

Train Derailed Near Loraine; Four Killed

Victims Had Escaped From Hospital; Fire Follows Explosion Of Tanker
SWEETWATER, Nov. 27. (AP)—Four men who escaped from Abilene State Hospital yesterday were killed today when a Texas and Pacific freight train derailed and burned near here before dawn.

T&P Works To Clear Track Late Today

Wrecker crews from Big Spring and Toyah worked feverishly today to clear debris and clear the main line of the T&P at the scene of a major derailment one mile east of Loraine.

G. R. French, assistant division superintendent, said that barring major difficulties, the track should be cleared for traffic by 4:30 p. m. to 5 p. m. today.

Meanwhile, passenger service was being restored by means of transfer around the wreckage. No. 7 arrived in Big Spring about five hours late, principally because Pullman passengers could not be awakened too early.

A&M Asks Fund For Negroes

AUSTIN, Nov. 27. (AP)—The board of directors of Texas A&M College today voted to ask the governor for a deficiency appropriation with which to provide instruction for Negro students through Prairie View University.

The action came a few weeks ahead of a deadline set by Judge Roy C. Archer in 126th district court in the application of Herman Marion Sweat, a Houston Negro, who is seeking to force admission to the University of Texas as a law student.

Judge Archer had indicated he would issue the mandamus order if the state has not by Dec. 17 made provision for a law course for Sweat.

The board of directors unanimously approved the resolution presented by its sub-committee on the problem of higher education for Negroes in Texas.

MORE PANTS? WASHINGTON, Nov. 27. (AP)—The Civilian Production Administration is thinking of lifting controls which prohibit two-pants suits and vests with the double breasted kind, an official said today.

10-Day Extension Granted On Order Stopping Coal Walkout

Zoning Board Ordinance Is OK'd By City

16 Blocks Of New Paving Formally Accepted

New paving recently completed was formally accepted and an ordinance creating a zoning commission was passed unanimously at a meeting of the Big Spring City Commission Wednesday morning.

Acceptance of the paving automatically authorizes the transfer of paving funds paid by property owners to the general fund. All paving money has been held in escrow until the acceptance by the commission.

Completion of the first 16 blocks in the pay-as-you-go program, left by, McDaniel said.

City Manager B. J. McDaniel read to the commission the city engineers' report, which recommended that the 16 blocks completed in the new project be accepted. The new paving is located on Rannels street, from 11th Place to 18th; 16th street, from Johnson to Sheppard Lane; 11th Place and Rannels intersection and westward; 10th street, Scurry to Gregg; Seventh street, from Rannels to Johnson; Scurry from 14th to 15th; and 15th street, from Johnson to Austin.

Apparently they boarded the freight train, which was involved in the crash 17 miles from here, near Loraine between Roscoe and Colorado City.

Twenty seven cars were derailed and burst into flames, but the locomotive remained on the tracks, according to T. B. Bailey, chief clerk of the T. and P. at Sweetwater. He said many of the derailed cars were oil tankers.

The accident was termed the worst in West Texas railroad history by Bailey.

Union Service Highlights Thanksgiving Observance

Big Spring was all set today for a varied observance of Thanksgiving Day on Thursday.

Business activities were due for almost complete shutdown. Stores, offices, banks and the postoffice will be closed, and only service firms will be operating.

Rev. R. Gage Lloyd, First Presbyterian pastor, will deliver the Thanksgiving sermon and Dr. C. A. Long, First Methodist minister, will preside as host.

Howard County Junior College suspends classes after today until Monday, and some faculty members will visit out-of-town.

Despite higher food prices, families were weakening at the last minute in a rush for turkeys and hens.

Area Granted New Airline Services

WASHINGTON, Nov. 27. (AP)—The Civil Aeronautics Board today authorized two new feeder airlines and one existing airline to provide new air service in Texas and Oklahoma for a three-year period.

13 Indictments Are Returned

Thirteen indictments, including one for kidnaping, were returned by the grand jury in 70th judicial district court proceedings Tuesday afternoon.

Lopez Garcia, who allegedly kidnaped an infant, Glyndon Bradley, here the night of Oct. 24, was indicted on that count. Her bail was set at \$2,500.

Other indictments involved: David O. Reeves, willful burning of personal property; Lorenzo Pineda and Lores Pineda, possession of narcotics (marijuana); two counts against M. M. Sprouse, both for forgery; Earl C. Coates, arson; Robert Williams, theft; J. B. Posey and Robert Posey, theft; David Dowden, Jr., forgery and passing as true a forged instrument; two counts against John Dolan, both for burglarizing a motor vehicle while intoxicated, second offense.

In addition, a forgery indictment was returned against a party still at large.

The criminal docket has been set for the week of Dec. 16. Argument of the counsels in the case of Willie Nichols vs. Dick Simpson, a suit for breach of rental contract, was to begin at 2 p. m. today.

More Money Into Community Fund

The Community Fund continued to show gains Wednesday, with headquarters reporting \$243 in pledges and cash since Tuesday's tabulation. The new total was \$28,412.

Montgomery Ward & Co. employees contributed a total of \$121 to the fund and another special gift of \$90 from E. D. Norris helped make the total \$311.

General Chairman Ira Thurman renewed his request that all workers make final reports. He said that several substantial gifts were expected before books are closed.

UN Expected To Approve Troop Survey

Committee Will Clear Decks For Veto Scrap

LAKE SUCCESS, N. Y., Nov. 27. (AP)—A survey of delegates indicated strongly today that the 54-member United Nations political and security committee will adopt a proposal for an immediate world inventory of troops at home as well as abroad.

Confident that the proposal will be approved, spokesmen for both the United States and British delegates said they hoped the committee would be able to vote on the issue within the next 24 hours and clear the way for resumption of the discussion of the veto.

Both Great Britain and the United States are insisting that all members of the United Nations report on the number and disposition of their troops at home and abroad by Jan. 1, 1947.

