THE
AMERICAN
WAY

BUSINESS SPONSORS OWN DOWNFALL

By Raymond C. Baker
American Way Features
Correspondent

The newly-elected 83rd Congress will convene in Washington for the first time next month and, like its predecessor, will be organized to assure broad New Frontier experimentation with the nation's economy.

Business itself must shoulder much of the blame for the minority party not making the usual gains in the Congress in an off-year election, and consequently, a strengthening of the Administration's hand. This has nothing to do with politicking. It goes deeper than merely helping to get men elected.

Business Suicide

For years business leaders have been financing their own downfall with their advertising dollars. Donald I. Rogers, business and financial editor of the New York Herald Tribune, puts it very succinctly in these words:

"The skillful liberals are using the money of your stockholders to finance attacks upon you. I am not talking about taxes, but the money you, yourselves, spend or donate. I imagine you have no idea how much American business is paying voluntarily to finance attacks upon the very principles most of you believe to be vital to successful functioning of your business. I have only a vague idea, but it is many millions each year.

"You do it through your advertising budgets." Most corporation leaders are interested only in the dollar sales their advertising expenditures produce, leaving selection of media to their advertising managers. The latter are interested only in circulation and listeners, not the policies of the newspapers or radio and television stations they use.

Aid to Enemies

This means that millions of dollars go to support newspapers and other media whose circulations are built on anti-business, pro-Administration, pro-labor and pro-Harvard liberal policies. It means, too, that strongly pro-business publications and electronic media—still in the majority, no thanks to many business leaders—get only what is left after anti-business media have raked off the cream.

For instance, an insurance company permitted its advertising dollars to be used last month for the "privilege" of permitting the ABC network to put the arch Communist-criminal Alger Hiss on the airways with News Commentator Howard K. Smith to drone out former Vice President Richard Nixon's "political obituary."

Another case is the wide circulation given a demand on business by the President. He called on four major defense contractors to require their 100,000 workers to join unions if two-thirds of the workers so decide, with the implied threat that the companies would be deprived of future government contracts if they did not comply. This was hailed in the liberal press and over the air as a major victory for labor over business—as though labor could exist without business.

Then there are the foundations to which corporation leaders contribute to so liberally. It is not necessary to belabor this, merely to point to the activities of the Ford Foundation and Committee on Economic Development, two leaders in fostering socialistic policies in America.

BLAME YOURSELF

As Edith Kermit Roosevelt, widely read conservative columnist, recently said in criticizing the poor public relations of business: "If business men get a poor press don't blame us. They deserve it."

Business leaders must take a greater interest in where their advertising dollars go. They should ask their advertising managers to search out pro-free enterprise media, use them whenever possible, and receive periodic reports on the subject. Otherwise, they'll continue paying for their own downfall.

No one really knows at what time of the year Christ was born, but Christians have celebrated December 25 as His birthday since the 300's, according to World Book Encyclopedia.

Early Edition For Next Week

The next edition of The Santa Anna News will be our annual Christmas Greeting Edition. Although it will be dated Friday, December 28, it will be published the last of this week and put in the mails for distribution in the Santa Anna area with the early morning mail on Monday.

The Christmas Greeting Edition will contain a host of Yuletide wishes from business concerns in Santa Anna and Coleman, plus a large number of Letters to Santa Claus. It will also contain numerous stories about Christmas. We think it will be one of the most interesting Christmas Greeting Editions we have published in recent years.

Because of the early edition, there will not be a regular edition of The News published next week. All copy material for this edition must be in our hands by noon on Thursday. We will appreciate your cooperation.

Car Almost Hits Bert Howington

Bert Howington escaped almost certain serious injuries about eight o'clock Monday morning, as he was walking across the street from Harvey Grocery to the Burden Mobil Station.

At the time Mrs. L. A. Welch came south on North 1st Street. After stopping at the intersection and not seeing any hindering traffic, she pulled onto Wallis Avenue and made a left hand turn. Mrs. Welch said the sun blinded her momentarily and when her vision returned she saw Mr. Howington in front of the car, attempting to push himself away from it with both hands. She stopped immediately.

Howington was taken to the Santa Anna Clinic and released after slight cuts were dressed on both his hands, where they were cut or scratched on the car. Just recently, Mr. Howington decided it was time for him to quit driving because of his age. He sold his car and has been walking since.

Shield Sunday School Donates To Annual Christmas Baskets

Tuesday morning the Santa Anna Lions Club received a check in the amount of \$6.50 from the Women's Sunday School Class of the Shield Baptist Church. The money was contributed for the club to use in their annual Christmas Cheer Basket program.

Each year the Lions Club and the Santa Anna Volunteer Fire Department combine their organizations to see that every family in this area receives some Christmas Cheer during the holiday season.

This year the organizations will present some 75 families in this area with baskets of seasonal staples. These baskets go to families who are elderly and also to families who might not otherwise be privileged to enjoy Christmas Day.

Reports from the Shield community indicate there is no family there in need of receiving one of the baskets.

Brother-in-Law Of Mrs. J. J. Gregg Buried Monday

Funeral services for Calvin D. Baker, 69, of Eunice, New Mexico, were held at 2:00 p. m. Monday at the Eunice First Baptist Church. Mr. Baker was a brother-in-law of Mrs. J. J. Gregg, owner of The Santa Anna News.

He had been in failing health for several years and seriously ill for the past several weeks. He died early Sunday morning. Burial was in the Eunice Cemetery.

Survivors include his wife; four sons, H. D. Baker of Pecos, Julian C. Baker and Hal Baker, both of Jal, N. M., and Bob Baker of Kermit; two brothers and eleven grandchildren.

The Bakers have visited in the Gregg home here on numerous occasions. Mrs. Gregg was unable to attend the services.

