VOLUME LXXXII

SANTA ANNA, COLEMAN COUNTY, TEXAS, JANUARY 25, 1968

NUMBER 4

Column

I

By Johnny Valentine

The man on the street says that the best show on earth is the human race, and the performance is continuous and free.

oOo

The News received a telegram from Congressman Omar Burleson announcing a grant from the Office of Education for \$99,348.79. This money is for 615 Coleman County children in low income families, aged 5 to 17, under elementary-secondary act.

oOo

A young student unhappily complained to his teacher that all his friends had received invitations to visit the school psychologist but he didn't. He asked, "What's the matter with me?"

oOo

Amid all the "weeks" observed during the year in behalf of this, that and other things, there should be room for a "Some Day Week." Scarcely a week passes that one does not say "Some day we'll..." Some day is the day to take the whole family on a picnic or a fishing trip. Some day is the day to pull a reclining chair into the yard and just sit there doing nothing at all. Some day is the day to sit down with books about the stars and really learn something about them—or about insects, or about rocks.

Of course in a "Some Day Week" it will not be possible to do all of the wonderful things set aside to be done "some day." But at least a number of those some-day things promised to the better-half would be done—the extra shelf would be put up, because the better-half would be sure to see that it was. In order to make "Some Day Week" truly effective, however, Congress will have to declare it a national holiday, so that everyone will have time to devote exclusively to some-day projects. This week would not be without its impact upon the economy; what with all the some-day books waiting to be read, the some-day things to be built and the some-day places to be seen, "Some Day Week" would be a real boomer. But it is unlikely that so practical a plan for making some-day dreams come true will be universally adopted. The people who plan special "weeks" will say, no doubt, that they're much too busy to give this plan thought right now. Maybe some day?

oOo

A young man living out in the country without the modern facilities decided that he would push the out-house off the side of the bluff. After a careful look around he did just that. A short while later the father of the boy asked, "Son, did you push the out-house off the side of the bluff?" "Yes I did," replied the youngster. The father then took a belt to the youngster, "But Dad, George Washington told the truth about cutting the cherry tree and his father didn't thrash him," the youngster said. "That's true, but George Washington's father wasn't in the cherry tree," answered the father.

SINGING CONVENTION

Gordon Griffin, Jr. Announces Candidacy for Judge 35th District

Gordon Griffin, Jr., Brownwood lawyer and District Attorney since January, 1959, announced this week as a candidate for the office of Judge of the 35th Judicial District. The district attorney has this to say concerning his candidacy:

"After serving two years as County Attorney for Brown County, being District Attorney, the chief law enforcement officer of our community for ten years and a practicing trial lawyer for sixteen years, and after conferring with many of my friends throughout this district, I am offering myself as a candidate for District Judge. My decision to run for Judge has been prompted in part by an overwhelming response to questions asked of many of my friends in recent letters to them and the conviction that it is in the best interest of all people I serve that I seek promotion to the office of District Judge rather than reelection as District Attorney.

"The citizens of our area have had the opportunity to observe my personal life and my public conduct as a trial lawyer for these past 16 years and I hope will favor me with their continued confidence, their vote and their influence. If I am elected Judge of the 35th District which is made up of Coleman, McCulloch and Brown Counties, I pledge that the office of the District Judge will be maintained in Coleman as it has been for many years and that although Coleman County is served by two district judges, I will personally and promptly be present to handle Coleman County business whenever any need arises. I feel a strong sense of obligation to all the citizens of Coleman County and believe all of the time and energies of the Judge of the 35th District are owed to the people of our district. As a partially disabled World War II combat veteran, it is difficult, if not impossible for me to come to each of you personally to seek your vote, yet I do indeed personally solicit your support. I served in the Navy from 1941 through 1946. A graduate of the United States Naval Academy, I received my law degree from the University of Texas, where I graduated with honors in 1952. If promoted to this office of responsibility, I will, at the age 45 years, take to it the mature judgment of a lawyer frequently tested under fire

Carolyn Rowe

Carolyn Rowe Named Betty Crocker Homemaker

Because she finished first in a written knowledge and attitude examination for senior girls December 5, Carolyn Rowe, daughter of Mr. and Mrs. Vernon Rowe, has been named 1968 Betty Crocker Homemaker of Tomorrow for Santa Anna High School.

