"He Profits Most Who Serves Best"

SMOKE FROM THE MOUNTAIN

Employees of Phillips Drug Co. are worrying now about getting fat. They say they bumped the surplus pounds off dodging the crowded corners in their old store. They needn't worry because with the size of the store doubled, they need not take any reducing pills. Mr. Riley and Mr. Bell are threatening to put in an order for roller skates so they can give prompt service from one side of the store to the other.

If you have a flat or a gear that won't shift just right or any squeak about your car, just write the president of the company who makes the car—the big boy himself—to get service. That's what a certain fellow named Frankie who drives a 37 model Pontiac did the other day. The president—the ungrateful man—hasn't answered yet.

A visitor passing through Santa Anna recently stopped in the Service Cafe and complimented the firm highly for the instructive sign about our city which is placed on one of the walls there. It gives population, altitude, rainfall, industries here, and inducements to strangers, such as schools, churches, and recreational features. It is a good advertisement for our town.

There has been one young man trailing us all week snooping around to see if we snoop around to get some smoke on him. We got some which we are using. There was a lot more but it was censured.

The glass factory men regret very much the loss of one of their star workmen as he is leaving to take a position as water boy with a pipe line gang.

Sparks Whetstone—candidate for the job of second fiddle to Fred Astaire. If you don't catch on, ask him... He will.

Present Mayor, Commissioners Re-Elected Tues.

E. D. Mayor was re-elected mayor of Santa Anna Tuesday when balloting for mayor and two city commissioners was held at the city hall throughout the day. The two commissioners chosen were J. Frank Turner and E. P. Ewing.

These three elected Tuesday, who have also served during the past term, were the only names on the official ballot. However other names for mayor and commissioners were written in the ballot.

Complete official returns from the election are as follows: Mayor: E. D. McDonald, 91; T. H. Upton, 55. Commissioners: J. Frank Turner, 101; E. P. Ewing, 98; J. T. Garrett, 52; W. T. Vinson, 31; J. Ed Bartlett, 1; B. T. Vinson, 1.

HAMBURGER PALACE LEASED BY BAIRD

C. L. Baird has leased the Hamburger Palace from Walter Wallace and is open for business. Mr. Baird is from Eastland and has had several years experience in cafe business.

He invites patrons to come visit his firm.

Shield and Garrett Notified of Seed Shortage by Co.

Shield and Garrett, Cotton and Grain office, has received word from the Glett Cotton Breeding Farms of San Marcos that there is a shortage of seed because of the great demand. The company has ordered the local office to send back all seed not paid for by customers. Shield and Garrett have promised patrons until Trades Day, April 14, to make payment on seed they have not delivered and if payment is not made at that time, the store will have no other choice but to send the seed back to San Marcos to raise the amount.

Seniors Will Present Last Play Tonight

Graduating Class of High School to Give "Listen to Leon" at Auditorium at 7:45 p. m.

The graduating class of the Santa Anna High School will present the traditional annual senior play tonight at the school auditorium. The play, "Listen to Leon," is a three-act comedy and promises to be the highlight in the performance given by this class throughout its school career.

The play will begin promptly at 7:45 p. m. and will be preceded by musical numbers by the local band under the direction of Tom Wallis.

The curtain will rise in the setting of a summer resort hotel in western New York and the plot thickens throughout the action because the main lead, Leon Bryan, played by Raymond Holland, tells one giant lie to get out of a previous one. The predicaments he gets into and the characterizations of the supporting cast make the play one of fun for the audience.

Funds for the play will be used in helping sod mountaineer field.

Members of the cast and the parts they will play are: Frank McGonagill, Archibald Darby; Carlene Ashmore, Anne Cushman; Marilyn Baxter, Carolyn Jamison; Raymond Holland, Leon Bryan; Duane Moore, Colonel Bryan; Rosalie Niell, Babe; and Doris Rollins, Nellie.

Other entertainers between acts besides the band will be Ruby Lee Price and Doris Spencer, who will sing duets; a Chorus, "Organ Grinder's Swing," by high school girls, and a feature entertainment, "Mud Pie Days," by H. L. Lackey and Ruby Lee Price.

Funeral Held for Mother of Local Resident

Funeral services for Mrs. Rachel Adeline Shelton, mother of W. A. Shelton of Santa Anna, were held at Gouldbusk Friday, April 2 with the Rev. Harry Miller, Baptist pastor, officiating.

Mrs. Shelton was born August 19, 1849 in Mississippi and came to Coleman County 31 years ago. She was 87 years of age at the time of her death, which occurred at the home of her daughter, Mrs. J. W. Hunter of Coleman.

Other children surviving her are J. G. Shelton of Coleman, T. G. Shelton of Phoenix, Ariz., and Mrs. M. H. Priest of Winters.

Interment was made in the Gouldbusk cemetery. Arrangements were in charge of J. E. Stevens Co.

NEW VARIETY STORE TO BE OPENED HERE

Roy F. Reid of Merkel has made arrangements to establish a five and ten cent store in Santa Anna in the building where the Smith Fruit Stand is now located.

The new store will be called the Reid Variety Store and work on the building will begin immediately after the present store is able to move, which will be in ten days or two weeks.

Mr. and Mrs. Reid and family will move to Santa Anna to make their home as soon as school is out in Merkel.

Trustees Elected For School Board

W. H. Ragsdale, J. C. Grantham and B. T. Vinson were elected members of the Board of Trustees of the Santa Anna Independent School District at the election last Saturday at the City Hall.

Mr. Ragsdale and Mr. Vinson are filling the places left vacant by the expiration of their terms. Mr. Grantham is filling the place of J. Frank Turner who did not run for re-election.

Rev. and Mrs. Joseph I. Patterson and family of Cleon were here Wednesday to attend the funeral of G. F. Barlett.

Actor to Appear Here

SMILEY BURNETTE

Republic Pictures comedian, who has played a feature comedy role in every Gene Autry picture, will make a personal appearance at the Queen Theatre here Tuesday, April 13. Admission will be 10 and 20 cents.