A survey of delegates, however, indicated a majority of the powerful political and security committee would support British and American views on the troops census, although the British proposal for an inspection board to verify the troop data was expected to be defeated.

Most delegates doubted a vote would be taken on the issue today, since Soviet Foreign Minister V. M. Molotov, and possibly US Senator Tom Connally (D-Tex) and British delegate Philip Noel-Baker, might speak again today.

The board amended the certificate of a present feeder line and the permanent certificate of two other airlines to provide additional service in the two states.

The board amended the certificate of Pioneer Airlines, Inc., for route 64 to include Midland-Odessa and Lamesa as intermediate points between San Angelo and Lubbock, Texas.

The board amended the certificate of American Airlines, Inc., on route 4 to include Midland-Odessa, Texas, as an intermediate point between Big Spring and El Paso, Texas.

A woman employee of the bank was shot and \$4,500 taken during the robbery.

Percy Wylie, II, of the Federal Bureau of Investigation has identified the Fort Worth youth as Joe Doyle Banning of Des Moines, Iowa, and Fort Worth.

Banning was arrested yesterday afternoon in front of the home of his mother, Wylie said Banning had admitted participating in the Carlisle robbery.

The airmail package, containing bills of \$20 denomination or smaller, arrived here yesterday morning and had been intercepted by police before being delivered.

Wednesday was children's day at the Lions club, and Dads had sons and daughters as guests for the occasion.

Delay Ordered At Federal Request

WASHINGTON, Nov. 27. (AP)—Federal Judge T. Alan Goldsborough this afternoon ordered a ten-day extension of his order of Nov. 18 which was designed to avert a soft coal walkout.

This was at the request of the government, whose attorneys interrupted the contempt hearing of John L. Lewis to file the appeal.

In those words, Goldsborough indicated that his decision in the contempt case against Lewis and his miners would not be influenced by the union's claim that the stop-strike order violated the Norris-LaGuardia anti-injunction act.

Regardless of whether or not the Norris-LaGuardia act applies in the soft coal case, Goldsborough said, no one can disobey a restraining order.

"If that could be done we would have anarchy," the judge commented.

"If the defendants disregard the restraining order, then they are guilty of contempt of court whether the Norris-LaGuardia act applies or does not apply.

"That, in this court's opinion, is the law." Lewis, who sat stony-faced with his attorneys, and the UMW so far have made no attempt to show that they tried to obey the judge's restraining order of Nov. 18, which instructed the UMW chief to withdraw his notice to the government that their working agreement was ending Nov. 20.

Shortly after his sharp interjection, Goldsborough recessed court at 12:30 p. m. (EST), and cleared the room. The whole morning had been taken up with arguments of three Lewis lawyers seeking to win dismissal of the contempt action.

Prior to the recess, Joseph Padway, general counsel of the AFL, appearing in a demonstration of AFL solidarity behind Lewis, disagreed with Goldsborough's analysis of the law. Padway told the court that Lewis' attorneys had advised the mine workers' chief that he was within his rights in disregarding the restraining order.

Lawyers for Lewis argued that operation of the coal mines is not a "sovereign" function of the government, and that the government itself does not regard the miners as government employees.

The court feels that your action in not waiting for a judicial determination was a very great mistake on your part.

Defense Says Government Is Responsible

Lewis' attorneys contended the government was directly responsible for the soft coal walkout.

"There need not have been any cessation of employment — there would not be today," counsel for Lewis said, "if the government had complied with the terms of the contract."

AFL general counsel Joseph Padway, heading Lewis' legal corps at the opening of his contempt of court hearing, referred to the government-United Mine Workers agreement which Lewis cancelled last Wednesday.

Padway challenged the government's contention that it is not subject to laws restricting the use of injunctions in labor disputes, declaring: "There is no exception in favor of the government. The claim that such an exception exists is a perversion of the law."

Government officials have contended that the Norris-LaGuardia act limiting the use of labor injunction applies only to private management, not to the government. The mines which have been shut down since last week, despite a federal injunction against a stoppage, were under government seizure.

Padway described the injunction which Lewis refused to heed as "a command to go back to work."

Lewis' attorneys said there would have been no work stoppage "if the government had complied with the terms of the contract."

The judge called on UMW counsel to explain why the union should not be held to its contract for the "period of government possession" of the coal mines.

The contract signed by Lewis with Secretary of Interior Krug last spring sets that duration on the agreement.

Lewis' lawyers contended that the Krug-Lewis agreement kept in force many terms of UMW's old contract with the private mine operators, including the right to reopen the question of wage demands upon due notice.

In arguing that Lewis had a right to end the contract, Hopkins told the court that agreement had been approved by the Wage Stabilization Board "and endorsed by President Truman."

Hopkins declared that under termination provisions as interpreted by the UMW "the mine workers were knocking at the door of the government from Nov. 1 to 15."

When Hopkins said the government had declined to take advantage of the termination provisions, he said Lewis had declined to take advantage of the termination provisions. See LEWIS TRIAL, Pg. 9, Col 3

"TOUGHEST, SMELLIEST, MEANEST"—The "toughest, meanest" goat in Texas arrives at Newark, N. J., by plane en route to Annapolis to serve as the Middies' mascot for the Army-Navy football game. The goat, restrained by caretaker Jack Hogg, got of Kerrville, Tex., was provided after the Navy asked Texas Governor Coke R. Stevenson for such a goat. (AP Wirephoto).

Daves-Wright, Wright-Tynes Wedding Vows Exchanged In Double Ceremony

In a double wedding ceremony performed Saturday at the home of Mr. and Mrs. H. H. Wright, Wanda Mae Wright became the bride of Clarence L. Daves, and Ouelle Tynes was married to Joe M. Wright.

Altar Society Sets Party Dates

Plans were made Monday afternoon at the regular meeting of the St. Thomas Altar Society for a party to be held on Dec. 2 at 7:45 p.m. in the church hall.