Mrs. Annie Munger was a visitor with Mrs. R. B. Archer and other friends from Friday to Sunday. She is staying in Odessa with a grandson and family, but plans to return to her home in San Angelo after Christmas.

180 Predicted To Die Violently During Holidays

Austin — The director of the Texas Department of Public Safety reported today it is estimated 180 persons will meet violent death during the 11-day Christmas-New Year holiday season — 92 of them in traffic crashes.

Col. Homer Garrison Jr. said the estimate is based on past experience over many years and compiled by DPS Statistical Services Manager N. K. Woerner. Purpose of the estimate, Garrison said, is to focus public attention on the dangers that accompany the holiday season.

He said that past statistics indicate that in addition to 92 "motoricides," 42 persons will be victims of suicide and homicide, and 46 will die violently in various accidents other than traffic.

The public safety director announced that "Operation Deathwatch," will be in effect starting at 12:01 a. m. Saturday, December 22 through 11:59 p. m. Tuesday, January 1, 1963. During this period, he explained, the Department of Public Safety will tabulate violent deaths by category and make releases to the news media three times daily.

"In addition to our appeals to the driving public to observe the traffic laws and rules of safety, our department will put some 150 extra patrolmen from our license and weight and motor vehicle inspection services on highway patrol duty," Garrison said.

"We believe this will help to remove some of the dangerous drivers from the road, we know that in most cases only the individual behind the wheel can make sure that he and his loved ones are not among the 92 expected traffic victims. He can do this only by driving carefully and lawfully — and by driving defensively against those who don't."

"We urge every driver to be especially alert during this period and enjoy safe holiday travel over our fine highway system."

Garrison noted that the DPS motorcide estimates for the past 17 Christmas-New Year periods totaled 1,592, and that the actual number killed was 1,567. Thus, he said, the combined estimate was 25 or 1.57 per cent above the actual total.

"But we always hope we are wrong — that we have estimated to high," he said, "and we are calling upon the driving public to help us bring the toll of death and suffering far below the estimate during the coming holiday season."

A review of the factors involved in fatal traffic crashes during the last Christmas-New Year period indicates excessive speed figured in 29.8 per cent of them, at least one driver had been drinking in 26.9 per cent, and a pedestrian violation was involved in 11.5 per cent.

December 24, Christmas Eve, was the most deadly day, with 23.7 per cent of the holiday motoricides occurring on that day.

Dial-A-Prayer Program Receives 700 Calls In Week

The Dial-A-Prayer Program, sponsored by the Santa Anna Council of Church Women, has been well received by the citizens of this area. During the first week of operation almost 700 calls were received. Indications this week are that the calls will continue to be received.

The program was arranged on a two-month trial basis. It will continue through the month of January. There is a good possibility it will be continued for a longer time if it continues to be accepted by the public.

Most of the local ministers are participating in the program.

The Dial-A-Prayer program can be received at any hour of the day or night. All you do is dial FT8-3100 on your telephone to hear the prayer.

Some difficulty was encountered a couple of times last week, but this apparently has been overcome. The service is there for you and you are invited to use it. There is no cost, no obligation.

Portuguese is spoken in Brazil by four times as many people as in Portugal.

Annual Christmas Program To End This Saturday

The annual Santa Anna Merchant's Fall and Christmas Program will come to an end this Saturday at 3:00 p. m. At least 25 names will be drawn and \$200.00 in merchandise certificates will be distributed. The program will be held at the Lions Club meeting room.

Fifteen names will be drawn for \$10.00 in certificates, and ten names will be drawn for \$5.00 in certificates. If any of the names drawn are not present, other names will be drawn until the entire \$200.00 in certificates is given away. This will complete the program. No extra program is planned for Christmas Eve at this time.

The past Saturday ten names were drawn for \$10.00 each in certificates and seven names were drawn for \$5.00 in certificates. Present were Mrs. Geo. O. Wells, Cecil Felty, Tom Rutherford, Lloyd West, Pete Moore, W. V. Priddy, Mrs. J. M. House, Mrs. Earl Erick Sr., Leroy Kenney, Patsy Drake, Mrs. J. A. Manley and Mrs. P. N. Smith. Not present to receive the certificates were: E. A. Densman, Katherine Hull, Mrs. Jerry Holt, Sylvia Edwards and Mary L. Todd.

W. E. Vanderford Catches Fire

W. E. Vanderford, a longtime resident of Santa Anna, was burning some trash one morning last week. Something in the trash exploded and caused his clothes to catch fire. Until yet, he does not know what caused the explosion.

Mr. Vanderford was not injured, but had his coat and shirt almost burned off his body before he was able to get the fire out.

Tickets For Demo Victory Dinner On Sale

Austin — Tickets to the Democratic Victory Dinner to be held here the evening of Jan. 14 are now being distributed all over the state.

Distribution of the tickets in this area is being handled by the two State Democratic Executive Committee members from the 25th District. The members are C. W. Brown of McCamey and Mrs. Scott Masarano of San Angelo.

The \$25-a-plate dinner will precede the inaugural ceremonies of Jan. 15.

The inaugural activities — the dedicatory prayer service, noon swearing-in ceremonies, parade and evening reception — are open to the public without invitation or admission ticket.

Unlike the non-partisan inaugural festivities, the fund-raising dinner will be strictly a Party affair. One ticket will be issued for each \$25 contribution to the SDEC, with proceeds to be used in building a stronger party organization in Texas. None of the proceeds from the dinner will be used to pay the campaign deficits of any candidate.

This is the first time such a dinner has been held for Texas Democratic contributors. The three-hour dinner will be packed with entertainment by outstanding performers. Speeches will be held to a minimum.

Will D. Davis and Mrs. Wallace Scott Jr., both of Austin, are co-chairmen for the dinner. Davis and Mrs. Scott represent the Austin area on the SDEC.

