"He Profits Most Who Serves Best"

SMOKE

FROM THE MOUNTAIN

It was gratifying to both pastors and townspeople alike to note the very large increase in church and Sunday School attendance of the past week. The churches have begun a spring round-up and it seems to be producing excellent results. Any support the News can give to any and all churches will be gladly given.

Mr. Fry must be trying out for a position as Packard salesman. He's been sporting one around and according to his speeches about it, he's developed quite a sales talk. However he'll have to change his tune when the new Chevrolet arrives that he's been waiting for so—impatiently.

The News office got classy and put in one of these new-fangled French telephones last week. Someone said a person walked 800 steps a day and on hearing that we decided that no wonder we got tired. So now when the phone rings, we can still sit in our chair, answer the phone and type with one hand while we talk. The only part we don't like is getting used to talking in to the right end.

Jack Gregg is back from the Army but we don't know whether it made a man out of him or a sissy. The other day he came in the office, pulled out his handkerchief and a lipstick dropped out. Seems there's something afoot there somewhere.

Mr. A. D. Pettit lost a fine saddle horse the night of April 1. At first he thought it was an April Fool's joke, but the horse is still gone and it's gone past the joke stage. He would appreciate any assistance in rounding up both horse and jockey, if such he was.

The editor ain't what he used to be. He played baseball and hunted rabbits Monday and he's practically a cripple from soreness. So if his walk is peculiar it isn't rheumatiz. It's just that he couldn't take it.

Seen on the streets: Men, women and children exclaiming over the snakes in the Recreation Club window — Jim Harris running around with a saw in his hand — Mr. Tate smiling over the crowds at the special show Tuesday — J. B. Jones looking for more tomatoes — National Guard getting ready for inspection — and practically everyone yawning with spring fever.

Dr. McDonald placed a want ad in the paper Wednesday for a lost car ring. Five minutes later he found the ring under the cushion of his car. Now here we go tooting our horn again, but even anybody would admit that classified ads like that GUARANTEE service.

Mr. Talley literally combed the streets the other day when someone "borrowed" his green Plymouth to go to dinner in when the customers car wasn't ready. The joke was certainly on Talley because he didn't know the car was gone until he saw it rolling out the door. And when Talley doesn't know where that Plymouth is, there's going to be the dickens to pay for somebody.

CHRISTIAN LADIES SPONSORS OF BOOK REVIEW APRIL 26

The Ladies Council of the Christian Church has invited Rev. Alan Lynch to review the Book of Books on April 26 at 8 p. m. at the Christian Church. The public is cordially invited.

M. E. Church Is Planning Revival

The Methodist church is planning a revival meeting which will be the first Sunday in May following the Bishop's Crusade.

Rev. V. Davis, local pastor, will be the preaching service and will be assisted in the revival by Rev. and Mrs. Roy Lewis Crawford, who will be musical workers, directors of the choir and young people and conductors.

Chisholm Scouts Urged to Make Jamboree Plans

Scouts in This Section Should Send Fees to Council by May 1

Ed Shumway, Boy Scout Executive of the Chisholm Trail Council urges every Chisholm Trail Council Scout who contemplates attending the National Jamboree to register and send in his \$25.00 National Jamboree Fee at once as all National Jamboree fees for Scouts and leaders must be in the Council office before May first.

The National Jamboree offers a great opportunity to every Scout of which there will be about 30,000. The Chisholm Trail Council has been honored in that Executive Shumway has been appointed Campfire Program Chairman for the Ninth Region, Texas, Oklahoma, and New Mexico.

During the great Pioneer Program which will be given in the arena at Washington, and while the camping and pioneering events are going on a Troop will build a large council fire. The fire will be lit and all the lights of the arena out. Then all of the Scouts in the arena will gather around the camp fire and will be led by Executive Shumway in the singing of "By The Blazing Council Fires Bright."

Approximately 2500 Scouts from the Ninth Region, Texas, Oklahoma and New Mexico, will go to the National Jamboree on special trains, each train having three dining cars and special sleeping accommodations for the Scouts. Scouts and Scout Leaders of today will never have another opportunity of attending a National Jamboree. The 1937 celebration is the first one ever contemplated in America during 26 years of Scouting.

Again the Chisholm Trail Council officials urge everyone to register at once.

HALL BEAUTY SHOP HAS FORMAL OPENING

Mrs. W. A. Hall welcomed patrons to her new shop in the mezzanine of Phillips Drug Co. Saturday, offering special values in the beauty shop lines.

Her shop has been newly equipped with entirely modern machines for permanent new shampoo equipment, new driers, hair curlers, manicure and pedicure chairs.

Sports Chain Links Two Americas

Pan American Games Set For Dallas

June 30 to July 3

Dignity of the Olympic tradition is borne out in the official emblem of the Pan American Games, in which athletes of two continents will compete at the international fair in Dallas, Texas, opening June 12.

The design, approved by a smiling Texanita, depicts a modern Mercury, god of speed, skill and strength, testing the "friendship links" of the two Americas in his powerful grasp above the globe of the Western Hemisphere. Athletes of Mexico, Central and South America will compete with United States' entrants in the Olympic events of track and field, soccer and boxing scheduled for June 30, July 1, 2 and 3.

Relics Shown at Opening of Phillips Drug

Large New Store Opens Saturday; Visitors See Display of First Store in Gap

Large crowds attended the formal opening of Phillips Drug Co. Saturday and the continued sale through Monday, Tuesday and Wednesday of this week.

The customers were invited to inspect the new store thoroughly and were shown the display of relics from the first store in the gap of the mountain which was established over fifty years ago by Dr. J. P. Mathews, father of Jodie Mathews.

Included in the display were the saddle bags and pill boxes Dr. Mathews carried with him on his calls, druggists' supplies and equipment and pictures of members of the medical profession who have labored in their profession in Santa Anna for many years since the early history of the community.