Services for Jerald Ramsey Held on Sunday

Six-Year-Old Son of Mr. and Mrs. H. H. Ramsey Dies From Injuries Received Friday

Funeral services for Jerald Henry Ramsey, son of Mr. and Mrs. H. H. Ramsey of Rockwood, were held Sunday, April 4 at 1:00 p. m. at the Baptist Church at Rockwood with Rev. Albert A. Alley of Fife conducting.

The young boy, who was born July 12, 1930, was injured last Friday while riding a tractor, and died of his injuries the following day. He was only 6 years, 8 months and 22 days old at the time of his death.

Surviving him besides his bereaved parents are two brothers, Willie Frank and Harold Kenneth Ramsey.

Palbearers were J. R. Beaman, J. T. Pearce, R. L. Roberts and J. U. Rasco.

Interment was made in the Whon Cemetery. Arrangements were in charge of Hosh Under-taking Co. of Santa Anna.

Many Attend Formal Opening Of New Store

Mrs. Shockley Opens Ready to Wear Store in New Location Saturday with Special Attractions

Many visitors and customers took advantage of the opening of Mrs. Shockley's Millinery and Ready to Wear Store Saturday and visited the store for bargains and to see the new stock which she has placed in the various departments.

Flowers, gifts of friends, in large baskets decorated the counters and ferns were placed near the entrance and above the racks.

Several high school girls and ladies were present to assist Mrs. Shockley in greeting and waiting upon customers; among these were Gene Adams, Marilyn Baxter, Helen Turner, Faye Routh, Mrs. S. W. Childers and Mrs. Emma Ratliff.

Visitors were conducted through the new dressing rooms and beauty parlor, which will be conducted by Miss Eddie Byron of the Dorothy Jones Beauty School of Fort Worth.

Prices on all hats, crepe dresses, wool suits, purses and other articles were reduced for the event.

Refreshments of orangeade and cake were served to all visitors.

F. F. A. Team Wins Third in One Division

The judging team, composed of Joe Ray Stapleton, Burton Gregg, and Buddy Lovelady, which represented the local FFA chapter at the Area meet in Stephenville Saturday won third place in vegetable and pecan judging.

Burton Gregg was 17th high man in budding and grafting. Those who represented Santa Anna at the meet besides the boys mentioned above were M. L. Guthrie, Willard Wilson, Duane Mopre, J. T. Garrett, and Dolphus Ashmore.

Roy F. Reid was in Santa Anna Tuesday from Merkel in preparation for establishing his new variety store here soon.

All Interested Entitled To Play in Soft Ball League

From the article that ran in last week's paper a number have gathered that only the business men, who live and work in town, will get to play in the soft ball club this season. That is altogether the wrong idea. There will be two leagues, one to consist of business men who will play business men. The other league will be of sponsored teams and there will be no restrictions as to where the player lives if it is in the trade territory. This league will be the fast league and probably will have the best teams. The city league will probably consist of four or five teams and ten to fifteen sponsored teams.

There will be an entrance fee of \$1.00 paid by each player or by the sponsor for each man on his team. This fee will be used to equip the field for night playing and if enough money is secured it will apply on the light bills.

Don't get the idea that if you live in the country or do not work in town that you cannot play for the best players may be the ones who live in the country. The town players will not be barred from playing on sponsored teams.

Turn your dollars in to the treasurer, Jim Bob Gregg, at the Santa Anna News office. As soon as enough are turned in to get the field ready, work will begin and the teams will start playing in the next two or three weeks.

Phillips Drug Company Plans Four-Day Opening in Remodeled Building

Last Rites for G. F. Barlett Held Wednesday

Resident Passes Away Monday After Lingering Illness

Funeral services for George Francis Barlett, who died Monday, April 5, after a lingering illness of many months, were held Wednesday at 10 a. m. at the Methodist Church. Conducting the services were the local pastor, Rev. J. V. Davis, and three Methodist pastors, who had been former pastors of the deceased, Rev. Hubert Crane of Morton, Rev. Ira Kirkpatrick of Rockwood, Rev. J. I. Patterson of Cisco.

Mr. Barlett, the son of James W. and Lucinda Jones Magee Barlett, was born in Clarion County, Penn. on Sept. 6, 1875.

He was converted in early life and united with the Methodist Church in which faith he lived and labored until his death.

He completed his public school course in Scotch-Hill public school in Pennsylvania in his fifteenth year and then attended Clarion Normal College. He later entered Alleghenia College where he became a member of the Greek letter fraternity, Phi Delta Theta, which honor he maintained through the years of his life.

In early manhood, he was employed as a reporter on a large daily paper, where he remained for some years, later becoming managing editor of a prominent daily, "The Pittsburgh Times."

Mr. Barlett was married twice. His first wife was Miss Emma D. C. Schafer of Hamilton, Mo., the marriage being solemnized on August 1, 1914. To this union were born two children, Lena Jane and Georgia Frances. His first wife preceded him in death March 9, 1925.

His second marriage was to Mrs. Georgia A. DeGroat Rodgers on June 26, 1926.

After leaving the east, he came to Oklahoma where he became interested in and later engaged in the promotion of

PTA Delegates Attend Meeting on March 29-31

The Santa Anna Ward School Parent Teachers Association sent five delegates to the District Conference which met in Brownwood March 29-31.

Those attending were Mrs. Glen Williamson, Mrs. Leroy Stockard, Mrs. R. W. Balke, Mrs. Jess Howard and Mrs. Joe Haynes. They reported a very interesting educational program was held.

The main topic of discussion during the conference was "Relation of the Home to Character Formation." Some speakers on this theme were Mrs. M. A. Taylor, state president; Mrs. C. E. Roe, National Field Secretary; and W. M. Green, superintendent of the Fort Worth Public Schools.

Mrs. F. E. Jacobs of Straughn was elected president of the conference for the ensuing year. Breckenridge was chosen as the next meeting place of the Conference.

MR. SPEER TAKES CHEVROLET AGENCY

Mr. and Mrs. H. L. Speer, formerly of Winters, have arrived in Santa Anna to make their home. Mr. Speer has taken over the firm formerly called Schreiber Chevrolet Co. and will be in full charge of Chevrolet sales here.

The Speers are at home in the Fred W. Turner apartment. C. E. Vermer and Arlie Welch will resume their positions with Mr. Speer.