Christmas Cantata To Be Presented Sunday Night

The Chancel Choir of the First Methodist Church will present a Christmas Cantata at the church Sunday evening, Dec. 23, beginning at 6:00 p. m. All people of this area are invited to attend.

The cantata "The Babe of Bethlehem," will be directed by Miss Elsie Lee Harper.

BUSTER LEE WATSON

Word was received here early this week of the death of Buster Lee Watson, little son of Mr. and Mrs. Buster Watson of Irving. He was born Nov. 17, 1961 and had suffered a heart defect since birth.

He was the grandson of Mr. and Mrs. Chick Watson and a great-grandson of Mr. and Mrs. W. E. Vanderford.

ANNUAL FFA AND 4-H CLUB LIVESTOCK SHOW ON FRIDAY

The annual Santa Anna FFA and 4-H Club Livestock Show will be held in the Livestock Show Barn, just west of the school gym, Friday, December 21. An estimated 125 fat lambs will be in the show and approximately 12 head of fat barrows.

FFA and 4-H Club members attending the Santa Anna Schools are all that is eligible

to enter this show. These youths will spend most of the morning Friday, putting the finishing touches on their show animals.

C. T. Parker, County Agent of Rannels County, will be the judge for the entire show. Judging will get underway at 2:00 p. m. Champion and reserve champions will be selected in two divisions, fine wool crossbred and medium wool.

A trophy will be presented a student by the Santa Anna National Bank for outstanding showmanship ability. No sale will be held here as all the entries will be entered in the annual Coleman County Show, to be held January 14 and 15.

Officials urge everyone in the Santa Anna area to attend the show.

A. D. PETTIT III

A. D. Pettit, Vocational Agriculture teacher and FFA Advisor, became seriously ill about 3:00 p. m. Monday and was rushed to a Brownwood hospital.

Dr. John D. Murrell said Tuesday that Pettit was responding to treatment nicely and he thought it possible that Mr. Pettit may be released from the hospital in time for the Friday show. Officials of the Santa Anna Ivestock Association said they could carry on the show without his presence, but certainly hoped he recovered sufficiently to be at the show.

Church Youth To Go On Christmas Caroling Dec. 23

A City-wide Christmas Caroling Caravan will be conducted Sunday evening, December 23, by the Christian Youth Fellowship of the First Christian Church. Various youth organizations from throughout the city are planning to participate. They are: First Baptist Church, First Methodist Church, First Presbyterian Church, Seventh-Day Adventist Church and First Christian Church; those from the outlying communities include, Tricketham Union Church, Shield Baptist Church and Rockwood Baptist Church.

A group of 100 or more young people are expected to meet at the First Christian Church at 8:15 p. m. Sunday. They will board a truck furnished by Woodrow Niell with hay furnished by Tom Starnes, and serenade various points throughout Santa Anna beginning with the Hospital.

Upon returning to the church the group will be served refreshments by members of the Christian Women's Fellowship and the Men's Bible Class. All young people of Santa Anna and surrounding communities, grades 9 through college, are invited to attend. Co-chairmen of the event are Miss Ruth Ann Starnes and Miss Donna Walker. John D. Wrench is the minister.

State Capitol NEWS

Austin — In his final press conference as attorney general, Will Wilson paid tribute to Texas newspapers for helping expose graft and corruption. Wilson said that Texas newspapers, large and small, deserve a lot of credit for the progress he made during his six years of administration. "In our system" he said, "the light of day, brought through the news media, is the most efficient enforcement agency we have."

He gave special credit to the press for bringing the slanted hole oil well probes of East Texas into the open, exposing the anhydrous ammonia tank maneuvers of West Texas, and calling for fast action in other scandals. He remarked that he considers a probe for corruption of local governments the field that offers the most investigative opportunity to his successor.

Waggoner Carr. **MAN HUNT** Meanwhile, incoming AG Waggoner Carr is involved in a search for able assistants for the attorney general's department. He wrote Leon Jaworski, president of the State Bar Association, that it's very difficult to find trained men.

Number of assistants now has dwindled from 80 to 68. Carr said he needs capable men with good courtroom experience, as there are 4,000 cases pending in the attorney general's office, and the "eyes of the nation" are on the slanted-hole well investigations.

A major problem is finding experienced attorneys willing to work for low pay. Beginners make about \$400 a month. Nine division heads draw \$10,500 annually.

Bar association promised to help Carr with the man hunt. First step was to name a 19-member committee to work with the incoming attorney general.

FAREWELL PARTY Amidst a pine tree setting some 2,500 public officials, state and federal employees, and other friends of the outgoing governor staged a \$10 a plate honor banquet for the Price Daniels.

Location was Austin's Municipal Auditorium.

Included among a long list of headliners were Vice Pres. Lyndon Johnson, Gov.-elect John Connally, Lt. Gov.-elect Preston Smith, RR Commissioner Ben Ramsey, former Atty. Gen. John Ben Shepherd and State Bar Pres. Leon Jaworski.

All paid tribute to the retiring governor for his work while a legislator, Speaker of the House, Attorney General, U. S. Senator and Governor.

Mrs. Daniel was presented with the keys to a brand new Lincoln.

LARGEST PARADE Largest inaugural parade in the state's history is planned for this capital city. Date is Tuesday afternoon, January 15.

Parade will follow the noon swearing-in ceremonies for Governor John Connally and Lt. Governor Preston Smith.

Many Texas cities plan to enter floats. J. J. Pickle, parade chairman, says that high school bands throughout the state have been invited to participate, as have college and military bands and drill teams.

The U.S. Navy also has requested an opportunity to march in the parade, in salute to its ex-secretary.