New counters, a new hardwood floor and an open prescription department are among the new changes in the store which has been doubled in size.

The jewelry department has also been enlarged and J. T. Payne from Childress has arrived to take care of the jewelry department.

Customers and visitors were served brick ice cream during the opening Saturday.

Two Squads of Howitzer Co. Drill Sunday

Two squads of men from the Howitzer Co., 142 Infantry, were guests of the Company A and Service Company of the National Guards in Brownwood all day Sunday where they gave a 37 mm. gun demonstration.

The all-day drill, planned by the Brownwood groups, was also the occasion for a barbecue at noon at the rifle range about two miles from Brownwood. The rifle range is the finest in this part of the state.

The two squads were in charge of Sgt. V. D. Fulton and Sgt. Eddie Paul Voss.

The local company will have the annual Federal Inspection on the night of April 21 and will be inspected by Lt. Col. Estill Smith, Regimental Instructor of the 143 Infantry.

McDonalds Attend Funeral Dr. and Mrs. E. D. McDonald were called to Fort Worth last week-end to attend the funeral of Dr. McDonald's brother-in-law, Francis Donnelly.

H. L. Voss left Monday for Oregon where he will be stationed in a CAC Camp.

Funeral Services for Mrs. Tweedle Held Yesterday

Salem Community Resident Dies Suddenly; Survived by Daughter, Mother, and Many Brothers and Sisters

Funeral services for Mrs. Denver F. Tweedle, who died suddenly Tuesday night, were held from the Methodist Church at Salem Thursday, April 15 at 3 p. m. Rev. A. D. Bruton was in charge, assisted by Rev. J. M. Cooper and Rev. John R. Merritt.

Mrs. Tweedle, who seemed in good health Tuesday, had a coughing spell that night at her home in the Salem community and was brought to the hospital immediately but died soon after arrival.

Mrs. Tweedle was born August 20, 1899 in Jefferson County, Mo. and before her marriage was Miss Margaret Arzella Sikes. She came with her family to Mills County, Texas when she was nine years old and moved to Coleman county when she was sixteen.

She was married to Denver F. Tweedle on Sept. 17, 1916 at the church at Salem. To this union were born two children, one of whom, a son named Denver Lee, died in infancy.

Her husband died last October from injuries received in an automobile accident on the Brownwood road.

She was converted at the age of eleven in Mills county where she joined the Baptist Church. She has since been a faithful worker in her church.

Surviving her are a daughter, Mrs. William Brown, with whom she made her home; her mother, Mrs. W. J. Gouge of Coleman; eleven brothers and sisters, Mrs. Jesse Ward, Mrs. O. C. Cason, Talmadge Sikes, J. A. Sikes, E. E. Sikes, all of Coleman; Mrs. A. B. Kidd and D. S. Sikes of Elmendorf; D. U. Sikes of Palacios; W. L. Sikes of Fredericktown, Mo.; W. A. Sikes of Indian Creek, and Mrs. Lester Freeman of the Buffalo community.

Pallbearers were Paul Mashurn, Allen Lovelace, Garland Powell, Billy Archer, Arnold Ragsdale and Oscar Pearce. Honorary pallbearers were Dave Bell, Marvin Williams, R. B. Archer, W. J. Curry and Hamp Byler.

Ladies in charge of flowers were Evelyn Evans, Alline Lovelace, Mrs. G. N. Powell, Mrs. Pierce Baker, Fern Ragsdale, Leona Talley, Ruth Archer, Ruby Freeman, Mrs. Lee Hemphill.

Interment was made in the Salem Cemetery beside the body of her husband.

All arrangements were in charge of the Hosch Undertaking Co.

Faculty Chosen For 37-38 Term

School Board Elects Teachers for Next Year; Only One Vacancy

Teachers for the high school and elementary school for the 1937-38 school term were elected Monday night when the school board met to complete the faculty group for next year. The superintendent, J. C. Scarborough, and principals, J. R. Lock and D. D. Byrne, and two teachers, A. D. Pettit and Mrs. D. D. Byrne were re-elected at a previous meeting several weeks ago.

All places were filled except one vacancy in the ward school faculty.

Those elected for ward school were: Mrs. James L. Harris and Mrs. Helen Leach, first grade; Miss Eulalia Grady and Mrs. J. W. Riley, second grade; Miss Eunice Wheeler, fourth grade; Mrs. Aubrey Parker, Miss Marinell McClendon, and Mrs. Charles Evans, intermediate grades.

High school faculty members elected were: Miss Kathryn Rose Penny, home economics; Miss Lula Jo Harvey, Spanish; Miss Mattie Ella McCreary, English; Bill Stevens, Science; Charles Mathews, history; Pollock Wise, coach and teacher.

Mrs. Byrne, third grade teacher, and A. D. Pettit, vocational agriculture teacher, will teach in the same capacities next year.

Mr. and Mrs. Atlas Bowden of Brownwood were Santa Anna visitors Saturday.

Local Man Carries 100 Year Old Snuff Box From England

A hundred year-old snuff box brought over from England many years ago, is among the many proud possessions of R. E. Mobley, 71 year old resident of this community who was home recently for a visit after spending several months in the Cisco Hospital.

Mr. Mobley carries the snuff box with him in his hip pocket but it is empty. He relates that his parents handed down the relic to their children and he eventually became the possessor. He has many other curios in his home brought from England or relics of Indians and settlers in this country.

Mr. Mobley, despite his years, is active and was making plans Saturday with friends to make a fishing trip when the weather was a little warmer.

Switzer Opens Welding Shop Near Station

M. C. "Clifton" Switzer has moved his welding shop from his workshop at his home where he has been located for the past four years, to the large tin building in back of Piggly Wiggly.

In connection with his machine shop, he has purchased the Jones Blacksmith Shop and equipment and has taken E. W. Marshall, who was formerly employed by the Jones Shop, into his own firm.

