"He Profits Most Who Serves Best"

SMOKE

FROM THE MOUNTAIN

This comment that follows is not an editorial nor a reprimand nor a bawling out. It is merely for the sake of satisfying our curiosity. Did you know that Jan. 30 is the date for entertainments in honor of the President's birthday? Did you know that every year there has been some form of celebration in Santa Anna? You can answer both in the affirmative probably. Just in case you didn't know this, though, we are stating that a chairman has been appointed for Santa Anna through the mail several days ago for a celebration here, but the chairman can't do all the work and not enough people have shown enough interest to offer help in the undertaking. If you want to have a city celebration, how about talking it up and if any one wants to volunteer to assist in planning it, we'll relay your name on to the chairman.

The bug has got him. And by him we mean Russell Diserens. At a recent entertainment when one of the young ladies sang "In a Chapel in the Moonlight," you should have seen that "Dallas" look in his eyes. He's even so far gone, he takes all kidding in good grace.

Billy Baxter is in need of a guide, compass, or something to give him a sense of direction. He apparently was so elated over a date he had the other night that after taking the young lady home, he was walking down the walk and instead of turning when the walk did he kept "following his nose" so to speak and fell down a 12 foot embankment. Just another proof that "love is blind."

Pat Hosch went a-calling the other night when that norther was in full blast and came back with a hole in the windshield of his car. He says that it was caused when he tried to hold the sleet off the glass by holding a candle up against it. Maybe so—far be it from us to be dubious.

Jess Howard requests that if those clothes of his that walked out of his house the other night don't fit, he'd like them back please if any body knows where they are. And that is not a joke. A burglar recently helped himself to all the clothing in the house while the occupants were away from home. And when he stocks up on a wardrobe again, Mr. Howard promises to wear the entire wardrobe when he leaves the house. (Some of us almost do that every day anyway).

After a trip to Coleman this week, Buck Davis has acquired a new nickname. But according to his story it doesn't fit. You ask him for details—or we'll refer you to other reliable sources, who assure us the trip almost ended disastrously.

Santa Fe to Buy FW&RG Railways

Purchase Will Aid Texas Shippers in Shortening Lines from Brownwood to Fort Worth and Dallas

Chicago, Jan. 11.—Commenting on action of the Interstate Commerce Commission in approving sale of the old Ft. Worth and Rio Grande Railway to the Santa Fe System lines, Samuel T. Bledsoe, Santa Fe President, said today that the acquisition will be of importance to Texas shippers because as a result of the purchase the Santa Fe will now have a direct short line between Brownwood and points west and south of there, and Ft. Worth and Dallas and other central and north Texas points. Brownwood, said Mr. Bledsoe, now will be 118 miles closer to Ft. Worth via Santa Fe than heretofore. Our railroad will have a more direct route to the South Plains, by intersection at Brownwood with its Galveston-Lubbock and transcontinental lines." The country affected by the acquisition is, north of Brownwood, farming and stock country, while south it is largely devoted to the cattle and sheep industry. Distances are, from Ft. Worth to Brownwood, 137 miles; from Brownwood to Brady, 51 miles, and from Whiteland to Menard, 27 miles. The FW&RG has heretofore used Santa Fe trackage from Brady to Whiteland. The newly-acquired railroad was built into Granbury from Ft. Worth in 1887; extended to Dublin in 1890 and to Comanche that same year; to Brownwood in 1891, Brady in 1903 and Menard in 1911. Acquisition of this 215-mile new line, together with the construction of the 111 mile line between Boise City, Oklahoma and Las Animas, Colorado, gives the Santa Fe System a total of 13,586 miles of track, President Bledsoe pointed out.

County Praised for Work With Adult Education

Coleman County, Area IV of Vocational Agriculture, has perfected the only county-wide organization in Texas for adult vocational education, according to Roy B. Mefferd, professor of vocational agriculture at John Tarleton College.

Eight schools in the county are conducting regular part-time vocational schools with transportation furnished. Six of the teachers are former Tarleton students: A. D. Pettit of Santa Anna, J. H. Greenway of Novice, W. A. Morgan of Valera, J. D. Richardson of Talpa, and W. G. Godwin of Buffalo. R. H. Campbell of Coleman and A. I. Edwards of Burkett complete the list.