SMALL TOWNS INDUSTRIAL TARGET Gov.-elect John Connally breakfasted with members of

the Texas Industrial Commission and representatives of industry in an effort to get a broad picture of the state's industrial needs.

He approved the commission's goal to get small industries for 250 small towns. E. B. Germany of Dallas, chairman of the commission, pointed out that this plan would offer eight-hour-a-day employment to local people and leave time for them to tend to small farming and ranching operations.

"If we could have 250 little towns with little industries," Germany said, "we would have more solid citizens."

Connally has proposed establishment of a Bureau of Commerce to carry on the work of tourist and industrial agencies. He suggested that this be financed with state funds, rather than by the present plan of asking industry to share the cost of exploiting the state's resources.

Commission presented a seven year plan to expand the present number of 10,581 plants with 488,250 workers to 14,750 plants with 802,250 workers. A copy of its report will be sent to local industrial development groups.

LEGISLATIVE RECOMMENDATIONS

Study committees for the Texas Legislative Council — official bill-drafting body for the state — offered these recommendations to the 58th Legislature:

1. That the attorney general's job be limited to a "strictly legal" capacity by removing him from all ex-officio memberships on boards and commissions, except those created by the Constitution. He now serves on 18 boards, in addition to his duties as attorney for the state.
2. That health and accident insurance firms be required to refund premiums if the insured asks to cancel within 10 days after he receives his policy.
3. That state agencies be prohibited from denying jobs on the basis of age, except for certain law enforcement posts.

A study revealed a great age barrier in most industries, with a special problem for workers in the 40-55 age bracket.

4. That the Legislature consider granting greater autonomy to local governments and that it remove from the statutes county and city laws no longer in force or effect.

5. That county officials convey court-committed, mentally ill patients to state hospitals immediately and not hold them in county jails.

Eleven committees offered some 50 pages of suggestions to the council. Many of the bills proposed already have been drafted.

STUDENT COSTS UPPEP Governor Daniel urged Texans to "Drive like your life depends on it... and set a new all-time life-saving record."

CHILD HELP Texas Legislative Council has recommended state financing of public school classes for emotionally disturbed children.

Cost of the program would range between \$320,000 and \$373,000 the first year, according to Rep. C. W. Pearcy Jr. of Temple, who headed the study committee making the recommendation.

TRAVEL EXPENSES

Keeping proper records of travel expenses for federal tax deduction purposes is a vital matter in the life of Mr. Hard Working Businessman be he self-employed, or corporation employee.

Ellis Campbell, Jr., Internal Revenue Service Dallas district director, has more helpful tips — especially for the man who travels using his personal car, taxis, or other public transportation for business trips.

"Business trip records should include: dates, places, and business purpose of travel; transportation cost for each trip; number of days away from residence overnight; itemized statement listing total costs for meals, lodging, baggage, cab fares, and such; receipts for large expenditures; how paid — by cash, credit card, check, or direct charge to employer; and last but far from least," Campbell said, "personal expenses for vacation, or wife, should be separated and by no means included as business travel expenses."

The district director added, "The businessman using his personal car for transportation should indicate business connection and purpose of all business trips; keep total mileage and copies of all car-expense bills; as well as method of payment of expenses — by cash, credit card, or check."

"When in doubt," Campbell concluded, "telephone or visit the nearest IRS office and remember," he reminded, "reliable record keeping during the year will make that April 15 chore a much easier one for all concerned."

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSN.

Arthritis

Arthritis in its various forms is America's greatest crippler. The causes are largely unknown and there is no known cure.

Some types of arthritis come and go, get worse and then get better. Why this happens isn't understood, but we know that it does happen.

Don't be misled by claims of "cures" such as fancy diets, patent medicines, trick medicines, or oils to "lubricate body joints." Some patent medicines may give temporary relief, but they do not cure; they merely ease the pain.

The two major types of the disease are rheumatoid arthritis and osteoarthritis.

Symptoms of rheumatoid arthritis are a gradual onset of loss of appetite and weight; fatigue, generalized muscle weakness and morning stiffness; aching, pain, swelling in joints. When this happens, SEE YOUR DOCTOR. Don't neglect these signs. Prompt and proper treatment may prevent or reduce later crippling and deformity.

Osteoarthritis usually occurs in older people. Symptoms are stiffness, aching, pain in the back, hips, knees and fingers; tingling of hands. Again, SEE YOUR DOCTOR. Joint damage may be hidden. Proper treatment can do much to alleviate pain and prevent or minimize disability.

The important thing about dealing with arthritis is: Don't try to treat it yourself. You will save much suffering, time and money by following your doctor's advice about medicines and other treatment and steering clear of claimed cures.

Many research scientists all over the nation are working to try to find the causes and cures of arthritis. Studies proceed under the guidance of voluntary health agencies such as the Arthritis and Rheumatism Foundation and The National Foundation. Federal government research in this area is extensive.

The researchers have uncovered promising leads that may someday bring concrete results. Until that time arthritis will continue to be a major crippler.

West Texas Boys Ranch Study Shows Success

This Christmas season the West Texas Boys Ranch has something special to be thankful for. A recent study of boys who have been released from the Ranch since 1962 reveal that 75% of the boys have made excellent or good adjustments without future social agency service or court action. The study also revealed that only six boys were incarcerated by courts because of their activity.

The study was made over a six month period, January to June 1962, to determine the present educational, employment and social status of the boys. The boys accepted into the Ranch program come with various problems: Some have multi-delinquent activity; others are admitted because of primary family breakdown and stress. Each boy accepted comes from

Delta Omicron Sorority Regular Business Meeting

Delta Omicron chapter of Epsilon Sigma Alpha met for their regular business meeting Monday, Dec. 10th, in the Santa Anna Bank Community Room. Mrs. Delburn Rice, president, presided over the meeting with 20 members answering roll call. Plans were made for the District VII meeting to be held in Santa Anna on the 27 of January. Charlotte Moseley will be in charge of decorations. The meeting will be held at the grade school cafeteria.