Carolyn's achievement has made her eligible for state and national scholarship awards and also has earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow program.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

The Betty Crocker Homemaker of Tomorrow from this state, together with those from all other states and the District of Columbia, each accompanied by a school advisor, will join in an expense paid educational tour of Williamsburg, Va., and Washington, D. C., next spring.

The national winner—the 1968 All-American Homemaker of Tomorrow—will be announced at a dinner in Minneapolis, Minn., home of General Mills, Inc. She will be chosen from state Homemakers of Tomorrow on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third, and fourth ranking national winners will have their original scholarship grants increase to \$4,000, \$3,000, and \$2,000.

This is the 14th year of the Betty Crocker Search, initiated in 1954-55 by General Mills to emphasize the importance of homemaking as a career. Approximately six million senior girls have participated in the Search program since its inception, and 1,358 winners will have earned scholarships totaling \$1,481,500 at the conclusion of the current program. The 603,798 girls from 15,579 schools registering for the 1968 Search established a new record for the program.

Mrs. Mildred Strother, Mrs. Erin Day and Miss Gaye Turner are visiting in Odessa this week. Mrs. Strother and Mrs. Day are visiting Mr. and Mrs. Bob Slusher and family and Miss Turner is visiting her sister, Mrs. James Lamb, and family.

Austin — Texas Democrats will have at least a five-ring circus in the upcoming primary race for governor. In fact, there's a good chance that as many as eight candidates will toss their hats in the ring by the February 5 filing deadline.

It will be a free-for-all, with the two best-known Democratic leaders, Gov. John Connally and Sen. Ralph Yarborough, standing on the sidelines. For the first time since 1956 the incumbent governor will not be running for re-election.

Lt. Gov. Preston Smith, happy that his prediction that Connally and Yarbor-

ough would stand aside, continued his steady campaigning for governor as, one by one, other candidates got in to the race.

Gordon B. McLendon, Dallas radioman, and Pat O'Daniel of Dallas, son of former Gov. W. Lee O'Daniel, were the first to follow Smith in the filing.

Then came former Attorney General Waggoner Carr. Secretary of State John L. Hill of Houston lined up at the post Monday for a running start to become No. 5.

Don Yarborough of Houston, who ran against Connally in 1962 and 1964, was in chute No. 6.

In chutes Nos. 7 and 8 were two Texans who have been serving as ambassadors. These are Eugene Locke of Dallas, who has been in South Vietnam, and Ed Clark of Austin and San Augustine, who has been in Australia.

Decisions by Sen. John Tower and U. S. Rep. George Bush of Houston to stay out of the Republican primary for governor leaves that race open for the moment. Albert Fay of Houston is mentioned most among the GOP as their standard bearer against the winner of the Democratic donny-brook.

JUNIOR COLLEGES

TO "OPEN DOORS"

Junior college admission for anybody who wants to "succeed or fail on his own effort" is part of the policy of the public junior college master plan adopted by the Coordinating Board, Texas College and University System.

Senior colleges and universities are getting more and more selective, and the Board felt there must be a place for the "late bloomer"—the student who demonstrates academic ability later than most, as well as the person whose employment ambitions require only two years of college, and the post-college age people who need continuing education.

There are 39 public junior college campuses in the state now, and the Board's plan envisions 73 within 20 years, with total enrollment of 305,000. Junior college enrollment is increasing at the average rate of 20 per cent year, compared to a 10 per cent average increase for 4-year schools.

