### Mountaineers Lose To Bangs In Season Opener Last Friday

The Santa Anna Mountaineers opened the 1978 season at Bangs Friday night and lost to the Class A Dragons 12 - 6.

The Bangs team was seeking revenge for last year's 10 - 0 defeat by the Mountaineers, and had to come from behind in the second quarter to overcome the Mountie's 6-0 lead.

Coach Bill Jennings had praise for the defensive game of the local team which held the Dragons to 6 first downs.

Leading tackler for the Mountaineers was Jerry Don Culpepper who had 14 tackles to his credit as well as recovering a fumble.

Tommy Harris also played a superior game as defensive secondary, accounting for four tackles and intercepting two Dragon passes.

Wallace Collins recovered two fumbles, and others cited for their superior defensive playing were Mike Ballard, Dick Smith, Robbie Young, Rusty Buzzard, Bruce Pape, Albert Collins, Mike Warnock, Robert Barton, Phil Johnson and P. Y. Salazar.

Santa Anna's only score came in the second quarter when Tommy Harris connected with Rusty Buzzard on a 39-yard pass. The try for extra point failed.

Mike Warnock was leading rusher for the Mountaineers with 47 yards in 19 carries. Younger brother Dwayne Warnock

accounted for 43 yards in 10 carries, and Jerry Don Culpepper had nine yards.

Tommy Harris attempted 18 passes and completed 8 for 139 yards. Bruce Pape was top receiver with three receptions for 67 yards. Rusty Buzzard had four receptions for 64 yards.

Santa Anna and Bangs each had six first downs; Santa Anna led Bangs 77 to 72 in rushing yardage and 139 to 65 in passing yardage.

## New Mexico Steer Roper Takes 1978 PRCA Title

The 1978 PRCA Steer Roping title was won by a Norman, Oklahoma cowboy at Laramie, Wyoming last Sunday. Kenny Call was winner of the 10-steer event, entering the championship race in second place in the 1978 event.

Walt Arnold of Silverton, Texas was runner-up for the title; Gary Good of Elida, N. M. was third, and Mack Fortenberry of Adrian, Texas was fourth.

Guy, the son of Mr. and Mrs. James Allen of Santa Anna, entered the steer roping finals in 12th place, and ended at about that standing. He was enroute with his

father Monday to the Pendleton, Oregon Roundup where they will be competing in the first contest of the new season.

## Housing Site Approved; Ball Fields To Be Moved

The Santa Anna City Council voted Thursday, September 7, in regular session to re-locate the two Little League ball parks so that the present site just east of the Community Civic Center can be used for the site of additional housing units.

The former Armory location was approved by the HUD agency for the location of eight apartment units, to be built in the future.

The ball fields will be moved east of the original ball park, making the three fields in the same complex without a street intersecting the parks. The

approved site for the housing units will be to the north, east and south of the Civic Center, leaving the entire west block in front of the community building open for parking, landscaping, etc.

Mayor Glen Copeland presided decided at the Thursday meeting that included the reading and approval of minutes of the previous meeting and payment of bills and accounts.

The report of the water improvement project showed most of the easements secured, and work almost completed for (See CITY COUNCIL, Page 2)

## Heavy Damage To Vehicles In Sunday Morning Mishap

An early morning vehicle accident Sunday caused major damage to three autos and minor injuries to three Abilene residents.

Bennie Garcia Jr. of Abilene apparently went to sleep as he approached Santa Anna at 3:45 a.m. September 10, and his 1973 Ford went across the highway and struck the rear of a 1975 Pontiac parked at the Raymon DeLeon residence on the Rockwood Highway in south Santa Anna.

The Pontiac was knocked into another vehicle, a 1972 Oldsmobile belonging to the DeLeon family, heavily damaging the three cars.

Garcia and two passengers were treated and released from the Coleman hospital following the mishap, and the Abilene man received a citation for driving without a license, according to a report from the investigating officers.

## Coleman Co. Coal Mining Permit Granted By TRC

The Texas Railroad Commission approved Monday the issuance of a permit to Amistad Fuel Company for a sub-bituminous coal mining operation southwest of Rockwood.

The permit granted approval to surface mine 1,100 acres for coal by the company that is a subsidiary of Kaiser Cement and Gypsum Corp. of California.

The Amistad company is the first to request a permit for bituminous coal, the other applications in recent years being for the mining of lignite coal.

Although the permit was

granted, mining is not expected to begin immediately. A survey will be conducted to plan reclamation costs and other requirements.

In a related issue, a hearing is set October 5 in the 11th Court of Civil Appeals in Eastland to hear arguments in a suit filed against Royce McPhail of Rockwood by the company handling leases for Kaiser.

McPhail is appealing the district court ruling in a land dispute. The land case will affect the mining plans until clear rights to the property have been decided.

Plans call for mining 200,000 tons of coal annually from the site to use at the Kaiser facilities near San Antonio.

## PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 7, 1978

### "The Tax Relief Amendment" (H.J.R. 1)

H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing

authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

### NUMBER ONE (S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

### NUMBER TWO (S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

### NUMBER THREE (S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes."

### NUMBER FOUR (S.J.R. 53)

S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

### NUMBER FIVE (H.J.R. 37)

H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent jurisdiction

with both county and district courts where the amount in controversy is between \$500 and \$1,000, except where the legislature gives the county or district court exclusive jurisdiction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases."

### NUMBER SIX (S.J.R. 45)

S.J.R. 45 proposes an amendment to the Texas Constitution to allow the legislature to expand the number of judges on any court of civil appeals. Presently courts of civil appeals are limited to a chief justice and two associate justices. The amendment also would allow the courts to sit in sections, with the concurrence of a majority of the judges sitting in the section necessary to decide a case.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

### NUMBER SEVEN (S.J.R. 48)

S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

### NUMBER EIGHT (H.J.R. 42)

H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise lend its credit to engage in fire-fighting activities and to issue bonds or otherwise lend its credit to support such activities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or otherwise lend their credit for fire-fighting purposes."