Mrs. W. A. Hall Opens Beauty Shop Saturday

Grand Opening of Beauty Salon to Begin Saturday At Same Time of Phillips Opening Sale

Hall's Beauty Shop, operated by Mrs. W. A. Hall, will have its grand opening Saturday in coordination with the opening of Phillips Drug Co. where Mrs. Hall's salon is located.

The beauty parlor has been remodeled throughout with entirely new equipment. New linoleum in a green, white and black pattern has been laid. New permanent machine, new driers, manicure tables, shampoo equipment, mirrors and easy chairs have been added and every convenience has been installed for the comfort of the customers.

Mrs. Hall is a graduate of the Matney School of Beauty Culture in Fort Worth, and since her graduation in 1928 has established her business here for the past nine years in the same location where she is now. Previous to this time, however, she had her parlor in the store of Mrs. G. A. Shockley. She has been offered a position several times as instructor in the beauty school from which she is a graduate, but has refused the offer because of her family here and the trade which she had built up in Santa Anna.

Her opening values Saturday will continue through Wednesday with special prices on permanents. Ford Elliott of Waco will be here Saturday to assist Mrs. Hall in giving permanents and attending to other beauty needs.

B. T. U. Meeting To Be Held at Calvary Sunday

The B. T. U. Associational Meeting will be held Sunday at the Calvary Baptist Church at 2:30 p. m.

Chief speaker for the program will be Rev. Coulson, new called pastor of the Eureka Church, who will deliver an inspirational address. Reports will be given and banners will be awarded for the past associational revival.

Results of the associational revival show that there were 26 conversions and 27 additions to the church in the association, 4 new unions were organized, 15 leaders and sponsors were enlisted who had not been before, and another organization was added to the association at the Liberty Church.

Approximately 100 more awards were given this year than last, and the entire work was said to be better and more beneficial than that of last year.

Band to Play As Feature of Trades Day Wed.

The Santa Anna Band will present a special band concert Wednesday, April 14 as the chief entertainment for the Trades Day of the month.

A large crowd is expected to attend Trades Day, particularly since several stores are planning unusual values on that day, as shown by the advertisements in this issue.

Miss Cody Wallace of San Angelo spent last week-end here with her parents, Mr. and Mrs. W. E. Wallace. Mr. Wallace, who underwent a serious operation at the Sealy hospital last week is showing rapid improvement.

Sale to Mark Completion of Store Enlarging

Firm Established Here Over Fifty Years, Beginning in Mountain Gap; Old-Time Relics to Be on Display

Grand opening of Phillips Drug Co. large new store, which will include the old location and the adjoining east building, will be Saturday, April 10 and the opening sale will continue through Wednesday of next week which is also Trades Day.

Workmen are now busy on finishing up the hardwood floors which have been laid within the last few days and new equipment is being installed and new stock being arranged.

Two new floor cases have been purchased and new tables and chairs in black and silver modernistic furniture designs have been installed for the use of customers. The prescription department is also being revised and improved with new equipment and will be an open prescription department over which will be placed a neon sign. The department will continue to be in charge of the two registered pharmacists, J. W. Riley and Maurice Bell. Mr. Riley is also a graduate pharmacist.

New Jeweler Has Arrived The jewelry department will be enlarged and will be in charge of an experienced jeweler who comes highly recommended. He is John T. Payne, from Childress, and has had 22 years of experience in the jewelry business. His wife and daughter, who is of high school age, will come with him to make their home in Santa Anna.

Throughout the four days, April 10, 12, 13, 14 the store will conduct a one-cent sale of Penslar products.

The firm has been under the present ownership since August, 1927. Throughout its more than half century of existence in Santa Anna it has had an unusual history, having been started by Dr. Mathews in a small building near the gap of the mountain.

Does Santa Anna Want Paved Streets?

Election returns promised for a while Monday to be a "hot" battle, since business men were asked to place their names on the ballot or to write in names of business men whom certain citizens believed would sponsor measures believed to be urgent in Santa Anna.

The chief bone of contention between the citizens now seems to be the fact that although Santa Anna is in very dire needs of paved streets nothing has been done to further this move. PWA men have been in the city for several weeks, off and on, trying to get citizens aroused enough to want paved streets and aroused enough to present petitions to the mayor and city commission asking that something be done immediately about this proposed project which would be financed primarily by the Federal Government.

Some have blamed the city officers for the postponement, stating that other towns have paved streets and there is no reason why Santa Anna can't have the same. There is a fundamental difference in the finances of the towns, however, which plays no mean part in their ability to pave streets. These towns have city utility plants which not only makes reductions in the price which the citizens have to pay for power, but makes the city a nice profit which can be used for projects such as street paving. Santa Anna has no such revenue. The utility it does have, the water supply, has not been paid for and thus the city's revenue is very, very limited.

If Santa Anna citizens want paved streets let it be known. You have at least two propositions before you: talk up a city utility or get up a petition to vote bonds for the paving. Get busy now if you want paved streets.

Youth Leads at Huntsville

Although the man who presents fantastic ideas is generally regarded as a dreamer, it takes strange and unusual ideas before we are able to make progress. Even at that, if a man were to propose that all incarcerated criminals under the age of 26 be released and the money be used for keeping young folks OUT of prison, the idea would be received as preposterous. For people are more interested in seeing criminals are being punished than they are in keeping people out of prison.

Recently figures released from Huntsville showed that approximately 40 per cent of all persons in the penitentiary were under 26 years of age. The report showed that 5,948 prisoners incarcerated on December 31 were not yet 26 years of age. The counties containing the large cities led in the number of youths sent up with Harris (Houston) County highest with 228 and Dallas County second with 178. Bexar (San Antonio) County was third with 113 and Tarrant County had 90.

The answer to the problem is simple and not too expensive. Efforts should be redoubled in large cities of Texas to guide the activities of youngsters into wholesome channels. If this is done there will be no more such awful records as are revealed at Huntsville. —Cleburne Review.

