If some of you came by the office last week and found the doors locked, we hope it didn't inconvenience you too much.

Publisher and Mrs. W. T. Hays took a long weekend vacation and left Etta Hamlin to "office sit" Thursday and Friday. Etta's plans were interrupted by a tragic event-- her home burned at noon Thursday, a good enough excuse to miss work, don't you think?

People living in the Bowie Avenue-Avenue C area near the Civic Center are concerned by several dog poisoners in the neighborhood-- six dogs were killed in a four-day period.

Parents of small children are fearful that the deadly poison will be picked up by their children, and are none too happy with the situation.

Those wishing to get the tickets may contact Judy Hamlin at the school business office.

New seats have been installed at the Stadium and are ready for the season. The new seats are of metal and a vast improvement over the old wooden seats.

City Library Qualifies For 'Green Thumb' Aid

The Santa Anna City Library will be open daily during the coming months with the aid of the Texas Farmers Union 'Green Thumb' program that provides jobs in public institutions for senior citizens.

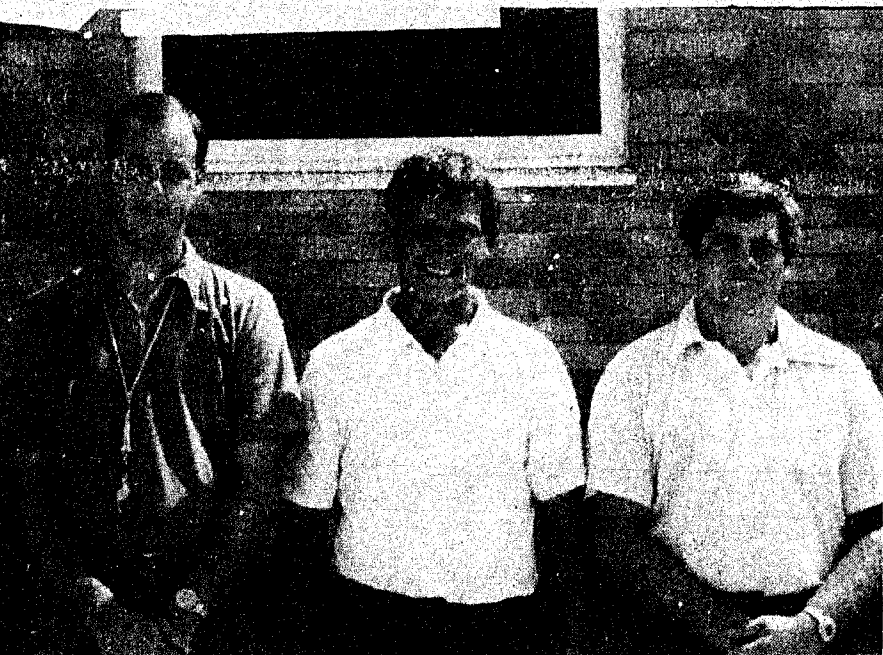

The Program, held in other areas for many years, is just now available in Coleman County. The workers, aged 55 or older, are given part-time employment in libraries, schools, public parks or for city government. The salary is a supplement for those receiving social security or other

aid, and the work is administered locally.

Mrs. Edwin Hipsher, City Librarian, will remain as supervisor and director of the public library. The name of the librarian, to be chosen from the several who have applied, and the library hours, will be announced next week.

Diane Ballard, District Director of the program, has indicated there are other job openings in the community, so anyone interested in making application for the employment may contact Mrs. Hipsher for additional information.

The City Library is open daily through the summer under the school Youth job program, but has been open only one afternoon a week during the school term.

Thursday Fire Damages

Hamlin Home

The home of Mr. and Mrs. Joel Hamlin was extensively damaged in a fire Thursday that apparently started from an air conditioner in a second-story bedroom window. The fire damaged the upstairs of the home, and the water and smoke caused damage to most of the downstairs portion.

A passing motorist saw smoke coming from the upstairs windows and stopped to notify the family of the blaze. They and other passers-by moved furniture from several of the downstairs rooms before being stopped by the dense smoke.

Firemen arrived at the scene and had the blaze under control within 15 minutes. Two trucks and eight firemen were on hand as well as the VFD Auxiliary and van with emergency equipment.

Destroyed in the fire was furniture, bedding and clothing in the upstairs bedrooms and musical equipment and darkroom and camera equipment belonging to the Hamlin sons.

The Hamlins, Frankie, Terry and Brent, are to move into a rent house on Avenue B until their home can be remodeled. It is the former home of the late Mrs. J. J. Horner on South 8th Street (Rockwood Highway). Mrs. Hamlin is advertising manager at the NEWS and Mr. Hamlin works with Bailey Machine Co. and owns T & H Bike and Mower Shop here.