Delta Omicron will give \$15.00 to the Santa Anna Fire Department for the annual Christmas baskets that are given throughout the town.

Educational Director, Mrs. Elgan Harris, introduced Mrs. Arthur Casey and Mrs. Otis Bivins, who demonstrated Christmas arrangements. Mrs. Bivins spoke to the group on decorating the home for Christmas time. She stressed how rewarding it would be to let the entire family have a part in decorating the home.

Mrs. Allyn Gill, Mrs. Tension Grand and Mrs. Montie Guthrie served refreshments of cookies, open cheese sandwiches and hot Dr. Pepper.

Christmas gifts were exchanged by those attending.

Deer Aplenty But Hunters Are Lacking

Austin — Reports coming in from the field tell a story of plenty of deer but not enough hunters, according to H. D. Dodgen, executive secretary for the Game and Fish Commission. "Our field people say there is plenty of game just waiting to be harvested by the sportsmen of this state," said Dodgen. "Landowners in most areas can take care of hunters if they will simply get in contact with these landowners. Arrangements can be taken care of in most instances if interested hunters will contact chamber of commerce offices nearest to the area where they wish to hunt."

Dodgen said many hunters unfortunately believe that there is a shortage of deer in the state, and that our present crop of deer is in poor shape. "This isn't altogether true," he said. "Most areas have plenty of deer — about the same as last year. And with the exception of a few scattered spots, the deer are fat and frisky. The only reason more deer aren't being taken right now is simply because more hunters aren't out hunting them."

The hill country still offers some exciting hunting. Most landowners have doe permits left and are ready to issue them. A good mast crop before the season opened fattened up the deer in that section of the state. Hunters interested in hunting the hill country should call chamber of commerce offices in Mason, Fredericksburg, Llano, Junction or Kerrville.

Where Quality Is A Policy And A Guarantee

a situation that is a hinderance to good emotional life. In view of the background of the boys, it is evident that the program is doing definite good in training and education of those admitted.

The Ranch is currently serving 64 West Texas boys. Four of the boys will be Seniors next year and 12 will go into special vocational training in the Summer. For the last few years, the Ranch has had in force, a special training and vocational program which has proven to be very effective in reaching the boy who is behind in his school work.

The Ranch is now in its fifteenth year of operation and has continued to operate solely on free-will donations and contributions. Morris Craig, Executive Director, remarked, "This year we are behind in our Christmas donations and would like to make a special appeal to West Texas to remember us."

Recently, the idea of a "half-way house" was presented to the Board of Directors. The function of the "half-way house" would be to serve boys who are working in San Angelo but still need ties to the Ranch, for those who are participating in On-the-job Training, and for those who are in the upper high school grades and show sufficient maturity to live in a semi-independent environment. Such a move would be a real progressive step toward the Ranch's work. If the plan is found feasible, it will entail a house in San Angelo large enough to accommodate 14 boys.

Craig remarked, "The Ranch truly has a great deal to be thankful for this year and we appreciate the opportunity to serve the "Hard-luck" boy of West Texas.

The Boys Ranch Director from Coleman County is Mr. J. B. McCord of Coleman.

WEIGHTLESSNESS AFFECTS PLANTS

Prolonged Weightlessness may not affect man, but plants — potential sources of oxygen and food on long space voyages — "go crazy" without the restraining influence of gravity. Prof. Charles J. Lyons, Dartmouth College botanist working on the problem for the National Aeronautics and Space Administration, reports that plants in a weightless state become twisted. Leaves and branches fold back around the stem, overlap, curl and twist. The roots of seedlings, he says, often spring up out of the soil instead of down into it. And even after these problems are solved, the professor believes, the effects of space ship vibrations on plants will be more difficult to nullify.

Dr. Held Speaker At Self Culture Club Meeting

Dr. McDonald W. Held, Academic Dean of Howard Payne College, was guest speaker when the Self Culture Club had a Christmas meeting in the home of Mrs. Byrl Sparkman last Friday.

Four times winner of the Freedoms Award, Dr. Held has been an Air Force man and teacher of speech at the college until his work as Dean began last year. He spoke on the blessings of American citizenship, stressing the words of the great Dr. Charles Malik of Lebanon. Dr. Held was introduced by Mrs. C. D. Bruce, presiding in the absence of Miss Jettie Kirkpatrick, president, who is recuperating from illness. Dr. Held was presented with a gift from the club.

Mrs. Tom Kingsbery was at

the silver service to pour the hot punch and coffee. Mrs. Hardy Blue, Mrs. Joe Mathews and Miss Alta Lovelady also assisted the hostess. The table was laid with a lace cloth and had a centerpiece of white and gold. Christmas decorations and azaleas were in the living room.

Toasted and salted nuts, mints shaped like bells and decorated cookies were served with hot drinks. About 25 were present.

Garden Club Christmas Meeting

A color scheme of white and gold was used in Christmas decorations when the Garden Club observed the Christmas season with a luncheon in the home of Mrs. C. D. Bruce last Friday.

Mrs. L. O. Garrett, president of the group, introduced the program. A guessing game was directed by the hostess and a talk, "Plants of the Bible," was given by Mrs. Frank Stringer of Coleman, guest speaker. Mrs. Lee Hunter, in behalf of the club, gave Mrs. Stringer a white orchid. The club also presented her with perfume. Mrs. Hunter gave purple orchids to Mrs. Garrett and the hostess.

