

T. P. Wingo, Assistant Coach, Completes, 68-69 School Faculty

The faculty of Santa Anna Independent School District is now complete and plans can now go forward for the 1968-1969 school term which begins on August 26.

T. P. Wingo, Jr., of Sudan has been named to teach mathematics and be assistant coach in high school. He will be head track coach. The new assistant coach is a graduate of Texas Tech, a native of Sudan and has been a junior high coach in his home town for two years. Mr. Wingo has earned a major in geology and mathematics and a minor in physical education. He was recently married and Mrs. Wingo is also a college graduate with a major in mathematics. She has been working in this field.

Other members of the now completed faculty are as follows: Margaret Crews, Mattie Beth Davenport, Lucille Dean, Ruth Dodson, Nadean Harris, Dwight Hudson Kathleen Lucy, Dorothy Harris, Winnie McQueen, Sue Newman, Martha Perry, A. D. Pettit, Tommie Tate, J. D. Stocks, Harold Deen Gouge, Roy Mathews and J. A. Harris are principals of secondary and elementary schools respectively. Cullen N. Perry is superintendent of the schools.

All of the faculty are college graduates since J. D. Stocks is completing his degree during the current summer term, and nine faculty members hold Masters Degrees. In the experience field one faculty member has 40 years experience, and two of the members have two years experience. The faculty averages 16.2 years in experience with 10.5 years average in the Santa Anna Independent School District.

The school district had an assessed valuation of \$3,432,860.00 during the 1967-1968 school year, operating on a tax rate of \$1.70 per \$100.00 assessed valuation, divided \$1.50 to Local Maintenance and 20c to Interest

Special Programs For Schools Approved

The special programs under Title I and II, ESEA, Vocational travel, NDEA, Title III and NDEA, Title V have been combined for 1968-1969 into one major application to the Texas Education Agency. The application for the Santa Anna Independent School District was submitted on July 3 and on July 29 the school district was notified that all phases of its application had been approved. Major funds approved were \$15,788.00 for the Title I portion of the grant, and \$421.00 for the Title II grant which is to be used for the improvement of the library resources. Smaller amounts were approved for other Federal programs which include NDEA, Title III (National Defense Education Act for science, math and other critical studies), NDEA Title V, (Guidance and Counseling) and Vocational Education travel expense.

The local school officials are appreciative of this early approval. Planning can be done for the school year without the hurried preparations sometimes made in the past because of late approval.

and Sinking Funds. The tax rate for 1968-1969 will be \$1.75 per \$100.00 assessed valuation with the additional 5c going to debt service. The Local Fund Assignment levied against the district by the state is \$38,500.00, and the bond and interest commitments are almost \$14,000.00 annually. The balance of the revenue can be used for the school district operation. The school district contains 308 square miles.

Custodians for 1968-69 will be E. E. McClintock, and G. R. Anderson. Bus drivers will be Mrs. Tom Rutherford, Eugene James, Delma Blair, Sybil Dean, Darrell Ashley and Claude Langford. Lunchroom personnel will be Mrs. Udell Copeland, Food Service Director, who will be in charge of the lunchroom operation, Mrs. Theima Uptie church, and Mrs. Claude Langford. An effort will be made to operate with less labor during 1968-69 because of increased costs. Increased participation in the use of the lunchroom by students can help hold down lunch costs and keep the operation financially solvent.

H. H. Lockridge, who has been working with the Special Programs in the Santa Anna Schools for a number of years, has been in school this summer in order to qualify for his Certificate of Vocational Guidance and Counseling. Mr. Lockridge will be the cooperative counselor for four schools in this area. The schools cooperating in this effort will be Santa Anna, Novice, Mozelle and Talpa. Mr. Lockridge will work with students in testing and in helping with their Vocational and profession talents.

Mrs. Sandra J. Cammack will again serve as Business Manager for the school. The continued interest in the local school by its patrons is invited and visits to the school and the business office are appreciated.

Eight Students Complete In-School Youth Program

Eight Neighborhood Youth Corp students of Santa Anna High School will complete 12 weeks assignment under this program for In-School youth this week.

The students have been engaged in general maintenance and repair work at the schools working under the supervision of E. E. McClintock and G. R. Anderson. Part time assignments for two students in the Head Start lunchroom have been made and one student was assigned to operate and care for the City Library, keeping it open five days a week during the summer.

Students working in the program have been Wanda Phillips, Jesse Upchurch, Roberta Barton, Kenneth Makiuta, Joyce Young, Willie Lee Terrell, Jim Edwards and Bobby Allcorn.

The schools have been allotted three N. Y. C. students to be employed during the school term. Applications must be in the central office by August 15.

Mr. and Mrs. Dee Smith of Bangs visited Sunday with Mr. and Mrs. M. D. Bryan.

News Urges Readers To Support Merchants

The Santa Anna News is having their first annual back to school edition this week.