Twenty-five to thirty departments of vocational agriculture will be added to schools in Texas Area IV before next year, according to Mr. Mefferd, who made his statement on his return from the state conference of teachers of vocational agriculture at Temple recently.

Expansion in this area will come as part of a nation wide program under the George Deen law, passed by the Congress June 25, 1936.

Laymen Meeting Is Held Last Thursday

The Laymen's Fellowship Meeting featuring a "Mulligan Supper" was held at the Baptist Church last Thursday night at 7:15 with twenty-eight men present. Pres. T. H. Upton presided and a committee under the direction of Clifford Switzer prepared the supper.

Fun and amusement and constructive entertainment was given during the dinner hour, when musical contests were held between members who brought their instruments. The prize was awarded to W. E. Ragsdale for renditions on the harmonica.

Following the supper, talks were made by Louis Newman, Emory Brown, Charles Mathews, and J. R. Lock on "Enlisting Men for Service in Church Work." Rev. R. E. Dunham, pastor, closed the discussion with the illustration of how Jesus enlisted men into the service of God.

Visitors were Rev. Loyed Simmons of Fort Worth, pastor of the Whon Baptist Church, and Charlie Gill, layman in the Whon Church.

All members of the Trades Day Association are urged to attend a very important meeting next Tuesday at 2:30 at the bank building, according to President T. H. Upton. It is essential that the business men be there 100 per cent since the meeting will take up matters concerning the year's program.

Ward PTA Has Discussion on Thrift, Safety

The Ward School Parent Teachers Association met in regular session Jan. 19 with Mrs. J. G. Williamson, president, presiding.

The meeting was opened by the group standing together in prayer led by Mrs. Williamson. A play, under the direction of Miss Morrow, was presented by the Sixth Grade, carrying out the Thrift theme.

Mrs. M. L. Guthrie led the discussion topic, "In Our Neighborhood, Grant Spends His Allowance." "Family Safety and the Community" was given by Mrs. R. R. Lovelady. She stressed the facts that every accident is caused by carelessness of some sort and therefore could be prevented. The cost of such accidents as estimated by the National Safety Council is \$3,450,000,000 and this must be paid for by every citizen. She also brought out the fact that every child as well as every adult has a right to grow up in a safe community. Reduction in number of accidents will come when an adequate program in education has been carried out. "Accidents can be reduced to a very small fraction of what they are now if this safety education is combined with intelligent law enforcement and adequate safety engineering."

Miss Grady's room won the Banner for the second month in succession for having the most mothers present.

After a brief routine of business the meeting adjourned until the next meeting on Feb. 16.

Lions Vote to Sponsor Local Boy Scout Work

Business Men Again Plan to Assist Scout Organization for Another Year

Plans to sponsor the Scouts of America program for 1937 by assisting local Boy Scout troops were approved Tuesday by the Lions Club members at their regular luncheon meeting at the Armory building.

Scoutmaster J. R. Lock reported to the Club that 16 Boy Scouts have already paid their dues for the coming year and have signed application for enlistment in the local organization. Several more are expected to sign and make application and in all the total will probably reach 25 members. The scoutmaster was highly pleased with the boys who had applied themselves to the scout work during the last year and reported progress within the group.

The Lions Club sponsored the Boy Scouts of Santa Anna during the past year and realizing the importance of the undertaking decided that such a project should receive again the support of the business men.

A report was also made from the Athletic Association by Supt. J. C. Scarborough, who stated that a small portion of the fund promised in the campaign for the lighted football field at the high school was as yet unpaid. It was decided that if possible the fund should be raised to pay this obligation without using any of the Athletic Fund or proceeds from the games. A committee composed of J. R. Lock, C. A. Walker, and W. R. Mulroy was appointed to make plans to raise the money.

Mrs. J. Virgil Davis was called to the bedside of her mother, Mrs. W. T. Rea, Monday. Mrs. Rea is seriously ill in a hospital in Fort Worth.

HAVE YOU PAID YOUR POLL TAX?