The buffet lunch was served from a table with a cut-work cloth of ivory linen, centered

with an arrangement of gold and white candles, ribbons and leaves, featuring a white reindeer with gold harness, assembled by Mrs. Arthur Cassey. On the mantel in the dining room was a madonna of white, gold and palest pink, made by Mrs. Charles Moseley. Christmas arrangements in the sunroom and living room were made by Mrs. Louis Zachary and Mrs. Rex Golston. A miniature sleigh holding wrapped gifts stood before the picture window in the living room.

Mrs. Hardy Blue, Mrs. Tom Mills and Mrs. Golston were in the houseparty, as was Mrs. W. B. Griffin, who also served coffee as the guests arrived.

About twenty club members were present. Other guests were Mrs. D. N. Barron of Coleman, Mrs. Fred Murray, Mrs. Tom Stearns, Mrs. D. R. Hill, Mrs. Frank Turner and Mrs. Joe Baker.

Eastern Star Christmas Party

Monday evening, December 17, the Santa Anna Eastern Star Chapter held their regular meeting in the Masonic Hall. Mrs. Billie Guthrie, Worthy Matron, presided in the East, assisted by Montie Guthrie, Worthy Patron. Fourteen officers filled their stations.

The meeting was opened in short form. The Worthy Patron led the group in repeating the Pledge of Allegiance. Minutes of the last meeting were read and approved.

The hall was decorated with a large arrangement of poinsettia, snow men, red lanterns containing red candles and decorated with holly. Star Point Color roses were at the star point stations.

After the business meeting, the chapter closed with the retiring march, then assembled in the Fellowship Hall for the social hour.

Mrs. Alice Louise Walker and Mrs. Fannie Gabor served chicken salad sandwiches, pickles, olives, potato chips and pecan pie topped with whipped cream from a table covered with a Christmas cloth with a border of large red poinsettia.

Arrangements of poinsettia with Christmas greenery, red candles, colored glass balls, church scenes and red bells were used throughout the hall. One large arrangement of Christmas greenery, blue glass balls and silver grapes, centered with white deer, was made by Little Miss Boots Walker.

Mrs. Viona West acted for Santa Claus in distributing gifts to all, from a silver decorated tree.

Twenty members were present.

MONDAY MORNING ASSEMBLY

The assembly Monday morning was opened with the Pledge to the Flag. Karen McCluskey led the group in singing "God Bless America." Arlene Welch was at the piano.

Mr. Mathews announced that the boys had won the consolation trophy at the Cross Plains Basketball Tournament last weekend. Terry McIver was recognized as being on the all-tournament team. Congratulations, Terry!

Mr. Perry reminded all teachers and students that the grade school students would be using the auditorium the next two

days getting ready for the Tuesday night Christmas program. The program was at seven o'clock, December 18.

Donna Walker announced that the CYF of the First Christian Church would sponsor a Christmas Caroling Program Sunday, December 23, at 8:15 p. m. Everyone is invited.

Lawanda Horner announced the Future Homemakers would have a candy sale at noon on Tuesday. Also the Homemakers were reminded to remember the Christmas box.

Tommy Stewardson announced that the Student Council would sponsor the annual all-school Christmas Party Saturday night, December 22, at 7:30 p. m. in the local cafeteria. All high school students, their dates and the faculty were extended an invitation. Also, the Christmas tree will be held immediately after school Friday. Each student is reminded to be present and bring a gift.

Rev. Raymond Jones, pastor of the First Baptist Church, spoke on the subject, "Life Can Be a Bed of Roses." The singing of the Alma Mater concluded the assembly.

BETA CLUB GOES BOWLING

The Beta Club had a lot of fun Monday night, December 10. The group left the school grounds around 4:30 p. m. and went to Brownwood on a bowling party. Several games were enjoyed by the Betas before we decided to eat. We would like to

thank Mrs. Moore, Mrs. Horner and Mr. Guthrie for taking their cars.

This was the first time several of the Betas had bowled. From the conversation, we think they will want to go bowling again.

Our regular monthly meeting will be Monday, December 17. The group plans to go caroling after the business meeting. Linda Campbell is in charge of the caroling program. Refreshments will be served upon return.

Congratulations, Pete Simmons! We are proud you are a part of SAHS.

SENIORS TESTED

Tuesday, seniors were tested by a recruiter for the Air Force, Technical Sergeant Yates. This test is given every year to the seniors to see what type of work they are best suited for. A score of 20% in three of the fields (Administrative, Mechanical and General Purpose) means that the student has some aptitude in these areas. A higher score is necessary in the Electrical field, 30%. A score of 95% means that the student has more aptitude in this area than 95% of the hundreds of thousands of students tested. The scores on these tests will be sent to the high school in the near future. It should be interesting to see what some of the seniors are good for!

BASKETBALL GAMES

Friday night the Santa Anna boys and girls went to Cross Plains for a tournament. That night the boys lost to Talpa-Centennial 46-45. Freddie Cullins was high point boy for us with 18 points. Mike Rush was high point boy for Talpa with 18 points. The girls also lost their game with Talpa by a score of 36-38. Earla Buse was high point girl for S.A. with 14 points. DeAnn Brown was high point girl for Talpa with 17 points.

Saturday morning the S.A. boys defeated the Baird boys by a score of 43-33. Pete Simmons was high point boy for us with a total of 13 points. Cotton Barnes was high point man for Baird with 8 points.

That morning also the SAHS girls played the Eula team. The

Eula girls won by a score of 38-22. Earla Buse was high point girl for S.A. with 10 points and Dina Favor had 15 points for Eula.

That night the S.A. boys defeated the Ballinger boys by a score of 30-27. Terry Moore was high point for SAHS with 9 points, while the high point boy for Ballinger, Staughton, had 8 points.

Terry McIver was the only boy that placed on the all-tournament team.

The boys received the Consolation Trophy, but the S.A. girls did not place in their division.

