### Caney Creek Crusaders Sing At Presbyterian Church This Evening

Caney Creek Crusaders, a choral group of young people from Pipepans, Kentucky, will offer entertainment this evening at the all-church night of the First Presbyterian Church with the men of the church as hosts. The group has made appearances before civic and religious clubs throughout the United States during the tour which brings them to this city. The public is invited to attend the affair that begins at 8 o'clock.

Mrs. Clem Ratliff is in Ranger where she was called to the bedside of a brother who was in a critical condition from injuries received in an automobile accident there. Max Ratliff, her son, returned from Ranger Monday.

### Publicity Value In Tuberculosis Fight Stressed At State Meeting

Publicity plays an important part in the fight against tuberculosis, according to Miss Iva Jane Lytle, formerly of the state department of health, in an article written for The Herald inspired by the talks given at the annual state tuberculosis meeting recently held in Tyler which she attended. Among more important preventative measures discussed was the need for more county health nurses. It has been found that the death rate is decidedly lower in counties where nurses are so employed.

Other publicity movements give impetus to a better program for every community represented. "We think of the tuberculosis association as having a definite objective—that of publicity—keeping the general public stimulated to fight tuberculosis. We are prone to slide along in our busy days without thinking much about our part in the fight until it is brought to our mind," she continued. "Miss Alice Miller, field worker from the University of Texas health and nutritional department, one of the outstanding speakers on the program, stressed emphatically the co-ordination of agencies working in schools, homes and communities. She stated that physical health should rank first in the educational program of schools that should be divided into three parts, (1) health service, (2) health education,

(3) physical training. Special training is necessary for health educational work."

**Health Nurse**  
Treating of the value of a health nurse in schools, not only as a preventative measure against tuberculosis but of other diseases, Miss Lytle said: "An ideal set-up would be a school doctor and a nurse but few communities have both. More often the nurse alone is employed to execute such a program as:  
1. Health inspection for accumulative health records. (Noting deviation from normal and includes no remedial treatment.)  
2. Daily inspection.  
3. School sanitation.  
4. Proper lighting.  
5. First aid and safety. First aid kit in each school and reporting necessary repairs.  
6. Common disease control by health education in the schools.  
7. Hygiene of instruction. Rest periods for pupils needing it, etc.  
8. Health of teachers.  
9. Assisting the teachers in health education. For elementary grades applying examples of health training. For secondary schools, corre-

### Colorful Cloth

442

By RUTH ORR  
Pattern No. 442

Color, color everywhere—yes, even in the dining room. With a simple, floral design, you can alter your tablecloth immeasurably. The pattern includes transfer designs for two motifs like the one pictured, for opposite corners of the cloth, as well as two smaller motifs for the other corners. The directions include suggestions for color, but you can follow your own ideas if you want the cloth to harmonize with other furnishings. The design can be used on luncheon or dinner cloth, and can be applied near the edges of the cloth.

The pattern envelope contains a genuine hot-iron transfer pattern for two motifs 14x14 inches, and 2, 8x8 inches; and complete, easy-to-understand illustrated directions, with diagrams to aid you; also what material and how much you will need. To obtain this pattern, send for No. 442 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Big Spring, Texas, Herald, Needlework Department, P. O. ### Reading AND Writing

By John Selby

Still the foreign correspondents keep their book. They have written ten book after book, and almost without exception, they have written good books. Wythe Williams is the latest on the list. He calls his book "Dusk of Empire," and it is indeed a different kind of book. All the correspondents but two or three have done their writing in Europe. So does Mr. Williams in the main. But most of the correspondents have used Europe as a sort of multiple mirror, to reflect themselves. And Mr. Williams is concerned primarily about Europe and this country, and somewhat less about his personal va crux.

This objective method is not invariable; some of the best material in the book is directly personal, such as the visit to the fort at Douaumont in the midst of the war. Personally we like paragraphs such as the third from last in the book, in which Mr. Williams tries to guess why nations go to war and fails. There is a peculiar quality of reliability and honesty in his thinking which seeps, as it were, unconsciously, into his book. He covers approximately a quarter century, beginning with the death of the seventh Edward and ending with the abdication of the eighth. In between are original and highly flavored glimpses of many important figures, and some astonishing suggestions. One of these will serve as a sample—Mr. Williams thinks it might be a good idea if President Roosevelt would ditch up a fast cruiser shortly after George VI is crowned, and be ake him to Stockholm for a conference with other heads of states.

