Mountain Echoes

By
Barbara
Kingsbery

By BILLIE WHEATLEY
Boy, if you don't want to work you better not apply for a job around here. For something that started out as a joke, this has turned into quite a "tea party." They have assured me they have a pencil sharpener and their typewriter spells just fine, that is if you push the right buttons.
I must give Barbara credit for being fair. I don't know what she used on Billie Gregg, but she gave me my choice. It went something like this: "You can either help me out by working or you can go have surgery for me." Decisions, decisions!

bw
Barbara is coming along just fine after having surgery on Thursday of last week, and is hoping to be home in a few days. The schedule of her "vacation" has run about like this:

Thursday: Just relax dear, this won't hurt abit.

Friday: Whispered, "Don't touch me. Don't touch me!"

Saturday: Also whispered, "There's nobody around here big enough to make me get out of bed."

Sunday: "I'll eat the Jello if you won't make me walk today."

Monday: "If you will bring me my mirror and makeup I'll"

bw
One of the earliest frosts in recent years was recorded last week when the temperature dropped to the freezing mark in many parts of the county.

Heavy frost covered cars and ground leaving quite a bit of damage to tender vegetation, especially cotton leaves.

Dumas Beeler Gins First Bale

Mr. Dumas Beeler, who farms north of Santa Anna, brought the first bale of cotton to the Santa Anna Gin last week. He reports that the cotton had been defoliated before the early frost.

The ginning season is expected to get underway at a faster pace as the frost has removed most of the cotton leaves on the area. There have been four bales ginned so far.

Mounties Clobber Miles Friday Night, 52-Zip

The Santa Anna Mountaineers scored eight touchdowns over the Miles Bulldogs last Friday night to keep in the District 6B West Zone race. The Mounties will host the Eden Bulldogs at home tomorrow night with game time at 7:30 p.m. This will be a must win against the state ranked Bulldogs.

The Mountaineers put together nearly 500 yards total offense against Miles, led by running back Norris Lewis with three touchdowns and 211 yards rushing.

The scoring started in the first quarter with a ten yard run by quarterback, Jody Brusenhan. The try for the extra point by David Chaffin was no good. Early in the second quarter Norris Lewis reached pay dirt on five yard scamper. Chaffin's kick was good and the Mounties took a 13-0 lead. Brusenhan came back in the same quarter and scored on a quarterback sneak from the two yard line.

After some fine running by Salvador Salazar, Chaffin converted for the extra point and the score jumped to 20-0. Lewis

had the final touchdown of the first half on a 35 yard run.

The Mounties scored 26 additional points in the second half with Lewis leading off on an eight yard run. Chaffin kicked the extra point to bring the score to 33-0. In fourth quarter Mike Warnock scored on 35 yard and 8 yard runs. Warnock chalked up 108 yards rushing for the night. Tommy Harris also put six points on the scoreboard on a 4 yard run and Chaffin converted for the extra point and the final score was 52-0.

Freddy Fellers, Paul Martin, Mike Pritchard, Timmy Bengé and Melvin Harmon all played an outstanding game.

Coach Anthony Strother said, "We are very pleased and proud of the hustle and excitement displayed by our Mountaineers. Everyone played a lot and did a fine job."

NEW SITE—A letter from Evangelist George Havens brought this photograph of the facade of a building being constructed from the stones taken from the old building on Wallis Avenue in the downtown section of Santa Anna. The new building is being constructed in Salado, Texas.

'Dirty Dozen' Downs Coleman

Once again the Mighty Mounties, now referred to as the "Dirty Dozen", carried out their vengeance on yet another foe Thursday night. The fearless twelve romped and stomped on the Coleman freshman team, beating them 29-8.

All the "D.D." were cited for outstanding performances. One of the many highlights was Jerry Culpepper's 27 yard field goal, that came late in the fourth quarter, with only seconds remaining.

The "Dirty Dozen" got off to a slow start this year losing their first two games, however, after reshuffling and reorganizing they were able to close out the year with a very fine 3-3 season.

All the coaches feel the J. V. program was very worthwhile and extremely high goals were met and in some cases, surpassed by many players.

Footballer Cited At Lions Club

At the noon meeting of the Lions Club on Tuesday, Coach Anthony Strother, cited a local youth, Norris Lewis as an outstanding football player on the Mountaineer team.

Norris is a senior in the Santa Anna School and has been a valuable member of the team.

Joyce Allan Named 'Booster of Week'

The Booster Club meets each Monday night at 7 p.m. at the V-Ag building. Everyone is invited to attend the weekly sessions.