The building has been made ready for the best service to customers in the lines of acetylene welding, tractor repairing, lathe work, key seating and spinning, press work, pipe threading and regular machine work.

Mr. Switzer is also equipped to do blacksmithing.

He will be glad to show visitors around the shop and will be glad to serve patrons.

District Rally for Young People at M. E. Church

District Wide Young People's Rally for the Methodist Church will be held at the local church Sunday night, April 18.

Miss Orelia Coppie of Bangs, District Director of Young People's Work, will be there to lecture on the work.

The local group will present a program of special music, accompanied by members of the Santa Anna band. The program will include a duet and quartet of instrumental music.

The public is invited to attend.

Eggs for Buckner's Orphans Home Packed at Bobo Produce Co.

All citizens who wish to contribute eggs to the Buckner's Orphan Home at Dallas are to bring the eggs to Bobo Produce Co. as soon as possible where they will be packed and shipped, according to Mrs. Dennis Kelley, chairman of the committee in charge. All eggs contributed must be brought in by Saturday, April 17.

Each year eggs are contributed to assist the Home from Santa Anna and other sections of the country and the orphans and directors will appreciate any aid local citizens can give to this cause.

Mr. and Mrs. Guy B. Kirk and Leon Kirk of San Antonio visited the News office Wednesday on their way to Abilene to attend the Woodmen Convention.

Seth Thompson of Brownwood Parke, Davis and Co. representative, assisted in the Prescription Department at Phillips Drug Co. during their opening day last Saturday.

Mrs. Hugh Tatum of Shield returned from Albany Monday, where she has been visiting with her son and daughter-in-law, Mr. and Mrs. Ellis Tatum. Mrs. Ellis Tatum, who has been seriously ill, is now improving. She is the former Miss Corrie Dillingham.

An Open Letter to a Boor on Wheels

Some day, my ill-mannered friend, you are going to go too far. Some day, when you swerve around a street corner, you are going to clip the buttons off the wrong pedestrian's vest, and he is going to catch up with you, haul you off your comfy upholstery and deal you the smacking-down you deserve.

And what's the reason for this breakneck rush of yours, anyway? You're in an automobile. You'll arrive at your destination, 10, 15 or 20 times quicker than the pedestrian you're crowding back onto the curb.

The automobile, it seems, is the devil's gift to the Little Man. Put him in control of a motor car and he's cock of the crosswalks.

Services Held at Trickham for W. W. Hunter, 38

Funeral services for Willie Walter Hunter, Whon farmer who was found seriously injured near the Coleman-Abilene highway underpass early Sunday morning, were held at Trickham Monday afternoon at 3:30 p. m. with the Rev. O. L. Savage, pastor of the Coleman Baptist Church officiating.

WHON H. D. C. MEETS

The nine members of the Whon H. D. C., who met with Mrs. Joe C. Barnes April 6, learned how to make patch work chair cushions. Mrs. Barnes showed two pillow tops, proper patterns and materials for making patch work pillows.

Post Office Receipts Show \$126.81 Gain for First Quarter of Year

Post office receipts for 1937 from the local office show a gain of \$126.81 over the receipts for the first quarter of 1936, according to Mr. Jack Woodward, postmaster.

FORMER LOCAL GIRL WEDS BROWNWOOD MAN IN RECENT CEREMONY

In the presence of a few intimate friends a beautiful ring ceremony for Miss Juanita Keeling, daughter of Mr. and Mrs. J. J. Keeling of Bangs, and Mr. Carl S. Leach of Brownwood was solemnized by Rev. J. M. Bradford in his home Saturday evening, April 3, at 8 o'clock.

Immediately following the ceremony Mr. and Mrs. Leach left for a short wedding trip to Waco and other points in Texas. For traveling the bride chose a cocoa brown manish cut suit and beige accessories.

Dinner Precedes Ceremony To honor the betrothed pair Miss Leota Leach, sister of the bridegroom, was hostess at dinner preceding the wedding ceremony, in her home.

The entertainment suite was quite attractive with lovely arrangements of cut spring flowers. A huge wedding bell from which draped white satin streamers hovered above the chair occupied by the bride and tiny white and blue hearts were intermingled with the ribbons.

Four courses completed the dinner proper and the bride cut her cake which was placed directly in front of her. Tiny bluebirds and hearts played a part in the beauty of the cake.

When the couple returns to Brownwood to make their home other entertainment features await them.—Brownwood Bulletin.

Pioneer Resident of County Buried April 8

Services for Mrs. Mina G. Wright, who lived the past fifty years below Rockwood, were held at her home last Thursday, April 8 at 5:30 p. m.

Mrs. Wright, who was 82 years old in August, died in San Angelo where she had been taken several days before for treatment. She was the widow of a Cumberland Presbyterian minister.

Surviving her are a son, Glen; and two daughters, Mrs. Mina Hull of Sonora and Mrs. Stella Fowden.

Burial was made in the community cemetery.

Misses Lillian Durham of Blanket and Maxine Durham of Bangs visited Mrs. G. A. Shockley last Saturday.

Mr. and Mrs. J. A. Allen of Goldthwaite spent last week-end with their son-in-law and daughter, Mr. and Mrs. Hardy Blue.

Mrs. T. M. Hays is visiting her daughter, Mrs. Coy Thompson of Amity, Ark.

Dr. and Mrs. C. O. Moody of Coleman were Santa Anna visitors Saturday.

S. D. Harper returned Sunday from Eldorado where he visited his son, S. D. Harper Jr. and family.

Mr. and Mrs. C. A. White of Edinburg are visiting with Mr. and Mrs. Maurice Bell.

Mr. and Mrs. John T. Payne and daughter came Wednesday from Childress to make their home. Mr. Payne is the jeweler at Phillips Drug Co.

Mrs. D. J. Johnson returned home Saturday from Marlin, where she spent several weeks.

Mrs. Mildred Simpson has returned from a visit with friends in Fort Worth.