For, and this is the crux of Mr. Williams' book, the sun no longer beams steadily on Europe. He believes the long twilight of the gods has set in across the sea, and that first place in the sun is ours if we only take it. If we do, Mr. Williams sees world civilization rising to unanticipated climaxes. If we do not, it is the end.

"Dusk of Empire," by Wythe Williams (Scriveners; \$3.00).

Mr. and Mrs. E. C. Masters are visiting in Fort Worth and Dallas.

Representatives of newspapers stressed the importance of a planned publicity program in the struggle against the malady, pointing out that a lengthy campaign would be more effective than one that covered a short span of time.

Talks were given on methods of public education through the radio, posters and exhibits. Also an interesting X-ray clinic was held where various cases, their treatment and cure were shown and surgical treatment and its desirability was discussed.

The local chapter hopes to have a large representation at the 1938 meeting that is to be held in El Paso.

Installation Ceremonies Held For Presbyterian Unit Officers

Impressive ceremonies marking the end of the church year were held by members of the First Presbyterian Auxiliary Monday afternoon when officers for the ensuing period were installed by Dr. D. F. McConnell and general report made. Mrs. S. L. Baker, outgoing president, complimented the group with a social following the business.

Mrs. H. W. Caylor gave the devotional from Eph. 1:22, "Head Over All Things to the Christ," with a musical background of "Church is the one foundation" and afterwards the women joined in singing "More Love To Thee."

The auxiliary program has broadened out knowledge of what our denomination is doing to carry out the Great Commission," said Mrs. Baker in an address to the group after each retiring officer had told of the blessing she had received by holding her respective office.

In a talk before the new officers Dr. McConnell said as an auxiliary they were "working together as a unit for the glory of the Lord." He installed Mrs. Emory Duff, president; Mrs. H. G. Foosee, vice

president; Mrs. H. H. Moser, secretary; Mrs. R. V. Middleton, treasurer; Mrs. S. L. Baker, secretary of home missions; Mrs. W. C. Barnett, secretary of home missions; Mrs. N. M. Agnew, secretary of christian education, ministerial relief; Mrs. D. A. Koons, secretary of spiritual life; Mrs. Foosee, secretary of literature; Mrs. E. C. Boatler, secretary of christian social service; Mrs. G. A. Barnett, secretary of social activities; Mrs. Robert T. Piner, secretary of pastor's aid; Mrs. E. L. Barrick, historian; Mrs. L. S. McDowell, secretary of home circle; Mrs. A. A. Porter, Mrs. H. W. Caylor and Mrs. G. A. Barnett, circle chairmen.

Financial Reports Outstanding work done in the auxiliary was notable in the fact that a pledge of \$304 was exceeded by \$214 and \$165.88 was donated to the home and foreign missions, features of the diamond jubilee year the theme of which was "Christ and the Church First." Church calls during the year reached a total of 1,667.

Mrs. L. E. Morris was in charge of the social hour when Mrs. Baker and Mrs. Duff were presented with

coupages of gardenias. The women indulged in several Bible games and contests, the latter winner being Mrs. G. A. Barnett. Other numbers were given by Mrs. H. H. Moser who sang a solo, and Howardine Findley who gave a reading. As a climax to the afternoon's activities, Mrs. Foosee presented Mrs. Baker with a lamp, a gift of appreciation from the auxiliary.

Refreshment plates on which the St. Patrick's day motif was attractively used were passed to those participating in the ceremonies, the leaders and Mrs. Thomas E. Pierce, Mrs. D. F. McConnell, Mrs. Neill Hilliard, Mrs. Raymond Dunagan, Mrs. N. J. Allison, Mrs. George Neill, Mrs. Frank Knous, Mrs. E. O. Ellington, Mrs. R. J. Hoover, Mrs. Noble Read, district chairman of Coahoma, Mrs. G. D. Lee, Mrs. Eloise Arnold, Mrs. Lorin McDowell, a guest, Mrs. F. R. Denney, Mrs. W. G. Newby was elected to serve as official reporter. Chairmen are Miss Corynn Rose, personal service; Miss Edna Mundt, librarian; Miss Eva Owens, program; Miss Claire Lou Nummy, poster; Miss Dorothy Lay, membership; Miss Lorene Anderson, social. Miss Owens has arranged an entertaining program for the March 29 meeting when Miss Lorene Anderson will be hostess for a chili supper. Miss Emma Jean Lay and Mrs. J. J. Strickland, sponsor, were present with the committee chairmen.