SOIL CONSERVING PRACTICES FOR AGRICULTURAL CONSERVATION PROGRAM

(By S. E. Rosenberg, Ass't. in Agricultural Conservation)
Soil conserving practices are those crops or practices used on land taken out of the production of cotton or general soil depleting crops and on the acres of land in the soil conserving base. As much as 35% of the land may be diverted from the cotton land or base and planted to soil conserving crops. This would give the maximum Class I payment for diversion of cotton. The maximum diversion for General Soil depleting crops or feed crops is 15% of the base. Soil conserving crops or practices earn the Class I payment for the farm. There are a number of approved soil conserving practices, many of which are similar to the practices used in 1936. The following is a complete list of the soil conserving crops and practices approved for the wheat and grain sorghum area in which Coleman county is included.

Quoted from Section 104, S. R. B-101. Part IX (Revised) "Land devoted to any of the following crops or uses shall be regarded as used for the production of a soil-conserving crop or for a soil-building practice in lieu thereof, except that any land which is devoted to a soil-depleting crop in the same year shall be regarded as used for the production of a soil-depleting crop in such year, except as otherwise provided. Any acre which is devoted to two or more soil-conserving crop or practices in lieu thereof in the same year shall be counted as not more than one acre of soil-conserving crops.

- (a) Legumes, including Austrian winter peas, sweet clover, alfalfa, lespedeza, cowpeas, and mung beans.
- (b) Peanuts if pastured.
- (c) Grasses, including native grasses planted in 1936 or 1937. Dallis, rye grass, Bermuda, or grass mixtures.
- (d) Sudan grass, seeded solid or broadcast or in rows not over 4 feet apart, not harvested for seed or hay.
- (e) Any sorghum or millet seeded solid or broadcast or sweet sorghum in rows not over 4 feet apart, grown in 1937 and all the crop left on land or plowed under provided a reasonably good growth is attained.

(h) Natural restoration of native pasture on cropland contour listed or contour furrowed and not grazed in 1936 or maintained by withholding grazing therefrom in 1937 and allowing the natural coverage to remain as a protection against erosion.

(i) Reestablishment of native grasses by seeding or sodding.

(j) Three-fourths of the acreage of cropland on which controlled summer fallowing is practiced and provided such land is contour listed or furrowed.

(k) Two-thirds of the acreage on which controlled summer fallowing is practiced and which is listed or furrowed not on the contour.

(m) Idle land terraced in 1937 in accordance with good terracing practices.

(n) Forest trees, planted on cropland since January 1, 1934.

In addition to the soil conserving crops and practices listed there are some practices used in combination with or following soil-depleting crops. An example of such practice might be peas interplanted in maize. Such acreage will be considered as total acreage in the respective soil-depleting crop and in addition the respective part of acreage that is seeded in soil conserving crop. It is quickly seen that if this practice was used as a means of qualifying the farmer would be overplanting his feed base and subsequently would incur a penalty. However, these practices might be used if idle land, to take up the reduced acres, is left in some part of the field. Also these practices might be used to take up a part of the Soil Building Allowance.

In summarizing the soil conserving crops or practices that might be used on land diverted from cotton or feed crops or land in soil conserving base in order to earn the Class I payment, we find that winter or summer legumes planted on cropland, peanuts pastured, native grasses planted, sudan grass seeded solid or broadcast or in rows not over 4 feet apart, not harvested for seed or hay, sorghums or millet seeded solid or broadcast and all crop left on land or plowed under, natural restoration of native pasture, reestablishment of native grasses, three-fourths or two-thirds of land summer fallowed depending on method used, idle land terraced, or forest trees planted on cropland, are all classified as soil-conserving practices. A farmer may use one practice plus as

Know Texas

DENTON, April 8.—"Nuts to everybody!" could well be Texas's slogan, since its pecan crop is not only the oldest one in the state but is also the largest in the nation.

Although pecans come under the classification of small miscellaneous crops, they have possibilities for developing into an important business in the future. Already the value has grown from \$630,000 in 1932 to over two million in 1935.

With cultivation centered around the counties of San Saba, Brown, Tom Green, Kimble, Llano, Burnet, Lampasas and Guadalupe, these nuts are also grown in more than 50 other counties. Several orchards have been planted, but native trees still furnish most of the crop.

Farmers who have begun to look around for something other than cotton with which to earn a living have turned their attention to this industry. A good crop usually comes every two years, and at that time heavy shipments are made out of state.

There is only one pecan-

shelling, packing, salting and candy-making factory in Texas, so a large surplus of Texas nuts is shipped to other states to be shelled. This is one more instance where Texas is missing out on an opportunity to keep money in the state through lack of the necessary manufacturing facilities. The loss from producer to consumer on raw nuts is almost direct, but the shelled, cellophane-wrapped pecans have travelled a long way from home before they return.

Ablene Legion Post Erects New Recreation House

Recreation spots where West Texas boys and girls can run and play, where their mamas and papas can go for a swim and a dance, and where the younger set can meet in their run-down flivvers or their swanky sport models—that's the example set by Ablene's American Legion.

"The harder people work, the more they need relaxation," opined W. R. Mulroy, local manager for the West Texas Utilities Company who paused from his multitudinous duties long enough to discuss the Legion's Building project in Ablene.

"Now, take those boys there," he continued, "they don't have much money to work with but they've managed to dig up the dinero for a 50 by 130 foot club house—all because they work hard and they want to have a little fun in their spare time."

"And they're not doing any slouchy job, either. Modern as any high-powered club house in the country. Why, they've already installed 90 feet of lumiline lights in four different colors across the ceiling of that building. And they're dickering for an attic comfort cooling system so they can sit and read, write or do their jiggling, this summer with all the comfort of a seaside resort. They've even figured out a way to finance a complete electric kitchen for their banquets and conventions. Those boys sure have got something on the ball."

The Ablene Legion has a 5-acre plot on the main highway east of the city. Located on the site is a children's playground, a natatorium, a caretaker's cottage and the new club house 50 by 130 feet in size. The entire grounds is lighted by flood lamps.

The club house, constructed of native stone, includes a dance floor 35 by 81 feet which can be converted into a theatre with a stage at the north end; lounge rooms for men and women; banquet kitchen; lodge room and office. A patio, 12 by 88 feet, is on the east side facing an artificial lake and the swimming pool. A cove lighting system, with center ceiling construction of lumiline changeable lamps in four colors, (red, green, yellow, and blue), extends the length of the building.