Mrs. Clifton Williams and two daughters of Portales, N. M. are visiting her parents, Mr. and Mrs. Amos Taylor and other relatives.

Mrs. E. J. Merritt went to Abilene Wednesday to visit her daughter, Francine, who is a student at Hardin-Simmons.

Mr. and Mrs. Fred Heffington of Bangs spent the week-end with Mr. and Mrs. W. F. Stapleton.

Mr. and Mrs. M. D. Eubank and Pauline and Mr. and Mrs. Jim Daniels visited David Eubank at Wichita Falls last week-end.

Mr. and Mrs. Jim Daniels visited M. Johnson at his ranch in Bowie Sunday.

When it comes to mistakes, you've probably noticed that the supply exceeds the demand.

COLEMAN, April 6.—About 400 residents or rural communities have signed indicating they will take electric service from a proposed Rural Electrification Administration project in Coleman County.

Communities definitely undertaking to secure service so far are: Loss Creek, Echo, Junction, Liberty, Mayo, Indian Creek, Novice, Silver Valley, Central, Glen Cove, Fisk, Gould, Whon, and Talpa. Meetings are slated for other communities during the week.

S. W. Cooper, Secretary of the Coleman Chamber of Commerce, said that the preliminary survey to learn how many might want connections is nearing completion and that a Rural Electrification Administration engineer is expected soon.

A. W. Luckett and others who have been holding meetings in country communities in making the survey sponsored by the Chamber of Commerce and other interested citizens, expect to have data ready for engineers to make definite recommendations at an early date, and if the engineer's report is favorable, a county plan is to be drawn up for submission to Federal authorities. This plan will include electric power lines into rural sections where demand for service is enough to justify construction.

Many Prizes to Be Awarded at Coleman Rodeo

Over \$1,000 in prize money is to be given contestants in the Coleman Rodeo, which is to be presented there July 13, 14 and 15, it was learned at a meeting of the Coleman Rodeo Association held there recently.

The program committee—consisting of Harold Kibney, Theo Griffin, W. P. Stobaugh and John Grammer—announced the prize list as follows:

Bronc riding, total of \$165, with first place to draw \$27.50 each night, second place to win \$16.50 each night, third place to win \$11.50 each night, and grand champion of the three nights to win entry fees in the event.

Entry fees, as a matter of fact, will be turned back in each event for the grand championship in each event. The person who makes the best average record for the three nights of the show will be declared grand champion.

Wild cow milking will pay a total of \$125 in prizes, with the first place winner to be given \$25 each night, and the grand champion of the event to be given \$50 in addition to what prize money he may receive.

Ladies riding contest will pay a total of \$47.50, divided as follows: first place \$25, second place \$15, and third place \$7.50. The lady who has the best average time for the three nights will be awarded first place. Second and third places will be handled in the same manner.

Every town in West Texas is invited to enter a contestant in the ladies' riding contest. No entry fee is required in that event.

In the boys' calf riding contest \$150 will be given for each ride. Other contests and other events for the three-day rodeo, to be given at Hufford Field here, will be worked out at future meetings of the association.

W. P. Stobaugh and Dr. E. L. Knox, new member of the organization, were named recently to make arrangements for placing more seats in the Coleman athletic field.

A major oil company has offered the organization free use of a loud speaker system during the three-day show.

Texas, the nation's largest producer of oil and cotton, converts approximately 67 per cent of the crude oil it produces into manufactured products, says the All-South Development Council, but only three per cent of its cotton is processed and manufactured at mills within the state.

A recent check-up by West Texas State Teachers College school officials of grades made by the 172 students working on National Youth Administration part-time jobs at WTSTC reveals that 23.2 percent of their first semester grades were A's, Dr. J. A. Hill, president, reported to J. C. Kellam, acting state director.

Poverty and want will never be entirely banished from this earth as long as there are people in the world who are not committed to the practice of industry and thrift and who in times of plenty waste their abundance.

Reader's Column

A project is on foot to secure a recreation program for Santa Anna similar to the work along the same lines being done in nearby towns, which, if it becomes an accomplished fact, will mean a nice payroll for several supervisors of various activities.

Included in this program will be softball, soccer, tennis, craft work for all ages, tap, ballet, and acrobatic dancing, group piano playing and folk singing classes of various ages. There will be supervised play activities and probably additional objectives later on.

The benefit of such a program can hardly be overestimated to any town and the enthusiastic reception of this work in other towns assure those backing the movement that Santa Anna people will take advantage of it.

Final Results

(continued from page one) schools in the several divisions in Interscholastic League contests recently held. SENIORS PRESENT

THREE-ACT COMEDY

Last Friday, April 9, 1937, the senior class of Santa Anna High School presented a three-act comedy, "Listen to Leon." The play seemed to go over big as the house was full. The part of "Leon" was played very successfully by Raymond Holland, a very distinguished actor. Frank McGonagill, as "Archibald Darby," again displayed his unusual ability as a character. He was cast as a dashing young Englishman. The leading feminine role was played by Marilyn Baxter as Carolyn Jamison. Duane Moore fooled a few and made Colonel Bryan a very grouchy old guardian. The part of Anne Cushman was done exclusively as Carlene Ashmore could do it. Leon Bryan's valet, Giuseppe was played by P. B. Lightfoot. Another character part, that of Babe, Leon Bryan's forty year old step-daughter, was done by Rosalie Niell. She was done up in pillows and long curls. Her meek little maid was played by Doris

Rollins, a very fitting role.

This play was ably sponsored and directed by the Senior sponsor, Miss Lula Jo Harvey.

The Santa Anna Band very kindly played several numbers. There were many numbers between acts given by members of high school. H. L. Lackey and Rubye Lee Price, dressed as kids, sang and danced "Mud Pie Days." Doris Spencer and Rubye Lee Price sang a medley of old songs, consisting of "Let the Rest of the World Go By, Let Me Call You Sweetheart, Home on the Range, and Among My Souvenirs."