Stuffed Toys Made By East 4th Circle For Welfare Nursery

Making of stuffed toys for the welfare nursery featured the meeting of the East Fourth Baptist church held in the home of Mrs. Reeves Monday afternoon.

Mrs. T. N. Culwell gave the devotional. Joining in the sewing hour were Mrs. Joe Wright, Mrs. L. A. Coffey, Mrs. D. W. Rankin, Jr., Mrs. Culwell and Mrs. Reeves.

Mrs. Raymond Winn and children have returned from a visit in Fort Worth and Dallas.

Mr. and Mrs. Clyde Walls, Jr. and Mr. and Mrs. Charles Davis have returned after spending several days in Fort Worth at the stock show.

SUFFERED 40 YEARS FROM CONSTIPATION

"For 40 years, I had been praying for a lasting remedy for constipation and its evils. Finally, I tried Kellogg's ALL-BRAN. Since that time (nearly 10 years ago), I have not taken any medicine. I have been well and entirely free from constipation."—Mrs. I. H. Kendig, R. F. D. No. 2, Lancaster, Penna.

Don't let common constipation ruin your life. You can end it safely, without using drugs that soon lose their effectiveness.

Just eat two tablespoonsful of Kellogg's ALL-BRAN every day—with every meal in severe cases. Serve as a cereal with milk or fruit, or cook into appetizing recipes. ALL-BRAN absorbs more than twice its weight in water and gently clears away the wastes that cause headaches, tiredness and serious illness.

The vitamin B in ALL-BRAN helps tone up the entire intestinal tract. Buy ALL-BRAN from your grocer. Guaranteed by Kellogg in Battle Creek.

THE SPORTS CIRCUIT - Dates Set For Midland Downs Spring Meet

MIDLAND IS all set for a big spring meeting at Midland Downs this year. The spring race meet will start on May 14 and end May 22, according to word received from Homer Epley, secretary of the Midland Fair, Inc., who is now in Austin.

WILLIAM WALSHINGHAM, St. Louis Cardinal representative who attended the West Texas Baseball League meeting Sunday, made a deal with Ray Query to furnish players to the Midland club. The first batch of players will arrive in Midland about the middle of April, final spring training being carried before the season opens. Most of the youngsters will be practically ready to go, having been through baseball schools earlier that are staged by the Cardinal management each spring.

LES MALLON, expected to be back at the middle bag for the Dallas Steers in this year's Texas league race, has a lifetime (10 years) batting average of .306 in organized baseball.

CHARLES AKEY, is new Lab-hock country club pro, is back in town for a short visit.

M. E. HAYNES, manager of the Hollywood softball team, will be in town this afternoon to make arrangements for games here.

WITH the start of the 1937 baseball pennant chase only a few weeks, it might be well to review the game's No. 1 men of last year as furnished by The Sporting News: "Branch Rickey, general manager of the St. Louis Cardinals, for his influence on the game as emphasized by the advancement of three Rickey-trained executives to high positions; Joe McCarthy, for piloting the New York Yankees to the American league pennant by a margin of 19 1-2 games and to the world's championship; Carl Hubbell of the Giants, for leading all major league hurlers in victories and winning percentage; President Earl Mann of the Atlanta Southern association Crackers, for his efficient administration which enabled his club to draw more than 300,000 attendance for the second successive year; Allan Sothoron, for piloting the Milwaukee Brewers to the American association championship and to Vander Meer of the Durham Piedmont league club, for earning recognition as the knockout king of the minors.

BLIND BOWLERS NEW YORK, N. Y., Mar. 16 (AP) - Two blind bowling teams will compete in the American Bowling Congress tournament tonight—the first time in the 36-year-old temple classic that a sightless squad has been scheduled. The two teams will represent the Lighthouse Bowling league, a local institution for the blind that boasts an organized league of eight fifteen teams.

The ten men's averages range from 150 to 170. Both teams are entered in the "booster" class and will compete with lineups from New York Philadelphia, Schenectady and neighboring Jersey towns.

RIDEOUTS IN SPECIAL EVENTS FORT WORTH, Mar. 16 (AP) - The famous sets of twins of North Texas State Teachers college were entered in the special events division of the fiftieth annual Southwestern Exposition track and field meet here today.

Coach C. C. (Choc) Sportsman, who also will referee the meet, announced Blaine and Wayne Rideout will compete in the special two mile run while Elmer and Delmer Brown will be entries in the special 100-meter dash.