Mrs. Jack King Honored At Party In Milam Home

Mrs. Jack King was honored on her birthday Monday evening with a party in the home of Mrs. Cecil Milam.

Members of the Althean class of the First Baptist church met in the home of Mrs. Ralene Jones Monday evening for a business and social meeting.

Members of the Althean class of the First Baptist church met in the home of Mrs. Ralene Jones Monday evening for a business and social meeting.

Fideller Class Has Dinner, Theatre Party

Members of the Fideller class of the First Baptist church met at the Wagon Wheel Monday evening for a Mexican dinner.

Aderholds Are Parents Of Girl

Lt. and Mrs. William H. Aderhold are parents of a daughter, born on Nov. 24 in Cowper-Sanders hospital.

Announces Hike

Mrs. Jimmie Mason, den mother, has announced that Den One of Cub Pack 29 will meet Friday at 10 a.m. at her home for a hike.

HD Agent Attends National Meeting

Margaret Christie, county home demonstration agent, left Monday night for Dallas from where she will proceed to Chicago, Ill., to attend the national convention of county agents.

Moved to Colorado

Mr. and Mrs. Jack M. Nell left Tuesday morning for Rifle, Colo., where they plan to make their home.

What Gives 'Round Town

Seems the thing to do during the holidays is buy a ticket and be on that train to Sweetwater for the game Thursday afternoon.

Visits And Visitors

Vernon Heard left Tuesday via plane for New York after visiting here with his parents.

Trainmen Entertain

Brotherhood of Railroad Trainmen entertained Tuesday evening in the First Christian church hall at the annual dinner honoring members of the Trainmen Ladies lodge and families of members of both lodges.

The Thanksgiving theme was carried out in decorations and banquet tables were centered with horns-of-plenty from which spilled multi-colored chrysanthemums.

G. W. Dabney addressed the group and H. W. McCanless, president of the brotherhood spoke. Greetings were extended also by Mrs. J. P. Meador, president of the Trainmen Ladies.

Music was furnished before and after the dinner by Herb Eastham and his pals of the Plains, from Lamesa.

Mrs. C. A. Schull was introduced as being the oldest member present.

Members of the brotherhood on the general arrangements committee included J. T. Allen, G. B. Pittman and H. W. McCanless.

Mrs. C. A. Schull was introduced as being the oldest member present.

Holiday Theme Used At Class Party Tuesday

The Thanksgiving theme was followed in decorations and games when Mrs. George McLellan entertained members of the Faithful Workers class of the East Fourth Street church in her home Tuesday evening.

Mrs. A. W. Page led the group in the devotional, after which a social hour was held with a Christmas party to be held at the home of Mrs. Rainey on Dec. 17.

Those attending were Mrs. C. D. Lawson, Mrs. Fred Hughes, Mrs. Curtis Reynolds, Mrs. C. B. Cahoon, Mrs. Rose Darrow, Mrs. J. C. Harmon, Mrs. S. C. Frazier, Mrs. J. B. King, Mrs. C. A. Cross, Mrs. Fred Winn, Mrs. O. D. Egan, Mrs. George Holden, Mrs. Emrie Rainey, Mrs. Ernest Rainey, Mrs. A. W. Page and the hostess.

Ruth Class Has Meeting At Church

Mrs. A. C. Kloven was hostess to the Ruth class of the First Baptist church Monday evening when members of the class met in the church parlor for a regular meeting.

Mrs. Flynn Has Party For Son

Mrs. John E. Flynn entertained her son, John Patrick, with a party in celebration of his seventh birthday Saturday.

Mrs. C. C. Worrell Brought the Devotional After Which a Brief Business Session Was Held

Those attending included Mrs. C. C. Worrell, Mrs. Tom Cantrell, Mrs. W. W. Pendleton, Mrs. Dick Byrd, Mrs. W. H. Kay, Mrs. S. M. Smith, Mrs. Maymie Mayfield, Mrs. H. Roach and Mrs. Kloven.

Mrs. Ralene Jones Hostess To Class

Members of the Althean class of the First Baptist church met in the home of Mrs. Ralene Jones Monday evening for a business and social meeting.

Mrs. Earle Corder and Mrs. C. W. Deats Named to the New Sick Committee

Those attending were Miss Carrie Scholz, Mrs. J. D. McWhirter, Mrs. Walter Rueckart, Mrs. B. T. Bridges, Mrs. Thurman Gentry, Mrs. Walter Jaynes, Mrs. C. W. Deats, Mrs. F. B. Smith, Mrs. Earl Corder, Mrs. Eugene McAllen, Mrs. William Scroggins, Mrs. W. E. McAllen, Mrs. E. H. Strauss, Mrs. L. D. Jenkins and Rev. Theo Francis.

Marcantonio's Seat May Be Contested

WASHINGTON, Nov. 27. (AP)—A quiet move is underway to deny a seat in the new Congress to Vito Marcantonio of New York City, it was learned today with disclosure that a congressional committee is investigating his election to the House.

The move has the backing of Rep. John E. Rankin (D-Miss), who has crossed verbal swords with Marcantonio on many occasions during the latter's 10 years in Congress as an American labor party representative.

Rankin told reporters "it is probable" a resolution to deny a seat to Marcantonio will be offered when the new House convenes Jan. 3. He declined to say whether he personally would offer it but indicated the challenge will be based on the New Yorker's political affiliations and activities.

Holding both American labor and democratic nominations, Marcantonio was reelected Nov. 5 over Republican Frederick Bryan despite support for Bryan by Patrick J. Hannigan who lost the Democratic nomination to Marcantonio in the August primary.

Appealing for his friends to vote for Bryan, Hannigan said he had entered the primary against Marcantonio "solely for the purpose of driving from public office the mouthpiece in Congress for the Communist forces in this country."