This month is the last to pay your poll tax for this year. Although this is not a year for voting on the major political offices, it is very important for all citizens to be prepared to vote in local elections and for amendments to the state constitution which will probably be forthcoming from the present session of the legislature.

It is not a privilege to vote. It is the duty of every man and woman qualified to vote to cast their ballot for either the man or woman who can lead the community wisely or to vote for or against such amendments as will be proposed and submitted to the voters of Texas by the Legislature. There are many dissatisfied citizens of many communities in Texas who complain of the civic and state governments; yet if an investigation were made, in many cases it would in all probability be discovered that these same disgruntled citizens had not taken a stand at the polls to remedy these situations.

A voter, who has paid his poll tax, is prepared to voice his opinions where that opinion can assist in pushing a measure or defeating it. A voter, who has neglected to pay his tax, can only hope that nothing of importance will come to issue at the polls that would be of interest to him. It is for the welfare of the individual and the state that you vote. Remember that January 31 in Poll Tax Deadline.

Lions Club Backs the Scouts

The Boy Scout Organization in Santa Anna can look for another successful year with the local Lions Club backing it. If there is anything that can be of service to the young people of a city, certainly the encouragement and support of a scout troop is one of the finest means of helping the boys become citizens that Santa Anna will one day be proud of.

The Lions Club could not have chosen a better project than the training of these Boy Scouts who throughout the year have made remarkable progress in the work. It is expected that the number will increase for this year, a proof that the encouragement and assistance has been appreciated and the efforts of the business men and the scout leaders have been fruitful.

The true Boy Scout learns, among other things, to work diligently, to be honest and thrifty, to be courteous, to live a wholesome life, and to be unselfish. He not only learns these principles; he practices them. He will be the leader of the future and the men who back the development of such character should receive praise for their far-sightedness.

There is an opportunity for some other interested group to assist in such a movement in sponsoring a Girl Scout troop, which at present is not active here. The young girls need as much training as the boys and are as appreciative if given the chance to assert their interests. If there is a club or a group of women who have had training in scout work or who are interested in the welfare of the young girls of your community, there is at your door an excellent chance to render service.

THE SEVEN C'S OF MIFE

To be successful in 1937 the children of mothers must learn to sail the "Seven C's."

Just as there are seven major bodies of water on this old globe, there are seven great "C's" in life.

"Sail on! Sail on!"

First, the C of Courage. Without Courage the battle is lost at the outset, without Courage defeat stares us in the face. With Courage comes the second C—Confidence.

Second, the C of Confidence. How unhappy the mortal who lives without faith.

Third, the C of Cheerfulness. Who wants to face rain and cloud day after day.

Fourth, the C of Consideration. Can you place yourself in the other fellow's place. The Golden Rule is the best rule. Consider them and do unto others as you would have them do unto you.

Fifth, the C of Courtesy opens the gate, Courtesy throws wide the door. Courtesy lets down the bars. Lack of Courtesy has made ship-wreck of many a character and concern.

Sixth, the C of Companionship. Man was not made to live alone. We are members of a society in which we are told in Holy Writ to "Bear ye one another's burdens."

Seventh, the C of Cooperation. Where two or three are agreed it shall be done. Two is stronger than twice one.

Sail on! Sail on! Courage, Confidence, Cheerfulness, Consideration, Courtesy, Companionship and Cooperation.—The Austin Dispatch.

PRACTICAL COOKERY

DENTON, Jan. 21.—There are many things to consider in making a menu, but in planning a meal for a cold day, one must be very careful. If there are school children in the family, see to it that they have plenty of warm food, and plenty of energy-giving food. Milk is necessary any time, but it is particularly important in the winter.

Hot cereals are desired at this time of the year and it only takes a few minutes to give the family a hot breakfast. Do not let the members of the family rush off to work or to school with only a piece of toast to protect them from the cold and to give them energy for the morning's work.

CHEESE SOUFFLE: Melt 2 T. butter, add 4 T. flour, when mixed well gradually add 1 c. scalded milk, then add 1/2 t. salt, a few grains of cayenne pepper, and 1/4 c. grated cheese. Remove from fire and add the yolks of 3 eggs beaten. Cool the mixture and cut and fold in the whites of the eggs beaten until stiff and dry. Pour into a buttered baking dish and bake 20 minutes in a slow oven.