The individual entry list leaped over the 500 mark today.

SOUTHERN CIRCUIT SENDS 22 ROOKIES UP TO MAJORS

By KENNETH GREGORY ATLANTA, Mar. 16 (AP) - The Southern association, which sent Roy (Stormy) Weatherly to stardom with the Cleveland Indians last year, sends 22 rookies to the majors with hopes that half of them will stick.

The New Orleans club, from which the Indians obtained heavy-hitting Weatherly, contributes three new ones, Tom Drake, pitcher who won 13, last 5, and Henry (Hank) Helf, who batted .399 and caught 126 games, join the Indians; Bill Ferris, a south-paw hurler, who won 18, last 5, goes to the Boston Bees.

The Washington Senators called in seven from their Chattanooga farm, chief among them being Big Freddie Sington, the former Alabama All-America tackle, who led the association with a .364 bat mark.

The Lookouts field general and second baseman, Johnny Mihalic, played 25 games with the Senators, batting .239. With Chattanooga he hit .214.

Sington, an outfielder, joined the Senators near the tail end of last season and participated in 25 games, batting .319 and driving in 25 runs.

FIELD TO BE CUT TO 16 TODAY

By LOUDON KELLY DENVER, Mar. 16 (AP) - Teams battling here for the National A. A. U. basketball championship are making the pre-tournament prophets look better every day.

The caliber of the competition was shown in the early round games where there were overtime struggles and more tugging finishes than in either of the last two cage grinds' opening chapters.

The field, which listed 45 teams DENVER, Mar. 16 (AP) - National A. A. U. basketball tournament results yesterday: New Mexico Normal 44, Southwestern Oklahoma Teachers 43, Arkansas State Teachers 51, Central Oklahoma Teachers 34, Drury College 31, Panhandle A. & M. 28.

Wichita Gas 35, Cleveland Brass 30, Mitchell, Walla Walla, Wash., 66, Cincinnati Kings 28, Central Missouri Teachers 50, Stephen F. Austin Teachers 34, Long Island University 35, West Texas Teachers 50, Denver Safeways 54, Oberlin, Kas., 31, Hollywood Stars 55, Eckers, Salt Lake City 37.

Friday, will be cut to 16 at the end of today's 11-game program, which, like yesterday's will run past midnight. It completes the second round.

Tournament fans tonight will get to see the most glittering team of them all from the standpoint of individual stars—the Bartlesville, Okla., Oilers, No. 1 favorite, who meet the Wichita Gas club at 8 p. m. Mountain Standard time.

Harris High In Praise Of Jack Salvesson

Senators' Pitcher Said To Be Best Knuckler Since Urban Shocker (By the Associated Press)

Orlando, Fla., Mar. 16 (AP) - Manager Hucky Harris watched the breaking of the knuckler ball over home plate today and observed that the Washington Senators' new pitcher, Jack Salvesson, "the best knuckler I've seen since Urban Shocker used to make Goose Coekin mis his by two feet."

GREENBERG MAY NOT BE IN TOP SHAPE - LAKEHURST, Pa. - Mickey Cochrane, Tiger pilot, insists he is not completely convinced that Hank Greenberg, Detroit first baseman who was out last season, will be able to take over his old job.

JIMMY WILSON TEACHES BASE RUNNING - WINTER HAVEN, Fla. - Manager Jimmy Wilson is devoting a part of training drills to teaching the Philadelphia National leaguers how to run bases.

MILLER ONE OF SMARTEST FIELDERS IN GAME - TAMPA, Fla. - Eddie Miller, former star Toronto shortstop, stood today as a threat to Billy Myers' custodianship of the position with the Cincinnati Reds.

MELTON TO REPLACE VET. ERAN COFFMAN - ST. PETERSBURG, Fla. - The New York Giants' Cuban training exercises seem to have settled on one thing—that Cliff Melton, lanky left hander from Baltimore, will replace the veteran Dick Coffman on the mound staff.

SPORTS ROUNDUP

DAYTONA BEACH, Fla., Mar. 16 (AP) - Havana fans are boiling mad because Los Santos Cardenas came to town two years in succession without Dixie Dena, Senor Adolfo Luque of the Giants, who understands the lingo, got a big kick out of telling the Cards what the boys and girls were saying, which was plenty and hot.

Bill Terry's decision to quit seems to be definite this time and it is just as well for the guy was on his way to a more farwells than the late Mme. Schumann here say if Shanty Hogan can eat more than Pepper Martin, they want no part of Mrs. Hogan's boy... The Dodgers want old Jess Haines of the Cardinals for the vacant coaching job.