A majority vote of the House can deny a seat to any member-elect, and for any reason. Any member may offer a resolution either denying him his office or denying the right to sit pending an investigation by a House committee.

County Judge's Death Ruled A Suicide

WICHITA FALLS, Nov. 27. (AP)—A verdict of suicide has been returned in the death of Baylor county Judge Robert Jones, 53, who died of a 12-gauge shotgun bullet wound in the temple yesterday afternoon in the Seymour City Park.

The verdict was returned by Justice of the Peace Claude Fancher of Seymour.

Jones had served as Baylor county clerk 12 years and as county judge six years. He was defeated as a candidate for the state legislature from the 113th district in the recent Democratic primary.

He is survived by his widow, two daughters, Mrs. Jack Jones and Mrs. Bob Farr of Seymour; two brothers, Taylor W. Jones of Dallas and J. D. Jones of Austin, and two sisters, Miss Burnett Jones of Van, Texas, and Mrs. Ira Anderson of Fiano.

GIANT WING-FLAP—This 74-foot wing flap for the world's largest airplane, built by Howard Hughes, is almost as long as the wing of a standard 21-passenger plane. The flap is en route to Long Beach, Calif., harbor.

Local Dealer Has Coal, And Is Selling It At Old Price

Coal users in the Big Spring area—and there are a few—likely won't be affected seriously by the coal strike.

C. E. (Charley) Morris, fuel dealer, had about 125 tons of coal on hand and in sight Tuesday, and part of the supply he admitted was due to be a stroke of luck.

Anticipating trouble earlier in the season, he booked 150,000 pounds, then another 100,000. Although his bins were full, he put in an order for more. Tuesday he received word that a car with 118,000—the last to go out of the New Mexico mine where he buys before the government freeze—was enroute.

Morris is the only dealer here handling coal, the Co-op Gin & Supply company having withdrawn from the field. Ordinarily, the supply would be ample to last through February, but if surrounding points are cut off, he anticipated that the demand may be heavier. But by the time the piles dwindle, it is possible the national coal situation will be alleviated.

Demand for coal has dropped sharply in recent years with the advent of butane gas. Morris estimated that "90 per cent of those formerly using coal in rural homes" are no longer in the market. Where 75 cars and up were handled formerly, the usual an-

nual run is down to five or six cars.

Although he enjoys a virtual corner on the local coal market, Morris, an individualist in his own right, has his own ideas on price. "The same as last year (\$18 a ton)," he said. "It's costing me a dollar more a ton, but I figure some would say that the price increase was due to a monopoly, and rather than have any bellyaching, I'm selling it for the same price."

College Prexy Denied Right To Fire Employees

AUSTIN, Nov. 27. (AP)—The Attorney General's department held in an opinion today that the president of a state teachers college may not "for any reason" dismiss employees whose contracts are current, but that the board of regents may "for good cause."

The opinion approved by First Assistant Attorney General Harris Toler was sought by V. A. Collins of Livingston, president of the board of regents, for all the state teachers colleges.

Collins asked specifically whether the president of West Texas State Teachers College at Canyon could dismiss "for insubordination" two employees of the Athletic staff whom he identified as Mr. Baggett and Mr. Van Meter, whose contracts extended to June 5, 1947.

"We have been unable to find any authority in the statutes relating to state teachers colleges, empowering the presidents of such institutions to employ or dismiss teachers and other employees of such institutions," the opinion said.

"x x x The president of such institutions is empowered only to nominate annually to the board of regents such professors, teachers, officials or assistants as in his opinion will promote the best interests of the institution. x x x

"The fact as to whether or not the 'insubordination' of the said employees legally constitutes 'good cause,' for which the employees may be dismissed, comes within the jurisdiction of the board of regents and presents an issue which we can not undertake to pass upon.

Coke Wildcat To Get Test

Testing of oil and gas shows in the Sun Oil Co. No. 1 Allen Jameson, northwestern Coke county wildcat, was due to begin today.

Preparations to drill plugs were made Monday. Five-inch string made cemented at 6,225 feet, five feet off bottom. The bottom two feet of five feet of lime recovered from core at 6,210-30 feet was very porous and saturated, and 500 feet of sweet, green 44-gravity oil was recovered on a drill stem test a week ago from 6,206-30 feet. Gas was estimated up to two million cubic feet daily. The test is located near the C SE SW 253-1A-HC, a mile southeast of Silver and near the common corner of Mitchell, Coke, and Nolan counties.

Norman & Roche No. 1, S. R. Coleman, "discovery well in the Coleman Ranch field of northeast Mitchell county, went on test Sunday at 1 p. m. and at 7 a. m. Monday had pumped 65 barrels. The well was shot after previously acidizing. Location is in section 7-97, H&TC. Tobe Foster No. 1 John Womack, another shallow test which promises to become the second producer, was testing after cleaning out to 2,750 following a 470-quart shot. It is in section 6, Cuthbert strip, half a mile south of the opener. Foster's . . . o. 2 Womack, in the same section, was at 1,700 feet in lime. Norman & Roche No. 2 Coleman, north of the discovery and in section 70, was at 2,100 feet in lime.

C. E. Beavers prepared to spud his No. 1 Coleman in section 70. Beavers drilled the original test. Doswell & Morgan No. 1 Coleman, section 8, Cuthbert strip, south-west of the discovery, was at 2,672 feet in lime. J. B. Tubb No. 1 Jones, 60-20, LaVaca, east of Vincent, was below 1,900 feet in red beds.

To Take Bids On Road Jobs Running To \$4,330,000

AUSTIN, Nov. 27. (AP)—The State Highway Commission will open road construction bids on projects to cost approximately \$4,330,000 Dec. 12 and 13.

State Highway Engineer D. C. Greer said that estimates of projects set for December fall for the first time to meet the highway commissions previously scheduled minimum of \$5,000,000 per month which it has maintained since last spring.