Swine Flu Vaccine Arriving Slowly

Vaccine for the national swine flu immunization program is arriving slowly and in small quantities, but ample amounts are expected by late November, according to the Texas Department of Health Resources.

Lon Gee, health program specialist for the Department of Health Resources Immunization Division said, "As of the eighth of October, the Department has received a million and a quarter doses of vaccine for use across the state. One million doses may sound like a great deal, but there are more than 12 million people in Texas."

Gee added that deliveries are expected to be slow throughout October; he said, "Everyone is going to have to be patient." However, he said that considerably larger shipments are expected during November, and "We hope that by early December we would have vaccine waiting for us to find someone to give it to."

Two major types of vaccine are involved: a bivalent, or combination vaccine, that protects against both the New Jersey (swine flu) and the Victoria strain of Asian flu, and a monovalent vaccine against the New Jersey flu only. The bivalent vaccine is intended only for persons over 65 years old, or individuals of any age who are chronically ill. The monovalent vaccine will be administered to the general public.

Vaccine deliveries to date have favored the bivalent vaccine, Gee said, "because the elderly and chronically ill are a high risk group and we need to reach them first."

There is an old story of the Farmer that promised that one of his two calves should be the Lords.

All was well for a time. The calves thrived and grew. But, one day he found one calf dead.

After a period of deep distress, he broke the news to his wife: "Sarah, the Lords calf is dead." Is IT Not Often So?

By Billie Wheatley

I remember hearing someone say that there are three things you can't hide; Love, smoke and a man riding on a camel. This being an election year has made me quite certain of two things. That fellow on the camel had to be a candidate running for office, and there were only two weeks left until election day.

The debates brought to mind a little story told by President Wilson in the earlier years of our nation's history. Mr. Wilson was speaking to a good-sized crowd when he discovered a seven-year-old lad pushing and showing his way through the crowd. The boy finally landed in front of the President and shouted excitedly:

"Where is it! Where is it?" Mr. Wilson stopped his speech, and with a broad smile said good naturedly: "Well, my boy, I guess I'm it."

"Oh, pshaw!" responded the youngster, with a look of disgust. "I thought it was a dog fight."

1976 will no doubt go down in history as the "Year of the Great Debates." I've watched it all, the good and the bad, and I've tried to be fair by eating lots of "Peanut Butter" while reading, "Learn

To Ski in Three Easy Lessons." November 2nd will be election day, and on this our Bicentennial Birthday, I'm going to say thank-you to my forefathers by going to the polls and exercising my right to vote. How about you?

FIFTH SUNDAY DINNER

The "Fifth Sunday Dinner" will be held at First United Methodist Church this Sunday following the morning worship service. All members and friends are invited to come and bring pot-luck and enjoy the fellowship and fun.

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

If you smell natural gas, follow these 3 steps to safety.

The natural gas industry has one of the best safety records of any energy source in the United States.

The fact that you *can* smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Don't use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.
2. Have everything leave the house immediately, leaving doors open to help ventilate.
3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

He stated that too many leave this important matter until too late and their wishes may not be carried out at all as desired. He visited several families while here.

CAN YOU TRUST JIMMY CARTER TO DO WHAT'S BEST FOR THE AMERICAN FARMER?

Jimmy Carter is an engineer, a scientist, a former governor. He is also a farmer. His children will be the sixth generation on the same land. He understands what it means to roll up his sleeves to do an honest day's work for an honest day's pay. He also understands the abuses you have suffered during a Republican Administration which has taken excellent care of the grain speculators, the

Russians, the food processors and the powerful. At your expense. The Republican big-business approach to farming is a disgrace and a failure. American farmers are going broke trying to produce food American consumers cannot afford to buy. As a farmer Jimmy Carter is committed to changing that. As President, Jimmy Carter will change that.

FARM EXPORTS.

"We can't tolerate an agricultural policy which encourages foreign sales and then cuts them off for political convenience. We can only develop overseas markets for our goods, if our buyers can depend on us and the quality and quantity of our products. Our farmers are dependable. It's our government that's not."

DOMESTIC AGRICULTURAL POLICY.

"The Republican big-business approach to agriculture is driving the family farmer out of business. We need to end the threat of embargoes, to create small but adequate reserves, to establish realistic fall back prices. We need to develop an abundant production policy coupled with a vigorous expansion of our export markets."

RURAL AND SMALL TOWN DEVELOPMENT.

"Farmers are entitled to exactly the same standard of living that most urban dwellers take for granted—adequate water and sewer systems, affordable electric and telephone service and a realistic wage for a good day's labor."

ESTATE TAXES.

