NEW YORK (AP) — The Rev. Georges Bissonette, recently expelled from the Soviet Union, says "anti-American feeling in Russia today is different from what it was two years ago because there is a lot more fear mixed up in it."

Father Bissonette, heard last night on a recorded radio program, said the Russians "have an unholly fear of the Germans and next come the Americans. They fear a coalition between the United States and Germany would be too much for them."

## Federal Gas Statute Hearing Set Mar. 22

WASHINGTON (AP) — Chairman Priest (D-Tenn) said yesterday the House Commerce Committee will begin hearings March 22 on legislation to exempt independent natural gas producers from federal regulation.

The hearings will concern proposals by Reps. Harris (D-Ark) and Hinshaw (R-Calif) "and related bills, proposing to amend the Natural Gas Act to clear up the current confusion over the utility status of independent producers of natural gas."

Faces Barrage Of Questions

William J. Keating, private crime fighter who touched off a wire-tap controversy, faces barrage of questions fired at him by newsmen outside Bar Association Building in New York. Keating faces contempt action brought by New York District Attorney's office on grounds he refused to reveal sources of his information on a Feb. 11 raid to a grand jury. He is acting counsel to the New York City Anti-Crime Committee. He is scheduled to answer charge in General Sessions Court. (AP Wirephoto).

# Wire-Tapping Hassle Goes Before Court

NEW YORK (AP) — Dist. Atty. Frank S. Hogan's bitter dispute with a private crime fighter, stemming from a raid on a mysterious Manhattan wire-tap center, lands in court today.

The clash over beleaguered circumstances of the raid comes up after being kept under wraps for a day while a state legislative committee probed more general aspects of wire tapping.

Both Hogan and William J. Keating, \$14,000-a-year counsel for the New York Anticrime Committee, an unofficial citizens group, testified before the legislative committee. They and other witnesses said the committee did not ask about the controversial raid.

The conflict between Hogan and Keating is the result of sharply varying accounts of the raid. An affidavit filed by Hogan Wednesday revealed that Keating says high police officials were involved in the raid and there was talk of payoffs up to \$5,000.

Keating is under orders to appear in General Sessions Court today and say why he should not be cited for contempt for refusing to tell a grand jury where he got his information.

Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift."

And as he stood there on the schoolhouse lawn and watched the big car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true—taking the keys to a new 1955 Cadillac!

As a Cadillac dealer, we've been privileged many times to help make such a dream come true. And it never ceases to be a thrill.

But we do feel, in all sincerity, that many motorists —not realizing the Cadillac car is practical as well as wonderful—wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable Cadillac facts.

It is entirely possible that the time for your Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true.

Better come in and see us today.

## Reds Act To Boost Farm Production

MOSCOW (U.P.)—The Soviet government, openly admitting food shortages, today ordered its farm system revamped to give the man on the land more chance for initiative in crop planning.

At the same time state farm managers were warned they will be held strictly accountable for any failure to meet production quotas.

The decree, signed by Communist party chief Nikita S. Khrushchev and Premier Nikolai Bulganin

aimed at decentralization of planning which the upper echelons have hitherto controlled.

It was seen as another attempt to use the private profit incentive, which Khrushchev has been plugging over the past year to prod Russia's lagging livestock production.

The new directive told collective state farms and machine and tractor stations to use their own judgment. This apparently would end the old system of faraway bureaucrats overruling the man on the scene and ordering him to grow crops he feels are not suitable.

"Serious shortcomings and mistakes have been observed in the practice of agriculture," the decree said.

Making no secret of the fact that food shortages exist, the decree set forth as its main aim the improved use of land in order to "have in our country enough bread, meat, milk, potatoes, vegetables and other products."

But despite the accent on local enterprise, the new minister of state farms, Ivan A. Benediktov, in a separate announcement warned state farm managers they must meet production quotas or face public reprimand or dismissal.

## TCU Exes To Organize

Formation of a TCU Ex-Students Club will be considered at a meeting called for Monday at 7:30 p.m. in Johnny's Barbe Bar, 303 N. Big Spring Street, Midland.

Former students at Texas Christian University in Big Spring, Midland, Odessa and surrounding areas are invited to take part. Mrs. C. M. Peterson, 1711 N. Weatherford, Midland, is chairman on arrangements. Husbands, wives and dates of former TCU students are invited to the affair. Reservations may be made with Jim Lucas, 110 W. Pine, telephone 2-9693 (Midland). The plate charge is \$1.25. Hartwell Ramsey, Fort Worth, executive secretary of the ex-student's association will meet with the group and will have slow motion pictures of the 1954 TCU-Oklahoma football game. A second meeting of the club, if organized, will be held April 16 in the Midland Woman's Club.

WASHINGTON (U.P.)—Closing the Mexican border to American juveniles because of their easy access to narcotics in Mexican cities was recommended yesterday by a Senate subcommittee.

## Nationalists Will Defend Islands Regardless Of U.S.

TAIPEI, Formosa (U.P.)—Chiang Kai-shek's Chinese Nationalists are determined to fight for their offshore islands Quemoy and Matsu, with or without American support, Premier O. K. Yui asserted today.

Nationalist determination to defend the islands is absolute, the Premier told the Legislative Yuan (Parliament) in reply to questions.

Two newspapers reported without confirmation that units of the U.S. 7th Fleet and the Nationalist navy had conducted maneuvers

## Fight Develops On The Sale Of Rubber Plants

WASHINGTON (U.P.)—Chairman Vinson (D-Ga) predicted today the House Armed Services Committee will reject a proposal to block the proposed sale of 24 government-owned synthetic rubber plants.

Vinson said he expects a "hot fight" in an open hearing today called to consider a resolution by Rep. Patman (D-Tex) that would block the sale to private firms for an aggregate price of \$10 1/2 million dollars. Patman and Rep. Yates (D-Ill) were up as witnesses.

Patman said he would get substantial support and predicted "the majority of Democrats" might vote against Vinson.

Patman, chairman of the House Small Business Committee, said he wants to delay the proposed sales until Congress can pass a new law giving "the little fellow more safeguards" for a continuing supply of raw materials if big companies buy the plants.

Congress in 1953 ordered the government to sell the plants, built during World War II, to private interests under contracts subject to a veto by Congress up to March 25.

Patman has introduced a resolution to kill the sales.