The December list calls for primary highway improvements which were estimated to cost \$3,100,000. It also provides for 101 miles of farm-to-market roads estimated to cost \$1,230,000.

The call for bids also included advance notice to contractors on the Dallas expressway project, not yet formally scheduled for bidding. This improvement will call for grading, structures, storm sewers and concrete pavement on .94 mile of US 75 from a point north of Ross avenue to a point north of Haskell avenue.

Blast Damages Home

GALVESTON, Nov. 27. (AP)—An explosion and fire caused damages estimated at \$22,000 to the home of Joe Maceo here late last night. Fire Marshal J. C. Kelson, Jr., said faulty gas equipment probably had caused the explosion which was followed by a quickly spreading fire.

The first territorial prison in Arizona was erected at Yuma in 1876.

Three Recruits Go To Goodfellow Field

Frankie Archer and J. T. Dodd, both of Big Spring, and Jack Maddox (colored), of Rt. 2, departed for Goodfellow Field this morning after they had volunteered for service in the US Army at the local recruiting station.

Arch and Dodd enlisted for 18 months each while Maddox goes in for two years.

Making a new refrigerator takes 337 pounds of coal.

A proper old gal called Nanny Said, 'Phillips 66' is uncanny! Cold or hot, it starts swell, "Like a bat out of . . . well! "That gas has got plenty of whammy!"

For Lightning-like Starts Get Phillips 66 Gasoline

Yes, we match Phillips 66 Gasoline to your seasonal driving conditions—hot or cold!

As fall chills into winter, the high-test volatile elements from Phillips vast reserves of natural gasoline are increased. That's why Phillips 66 starts so easily.

"Controlled volatility" was developed by Phillips scientists to give you better driving, quicker starting, smoother engine performance. In the winter it means split-second starts and faster warm-up. Stop at the orange-and-black sign. Try Phillips 66 and see!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

Steers Hoping To Get Their Fill Of TD's

Johnny Dibrrell's Big Spring high school football Steers will pull out around 10 a.m. Thursday for their afternoon game with Sweetwater's Mustangs, making the trip to and from the Nolan county capital via bus.

The Steers will eat a light meal here immediately prior to their departure. Turkey and all the trimmings will not be a part of the menu. The lads must wait until after the date to gorge themselves on the annual Thanksgiving fare.

Instead, they hope to feast on touchdowns at the expense of the Cayuses, who have held the whip-hand over the Bovines all too long.

The Big Springers are in good physical trim with the exception of Larry Hall, who probably won't see any action. The aggressive center suffered a leg injury in last week's outing with Abilene and was in the hospital for several days.

It takes two boys to fill his shoes. Roy Lee Reeves will probably get the call on offense while Harold Berry will be used when the Steers are on defense.

The locals will run into good passing game again, though it can not rival the Abilene overhead attack for consistency and accuracy. Sweetwater's aerial show gave Odessa some trouble in the last half. Big Spring will be outweighed by several pounds in the line.

Last week, the Ponies ran over San Angelo without experiencing too much trouble.

The special train for the fans was assured when ticket sales went over the 200 mark. The special will depart here at 10 a.m., arriving in Sweetwater at 12 noon.

There'll be plenty of transportation available to the game after the supporters arrive in the host city. Starting time of the battle is 2 p.m.

RICHARDS CHARGES TWO YARDS—Southern Methodist University's Bill Richards charges two yards through right tackle against Baylor in the first quarter of the Baylor-SMU game at Dallas, which SMU won 35-0. He is being tackled by Baylor Guard Clarence McGaw. (AP Photo).

Six-Man Grid Championship At Stake In Game Tonight

Water Valley Totes Colors Of District Ten Into Collision

Six-man football enthusiasts from over a wide area will converge on Big Spring this evening for the year's climactic battle of that abbreviated sport—the bi-district struggle between the Water Valley Wildcats and Barstow's Indians. Kickoff time is 7:30 p.m.

The contest will send two teams boasting perfect records into action. Each sextet is unbeaten and untied in eight starts. Barstow clinched the District Nine crown last week by nosing out Fort Davis, 19-13, while Elvis Mathis' Wildcats coasted to the District Ten championship by sailing past Courtney two weeks ago.

The Wildcats may go into the fray shorthanded. Gene Cope, star 166-pound quarterback, has been favoring a charley horse for the past two weeks and may be used only sparingly. Loss of that speedster would handicap the Felines' chances for victory, of course.

Standout of the Barstow club is Dan Bryant, a 125-pound flash who barks the signals for the Indians. The Cats will hold a decided weight advantage in the backfield but the two clubs will stack up about even-Stephen on the line.

In their seven league games, the Water Valley team scored a total of 290 points as compared to 54 for their opponent. They tumbled Coahoma, last year's champion, by a 32-16 count. Their most one-sided victory was scored at the expense of Knott, which they bowled over, 67-7.

Cope and Dick Miers, an end, are the team's leading scorers. Each has 74 points.

H. J. Hitt, Coahoma, and Alonzo Turn, San Angelo, will serve as two of the game's officials while the Barstow team is reportedly bringing an umpire with them.

Probably starting lineups:

BARTSOW			WATER VALLEY		
Player	Wght.	Pos	Player	Wght.	Pos
D. Taylor	165	LE	Bob Turner	150	LE
L. Daughee	150	C	Bob Bannister	180	C
J. Davis	160	RE	QB Dick Miers	165	RE
D. Bryant	125	QB	Gene Cope	168	QB
Bob Hays	130	LH	Oscar Dorsey	185	HB
Bob Burkholder	155	RF	Gordon Westbrook	145	HB

N. H. (Nick) Reed sold a load of lambs off his ranch in the Vincent Ranch Conservation Group last week that topped the market at 21 1-2 cents in Fort Worth, weighing 73 pounds pay weight. The load of lambs was cut out of about 1600 that he has had on his 400 acres of wheat for the past three weeks. The reserve temporary pasture is a part of the conservation program Reed is carrying out on his ranch in cooperation with the Martin-Howard SC District. Trial plantings of Hairy Vetch, Abruzzi and Balboa rye and winter barley, all new crops to the District, are up to a good stand on the J. Y. Robb farm in the Lomax conservation group.