The News would like to urge its readers to support the participating merchants in this endeavor.

We are also printing extra copies of the paper and sending them to most non-subscribers in this area. A special subscription price is good to non-subscribers only, for \$2.50 per year in Coleman County. The special price is good through September 1.

Earl Ray Heads Lab At Eden

The Texas Conference of Seventh-Day Adventist Church signed a lease agreement Tuesday to operate the Concho County Nursing Home and Hospital.

Earl Ray has been there since July 4. He will be assistant administrator and head of the Lab and X-Ray department. Mr. Ray, from Keene has been with the Santa Anna Hospital and Clinic for some 9 years, as head of the lab and x-ray department and administrative assistant of Ranger Park Inn.

The Concho County Nursing Home and Hospital is a Nursing Home of 42 beds, with one doctor, Filemon Cambansag, with plans to enlarge to include a 6 or 8 bed emergency hospital and add another doctor to the staff.

Fred Murray, a former Santa Anna resident, is administrator of the Concho County Nursing Home and Hospital.

More Contributions Made To Cemetery Fence Fund

The following is a list of persons making contributions and memorials to the Santa Anna Cemetery Fence Fund since our last report: Mrs. John Guthrie, Mrs. Willie Blevins, Mrs. Fern Hoke, Mrs. Madie James, Mrs. Cliff Herndon, Mrs. Blanche Grantham, Mrs. Jasper McClellan, Mrs. Doug Moore, Mrs. Dorothy Dillingham, Glen Copeland, Ione Caton, Mrs. Bill Griffin, Mrs. Dorothy Watson, Mrs. Arch Hull, Mrs. Joe Baker, Mrs. Jack Allen, Mr. and Mrs. L. A. Welch all of Santa Anna; Mrs. L. H. Ragsdale, Fort Worth, Mr. and Mrs. S. P. Jones, Dallas, Mrs. John A. Davis, Mt. Vernon, Ill., Mr. and Mrs. J. T. McCaughn, Ft. Worth, Jack D. Watkins of Almita, Texas, Mrs. Ed Jones and Mrs. Kenneth Bowker of Santa Anna.

Precinct Employees Camp Out On Colorado River

County Precinct 2, employees and their families who spent Saturday night on the Colorado River at the Jack Cooper place, enjoyed camping out and swimming.

Present were Mr. and Mrs. Darwin Lovelady and Randall, Mr. and Mrs. Jake McCreary, Mr. and Mrs. C. R. Owen and Tony, Mr. and Mrs. Cecil Richardson and boys and Lonnie Lowry.

Library Officers Re-Elected

The Santa Anna City Library Board met Tuesday, July 30, at the Library building for the annual meeting. Officers re-elected were Mrs. Elgean Harris, president; Charlotte Moseley, vice-president, and Mrs. Tom Kingsbery, secretary-treasurer.

A financial report was given on recent improvements to the library, which include new books and interior painting and cleaning.

Although the City provides utilities for the Library building, the other maintenance, books, and librarian are supported by donations, library memberships, and other fund raising efforts. The attractive club room is available to the public for parties, club meetings and other gatherings, and a small charge is made for its use.

Future plans of the Library Board include sponsoring an open house at the pioneer rock cabin just west of Santa Anna, on Sunday afternoon, Sept. 15 and 29. Another opportunity for local help with the public library will be the donation of trading stamps to be used for stainless steel tableware for the kitchen.

Wanda Phillips has served as summer librarian, furnished by Neighborhood Youth Corps program, and the library has been open each week day through the summer. After Sept. 1 the library will be back on the Wednesday afternoon schedule. Mrs. Doyle Chapman has retired as librarian after many years, and a new librarian will be chosen soon.

Local people are urged to support the City Library and purchase memberships for reading privileges. The one-year membership is \$1.00.

Improvement Club To Make Plans For Luncheon

At the Improvement Club meeting to be held Thursday evening, Aug. 8th at the telephone offices at 7:30, final plans will be made for the barbecue luncheon to be held at the Lion's Club building on Thursday, August 15th, from 11 a. m. until "no customers or no food. Tickets are available from a number of club members, including the postmaster, and Mrs. Herndon at Western Auto, but you do not have to have your ticket in advance for they will be available at the door.

We are planning a good meal for your \$1.25. Children under 12 at 75c, so come and eat with us. Remember on the 15th.

Proceeds from the luncheon will be put into use for some worthwhile project in our city. We have already made donations to the Cemetery fence, West Texas Rehabilitation Center and others. We need to help more with the above projects as well as to develop others.

Ale Clayton R. Jackson, a former Santa Anna resident, son of Mr. and Mrs. O. D. Jackson of Coleman is now stationed in Hawaii, for a three year tour of duty, after spending a 30-day leave with homefolks.

