Congratulations to the Santa Anna High School boys basketball team on winning the District 24-B championship. The title is the first for SAHS since 1949, so quite an achievement for the local boys.

Local people are urged to support the team and attend the bi-district game February 20.

January was said to be the coldest month in many years, and our community has had its share of the bad weather. School was dismissed early Monday afternoon so that students could get home before the road conditions worsened, but classes resumed Tuesday morning.

bk

Sorry we don't have a complete rain report for Santa Anna this week. The official gauge was still covered with ice Tuesday afternoon, and even though R. W. Balke tried to chop some of the ice from the gauge, he just couldn't make an official recording.

An inch or more of rain was measured by Monday morning before the weather turned to freezing, and more fell during the day Monday.

March of Dimes Variety Show

To Be Held Here February 16

The Epsilon Sigma Alpha Sorority chapter is planning a variety show Friday, February 16, to raise funds for the March of Dimes. The show will be at the school auditorium at 7 p.m. and all proceeds will be donated to the March of Dimes.

Don Harmes of Radio Station KSTA will be master of Ceremonies for the program that is of local and area talent. Admission will be 75 cents for students and \$1.25 for adults.

Those to take part on the program will include vocal solos by Lois Ann Harper, dances by the Second Grade, piano solo by Monique Spillman, and songs by the Campfire Girls.

Other entertainment will be a skit by Mrs. Carl Bludworth of Burkett, better known as Minnie Pearl, a twirling routine by Cindy Greenlee, a skit by the Brady High School Student Council, and a duet by Jay Weathers and

SAHS Wins District Championship

Season Ends With 24 - 4 Record; To Play Eden For Bi-district

The Santa Anna High School boys basketball team was named the District 24-B District champions Tuesday night when they won over the Brookesmith boys at Perry Gymnasium. The Mountaineers needed only one additional victory to cinch the title even though they have a Friday night game with Novice. The Mountaineers have a perfect 9-0 district tally with Talpa-Centennial as runner-up with losses only to Santa Anna.

A large hometown crowd saw the team score 77 - 29 over the Mustangs. Terry Day led with 16 points, Mike Warnock and Jerry Don Culpepper each had nine.

Immediately after the game the plans were made for the Bi-district game with Eden, winners of their district in a game with Christoval. The Bi-district game will be at Brownwood Coliseum Tuesday, February 20, at 8 p.m.

The Santa Anna team has a 24 - 4 record, winning the last 23 of their 24 games. Losses early in

the season were to Bangs in two outings, Bronte and Brownwood State School.

Coach Pete Simmons has a practice game scheduled Monday night, February 12, at Burnet with the Hutto High School team, winners of their district. Another practice game is planned for the end of next week in preparation for the play-off with Eden.

Coach Simmons said the Eden team was winner of the district title in 1977 and has four starters this season that were on that team. The team has height, with players of 6'5" and 6'2" on the squad.

The Santa Anna girls also played Tuesday night, losing to Brookesmith 32 - 24. Celeste Simmons was high point scorer for Santa Anna with ten points.

The Friday night games will be at 7 p.m. at the Novice Gymnasium.

The Santa Anna basketball games Tuesday of last week at Talpa were not for the weak-

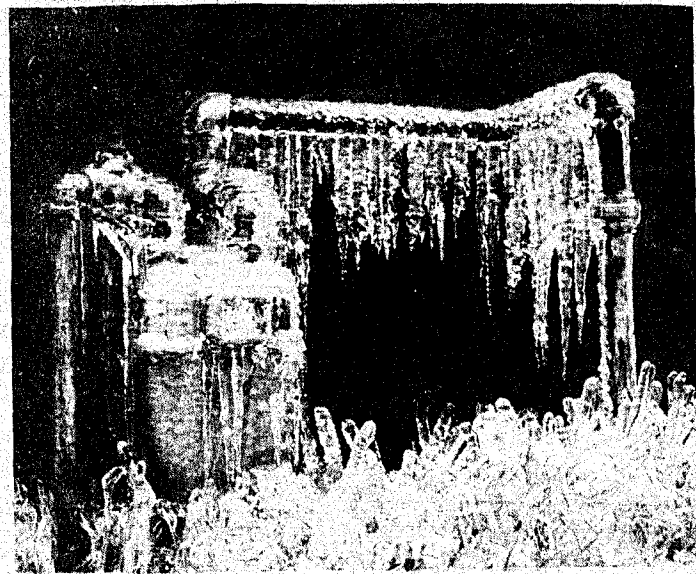

hearted. The excitement of four overtime periods for the girls game and a question of the final score of the boys clash might have been more than some could stand.