"The present estate tax threatens the very existence of the family farmer. It should be and will be eliminated with progressive tax credits or by a substantial increase in estate tax exemptions. Permanent farm land must be and will be valued at its production value. Not at its value to land speculators."

TOGETHER, JIMMY CARTER AND WALTER MONDALE WILL GIVE THE AMERICAN FARMERS A VOICE IN THE WAY YOUR GOVERNMENT IS RUN.

One of the reasons Jimmy Carter chose Walter Mondale to be his running mate was because they both share the same concern for the American farmer. Born and raised in rural Minnesota, Mondale has relentlessly and consistently fought for the rights of the family farmer. And as a U.S. Senator, his record stands as one of the most impressive in Congress.

CAN YOU TRUST A REPUBLICAN ADMINISTRATION WHICH STANDS ON A RECORD LIKE THIS?

As a Congressman, Gerald Ford led the fight for cutbacks and impoundments of rural funds. He voted for every termination and elimination of rural programs family farmers so desperately need. As President, Gerald Ford and a Butz Department of Agriculture have consistently vetoed, embargoed, reduced and curtailed a long list of programs designed to guarantee the family farmer a decent standard of living. It's a record of disregard and insensitivity to the problems facing the farmers and consumers of this nation.

If you agree that drastic reforms must be made in the way this country is run, in the way our farm program is administered, you have only one choice on November 2nd. And that's for change.

ON NOVEMBER 2ND,

VOTE FOR JIMMY CARTER. A LEADER, FOR A CHANGE.

MR. AND MRS. JESS E. HOWARD
To Be Feted November 7

James E. Howards To Observe Golden Wedding Anniversary

A golden wedding anniversary reception is planned Sunday, November 7, honoring Mr. and Mrs. Jess E. Howard. The celebration will be held at Mountain City Center from 2-5 p.m. Hosting the occasion will be their son and his wife, Mr. and Mrs. Don Howard of Coleman, and their grandchildren, Mr. and Mrs. David R. Pearson Jr., Glenn David and Robby of San Antonio, Stanley and Ronnie Howard of College Station. The Howards invite all their friends to attend the celebration and request no gifts, please.

Mr. Howard, a local barber, states that to his knowledge he is one of a few local businessmen still active in the community after 50 or more years. The others are O. L. Cheaney with Santa Anna National Bank and the Hosch Brothers who are now operating the furniture store and have been in other businesses during past years.

Jess Edgar Howard and Raney B. Duggins were married November 3, 1926, at First Baptist Church parsonage in Santa Anna by Rev. Sid F. Martin. Mrs. Martin and their son, Buell Jean, were the only attendants. Both Rev. and Mrs. Martin are now deceased.

Raney, the daughter of the late Mr. and Mrs. S. H. Duggins of the Liberty Community, attended

schools at Liberty, Santa Anna, Howard Payne Academy and Howard Payne College. She taught school at Brown Ranch in 1923-24 and at Liberty in 1924-26. In later years she taught at Buffalo in 1945-46 where she coached girls basketball. She also served as substitute teacher at various times at Leady and Buffalo.

From a family of seven brothers, and sisters, the only surviving member is a sister, Pearl Schwarz, who now resides at Ranger Park Inn, having moved back to Texas in 1975 from Illinois, Michigan and Florida.

Born in Grimes County and reared on a sandy-land farm near Iola, Mr. Howard is the son of the late Mr. and Mrs. G. T. Howard, parents of seven boys and three girls. Several of his family are still living including a brother, John Howard, and his wife, who reside in Santa Anna.

After having visited his brother, Rupert, who was living in Coleman County in 1917, Jess liked this country so well that he returned at the age of 19 to work on the J. K. Baker farm in the Red Bank Community. He had met Raney Duggins on his first trip to Coleman County in 1917 when he attended the 14th birthday party her parents hosted for her at the family home. He didn't forget about meeting the fair-haired maiden, though it was nine years

before he made her his bride. After several years here Mr. Howard enrolled in Texas Barber College in Fort Worth, and after completing his training, he returned to Santa Anna to barber in the Hill and Lewis shop. Later he bought an interest in that shop and was with the firm three or four years. He later bought a shop from the late R. B. Renfro near the post office and was at that location 35 years and one month.

In 1962 he moved to the Hubert Speck Shop where he is presently working. Another vocation Mr. Howard pursued for 28 years was a stock farming operation located two miles east of Santa Anna.

Mr. and Mrs. Howard are members of First Baptist Church where she has been active in Sunday School and WMU organizations. Mrs. Howard is a charter member and president of Chat and Stitch Club and secretary of Mountain City Garden Club. She has been named "Mother" of Fire Department Auxiliary for several years.