Miss Reta Ing Speaks To Church Women

Federal Tax Questions And Answers

This column of questions and answers on Federal tax matters is provided by the

local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I was just divorced from my husband and am going back to work under my maiden name. Will I have to get a new social security num-

ber for tax purposes?
A—No, continue to use your present number and notify the Social Security Administration of the change in your name. This will facilitate crediting payments to account.

A number of refunds were delayed in processing this year because taxpayers did not let Social Security know

their name changed. Whether the change stems from a marriage, divorce, adoption or other reason, taxpayers should make sure the change is noted in their social security account.

Q—The exemption I claimed for my uncle is being disallowed. Can I talk to anyone else about this beside the agent who examined my return?

A—Notify the examining agent that you do not agree with his disallowance of the exemption you claimed and request that a district conference be arranged. At this conference, your side of the story as well as the agent's will be reviewed on the basis of the facts and law involved.

If the tax in question in any one year is \$2,500 or less, no formal or written protest is needed to obtain such a conference. The people who handle these conferences are specifically trained and are not attached to the units responsible for examining returns. This helps assure an impartial review.

Q—I took some swimming lessons so that I could pass the Red Cross lifesaving test. Can I deduct this cost from the money I make as a lifeguard?

A—If you had to pass the lifesaving test to qualify you for your job as a lifeguard, then the cost of the swimming lessons will not be deductible. Any educational expense, whether it be swimming lessons or college tuition, that helps you qualify for a new job is not deductible.

Q—I inherited some property last year which I now plan to sell. How can I tell whether I'll have any profit to report?

A—If you sell the property for more than its fair market value at the time the decedent died, then you may have a profit to report. Don't forget, however, that you may deduct expenses you have in connection with the sale to determine whether you have a gain or loss.

The treatment of gains and losses from the sale or ex-

change of both business and nonbusiness property is covered in IRS Document No. 5042, Sales and Exchanges of Assets. For a free copy send a post card to your district director.

Q—My daughter is going to help out in my store this summer. Do I treat her as any other employee for tax

purposes?
A—Yes, her salary is subject to the same withholding requirements as your other employees if she is 21 or over. If she is under 21, then you withhold just income tax and not social security.

The salary you pay your daughter can be treated as a

business expense to the extent it is what you would pay a person not related to you for performing the same services.

TAX MAN SAM SEZ:

Every year there are number of Texas couples who decide to "slip the blanket." Divorce is enough misfortune, without getting into tax problems in the process. Under Texas community laws, the earnings of both spouses up to the date of divorce is community income. When the couple files their income tax return for the year, each spouse has to have the total earnings up to the date of divorce, the total withholding tax and the total itemized deductions or tax credits, since by law each is required to file an income tax return on their one-half share. They must also declare their separate income, credits and deductions for the rest of the year after the date of divorce. It works out much better to settle the entire matter at the time of the divorce. In any case, don't be one of the several thousand Texans that will get involved in an income tax audit of your income tax return for the year of your divorce.

Omar Burleson, M. C.

Washington, D. C. — It is an axiom that behind most every great man there has been a great woman. Behind some men there have been many. It does not matter. What does matter is that man has aspired to his highest potential because of a desire to please and to earn the affection and respect of women.

The rewards of these efforts have usually resulted in material possessions — or in power through military might which led to material possessions.

After a long, long period, these possessions came to be measured by a substance known as gold. This mineral had absolutely no utilitarian value, it was extremely scarce and extremely beautiful. To acquire any quantity of it demanded high spirits, great energy, imagination, determination, courage and all the attributes that we assign to greatness in man.

Throughout time and in all societies, certain types of women were prized above all others. To get the most highly prized woman one had to compete with most determined and courageous men. At first it was physical force, later brain power entered into the picture so that a combination of brain power and physical force was able to triumph over force alone.

Early man whether he acquired more caves, more hides or killed more enemies, was above his fellow in the eyes of most desirable women. Eventually, these successes came to be measured quite incidentally in terms of gold.

Where lay the power of this gold? Of what use was it? It was adored by women. Man has lost his life for gold. He has expired in the desert and in the high mountains looking for it. To those who succeeded, gold became the symbol of existence. So gold was homage of love. As such nothing in the world had higher value—though from a practical point of view it had none. It finally came about to be universally recognized that nothing was more valuable than gold. Gold would buy what the owner wanted, it was the magic medium. Unit values developed and it became the ultimate money. Until this time no government had monetized it. Once it became the ultimate money, its desirability increased even more. It then came to represent the objectives of the greedy, the power hungry, the vengeful, the philanthropic. Even churches wanted gold. It continues to represent a meaning peculiar to itself. The gold wedding ring has been the universal symbol of love for thousands of years graciously accepted by all young women from maids to queens and eagerly offered by all men from peons to kings.

Today gold has lost none of its romantic luster. To obtain it men continue to perpetrate dastardly crimes, rise to the most heroic heights and are led to the extreme of all emotions—hate, love, fear, glee.