The Santa Anna girls lost to the Talpa girls by a score of 28-26

in the fourth overtime. The game was tied 26-26 at the final whistle, then was scoreless until the fourth extra period.

Gayla Pritchard led the local girls with 12 points.

City Council Meeting Scheduled Tonight

Santa Anna City Council will meet Thursday (today) at 6:30 p.m. at City Hall. Routine business is on the agenda, including the calling of the April election and appointment of election officials, presentation of the Highway Department recommendations for speed zones in the city limits, and report on the water project.

Brown County WID Board Water Contract Approved

The water improvement project for the City of Santa Anna is in its final stages of planning following a meeting of City representatives with members of the Brown County Water Improvement District No. 1 for approval of a contract.

Wendell Sparkman, engineer for the project, met with the BCWID group last week and was given the proposed contract to furnish water for the City of Santa Anna. The contract was then read and approved by the City Council in a special session February 1.

The new contract will furnish water for Santa Anna at a rate of 18 cents per 1,000 gallons. The rate will be reviewed annually,

and a maximum of 50,000,000 gallons will be guaranteed annually. Water will still be used from the city lakes when it is available.

The easement on one additional piece of property for the water line from Lake Brownwood is still pending but is expected to be completed this week. After study by the City Council at the Thursday meeting, construction bids should be sought soon.

Santa Anna voters approved a large bond issue last year to be matched with a Federal grant to provide water for the town. The project will take many months to complete after construction is started.

No Candidates For City Posts

At midweek, just a month prior to the filing deadline, there were no candidates for the city election. Posts to be filled include Mayor and two Councilpersons.

Mayor Glen Copeland has indicated he will not seek re-election, and councilpersons Gale Brock and Dale Bradley have not made known their intentions concerning their re-election to City Council.

Candidates seeking a place on the ballot may get the necessary forms at City Hall any weekday from 8 a.m. to 5 p.m.

Lisa Whitworth On Dean's List

Lisa Herring Whitworth of Dallas was named to the Dean's List at Texas Women's University for the fall semester, achieving a grade point average of at least 3.0 in the 4.0 scale.

The daughter of Mr. and Mrs. Vernon Herring, Lisa is a senior student at TWU majoring in nursing. She is currently doing her clinical work in Dallas hospitals.

MEETING RESCHEDULED

The Santa Anna Volunteer Fire Department and Auxiliary will meet Monday night, February 12, at the Fire Hall at 7 p.m.

The meeting was re-scheduled from last week when the group cancelled due to bad weather.

"Rock and Roll" Jamboree Planned At Nursing Home

Ranger Park Inn at Santa Anna will be a real "swinging" place next Wednesday, February 14, as residents at the nursing home take part in a "Rock and Roll Jamboree" for the American Heart Association.

The title of the event may be misleading. The residents of the local nursing care facility will be "rocking" in their rocking chairs and "rolling" in their wheelchairs as a benefit for the Heart Association.

Valentine's Day has been designated as "Heart Day" for the event, and several activities are planned in conjunction with the fund raising event.

Fifteen residents of the nursing home have been enrolled in the fund raising project. Each one has pledged their time that day and are seeking sponsors who will donate \$1 an hour for rocking and \$1 for a specified distance in the wheelchairs. Those wishing to make donations should contact Annie Mae Brimer, activities director, prior to that day giving the name of the resident they wish to sponsor and the amount pledged.

The residents making the most money for the Heart Fund will be crowned King and Queen of Hearts.

Mary Miller, a resident at the Inn, has been named honorary chairman of the event. Mrs. Miller has undergone heart surgery and has a pacemaker in use.