To The Editor

To the Editor:

This letter is addressed "to the editor", but it is really to the rural citizens of Santa Anna and the surrounding area. Monday evening I had the opportunity to meet with the Santa Anna Volunteer Fire Department. This was really an eye-opening, or might say a conscience-jabbing experience.

Our fire department needs some money! Last January they sent out about 800 letters asking for associate membership donations. They got a response from about 275. So look around your desk. You have a letter that needs to be answered. Even if you did answer your letter as I did, you probably need to answer it 'louder' as I do.

If the fire department bought gas to come to your fire with the donation that you gave them last January, how far out of town would they get? This doesn't even take into consideration that they may ruin a tire or have other mechanical problems.

The volunteer firemen donate many hours of hard work each year. The least we can do is support them with our cash donations and support their fund-raising projects.

Last week, the fire department made eight calls, and the gas bill alone will be at least \$60. So help them out, if you failed to answer your letter or if you only made a token donation last January, consider how much they would be worth to you if you needed their services.

The rural citizens pay no taxes to support the fire department. If each person could donate at least five cents per acre of their land they operate, it would be a great help. Think about it. They need more money now!

Sincerely,
Roland Duus

Oil Industry Aids Area Economy

Coleman was one of 200 Texas counties last year which produced crude oil and natural gas with a marketed value of \$100,000 or more, the same number as in 1975.

The county ranked 140th in the total estimated value of petroleum produced, realizing \$5.2 million from the sale of 643,394 barrels of crude oil; \$4 million from the sale of 5.2 million Mcf of natural gas. Payments last year to owners of royalty in the county totaled \$1.2 million.

In addition to the payment of local school and county property taxes, producers in the county also contributed to the support of state government.

The search for additional petroleum continued in Coleman County in 1976, with oil and gas developers spending an estimated \$9 million in the drilling of 162 wells, including 26 classified as wildcats. Some \$2.9 million of that amount was lost in 75 dry holes. The 87 strikes included 56 oil wells and 31 gas wells.

A chapel length illusion veil, scattered with seed pearls, fell from a headpiece of Alencon lace. She wore a pearl necklace and earrings and carried a bouquet of white cymbidium orchids with stephanotis and ivy.

Maid of honor was Miss Lynn Leeder, sister of the bride. Bridesmaids were Misses Gayle Bourgeois, Cindy Hernandez and Cindy Griffen. Their slender-strapped gowns of green Qiana had chiffon capelets. They carried bouquets of coral carnations, stephanotis and ivy.

ON ELECTRIC COOKING

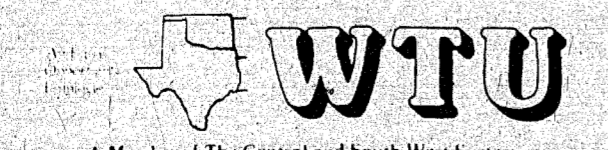

- ★ Don't be an oven-peeper. Every time you open the door, you lose 20% of the heat.
- ★ Plan oven meals to accommodate more than one dish at a time, or time your baking for multiple dishes. Most recipes can stand a 25° F. temperature variation.
- ★ Get foods for baking into the oven the moment it reaches the right temperature. Remember, you don't have to pre-heat the oven for broiling or roasting.
- ★ Use the high setting to bring foods to steaming then switch to the lowest heat needed to complete cooking. Turn off surface units before cooking is complete and let the retained heat finish the job.

MRS. DAVID CHAFFIN
The Former Robin Smith

Robin Smith, David Chaffin Wed In Garden Ceremony

Robin Nita Smith and David John Chaffin were united in marriage Thursday, August 11, at 8 p.m. Parents of the couple are Mr. and Mrs. Robert T. Smith of Santa Anna and Rev. and Mrs. E. Richard Chaffin of Fabens.

Rev. Chaffin, a former pastor of Santa Anna First United Methodist Church, officiated at the double-ring ceremony in the garden at the home of the bride's parents. A white carved archway had arrangements of mixed summer flowers at each side and potted ferns flanked the altar area. Wedding bells were tied at the top of the arch with pastel ribbons. Hanging baskets of fern, begonia and other garden flowers and pots of fern decorated the patio and garden.

Recorded music included an organ prelude as guests assembled, and the traditional wedding marches.

The bride, given in marriage by her father, wore a full length dress of candelight chiffon featuring a low ruffled neckline that formed cape sleeves. A wide ruffle edged the skirt and was caught at the back waistline with a self-fabric rose to form a bustle effect. She wore a matching organza garden hat and carried a white orchid surrounded by lavender pom poms and streamers of satin ribbon.

Serving the bride as attendants were her sisters, Lucinda Price of Brownwood and Suwanee Smith of Abilene. They wore matching gowns of floral organza in shades of melon, gold and lavender. They carried nosegays of white and lavender pom poms and daisies and wore daisies in their hair.