Ruck Sibley, chairman of the building committee and former post commander, said completion and gala opening of the club house on June 1 will culminate a drive begun 11 years ago by the Legion for a recreation park which might be opened to the public. Income from the swimming pool and dance facilities will be used to promote Parramore Post's "community service, child welfare and public safety" program.

The Post plans a three-day dedication program about June 1. A nationally famous orchestra will be secured for the event, Sibley said.

Bones, Scrap Iron Source of Revenue to Texas Farmers

AUSTIN, April 8.—Texas farmers are reaping a harvest selling bones at \$10 per ton and scrap iron at \$4 and \$5 per ton, according to a survey just completed by the Texas Planning Board.

Most of the bones are being purchased for fertilizer, chicken feed and bone meal. The best grade of bones are being bought up by sugar factories for use as a bleaching agent for pure cane sugar.

The scrap iron is being purchased by buyers representing Japan.

Texas farmers who "plowed under" thousands of head of cattle for the Government during the AAA cattle buying program are now writing a glorious end to this phase of the New Deal by digging up the bones of the slaughtered cattle and selling them for fifty cents per hundred pounds.

It is not uncommon to see scores of wagons scouring the countryside in some parts of the state for bones. In several West Texas towns huge piles of bones have taken the place of the usual scrap iron heaps.

George Rhone Builds Grain Elevator Here

The grain elevator, being built by George Rhone of Coleman, which will be located south of the railroad will have 1,000 storage capacity, and will be complete before the grain season.

The modern equipment will include a 34-foot, 15-ton Howe mill, and a 22-ton roller.

Miss Daniel Given Shower Following Loss of Home

A shower for Miss Ruby Daniel, whose home burned to the ground last Monday morning, was given Tuesday afternoon at the home of Mrs. J. D. Williamson, Sr.

Bringing gifts for Miss Daniel and the new home which she, her brother, and her father will build as soon as possible, the honoree was showered with every conceivable article of clothing and household linens and cooking utensils.

The honoree thanked each giver very gratefully for their kindness to her and her family in the loss of their home.

Those who were present and who brought gifts were:

Mesdames Virgil Rowe, Leonard Williams, Paul Bivins, C. M. Woods, Roy Woods, R. W. Douglas, Pierre Rowe, H. L. Griffin, O. B. Townsley, A. D. Constable, H. G. Taylor, J. W. Townsley, Edd Schrader, J. Mrs. Ross Kelley Entertains for Merry Wives Club

Mrs. Ross Kelley was hostess to the Merry Wives Club on last Thursday afternoon.

After a pleasant hour was spent in crocheting and embroidering, the hostess served a delicious plate consisting of angel food cake and ice cream with a dainty bouquet of "Johnny-jump-ups" as plate favors.

Those attending were Mrs. Lawrence Smith, Mrs. Leman Brown, Mrs. O. L. Cheaney, Mrs. Rex Golston, Mrs. Dennis Kelley, Mrs. S. W. Childers, Mrs. Ford Barnes, Mrs. Jack Woodward, Mrs. Lee Hunter, Mrs. Roger Hunter and Miss Eulalia Grady.

Harris-Ryan Nuptials Performed Wednesday at Baptist Parsonage

Miss Margaret Harris of Brady became the bride of Graham Ryan of Rockwood in an impressive ring ceremony at the Baptist parsonage in Santa Anna Wednesday evening at 6 o'clock, with Rev. R. Elmer Dunham officiating.

The young couple was accompanied by Mr. and Mrs. St. Clair of Brady.

The groom is the son of Mr. and Mrs. G. T. Ryan of Waldrip and is well-known here.

Mrs. J. H. Griffith Honored on Birthday

A surprise party honoring Mrs. J. H. Griffith on her 74th birthday was arranged Tuesday, April 6 by Mrs. W. E. Baxter at the home of Mrs. Griffith.

Friends of Mrs. Griffith arrived at her home at 3 o'clock and showered her with gifts, wishing her a happy birthday. Mrs. Baxter brought in the birthday cake on an old time cake stand and it was placed on the table decorated with spring flowers.

Bouquets of violets were used as plate favors. Cake and orangeade were served to the guests, who wished Mrs. Griffith many more birthdays.

Those present were Mrs. M. L. Bowers, Mrs. J. F. Mills, Mrs. T. Culverwell, Mrs. M. E. Harvey, Mrs. J. R. Gipson, Mrs. A. R. Brown, Mrs. T. R. Sealy, Mrs. Travis Hays, Mrs. W. E. Baxter, Mrs. Roy Wood, Master Kenneth Wood, Master Joe Griffith, and the honoree, Mrs. Griffith.

Mrs. Jim Newman Entertains U. D. C. With Luncheon

The U. D. C. Chapter of Santa Anna enjoyed a delightful buffet luncheon recently at their March meeting held at the home of Mrs. Jim Newman.

Every member took a covered dish and a dinner of baked chicken and southern dressing was spread for the first course. The members were served dessert of coffee, banana custard and pumpkin pie topped with whipped cream and pecans.

Following the dinner the afternoon program was presented, consisting of Old Southern Songs, sketches of the lives of some of the Texas Writers and a Southern Poem.

After the program the hostess served vanilla ice cream and angel food cake to the following visitors and members: Mrs. Mrs. W. H. Garner, Mrs. H. W. Kingsbery, Mrs. W. R. Kelley, Mrs. W. O. Garrett, Mrs. Maggie Mills, Mrs. J. R. Banister, Mrs. Paul VanDalsen, Mrs. John Lowe, Mrs. Henry Campbell, Mrs. Allison Weaver, Mrs. Seth Risinger, and Miss Dora Kirkpatrick.

The April meeting of the U. D. C. will be at the home of Mrs. John Lowe.

Phillips Drug

(continued from page one)

of the opening of Phillips Drug Co. will be the display of old prescriptions used in Dr. Mathews store, Dr. Mathews saddle bags he used on medical calls, pictures of the old store and various articles which are fast becoming relics which are connected closely with the history of Santa Anna. These will be of particular interest to many older residents who will recall many of the things on display.