Ironically enough, the plan adopted and labeled "emergency" was similar to one proposed by Rep. Jerry Sadtler in 1955, but rejected as "too advanced."

ATTORNEY GENERAL RULES

A member of the Texas Teacher Retirement System can "buy" out-of-state experience credit less than three years before he retires and draw corresponding additional benefits three years after payment, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin has concluded that:

* Texas Air Control Board must determine which plants processing agricultural products in their natural state (those which come to plants in substantially the same condition as they existed in nature) are under its jurisdiction.

* Members of Air Control Board also can serve on the advisory National Center for Air Pollution Control or as faculty members at state-supported universities.

* Junior colleges are exempt from standard floor space, type building, bond and number of instructors requirements for cosmetology training courses.

* Utility companies are responsible for costs of relocating poles and other facilities incident to widening of county roads where facilities are located on a prescriptive road right of way. Companies have no right to any portion of the right of way due to long use.

PARK FUNDS GRANTED

A \$219,500 federal grant has been approved for acquisition of 1,259-acres of land on Lake Livingston in

Polk Trinity, San Jacinto

and Walker counties to develop six different park sites. Trinity River Authority will put up an equal amount for the project.

TRAVEL TRAILS

Governor John Connally has designated 10 Travel Areas in Texas. Each route is designed to help Texans and Texas visitors find some of the most interesting parts of the Lone Star State.

These include the Plains Trail in the region below San Angelo; the Forts Trail in the old Indian country from Menard to Jacksboro; the Hill Country Trail in LBJ country; the Lakes Trail in the region o flakes above and below Dallas-Ft. Worth; the Brazos Trail through Central Texas and the Brazos Valley; the Forest Trail in the Piney Woods and other parts of East and Northeast Texas; the Independence Trail through the Galveston, Victoria and San Antonio region; and the Tropical Trail from Corpus Christi down through the Lower Rio Grande Valley.

APPOINTMENTS ANNOUNCED

Governor Connally named first assistant Atty. Gen. Geo. Cowden, 37, chairman of the State Board of Insurance. Cowden, of Waco, succeeds William Hunter McLean of Fort Worth, who is retiring February 1 after five years' service on the major state board.

Atty. Gen. Crawford C. Martin then elevated Nola White to Cowden's post as Martin's top assistant. White 62, of Beaumont has been heading the crime prevention division on the attorney general's staff.

Connally appointed to the Committee on State and Local Tax Policy John McKee of Dallas, Hugo Loewenstern of Amarillo and Dr. John Stockton of the University of Texas in Austin.

Other members will include Reps. Ben Atwell of Dallas, W. C. Sherman of Ft. Worth and Hudson Moyer of Amarillo, selected by the speaker; and Sens. Henry Grover of Houston, Bruce Reagan of Corpus Christi, and David Ratliff of Stamford designated by the lieutenant governor.

Mrs. Tobin Armstrong of Armstrong in Kenedy County was selected Republican national Committeewoman from Texas at a recent GOP state executive committee meeting here. She succeeds Mrs. J. C. Man of Dallas who resigned.

STATE WINS FIRST AIR CONTROL CASE

The first case filed under the 1967 Clean Air Act was won by the state. So ruled the 151st District Court, for the Texas Air Control Board, in a suit against Harris County garbage dump operators.

With a finding of air pollution, the trial court ordered seven dump operators to convert to landfill operations, and told two to cease opera-

tions, put out all fires, and cover all wastes with dirt.

SMITH NAMES COMMITTEES

Lt. Gov. Preston Smith named four Legislative Council committees to undertake studies ordered by the 1967 Legislature. Committees also will make recommendations to the Council, and the 1969 Legislature.

To the Committee on Feasibility of Establishing and Operating an Academy of Science in Crime Prevention and Detection, Smith named Rep. Gene Hendryx of Alpine as chairman; Sen. Jack Hightower of Vernon; Sen. David Ratliff, Stamford; and Rep. Paul Floyd of Houston and James Silder of Naples.