Edmon Tom, a district supervisor in Zone One has oats that are over half knee high on his farm six miles north of Stanton. He planted them in 40 inch rows and has plowed them one time to kill weeds and conserve moisture. He is grazing the oats with cows and calves.

Benes Brown who ranches and farms in the Vincent conservation group near Vincent cut some sweet sudan for roughage immediately after frost. He left a good stubble which will add much organic matter back to the soil thus maintaining the tilth by increasing the water holding capacity and spongy condition needed to absorb moisture readily and prevent blowing. Humus in the top few inches of soil will greatly reduce evaporation by controlling extreme soil temperature reports E. J. Hughes of the SCS.

C. E. Talbot, whose farm is in the East Knott Conservation group, is starting terrace construction this week. He plans to complete about twenty miles before January 1, leaving seven miles to be constructed next year.

Oscar O'Daniel, a rancher co-operator with the Martin-Howard SC District, reports that his rye is making more growth than oats planted the same date. He planted abruzzi rye and common rye in a sandy field that is subject to wind erosion, but the cover crop has controlled sand movement thus far. He says there is considerable grazing available now but plans to wait a few more days before turning in on it in order to have sufficient growth to keep blowing under O'Daniel is finishing a 3,000-gallon earthen tank this week.

Cover crops in rotation with cotton have proved beneficial in controlling soil losses from erosion at the Tyler SC Experiment Station. Cotton not in a rotation has lost an average of 9.6 tons of soil per year over a 5-year period, whereas in a rotation cotton lost only 4 tons per acre. The annual rainfall is considerably higher at Tyler than in the Martin-Howard SC District, but the same ratio could be used for soil losses from water erosion plus the increased hazards from wind erosion in a more arid climate.

O. O. Murray, Tom C. Spencer and Nolan Stanley, who farms the O. L. Parish farm, all in the Gay Hill conservation group, are maintaining their terraces by plowing to them each year.

Among the ancient Hebrews, a grain of salt or the eggs of grasshoppers were recommended as remedies for toothach.

More Funds Asked For Treatment Of Crippled Children

DALLAS, Nov. 27. (AP)—The Texas Society for Crippled Children has adopted a resolution to ask the state legislature to appropriate increased funds for establishment of treatment and rehabilitation centers for victims of cerebral palsy.

The resolution calls for increased state aid for the crippled children division of the state department of health.

At the group's state convention here yesterday, R. L. Thomas of Dallas was elected president of the society. Other officers include John Broome of Lubbock, first vice president; Mrs. Guy Rogers of Wichita Falls, second vice president; Mrs. Sam E. Wilson of Corpus Christi, Mrs. H. Moore of Texas and Mrs. Lawrence Tariton of Fort Worth, members of the executive committee.

EXCITEMENT—The perilous exploits of a pair of American secret agents in Rio de Janeiro motivate the stirring action of 'Notorious,' Alfred Hitchcock's new dramatic thriller which opens at the Ritz theatre Thursday for a five-day run. Co-starring Cary Grant and Ingrid Bergman (above), the film highlights a theme along with exciting conflict amid the deadly intrigue by German fugitives in Brazil seeking to develop a secret supply of uranium against a third world conflict.

CORTES' REMAINS BELIEVED FOUND

MEXICO CITY, Nov. 27. (AP)—Authorities expressed belief today the long missing remains of Hernan Cortes, Spaniard who conquered Mexico, had been found here in the chapel of the hospital De Jesus, which he himself established in 1550.

They said a two-by-four-foot crystal-and-gold casket, discovered last night in a box removed from the chapel wall, answered historical descriptions of Cortes' casket and asserted its authenticity could not be doubted.

The ornate receptacle, exhibited last night to antiquarians, government officials and newspaper men, was covered with lead foil in a lead-encrusted wooden box wrapped in red cloth. Through the transparent crystal a cloth-wrapped skull and bones and a rolled manuscript were visible.

The casket was not opened at once.

Fernando Baez, Spanish antiquarian, reported he had found an ecclesiastical record of the supposed approximate hiding place of Cortes' remains Nov. 11. With official permission, he and three friends searched the unused chapel of the hospital, now a government clinic for the blind, till they discovered the box.

All the islands in the world have less area than the United States plus Alaska.

Picture yourself in this field of Clo...

THE LUCKY gent you see above is leaning back on one of the most comfortable "clover beds" in the world.

—10 years of accumulated purchases of U. S. Bonds!

Let's assume that, out of his pay, he bought one \$25 Bond (only \$18.75) every month for the next 10 years. (That would make 120 \$25 Bonds—bought with money he never missed.)

And, at the end of 10 years, what cash value would he have?

—Enough to make a good down payment on a nice, new modern home...

—Plus another good down payment on a bright and shiny new 1956 model car...

—With a sufficient balance left to send one, or possibly two, of the boys off to college!

Or...if he so decided, instead of taking the cash, he could have a regular "extra" income of \$25 a month for the following 10 years.

You say all this sounds pretty good? It is pretty good—and there's no reason why the man in the picture above can't be you!

Right now, you're probably enrolled in a Payroll Savings Plan. During the war, you bought plenty of War Bonds through it, found it was the easiest way you ever saved money.

Well, why not keep this good thing going? Keep on buying U. S. Savings Bonds. Buy them the same way every month, get the same safe investment, same high returns. \$25 for every \$18.75!

At the end of 10 years (even sooner, if you have a good start with War Bonds) you'll be in the "clover" too!