The contracts are with some of the top corporations in rubber, oil and chemicals.

## Winchell Parting Company With ABC

NEW YORK (U.P.)—Walter Winchell says he's quitting ABC radio and television by next Christmas after nearly 25 years with the network.

He said last night he asked for and received a release from a contract running into six figures in a letter Feb. 10 to the American Broadcasting Co.'s directors.

The commentator expects to stay on the air either with another network or producing his own newscasts.

Winchell said an accumulation of grievances resulted in his request for a contract release and added: "I'm very grateful to ABC for granting me what I requested. If nobody wants me in radio or TV I'll just do my column in the (New York Daily) Mirror."

Winchell's daily column also is widely syndicated.

ABC President Robert E. Kintner said: "ABC regrets the termination of Mr. Walter Winchell's long relationship with its networks.

"An honest disagreement in our relations could not be resolved and ABC felt its long and mutually beneficial association with Mr. Winchell required consent to his request for a release from his ABC contract effective Dec. 25, 1955, or sooner if contractual details will permit."

For the last three years Winchell has simultaneously broadcast over 365 stations and telecast over 45 at 9 p.m. on Sundays.

Winchell said his TV commitments prevented him the latitude he had in radio when he could broadcast from Miami Beach or Hollywood.

He said his grievances came to a head when he found what he considered loopholes in a million-dollar insurance policy against accusations of libel, slander and the like.

Last month he successfully defended himself in an \$800,000 libel action brought against him by two men he labeled on a broadcast a "cancer racketeer."

He said he was under the impression that such an action was covered under terms of his ABC contract. But, he said, he discovered that ABC regarded the coverage as the obligation of the insurance company rather than of the network.

## Lowie Relected As Superintendent Of Knott Schools

KNOTT—Trustees of the Knott Independent School District have re-elected James T. Lowie as superintendent.

Lowie is now in his fourth year as head of the Knott school system. Also elected were William T. Bolla, high school principal and coach, and James T. Barnett, elementary principal and coach. Barnett, like Lowie, is completing his fourth year. This is Bolla's third year on the faculty here.

Election of teachers is set for the April meeting of the board.

## Air Force Throws Party For Lad Of 5

DAYTON, Ohio (U.P.)—Wright-Patterson Air Force Base rolled out the VIP treatment for 5-year-old Daniel Pohlbel.

Danny saw first hand the landing gear section that fell from a test plane through the roof of his home and injured him as he watched television last Jan. 31.

He sat in some of the newest Air Force jet planes and rode in a fire truck. He saw a Russian MIG fighter plane.

His first stop as he visited the base yesterday was at the base hospital, where doctors gave him a checkup. After a wait, Danny said, "I thought they were going to let me see the airplanes." That brought out the pluck treatment.

Danny's comment: "It was fine."

## DATE DATA

By Beverly Brandon

**Too Many Girls!**  
Dear Miss Brandon:  
Get set to think hard because this one's complicated. I started liking a nice girl named Cathleen. She showed me plenty of affection and wanted to go steady. After I found out she cared, I lost interest. Then I started dating her best friend, Annette. This one I truly loved. She told me I was just a way out of the house and nothing more. I then dated her less frequently and began dating her friend, Gerry.

Gerry said she liked me a lot, and I kinda liked her and thought maybe we could make a go of it. Then we had a fuss and called it quits.

Now the three girls have put their heads together and decided I'm fickle and have handed them all a line. If I did use the same technique on all three it was not because of any insincerity at the time.

I want Annette, but she won't believe a thing I say. Now what? Hal

Goodness, what a mess! Maybe without thinking you were just "doin' what comes natcherly" but doesn't hind sight now reveal your fickle nature to you?

You say you were sincere. I believe you. Certainly if you were playing the "love em and leave em game" you would not have picked girls who were such good friends.

Yet, unknowingly or not, you were fickle. You liked Cathleen until you found out she liked you. You knew from the first that Gerry liked you, so you were never too sold on her.

It's an old pattern. The girls who wanted you, you did not want. Annette, the one aloof, disinterested girl who seemed a woman of mystery and always just beyond your reach, presented a challenge to your masculine pride. Was there such a thing as a girl you could not

Development of the torsion suspension system in American production cars has won for Packard the New York Travel and Auto Sports Show's 1955 International Award for the "outstanding automotive advancement of the year."

Word of the award has been received by the local Packard dealership, Rowe Motor Co.

In the ceremonies Packard also was awarded the 1955 international gold cup for "individuality of styling in the luxury car field."

In presenting the Packard engineering award, the auto show's committee of judges said the torsion suspension system was an engineering achievement establishing new concepts of riding comfort and safety, comparable in importance to the introduction of automatic transmissions and front coil springing.

Butler said there had been "published reports . . . Mrs. Eisenhower has not been in robust health, that her strength has been taxed by her official duties and that her mother does not want her to live in the White House for another four years."

Butler said that "if these reports are true, I would think they would exert some influence on her husband" when he decides whether he will seek a second term.

Sen. Bridges (R-NH) said Butler's statement "shows clearly that Mr. Butler and his party don't want the President to be a candidate because they think he will win and the wish is father to the thought he won't run."

Sen. Kuchel (R-Calif.) said in a separate interview that vigorous GOP reaction in the Senate and House yesterday to Butler's suggestion demonstrated Republicans believe Eisenhower would be re-elected "and they want him to be a candidate."

Sen. Gore (D-Tenn.) said he found "nothing insulting" in Butler's statement.

"I doubt if the whole incident has much significance," he said. "Heaven knows we all hope the President and all of the members of his family enjoy the best of health."

Eisenhower himself went to Walter Reed Army Hospital yesterday to begin a new series of treatments for bursitis in his right

shoulder which has troubled him occasionally for years. Mrs. Eisenhower was reported "much improved" in a bout with a cold or mild influenza. Press Secretary James C. Hagerty said that except for that attack, her health is fine.

Sen. Aiken (R-Vt.) told the Senate yesterday Butler had done "an unhuman thing" and was a "scoundrel . . . trying to hurt the President at a time when he is called upon to make decisions affecting literally the lives of millions of people."

Sen. Goldwater (R-Ariz.) and Rep. Scott (R-Pa.) accused Butler of "smear" attempts.

