

CHANGE IN CHARACTER MARKS PROGRESS OF U. S. GROCERY

Tracing the development of the grocery store from its inception in America until today discloses many interesting facts, not the least important of which is the part this institution has played in the health of a nation.

Reviews of the grocery business are emphasized this week as grocers of Big Spring join with those over the nation in observance of National Retail Grocers' Week.

It is only necessary to take one lingering glance at the typical grocery store of as recent times as 1900, to decide that it would be almost as safe to starve as to prowl among the barrels, boxes and redent centers for that which must be consumed to preserve life.

In the days of our grandfathers the grocery store, especially west

of the Alleghenies, was a conglomeration of commodities—so thoroughly lacking in all the things we now demand as a matter of course that examples preserved to this day are repugnant even as curiosities.

Changes Are Apparent That there is a remarkable change in the character of the grocery is apparent to the most casual observer. It is noted mostly for the alteration in appearance on the surface. While the surface changes are important, they are not the most important, according to officials of the National Association of Retail Grocers. However, it is true that only a few decades ago the outstanding characteristic of the grocery was a combination of odors which includ-

ed kerosene, molasses, brown sugar, coffee, vegetation, overripe eggs (occasionally broken), tobacco, mummified bread and the like. Coupled with the heap which constituted the grocery stock, there was little to tempt the appetite.

During the current generation order has been made out of chaos in the grocery store, the association officials assert.

Also something has happened that is not so apparent to the casual looker. That something is the vast increase in range of items now to be found in any store. In turn that means the diversification of foods for ordinary consumption. And that in turn means more appropriate diets and better health and longer lives.

Grocer Was a Pioneer The grocer of 1800 to the turn of the next century was a pioneer in a pioneer country. To open a store he was compelled to bring stock long distances and through almost impassable lines of communication. American tourists spent an estimated \$495,000,000 abroad in 1936.

that he did not have very much in his store when it was ready for business. Forrest Crissey has figured out that a store in those days was elaborate when it carried as many as sixteen imported articles and thirty local commodities.

Stocks Were Pitifully Small "Possibly the stores had other items," Mr. Crissey writes, "but if so the charge accounts for two years gave no evidence of the fact. How strange a stock of goods confined to these items would appear in contrast with the wide range of articles required by the modern retail grocery!"

At any rate he found that as of today the "moving" items in the grocery trade number from 5,000 to 15,000 and that there actually are more than 40,000 items which come within the scope of grocery operation in its more expansive forms.

American tourists spent an estimated \$495,000,000 abroad in 1936.

State Laws On Sit-Downs Are Advanced

House Committee Approves Legislation AFOL Satisfied

AUSTIN, April 8 (AP)—Two bills aimed against sit-down strikes in Texas today bore the approval of the house of representatives committee.

One was a senate proposal which was amended to reduce a maximum penalty for violation from five to two years, provided a fine up to \$500 and classify the offense a misdemeanor instead of a felony. The other was a house bill,

which, with the senate measure, was amended to permit peaceful picketing and negotiations and eliminate possible conflict with anti-trust laws.

In a hearing before the committee last night, Wallace Reilly, secretary of the Texas Federation of Labor, which opposes sit-down methods, said the bills, as amended, were agreeable to that organization.

Representatives of labor opposed the proposals in their original form, saying the senate bill especially would endanger labor's right to enter into peaceable negotiations with employers.

Governor James V. Allred several days ago said he would use every means at his command to prevent sit-down strikes in the state.

Two days ago John L. Lewis, Committee for Industrial Organization started a drive for unionization of the oil industry in Houston. Rep. Fred Kneisch of Seguin, sponsoring the senate bill before

the committee, said "I'm willing to give the laborer some advantage over the employer but it certainly should not go to the length of allowing him to take over the employer's property."

Opposing representatives of labor organizations questioned the necessity of a law to prohibit sit-down strikes. W. H. Gallagher of Denison, representing the Brotherhood of Locomotive Engineers, asked "do the oil companies need help? If their employees are satisfied, the companies have nothing to fear, and if not, the employees ought to be organized."

