# An Appreciation To Friends of the Hospital ---

Since it would be almost impossible to contact each one personally or to write a separate letter to each and every one, in behalf of the hospital staff, I wish to take this means to THANK each of you who participated in the shower for the hospital last Tuesday. In my appreciation, the value of the shower is not the only thing I wish to consider but the SPIRIT in which each giver gave to this cause.

Below is a list of names that I have and it is as complete as I know, but if any names are omitted it would be appreciated if they were reported to the Santa Anna News or to the hospital and a correction will be made and run in next week's paper.