MACARONI, HAM, AND CHEESE: Mix cooked macaroni, chopped boiled ham, diced cheese. Season with salt and pepper, put in greased casserole and cover with medium white sauce. Bake thirty minutes in a hot oven.

GINGERBREAD: Mix and sift 2 1/2 c. wheat flour, 1 t. soda, 1 t. ginger, 1/2 t. salt, 1-2 t. cloves, 1-2 t. cinnamon. Cream 1/2 c. sugar and 1-2 cup fat. Add egg yolk and mix thoroughly. Mix 1-2 c. molasses and 1-2 c. sour milk. Add alternately with dry ingredients to butter, sugar, and egg yolk. Add beaten white of egg. Bake 40 minutes in a moderate oven.

APRICOT CONSERVE: (8-9 half pint glasses). 1 lb. dried apricots, 1 1/2 qt. water, 2 c. grated pineapple and juice, sugar, 1 orange—juice and pulp—1-2 t. salt, 1-2 c. blanched almonds. Cook apricots slowly in the water until almost tender. Add pineapple and orange. Measure fruit mixture and add an equal measure of sugar.

Note: The orange peel, thinly sliced, may also be added. Nuts may be omitted. Apricots may be slightly chopped or coarsely ground before cooking if large pieces of fruit are not desired.

SCALLOPED GREEN TOMATOES: Into the bottom of a buttered baking dish put a layer of stale bread crumbs; on

this place a layer of sliced green tomatoes and add salt, pepper, bits of butter, and finely chopped onion, and 2 or 4 T. of sugar. Repeat the layer of crumbs and tomatoes until dish is full. It cooks down a great deal. Cover with layer of buttered crumbs. Cover with plate or tin lid and cook at least 1 hour. When juice begins to come over cover, take off lid and let crumbs brown.

Bride Honored at Shower

Mrs. E. G. Crye entertained with a shower Thursday afternoon at her home south of Coleman honoring Miss Mavis Patton, who Sunday became the bride of George Neal Herd.

Guests were met at the door by Miss Inez Gilliam and registered in the beautiful bride's book made by Mrs. Ermine McFadden. Miss Ruby Mae Dodgen presided over the book.

After all the guests had arrived a lovely basket of gifts was presented to Miss Patton by several young guests representing a bridal party consisting of Joan Crye, bride, Danny Comedy, groom, and Patsy Jo Herd, bridesmaid. The honoree opened each gift and expressed her thanks to each guest.

Refreshments of cocoa, cookies, and mints were served. On the plate was an announcement, rolled in a large peanut shell which read: "Mavis and George, Jan. 17, 1937." The favors were tied with pink and white ribbons, the colors used throughout for all the decorations.

Those present besides the hostess and honoree were Mesdames George Hipsler, Kit Herd, Albert Breedlove, Alton Reese, Woodrow Niell, T. L. Sparkman, Ermine McFadden, Grady Comedy, Drew Dobbins, Guy Cullins, Earl Cullins, Ray Cullins, E. G. Bishop, and Misses Inez Gilliam and Ruby Mae Dodgen.

CAR SALES RISE IN TEXAS MARKET
Austin, Texas, Jan. 21.—A total of 7,548 new passenger cars were registered in fifteen representative Texas counties during December, an increase of 10.1 per cent over November and

29.2 per cent over December. Bureau of Business Research has reported. For the entire year 1936 sales in these counties totaled 76,776, an increase of 22.4 per cent over the year before.

"The sharpest gains in December were made in the two highest price brackets, thus continuing a tendency toward more liberal expenditures which has been noted for a number of months," the report added.

REV. DAVIS SPEAKS TO STUDENTS

Rev. J. Virgil Davis, pastor of the Methodist Church, spoke to the students of Santa Anna High School last Tuesday. Everyone seemed to enjoy his talk which was about the present generation and things we have that people of the past generations never thought of having. We are looking forward to having Rev. Davis with us again soon.