Candidate

R. S. (Bob) Van Wie has filed as a candidate for Place 5 on the Lamesa City Council. He has lived in Lamesa since 1935 and is manager of the Higginbotham Bartlett Lumber Company. He was in the Seabees during World War II. He is president of the Lamesa Country Club and active in the Kiwanis Club. The election will be April 5.

## Plans Progress For Expansion Of HCJC Plant

Architectural plans are nearly complete for plant improvements being considered for Howard County Junior College, Dr. W. A. Hunt, president, informed the board of trustees at the March meeting yesterday.

Dr. Hunt said the plans probably will be completed prior to the next regularly scheduled board meeting. If so, a special meeting may be called for their consideration.

Dr. P. W. Malone, board chairman, said:

Included in the plans will be alteration of the present administration building, construction of a science building, a fine arts building, expansion of the library and other improvements.

Dr. Hunt reported also that work is progressing satisfactorily on the HCJC shops building which was damaged by fire last November.

HCJC has been accepted for a poll of teachers and other full-time employees to determine if they desire social security coverage. Dr. Hunt said the faculty will vote on the matter 90 days after Feb. 28, date the school was approved for the poll. In the interim, he said, the federal social security program will be explained to the staff by a Social Security Agency representative.

Trustees authorized payment of \$415.34 to the Texas Electric Service Company for the installation of two mercury vapor lights on the campus. Also authorized was payment of bills totaling \$5,296.36. Expenditures totaling \$23,265.90 and made prior to the board meeting also were approved.

## Committee Sessions Slated During WTCC Convention

LUBBOCK—Every committee of the West Texas Chamber of Commerce will meet here during the 37th annual convention of the regional chamber, March 27-28-29.

The Community Services Committee, headed by W. H. (Bill) Collyns of Midland, will combine its meeting with the annual "presidents and chamber of commerce managers breakfast" on the morning of March 28.

Three committee meetings will be held the afternoon of March 28 following a morning-long Congressional Forum in which the general membership will question a panel of six West Texas Congressmen including George Mahon, Lubbock, Clark Fisher, San Angelo, W. R. Poage, Waco, Omar Burleson, Anson, Frank Icard, Wichita Falls and Jim Wright, Weatherford.

State Affairs and National Affairs committees will meet jointly, with chairmen of both committees participating in the program. They are R. C. (Art) Jordan of Amarillo and Berl Godfrey of Fort Worth, respectively.

Also meeting at that time, but separately, will be the Industrial Development Committee headed by

# New Fissure Noted At Niagara Falls

NIAGARA FALLS, N.Y. (AP)—Niagara Falls may be in for another spectacular face lifting.

Engineers eyed a widening crevice extending about 20 feet back from the crestline of the American side of the falls today and said it threatened a new rockfall.

The Niagara Frontier State Parks Commission said last night that the crack was an old one that had been observed before, but it apparently had been growing bigger in the past day or two.

"If a rockfall occurs, it will make another definite change in the face of the falls," Joseph Davis, commission chairman, said.

A park policeman said that an unfamiliar spume of water "kicking up in the air" from the Niagara River current drew his attention to the widening fissure about 80 to 75 feet offshore from the American mainland.

A rockfall from the crack would take out a huge triangular portion of the crestline observers said giving the brink a more "orderly" or straight-line appearance.

The rushing Niagara has gouged two big bites from the falls in recent months. The most spectacular was the collapse into the river

gorge of 185,000 tons of rock last July 28 from Prospect Point, the famed observation area on the American mainland.

And last Dec. 4, about 15,000 tons of rock roared down not far from the present fissure. That rockfall caused little change in the appearance of the escarpment.

## Can't Use Cosmetics, Woman Gets Damages

HARTFORD, Conn. (AP)—A woman was awarded \$11,800 by a Superior Court judge yesterday on the claim she suffers mental anguish because she can no longer powder her nose.

She said she broke her nose in an automobile accident two years ago and cannot use cosmetics on it due to disfigurement.

Awarding the money in her suit against the drivers in the accident, Judge Abraham S. Bordon declared:

"It is the prerogative of a woman to improve her appearance with cosmetics, and the deprivation thereof can easily lead to mental anguish far greater than painful bodily injury."

The Water Resources Committee, with Chairman Frank H. Kelley of Colorado City presiding, will meet the morning of March 29 just prior to the general business session of the convention at which new officers are elected.

## Tibet Leaders Soon To Leave Red China

TOKYO (AP)—Peiping radio said today Tibet's Dalai Lama and Panchen Lama will return home soon. The Dalai Lama, spiritual leader of Tibet, has been in Red China since July. During this time, the Red Chinese have strengthened their position in Tibet.

## Abilene Lady Lost 4 Pounds A Week With Barcontrate

"I have been a user of the new improved Barcontrate for about 3 months," writes Jean Richardson, 432 Bitterroot St., Abilene, Texas. "I think it is wonderful, the weight I have lost. I have averaged losing 4 pounds a week. It doesn't leave you with that tired, worn-out feeling so many have when they go on a strenuous reducing diet. I have tried many ways to lose weight, but find nothing to equal the new improved Barcontrate."

If the very first bottle of Barcontrate doesn't show you the way to take off ugly fat, return the empty bottle for your money back.

## Thieves Take Beef

CHICAGO (AP)—Fred L. Dorl, a meat wholesaler, told police thieves removed 600 pounds of beef from his truck while he made a delivery in a retail market.

In driving over Howard and Martin counties the last few weeks, I've really noticed for the first time the mass migration of small farmers to the cities. The little farms are being gobbled up by big farmers at a rapid and increasing pace.

I've been wondering why a 160-acre farmer couldn't somehow stay on his place and make a living. Now I've found three men who say it can be done and all are doing it themselves. Nasty Martin won't be driven off his 80-acre farm as long as his rabbits keep acting like rabbits; that is, reproducing fast, and growing to be good-sized fryers.

Dub Coates is doing an equally good job with his 500 laying hens. And of course the Jimmy Eason story is familiar to almost everyone. He bought 25 acres of once worthless sand and built it into a big business.

All three of these men say a family can make a living on a small farm. They all offer the same advice: Specialize in something that can be sold to the ever increasing town population whether it's eggs, broilers, rabbits or maybe even fish bait.

Coming from a town guy, this may not be convincing. But go out and visit these men, observe their operations and get their stories. They've made a success on small farms. Why couldn't others who want to hold onto their land do the same?