To the committee to study Rules and Procedures of the State Administrative Agencies, he appointed Rep. R. H. Cory of Victoria, chairman; Sen. Barbara Jordan of Houston; Sen. J. P. Word of Meridian; Rep. Grant Jones of Abilene, Rep. Ralph Wayne of Plainview.

Smith picked Sen. Murry Watson of Waco to chair the committee to study the Fire Record Credit and Debit System. Others on this committee are Rep. Tommy Shannon of Fort Worth, Rep. Don Cavaness of Austin, Rep. George Hinson of Mineola and Sen. Hightower.

Rep. Menton Murray of Harlingen, Rep. Cory and Rep. Jones will serve with Sen. Jordan on the committee on Statutory Revision. Sen. Word will chair that committee.

TREASURE HUNT STOPPED

Temporary restraining order halting South Padre Island treasure hunting will be continued pending trial of dispute between state and exploration firms on merits.

The state has inventory of articles that two out-of-state firms admit taking from the wreckage of old Spanish galleon 2.8 miles north of Port Mansfield channel. Material includes cannon balls, old Spanish coins, a sextant, bronze wheels, and metal bars.

Texas complains no state permit was issued for exploration of wreckage and

that such property when found on state land belongs to the state.

SHORT SNORTS

Rep. Don Hand of San Antonio asked the Texas Department of Mental Health and Mental Retardation for an opinion on whether 150 acres of San Antonio State Hospital's land could be used for a proposed state senior college in San Antonio.

The Texas Aeronautics Commission has been hearing request of Air Southwest Company to operate a new

commuter airline linking San Antonio, Fort Worth-Dallas and Houston and a 47-county surrounding area.

The Texas Highway Commission heard a request for a \$52,640,000 program of 10 feeder roads for the proposed Dallas-Ft. Worth regional airport.

Federal Tax Questions And Answers

This column of questions and answers on Federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—When will the 1967 tax forms be ready?

A—The tax forms will be available at local IRS offices as well as many post offices and banks soon after the first of the year. Most taxpayers will receive copies of the forms and instructions in the mail.

Q—My company is planning to give me cash bonus this Christmas. Will I have to report what I get for tax purposes?

A—Yes, this will be taxable income for you and your employer will withhold taxes on it.

Q—I've just turned 65. Will this make any difference as far as taxes go?

A—Yes, there are various benefits the law provides for taxpayers 65 years of age and over. These are explained in our publication.

"Tax Benefits For Older Americans," Document No. 5569.

For one thing, taxpayers 65 and over are allowed an extra exemption because of age. If you are presently employed and have taxes withheld from your wages, you may want to file a new withholding statement, form W-2, with your employer to claim the extra exemption for age. Doing so will reduce the amount your employer withholds.

Your employer should be able to provide you with a copy of the Form W-4.

I have been spending some time working on a fund drive for charity. Can I take any deduction for the time I spend on this?

A—No. The value of your time or services is not deductible. However, you may deduct your expenses as a result of the charitable work.

Q—Business has been good the past few months and my income should be considerably above what I declared on my estimate. Should I make a change on my next quarterly payment?

A—Yes, you can file an amended estimated tax return when the next quarterly payment is due. Make the change right on the notice you receive.

As an alternative, you do not have to pay the fourth installment if you file your 1967 tax return by January 31, 1968, and pay the balance due at the same time.

Q—Our boy worked during his summer vacation from college and has just taken a part-time job for the holidays. Is there any chance that the money he earns will cost us our deduction for him?

A—As long as your child is under 19 or a full-time student and you provide more than half his support,

his earnings will not cause you to lose the exemption you claim for him.

Your son must file a return if he has gross income of \$600 or more. He should also file a return if his income was less than that but taxes were withheld from his wages. He cannot obtain a refund of these taxes unless he files a return.