Phillips Drug Co. was established over fifty years ago by Dr. J. P. Mathews, father of Jodie Mathews, in a small building in the gap of the mountain. When the railroad came through Santa Anna, Dr. Mathews moved his building to the location where the bank is now.

A few years later Dr. Mathews sold the store to C. B. Aldridge, who in turn sold it to E. L. Lappington. A short time later Dr. Mathews again took over the store and with him was his former assistant, S. H. Phillips. When the state required that druggists reach certain state requirements, Mr. Phillips took the examinations and became a registered pharmacist.

After being in partnership with Dr. Mathews for several years, in the firm then called Mathews and Phillips, Dr. Mathews retired and sold his store to Mr. Phillips, under whose name the firm has since been known.

Under Present Owners Since 1927

The present owners took over the store in 1927, with Miss Ruby Harper as manager. Throughout its beginning through the present time the firm has spared no time or money to make the store of the highest standards in the prescription line, since at its founding Dr. Mathews had the main purpose in mind to aid the sick and extend medicine through countryside, an achievement which in those days was quite a large undertaking.

Present employees of the store include, besides Miss Ruby Harper, manager, Miss Elsie Lee Harper, Mrs. Andrew Schreiber, J. W. Riley, Maurice Bell, and several part time workers.

Rev. G. W. Smith has just returned from a two week's trip to Eldorado where he conducted revival services.

Mrs. W. S. Schultz and Mrs. Cora Hartgrove of Paint Rock attended the funeral of G. P. Barlett Wednesday.

We Welcome These Young People

At the close of the morning services Sunday, we were all happy to have coming accepting Christ five fine young people. Miss Ada Lois Newman, who for some time had been doubtful as to her first profession, came joining for baptism, and three young men from Augustus Lightfoot's class came joining the church for baptism, one other coming to make a profession of conversion, but not yet ready to join the church. The three coming for church membership were Messrs. Billy and S. A. Stapleton, Raymond Holland, Dolphus Ashmore was the fourth, and will unite with the church later. What a fine thing this class of young men is doing in keeping a nearly perfect attendance record and all staying for the preaching service. They occupy the longest pew in the church and crowd it for every Sunday morning's service.

Visitation Vindicated Again

Although not all the school went visiting Saturday as scheduled, a number did go and the ones who did saw gratifying results in the increased attendance of their classes and departments. There were many present Sunday who have been absent a long time, and some who never have attended Sunday school here before. In spite of the rainy weather there were 229 present in Sunday school. Some who did not visit when they saw the results others got were heard to remark that "I really feel ashamed of myself for not visiting after a service like this." Visitation pays always.

Drinking Driver Converted

As a party of loyal people were returning home from Comanche, where they had attended the splendid sessions of the District 16 Sunday School and Training Union Convention, they came upon what had been a near tragedy. A driver of a sedan with his baby boy in the back, had been unable to make a hair-pin turn on a high hill, and had crashed through the fence, and was hanging precariously over the bluff. With the assistance of a Ford Convoy truck and a group of Howard Payne ministerial students, the party was able to get the car back on the road. Whereupon, Rev. Pat Hall of Bangs set to work and told the man just how sinful he really was to do such a thing as take a little baby out and drive with it while drunk. So great was the man's conviction that the preacher was telling the truth that he repented, confessed Christ and went home, promising to live a different life from now on. It was an unusual experience, as the man agreed for the preacher to pray God to kill him outright if he ever touched drink again.

Over a Hundred at Sunday School Association

At the 2:30 Sunday afternoon meeting of the Coleman County Baptist Sunday School association 107 people were in attendance and the conferences were the most helpful of any ever held. Rev. Kelley Barnett is doing things wonderfully well in this organization. He announced plans for a Training class for all the association during the last week in April. A number from here attended this meeting.

W. M. U. Association Holds Meet Here

Friday of the past week the local Woman's Society was host to the whole association and a representative group from each church was in attendance. The theme for the day was Evangelism, and the district president, Mrs. Svelis, from Brownwood was the chief speaker. A luncheon was served in the basement.

at noon by the local society, under the direction of Mrs. J. Ed Bartlett.

Senior Preps Went to Liberty - The Senior Prep Union under the sponsorship of Mrs. Lock rendered a program for the new Unions at Liberty Sunday night, returning home in time for the preaching services here. A fine attendance and hearty interest was waiting for them and they gave some good talks in connection with the program.

Hardin-Simmons Will Entertain H. S. Seniors

Santa Anna high school seniors are hoping to go to Hardin-Simmons University at Abilene on Saturday, April 24, which has been designated as Senior Day for three thousand high school graduates of West Texas.

The group will go to Abilene in private cars, returning late Saturday night.

Abilene, April 8.—Three thousand high school seniors will see a junior edition of Texas' Pan-American Exposition when Hardin-Simmons university plays host for Senior Day, April 24.

Plans for the "sun to sun" program were mapped last week to include everything from "Wonders of Science" to the season's first football game.

S-A-H-S Cowboy Band Will Play

The famous Cowboy Band, official band of the Pan-American Exposition, will welcome visitors early Saturday morning and pipe them into the Cowboy stadium for a full hour of entertainment before lunch.

Free barbecue, fixed as only West Texans know how, will be center of attraction during the noon hour. New university barbecue pits await the responsibility of many calves and sheep.

S-A-H-S Football Game Scheduled

Each department will give shows and exhibitions between 1:30 and 3:30 o'clock. Science shows, radio auditions, concert music, and athletic bouts headline the side attractions.

The annual program will be climaxed at 3:30 o'clock when two picked eleven battle on the gridiron. Alton Terry, American's No. 1 javelin thrower, will show his wares between halves.

Texas Woodmen to Meet in Abilene on April 15, 16 and 17

SIX NATIONAL DIRECTORS TO ATTEND THE BIENNIAL HEAD CAMP CONVENTION

Farrar Newberry De E. Bradshaw William E. Mooney R. E. Miller

The biennial Head Camp convention of the Woodmen of the World Life Insurance association in Texas will be held on April 15, 16 and 17 in Abilene, according to E. R. Coffee, of Houston, head consul for the state of Texas.

