The bond election for the city water improvement project will be presented Santa Anna voters later this month. City leaders are hopeful the residents will approve the project and will be ready to explain the proposed project to those wishing more information.

Public hearings and open meetings are planned to give more information on the large project.

Those in doubt of the need of the improvements need only remember the summer months when city water was of poor quality and short supply.

The highway project from Santa Anna south to below the Home Creek bridge is progressing well. The highway will be widened to a four-lane right-of-way, with bridges being extended at the present time.

Congratulations to the Santa Anna boys named to All-District football honors. Thanks also to Coach Anthony Strother for submitting the list while it is still new!

One of the drawbacks of a weekly newspaper is that most news is OLD before it gets to the readers.

COUNCIL MEETING POSTPONED

The December meeting of City Council, slated for December 1, has been postponed until Thursday, December 8. The meeting will be held at City Hall at 6:30 p.m. and is open to the public.

Christmas Opening Friday

Pancake Sale, Other Events Set; Parade 2:30 Friday Afternoon

The annual Christmas season opening in Santa Anna will be Friday, December 2. Activities are planned through the day and will feature the Christmas parade at 2:30 that afternoon.

Decorated windows in the downtown area will be unveiled Friday morning, many decorated by clubs and organizations. Winners in the non-commercial category will receive cash prizes.

The annual Lions Club Pancake Fiesta will open at 10 a.m. and continue until after the supper hour at the Lions Building. The menu includes pancakes and ham and all the trimmings. A number of door prizes will be given away during the day, courtesy of Santa Anna merchants.

The Santa Anna PTO bazaar and rummage sale will be held at Mountain City Center from 9 a.m. to 5 p.m. Many items will be for sale during the day as a fund raising project for the parent-teacher group.

Cotton Harvest Almost Over

The light rain this week postponed briefly the area cotton harvest, but it is expected to be completed in a few days. A total of 555 bales of cotton have been ginned at Santa Anna Co-op Gin this fall, according to William Brown, manager.

Most of the cotton processed here has been from the Gouldbusk area and some from Brown County. There was very little cotton harvested in the immediate Santa Anna area.

Although the cotton harvest is short, the quality is very good, Brown said. Price for cotton was 42 cents a pound last week.

The 1977 harvest will be almost twice that of last year when only 345 bales were ginned here.

The afternoon parade will feature Santa Claus, the Santa Anna Band, decorated floats and other entries. Cash prizes are to be awarded winning floats

decorated in the 'Frontier Christmas' theme. School will be dismissed early so that students and staff may attend the parade.

Sponsored by Santa Anna Chamber of Commerce, the annual Christmas season activities will continue with drawings and events each Saturday until Christmas.

SPECIAL EVENT AT UMC

The congregations of both the Santa Anna and Rockwood Methodist churches will be holding Holy Communion Sunday, December 4, at their morning services. The Rockwood service is at 9:30 a.m. and the Santa Anna congregation assembles at 10:50 a.m.

A special offering for the Waco Methodist Home will be taken at both services.

Date Set For Bond Election

Open Letter From The Mayor

Citizens of Santa Anna,

I have served on the City Council and in city government approximately 8 years. During this time all kinds of complaints have come in. Red water, low pressure, and delay of water because of breaks in water mains to name a few. There have been numerous water leaks and breaks in the water mains during the past few years.

In 1950 the city voted bonds to run water lines to Jim Ned Creek. At that time it seemed that would assure Santa Anna of adequate water supply, since it had been about 15 years since Brownwood Lake was completed and that portion of water supply had not been separated from the main channel of the lake at that time. Due to the building of flood control dams and the Coleman Lake, the water supply along Jim Ned Creek to Lake Brownwood has been reduced. Also the lack of rainfall in recent years caused a reduction in our water supply.

In early summer when Coleman County was declared "A Drought Disaster County" a state representative, who was aware of our water condition, urged us to check the possibility of a grant and loan under this program. With a letter to Fm.H.A. in August the work began by the City Council and City Engineer to make a study of the town's water needs and to devise a plan that would best suit all the needs. It was proposed to extend the water line from the present pump station on Jim Ned Creek to the main channel of Brownwood Lake where the water is 40 to 60 feet deep. In the opinion of the City Council the new water supply without a distribution system would not solve all the problems.

So a new distribution system was planned. After making application we knew that the maximum amount of grant could not exceed 50 percent. Due to our extreme need we were awarded a grant (gift) of \$949,600.00 and a loan of \$977,000.00.

Due to circumstances and knowledge of construction cost going up every year, it was the decision of the Council to offer this choice to the voters for a bond election. We are aware that it will be a hardship on many city residents due to fixed income, but we also felt that being without water would make an impossible situation for the growth and progress of the town.