But men will accept token money as long as they know it is as good as gold. Once they doubt that, they will not accept any more. When

BOSS SEZ IF A PAT ON THE BACK DON'T WORK-TRY A KICK A MITE LOWER!

a government's paper money is not backed by gold, it is not backed by anything.

Trust is the foundation of all money. It is the belief that it will buy goods which are equal in value of goods which were exchanged for the money in the first place. In earlier times a shoemaker might have traded a pair of shoes for a bushel of wheat. A farmer might have given 10 bushels of wheat for a mule or 10 mules for a house.

Clumsy it was. So a medium of exchange developed—gold and silver. Thus gold and silver were not a symbol

Weekend visitors with Mr. and Mrs. Lee Hunter were Mr. and Mrs. Brownlee Hunter, Ann and Mary Helen of Austin, Mr. and Mrs. Edwin Hunter of Plains and Ed Lee Hunter, a student in Hardin-Simmons University, in Abilene.

Do not allow foods to dry on the broiler pan. Cool slightly and wipe grease from the broiler rack and the pan. Sprinkle with detergent, pour boiling water in the tray, and lay wet paper towels over the rack. Allow to "soften" while eating meal.

of the wealth contained in a mule or a pair of shoes. It was the same as wealth. It was wealth.

Then came currency to eliminate the cumbersomeness of this solid money as exchange. Paper money is not wealth. It is a symbol of gold and silver which is wealth, which was exchanged for a mule, wheat or a pair

of shoes. Those who took gold or silver did not need to trust any man. Those who take notes or symbols have to have trust in those who manage our fiscal affairs.

There is no law against any American citizen owning iron but it is unlawful for him to own gold. Removal of

our gold cover on Federal Reserve notes supposedly was to demonetize gold but it will never be effectively demonetized by edicts or legislation. It is a measure of trust and confidence, whether it be psychological or real and some time soon we may realize it is both.

The Man's Shop

Coleman, Texas

Austin, Texas — Like the general cost of living, the price of outdoor recreation is going up for Texans. But the outdoorsmen will be getting more for their money.

However, the decisions by the Texas Parks & Wildlife Commission to set entrance fees on 42 state parks did not mean an end to use fees.

In addition to a \$1-per-car daily charge for entrance to 30 of the most-developed parks in the state system and 50-cents-per-car for some others, Texans and out-of-state visitors still will pay use fees for campsites, shelter, recreation halls, cabins, lodges, swimming pools and for fishing piers at Copano Bay and Port Lavaca.

But the dual fee system was designed to serve a dual purpose. The entrance fees, which are expected to draw \$9 million over the 10 years beginning September 1, will

be used to pay off principal and interest on the first parks improvement and acquisition bond issue by the Parks & Wildlife Commission.

Gov. John Connally, who urged the bond financing program, hailed the commission's action as the "opening step to bring a first class parks system within easy reach of every citizen of Texas." He said the 10-year land acquisition program that is contemplated will more than double the 60,000 acres of park land and bring recreation facilities within easy reach of every major metropolitan area.

Last November, voters approved an amendment to the state constitution which authorizes the Commission to issue up to \$75 million in parks revenue bonds so that parks expansion can catch up with the state's popula-

tion growth. Sometime after September 1 the Commission will issue \$5.75 million worth of bonds, and it will take about \$7.5 million to pay them off.

But the bond program can only apply to new parks lands. Initial developments with bonds funds will be in a 120-mile radius of most of the state's 10 largest metropolitan centers.

Although PWC declined to state where the first funds will be spent, sources speculated that the initial developments may be at Velasco, Matagorda Island, Grapevine Reservoir and in Jefferson County.

Under the entrance-fee plan, a family paying a \$1-per car entrance fee can go to as many \$1 and 50-cent parks in that day as they can and care to attend. But they could buy what Parks & Wildlife Executive Director Robert Singleton considers a big bargain—a \$12-a-year pass to all parks. Annual permits will be acceptable in all facilities charging fees except San Jose Mission in San Antonio, Varner-Hogg Plantation and Eisenhower State Park where present fee schedules will continue. Swimming pool fees also will remain unchanged.

State Highway Commission looked to better recreational facilities, too, and approved new parks roads for Atlanta State Park and Caddo Lake State Park, as well as \$100,000 worth of "arbor projects" in 12 roadside parks along Texas highways.

APPOINTMENTS

Governor Connally appointed Memphis attorney Jack B. Boone district attorney of the 100th judicial district which includes Carson, Collingsworth, Childress, Donley and Hall Counties.

Connally also named Dr. Herbert C. McKee of Houston and Dr. Wendell H. Hamrick of Dickinson to the Texas Air Control Board and Ray A. Foley to the Dallas County Flood Control District board.

New assistant district supervisor positions were announced by the Liquor Control Board for John R. Back of Kerrville, who will be stationed in Victoria. Donnie R. Hunter of Odessa, who will transfer to Corpus Christi; and Joe McCarthy who will remain in El Paso.