Jay Weathers served as best man and David Eubank was groomsman.

Gaye Harvey registered guests as they arrived for the ceremony.

Following the ceremony a reception was held. Hanging baskets formed a background for the table that was covered with a full length yellow cloth with white embroidered overlay. The centerpiece was of melon gladioli, gold, white and lavender pom poms and carnations in a

Mr. and Mrs. Floyd Morris and Mr. and Mrs. John David Morris attended the Junior Rodeo at Richland Springs Saturday night.

Tom and I had a nice telephone visit Sunday morning with our daughter, Mrs. Rick Wheeler of Pasadena. All were well. Their little girls started to school Monday. So glad they were well, and she reported it was raining. She said parts of Houston had been flooded during the past week.

Sunday afternoon we enjoyed a nice visit by telephone with our son in New Hampshire and his wife. They are well and all working and enjoying the fall weather, cool and pleasant days and cold nights, but not dreadful cold.

Mrs. Graham Fitzpatrick visited with her son, Mr. and Mrs. Don Fitzpatrick, at Crandall from Tuesday to Sunday. Mr. Fitzpatrick went over and spent Saturday night with his family, returning home Sunday. They visited a daughter, Mr. and Mrs. Jacky Bullion and Michelle, at Hico. the Joe Barnes for the trip and the services. Mr. Christie was a brother of Mrs. Ford Barnes.

The Tom Rutherfords were in Coleman during the past week helping their son, Mr. and Mrs. Hilary Rutherford, Rocky and Dena, move across town to a home they have purchased, following selling the home where they have lived about fourteen years. We trust they will like their new location.

Mrs. Barbara Morgan and two daughters of Brownwood visited her uncle, Mr. and Mrs. Floyd Morris, Thursday.

Mr. and Mrs. Joe C. Barnes were in Santa Anna Sunday and dinner guests of his parents, the Ford Barnes.

Lloyd Rutherford, Tonna and Todd of Bangs visited his parents, the Tom Rutherfords, Saturday.

Floyd Morris and son, John David, were in Brady Saturday attending funeral services for a cousin, Sidney Morris.

The Santa Anna School will begin the 1977-78 school term Friday morning, August 26. As far as I know now, the bus from Rockwood will have about the same time of day gathering the children for Santa Anna school. Will see you school children Friday morning.

Where did the summer go? Be careful until news time next week.

Church Wedding Unites Miss Bassett and Mr. Priddy

Miss Ruthie Bassett, daughter of Mr. and Mrs. Calvin Shields, and Travis Priddy, son of Rev. and Mrs. Joe Priddy of Rocky Creek, were united in marriage Saturday, July 29, in a candlelight ceremony at First Baptist Church. The groom's father officiated at the double ring ceremony.

Mrs. Annie Brymer of Valera was pianist and accompanied Mrs. David Camp of Brownwood in vocal selections.

The church was decorated with wrought iron candelabra holding bridal tapers and entwined with greenery. Baskets of white gladioli and carnations flanked the altar.

For the wedding the bride wore a floor length gown of sheer organza featuring an Empire waistline and Mandarin neckline trimmed with a single row of pearls. Re-embroidered lace covered the entire bodice and was at the wrists of the shepard sleeves. The hemline of the full skirt was edged in a self-fabric ruffle under lace trim. The back apron-effect formed a chapel train edged in the same ruffle trim.

The bride's fingertip veil of illusion was attached to a bandeau of re-embroidered alencon lace trimmed with seed pearls. Her bridal bouquet was of carnations surrounding a white orchid.

Fay Gee was matron of honor and wore a sheer floral gown in shades of pink. Her garden hat was encircled with fresh flowers and she carried a nosegay of mixed flowers matching those on her hat.

Pauline Scott was brides-matron and wore a green floral ensemble like that of the honor attendant.

'77 Licenses Available On September 1

AUSTIN—New hunting and fishing licenses will be mailed to sales deputies August 19.

Texas Parks and Wildlife Department license sales officials say 1.7 million licenses will be mailed at that time, about 70 percent of the total to be distributed about the state during the coming year.

Major licenses to be mailed include resident combination hunting and fishing, \$8.75; resident hunting, \$5.25; resident exempt hunting, \$1.25; and resident fishing \$4.50.

The resident fishing license is up 25 cents from last year. It will not go on sale until September 1 at which time it will be valid until Aug. 31, 1978. One change of significance on hunting licenses of all varieties this year is in the three tags used for turkeys.

Two will be valid only for turkeys killed during regular fall seasons—October, November, December and January. The third tag is to be used in those counties with a spring turkey season. Reverse side of the spring tag will have only the month of April.

There is currently no license sales station in Santa Anna, but they are available at several locations in Coleman.