CHRISTMAS ACTIVITIES

There will be a program presented Thursday night at 7:30 in the High School Auditorium by the band and speech class. First, the band will present a concert of Christmas music. Then the speech class will present scenes from the Bible depicting the birth of Christ. Miss Carole Campbell will be the narrator. There will be no charge for admission.

We suggest that each of you come out Thursday night to our Christmas program. It will be a program you will not forget.

FFA SWEETHEART CONTEST

The annual FFA Sweetheart Contest was held at Coleman, December 3. Miss Sharon Gilbreath represented the Santa Anna Chapter. The contest was won by Cheryl Beck of Talpa. Later at the banquet the Santa Anna Chapter was awarded a silver emblem certificate for its work the past year. Attending the contest and banquet from Santa Anna were Sharon Gilbreath, Ruth Ann Starnes, Bill Horne and John Dillingham.

ASSEMBLY PROGRAM

At 2:30 Wednesday Dr. Kurt D. Singer spoke to the students of the sixth through twelfth grades. His subject was "Spies and Traitors." Dr. Singer was a spy (an intelligence officer) during the war and knew quite a lot about the work done by spies during World War II. He told about different ways spies use to send messages and about some of the machines they sometimes use. He told several stories about spies and how they were caught or how they helped their country during the war.

The program was enjoyed by

all. We would like to thank Dr. Singer for coming to our school. This was another Southern School Assemblies Program which is sponsored by the Student Council.

WIENER ROAST

Cold or no cold — about thirty-five wiener-hungry folks attended the FFA and FHA Wiener Roast Thursday night, December 13. It was held at Ranger Park. It was a chilly night, but everyone seemed to enjoy the event even more. We also roasted marshmallows. This event had been postponed several times, but Mother Nature finally allowed us one night of bearable weather.

SCHOOL DISMISSED FRIDAY

The students and faculty will be dismissed Friday, December 21, after the Christmas tree is held for students. Five periods will be run Friday morning and two during the afternoon. School will be dismissed at two

o'clock for the tree. Students will then go to the Livestock Barn to view the livestock show. The buses will run at four o'clock as usual. We would like to take this opportunity to wish each and everyone a Merry Christmas and a Happy New Year. School will begin again in 1963 on January 2. There will not be any school news the first week of January, but we'll be back the next week.

LIVESTOCK SHOW FRIDAY

The FFA and 4-H Clubs of high school and grade school will hold a livestock show at the local barn Friday, December 21. The boys will be showing sheep, lambs and calves. The public is invited to see the animals. The boys have worked hard this year and we want you to see the progress they have made. The students will view the prize animals between two and four o'clock.

Whon News

By MRS. TOM RUTHERFORD

Here we are with another Christmas season on us. The year of 1962 is almost history, and here I am still trying to collect a little news from our very small community. So many times I try to tell myself I am going to discontinue my paper news. But seemingly when Monday comes and nears the close, I feel my day isn't completed without writing my news letters. Some may be surprised to hear that June of 1962 closed my 21 years of writing news from our community, and I have not failed to get too many letters printed. So you see I am so thankful for everyone who has helped in any way. It would be foolish to say everyone has been very willing to help, but most everyone has helped and fussed later.

As I write tonight, from the bottom of my heart and for my entire family, we want to wish each and everyone a Very Happy Christmas and a good New Year for 1963. So many of us have had many heartaches, and undergone sorrow during the year. But we still have many, many things to be thankful for. And for each and everyone I want to say thanks for every thing and a "Merry

Christmas."

Friends will be glad to hear Mr. Jim Gill, who suffered a heart attack in Jackson, Mississippi, and was a patient there in the Baptist Hospital, was brought by ambulance to Memorial Hospital in Brownwood, arriving Thursday night, and relatives report he will be there until after the holidays. But he is doing fine and with proper treatment and rest, it is hoped he will be a well man again.

Friends of Mr. Curtis McShan will be glad to hear he is recovering nicely from emergency surgery in Medical Arts Hospital some two weeks back. Mr. McShan was on the critical list for several days, but reports from him Sunday were, he is improving but still a patient there.

Mr. and Mrs. Hays Dixon and Mr. and Mrs. Dee Yancy and boys of Santa Anna visited with Mr. and Mrs. Roland Williams Sunday afternoon.

Mr. and Mrs. Thomas Switzer and children, of Wingate, Mr. Troy Avants and son, Lanton, of Coleman, Mrs. Rex Turney and Becky of Santa Anna and Jana England visited in the Bert Turney home Sunday. Mark Turney returned home Sunday with his mother after spending the week with his grandparents.

Guy and Alta Lovelady of Santa Anna visited Mr. and Mrs. Darwin Lovelady and Randal and Oscar Lovelady Sunday

afternoon.

Mr. and Mrs. Curtis Collins were guests with Mr. and Mrs. Roy England Monday.

Mr. and Mrs. Roy England were shopping and visiting in Fort Worth Friday and Saturday.

Mr. and Mrs. Zack Bible and Mr. and Mrs. Cleburn Stanley visited with Mr. and Mrs. Gus Fuller of Brady Saturday night. We are sorry to report Mrs. Fuller very poorly. Her daughter, Mrs. Etoile Cozart, is with her, and has been for almost two months.

Mr. and Mrs. Roland Williams report their son, Billy, who graduated from Santa Anna High School last year, has completed a Radio School Course in Dallas, and today they talked with Billy. He is with a radio station in Natchez, Mississippi, being a radio announcer, and states he likes his work fine.

Mr. Sammie Shields visited with Mr. and Mrs. Bert Turney Monday afternoon.

Mike and Cindy England spent the weekend with their grandparents, Mr. and Mrs. Warren Gill, in Brownwood. Mr. and Mrs. Albert Dixon and two boys of Santa Anna visited with Mr. and Mrs. Roland Williams Monday night.