Department of Public Safety selected Elmer J. Terrell, Jr. of Fort Worth as acting agent-in-charge of its narcotics section. Six agents in the section are retiring, including the present Agent-in-Charge W. E. Naylor. DPS named as new Texas Rangers L. C. White of Beaumont and Henry B. Ligon of Kerrville.

Tilmon Barnett of Lockhart is DPS' first Negro officer. He is assigned to the capitol security guard.

House Speaker Ben Barnes named a blue ribbon committee to study Texas employment wages and economic problems. Callan Graham of Austin is chairman. Lay members include Gustave Falk of Dallas, Harold Kilpatrick of Austin, Dean George Kozmetzky of the University of Texas, Austin, and Dean H. O. Kunkel of Texas A & M University. Legislator members are Reps. Raul Longoria of Edinburg, Honore Ligarde of Laredo, Raul Muniz of El Paso, Ralph Wayne of Plainview and the Rev. Zan Holm-

es of Dallas.

Barnes picked Reps. Menton Murray of Harlingen and Bill Clayton of Springlike to represent Texas on July 31-August 1 at the Southern Water Resources Conference in Miami.

LITTLE CHANGE

A sub-committee of the 25-member committee which is working on revisions of the Texas constitution has recommended to the full committee that closed sessions of the Texas Senate be abolished.

Texas' constitution now allows the Senate to lock its doors when it considers the approval or rejection of persons nominated to state offices by the governor.

Sub-committee headed by Rep. Dick Cory of Victoria voted down a proposal to allow 18-year-olds to vote. Also, one to permit the Legislature to set up a permanent voter registration system.

It did agree to retain the present system of legislative sessions every other year. Gov. Connally and Speaker Barnes, who appointed most of the members of the committee, both favor annual legislative sessions.

These decisions will go to the full committee then to the Legislature, which will decide which of the recommendations, if any, are to be submitted to the people for a vote.

POLLUTION JUDGMENT

State of Texas has won a judgment for \$17,500 against International Minerals and Chemical Corporation of New York after taking the company to court for polluting the air over Houston. Corporation operates a barite plant.

This is the second pollution suit won by the state.

WELFARE REDUCTION

Some needy families with dependent children will be getting a reduction in state welfare aid effective September 1.

Reason is that a U. S. Supreme Court ruling (that needy children are entitled to assistance even though there is an able-bodied man in the house) will increase the AFDC rolls by an estimated 15 per cent.

Welfare Commissioner Burton G. Hackney warns that unless the present \$60 million welfare ceiling is raised to \$75 million, as proposed in a constitutional amendment to be voted on in November, there will be even further reductions.

Families receiving a maximum grant of \$135 for four or more dependent children will get the biggest cut—\$12 a month to \$123. Those now receiving \$124 will get a \$1 cut to \$123, those getting \$125, a \$2 cut, etc. In other words \$123 a month will be the new maximum. Reductions will be made only for those receiving more than that amount now.

DRAFT QUOTA CUT

Texas' draft call for September is 683 men, smallest since June, 1967.

Col. Morris S. Schwartz the state selective service director, said budgetary limitations will prevent pre-induction phys-

cal-mental exams during August.

July call was 695 men. Calls in 1967 ranged from a low of 674 to a high of 1,421. Monthly quotas this year have ranged as high as 2,378 (last April).

TRAIL OF FORTS

Governor and Mrs. Connally led a group of West Texans by bus on a 680-mile "Trail of Forts" through Central West Texas.

The purpose was to publicize the Forts Trail which takes travelers to many of the historic points in the area where the Indians made their last stand against the U. S. Cavalry.

Two of the Forts, Richardson and McKavett, were acquired by the state and are to be restored and preserved as historic sites.

Starting in Brownwood, the two-day tour included visits to Comanche, DeLeon, Mineral Wells, Jacksboro, Albany, Abilene, Bronte, San Angelo, Eldorado, Menard, Mason and Brady. It is one of 10 travel trails designated by the governor.

STAMP SALES UP

State Treasurer Jesse James reports increases in all stamp sales (liquor, wine and cigarettes) for July of 1968 over July of 1967.

Cigarette Stamp sales are up \$1.1 million, liquor up \$760,000 and wine up \$26,533.

GRANTS APPROVED

A federal grant of \$16,875 has been approved for the city of Portland (San Patricio County) to develop a 13-acre park and outdoor recreation facilities. City will match the grant with local funds for the \$33,750 project.

Gov. Connally authorized a \$5,273 regional planning grant to Brazos Valley Development Council (Brazos, Grimes, Leon, Madison and Robertson Counties and 12 cities).

Another \$4,000 grant for planning went to the Orange County Council.