A local poultryman says eggs may sell for a dollar a dozen next fall. He bases this on two things: A million or so more people to feed and an 18 per cent cutback in hatchery orders. He says egg producers would be better satisfied with a steady market and average profit than this boom and bust thing every two or three years.

This incident has nothing to do with farming, but I found it amazing. The other morning at school I interviewed a note one little boy had written about another one. The note read: "Old Bignmouth is perfected by teachers now, but after school he better put himself in overdrive and get away fast. If he don't, I will bet his face into a red jellie."

After school dismissed, I watched to see if anything happened. It did, but not the way I expected. One little boy went south and the other north — both in overdrive.

Sam Buchanan is trying to bring his pastures back to good condition by reseeding 50 acres of sandy-land grasses. He is sowing Indian grass, switch grass, sand bluestem, little bluestem and sand love grass. All these grasses are tall grasses, and were once common to sandy areas of West Texas. Some of them disappeared from the ranges, however, a long time before the big drought started.

Buchanan is using the Martin-Howard Soil Conservation District drill. This drill is available to co-operators who want to plant grass seed, either in overseeding pasture land or planting blue panic and other domesticated grasses.

Webb Air Force Base is planning to plant 200 acres in pasture grasses. The grass will be seeded on the land west of the runways, with the aim of reducing some of the blowing sand.

Cotton acreages usually run much higher here than in areas farther east. Yet there are about a half a dozen farmers in the county who have allotments of five acres or less.

The only farmer we have heard of who doesn't intend to plant all the cotton he can is one man who turned back 45 acres. He doesn't plan any cotton for this year, but will rest the land instead.

# Experiences In India To Be Told In First Christian Mission Talk

Mrs. Jack M. Albearn will be guest speaker at the evening service at the First Christian Church in the third of a series for a school of missions. She will speak on her experiences in India while she was a Red Cross worker. She will give her impressions of the country, the people and their customs, illustrating her talk with an exhibit. Services in local churches Sunday will include the following:

**BAPTIST**  
Dr. P. D. O'Brien's sermon topic at the First Baptist morning worship will be "Seek The Lord While He May Be Found" (Is. 55:1). "Genuine Christianity" (1 Cor. 1:23) will be his evening topic.

**CATHOLIC**  
The Rev. William J. Moore, OMI, will say Mass at 7 a.m. and 10 a.m. at St. Thomas' Catholic Church. Confessions will be heard from 4:30-6 p.m. and from 7-8 p.m. Saturday. Services during Lent include: Rosary, meditation and Benediction, Wednesday at 7:30 p.m.; Rosary and Benediction, Sunday at 5 p.m.

The Rev. Edward Bastien, OMI, will say Mass at Sacred Heart Church (Spanish-speaking) at 9 a.m. and 10:30 a.m. Services during Lent include: Rosary and Stations of the Cross, Wednesday and Friday at 7 p.m.; Holy Hour, Thursday at 7 p.m.

**CHRISTIAN**  
"I Believe in Miracles" will be the Rev. Clyde Nichols' topic at the First Christian Church at the morning worship. The third in a series of programs of the school of missions will begin at 7 p.m. for all-age groups. Mrs. Jack M. Albearn will speak on her experiences in India.

**CHRISTIAN SCIENCE**  
The health and holiness result from spiritual understanding of God's nature will be brought out at the Christian Science service Sunday when a Lesson-Sermon entitled "Substance" will be read.

**CHURCH OF CHRIST**  
"The Breaking of Bread" will be T. H. Tarbet's topic at the morning worship at the Benton St. Church of Christ. He will speak on "The Prayers" at 7 p.m.

**CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS**  
Services at the Church of Jesus Christ of Latter-Day Saints will include a priesthood meeting at 9 a.m. and a sacrament meeting at 7:30 p.m. Services will be held at the Girl Scout Little House, 1407 Lancaster.

**CHURCH OF GOD**  
"The Church, the Title, Christ and Age" (Acts 20:28) will be the Rev. W. E. Mitchell's topic at the morning worship at the Galveston St. Church of God. In the evening he will address the congregation on "We See Jesus" (Heb. 2:9, 12:2).

**EPISCOPAL**  
Services at St. Mary's Episcopal Church, 505 Runnels, will be a celebration of Holy Communion at 8 a.m. Family worship service will be at 9:30 a.m. and morning worship and sermon by the rector, the Rev. William D. Boyd, will be at 11. The Young People's Fellowship will meet at the Parish House at 5:30 p.m. and instruction class at 7 p.m. in the rector's office. Services during Lent include: evening prayer and sermon, Thursday at 7:30 p.m.; Holy Communion, Tuesday and Thursday at 10 a.m.

**LUTHERAN**  
Sunday school and Bible class will be at 10 a.m. at St. Paul's Lutheran Church. The Rev. A. H. Hoyer's topic at the 11 a.m. service will be "That I May Be His Own to Serve Jesus Now and Hereafter."

**METHODIST**  
The Rev. Wayne Parmenter, pastor of the Wesley Memorial Methodist Church, will speak on "The Cross" and "Certainty" (John 14:9) at the morning service. The youth organization will present a program at the 7:30 p.m. worship.

**PRESBYTERIAN**  
Dr. R. Gage Lloyd's topics at the First Presbyterian Church will be "The Compelling Cross" (Matt. 23:23) at the 11 a.m. service and "Pathways to God" at the 7:30 p.m. service.

The St. Paul Presbyterian Church choir will sing "Holy, Holy" at the 11 a.m. service. The Rev. Otis Moore will speak on "Angels Unaware." "The Miracle of Elisha" will be his evening topic and the junior choir will sing "Pledge to All Lands Father in Heaven."

**WEBB AIR FORCE BASE**  
The Rev. William J. Moore will say Mass at 9 a.m. Confessions will be heard one half hour before Mass.

At the 11 a.m. general Protestant worship Chaplain Charles J. Fix will speak on "Patience of God." Sunday school will be at the same hour.

**Higher Electric Use Reported by Cap Rock Co-Op**  
Consumption began to show signs of thawing with advent of spring weather, operating statistics of the Cap Rock Electric Cooperative showed Thursday.

During February, the system required 1,061,130 KWH and sold 914,363. This compared with 1,027,710 and 862,023 for January, which had three more days.