Among the activities planned during the day will be entertainment by the second grades of elementary school at 12:30 p.m. and a program at 3 p.m. by O. C. Barker and his gang, better known by Uncle Ezra and Aunt Samantha and friends. Refreshments will be served during the day.

Monday Fire Damages Mobile Home

A two-bedroom mobile home belonging to the Marcus Guerrero family was destroyed by fire Monday. Two fire trucks and ten firemen answered the call at 12:45 p.m. and kept the blaze under control but considered it a total loss.

The Guerreros were not at home at the time of the fire. A brother of Mrs. Guerrero noticed smoke coming from the home as he passed by the Parker Street location.

Fire Department members said the blaze apparently started near the heating system.

The Guerreros and their two sons are staying with his sister, Mr. and Mrs. Junior Vasquez and family.

MARY MILLER
Honorary chairman of event

Mayor Glen Copeland is to be at the Inn at 10 a.m. Wednesday morning to open the event, and visitors and friends are urged to go out during the day to take part in the fund raising drive.

Residents who will be taking pledges are Bunk Wagner, Susie Snider, Mary Miller, Richard Wells, Callie Watkins, Lee Smith, Zula Burton, Bessie Smith, Don Young, Myrtle Curry, Orval Croft, Clarice Birdwell, Ollie Estes, John Blevins and Pete Martinez.

Memorial Gifts To SA Cemetery

Memorials given to Santa Anna Cemetery Association the past week have included gifts for three people recently deceased.

Making a gift in memory of the late Lenton Oakes were Evelyn Oakes James and Lenora Golston James of Houston.

Those making donations in memory of the late Mrs. Rosa Henderson were Mr. and Mrs. Richard Smith, Mr. and Mrs. Carl Benton and Mr. and Mrs. Bond Featherston.

Mr. and Mrs. Carl Benton made a donation in memory of the late Mrs. L. J. Dodson.

Out-of-town people who would like to make memorial gifts to the local cemetery may send them to Mrs. W. B. Griffin, P. O. Box 97, Santa Anna.

Household Goods Are Sought For Fire Victims

Household goods and bedding for the Marcus Guerrero family is being collected this week to aid the family which lost all their belongings in a fire Monday.

Clothing for the couple and their two young sons has been provided from the Seventh-day Adventist Service Center, but cooking utensils and bedding are especially needed.

Anyone with items to donate may contact Mrs. Eila Hart or take them by the Venino Vasquez home on Parker Street.

House-to-House MOD Drive Conducted By ESA Sorority

With only four workers to report, the annual March of Dimes drive in Santa Anna has already reached \$200, according to Mrs. Terry McIver, drive chairman.

Members of the Delta Omicron Chapter, Epsilon Sigma Alpha sorority, assisted with the drive that included a house-to-house canvass by volunteers asking donations to the fund.

Mrs. Charles Greenlee was co-chairman, and others working with the project were, Donna Bradley, Glenda Keeney, Emily Beal, Debbie Dean, Bernadine Watson, Sharon Cheaney, JoAn Day, Joyce Weathers, Dorothy

Harris, Barbara Patterson, Linda Simmons, Coyita Bowker, Judy Jennings and Geneva Garrett.

People who were missed in the drive may contact Mrs. McIver or take their donations to Santa Anna National Bank in order to be included in the fund raising activity.

Family Event On Wednesday For Baptists

The family night Sweetheart Banquet for members of First Baptist Church will be held Wednesday, February 14, at the Lions Club Building. Supper will be served at 7 p.m. followed by a program and presentation of the Valentine King and Queen.

A boy and girl from each of the youth departments have been chosen for the event, with the winners to be determined by the largest percentage in attendance at Sunday School next Sunday, February 11.

A drama group from Howard Payne University will present the program to conclude the evening's activities.

JHS Basketball Season Ended

Santa Anna's Perry Gymnasium was the site of the District 24-B Junior High basketball playoffs last week, in which the Richland Springs girls and the Talpa-Centennial boys teams took the district crowns. The teams in district are divided into zones, and the Richland Springs girls and the Rochelle boys represented the south zone, and the Tal-Cen teams were winners of the north zone games.