Miss Billie Marie Miller of Coleman gave a very good song and tap dance, "Pennies From Heaven." A chorus of girls including Doris Spencer, Ruth Irick, Loraine Parsons, Gene Adams, Gale Collier, Wanda Sanders, and Rubye Lee Price danced "Organ Grinder's Swing."

The play is the last one to be given by the graduating class of 1937.

F. F. A. BOYS PRESENT

PROGRAM OVER KGKL

Last Wednesday, April 7 at 3:15, SAHS presented a program over KGKL, San Angelo, Texas. Leon Copeland, Bailey Horner, Buddy Lovelady, Wendell Rowe, Charlie and Oran Henderson, Woodrow Newman, M. L. Guthrie, and Bill Early entertained with several numbers. Doris Spencer and Ruby Lee Price, accompanied by Miss Lula Jo Harvey entertained with seven numbers. This was the fourth program presented by the F. F. A. boys and their sponsor, Mr. Pettit. There is one more program to be presented, which will be April 29 over KNEL at Brady.

Senior Class Chooses Speakers

For School Exercises

The senior class of '37 after considering the most worthy ability and long service on the faculty which have been those of our superintendent, were honored to choose Mr. J. C. Scarborough as speaker for the Commencement Exercises May 21, 1937.

Rev. J. Virgil Davis, pastor of the First Methodist Church, was chosen as speaker for the Baccalaureate sermon, May 16, 1937.

BOY SCOUTS GIVE INTERESTING PROGRAM

Tuesday the Boy Scouts honored the student body with a very helpful program. The program consisted of demonstrations of different bandages to use, how they should be put on, and what to do in case of an emergency.

The boys appeared on the stage seated in patrols. Two boys from each patrol demonstrated each thing. The explanations were made by their scout master, Mr. Lock.

The program was greatly enjoyed by the entire student body. We believe that seeing this program will help us at some time in case of accident away from home or until a doctor can be reached.

From the program Tuesday we found that the Scouts are really doing and learning something.

What the Teachers Plan To Do This Summer

Miss McCreary plans to go to school in Denton.

Miss Pinney is also planning to attend school in Denton.

Mr. Mathews is going to school in Austin at the University of Texas.

Mr. Pettit is going to work in Santa Anna.

Miss Harvey will go to Mexico City to school.

Mr. Lock plans to "just rest." Later he may go to school.

Mr. Scarborough thinks now he will not be able to go to school as he is planning a project that he will have to supervise.

The rest of the teachers are undecided.

ON SIGNING OFF

We are about to sign off on this year of school. Many are signing off for life and some only until college starts or school opens again next year. But whatever be the circumstance let's all sign off with a flourish and leave behind us a creditable report. Whatever you do don't let down these last few weeks, keep right on as if school had only begun. Or if you have had a few bad marks before try to bring them up to passing. Really it is these last few weeks of the year that count and let's don't stop until the last day is over.

PRACTICAL DEPARTMENT HOME ECONOMICS COOKERY

Texas State College for Women (CSW)

DENTON, April 15—(SPB)

is a welcome season for many reasons, but to the housewife one of the most important of these is the availability of fresh vegetables. While canned goods must be relied upon the year round, they are more pleasing if not used too often.

Fresh foods are favored not only for their characteristic flavor but also for their more desirable textures. Rhubarb, for instance, is frequently cooked too soft in the necessary processing for its preservation in cans, resulting in a mushy consistency. The same principal holds in cooking green apples, fresh asparagus, tender string beans, fresh peas and young cabbage.

STEWED RHUBARB: Wash rhubarb. If skins are tough, remove the toughest portions. If the rhubarb is crisp and tender do not remove skins. Add water to a little more than half the depth of the rhubarb and bring to a boiling point. Remove from the flame, and sweeten to taste.

ASPARAGUS: Since the end of the tip is more tender than the stem, uniformity of doneness can be attained only by special treatment of the parts in cooking.

Method One: Cut off the tough ends, leaving the bunch unseparated. Place the bunch on end in a high narrow container. Add water to come only part way up the stems. Cook uncovered until the tougher part becomes softened. Then place a cover and finish by steaming the top until done.

Method Two: Cut the unusable part into one inch pieces. Cook the stem parts until somewhat softened. Then add the tips and finish cooking. This is the more practical method.

CREAMED ASPARAGUS AND EGG ON TOAST: Cook the asparagus by the last method using sufficient water freely, slightly more than to cover. When the asparagus is almost done, season well. Break in as many eggs as servings desired. Cover and permit to simmer and steam until the eggs are somewhat firm. Place the eggs on slices of toast. To the asparagus and its cooking water, add a half cup of sweet cream to which sufficient flour has been added to make a medium cream sauce. This will require two tablespoons of flour for each cup of liquid.

NEW BEETS: Wash thoroughly and cut off tops, leaving at least 1 inch of leaf stem. Leave roots also to prevent "bleeding." Cook in boiling water until tender. Drain off hot water. Cook with cold water and slip off the skins, which are easily removed. Cut beets in quarters or small pieces and heat with vinegar, butter, salt, and pepper. A little sugar may be added, if desired.

Scientist says cows developed cuds from the eat-and-run habit, which gives us something to think about, anyhow.

Know Texas

DENTON, April 15.—Credit for Texas' high standing as a shipping state should not go entirely to the fact that the coast line is long and jagged, for its thirteen deep-water ports are all man-made. Age-old deposits of silt have made these excavations necessary.

The most man-made of them all, Houston, now ranks fourth in total commerce in the whole United States, exceeded only by New York, Philadelphia and Duluth-Superior. First in cotton exports and third in exports to foreign countries, Houston is also a major export point for crude petroleum products. An enormous coastwise business, both outbound and inbound, adds to the total.