Save the easy way...buy your Bonds thru PAYROLL SAVINGS

Man Had Brick In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring.

City Has Two On Judging Teams

Two Big Spring men will be on as many teams representing Texas in the intercollegiate livestock judging contests at the 1946 International Livestock Show in Chicago.

William Ernest Berry, Jr., Big Spring, has been announced as one of the five members of the Texas A&M college team, and Nathan J. Allen, Jr., Big Spring, has been selected as one of the five members to represent Texas Tech college in judging contests. Albany is the only other city in Texas to have two representatives on the teams.

Potatoes Sent Out To Lunch Rooms

A carload of potatoes, sent from Remus, Michigan, under the government parity program, has arrived here and is being distributed to school lunch rooms in eight West Texas counties.

The shipment, a gift from the government, weighed 45,000 pounds. If distributed evenly to all scholastics in the eight counties each student would receive 6 1/2 pounds of the commodity.

Distribution was being made by Walker Bailey, county school superintendent.

LEWIS TRIAL

Continued From Page 1

stage of this opportunity, Goldsborough interrupted to say: "I don't think you should make a statement like that."

The judge said that obviously the dispute had been over the contract's termination procedures, and that the government should not be accused of refusing to negotiate.

Padway, general counsel for the American Federation of Labor, appeared in Lewis' behalf for the first time. He promptly cited the Norris-LaGuardia Act in opening arguments for dismissal of the case.

"If the Norris-LaGuardia Act is applicable, then this court had no

right to issue the contempt ruling," Padway declared.

Padway arose after Judge Goldsborough decided that the contempt citation against the United Mine Workers' president should be taken up first.

Lewis sat stolidly behind a battery of union lawyers. At issue was whether he should be punished for permitting his 400,000 soft coal miners to quit work last Wednesday, despite a court order.

The small courtroom was so crowded that only 12 spectators were able to find seats. Hundreds of disappointed curiosity seekers were left outside in the corridors.

Former Banker Under Bail In Embezzlement

NEW YORK, Nov. 27. (AP) — A former New York City banker was held in \$100,000 bail today as a material witness in the alleged embezzlement of \$780,000 from the Mergenthaler Linotype Company.

The banker is Louis S. Lados of Riverside, Conn., who resigned Monday as vice-president of the Hellenic Bank and Trust Company of New York, a post he held for two and a half years.

He was arrested yesterday after four men and an optical company were indicted by a Kings County grand jury on forgery and larceny charges in the alleged fraud.

Assistant District Attorney Joseph P. Hoey said Julius Lobel, alias Jimmy Collins, one of those under indictment, met Lados socially and that Lobel opened an account in the Hellenic Bank under the name of A. O. Schumacher and Son. Hoey said Lobel represented himself as Alfred Schumacher and that \$178,000 in Mergenthaler checks had been cashed or cleared through the bank.

Hoey said \$6,000 remained in the account.

Lados, under questioning by Judge Louis Goldstein, said he met Collins but denied any knowledge of the account. He said he had been absent from the bank for nine weeks because of family illness.

Others named in the 470-count indictment are:

William A. Nickel, 40, former cashier-bookkeeper for the Mergenthaler Company; Isadore Rappaport, and Irving (Izzy the Eel) Cohen. Nickel's bail was set at \$150,000. Bail was placed at \$250,000 each for Rappaport and Lobel and \$100,000 for Cohen. All defendants pleaded innocent.

The Ultima Optical Company, of which Rappaport is president and owner, was the company indicted.

Joseph Millerstein, a fifth defendant in the case, was not indicted yesterday and McDonald declined comment on him.

At McDonald's request, Judge Goldstein continued the life of the present grand jury to Jan. 2 and told its members to investigate the city's 115 check cashing companies.

Teachers Leave For Convention

Delegates to the Texas State Teachers convention, as well as others, were to leave Wednesday for the annual meeting in Houston.

W. C. Blankenship and Letha Amerson are local delegates. Walker Bailey, other delegate, was unable to make the trip. E. C. Dodd, president of the Howard County Junior College, also made the trip to Houston, where he had called a meeting of the heads of beginning junior colleges to agree on action for legislative appropriation for state aid for the eight new schools. Eloise Haley was due to leave Wednesday evening by plane for the convention.

the permits can be granted by the city building inspector.

Members of the planning commission were present at the meeting, and they advised the city commissioners that Dewey Martin had been selected as chairman of the group, and the commission is ready to begin operations as provided in the planning commission ordinance. Other members of the planning group are Ted O. Groehl, Dr. Lee Rogers, Jess Thornton and W. E. Carnrike.

The four additional members of the zoning commission are to be appointed by the city commission for terms of one, two, three and four years, respectively, with a new member to be named annually henceforth.

Several representatives of women's church organizations appeared before the commission to inquire about the city's plans for a park in the west part of town. Mrs. Bernard Lamun, acting as spokesman for the group, said churches had been contributing to support and expenditures at the park while operations were sponsored by the AB club, and the organizations desired information on future policies.

Mayor G. W. Dabney explained that the AB club has not formally transferred the park to the city, although they have indicated that such a step would be taken. Efforts will be made soon to clarify status of the park, the mayor said.

Scout Council Offices Will Go To Midland

Headquarters for the Buffalo Trail Boy Scout council will be transferred to Midland next year.

Executive board of the council, meeting in an analysis session Tuesday evening at Midland, voted to transfer the offices to a point near the center of the district. C. S. Blomshield moved that they be located here, but the proposal died for want of a second.

Guy Brennehan, Midland, council president, anticipated it would be after the annual meeting in Big Spring on Jan. 16, 1947, before the change would be made. The headquarters have been located in Sweetwater since 1928, when the council was created.

The executive board also authorized that steps be taken toward securing and developing a camping area in the Davis mountains, southwest of Balmorhea. The site is a wooded section in an isolated canyon accessible only through narrow defiles.