Q—I'm leaving the country in January. What should I do about my 1967 tax return?

A—For taxpayers who are traveling or living abroad on April 15 there is an automatic filing extension until the 15 of June. Interest at the rate of 6 per cent a year is charged, however, on taxes unpaid after April 15.

Before going overseas, be sure to get a copy of IRS publication No. 54, "Tax Guide for U. S. Citizens Abroad." Send a post card to your district director asking for this free booklet.

Whon News

By Mrs. Tom Rutherford

We feel sure there are times in each of our lives when we think of friends of years passed and of acquaintances of yesteryears. Today Miss Linnie Box of Rockwood, handed us a letter she had received from a former citizen of the Whon Community, Mrs. Ann Bryan, who is now making her home in Fairbanks, Alaska.

The occasion we are thinking of at this time is the birthdays of two little girls who at one time made their home in our community, and were the daughters of home town families. Frances Ann Bryan, daughter of Mr. and Mrs. Bill Bryan and Bobbie Barnes, daughter of Mr. and Mrs. Joe Christi Barnes. The little girls are now grown ladies and mothers, Frances has two children and Bobbie has one. Frances' birthday is January 20 and Bobbie's is January 19. The mothers entertained the little girls

with birthday parties on Frances's 9-10-11-12th birthdays and on Bobbie's 7-8-9- and 10th birthdays, here in the Whon community.

On January 16th Mrs. Ann Bryan took the young ladies out for a birthday celebration and dinner, at the Tiki Cave, where they enjoyed Chinese food served by the Chinese waitresses in native dress. Mrs. Bryan states they really had a wonderful time. Frances is now Mrs. Thompson and Bobbie is Mrs. Perkins. Bobbie is making her home in Fairbanks and Frances is some 80 miles from Fairbanks. The young ladies are now 24 and 26 years of age.

Mrs. Bryan states that until recently the weather has been pleasant. But on January 17, it was 50 below zero. The Bill Bryans now live in Fairbanks where they are employed.

We appreciate the fact that we have the opportunity to write this article.

Sammie Shields of Santa Anna accompanied Mr. and Mrs. Raymond Holland of Brownwood to Ballinger last Thursday when they visited Mr. Holland's brother and sister for the day.

Mr. and Mrs. Cleburn Stanley visited on Sunday afternoon with Mr. and Mrs. Ernest Stanley at Sidney. Enroute home they visited their daughter, Mr. and Mrs. Randy Brown and children, in Brownwood.

We received between 6 and 8 inches of rain from Wednesday night to Sunday noon. Raining almost constantly during this period.

Mrs. Thomas Switzer and son, Gerald, accompanied Mrs. Walter Yancy and her daughter, Mrs. Larry Sams and baby to Brownwood on Monday.

Kathy Waydell spent the weekend with friends in and near Santa Anna.

Don Fitzpatrick was in Abilene Monday, showing his lambs at the show. Mr. Fitzpatrick accompanied Don to Abilene.

Your New Social Security

(By R. E. Tuley, Jr., Dist. Mgr.)

(Editor's Note: This is the second of 11 articles giving the pertinent details of the new provisions in Social Security.)

In my previous article I discussed the increased social security payments that would be coming to persons now on the social security benefit rolls in early March.

The new legislation also increases the benefits of all future beneficiaries at least 13 per cent.

Thus for these workers who have been earning and who

continue to earn wages of \$6,600 a year or less, the new amendments will mean sizeable increases in their future benefit payments—and without comparable increases in the social security tax contributions they were scheduled to pay under the old law.

A worker earning \$6,600 a year will pay exactly the same amount of social security taxes, including Medicare costs, in 1968 as he paid in 1967. In 1969 and 1970, he will actually pay \$6.60 less for the year than he would have paid under the old law. In years after that he will pay slightly more, with his maximum contribution no more than \$1.38 more a month than he would have paid under the law as it stood before the enactment of the benefit increases.