A smaller grant of \$1,277 was cleared for Austin-Travis County Organization for Regional Planning which includes Austin, West Lake Hills Manor, Rollingwood, Pflugerville, Austin Independent School District, Del Valley ISD 910 and Water District No. 11.

SECURITIES PERMITS

Twenty-eight applications for permits to sell \$18,472,706 in securities in Texas were filed last week with State Securities Board.

This included applications from three Texas companies—Bethesda Bath House Corporation of Marlin for \$91,900, Crown Western Investments Inc., of Dallas for Dallas for \$743,047, and Non-Commissioned Officers Life Insurance Company of Austin for \$215,000.

SHORT SNORTS

Rep John Traeger of Seguin was re-elected urban affairs committee chairman of

the southern conference of Council of State Governments.

Latest report from the Texas Liquor Control Board now shows 2,831 criminal complaints were filed by LCB agents in June with 2,500 convictions for violations of the liquor law and \$90,022 in fines and costs.

Delegations from the Fort Worth-Dallas metropolitan area appeared before the Texas Highway Commission to ask for planning of future big-city highways which between them would cost more than \$500,000,000.

Choir Gets Taste of Iron Curtain Tactics

Mrs. Burgess Weaver has supplied the clipping of the Red Checkpoint holdup of the First Baptist Church of Dallas' Centennial Chapel

Choir, on a 24-day concert tour of Europe, when they got a first-hand taste of Iron Curtain tactics recently, reported by United Press International, reported from Berlin.

The choir of 220 young men and women and their adult

sponsors, were forced to spend the night in their seven buses at checkpoint on the highway to West Berlin, while the Communist red tape unfolded.

The choir arrived at the East Berlin Marienborn checkpoint, on the western end of the 110-mile highway to West Berlin, at 12:30 a. m. Saturday, the Communist guards finally cleared the buses for the trip to Berlin 10 hours later. The group was told to submit four cop-

ies of handwritten list of all names, then told it had to be typed. Then learned there had to be five copies of all names with the money listed each person had with him. The group said they were not afraid, but termed it a rather frightening experience when they drove through the checkpoint and could see the border guards with their tommy guns.

The choir will return to Dallas August 6. There were 106 young people of the choir that worked to earn \$400.00 each for the expenses of the tour. The learned a song in the language of each country visited. President Johnson called it a goodwill tour.

Allen Weaver, 16, a member of the Dallas choir is a grandson of Mrs. Burgess Weaver of Santa Anna.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT (SJR32)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding a new Section 1-a to read as follows:

"Section 1-a. From and after December 31, 1978, no State ad valorem taxes shall be levied upon any property within this State for State purposes except the tax levied by Article VII, Section 17, for certain institutions of higher learning.

"2. The State ad valorem tax authorized by Article VII, Section 3, of this Constitution shall be imposed at the following rates on each One Hundred Dollars (\$100.00) valuation for the years 1968 through 1974:

On January 1, 1968, Thirty-five Cents (35¢); on January 1, 1969, Thirty Cents (30¢); on January 1, 1970, Twenty-five Cents (25¢); on January 1, 1971, Twenty Cents (20¢); on January 1, 1972, Fifteen Cents (15¢); on January 1, 1973, Ten Cents (10¢); on January 1, 1974, Five Cents (5¢); and thereafter no such tax for school purposes shall be levied and collected. An amount sufficient to provide free text books for the use of children attending the public free schools of this State shall be set aside from any revenues deposited in the Available School Fund, provided, however, that should such funds be insufficient, the deficit may be met by appropriation from the general funds of the State.

"3. The State ad valorem tax of Two Cents (2¢) on the One Hundred Dollars valuation levied by Article VII, Section 17, of this Constitution shall not be levied after December 31, 1976. At any time prior to December 31, 1976, the Legislature may establish a trust fund solely for the benefit of the widows of Confederate veterans and such Texas Rangers and their widows as are eligible for retirement or disability pensions under the provisions of Article XVI, Section 66, of this Constitution, and after such fund is established the ad valorem tax levied by Article VII, Section 17, shall not thereafter be levied.

"4. Unless otherwise provided by the Legislature, after December 31, 1976 all delinquent State ad valorem taxes together with penalties and interest thereon, less the costs of collection, shall be used to secure bonds issued for permanent improvements at institutions of higher learning, as authorized by Article VII, Section 17, of this Constitution.

"5. The fees paid by the State for both assessing and collecting State ad valorem taxes shall not exceed two per cent (2%) of the State taxes collected. This subsection shall be self-executing.

Sec. 2. That Article III, Section 51, of the Constitution of the State of Texas, be amended as hereafter to read as follows:

"Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public moneys to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled veterans, soldiers and sailors under such regulations and limitations as may be deemed by the Legislature as expedient, and to their widows in indigent circumstances under such regulations and limitations as may be deemed by the Legislature as expedient; provided that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment continuously reducing State ad valorem property taxes and abolishing all State ad valorem property taxes after December 31, 1978, except the tax levied by Article VII, Section 17, for certain institutions of higher learning.

