIELD TRIP

On Friday, November 16, the bookkeeping class visited the local bank to observe and learn more about the bookkeeping system of the bank. Mr. Copeland, assisted by Mrs. Evans and Mrs. Dillingham, talked and showed the sixteen students the procedures they follow every day. It was interesting to see the journals, ledgers, lists of accounts, types of machines used in posting and adding, the picture machine for checks, the canceling machine, and the bank vault. One of the most amazing features of the trip was the places a check travels from the time it reaches the bank in the morning until it is placed in the individual's bank statement.

We appreciate the time and effort these bank employees took to show us how they work. It is always a privilege to visit them.

### CAMPUS CHATTER

Wanda, have you broken a knife on your candy that you made for the Beta Club? It looked good, but was just a little hard. Better luck next time.

Karen, you and Wanda should get together. Remember the time you used 1½ cups of shortening instead of 1½ table-spoons? Seems like your candy was a little soft.

Les, are you planning to make the popcorn business your permanent profession?

Gary Sudderth, you will make a wonderful husband for some deserving girl. We noticed that your Wednesday night activities included doing the weekly washing at the laundromat.

Have you heard the latest about the two K's? — Karen and Ken. It is rumored her prize-winning recipe for catching boy-friends is feeding them some of her homemade candy. How about it, Karen?

Bob House, are these English class plays shocking your modesty?

Stanley James, have you ever given those girls those cokes that they won from you in Speech Class?

This reporter has always heard that football captains and head cheerleaders have a lot in common. How about it, kids?

Randy Brown, that's an attractive ring you're wearing on your pinky these days.

Jimmy Taylor, that's a cute trick you were doing the other morning and one spy loved those famous words, "Watch the dime!" Did you ever get the coathangers straightened out?

There is a rumor to the effect that one girl has a new name — "Dodie-Pie." Care to comment, Cheryl?

Did you find who you were looking for Saturday night, Arlene?

Larry Wardlow, we've missed your remarks on the world of business recently. Chemistry just isn't the same.

Pete Simmons, your Chemistry workbook is the daintiest shade of pink. All it needs now is a little Chantilly lace.

You had a cute date after the Bangs game, Terry McIver. Is she the apple of your eye?

If anyone needs help determining about the weave of material, consult Sherman Stearns. He is an expert.

Donna, did Pete hurt your feelings Thursday afternoon when he commented on your best feature for the newspaper picture?

### BALL GAME

The Santa Anna Mountaineers were really happy Saturday night after the game. We beat Early 35-20 on McDonald Field.

We are tied for second place with the Goldthwaite Eagles, Burnet and Goldthwaite are the only ones who have beaten us in district games.

The Mountaineers lose eight seniors and one junior this year. The ones lost are as follows: Tinker Dockery, Larry Fowler, John Dillingham, Randy Brown, Tommy Stewardson, Donnie Henderson, Danny Wylie, Pete Simmons and S. D. Fellers. We hope we have this good a team next year.

### CONCESSION STAND THANKS

The members of the Santa Anna Junior Class would like to take this opportunity to thank each person who helped to make their concession stand a success during the football games. We would also like to thank every mother who contributed food or came to help us work in the concession stand. Once again — thanks.

We hope you will be at the basketball games and patronize our stand there.

### STUDENT COUNCIL NEWS

The Student Council met Tuesday, November 13. They made further plans for the school handbook. Also, assignments were made to the members to decorate vehicles participating in the caravan to the football game at Early. Plans were completed to give a Thanksgiving Basket to a needy family.

The second six weeks test began Monday, November 19, and ended Wednesday, November 21. We hope everyone did well on their tests. Good Luck.

### GOSPELAIRES PRESENT PROGRAM

The Gospelaires presented a program in the high school auditorium Thursday, November 15, sponsored by the Beta Club.

There was a great response to the singing group. They sang many beautiful hymns. They also sang "This Ole House", for which they have become quite famous.

There was a large group which attended the Gospelaires' appearance. The Beta Club would like to thank each person who bought a ticket.

### THANKSGIVING HOLIDAYS

The students of Santa Anna and their teachers have eagerly awaited the coming of the Thanksgiving Holidays. Now that the time is near, we can easily see why. School has been going on for twelve weeks and there has not been a holiday since it started. The teachers are especially eager for it to be here to spend a little time away from home visiting or enjoy being at home for a change. The students hope to have a lot of fun.

It will be a nice holiday for us, but not quiet. Several students and faculty members were asked what they planned to do over the Thanksgiving Holidays.

Mary Haynes, "Stay home and have a large dinner. We will probably have company."

Delbert McQueen, "I'm going to Coleman to see my girlfriend."

Bob House, "Eat a whole turkey."

Mac Boyet, "I got a ticket and I plan to work to pay for it."

Coach Smith says, "Nothing."

Patricia White, "I guess I'll visit with my brother and sister as they are coming home."

Cynthia Parker, "We'll probably have company, so I'll stay home."

Mrs. Chandler, "Grade papers Saturday. I'm going to a wedding in San Antonio."

Jo Ann Wallace, "I don't have anything planned."

John Dillingham, "Stuff myself, probably."

Tinker Dockery, "Help Daddy work."

Freddie Cullins, "I'm going to hunt deer."

Political parties first figured prominently in the campaign between Jefferson and Adams in 1789.

Da Vinci, the artist, was first to mention the presence of two different gases in the atmosphere.