Grandfather of all Texas ports is Galveston, whose island position and land-locked bay give it qualifications which were first recognized by Privateer Jean Lafitte. In 1934 2,569,477 tons of cotton, vegetable and animal products, wheat and flour, crude sulphur, ores, and others passed through its docks.

On the Sabine Neches waterway are Beaumont, Port Arthur, Port Neches, and Orange, all of which export crude oil and products, timber products, rice, scrap iron and steel. Texas City is concerned mainly with the exportation of petroleum and cotton, doing a large import business in raw sugar.

Freeport sends out a great deal of crude sulphur, this being the center of the largest sulphur industry in the world. Corpus Christi's principal export is cotton, and petroleum leads in Port Aransas. Two recently opened ports are Brownsville and Port Isabel.

Laymen To Meet Tuesday of Next Week The local Brotherhood president, Mr. T. H. Upton has plans complete for a fine meeting to be held Tuesday night, April 20 at the church.

It will be funnier than the first one, as special detectives have been tracking the victim for days to get the real inside dope on his interesting and varied activities. The lunch for the occasion is to be a Dutch one, with all the trimmings, including sauer kraut weiners, and butter milk.

We have heard recently from three people who read this column. One is a former pastor, another a former missionary and a third a member who is unable to attend church services at present. With that much incentive, we were bold enough to ask at church if anyone else reads it, and it seemed that more than a hundred have been doing so.

Seventy Rate Attendance Pins At the close of Sunday school Sunday morning, Supt. J. R. Lock presented all the available pins for six months continuous attendance, and still lacked a dozen having enough to go round.

Let's Talk About Clothes TEXAS STATE COLLEGE WOMEN (C.A.)

DENTON, April 15.—While Paris and all good fashion followers cry wildly that "Color is everything!" the never-falling popularity of black and white furnishes an interesting paradox.

This faithful combination is strongest in the realm of active sportswear this spring, with wool jersey and linen leading as materials used. At this early date a light weight black wool skirt with a light white wool short coat is absolutely tops.

As the sun grows hotter and the days longer, the time arrives to replace these woollens with linens; that is, except where slacks are concerned, because nothing makes more suitable ones than wool jersey. A pair of white jersey slacks topped by a black halter and a large-patterned black and white linen coat vies in smartness with a black linen skirt with a printed black and white bolero.

Hats and accessories repeat the idea, with trimming in contrasting patent, gaberdine, and other materials. Thus, according to girls at Texas State College for Women (C.A.), the reigning combination of the last several summers, brown and white, will have to look to its laurels out-do its older competitor this season.

Evening Worship, 7:30, Young People's Program. Epworth League meeting, 6:30 p. m., Mrs. Tom Hays, president. The schedule for Methodists everywhere the next two weeks shows one of the fullest programs we have ever had.

Bishop Paul B. Kern in speaking of the banquet that will be given in every church in Southern Methodism says in part: "April 23—Methodism's Mighty Movement, on the evening of Friday, April 23, more Methodists will gather in their respective churches for the consideration of one single purpose than have ever assembled in the history of American Methodism."

Imagine 500,000 Methodist people singing, thinking, praying and giving all together at one time in thousands of churches. It is not simply a time to eat a good meal or merely to enjoy Christian fellowship.

We are honoring our first missionaries, Taylor and Jenkins, who sailed for China April 24, 1846. We are confronting a world in need and a church that is handicapped by the impediment of a debt. There ought to be a note of deep and Christian seriousness.

We should gather strength to face the crisis that is on us in this movement.—A world in need calls us. The God and Father of our Lord Jesus Christ wills this forward movement. Christ going before it shall be our glory. Say you saw it in the News.

LIBERTY H. D. C. MEETS "Yard furniture of wood, metal, or canvas in gay colors add comfort and attractiveness to the rural yard," said Miss Alice Glenn Young, county home demonstration agent, when she met with the Liberty Home Demonstration Club on Thursday, April 1 at the home of Mrs. Walter Holt.

Miss Young's discussion on "Yard Furniture" set the ladies to planning for more summer comfort by making plans for an outdoor living room.

A refreshment plate was served to the agent, twelve members and one visitor, Mrs. P. D. Hughes. The next meeting is to be April 15 with Mrs. W. A. Standly as hostess. A demonstration on dresser scarfs will be given by Mrs. J. M. Duggins.

More Stores Paint Fronts Among the other stores who have recently painted the fronts of their stores for the spring dress-up campaign apparently on among local merchants, are Ragsdale's Bakery and Turner Drug Store.

Both have added white paint to the front entrance of their stores within the last ten days. Others who have painted their stores recently include Purdy Merc. Co., D. R. Hill & Bro. Say you saw it in the News.

TRICKHAM H. D. C. MEETS The best way to prevent flies is to have hay stacks a long distance from the house, have all garbage pails covered, also have the house well screened.

Mrs. C. F. Shield made an interesting talk on "Flies as Disease Carriers." Mrs. Oscar Bocknicke told about the advantage of fly traps. The club decided to donate \$3.00 to help buy a radio for a sick friend. Refreshments were served to fifteen members, including two new members.

Next meeting of the club will be Thursday, April 22, at the Club room, when Mrs. Jess York, bedroom demonstrator, will give a demonstration on dresser scarfs.

QUARTERLY CONFERENCE Rev. J. T. McClure of Brownwood will be in Santa Anna Tuesday night to preside over the third annual quarterly conference as chief speaker. The church officials will attend the conference.

Home Demonstration Notes

Miss Sallie F. Hill, editor of the Home Department of the Progressive Farmer Magazine, and Mr. Eugene Butler, one of the editors of the same magazine, were in Coleman County, Tuesday, April 6, to check over the farm and home of Mr. and Mrs. Willie Henderson, who live in the Rae Community, for the Master Farmer Award being offered by their magazine. Mr. and Mrs. Henderson were scored first in District 7 among the Master Farmer entries to compete with the other district winners in the state for this award. The final judging and scoring of all entries is to be made in May.