"AGAINST the Constitutional Amendment continuously reducing State ad valorem property taxes and abolishing all State ad valorem property taxes after December 31, 1978, except the tax levied by Article VII, Section 17, for certain institutions of higher learning.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT (HJR60)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended to add Section 64 to read as follows: "Section 64. (a) The Legislature may by statute provide for consolidation of governmental offices and functions of government of any one or more political subdivisions comprising or located within El Paso or Tarrant Counties. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these subdivisions, under such terms and conditions as the Legislature may require.

(b) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions required or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. No person acting under a contract made pursuant to this Subsection (b) shall be deemed to hold more than one office of honor, trust or profit or more than one civil office of emolument.

The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of statewide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment authorizing the legislature to provide for consolidating governmental offices and functions and allowing political subdivisions to contract for performance of governmental functions in El Paso and Tarrant counties."

"AGAINST the constitutional amendment authorizing the legislature to provide for consolidating governmental offices and functions and allowing political subdivisions to contract for performance of governmental functions in El Paso and Tarrant counties."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year and a per diem of not exceeding Twelve Dollars (\$12) per day of each Regular Session and each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government not to exceed one round trip per month during such time as the Legislature is in session, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and

most direct route of travel, from a table of distances prepared by the Comptroller, to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment providing the members of the Legislature shall receive as salary an amount not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year."

SENATE JOINT RESOLUTION No. 14 proposing an amendment to Article III, Constitution of the State of Texas, by adding a new Section 52a to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes.

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 52a to read as follows:

"Section 52a. The Legislature shall have the power to authorize cities, counties, and towns to issue revenue bonds for industrial development purposes, or in aid thereof; provided, that property acquired from proceeds of the bonds shall be subject to ad valorem taxes. Legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature. The tax revenue, the utility revenue, and the revenue from services of any county, city or town may not be used to pay any

bonds issued pursuant to this authority nor the interest thereon."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

"AGAINST the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT (SJR24)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article 8, Constitution of the State of Texas, is amended by adding a Section 2-a to read as follows:

"Section 2-a. (a) The Legislature may, by General Law, exempt from ad valorem taxation by the state and its political subdivisions all or a portion of any equipment, device or improvement installed or constructed on real property, which is designed to eliminate or abate the harmful effect of air emissions or water effluents on the air and water quality in this state, to the extent that the capital investment in such property is made to comply with or to exceed air or water quality standards established by law.

(b) Legislation which may be enacted in anticipation of the adoption of this Section is not void because of its anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November

1968, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving permissive authority to the Texas Legislature to exempt from ad valorem taxation by the State of Texas and its political subdivisions equipment installed on real property to eliminate or abate the harmful effect of air emissions and water effluents, provided that the capital investment in such equipment complies with the air and water quality standards established by the State of Texas."

THE FAMILY LAWYER

Wrong Medicine

Given a prescription for her arthritis, a woman took it to the corner drug store to be filled. But the druggist mixed a wrong ingredient into the medicine. As a result, the woman suffered a severe reaction—and later filed suit for damages.

"Don't blame me, blame the doctor," protested the druggist in court. "His writing on that prescription was so illegible it was hard to be sure what he meant. So I filled it according to my

best judgment."

But the court held the druggist liable anyhow, blaming him for not checking with the doctor before going ahead.

By and large, pharmacists are held to a standard of care commensurate with the importance of their ancient profession. As one judge put it:

"People trust not merely their health but their lives to the knowledge, care and prudence of druggists."

For that reason, the pharmacist who is careless in filling a prescription is usually responsible for the consequences. There have been damage verdicts not only for wrong ingredients but also for incorrect proportions and for misleading directions.

On the other hand, even when a druggist does make a mistake, he is not liable if there is no causal connection between his mistake and the ultimate injury. Take this case:

A druggist sold a customer a powerful purgative, without properly labelling the bottle. The customer, well aware of what he had bought, mischievously slipped some into a friend's coffee.

For the unhappy consequences to the friend, the druggist was held blameless. The court pointed out that his label had no connection with what happened, because the prankster would have done the same thing even if the label had been right.

Furthermore, a customer must show reasonable regard for his own safety. In another "wrong medicine" case, the customer made his purchase from a young, inexperienced clerk while the regular pharmacist was out of the store.

Here the clerk, after bringing out a bottle, confessed that he didn't know what he

was selling. Nevertheless the customer insisted the medicine must be what he wanted because it "smelled right."

A court ruled afterward that the customer himself was guilty of negligence, for buying medicine by using his nose instead of using his head.

Outdoors In Texas

Texas has an astronomical fox population. There are few places in the state where this familiar animal is not found. Gray fox predominate. But in a few places there are some red foxes.