Mr. Howard, a former School Board member, was a member of the VFD for 18 years.

Mr. and Mrs. Howard feel that Santa Anna and Coleman County have offered them a bountiful and rewarding life, and look forward to seeing their friends to share in the anniversary celebration November 7.

Mrs. Hasserodt Hosts WMA Meet

Mrs. Selma Hasserodt was hostess for the meeting of the Women's Missionary Association Monday at 2:30 p.m. in her home, with eight members and two visitors present.

The business session was presided over by Mrs. John Perry, president. Mrs. Gary Lawrence gave the devotion and Mrs. C. C. Gilbert had Bible questions.

Roll call was answered with a favorite scripture verse and the closing prayer was given by Mrs. Gary Lawrence.

Refreshments were served to those attending: Mrs. John Perry, Mrs. Gary Lawrence, Mrs. Luther McCrary, Mrs. Lottie Cozart, Mrs. Homer Weems, Mrs. Buster Woodard, Ms. C. C. Gilbert and Ms. Selma Hasserodt. Visitors were Mrs. Lee Tatum and Nell Story.

Diet Therapy To Be Tested

Why do some people live longer than others? Is it a matter of heredity? More physicians are recognizing that lifestyle—the things we eat, drink and smoke, and the exercise we get—plays a major role.

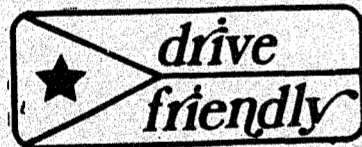

F. C. Cabansag, M. D., who is a member of the Santa Anna Seventh-day Adventist Church, says researchers are finding environmental influences extremely important.

"A study comparing California Adventists with a control group of average California citizens showed that Adventists get cancer only 60 percent as often as the state average," Dr. Cabansag says. "We think the reason for this is that Adventists avoid tobacco, alcohol, strong stimulants, and unclean meats. Many church members are exclusively vegetarians."

The doctor adds that "recent testimony before the U. S. Senate Committee on nutrition, chaired by South Dakota Senator George McGovern indicated that some cancers may thrive on a high-fat diet. Experts from the National Cancer Institute said a new kind of diet therapy is being tested where tumors will be starved with a low-fat diet."

"If this analysis is true, it confirms," he continues, "what Adventists have said for more than 100 years about the importance of diet." Dr. Cabansag also notes that Adventists have lower rates for heart disease and other maladies. In the California study, Adventist men were reported to live an average of 77 years—five years longer than the national average of 72.

"More research needs to be done, and is being done," says Dr. Cabansag. "But I think people who genuinely want to live longer and more meaningfully might well consider what Adventists have to say on the subject."

Methodists To Feature Wesley Songs Sunday

A Great day of Methodist Singing will be observed this Sunday at the 10:50 a.m. service of First United Methodist Church. The entire morning worship service will consist of singing the songs of Charles Wesley, along with brief accounts of his life and faith.

Wesley, who wrote over 7,000 songs, is a universal songwriter. His hymns can be found in the hymnbooks of most major denominations.

Taking a back seat to his brother, John, Charles Wesley can be credited with putting the faith of early Methodism into words and music.

The Sanctuary Choir will sing two of his selections: "O For A Thousand tongues to Sing," and "Jesus, Lover of My soul." Soloists will be Jay Weathers, Mrs. Vivian Chaffin, Mrs. Ora Beth McIver, and Mrs. Lois Ann Harper. There will also be a coronet Solo by Danny Chaffin.

The Narration of Wesley's life will be done by Rev. E. Richard Chaffin, pastor of the Church. All members and friends of the Church are urged to attend this very inspirational service.

Baptist Class Has Social

The Business and Professional Women's Class of the First Baptist Church was honored Thursday afternoon with a social and luncheon by Mrs. J. C. Mathews in her home on Avenue B.

The home was attractive with autumn flowers arranged at various vantage points. The luncheon table was laid with a heirloom cloth of lace with gleaming crystal and china of rose-point.

Those attending were Mmes. D. R. Hill, Leola Barnes, Beulah Sparkman, Bernice Hunter, Alma McNutt, Nora Goen, and the hostess, Corinne Mathews.

SDA SPEAKER—Edler David Parkhurst was with the Seventh-day Adventist Church Wednesday evening and Saturday morning at the 11 o'clock hour. He is Stewardship Secretary for the Texas Conference located in Fort Worth. Parkhurst aided in planning a financial budget for the church and encouraged the members in the blessing of giving.