Beginning with 1968, earnings up to \$7,800 a year will be subject to social security contributions and will also count toward social security benefits.

For a worker earning the maximum of \$7,800 or more a year, this will mean additional social security contributions of \$4.40 more per month in 1968, rising to a

maximum additional contribution of \$7.28 per month in 1967 and later, including the amount he pays for his and his wife's hospital insurance under Medicare.

These higher paid workers who will be paying substantially more in social security contributions are, however, substantially higher benefits, the ones who will also get ranging up to 30 per cent higher than under the present law.

For example, a young man now 27 or younger who pays social security contributions on \$7,800 a year until his retirement at age 65, will collect 30 per cent more in monthly benefits than he would under present law—\$210 a month for himself—\$323 a month for himself and his wife. His family's benefit protection in case of his disability or death is also substantially improved.

Even the higher paid middle-aged worker who is much closer to retirement age will find his benefit prospects greatly improved. For example, a worker who is 50 in 1968 and will pay social security contributions on earnings of \$7,800 a year for only 15 years will collect a retirement benefit of \$188.80. This compares with the \$155 per month he would have collected under the old law, an increase of 21.8 per cent. He and his wife together will be eligible for \$283.20 a month instead of \$232.50.

Allene Henner Attends Seminar

Mrs. Allene Henner, of the Ranger Park Inn attended a seminar for administrators of facilities for the aged, on January 11, in Denton. There were 43 attending the seminar. Present at the meeting were 11 speakers and directors, including, John A. Murdock of Galveston, Elmo L. Fisher, Eden Home for the Aged, James Luker, Methodist Towers, James C. Wilson, Presbyterian Village, Ross A. Peterson, Herbert Shore, Dr. Floyd Jenkins, Dr. and John T. Thompson.

Mr. and Mrs. Ben Yarborough report about 9 inches of rain on their ranch on Home Creek. The creek rose almost to the new bridge.

Mrs. Opal Little went to Granbury Sunday to visit a sister, before going to Ohio to visit her daughter and family, Mr. and Mrs. Darrell Warnock.

ABC's of Child's Vision

College Station—A child doesn't know how well he should see. If things appear blurred or "double," he may be the yare supposed to look that way.

This makes it difficult for parents to detect eye problems in children at a time when it is most important to catch and correct them, says Jennie Kitching, family life specialist with Texas A & M University.

For clues, Miss Kitching suggests the ABC's for children's vision: A—appearance, B—behavior, and C—complaints.

Appearance: watch for the drooping of eyelids, crossed eyes, inflamed or watery eyes; recurring styes and red-rimmed, encrusted or swollen eyelids.

Behavior: Note if the child rubs his eyes excessively, tilts his head, develops poor eye-hand coordination, blinks more than usual, loses interest in a favorite pastime requiring close vision, holds books close to his eyes, stumbles over objects, doesn't do as well as usual in school, or seeks the chair closest to the TV.

Complaints: Listen for a comment about eyes itching, burning or feeling scratchy; inability to see well; dizziness; headaches and nausea following close eye work; blurred or double vision.

Unfortunately, in some of these cases none of these is obvious, making eye defects harder to detect. What can be done about it? Eye tests in school catch many eye problems. But Miss Kitching recommends that every child should have an eye examination for visual acuity before his fifth birthday. If the doctor does not perform the test as part of the routine checkup, parents should request it.

Finding eye problems in children will help their work as well as preventing more serious defects. Half of all blindness is preventable.

Taxpayers who are retired have been given a number of extra benefits by Congress. The good tax folks tell us that many retired taxpayers fail to claim their retirement income credit on their tax return. Others fail to claim the additional exemption for being over 65, and finally, many taxpayers don't know that you may qualify for an additional retirement income credit in Texas due to the community property law. Be sure to read your instruction carefully so you will get all of the benefits Congress provided for you.