Other figures showed 1,748 miles in the system at the end of February, an increase of 12 miles for the month. There were 2,885 members connected, or 23 more than at the end of January, leaving density of members per mile at 1.65.

Average consumption was 317, an increase of 16 KWH for the month and average bills amounted to \$10.06, an increase of only 18 cents. Despite the modest gain here, there were 321 members who had minimum bills, or four more than for January.

With farmers in Martin County's irrigation belt pouring on the water to establish sub-soil seedling before planting time, March consumption figures are expected to jump sharply.

**Car Title Needed To Secure License Plates For 1955**  
Persons buying 1955 automobile tags must bring their car title and last year's license receipt to the tax office. Tax Assessor and Collector Viola Robinson reminded today.

Clerks in the office are unable to issue new tags without these papers. There is only about three more weeks before the deadline for buying 1955 tags. Mrs. Robinson pointed out that car owners should secure their plates early to escape the last minute rush.

The tax office will be open every day from noon to 1 p.m., starting Monday. Ordinarily, the office is closed during the noon hour, but to accommodate license purchasers, it will remain open through the last day of the month.

There will be no sub-station for purchasing plates this year. Persons must come to the court house to purchase their car licenses.

An employee from the tax office will be in Coahoma on Monday and Tuesday (March 14 and 15), to issue 1955 tags and in Forsan Wednesday and Thursday (March 16 and 17).

**Baptist Workers Conference Will Consider Revivals**  
Baptists in the Big Spring Association will be turning the attention to the approaching simultaneous revivals when they have their regular workers conference Monday at the Baptist Church in Courtney.

Participation of the various agencies of the church in the evangelistic campaign will be discussed. Mrs. C. L. Kirkland, Big Spring, will tell how the W.M.U. can support. Darrell Moeck, Big Spring, will stress some possibilities for the Sunday School. The Rev. Bill Cook, Garden City, will tell how the Brotherhood can assist.

Value of church centered revivals will be pointed up by the Rev. Dan Oglesby, pastor at the Prairie View Baptist Church, while the Rev. A. M. Sullivan, Forsan, will bring the associational sermon. The Rev. Ira McClinton, pastor at Tarrant, will give his reaction on how the Training Union can conserve results of the revivals.

## Prayer in the Christian's Life

JESUS TEACHES US HOW TO PRAY

Scripture—Matthew 6:5-15; 7:7-11; Mark 9:14-29; Luke 18:9-14; John 14:13-17; James 5:13-18; 1 John 5:14-15.

By NEWMAN CAMPBELL

DO CHILDREN say their prayers now when they go to bed? Are they taught to pray to Jesus when they are tempted to do wrong, or need help? Do older persons pray more or less than they did in past years?

We probably cannot answer those questions because we do not know enough about the intimate lives of a great many people. My own opinion is that people generally pray more as the dangers of our world make us fearful.

Jesus said a great deal about prayer, and taught us some great truths about praying. We read: "And when thou prayest, thou shalt not be as the hypocrites are; for they love to pray standing in the synagogues and in the corners of the streets, that they may be seen of men. Verily I say unto you, they have their reward."

We should not condemn all men who pray on street corners or anywhere else in public as long as they are sincere and quiet. Their religion may call for prayers at a certain time; or they may be in need of God's help at the moment.

A sudden temptation may assail a person, or a feeling of helplessness when they need to call for strength to resist or to go on. Jesus would not think such a prayer was hypocritical. It is the person who prays in public so as to attract attention to his virtues to impress those within hearing, whom he condemned.

"When thou prayest," Christ said, "enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

We need to feel near to our Father in heaven when we pray, and if we are closeted alone we are more likely to feel that nearness of spirit with Spirit.

"Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you. For every one that asked receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened."

Then Jesus asked what good earthly father would hand his son a stone when he asked for bread, or a serpent when he asked for fish?

"If ye, then, being evil, know how to give good gifts unto your children, how much more shall your Father which is in heaven give good things to them that ask Him?"

Here we might say to the child: Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A., and used by permission. Distributed by King Features Syndicate.

## Military Pay Boost Approved In Hope Services Can Attract More Volunteers

WASHINGTON (AP)—Rep. Kilday (D-Tex.) said today many congressmen hope that prospects of higher pay will attract enough volunteers into the armed services to permit "reducing or eliminating the draft."

He cited this as one of several possible reasons for virtual House unanimity yesterday in voting 399-1 to give career servicemen pay boosts ranging from 6 and 25 per cent. Rep. Taber (R-NY) cast the only negative vote.

The measure, which now goes to the Senate, provides an average 11.9 per cent increase for enlisted men and warrant officers with over three years' service. It also increases special pay for hazardous air and submarine duty and boosts some other fringe benefits. The total yearly cost is estimated at 745 million dollars.

## Flood Crests At Louisville

LOUISVILLE, Ky. (AP)—The Ohio River, on its biggest rampage since 1948, was expected to crest here at 9 1/2 feet above flood stage today after the journey from Cincinnati.

There was little structural damage to homes in the Cincinnati area, but between Pittsburgh and Lawrenceburg, Ind., the angry river forced thousands from their homes and left behind a loss estimated at 13 million dollars.

No additional damage was likely here or in other cities behind flood walls. However, Army engineers said downstream communities without such protection would be hit—not too hard.

The river climbed to 36.7 feet, or 8.7 above flood stage, on the upper gauge at Louisville early last night. Meteorologist O. K. Anderson said it would take an inch or more of general rain to do more than delay the stream's fall.

Before dawn yesterday, the Ohio crested at 61 feet at Cincinnati, putting Coney Island amusement park and River Downs race track under 6 to 20 feet of water. Low-lying streets in the downtown section also were inundated by the river, which hit its peak at 9 feet over flood stage.

Said the beaming Mrs. Stubbs: "Considering we already have two boys, triplets are quite enough."

## Moscow Ready To Send Men To Learn About Corn, Hogs

MOSCOW (AP)—The Soviet government said today it would like to follow through on that idea of sending Russian farmers to learn how Iowans grow such tall corn and so many pigs—and vice versa.

A Foreign Ministry note, handed to U.S. Ambassador Charles E. Bohlen, said, "Soviet agricultural organs are ready to receive in the U.S.S.R. an American agricultural delegation and also to send a Soviet agricultural delegation to the U.S.A."