Last summer the Hendersons rebuilt their home and now have a modern, well arranged, and attractive house located on a small hill in a beautiful setting of live oak trees. The house is of the bungalow type painted white and has three bedrooms, living room, dining room, kitchen, bath, hall, and service porch. The interior of the house is tastefully decorated in light wall papers and ivory enameled wood work. At a later date water is to be piped into the house. The atmosphere of the entire house is attractive, spacious, and inviting.

Mrs. Henderson is first year yard demonstrator of the Rae-Echo H. D. Club this year and has already made quite a number of improvements on her yard. In the shrub and rose beds sub-irrigation tile has been laid, 18 in. deep, to utilize the waste water from both the bathroom and kitchen to water the shrubs. Sub-irrigation is by far the best method of watering the shrubs as it encourages the roots to strike deep into the soil and requires much less water in the summer. Mrs. Henderson has set out 50 rose bushes,

2 pussy willows, 6 jasmine humile plants, 3 wax leaf ligustrums, 6 euonymus, 3 nandines, 5 abellas, 8 lilacs, and several privet plants. Three wide attractive flagstone walks, of native stone, have been laid in the front and back yard.

Within the next few months Mr. and Mrs. Henderson plan to break and sod the yard in Bermuda grass; repair and paint the yard fence; set out a few more shrubs; rebuild and paint both the wash house and garage; mulch all shrub beds with cotton gin waste; and whitewash the inside of the cellar and add enough shelving to provide adequate storage space for all canned, cured, and dried food products.

Mrs. Henderson has 186 blood tested White Leghorns and has been selling about \$15.00 of eggs to the hatchery each week for some time. She is also raising some little chickens at present.

In the grove of live oak trees in front of the house Mr. and Mrs. Henderson are planning to build a rock furnace and place tables and benches for picnics and other outings.

Mrs. Dora R. Barnes, Extension Clothing Specialist, spent Monday in Coleman County. During her visit she had a conference with the Home Demonstration Agent, Alice Glenn Young, on the clothing work with the girls and the wardrobe contest for the girls in June.

Later she visited Ada Jean Jameson, Wardrobe demonstrator of the Echo 4-H club, and Mildred Keeney, Wardrobe demonstrator of the Cross Roads 4-H club, and talked with them about their work.

Improving storage space, re-furnishing furniture, adding bedroom linens, painting and re-papering, are being stressed by West Texas home demonstration club women in their bedroom improvement demonstrations started early this spring under the supervision of county home demonstration agents.

A make-shift closet has been remodeled and converted into an attractive and convenient storage space by Mr. D. B. McCombs of Runnels County. The closet was extended a foot in length, several inches in width and up to the ceiling and then covered with beaver board. A door was added to take the place of a creton curtain previously used. Rods for hanging garments and racks for shoes were also added.

Mrs. McCombs has also removed several coats of enamel from an iron bedstead by using lye paste and a steel scraper. "I'll never put a finish on a piece of furniture without removing the old finish first," she said. "Removing the old finish will not only give me a better working surface and make the furniture look better, but the piece will be easier to refinish again if I should decide to do that."

A wool comfort has been added to her room by Mrs. S. E. Welch of Ward county. The bat is encased in cheese cloth and weighs three pounds. The covering is of flowered saten and the comfort is lined with solid color.

Mrs. Welch has added a small dressing table made from orange crates. The curtains on the dressing table are from loosely woven sacking interwoven with bright colors.

A demonstration in washing home grown wool was recently given McCulloch county club women so that they might wash their wool and make their own comforts.

Few of us ever turn our critical ability on ourselves.

THIS PIG IS KEPT OUT OF THE PARLOR—Farmers everywhere are learning more and more of the many and varied uses of electricity on the farm.

Here a single strand of charged wire is sufficient fencing to keep the pig within bounds. Twice she has come into contact with the fence, and, although the amperage is very low preventing her from getting a serious shock, she will not touch the wire again. The Rural Electrification Administration in Washington will furnish information to farmers about how to use their electric service most economically and with maximum benefits.

W. T. Utilities Issues Paper on 25th Anniversary

"A graphic picture of the interests and activities of the region served by the West Texas Utilities Company" was the description of that company's recent Silver Anniversary newspaper publication as made by the National Research Bureau, Inc., which sent 150 copies of the Reporter-News section to industrial and business firms throughout the nation, it was learned here.

The information about Santa Anna and West Texas, including every major industry, natural resource and agricultural product, looms as valuable publicity for the entire region.

The National Research Bureau, in its editorial comment on the edition, says:

"From a modest concern supplying light and power to only one town—Abilene—to a huge organization serving 160 communities in 49 counties—'All that growth in the short span of 25 years!'"

"No wonder the West Texas Utilities Company, with headquarters in Abilene, made so much, recently, of its Silver Anniversary!"

"Through the courtesy of Gene Edo (editor of the section) of the New Business Department of that utility we hand you a copy of the Silver Anniversary supplement of the Abilene Reporter-News. Twenty pages of it—a complete, informative, interesting newspaper in itself."

"The editorial content presents a graphic picture of the interests and activities of the region served by the West Texas Utilities Company, while the advertising—of manufacturers, contractors and dealers—testifies to the high record in which the organization is held."

"Sixty thousand copies of the supplement were distributed to consumers throughout the territory."

and usually applied in the fall, will give good results on most pastures. Since manure is strong in nitrogen and weak in phosphorus, it should be supplemented with superphosphates.

Superphosphate alone may be the most profitable, because it costs less than the other mineral fertilizers and encourages growth of legumes, which in turn produce more nitrogen for the grasses.

The Agricultural Conservation Program carries provisions for benefit payments for the use of superphosphate. County agricultural agents can explain this feature of the program.

Mr. and Mrs. Fred Turner, Mrs. G. A. Shockley, Helen Turner and Maurice Kirkpatrick were Brady visitors Sunday afternoon.