Most people falsely believe the fox to be a real villain. They shoot every one in sight. Some counties even pay a bounty on each one killed.

Many times the fox gets blamed for something he did not do. He is a handy scapegoat. He's charged with everything from a reduction in the quail population to a decline in wild turkeys.

But facts seldom convict the fox.

Consider, for example, an incident which happened in New York state in 1947. There was a drastic reduction in the state's pheasant population

and hunters were looking for something to blame it on. Unfortunately the fox got caught in the crossfire between the politicians and the hunters. Since hunters can vote and foxes cannot, the politicians concluded that the matter needed some serious study.

Two areas were chosen. In one area all the foxes possible were eliminated. In the other area foxes were protected and actually pampered. Each area had a comparable pheasant population.

After the study it was concluded that fox control had no bearing whatsoever on pheasant numbers. Despite claims to the contrary the fox was an insignificant factor as far as pheasant survival was concerned.

Actually the fox does more good than harm. One naturalist who studied foxes for 35 years, through observation of dens, stomachs and droppings concluded that their main food was mice.

In "The Mammals of Texas" Dr. William E. Davis points out that the stomach of 42 gray foxes in Texas were examined, and the winter diet consisted mainly of small mammals like mice and gophers (56 per cent), with the rest being composed of insects (23 per cent) and birds (21 per cent).

During the summer the fox's diet changed somewhat, with the bulk of it (30 per cent) being persimmons and acorns, followed by small mammals, insects and birds. In only one of the 42 stomachs examined was there evidence of domestic poultry and quail.

"Consequently, as judged from these analyses, the usual food habits of the gray fox do not conflict much with man's own economy," Dr. Davis concluded.

Despite man's efforts to eradicate it, the fox not only has survived, it actually has multiplied and expanded its range.

Much of this can be attributed to his adaptability. The fox can live under almost any conditions, and is clever enough to escape man's best efforts to do away with him.

Ernest Thompson Seton, the late American naturalist, in 1910 wrote of a remarkable fox that seemed to have unlimited stamina. His father's pack of fox hounds chased the fox over hill and dale. Son the fox seemed to be ready to drop from exhaustion, but suddenly the fox was as spry as ever.

Finally it dawned on Seton and his companions that something was amiss. Every time the fox made a circle he went into a hollow log and out again. The hunters examined the log by banging on it. Out popped another fox.

The two foxes had been running in relay. When one got tired he ran into the log and the fresh one scampered out the other side.

Based on such evidence of survival, it is no wonder that the fox still is with us!

Orders should include a check payable to San Antonio Fair, Inc., and a stamped, self-addressed envelope.

SPORTS AFIELD

By Ted Kesting
If August fishing were as hot as the weather, wouldn't that be something. Well, it can be, but usually isn't — except for a dedicated breed looked upon by their neighbors as nocturnal nuts.

Catfish of course, are the most commonly night-caught species. But many of the big bass, brown trout, walleyes, snook, tarpon and scattered other species are also taken at night. This should come as no surprise to veteran anglers, since these fishes are known night feeders. However, you might be surprised

how many catches of bragging-size blue gills are also taken when blackness prevails.

So if your dog-days fishing is less than satisfactory, you might try dabbling in the dark just for the heck of it. Such middle-of-the-night enterprise is common to coon and fox hunters, but not to average fishing households, so be as sneaky as you can about it. And at that, be prepared for some lip from your wife, stares from your neighbors and quips from your kids. However when you come home with a couple of monsters, it's amazing how quickly derision can turn to praise.

Since they are the target of most anglers in these United States, let's talk about night fishing for bass.

Experience indicates that big bass come most often at night to lures of two types: (1) noisy ones on the surface and (2) quiet ones on the bottom.

For best odds, don't waste your time surface fishing on breezy nights. The surface should be as calm as your preacher when he explains the reasons for the increase in next year's church budget. You can virtually eliminate missed strikes if you'll retrieve your lure—whether it's of the popper, the spinner, the splutter or the bloomer type — in a definite rhythm. According to Homer Circle, Angling Editor of Sports A-field Magazine, there's a good reason: A bass has a sense of timing and will consistently strike the center of the tur-

bulence. If you use an erratic retrieve, with no pattern, bass often hit where the lure was before you moved it.

Quiet lures for bottom scratching fall into the category of work-em-yourself types. This applies to jigs, jig worm and jig-ell combinations and plastic worms hooked in any of the almost limitless ways. Whatever your rig, a weedless hoot is desirable to reduce snagging to tolerable levels.

For fishing these quiet lures the watchword is slowly — crawling them over the shore and bottom cover and keeping your rod tip always in a striking position which means below waist level. One school of angling thought lets bass chew on worms and eels.

It is possible to misuse meat tenderizers. Adding too much tenderizer is not advisable because it is likely to result in meat that has a mushy, crumbly texture similar to that of tender liver. Meat is usually less juicy and harder to swallow.