"The Soviet government would like to know how the United States government feels about the question of exchanging agricultural delegations," the note concluded.

There was no immediate response from Washington. President Eisenhower said recently he favored the idea of the exchange visits, but there were many complications. U.S. immigration laws bar Communists from the country unless the secretary of state decides their trip is in the national interest.

The Russian visit was proposed by the Des Moines Register after Soviet Communist party chief Nikita S. Khrushchev told Russian farmers to copy American methods—particularly the planting of more corn for livestock feed—as a means of boosting the nation's

lagging farm output.

(In Des Moines, Lauren Soth, editor of the Register's editorial pages, said last night he felt certain the State Department would issue visas for such a visit. He said any Russian delegation would be welcomed in Iowa.)

## Made Low Grades, Boy Leaves Home, Is Found Dead

RACINE, Wis. (AP)—A 12-year-old boy who ran away Monday in shame over his bad grades was found dead late yesterday on the rocky shore of Lake Michigan.

Kenosha County Coroner William Haugen said Richard Bantz Jr. apparently fell into the lake and drowned.

His parents said he had left a note in his desk at Holy Name School saying he loved them but didn't want to come home because of low marks.

## CASHWORD PUZZLE NO. 5

### EXPLANATION OF MORE DIFFICULT CLUES

#### CLUES ACROSS:

- Certainly true if he is Fired unjustly. However unjust a Fine may seem, if it has been imposed in a court of law one must assume that justice has been done.
- If musical, a Boy could certainly be a source of pleasure. We can have a music-Box, but cannot say that a Box is musical.
- Part is preferred. A Pact is an agreement, that is, it does not become a Pact until any alterations have been made. It is only in a proposed pact that "last minute alterations" may be demanded. No such objection applies to Part.
- Flood is a good answer as it stands. To be Blood the clue would have to be qualified. For example, Blood would have to be human Blood. For all the clue says, it may be just a little Blood on a piece of meat.
- Can is best. Surely any person might think twice before deciding to throw an old Cap away. Only a thrifty person would be likely to hesitate before throwing an old Can away. You wouldn't "throw" a Car, Cab or Cat away.
- Dear is a perfect answer which embraces Near where this means intimate or familiar. Near, however, could mean "not far away", and there is no reason why you should think a lot of these people.
- Rink is preferred. It is particularly the novice who is apt to fall on a Rink. In the Ring, a boxer may take an early count whether he is a novice or not. Also, in the Ring some attempt is generally made to match boxers or wrestlers and a novice would presumably be boxing another novice.

- Chefs is more direct, because they perform a positive action in making life more enjoyable for those for whom they cook. Chess is abstract and passive. It is people who make life better for themselves by playing Chess.
- Sue is better. See is a little weak because there is no indication of how long ago the person slandered you. You may have practically forgotten about it. When you Sue such a person the offense is fresh in your mind and the very fact that you are suing indicates that you are taking a serious view of the matter.
- Plate is best. The clue is an understatement for Plans, which calls for a great deal rather than "a certain amount" of technical knowledge. The development of a photographic Plate is a straightforward operation that nevertheless calls for a certain amount of knowledge. Place is not favored.

#### CLUES DOWN:

- Bills is preferred. Bad writing could only lead to mistakes in the interpretation of a Will, since the testator must know what he means, regardless of the quality of his writing. Even if somebody else draws it up, it is not a valid Will until the person has read and signed it—which he will not do if there are any mistakes. Bills, which may be typed from handwriting, is quite apt.
- Report fits the clue better. The decision to Deport somebody can only be taken by a responsible authority. This would surely be more than one person, and anyway the "should" in the clue ought to be "must". "Should rest with a responsible persons" matches better with Report.
- Battle is more apt. It is not a ship, but a model ship, that you see in a Bottle; and why a seafaring man especially, when this novelty is equally well-known to landmen? There must be many an old sailor who has experience of a naval Battle, and this word is preferable.
- A Cake undoubtedly is better if light. Case is vague, but there must be various kinds of Cases in which heaviness is no disadvantage. A show Case in a store or museum, for instance.
- Medical students certainly get to know a lot of peculiar Terms—that is Terms peculiar to the medical profession, that would seem strange to the layman or raw student. Germs is not a natural answer here. What on earth is a "peculiar" Germ? Are not all Germs peculiar in a way? And does not a student really "get to know" them? Get to know their names and effects, perhaps.
- Since "poor Sinner" is a conventional phrase Sinner fits nicely and justifies the inclusion of the word "poor". There is little point in specifying a poor Singer, because the desire to improve is not confined to those who are poor in either sense of the word. Every sincere Singer tries to improve his singing.
- Frost is more apt. Frost can mean hardship for anybody not properly equipped for it. It is soldiers who are at the Front and Front has a specific application to soldiers.

## Red Cross Aids Forsan Family

A Forsan family of 11 was saved from total tragedy Thursday by the Howard-Glasscock County Chapter of the Red Cross.

Willy Riffe, his wife and nine children, lost their home, their clothing, and all of their household effects in a fire Wednesday night. The family had no insurance and was hard hit by the disaster.

The Red Cross chapter met the emergency, however, and the family was in Big Spring Thursday being outfitted with clothes, bedding, cooking utensils, food and other necessities.

Of the nine children, there are two sets of twins in the family. Each set includes a boy and a girl, and the eldest set is seven years old, the younger set is three. Riffe is an oilfield worker.

## Child Fatally Hurt In Scooter Mishap

HOUSTON, Tex. (AP)—Shari Lynn Ward, 6, was fatally injured yesterday when her father, distracted by a barking dog, drove his motor scooter under a chain stretched across a drive-in theater driveway.

The father, Ernest Elmo Ward, 39, and another daughter, Claudia, 7, were also sheared off the scooter but apparently escaped serious injury.

Ward, who is manager of the drive-in, said the chain was placed across the driveway as a deterrent to teen-age vandals who have caused damage at the open air movie.

## Ward Employees Vote On Union Connection

FORT WORTH (AP)—About 1,050 employees of Montgomery Ward voted today on whether they want to be represented by the AFL International Brotherhood of Teamsters Local 47. The union has won elections in the other 10 Montgomery Ward plants and claims bargaining rights for about 20,000 of the firm's employees.