Jana England spent the weekend with Becky Turney in Santa Anna.

Mr. and Mrs. Loyd Rutherford of Santa Anna and Tammy Emmerson of Bangs were supper guests of the Tom Rutherford's Monday night. Loyd attended the football games in Abilene both Friday and Saturday nights.

Tom Rutherford's name was called for \$10.00 at the Christmas drawing in Santa Anna Saturday afternoon, and luckily he was present.

Again let me wish for each and everyone a Merry Christmas.

Dry Lumber Best

College Station — Properly kiln-dried lumber makes the best buy for home builders, reports Bill Smith, extension forester at Texas A&M College.

Kiln-dried lumber is pre-shrunk and dried under very carefully controlled conditions to provide creak-proof and crack-proof homes. Also, kiln-dried lumber is stronger than green (undried) lumber, and is free of decay organisms or stain fungi. This is the reason it is important to use dry wood and keep it from absorbing moisture. House lumber delivered to a building site should be kept dry with a protective cover, Smith points out.

When poorly seasoned wet lumber dries, it shrinks. This shrinkage may open cracks in floors, walls, or ceilings which will add to the homeowners' worries. Kiln-dried lumber will prevent the occurrence of cracks, but it must be properly installed and kept dry.

Exposed wood can be protected from moisture by treating it with a good water repellent or by coating it with a suitable paint finish.

Eighty-five percent of all new

homes have structural framework of wood, reports the U. S. Bureau of Labor Statistics. So, no matter what type material is used in building a home, it's likely to have some wood. It will pay to consider using kiln-dried lumber, Smith says.

SPOTLIGHT

In the spotlight this week we find a senior boy, Terry Moore, and a sophomore girl, Dianne Copeland.

Terry Moore is a senior student in SAHS. Terry is the son of Mr. and Mrs. C. T. Moore. He is taking four subjects this year: English IV, Civics, book-keeping and chemistry. Terry is the artist for the Annual Staff. He is a member of PFA and the S.A. basketball team. Terry was elected Most Handsome by his fellow students this year.

Dianne Copeland is a sophomore student in SAHS. Dianne is the daughter of Mr. and Mrs. Glen Copeland. She is taking five subjects: World History, biology, English II, Algebra II and homemaking. Dianne is a member of the band and the PFA.

CAMPUS CHATTER

Karen, would you like to take a course in Driver's Ed? We hear it might come in handy!

Terry McIver made the district basketball team. Congratulations! Orabeth will be proud.

There were several girls visiting Polly Craig after the wiener roast Thursday night. Did you girls ever decide who could

have Richard Chamberlain? He is cute!
The PFA-FHA Wiener Roast was a lot of fun, but the wieners were frozen instead of roasted. Wow, was it cold!

How does it feel to be an old married woman, Glenda? Congratulations!

Donnie H. are you thinking of moving to Coleman and joining the band.

Delbert, are you and Bob H. joining the Coleman Band too.

The Santa Anna Pool Team participated in another tournament last weekend. You might find out more about this game from Pete or Tommy.

Bill Horne, did those three girls come with the car Thursday night? Tell us how you are so popular as to rate three in one night.

Terry Moore and Karen McCluskey had a date after the ball game Saturday night. They went to Coleman to get a coke.

Merry Christmas from Wanda and Sandra, your eagle-eye reporters.

FACULTY ATTENDS BANQUET

The teachers from the local school attended a banquet in Coleman Thursday night, December 13. The tables were beautifully decorated in the Christmas theme. The menu consisted of ham or turkey, dressing, asparagus, green beans, jello salad, sweet potatoes, hot rolls, apple pie, tea or coffee.

The Stage Band from Santa Anna entertained while the teachers were eating. Mr. Camp and his members certainly do a wonderful job. Dr. John Stevens from Abilene Christian College was the speaker for the banquet. Each person hearing his voice was impressed with his talk.

SANTA CLAUS LETTERS

Dear Santa Claus,

For Christmas, I want a rubber doll, a doll carriage, and a mink coat. My husband will not buy me the mink, so will you please do what you can. I would prefer a stole, but would take anything that you can give me in the fur line. The other presents are immaterial.

Thank you,
Mrs. Gloria Chandler

Dear Santa Claus,

All that I want for Christmas is my tonsils back. I have been teased so much by the people in the Beta Club that I am sick

and tired of it. If it could be arranged, I would be satisfied with just my tonsils.

Thank you,
Donna Walker

Dear Santa Claus,

For Christmas, I want you to bring me anything that you wish to. I really don't care, but everyone else is writing you, so I didn't want to be the only one who was not asking for something. My friend, Tinker Dockery, has already written you. Sooooooo, just anything will do.

Thank you,
S. D. Fellers

Dear Santy,

I want you to do me a big favor. I wish that you would get the kids in this school to do their lessons, not get in trouble, not sass the teachers, and SHUT UP when they are in the hall. I know that it is a lot to ask, but Santa, these kids are driving me out of my mind. I may not last to see another Christmas if you turn me down. Please.

Thank you,
Mr. Cullen N. Perry

New Brochure On Bobwhite Quail Just Published

Austin — The Texas Game and Fish Commission has just published a brochure written by three of the state's top quail authorities, Daniel W. Lay, A. S. Jackson and Clyde Holt. The new publication is entitled BOBWHITE QUAIL IN TEXAS, and is an endeavor to acquaint both sportsmen and landowners with what is needed from them in the bobwhite quail management program in Texas. It is well illustrated with sketches and black and white photographs. "This new brochure should be a great help to those citizens who are interested in stocking, restoring, and managing quail," suggests T. D. Carroll, I&E Coordinator for the Game and Fish Commission. The brochures are free upon request.

Attend church regularly.