Those Cuban sensations must have something on the ball, at that. One Daytona Beach writer who went to Havana with the Cards, was taken care of so well by the dolls he forgot to drop by the cable office and file his story.

"THEY TEAH YOU EVERYTHING BUT RUNNING" - CLEARWATER, Fla. - Jack Winston, the rookie slugger who is the main reason why the Brooklyn Dodgers secured Percy Brant to tutor the squad in running, figures it's a good idea. "They teach you everything but running and that's about the most important thing you do in the outfield," he says.

Another long batting DRILL FOR RED SOX - SARASOTA, Fla. - Another long batting drill was on Manager Joe Cronin's schedule for his Red Sox today with the exception of Jimmy Foss. Foss' temperature soared to 101.4 yesterday, and he was ordered to bed.

BEEES, GIANTS PREPARE FOR CLASH - ST. PETERSBURG, Fla. - The Boston Bees, whose hitters have been lagging, today were called upon to face Al Smith, Dick Coffman and Tom Ferriek, two regulars and one of Bill Terry's rookies hurlers, in their first 1937 circuit meeting with a National League rival, the New York Giants.

HARRIDGE SAYS TIGERS PUT 'PUNCH' IN A. L. RACE

Henry Greenberg's Wrist in Good Condition - CHICAGO, Mar. 16 (AP) - William Harridge isn't going to try picking the American league pennant winner this season but he climbed far enough out on the limb today to say the Detroit Tigers "is going to take a lot of holding."

Harridge, league president, is just back from a Florida vacation but he didn't visit a single junior circuit spring camp or see any American league clubs in action. He had a pretty good source, however, for his information - Walter O. Briggs, Detroit owner.

I talked to Mr. Briggs at Miami Beach," Harridge said, "and he's all enthused about Detroit's chances. So am I. With Hank Greenberg back and I've been told he's in great shape and with his injured wrist as strong as ever - the Tigers are certain to make this year's race a tight one."

Mickey Cochrane, fully recovered from his illness, appeared today to give the team the spirit it showed in winning in 1934 and 1935.

Farr Decides Not To Fight Maxie Baer

Wins Title From Foord And Announces Intentions Of Trying Neusel - LONDON, Mar. 16 (AP) - Great Britain's new heavyweight champion, Tommy Farr, sprang a surprise today when he announced he probably would not meet Max Neusel, former world's titleholder April 15 as scheduled.

Our contract calls for a fight with either Baer or Walter Neusel," the Welshman said, "and I want to meet Neusel next."

Neither of those guys lets them come right from the shoulder and that's when they hurt real bad," said Max. He watched Foord and Neusel come out of the ring and commented neither showed a mark, although Foord's nose bled freely during the bout.

Berger Man Gets Prize In Irish Sweepstakes - DUBLIN, Mar. 16 (AP) - Seven cash prizes of \$31,021 each were drawn today for holders of Irish Hospitals Sweepstakes tickets in the United States.

CENTER JUMP IS ON WAY OUT

CHICAGO, Mar. 16 (AP) - The center-jump, a part of basketball since the game's beginning, appeared on its way out today as far as the National Collegiate Basketball Coaches' association was concerned.

The modification of the rule, devised by coaches of the Pacific Coast conference's southern division and used there since 1933, and adopted by the Big Ten Sunday for a year's trial, provided the center-jump be eliminated except at the start of regular and overtime periods.

Saving as much as seven minutes of playing time per game, according to statistics kept by the Pacific Coast group, the proposed measure appeared to have the backing necessary to gain recommendation to the rules committee.

John Henry Lewis Wins Ten-Round Decision - PHILADELPHIA, Mar. 16 (AP) - John Henry Lewis, 181 1-2, light heavyweight champion, of Phoenix, Ariz., won a 10-round decision over Hans Birke, 195, of Berkeley, Cal., in a non-title bout last night.

TODAY'S ANNIVERSARY—James Madison, fourth president of the U.S., born March 16, 1751.

THEY WANTED TO TAKE IT EASY

Texarkana has—or had—a strike of WPA workers, the basis of which, according to reports, is that the men didn't like their foreman. It wasn't a sit-down strike, for there is nothing to sit on except earth on a mosquito control project. It was just an every-day stop-work strike until the group get what they want.