# LOOKING 'EM OVER

With Tommy Hart

Big Spring may have a player performing for Brigham Young University, one of the basketball hotbeds of the West, in two or three years. He is Bobby Maines, who made a fine impression on Stanley Watts, BYU coach, when Bobby and his San Diego Marine mates won the Southwestern Invitational Tournament at Las Vegas recently.

The Devildogs beat Fort Ord, Calif., 57-45, to win the crown and Bobby almost rated a spot on the all-tournament team. Bobby slowed down in the final game, or he would probably have been named to the mythical squad, according to dispatches from the area. That, despite the fact that no fewer than nine All-Americans were playing in the Las Vegas show, including Don Lofgran, formerly of San Francisco; Utah's Blaine Crowthers; Kansas State's Jack Stone; Frank Dublin, an AAU great; and others.

The Devildogs, which also had Ricketts Gilmore of Foran as a member, beat a highly-touted Presidio of San Francisco five in its opening game, 74-61. Johnny Ehrhardt, who used to star for TCU, played with the Presidio team.

In that game, Maines scored 22 points to lead the way for the Marines. The nearest man to him counted 17. Gilmore was singled out for his defensive work in the game against Presidio, as was Jack Williams, who, like Maines and Gilmore, formerly played for Howard County Junior College.

Maines was using his famous one-handed jump shot against Presidio. Bobby followed up with a 19-point effort against Salt Lake City, the defending SWIT champion. Gilmore did an excellent job of cleaning the backboards in that one.

If Maines enrolls at BYU, he would be immediately eligible, according to Coach Watts. He attended Texas Western for a time after leaving HCJC but left to join the Marines. Conference rules in the Skyline Conference (to which BYU belongs) state that servicemen are eligible immediately after enrollment.

Make no mistakes about BYU playing a big-time schedule. The Cougars, as they are known, met such teams as Colorado University (winner of the Big Seven), Baylor, the University of Washington, Michigan, Western Kentucky, Murray State and Manhattan (in Madison Square Garden) before plunging into conference play. Other schools in their conference include New Mexico, Denver, Montana, Utah State, Colorado A&M and Wyoming.

Watts has been at BYU five seasons, during which time he won an NIT championship and two Skyline Conference titles. His teams have yet to finish worse than third in its circuit. He's a native of Utah, by the way, and attended Weber JC (which has met HCJC in basketball) and Brigham Young.

Brigham Young is a large school, boasting something like 7,000 students. Its fieldhouse seats 11,000.

Just prior to the Devildogs' trip to Las Vegas, Maines enjoyed an 18-point game against Naval Training Center, although his team lost, 59-58.

With basketball season over, Bobby has checked in for baseball drills with the Marine Corps team. He proved a smooth-fielding first sacker for the Jayhawks here, good enough to catch the eye of several scouts.

# Laredo Offers Hot Weather To Athletes

LAREDO (AP)—The spring's first big outdoor track and field meet—the Border Olympics—had 86 schools primed today to compete in summery temperatures.

The University of Texas, rated tops for the 23rd annual renewal of the Olympics, was set to hang up a new meet record in the sprint relay. At least four other marks were in danger. Others could fail.

Almost 1,000 athletes were to compete. Nine teams of golfers were ready to tee off.

Texas' crack relay teams were the big wallop in the Steer attack. Junior college prelims at 8 a.m. today were followed at 1 p.m. by the largest high school division in the meet's history going through the preliminaries. College and university preliminaries were set for 8 a.m. tomorrow, followed by college and university finals at 7 tomorrow night.

The Texas team seeks to chop time off the 41.4 in the sprint relay set last year by the same Longhorns. Another Steer team held the old mark of 41.9.

Dick Forester ran a 1:50.8 half mile last week, even better than the Olympic record of 1:55.9 held by Bill Heard of Oklahoma A&M.

Last week, the Steers' mile relay clocked off a 3:15.6 to better the Olympic mark of 3:17.1 set by Texas A&M in 1949.

The long distance event favorites will be Oklahoma A&M's Fred Eckhoff and a team mate Sture Landquist. Eckhoff holds the meet's mile mark. Both will compete in the mile and two-mile runs.

Rice, Texas and Southern Methodist will field top mile relay teams with Dale Spence of Rice the favorite in the 880-yard run. He raced to 1:52.2 mark in Houston Tuesday — also better than the Olympic record.

The nine teams entered in the golf tournament include Pan American College, Hardin-Simmons, Texas A&M, Baylor, Oklahoma, Houston, North Texas, Trinity, and Lamar Tech.

# Cincy May Regret Trade Of Smith

By GAYLE TALBOT

TAMPA (AP)—This being a day when good relief pitching becomes of greater importance with each passing season, as witness what Hoyt Wilhelm and Marv Grissom did for the Giants, we expressed the thought that Birdie Tebbetts might live to regret the day he parted with Frank Smith, who appeared in 50 games for him last year.

In exchange for Smith, the Cincinnati manager acquired title to Ray Jablonski, a third baseman who unloaded 104 runs batted in for the St. Louis Cardinals, and Gerry Staley, who was a stand-out pitcher a few years ago and still is young enough to make a comeback. Birdie, who has just been rewarded with a new three-

year contract for having rated the Redlegs up to fifth place in the National League in '54, said yes, there always was a chance of making a mistake in such a deal.

"But it was a chance I couldn't turn down, getting such a slugger as Jablonski into my lineup," he said. "I know I already had power, but you can never get too much. There's a possibility I will find myself another reliever as good as Smith was, but how often are you offered a hitter who can knock in over 100 runs?"

"It could help both clubs, and I really mean it. The Cards were badly in need of a man who could give them a fine inning or two near the end of a game. They must have lost 25 or 30 because they didn't have such a pitcher last year. If Smith can do for them what he did for us the first half of the season, they're in better shape. He seemed to tire, but he could come back strong, and I hope he does."

Birdie was asked if he had anyone in mind who might take Smith's place and save a few late-inning decisions for his formidable wrecking crew.

"Yes," he said. "I think maybe I see what I want in Johnny Klippstein, whom we got from Chicago. It's pretty clear by this time that Johnny isn't geared for starting. He can't keep his stuff all the way, but I believe he's got what it takes to get you out of an inning, with a little coaxing. If I'm right, I might not miss Smith at all."