The JHS teams advance no farther than the district competition, so the season has ended for the local junior high teams.

Ben Hill's Sixth Grade teams will be in a tournament next week at Novice. The tourney at Talpa-Centennial this week was cancelled.

Infant Daughter Of W. T. Youngs Buried Thursday

Graveside funeral rites were held Thursday, February 1, at Santa Anna Cemetery for Catherine Jeanette Young, the infant daughter of W. T. and Mary Anna Young of Santa Anna. The baby was stillborn February 1 at Ranger Park Hospital.

Holman Funeral Service of Brownwood was in charge of the service.

Survivors are the parents; a brother, William Thomas Young Jr.; the paternal grandmother, Mrs. Helen Young of Brownwood; the maternal grandmother, Mrs. Katie Collins of Santa Anna.

fourth straight victory of the season over the Rams, taking the important district tilt 44 - 42.

The Mountaineers and the Rams were tied on the scoreboard 42-42 when the game was over, but alert scorekeepers for Santa Anna called attention to a missing field goal, and when officials checked the books, both the Santa Anna and Talpa scorekeepers had the Santa Anna team ahead by two points.

The Mountaineers led in the

first quarter, then got behind in the second and third quarters. The fourth period was dominated by the Santa Anna boys 19 - 9 to win the game.

Bruce Pape was leading scorer for Santa Anna with 14 points. Tommy Harris had 10; Terry Day had nine; Mike Warnock, six; and Don Eubank, five.

What Coach Simmons described as the best game of the season for the team was with Lohn Friday night when Santa Anna won

89-35. The scoring was well balanced, and the team was outstanding on defense. The Mountaineers have given up an average of 35 points a game this season to testify to their defensive ability.

The Santa Anna girls won the Lohn game with Belinda Phillips as leading scorer.

Very glad to report Mr. Franke Wells came home from Veterans Hospital in Kerrville last Monday following several weeks stay there for surgery. He seems to be recovering well.

Mr. and Mrs. Walter Lee of San Angelo, Kay Thume and daughter Angie of Burnet, Mr. and Mrs. Danny Valdez and Kay Kay of Abilene were weekend guests with Mr. and Mrs. Tom Vinson. Mr. Bennie Luera visited with the Vinsons several times during the past week.

We are glad to report Mrs. Imogene Fitzpatrick is improved even though not completely recovered. Mrs. Fitzpatrick was able to be back in the Post Office Monday. Mr. and Mrs. Fitzpatrick visited with her mother, Mrs. Snowden, in the Leisure Lodge Rest Home in Brady Thursday afternoon, and we are happy over her even slow recovery.

Mr. and Mrs. Franke Wells visited with Mr. and Mrs. Lewis Carter in Abilene Thursday and Friday of last week. Mrs. Wells would love to say a special thanks to all her Avon customers for making it possible for her to attend the President's Club banquet in Abilene Thursday. Five districts were present, and had a wonderful and profitable meeting.

Our son, Thomas Ray Rutherford of Concord, New Hampshire, arrived here Sunday for a visit with his parents, the Tom Rutherfords, and other relatives. Enroute he attended a convention of several days in New Orleans, La. He continued on to Pasadena and visited with a sister, Mrs. Rick (Lynda) Wheeler and family, and

his son, Steven, who is now near Houston. He reports there was lots of snow in New Hampshire when he left over a week back.

We talked by telephone with Mr. Rolan Williams Sunday. So glad to report Rolan is feeling very well following 20 days in Coleman Hospital with double pneumonia. He is now at home and wishes to thank everyone who remembered him and his wife in any way during his hospital stay. Stay right in there, Rolan, we are all "rooting" for you.

SDA Leaders Disagree With Tax Guidelines

The head of the second largest Protestant school system in the United States protested Internal Revenue Service (IRS) guidelines tax exemption and racial discrimination.

Dr. Charles B. Hirsch, director of the Adventist board of education for North America, testified against the proposed IRS guidelines along with nearly 20 other private school representatives, at a hearing last December. The guidelines, proposed by IRS Commissioner Jerome Kurtz, would revoke the tax-exempt status of the private schools that fail to meet the minimum minority racial quotas.