The cause of the action, according to statements of some of the WPA employees, was that the foreman, who was rated as an excellent employe by WPA officials, had been "too hard on the men," and forced them to do what officials called a "full day's work" and what some of the employes themselves called "working like slaves."

One of the employes naively said, "We understood this WPA to be such that we could sort of take it easy now and then, without having a foreman always driving us like we were a bunch of slaves." And another equally as frank said, "They can do as they please," referring to the officials.

They understood they could "sort of take it easy," and when a man who has to work for a living gets that idea, he is not worth much to his employer, either government or private.

Man About Manhattan

NEW YORK—The mellifluous smells of New York are, if anything, far more numerous than its sounds. They hang in aromatic cascades above the skyscrapers and are wafted through windows and into cafes and drugstores so that they ascend the imagination as well as the nostrils, leaving unforgettable impressions.

Sometimes along the waterfront, if the moon is just right, and the day has not been too freighted with annoyances, you can whiff the white clipper seas that Masefield sings of, and you can smell the sky, too. It has that intangible cleanness of bluing water you remember on wash days as a child.

Chambers street is always a maelstrom of warring scents. This is because of its proximity to the vegetable belt, and so here one comes into a confused melange of odors given off by green cabbages, Bermuda onions, crates of tomatoes, hogheads of sauerkraut, turrets of beets, baskets of apples, peaches from South America, and the whole mountains of celery, corn, Irish potatoes and Georgia yams.

Not to be forgotten is the sly, faint smell of fried bamboo shoots in the Chinese restaurants, the heavy musk of mink in the breweries, the knife-like stab of antiseptics in the hospitals, the parched odor of roasting chestnuts on the street corners, the sense-destroying and wholly indescribable smell of fish in the Fulton street markets.

There are, in addition, the cloyed sweetness of the floral warehouses, the smell of new leather in the luggage shops, the bite of burnt powder in the shooting galleries, the waves of fried smells which curl from restaurant doors in Sixth avenue.

NEWS BEHIND THE NEWS

By PAUL MALLON. Copyright, 1937, by Paul Mallon. Guffey-Vinson bill held model for new measure would fix coal prices, wages and hours. Constitutional objections believed avoided. Legislation seen lessening need for court change.

Approach: WASHINGTON, Mar. 16 — The little-noticed Guffey-Vinson coal bill is supposed to contain a hidden key to President Roosevelt's NRA revival plans. It passed the house last week without creating a ripple of interest.

Such a suspicion is bolstered by the announcements that John Lewis is not setting out to organize the electrical and oil industries. It has not been announced, but he also has his eye set on rubber, where the next break may come.

Fixing: This Guffey-Vinson bill goes the whole way of the NRA for the coal industry. It creates a national bituminous coal commission within the government, and puts a sales tax of one-half of one per cent on coal.

Hollywood: HOLLYWOOD—Jack Lyons is the key man on the Warner lot. He has nothing to say about story purchases, production problems or release dates, but without him—or an assistant who understands his system—the studio couldn't lock up at night or open in the morning.

Circumlocution: The wording of the new law is the work, not entirely of the nominal authors, but also of former assistant Atty-Gen. John Dickinson.

Authority: The power of any administration to work its will upon congress is illustrated again in the current predicament of Senator Wheeler.

Notes: Only nine men in all Washington are supposed to be beyond the authority of a government to reward its friends and punish its opponents, but lately doubts have arisen as to whether even the nine are immune.

Hollywood Sights and Sounds

HOLLYWOOD—Jack Lyons is the key man on the Warner lot. He has nothing to say about story purchases, production problems or release dates, but without him—or an assistant who understands his system—the studio couldn't lock up at night or open in the morning.

About his compact new office are high, shallow cubboards in which are sliding panels, each holding a hundred keys.

There have been epidemics of petty thievery in studio dressing rooms from time to time. When this happens Lyons moves in with a whole new set of locks and master keys.

By 7 o'clock each night the studio is locked up tightly, except for the back lot where production and construction may continue 24 hours a day.

Lyons' spare hours are spent unclocking brief cases for New York executives who have lost their keys en route, and in fitting new keys to ignition locks for players' cars.

His own office door is controlled by his own master key. When he comes to the studio without this, he has been known to do, he goes to a secret hiding place where he has a spare master key.

ESCAPE IF YOU CAN

BY FREDERICK JACKSON

Chapter 34 ANNE HAS A LUNCHEON DATE Bigelow slept late on the following morning. It was 12 o'clock when he rang for coffee and looked at the papers.