SANTA ANNA BAND IS PROGRESSING

Mr. Wallace was unable to come to Santa Anna last Tuesday night for band practice so the band met and had a fine practice under the direction of the Assistant Director, Leon Bartlett. Wednesday, Jan. 13, the band played on the street in town from about 3:15 to 4:15. Thursday night the band met again and practiced for about two hours.

Local Chapter Had Program On Good Citizenship

There were many interesting things brought out in the articles given on Wednesday in the club. Articles on sports, friendship and other activities of a good citizen were read. We were told that a high school training had much to do with the acts of the citizen. Everyone enjoyed the program and wish many more following ones.

Ambitions of the Seniors

Doris Spencer, who is one of the honor students in SAHS, would like to attend Texas University where she would major in Spanish. She would like to teach then in some high school. Margaret Jones, also an honor student, joined the class in 1935. She had formerly attended Coleman High School. Margaret wants to go to C. I. A. at Denton. She plans to major in English and minor in Home Economics. She then wants to get a good position in some high school.

Students Listen to Roosevelt Over Radio

The students and teachers went to the auditorium Wednesday to listen to the President make his annual speech to Congress. The teachers and students gathered quite a bit of information, which they had not thought of before.

Mr. Mathews: Can anyone tell me what happened after Napoleon mustered his army?

Ray: Yes, sir, he peppered the enemy and took the citadel by assault.
Mr. M: Sit down, my lad. I'll have no more from you.

ONE MOMENT PLEASE!

In answer to the following question, "Do you think exams should be excluded from the high school curricula, or do you think them necessary?" These students say:

Ruby Lee Price: I think they are very necessary because we have a chance to show what we know and some that we don't know!

Freda Simmons: I don't think we should have them especially in English.

M. L. Guthrie: I think we should not have exams because in the first place we have to study too hard all at once and in the second place the periods are too long.

Vera Mae Seaman: I think we should have weekly tests instead of monthly exams.

J. W. Davis: I don't think we should have them because I can't pass them.

Elizabeth Morris: I think we should have weekly tests instead of monthly exams.

June Kirkpatrick: I think that the work should be divided into three months periods. At the end of each three months a final exam should be given over that much work.

Mary Louise Curry: I believe that monthly tests would be better.

Emma Sue McCain: I realize that we need six-week examinations but I think that mid-term examinations and finals should be excluded.

Periodic Health Check Important

AUSTIN, Texas. — "Check up on your health assets and liabilities during the first month of this new year, and establish a working balance in health that will carry you through the year," is the advice urged upon all citizens of Texas by Dr. Geo. W. Cox, State Health Officer.

"Destruction of human beings by the forces of nature is often unavoidable, but sacrifice of life to preventable diseases results from neglecting the principles of health," he said, "and is due largely to man's supreme indifference to his physical welfare."

"The purpose of the periodic health examination is not the diagnosis of a disease but the detection of physical defects or predisposition to disease and faults in living habits, the correction of which would have even a remote beneficial action on the life of the person examined. Disease, physical failure, and ultimate death are due not to time alone, but to definite physical causes. The periodic examination endeavors to determine the causes or defects so that they may be removed or corrected."

"Innumerable surveys and examinations have been made of preschool groups and of children in school to detect conditions that might lead to illness later on or to a physical handicap of some sort, if allowed to run on without correction."

"The annual physical check-up is the great bulwark against death dealing conditions of middle-life such as certain heart ailments, diabetes, nephritis, and other so-called degenerative diseases. These maladies oftentimes sneak up on one, so to speak, and work unannounced, up to a certain point. It is during this period that they are discoverable by the trained diagnostic ability of the physician."

"The unfortunate increase in premature deaths of middle-age and beyond, in a measure at least, can be credited to the public's lack of appreciation of the inestimable life-saving and disease-preventing value of the periodic physical examination."

Proposed changes in the Texas mining laws which would enable better prospecting for minerals are being studied by the Texas Planning Board's mineral resources committee.