Dr. Hirsch noted that "all Seventh-day Adventist institutions-- schools, hospitals and publishing houses -- have taken a positive stand on non-discrimination, both in theory as well as practice." But while the guidelines have a worthy aim, he said, "their achievement...may result in significant damage to private parochial education."

The Adventist educator stressed that, in order to meet the quota, which the IRS suggests at one-fifth of the minority population of a given area, parochial schools might have to take in a large number of children not of their faith, which would negate the purpose of the institutions. If they failed to meet the quota, and the tax-exempt status were reversed, such schools would go under financially, according to Dr. Hirsch.

Reservoir Hearings Concluded

A decision is expected soon by the Texas Water Commission concerning the proposed Stacy dam and Reservoir on the Colorado River in South Coleman County. Testimony lasted about 50 days concerning the proposed 554,000-acre foot lake, and written briefs are due this week; on February 16 the Texas Water Commission will ask attorneys about points in the briefs. O. H. Ivic, general manager of Colorado River Municipal Water District, hopes a decision will be made soon afterwards.

Dr. Howard W. Grubb, director of the planning division of the Texas Department of Water Resources, stated in the hearing that the resurgence of the oil industry has set in motion growth trends which will last the next 50 years. He was defending his section's population projections on which engineers have based the CRMWD's application for the large lake.

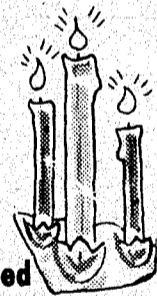

Attorneys for Lower Colorado River Authority, the opposing group, have said the population projections are too liberal. The opposition is concerned that the upper-river lake would affect the Highland Lakes of the lower Colorado River Authority. One opponent of the proposed reservoir has predicted that during drought period the Stacy Lake would "dry up" the Highland lakes.

Robert S. Gooch, CRMWD hydrologist, told the commission that the LCRA's estimates of impact of the proposed Stacy reservoir on the Highland Lakes were distorted. His figures showed that in only two years since 1942 would Stacy have reduced Highland lakes to 600,000 acre feet reserve and in only five years to the 1,000,000 acre foot level.

The proposed dam and reservoir have been planned for several years and the project has received wide support from people in central and northwest Texas.

MRS. GARY HUBBARD
The Former Kim Stewardson

Stewardson-Hubbard Vows Exchanged In Church Rites

Wedding vows were exchanged Saturday, February 3, at the Santa Anna United Presbyterian Church at 7 p. m. by Miss Kim Stewardson and Gary Reeves Hubbard. Parents of the couple are Mr. and Mrs. Burgess Stewardson of Santa Anna and Mr. and Mrs. Bill Hubbard of Coleman.

The Rev. Richard Wood, pastor of the Albany United Presbyterian Church and a former pastor of the Santa Anna church, officiated at the double ring ceremony.

The altar was centered with a heart-shaped brass candelabra flanked by spiral candelabra trees entwined with boxwood greenery and holding white bridal tapers. An arrangement of white mums, pom poms, carnations and red roses centered the communion table, and potted palms were at each side of the altar area. Family pews were marked with satin ribbons and greenery.

Donnie Neff, organist, accompanied Sandra Harris as she sang "You Light Up My Life" and "Evergreen", and also played traditional wedding selections.

Dianne Morgan of San Angelo and Suzanne Jamison of Mozelle were candlelighters.

Given in marriage by her father

the bride wore a candlelight satin and lace gown that was worn by her mother and two aunts at their weddings. The fitted bodice of lace was fastened at the back with tiny self-fabric buttons to the waist. Panels of lace extended from the waist to the cathedral train. Her headpiece was of satin and lace with an elbow-length veil edged with matching lace. She carried a cascade of red roses atop a white Bible.

The bride presented roses to her mother and the mother of the groom as she entered and left the ceremony.

Kathy Olliver of San Saba, aunt of the bride, was matron of honor. Shannon Dockery of Ozona was bridesmaid. They wore formal gowns of red quiana fashioned with slim skirts and short jackets. They wore baby's breath in their hair and carried a long-stemmed red rose.

Julie Dean was flower girl and dressed like the other attendants. Jason Dean was ring bearer.