Frankie Ryff, regarded as one of the best lightweight prospects in years, reaches a crossroad in his career against Danny Jo Perez tonight.

Making his first start since he suffered severe cuts over his eyes in outpointing Orlando Zulueta last December, Ryff's performance against his New York rival will be watched closely.

The 23-year-old Frankie, the 1954 rookie of the year, is rated a 5 to 2 favorite for the 10-rounder at Madison Square Garden. The bout, starting at 9 p.m. (CST) will be nationally televised and broadcast by NBC.

# Bovines Shell Snyder, 20-7

Ray Baird's Big Spring Steers went on their biggest battling rampage of the year Thursday in the local park to defeat the Snyder Tigers, 20-7, in an exhibition game.

Charles Johnson and Thomas Lynn combined to limit the visitors to six hits as the Longhorns hopped on two Snyder hurlers for 17 assorted blows, including extra base smashes by Calvin Daniels, Tommy McAdams, Jerry Graves, Lynn, Ronnie Wooten and Ralph Murphee.

In four of the six innings the Steers came to bat, they collected four or more runs. Only in the third and sixth frames did the locals fail to cross the plate.

McAdams paced the Big Spring attack with a triple, double and a single.

The win was the second in three starts for the Longhorns. They return to action a week from tomorrow.

## TAAF Cage Tourney Play Is Under Way

LUBBOCK (AP)—Teams from Dallas, Fort Worth and Waco shared the favorite's role today as Texas Amateur Athletic Federation Basketball Tournament began.

They were Chance Vought of Dallas, Sampley's Cleaners of Fort Worth, and the Cameron Idealers of Waco.

A total of 18 teams paid entry fees for the tournament, which winds up tomorrow night with the championship games.

## Kate Morrison Defending Champ In Softball Race

Kate Morrison will be out to defend its laurels in the 1955 Ward School Softball League race, which got under way yesterday and continues through April 15.

### All-School Play Tickets On Sale

Tickets went on sale today for the all-school play, "One Foot In Heaven," which will be presented next Thursday and Friday evenings in the High School auditorium. The tickets are selling for 60 cents each, and they can be obtained from any member of the senior class.

"The play should be one of the most popular presented by the high school in many years," said Dell McComb, speech instructor and director. "It has an unusual theme and plot featuring humor, drama and religion."

Robert Morehead, one of the high school's veteran actors, has the leading role of Rev. William Spence, who in 1912 moves his family to a small town and a new parsonage.

The story centers on the troubles of the preacher, which include a run-down church, a choir that has not changed in 20 years, and a group of wealthy citizens who control the church with an iron hand.

Clara Freeman plays the preach-

er's wife, who becomes disguised with the troubles and tells her husband that if his call to the town had been very loud that she would have heard it too.

Tom Cain and Sue Boykin play the preacher's children, who are expected to "tie a narrow mark."

Other members of the cast include David Ewing, Danne Green, Joyce Edwards, Margaret Fryar, Myrtle Jones, Bobby McMillan, Patti Gregory, Jane Reynolds, Julie Rainwater, Gary Tidwell, Zaida Mealer, J. D. Adams, Jerry Forsythe, Jon Cook, Lois Spivey, and Charles Long.

Rodney Sheppard is a student director of the play, and the stage crew includes members of the dramatic class.

### Transport Crashes, All Aboard Saved

CULLMAN, Ala. (AP)—A C119 troop transport returning to its home field at Sewart Air Force Base, Tenn., crashed and burned yesterday. All 11 occupants parachuted to safety. The pilot and a sergeant were reported injured.

### To Air Plans For Cotton Week

A meeting will be held at the Big Spring Chamber of Commerce next Tuesday at 3 p.m. to discuss the possibility of a local observance of Cotton Week.

The week, slated May 9-14, will be observed this year on a nationwide basis. Purpose of the week is to influence more people to buy cotton goods, said Chamber manager J. H. Greene.

Loyon Walker, head of the West Texas Chamber of Commerce agriculture committee, and John Gregg, representative of the National Cotton Council with office in Lubbock, will be here for next Tuesday's meeting.

Greene said that a number of merchants have been invited to attend the session, and that interested parties are urged to attend.

### All Britain Keeping Watch For That Overdue Lait Baby

By HAL COOPER

LONDON (AP)—An overdue baby named Lait has millions of British television addicts hanging on the ropes—not to mention the expectant mother and the British Broadcasting Corp.

The trouble is baby Lait is late indeed. Few "technical" difficulties have ever caused such confusion.

It was only a couple of months ago (it certainly seems longer) when the BBC engaged Mrs. Betty Lait to appear on its weekly program Family Affairs. Mrs. Lait, a pert brunette, was expecting a baby. The idea was to follow her through the final stages of pregnancy, the birth of her child and on into young motherhood.

The doctors then figured baby Lait probably would arrive around March 4. The BBC's television programmers arranged to hold their roving-eye cameras in waiting for a trip to the hospital at that time.

About a month ago the doctors decided the Lait baby probably would come early—on Feb. 18. The busy camera crew made a quick shakeup of their schedule and the BBC breathed a sigh of relief.

Little did they know.

Feb. 18 came and went, but without baby Lait.

The camera crew went on a

standby basis, subject to emergency call. Days passed. The original March 4 target date passed.

Here it is March 11 and the roving-eye camera crew is booked solid until April 4. Nobody knows what to do next.

"I suppose it's all very funny," said Mrs. Lait. "But I am getting tired of saying 'No, not yet' into the telephone."

"And that resigned 'Well see you tonight—I suppose' every morning from my husband."

MUNICH, Germany (AP)—After a 16-day visit in West Germany, Shah Mohammed Reza Pahlavi of Iran and Queen Soraya, both suffering from colds, left by chartered plane yesterday for Baghdad. They are en route home from a vacation in the United States.

### Put Limit On Meals

PEKIN, Ill. (AP)—Appalled at claims for \$4.50 steaks served jury members, the County Board of Supervisors has placed a limit of \$1.50 on meals for jurors. The board has also denied a claim for a \$3.50 tip to a waitress.

### More Doctors By 1960

CHICAGO (AP)—A council of the American Medical Assn. estimates medical schools will graduate 7,300 to 7,500 doctors a year by 1960. There were 6,861 last year.