Rev. Homer Vanderpool of Ballinger, former pastor of the Methodist Church here, visited for a short time in Santa Anna Monday.

Plans Made for WTCC Meeting In Brownwood

BROWNWOOD, April 8.—Elaborate preparations are being made for the nineteenth annual convention of the West Texas Chamber of Commerce to be held here May 10, 11 and 12.

Brownwood Chamber of Commerce already has appointed the convention steering committee and committee chairman. Jed Rix, assistant WTCC manager, has opened convention headquarters in Hotel Brownwood.

An attendance of at least 10,000 people is expected. Hotel reservations are being received daily.

The program will include two general assemblies, on Tuesday and Wednesday mornings.

In addition to the general assemblies, four group conferences will be held. "Soil Conservation and Flood Prevention," general theme of the entire convention, will be topic of discussion at one of the conferences. Subject of another one of the conferences will be "Oil and Gas Development in West Texas."

Two luncheons for WTCC directors, who are expected to attend from all affiliated cities and towns, will be held, one on Monday and the other on Tuesday. The directors will hear reports from the convention work committee and vote on proposals and resolutions received.

A luncheon for newspapermen and Chamber of Commerce secretaries will be held Tuesday, May 11.

Two outstanding shows, for which talent already is being secured, will be presented under the direction of Dr. Mollie W. Armstrong, Brownwood. The shows will be highlights of the Monday and Tuesday night programs of the convention.

Governor James V. Allred and Col. Ernest O. Thompson, member of the Texas Railroad Commission, have accepted invitations to speak during the convention. Other speakers of national prominence will appear on each program during the three-day session.

Uncle Jim Says

"Phosphates make pastures produce more on most any farm."

The most commonly known deficiencies in Texas pastures are generally phosphorous, humus, and nitrogen. These deficiencies not only result in a lowered yield of forage and an increase of undesirable grasses, but in a lowered mineral content in all plants. In other words, if a soil is lacking in phosphorous, the grass will not only make less growth, but animals grazing the pasture will not get enough phosphates for their needs.

Whon News

Whon's Second Annual Homecoming is drawing near, April 25th is the day. Everyone is urged to attend and make it bigger and better than last year's Homecoming Day. Bring full baskets and enjoy the day.

The Sunday School at the Baptist Church was well attended, two classes having the total number enrolled present. We are not satisfied yet, for everyone should be in Sunday School on Sunday morning.

Rev. Ray Kerr of Howard Payne visited in the Whon community last week-end and preached at the Nazarene Church last Sunday morning. Nazarene Young People's Society had a large attendance and a good program. The N. Y. P. S. is sponsoring a Revival meeting which is to begin Friday night and continue for ten days. Rev. J. W. Jennings and Rev. Howard Smith will start the meeting and others will probably preach too.

The Nazarene Women recently organized a W. M. S. which will meet twice a month. They met last Thursday night. The following officers were elected: Mrs. Howard Smith, president; Mrs. John Avant, vice president; Miss Corine Trawack, superintendent of study; Mrs. Gus Fiveash, secretary.

The play, "Whittlin'" which was presented last Friday night by the Whon faculty was enjoyed by everyone present. The house was full with quite a few standing.

The choral group of the school sang and several solos, duets, and trios by Miss Ina Smith, Mrs. J. B. Shannon and Miss Lillian Arthur were presented between acts.

Mrs. Ida Herring entertained the girls of Whon High School last Wednesday night with a slumber party. Those present were Misses Texas and Imogene Featherston, Rowena Goad, Robbie Lee Avant, Cloelia and Maxie Gene Black, Opal Smith, Vera Fay Tisdal and Mary Frances Herring. Those present reported a good time and mostly

a slumberless night. Mrs. Clovis Taylor and daughter, Patsy, visited her sister, Mrs. Ida Herring last Sunday. Mrs. N. E. Blackwell is visiting her sons, Monroe and Woodrow Blackwell and their families.

Mr. and Mrs. J. H. Beville and two children and Mr. Beville's mother of Monahans visited with Mr. and Mrs. McFarlin last Friday and Saturday. Rev. Riley McFarlin accompanied them home.

Mrs. John Lovelady's mother, Mrs. Armstrong, has gone to visit in Lockhart.

The Whon girls volleyball team won first place at County Meet last week-end. Everyone is proud of the youngsters who participated in the activities of county meet and we hope there will be more taking part next year.

WHON H. D. CLUB MEETS

Attract wrens, mocking birds, doves and quails to the garden or field by putting out grain for them to feed on, members of the Whon Home Demonstration Club learned at their meeting Tuesday. Curd or hard cooked eggs can be put in the garden for them to feed their young and the garden will be infested less with worms and insects.

Sow wheat, barley, or oats near watering places to attract wild geese and ducks. Numerous useful birds will be attracted.

Make the home and premises unattractive to flies and put out fly poisons to kill off flies. The following are formulas tried in previous years by members of the Whon H. D. Club:

(a) 1 tablespoon formaldehyde mixed with 1 cup sweet milk and placed in small lids around lots and poultry houses.

(b) Boil together 1 teaspoon arsenic and one quart water until it dissolves. Then add honey or sugar to sweet. Saturate cotton with the solution and place in small lids. Hundreds of flies can be killed and neither solution is harmful to poultry if the dead flies should be eaten by them.

The double program was given at Whon Baptist Church with nine members and one new member, Mrs. Carol Lovelady, present.

The next meeting will be on Tuesday afternoon, April 27 at

2:30 p. m. at the home of Mrs. Glenn Gill. Miss Alice Glenn Young will be present to give a demonstration.

Mrs. Sue Middlebrook and little son of Abilene spent last week-end here and attended the opening of the Phillips Drug Co. Mrs. Middlebrook is a daughter of the late S. H. Phillips, former owner of the drug store.