No less than six national directors will attend the session, he said. They are De Emmet Bradshaw, national president of the order, of Omaha, Neb.; United States Senator Morris Sheppard, national treasurer, of Texarkana; Farrar Newberry, newly-appointed secretary, of Omaha; and State Manager R. E. Miller, of Dallas, William E. Mooney, of Chicago, and Dr. H. B. Kennedy, of Omaha.

Prominent Sovereigns of Texas who have indicated that they will attend the convention include John J. Wahl, member of the Committee on Legislation of the 1935 Sovereign Camp; Judge E. D. Henry, member of the Judiciary Committee of the Sovereign Camp; Dr. C. J. Koerth, medical superintendent of the Woodmen of the World hospital, all of San Antonio; and the following Head Camp officers: W. A. Tidwell, of Shreveport, J. H. Flood, of Dallas, Frank Butts, of Ector, Guy Quisenberry, of Dallas, W. T. Moore, of Beaumont, George Knapp, of Calvert, and Pete Bacher, of Houston.

President Bradshaw, who is honored and respected in every state in which the association operates, is particularly interested in improving and enlarging the services of the Woodmen of the World Memorial hospital at San Antonio, Tex. Here, members afflicted with tuberculosis are treated without cost.

During 1936 alone, the Woodmen of the World enrolled more than 80,000 new members, with insurance protection totaling in excess of \$108,000,000.

Woodmen membership now totals nearly 400,000 men, organized in about 8,000 local camps, in 44 states.

S-A-H-S Two \$1,500,000 Refunds

In the spring of 1936, and again in February, 1937, the association returned about \$1,500,000 of assessments to its members.

These were the largest single refunds ever made by a fraternal society, and affected nearly 300,000 members each year. Eligible for refunds were all members who had held a beneficiary certificate (in good standing at the end of 1936) for two years or more.

S-A-H-S Elect Sovereign Camp Delegates

At this meeting, delegates will be elected to represent the jurisdiction at the Sovereign Camp convention, the supreme representative legislative body of the Woodmen of the World, which meets later in the year.

S-A-H-S Local Woodmen who are planning to attend the Annual convention if possible are Joe B. Flores, Clarence Gilbert, Jim Bob Gregg, Reg Owen, and E. W. Marshall.

Liberators of Two Americas Paid Tribute at Exposition

DALLAS, Texas, April 8.—Broad avenues through the Pan American Exposition were dedicated in name Thursday to honor liberators and revered statesmen of Mexico and South America; for Simor Bolivar, for San Martin, for Jose Marti and Benita Juarez; a stately plaza named in honor of Miguel Hidalgo.

Avenida de Simon Bolivar, named for the liberator whose statute stands in parks of most cities of South American, extends around the Hall of Horticulture and village of model homes in the Exposition, passing in front of the replica of Texas' own shrine of independence, the Alamo.

S-A-H-S Argentina Hero Given Tribute

Avenida de San Martin, named for the patriot who led an army across the Andes through tortuous Uspallata Pass to defeat the Spanish at Chacabuco and free his people of Yapeyu, now part of Argentina, extends around the Cotton Bowl stadium, where athletes of San Martin's country and a dozen others will compete in Pan American Games this summer.

Fervid poet-patriot, Jose Marti, who roused his Cuban countrymen to revolt for liberty, is honored in naming of the avenue leading from the Hall of the State of Texas at the \$25,000,000 Pan American fair park to the stadium approach.

Across a lagoon from wide steps at the entrance of the Hall of Fine Arts, Plaza de Miguel Hidalgo is named for the Mexican priest and revolutionist, degraded by the Inquisition and shot for the cause of Mexico's independence.

S-A-H-S Indian Patriot Honored

Name of Benito Juarez, who was a small Indian boy when in 1811 Hidalgo's mantle fell to Morelos, but who rose to lead the Mexicans to victory over a French attempt to establish an empire under Maximilian, is given to the arterial drive through the agrarian way of the international fair.

DENTON, April 8.—Sunday night suppers have come into prominence as social affairs within the past few years. Such an occasion is the opportunity "par excellence" for dispensing hospitality to friends who do not have a home, or for gathering a group of friends into a Sunday Night Supper Club.

Menus may be as simple or as elaborate as the hostess can prepare and serve with ease.

The buffet method of service is well adapted to this type of meal. The food may be arranged attractively on platters and placed on the main table just before the guests arrive.

Each guest serves himself and selects a congenial group with whom to chat. In case the hostess' home is large enough, card tables may be placed over the living room and dining room, and the guests seated in some designated way.

Tongue A La Maryland: 1 beef tongue, 1-4 c. butter, bay leaf, 1 T. whole cloves, 1-2 tsp. salt, 3-4 c. brown sugar, 1-2 c. canned or cooked cherries, 1 c. broth (from tongue) and 1-2 lemon. Scrub tongue and put on to simmer in sufficient water to cover it. Cook until tender.

Trim the root end and remove all the skin. Place in a covered pan and add salt, cloves, butter, bay leaf, brown sugar, cherries, broth in which tongue was cooked, and sliced lemon. Let simmer, covered, on top of the stove. When very tender, remove cover and cook until broth thickens.

Ambrosia: 1 c. sliced orange, 1 c. diced pineapple, 1 c. diced peaches, 1 c. grated cocoanut, sugar. Pare and section oranges, saving all juice. Cut in pieces. Arrange alternate layers of fruit in dessert glasses, sprinkling each layer with cocoanut and sugar. Over each glass pour orange juice. Serve very cold.

Thousand Island Dressing: 1 c. mayonnaise, 4 T. chili sauce, 1 T. chopped green pepper, 1 T. vinegar, 1 T. chives, 1 T. chopped red pepper, 1 t. paprika, 3 T. catsup. Chop the pepper and chives finely. Add the ingredients to the well seasoned mayonnaise and blend thoroughly. Chill and serve on head lettuce salad.

Lemon Meringue Filling: 4 T. corn starch, 1 c. sugar, 1-2 c. boiling water, 1-2 T. butter, 2 egg yolks, 1 lemon (rind and juice). Blend the sugar and corn-starch thoroughly and add to the well beaten egg yolks by spoonfuls. Gradually pour the boiling water over the mixture and stir constantly to prevent lumping. Pour the mixture into a double boiler and add butter, lemon juice, and grated rind. Mix well. Let mixture cool before putting it into the pastry. Cover the top of the pie with meringue and bake at 300 degrees F. for 10 to 15 minutes.