The search for Lorna Dryden was still on, apparently. The police reported that Dryden had had a letter from his wife posted in the metropolitan section of the city and they believed that she had taken cover not far from her own apartment.

Bigelow tossed aside the papers and telephoned Anne. But Walters informed him that Anne had gone out and said that Mrs. Phelps desired to speak with him.

"Anne is lunching out, my dear," said Mrs. Phelps. "But I thought you might like to come and lunch with me?"

"Why don't you come down here and lunch with me?" urged Bigelow. "It will do you good to see a little of life."

"Perhaps it would," she agreed. "Very well, I'll come at once. But don't order me a cocktail. Dry sherry is my measure."

With Philip Whitelaw, answered his aunt. "See you at one, then, my dear."

He turned on his bath and considered himself in the mirror as he laid out his shaving things.

Certainly, the thought of her going off to lunch with Philip Whitelaw didn't please him.

He began to shave, trying to think of Anne dispassionately. She was lovely, no denying that.

Long before Bigelow put her in her car at half past three, he had come to loathe Philip Whitelaw.

He could find no satisfactory answer to any of these questions but he told himself—as he soaked in his tub—that he could not stoop to the conversation when his aunt came that he would find out at least as much as she knew.

About Philip Whitelaw He was waiting in the lobby when Mrs. Phelps arrived.

York mayor said "the brown-shirted fanatic" should be in a world's fair "hall of horrors," led to a German press campaign of attacks on the United States which brought representations from the United States ambassador, William E. Dodd.

Joined to the two news dispatches in Der Angriff was this comment:

"The Reich, by its protests to Washington against slanders upon the German chief of state by New York's mayor, showed it isn't willing to take lying down the insults which, ever more strongly, encumber German-American relations.

"Up to now the American government has done nothing effective against Jewish vulgarisms. As these excesses are recurring and will continue unless American authorities interpose, the time has come to demand that the president of the United States himself intervene energetically."

BERLIN, Mar. 16 (AP)—Page 10—The German newspaper "Der Angriff" today published a mass meeting was withdrawn from the press when official instructions to completely ignore the latest republication of the "LaGuardia incident."

(x) Not reported but taken from payments by office to officers salary fund.

One reason for reduction in expenditures this year was attributed to the county commissioners court which has assumed a more noticeable "watch dog" attitude. In one office, not included in those shown above, but reporting its telephone bill through one of the offices, was told by the court to go on a cash basis for telephone calls. The court has also issued warnings on certain other accounts and expenditures.

the snap without appreciable damage. Most of the blossoms were holding up and the petals remained clear. Trees with black stripes in the blossoms were the exception rather than the rule for peaches.

Plums, heartier than other fruit varieties for this climate, appeared unaffected by the weather. Other trees had not been blooming on wide enough scale to cause serious damage.

Some feared that clearing skies today might produce frost tonight which could easily accomplish what a minimum of 26 degrees Monday could not.

## Garza Test Also Becomes Air Well

Another "air well" was added to the area Monday afternoon when the S. "Blackie" Caprito No. 1 Post estate wildcat test in section 12-30, K. Aycock survey, Garza county, blew tools up the hole and lodged them there.

The flow was encountered at 2,100 feet. According to operators, the gas is non-combustible and has an odor strangely like creosote.

Although the flow is strong enough to prevent recovery of the tools, it is not in the same class with the Westbrook & Graham No. 1 Great West, near Big Spring.

The Caprito No. 1 Post estate is located about four miles south-west of Post City and is two miles west and slightly north of nearest production in that area.

## League Plans Are Revised

### Literary Events Slated At Coahoma; Track Meet At Garner

Directors of the Howard county interscholastic league Monday evening revised the schedule for the annual county meet.

Literary events will be shifted to Coahoma and track and field events to Garner school in keeping with the committee ruling.

Norman C. Malechek, director general, said that the meet would be opened in Big Spring Saturday with the senior tennis and playground ball tournaments. Part of the playground ball will be played at high school and the remainder at the park. All the tennis is to be played at the park.

Next event scheduled is that of choral singing, set for March 24 at 7 p. m. in the city auditorium. The following evening, at the same hour, declamation contests will be held in the auditorium.

Literary events will be held at Coahoma beginning on the morning of March 26. In the afternoon the junior tennis tournament will be played in Big Spring, and at night the extemporaneous speaking competition will be held at Big Spring high school.

The league meet is to be concluded the following day with volleyball, track and field events scheduled for Garner school.