Workers Conference Held
The Coleman County Workers Conference met with the local church Tuesday and was well attended in spite of inclement weather. About 100 were served a splendid luncheon at the noon hour. Speakers were Rev. Jasper Massague of Coleman, Rev. Pat Hall of Bangs and Dr. Karl Moore and Rev. A. Farley of Brownwood. The next meeting goes to Rockwood, Tuesday following the second Sunday in February.
Group Attends Mission Conference
A Mission rally for several counties was held with the Melwood church at Brownwood, Tuesday of this week. Those attending from Santa Anna were Mr. Emory Brown, Mr. J. A. Early and the pastor. Accompanying them was Rev. Kelly Barnett of Talpa.
Quartet Assured Good Hearing
The Teacher's College Quartet appearing for their third engagement, with the Baptist church here Sunday morning is certain to have a fine hearing if weather conditions are not extremely against them. These young men are members of various churches, but are dedicating their voices to sacred music and are thus enabled to pay their expenses in college. Their instructor and manager is H. Grady Harlan, formerly of Simmons University, and well known to Santa Anna people because of his having at times led singing in Revival meetings here. Those desiring good seats should come early. The service begins at 11 a. m.

Sickness Seems to Diminish
The many who have been hindered from church attendance by sickness seem to be recovering to a great extent and a number of those absent several weeks on account of it were back in the services last Sunday. The membership of the church is greatly to be commended for the fine way they have helped each other in the trying times illness brings on. The pastor has always found a willing group by the side of the sick people he has visited in this extended period of physical suffering and in some cases sorrow at the loss of loved ones. That is practical Christianity and cannot fail to challenge the respect of all people whether they are Christians or not.
Predictor Proves Pokey
A syndicated columnist for the big daily newspapers on Wednesday of this week predicted that within 18 months commercial airplanes would make the run from Los Angeles to Newark, a coast to coast flight, in eight and one half hours. The front page of the same daily carried the news that a flyer had just completed that identical hop in seven and one half hours. In a day of such achievements in secular realms, what must the world think if the church does not bestir itself and improve its methods of ministering to the spiritual needs of mankind? Shall we expect men and women in large numbers to push their way into churches that have lost the spirit of adventuring in faith? There is real adventure in putting God's promises to the test in this day. Those who dare to undertake great things for God come rejoicing in the realization that God is still on His throne and that He does hear the prayers of His children. Let's be busy for God in this busy age.

Texas Parents Will Rear Their Children

Every sabried man in Texas has a number and is registered at Washington. This is all right if it is a new Roosevelt regulation aimed for the best.
But do Texas fathers and mothers want their boys and girls "badged" and their home work regulated by inspectors from Washington?
We believe that if the provisions of the so-called "Child Labor" Amendment, soon up for ratification or rejection by the Texas Legislature, are understood by Texas parents they would not be willing to turn over to Governmental agencies the control of their children.
Texas has four times before said "No" to this measure. Our best farmers and businessmen today are those who earned money during spare-time hours and help on the farm while they were in their teens.
Write or wire your Senator at Austin to vote "No" on this measure. Do it today. Texas has a good Child Labor law. Let's enforce the law of our own State and if any of our boys and girls are unreasonably employed, let us correct it and penalize unfair employers.
Let us tell our Texas Senators we don't want to trade our boys and girls for Federal badges, to be policed by outsiders.

Buffalo News

By Thelma Long At the end of this week we will have completed one half of our school term. The time seems to have flown by. Mid-term examinations are scheduled for Thursday and Friday, Jan. 20 and 21. On Wednesday night of last week, our boys and girls went to Mozelle to meet the girls' and boys' teams of that school. It is our first visit to their new gymnasium and the games were enjoyed by all, even if our boys were beaten. The Buffalo girls were able to beat the Mozelle