Jimmy Lee Hubbard of Coleman was his brother's best man. Groomsman was Bill Hubbard Jr. of Early, another brother.

Becky Martin of Bangs, sister of the groom was at the register.

Ushers were Judd and Ward Stewardson, brothers of the

bride.

Following the ceremony a reception was held at the fellowship hall of the church. The bride's table was covered with a floor-length cloth of white with the lace-edged overlay caught in swags at the corners. A tall arrangement of red carnations, white pom poms and baby's breath was in a silver holder encircling red tapers.

Punch was served from a silver bowl by Stacy Vickers of Ozona and Ginger Jamison of Mozelle. The three-tiered cake topped with a miniature bride and groom was served by Leann Boyd of Comanche and Rayma Lee Johnson of Burnet, aunt of the bride. Nuts and handmade mints were served.

The grooms table was covered with a full-length cloth of print voile and centered with an arrangement of red carnations and tapers in a pottery container. Coffee was served in hand painted china cups from a silver service. Chocolate cake, nuts and mints were served from silver containers.

Others in the houseparty were Bettie Bryan, Taryn Nini, Vicki McDonald, Janice Hubbard of Early, Sarah Beal, Theola Stewardson of Abilene, aunt of the bride, Patti Hicks of Bangs, and Barbara Kingsbery.

Jennifer Jamison and Jennifer Johnson distributed rice bags.

For her wedding trip to Fort Worth the bride wore a dress of gray velour with gray suede boots and bag.

The bride is a 1977 graduate of Santa Anna High School and attended Angelo State University and was formerly employed at Santa Anna National Bank. Her husband is a graduate of Coleman High School and employed with an oil supply company in Crane where they will make their home.

REHEARSAL DINNER

Mr. and Mrs. Bill Hubbard were hosts for a dinner following the wedding rehearsal February 2. The Party was held at the fellowship hall of the Presbyterian church.

Decorations included checked gingham cloths on the tables and arrangements of red and white silk flowers in ceramic containers. Guests were seated at a U-shaped table for the barbecue supper. About 30 attended.

BRIDESMAIDS' LUNCHEON

The bride and her attendants were honored with a luncheon Saturday at the Frontier Room of the Tradewinds Restaurant in

Coleman. Hostesses for the occasion were Mrs. James Dockery and Shannon of Ozona, Mrs. Jinx Jamison and Suzanne of Mozelle, Mrs. John F. Johnson of Burnet and Mrs. Chad Oliver of San Saba.

White baskets of red carnations and white pom poms decorated the tables. Following the salad luncheon the guests made rice bags for the wedding. About 20 relatives and friends were present for the party.

"THE ELECTRIC SAVINGS MACHINE"

A good bargain!

A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. The heat pump operates by using the future's most abundant energy source, solar energy. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

HPU Sports Brochure Winner Of NAIA Award

For the second time in a year Howard Payne University has won All American honors for two sports brochures which were rated in the top 10 nationally by the National Association of Intercollegiate Athletic Association (NAIA).

The latest honor was a number 6 ranking for the 1978 football brochure. A brochure designed for the 1977-78 basketball media was ranked eighth in the nation.

The football brochure judging was made by Harry Burrell, former President of the College Sports Information Directors of America (COSIDA) and sports information director at Iowa State University.

The basketball brochure was awarded by John M. Strahl, president of NAIA, and Harry Fritz, executive director of the NAIA.

Both brochures were published

by the University Relations department and were edited by university officials George Hine and Susan Rutherford.

Hine's 1971 basketball brochure won first place in the nation, and in 1969 his football brochure was ranked fifth among the NAIA colleges and universities.

After receiving an Award of Merit by the NAIA, Hine in 1974 won the NAIA's highest honor by being named to its Hall of Fame.

Owner of a Texas House of Representatives Resolution award for his contributions to civic, college and community service, Hine owns two degrees from Hardin-Simmons University.

Mrs. Rutherford attended Texas Tech and was an HPU honors graduate.