Also drafted was a basis upon which various communities in the council area would be called upon to participate financially in the program. Dr. W. B. Hardy, Big Spring district chairman, C. S. Blomshield, council camping chairman, W. C. Blankenship, council advancement chairman, and H. D. Norris, field executive, attended from Big Spring.

IS FINED \$52

Francisco Flores, who entered a plea of guilty to the charge of aggravated assault, was fined \$53, including costs, in justice court proceedings Tuesday afternoon.

Services Held For Lenorah Infant

STANTON, Nov. 27.—Funeral services for the infant daughter of Allen and Bertha Gammel of the Lenorah community were conducted on Sunday afternoon at 2 o'clock by the Rev. T. R. Hawkins, pastor of the First Baptist church of Stanton. The child, Patricia May Gammel, died soon after birth Nov. 23, and is survived by her mother and father and two sisters, Aline and Susie. Burial was in the Stanton City cemetery.

550 Head Move At Tuesday's Stock Sale

Paced by 29 head of registered Hereford from the I. B. Cauble & Son and Pearl Cauble herds, approximately 550 animals were moved in the West Texas Livestock Auction company sale Tuesday.

The Cauble sale, all snapped up for stocker and breeding purposes, grossed \$3,800. With the exception of two herd bulls, the animals were cows bred to top bulls of the two herds.

Volume in the sale was somewhat lighter than in recent weeks and prices were firm, although slightly lower in some categories. Top was 17.00 for fat calves.

Hereford cows and calves ranged from \$90 to \$118; mixed cows and calves from \$75 to \$110; fat cows \$10.50-13.00; canners 8.50-7.50; cutters 7.50-9.00.

Stocker cows ranged from 8.50-10.50; stocker steer yearlings 13.50-15.50; stocker heifer yearlings 13.00-14.00; stocker steer calves 14.50-15.50; stocker heifer calves 13.50-14.50; fat yearlings 14.00-16.00; fat calves 14.00-17.00. Bulls were bid up to 11.50-13.25 in a strong market and about 25 head of hogs moved out quickly at 25.25.

Clear The Way For Hi Playoff This Weekend

By The Associated Press
Eight District championships go on the line Wednesday, Thursday and Friday as the schoolboy football bracket for the state play-off is completed.

Most of the action is on Thanksgiving Day when Graham meets Wichita Falls for the District 2 title, Sherman battles Denison for the District 5 crown, Highland Park (Dallas) clashes with McKinney for the District 6 gonfalon, North Side tangles with Paschal for the Fort Worth district championship, and Marshall engages Tyler to decide the District 12 standard-bearer.

On Wednesday night, Milby jousts with Lamar for the Houston district crown and Edinburg plays McAllen needing a victory to tie Brownsville for first place in District 16 and thus take the championship because of having beaten Brownsville the time they met.

Waco battles Temple on Friday for the District 10 flag.

Eight district champions already have been determined. They are: 1—Amarillo, 3—Odessa 4—Ysleta 8—Adamson (Dallas), 9—Mineral Wells, 12—Conroe, 14—Pasadena, and 15—Jefferson (San Antonio).

New Scout Executive
HOUSTON, Nov. 27. (AP)—Minor Huffman of Cimarron, N. M., has been named Boy Scout executive for the San Houston area council.

Huffman, a North Carolina Boy Scout executive and director of the Philmont Rocky Mountain Scout Camp at Cimarron, succeeds Jack J. Keith who is to become executive of the St. Louis Council next week.

FIRST SHOWING IN BIG SPRING — AND MORE TO COME....

"IT'S AT YOUR NEW
STATE THEATRE"

Motorists have a limited choice between alcohol base anti-freeze preparations and draining the radiator and block, a survey of Big Spring distributors and service stations indicated Tuesday.

Permanent type anti-freezes, such as Prestone Zerex and Shellzone, are practically impossible to get. It takes an act of congress and four left-hind feet of rabbits killed in graveyards at midnight to cabbage onto the premium grades of anti-freeze.

Supplies have been limited all season, and although a few are still expecting shipments, bookings are far and away heavier than any possible supply. One distributor who anticipated limited delivery, figures that it would satisfy only about 25 per cent of the orders on hand.

Most of the permanent types have an ethylene glycol base. Available to motorists, but not in unlimited supplies, are the cheaper methanene base products. These are effective but less durable.

So far, there has been a sufficient supply to meet demands, but as the colder weather season comes on, the pinch may be felt in this field. To those who don't get it, there is always the alternative of wrestling with the cocks on the radiator and block (and don't forget the latter), and rest for the weary old buggy on days when the temperature sags below freezing.

Arizona's Hopi Indians are the only tribe in North America in which weaving is a man's art. Best known of the various cotton garments now made by the Hopi are the white wedding robes woven by every groom for his bride, the women's ceremonial robes and the dancing kilt and sash.

Judy Garland To Be Der Bingle's Guest

July Garland, whose acting, charm, and appealing singing have won her top honors in the movie capital, will be the special guest

of Bing Crosby when Philco Radio Time is heard over KBST tonight at 9 o'clock.

Possibly thinking of her young daughter, Judy has selected "Liza" as her solo. She also will join Bing in a duet of the old favorite, "Walt Till The Sun Shines, Nelly," a song which they have sung to-

gether before and with pleasing results.

Showing off his guest's dramatic ability, "The Groaner" and Judy will tee off on a humorous skit concerning turkey hunting. In this epic, the Charlottees will join in with some of their special effects.

IT TAKES A HEAP OF TELEPHONE WIRE...AND WORK

The other ends of the wires heaped here are attached to telephones all over town. These men are connecting them. Connecting only one telephone is an intricate job that even an expert can't hurry too much. We must connect tens of thousands to serve everyone waiting. We have the men who have the know-how to do that job. And they are doing it, wherever and whenever we can get the scarce equipment they must work with. Southwestern Bell Telephone Co.