S-A-H-S More and more it is becoming evident that those who have the ability to work and earn are going to have to support those who do not have the ability or the energy to earn.

south identify the key avenues through the Pan American Exposition at Dallas, where June 12 through October a "Cavalcade of the Americas" will dramatize the common theme of liberation throughout the north and south continents, and the entire international fair is built around President Roosevelt's Good Neighbor policy.

Local Men Donate to Tate Museum Here

M. L. Lightfoot and L. Adams, both of Santa Anna have articles which they had exhibited at the Tate-Max Museum while it was here Monday near Walker's Pharmacy corner.

The article donated by Mr. Lightfoot is a hand made inset picture frame made of cedar gum, white pine and black walnut and contains a total of 270 pieces of wood.

Mr. Adams gave the museum a sample of raw glass from the glass factory here and according to the man in charge of the Museum, has been of great interest to Texas people who wanted to know more of Santa Anna's unique industry.

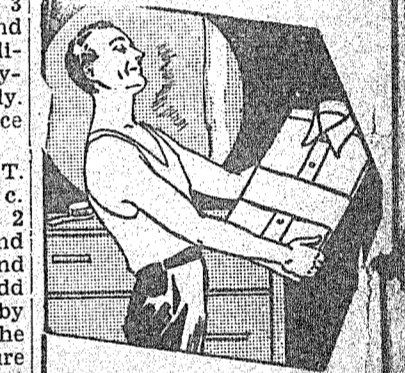

Other trophies included animal heads from Africa, among them the sable and eland. There were many Texas long horns on display, one the longest from Texas longhorn, measuring from tip to tip at 8 ft. 2 in.

One of the unique exhibits donated by Fire Chief Murphy of Ranger, was the growth of two trees several feet apart whose branches had grown together.

Another Texas exhibit was the horned rooster donated by J. M. Butler of Stephenville.

Todd's Dairy Praised by Visiting Man for Cleanliness, Modern Equipment

Firm Is Now Distributor of Bireley's Orangeade; Visitors Welcome to Inspect Dairy Barns, Watch Preparation of Milk

"Todd's Dairy is one of the finest and cleanest dairies I have ever seen for a town of this size," stated a recent visitor from Abilene after inspecting the modern dairy equipment located on the Todd farm a short distance west of Santa Anna.

Todd's Dairy, which has served this community with milk for many years is now also the distributor of Bireley's Orangeade which has been seen in local grocery stores recently.

The dairy itself is well-equipped. The barn where the milking is done by gasoline motor apparatus, is enclosed to keep out flies and heat in the summer and to keep both workers and cows warm in winter. The floor is of concrete and is washed thoroughly daily.

Near the barn is the building where the milk is prepared for delivery. It goes through three processes of straining, two before it is ready for the milk bottles. All kettles, cans and other equipment used are scalded after each using and before

using again. The milk is strained again as it is poured into the bottles.

Bottles are capped by an automatic machine, which saves time and avoids handling the milk by hand any more than necessary. Each cap bears the name of Todd's Dairy.

Morning deliveries are begun before daylight and milking periods occur about one o'clock in the morning and one in the afternoon. At the present time about thirty cows are being milked.

For about a month this firm has also been the distributor of Bireley's Orangeade, a pure drink made of pure orange juice, water and sugar. The drink has been approved by the Good Housekeeping Institute and the bottle caps bear the seal of the Institute, the name Bireley's Orangeade and Todd's Dairy. This drink is distributed only by high standard dairies.

Visitors are welcome to come at milking time to watch operations and inspect the plant, according to John Allen Todd.

Mrs. B. M. McCain and daughter, Miss Louie, have returned from visiting her son at Valentine and her daughter at Dryden.

R. E. Mobley was in Santa Anna last week-end after several months of treatment in the Cisco Hospital. He returned to Cisco Monday.

Smiley Burnette To Appear Here On Next Tuesday

Smiley Burnette, Republic Pictures featured comedian, appearing personally on the stage at the QUEEN Theatre Tuesday, April 13th, has written more than fifty songs which have been used on the screen, over the air and have had big music sales, yet, Burnette cannot read a note of music.

Hollywood song writers marvel at this musical genius and declare that some day he will probably lead the nation's popular song writers. Tunes pop into his head at various and sundry times, and when they do he telephones for his "musical stenographer," a man who sits down and writes the notes of the tune Burnette either hums, plays on the piano or his beloved accordion.

Burnette, incidentally, is one of the most talented musicians in films. He actually plays twenty-six musical instruments well enough to sit down with any orchestra and play them. He also becomes a one-man band now and then, playing five instruments at one time. While he refuses to allow publicity to go out in connection with his charitable activities, Burnette perhaps appears on more charity programs than any other actor in Hollywood. Most of his spare time is spent giving of his talent for the common good.

Burnette started his professional career as a radio announcer and entertainer. He was on the famous Barn Dance program for some time, and when Gene Autry entered films Burnette came with him and has played the featured comedy role in every Autry picture.

SHIELD H. D. C. MEETS

A very interesting talk on "Traps for Flies" was given by Mrs. Clyde Vance Thursday, April 1 to the Shield Home Demonstration Club at the home of Mrs. H. E. Stewardson.

Mrs. Ward Evans spoke on "Prevention of Flies." If everything that draws flies is kept covered up or put up from the flies, the flies will not be so numerous as they would be if everything is left out or open where the flies can get to it.

Mrs. A. B. Carroll spoke on "Flies as Disease Carriers." Flies are very dangerous because they carry many diseases on them. If they light on your face, hands, or even food they are apt to leave a germ or a thousand germs.

The club will meet April 15 at the home of Mrs. G. C. McDonald. The program will be on "Dresser Scarfs."

Tuna fish sandwiches, cookies and hot cocoa were served to the eight members present.

Mr. and Mrs. Shield Brown of Greenville spent the week-end with his parents, Mr. and Mrs. A. R. Brown. Mr. Brown is a teacher in Greenville Junior College.

Mr. and Mrs. Henry Cook were in town trading Tuesday.
