WHO SHOULD VOTE?

It seems that some one has suggested in Austin that persons over a certain age should be prohibited from voting. One of the directors of the old age pension in Texas is of the opinion that when any man or woman qualifies for an old age pension it would be wise to automatically drop him from the voting list.

The statement has been misconstrued in many phases and we realize that he objects to the old age pension being used as a political tool. Many old age pension petitioners who have fought the government have received pensions while some who have not received their checks have given the government their support. However we believe that that should be corrected, if possible, in some other way than taking away the vote.

The fact that people have reached a certain age does not mean that they have lost interest in the state and city lar preaching day. Everyone is tract, 1.09 acres in Samuel affairs. It certainly does not mean that they are no longer invited to the services Saturday Sprague survey No. 664. able to think clearly. The older people are usually the night and Sunday. clearest and most consistent thinkers we have among our

It has been stated that these older people, because of Blake. They are missed in their great numbers sway and dominate the election polls. Isn't that as it should be? If they are in the majority in numbers, shouldn't they be the ones to say how they are to be governed? Haven't we - as a democracy always held

that the majority rules? We would hate to think that when we are 65 that we would be classed mentally inferior as a voter. Look around in our country and other nations today — the majority of and Mrs. Lester Freeman Sunour leaders and great thinkers are in their late fifties or sixties and are sometimes older. If those over 65 are dropped from the poll list, the state will be cutting its own throat. We need the older man and woman to keep the radicals from getting control.

THE CEMETERY CRUSADE

It is a thing to be glad about that a committee is at ren visited in the Walter Burtin work to make plans for the payment of the old debt on the City Cemetery property, and to provide for the proper maintenance of this City of the Dead. It has been said that a people may be judged as to their civilization by the provision they make for their dead. The application to the local situation must be easy to see and should cause every- and Mrs. Dave Banks and famone to co-operate with the movement to improve conditions. ily and Mrs. Lucille Vinson.

"The Rexall Store"

THE 25-MILLIONTH

HAS JUST BEEN BUILT

It has never occurred before in automobile history that 25 million cars of one make, bearing one name, have been manufactured under one management. The 25,000,000th Ford car rolled off the Ford Rouge Plant production line on January 18, 1937.

25 million cars since 1903 . . . more than one-third of all the cars ever built ... enough cars to transport the entire population of the United States.

The figures represent a remarkable contribution to the social welfare, the industrial stability and the general progress of our country.

People respect Ford efficiency. They know Ford uses fine materials, the best workmanship at good wages, the most exact precision measurements. They know these things are passed along to purchasers in the form of extra value. Naturally, they like to do business with such a company. That is the only reason it has been required to produce 25 million cars.

Naturally, too, they expect more of a Ford car, more this year than last year - more

each year than the year before. They have every right to. The experience gained in building 25,000,000 cars enables Ford to produce today a really superb motor car at a really low price -with the Beauty, Comfort, Safety and Performance of much more expensive cars.

The 1937 Ford V-8 combines advanced design, all-steel construction, extra body room, and brilliant brakes with a choice of two V-type 8-cylinder engines - the most modern type of power-plant on land, sea, or in the air.

The 85-horsepower engine provides top performance with unusually good economy for its high power:

The 60-horsepower engine gives good performance with the greatest gasoline mileage ever built into a Ford car-and wears the lowest Ford price tag in years.

People expect more of a Ford-car because it's a Ford - and they get more, for the same reason. It

is undeniably the quality car in the low-price field.

Mr. and Mrs. R. P. King of Abilene visited in the E. W. Marshall home Sunday.

It's the tops in motor fuels GULFS NEN KNOCKPROOF GAS

HIGHEST ANTI-KNOCK RATING in motoring history-that's the secret of Gulf's new No-Noz Ethyl!

Your motor won't, can't knock with this fuel. For it is literally knockproof . . . even in the high-compression 1937 cars.

It steps up any car's power, smoothness,

and economy, too. And gives split-second starts . . . cuts down battery drain, crankcase dilution, wasteful choking.

Get Gulf's new No-Nox Ethyl at the Sign of the Orange Disc. Costs no more than other premium fuels. And we recommend -as a worthy running mate-the world's finest motor oil, Gulfpride.

still worse. At New Albany the
Mr. and Mrs. Jess Howard, and
Mr. and Mrs. Howard Jones
were dinner guests of his parents Mr. and Mrs. Jones Sunof the manse and the church was in 25 feet of water. In Jef-

fersonville the Church is a probable total loss as 47 feet of water was on Main Strtet. At Lawrenceburg where Henry Ward Beecher began his ministry the church and manse were completely submerged. Besides these fifty-three other churches were reported, many of which were in the same condition. There are still more churches to be heard from, Cincinnati, where there are thirty four Presbyterian Churches, not yet reporting. The need of these churches is imperative as the only way they can receive aid is from donations from churches and friends. The pastor will

given him for this cause. Thursday of this week the Presbyterian Men's Convention of the Synod of Texas meets in Abilene at the Central Presbyterian Church. An address on 'Pioneering in Adult Education' is to be given by Rev. Gus J. Crayen, Minister of Education, First Presbyterian Church, Fort