I want to urge each citizen to vote on this all-important project, for each property owner to consider the reduced value of his property should this town be without water. I urge each voter to make up his own mind. Do not vote for this project because I want you to, but vote for it because this is your home, your town and you don't want to run the risk of having no water.

Very truly yours,
Glen Copeland, Mayor

Water Project To Be Decided December 17

The Santa Anna City Council, at a called meeting Friday, November 25, voted to call a bond election for December 17 for a water system improvement project.

Don Johnson, Coleman attorney, explained to the Council the procedure and presented the necessary paper work for the election. It was prepared by Elbert W. Morrow, a bond attorney from Dallas.

The election will be to approve or reject bonds to pay the Farmers Home Administration loan that was approved for the project. It includes \$750,000 in revenue bonds for not more than 40 years to improve the city water works system and a general obligation bond issue for \$400,000 for the same purpose.

Matching funds for the improvement project has been awarded Santa Anna in a Federal grant.

A resolution to submit the bond issue to the voters of Santa Anna was read and Thomas Hays made a motion to pass it. Dale Bradley seconded the motion which passed unanimously.

The election December 17 will be held at the Coleman County Telephone Cooperative building.

By Mrs. Tom Rutherford

Another Thanksgiving Day and season has passed, and it was a rather quiet season in our little community. Even though the stockfarmers can't see a very prosperous crop year ahead, we all have so much to be thankful for, and surely the dear Lord will come to our rescue in time.

Joe Gilbert Barnes left for his home in Grand Junction, Colo. Friday morning after spending several days with his parents, Mr. and Mrs. Joe C. Barnes. He called his parents when he reached home, reporting a safe return home.

Franke Wells returned home from a San Antonio hospital on Thanksgiving Day following several days of tests there. It is hopeful that Franke will not have to undergo heart surgery. If he continues to improve for three months, there is a strong possibility of no surgery. As always, Franke, we are pulling for you.

Rocky Rutherford and Jim Hargett of Coleman had breakfast with Rocky's grandparents, the Tom Rutherfords, Saturday morning.

Mrs. Floyd Morris visited with Mrs. Barbara Morgan and children in Brownwood Monday.

Mr. and Mrs. Billy Radle and boys from Moore, Okla. visited with his parents, Mr. and Mrs. Bean Radle in Santa Anna from Wednesday to Friday. Other visitors with the Fitzpatricks during the holidays, were Mrs. Snowden of Brady, Mr. and Mrs. Bruce Halomon of Grand Prairie, Joe Hollingsworth of Pasadena, Bill LeMay of Coleman and Charles Hosch of Santa Anna.

Thanksgiving Day guests with Mr. and Mrs. Tom Rutherford were their sons, Mr. and Mrs. Hilary Rutherford, Rocky and Dena of Coleman, Mr. and Mrs. Loyd Rutherford, Tonna and Todd of Bangs. In the afternoon we enjoyed a nice telephone visit with our son, Thomas Ray, of Concord, N. H. and several of his family. They were all well. We also visited by

phone with Mrs. Bob (Patsy) Smith of Abilene and Mrs. Rick (Lynda) Wheeler of Pasadena, making our Thanksgiving Day a wonderful day.

Lone Star Gas suggests HOW TO WRING ALL THE HOT WATER FROM YOUR ENERGY DOLLAR.

Set the water heater thermostat at NORMAL, which is hot enough for most household requirements. If more hot water is needed temporarily, move the setting to HOT, then reset to NORMAL.

Remember that a brief shower normally uses less hot water than a tub bath. Avoid letting hot water run needlessly when shaving, washing hands, rinsing dishes. Save hot water and the energy it takes to heat it by fixing dripping faucets. Save hot water and energy by waiting until you have full loads for the washer and dishwasher.

Drain a gallon or more of water from the faucet at the base of the water heater about once a month. This prevents a

buildup of mineral deposits. And this buildup causes the water heater to work harder and use more gas.

Remarkably efficient gas reaches your meter with 93% of its original energy still available — because gas is a natural energy that's used in its original form. Using it directly for the jobs it does best actually helps conserve energy.

For more suggestions, request our free booklet, "Energy Conservation in the Home."

Who Shot Our Dog?

He was not just a dog! He was our very dear friend, companion and protector.

Why did you shoot him? Did he do something so evil that he had to pay with his life? We only hope you had a very legitimate reason for killing him. We would have been ready to make amends for whatever wrong he has done you but you were a coward and was not man enough to come out and tell us so.

Or did you shoot him just for the fun of shooting or killing?

Yes, we found him dead this morning where he had collapsed after your bullet had entered his lungs. We bathed him with our tears but no amount of loving could bring him back alive.

We hope you are happy this Thanksgiving season. As you count your blessings, you are thankful that your dog (if you have one) was not shot to death.

We thank God for many blessings too but our hearts are sad and heavy as we grieve the loss of a very dear friend.

Did you shoot our friend?