girls by an appreciable number of scores. On Thursday night of last week our boys and girls went to Cross Plains to compete in an invitation tournament. Thursday night our boys were defeated by Moran. The girls beat the team from May High School and went again Friday night to play against Rising Star. Again Buffalo girls came out victorious. Then again Saturday night, the girls fought with the same vim, but with one of them disabled, they were not able to defeat the strong team from Cross Cut. This is the first game that the girls have lost this season, having defeated Cross Cut in a previous game. And we are hoping that when Cross Cut comes here to play a game on Wednesday night of this week, we can show them that they can be beaten again. We are very glad to see Mrs. Lee, our Home Economics teacher back at school today. She was ill all of last week. Rehearsals on the play "Aunt Jerushy on the War-path" will be begun within the next few days. The play is to be presented by high school pupils and is being sponsored by Miss Long and Miss Murphy. Look for the announcement of the presentation date. On Thursday afternoon, Jan. 21, the Buffalo F. F. A. Chapter will present a program which will be broadcast from KNEL, Brady. Last Thursday night Mr. Peyton's barn was destroyed by fire. It caught from some unknown cause, and with the barn he lost harness and his year's supply of feed. We regret that this misfortune has come to one of our citizens. Grandmother Lowe is recovering from an extended illness. Mrs. Jack Thigpen and Thelma Long visited her Sunday afternoon. We are sorry to say that Grandmother Curry, who is with her daughter, Mrs. Lawrence Wilson of Coleman, at the present time, is still in a serious condition. Mr. and Mrs. Charlie Curry and Mr. and Mrs. William Curry visited her Sunday afternoon. Mr. and Mrs. Oscar Curry visited her on Monday. Mrs. Roberts of Fry has as her guests her mother and sister from Pennsylvania. Mrs. Othelia Croft visited friends here this past week-end. Mrs. Croft is now traveling for a cosmetic firm, with headquarters in Dallas.

Eureka News

Farmers are busy breaking their land and getting ready for another crop. Several are having to drill their oats over. The freeze seems to kill out the last oats that were sown. Mr. and Mrs. Chap Eads and Fay Curry of Milligan, Mrs. C. E. Brinson and son, Mrs. Truman Chick and baby visited in the W. L. Swan home Monday. Misses Daisy, Esther and Martha Hammonds and John and Red Terry had the misfortune of turning their car over three times last Sunday night. Daisy was the only one hurt seriously. Her collar bone was broken. The others suffered minor bruises. The auto party to be given by Ed Hinds and Mrs. Roy Seale for the Intermediate Class Saturday afternoon was postponed on account of the illness of Eddie's mother. Mrs. Hinds lives in New Mexico and Eddie has gone to be at her bedside. We hope for her a speedy recovery. We are glad to report that Watt Hammonds is better. He is able to sit up a little while at a time now. Mrs. G. A. Brinson has been sick with the mumps. Mrs. H. L. Lovell and Mrs. Marvin Lovell helped Mrs. W. H. Casey quit last week. Mr. and Mrs. J. D. Lancaster and daughter visited Mr. and Mrs. W. T. Lancaster of the Salem Community Sunday. Visitors in the Watt Hammonds home Sunday were Mr. and Mrs. Burl Hanner and baby, Mr. and Mrs. Joe Hammonds and baby, and Miss Beatrice Hamlett. Visitors in the W. L. Swan home Sunday were Mr. and Mrs. C. E. Brinson and children, Jess Swan and daughter, A. F. Brinson, all of Bangs, Miss Leah Bell Nix of Brownwood, Mr. and Mrs. Tom Todd and daughter, and Mr. and Mrs. G. A. Brinson. The W. M. U. will meet Wednesday at the Church. We hope there will be more present than at the last meeting. Mrs. Lewis Bryan, Yard Demonstrator, Begins Lawn Work A smooth, unbroken grass lawn is one of the essentials of a beautiful yard and Mrs. Lewis Bryan, yard demonstrator of the Rockwood Home Demonstration club, began preparation for her lawn in December. First, Mrs. Bryan had the entire yard broken up to a depth of 8 or 10 inches and pulverized. The yard was then leveled and good soil and cotton gin waste were added to enrich it. By preparing the soil this way it will absorb and hold more moisture, making it unnecessary to water the lawn during the summer. After the ground was prepared as stated above, Mrs. Bryan sodded the yard with Bermuda grass sod in rows 12 to 15 inches apart. Using the sod brings quicker results than does seeding. The grass was thoroughly watered at the time of planting and covered with good soil. By the last of April Mrs. Bryan will have an attractive grass lawn as she sodded it soon enough for the grass to get well started before hot weather. Scores of inquiries are being received from Eastern and northern manufacturers by the Texas Planning Board regarding the natural resources of the State.