## FUNERAL HELD FOR MRS. JACK DOYLE

Funeral services were held at Clyde Tuesday morning for Mrs. Jack Doyle, 35, sister of Mrs. Harry Lester of Big Spring. Burial was made in a Clyde cemetery following rites at the Methodist church.

Mrs. Doyle, the former Miss Fay Clemmer and wife of a well known Texas oil man, succumbed Saturday at Corpus Christi.

Survivors, besides the sister here, include her husband and infant daughter, and the following brothers and sisters: Mrs. Jack Gorman, Snyder; Mrs. Morris Woodard, Clyde; Mrs. Gus Collins, Abilene; R. C. Clemmer, Clyde; Ralph Clemmer, Arp, and Marcus Clemmer of Louisville, Ky.

## EASTERN PUBLISHER AND WIFE STOP HERE

William J. Papa, publisher of the Waterbury, Conn., American and Journal, accompanied by Mrs. Papa, spent Monday night in Big Spring. They were en route from San Francisco, Calif., to their home, after having visited a son in San Francisco. Making the trip by automobile, Mr. and Mrs. Papa expected to return to Waterbury later part of this week. Papa, publisher of the Waterbury papers for thirty-six years, had previously visited in Texas, having been guest speaker at the sessions of the Texas Press association in 1920. It was Mrs. Papa's first visit to this state. "I am greatly impressed with Texas," said the publisher, "especially at the signs of growth in this particular part of the state. No doubt Texas will continue to experience a wonderful growth."

The couple left early Tuesday morning for San Angelo, where they will be guests of Mr. and Mrs. Houston Harte.

## HOSPITAL NOTES

Big Spring Hospital  
Gordon Hickman, 209 Northeast Second street, who has been quite ill of pneumonia, is improving.

Floyd New of Odessa, oil field worker, sustained fractures of the left leg Monday afternoon while engaged in work on the Gulf-Chalk lease. Falling pipe was cause of the accident. He was brought to the hospital for treatment.

Mrs. Lee Gandy of Big Spring Sterling route continued to show improvement Tuesday following an attack of pneumonia.

dent in the belief that through level acceptance the supreme court of the United States will continue as a living organism."

Green told the committee his labor federation, in seeking social legislation along the lines enacted during recent years, did so "in the sincere conviction that such came within constitutional limitations."

"This conviction," he added, "was and is based on the conception of the constitution as a charter of government purposely so worded as to permit expansion to provide all the instrumentalities necessary for the orderly administration of the necessities of government in the evolution of this country."

The men and women of labor believe the constitution of the United States to be broad, comprehensive and flexible enough to meet the expanding economic and social conditions of a constantly changing world. Its application, therefore, to the life of the nation depends upon the point of view of those who are clothed with authority to interpret it."

## MORELAND NAMED TO JOB INSURANCE POST

AUSTIN, Mar. 16 (AP)—Governor Altred today appointed Patrick D. Moreland of Kaufman as the representative of labor on the unemployment compensation commission. Moreland has been the governor's secretary.

Moreland would succeed Wallace Reilly of Dallas, whose confirmation was refused by the senate.

The governor said Moreland had a member of the Dallas Carpenters' union since 1914.

His salary in his new position would be \$5,000 a year.

## HOUSTON SELECTED FOR LODGE MEETING

CORSICANA, Mar. 16 (AP)—The Texas Grand Lodge, I.O.O.F., will celebrate the one hundredth anniversary of the founding of the Lone Star Lodge No. 1 at Houston in 1838 by holding the annual sessions of the Grand Lodge and Rebekah Assembly of Texas in Houston next March. The lodge voted overwhelmingly for Houston on the first ballot today.

A resolution that will prevent elections of officers next year was passed Tuesday morning. The resolution provided that effective next year, officers will be elected and installed at the same session instead of electing them one year and installing them the next. Since officers to be installed next year were elected here last night, there will not be any election at Houston.

Ruby Keeler says:  
"Luckies are a light smoke that treat a tender throat right"

"In a way, it's easier to keep in condition as a dancer than as a singer. Exercise can keep the muscles in shape, but there are a lot of things that can go wrong with the voice and throat. It stands to reason, then, that any actress wants a cigarette that is gentle and strikes the right note with her throat. I started smoking Luckies 4 years ago. They're a light smoke that treat a tender throat right."

THE FINEST TOBACCOS—  
"THE CREAM OF THE CROP"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Keeler verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.