Ferguson Keeps Winning Despite Longer Seasons, Tougher Odds

MIAMI, Okla. — The seasons are still long, the travel demanding and the competition rougher than ever on the Professional Rodeo Cowboys Association circuit. But none of that seems to matter to 28-year-old Tom Ferguson, a cowboy who started winning as a rookie six years ago and hasn't stopped since.

In 1978 Ferguson collected a record \$131,233 in regular season winnings and bonuses from Winston Rodeo Awards and the National Finals Rodeo. That total breaks Ferguson's previous single-season milestone of \$114,110 set in 1976.

After becoming the first cowboy to top the \$100,000 mark in a single season in 1976, Ferguson repeated the feat in 1977 and last year to run his three-year total to over \$340,000. No other cowboy has been able to match his six-figure plateau in a single season.

Working under a totally new scoring format at the National Finals in Oklahoma City in December, Ferguson coasted to his fifth straight All-Around championship. He won his second consecutive world steer wrestling championship and finished fourth in his other specialty, calf roping.

"I'm just trying to do the best I can every time out," says Ferguson who won his first All-Around crown in 1974. "At the NFR, I'm not sure if I want to win because I've won before or because I don't want anybody else to. I do know I wanted to win my fifth (All-Around) very badly."

Interestingly enough, Ferguson failed to win the

PRCA regular season championship in either of his two specialties. Fellow Oklahoman Roy Cooper set a new single-season money record for calf roping with over \$67,000 to beat Ferguson handily in that event. Then young Byron Walker of Amarillo, Tex., nosed out Ferguson by a few hundred dollars in steer wrestling.

But Ferguson's combined excellence in both events (he finished second in each) made him the consensus PRCA All-Around champion with over \$83,000 in regular season earnings. With the exception of Cooper, Ferguson earned almost twice as much as any other cowboy on the circuit.

Counting \$7,700 in Winston bonuses during the season, Ferguson won over \$90,000 before the National Finals even started.

"I had quite a lot of horse problems this year, so I'm really quite pleased with the way things turned out," he adds. Timed event specialists in pro rodeo must rely heavily on the steadiness and experience of their own mounts for success.

"I had one horse get sick right at the beginning of the year and that sort of set the tone. In June I had to put one away, and in July, a trailer accident crippled another. But I put in a lot of practice time and I feel like that helped."

At the NFR Ferguson got off to a slow start in both of his events but rallied in the middle of the week-long affair to finish strong. He won two go-rounds and tied for first in a third in steer wrestling, edging out veteran Roy Duvall for the championship.

Ferguson finished fourth behind world champ Dave Brock in calf roping.

Brock was also one of three challengers last year for the All-Around title (the others were Danny Torricellas and bronc rider Ike Sankey), also determined by the new NFR points scoring system. With Brock unable to scratch the ledger in steer wrestling, Ferguson won his fifth straight title 347-195.

"Winston money is what makes the All-Around worthwhile," Ferguson said after collecting what has become his annual check for \$10,000 from R.J. Reynolds Tobacco Co. He also pocketed a \$5,000 Winston check for winning the steer wrestling. The steady cowboy has now won a record \$85,000-plus in Winston Rodeo Awards.

There is little doubt that Tom Ferguson will become the richest rodeo cowboy ever in terms of money won at rodeos. Does he want to be the best cowboy ever in terms of skill too?

"I want to be the best cowboy in my time — that's the only way I can put it," Ferguson says. "It's very hard to measure someone's specific ability against someone else's from a different time and place. In his time, Jim Shoulders was the best. In my time that's what I want to be too."

In 1976, Tom Ferguson became the PRCA's first \$100,000-a-year cowboy thanks to bonuses from Winston Rodeo Awards. The Miami, Okla., calf roper and steer wrestler repeated the feat in '77 and '78, setting a new money-won mark each year.

De-watering Texas

AUSTIN, Texas (Spl.) — "Our consumptive use of water" threatens the survival of fish and wildlife in the state, says the chairman of The University of Texas Zoology Department.
Dr. Clark Hubbs calls the de-watering of the state "the major ecological problem in Texas." He blames the drying out on "too many people."
Even the construction of reservoirs only accentuates the danger to freshwater fish. Dr. Hubbs explains, because the great volume of water confined by dams destroys their natural environments.