ILLNESS FAILS TO BREAK ATTENDANCE RECORD AT CLUB

HUNTSVILLE, Tex., April 8 (AP)—Although in the hospital, E. A. Derick's 10-year perfect attendance record at the Rotary club meetings remains unbroken. Yesterday the club members ad-

joined from their regular place of meeting to the hospital. There they closed the meeting with Derick, 71-year-old newspaper owner, in attendance.

The Reeves pheasant can fly 95 miles an hour.

PAINFUL PILES

Freedom from Agony and Distress Can Quickly be Yours This Safe Easy Way

Why continue to suffer when it's so easy to be free from the nagging pain and agony? When for only a few cents you can get a box of MOVA SUPPOSITORIES—Use as directed and if the pain, irritation, discomfort, swelling and itching, you can have your money promptly refunded. Searchers

(CONTINUED FROM PAGE 1) exhaustion on the way out and were forced to spend the night on the mountainside.

Major Victor Pertrandian, export manager of the Douglas Aircraft corporation, told the jury the crash undoubtedly was caused "by the pilot becoming lost in exceedingly bad weather." He said the plane carried sufficient gasoline to keep it aloft until 10 p. m. Saturday night, 12 hours from the time it left Burbank, Calif. It was believed the plane crashed shortly after three p. m.

Sheriff Nunn organized a party of 32 sturdy men to bring out the bodies. They plunged into mountain fastnesses early. Previous plans to bring the bodies out in re-lys were abandoned and Nunn said all would be removed at the same time.

He said it would be noon tomorrow before the party returns.

NEW YORKERS KILLED IN SPANISH WAR

MADRID, April 8 (U. S. Dept. Agr.)—James Ne-pold, of Brookwood Labor college at Katonah, N. Y., a recruit in the international brigade fighting on the Spanish government's side, was killed today while attempting to rescue a wounded comrade at suburban barricades.

Ne-pold climbed from a trench in plain sight of machine gunners on both sides. He had also reached the wounded soldier when an insurgent marksman picked him off.

JAILED HERE
Alvin T. York, arrested in Midland Wednesday on charges from local officers, was returned to the Howard county jail today. He faces a charge of forgery.

Madrid Citizens Rush to View Latest Bomb Damage

Daring another sky bombing, Madrid citizens are shown as they rushed out of the streets to investigate damage after an insurgent shell had exploded nearby. Note the air is still hazy with hanging fumes and smoke from the bomb. (Associated Press Photo)

Ford

(CONTINUED FROM PAGE 1) expected to be resumed by Monday in Plymouth, Dodge and Chrysler divisions and by Tuesday in the De Soto plant.

The Briggs Manufacturing company, which makes bodies for Chrysler divisions, announced that most of its 17,000 Detroit employees would return to work by Monday.

GM Canadian Workers Shut Down Factories

OSHAWA, Ont., April 8 (Canadian Press)—Employees of General Motors of Canada, Ltd., went out on general strike today in answer to a call issued by the international union, United Automobile Workers of America, an affiliate of the John L. Lewis Committee for Industrial Organization.

The walkout was ordered after a sudden breakdown in negotiations between the local union and General Motors officials. Union leaders said 3,700 workers were out. These included between 300 and 400 non-union members in various departments.

Shortly after the strike call took effect at 7:01 a. m., picket lines were established about the plant.

Police said the picketing was orderly and reported all "peaceful and quiet."

"General Motors will not build another car in Canada until they sign an agreement with the union," declared Elmer Thompson, organizer from Detroit for the C. I. O., which General Motors of Canada refuses to recognize.

LEAP-FROG THE BRITISH WAY

Ooops, old chappie, you missed me! It's motorcycle leap-frog as played by the British army. A soldier has just jumped successfully as an onrushing motorcycle rider races between his legs. It's all part of practice by dispatch riders for the royal military tournament in London in May, designed to thrill spectators. (Associated Press Photo)

Farm Program Is Discussed

Parity Payments Sought As Means of Inducing Cooperation

Eleven Howard county representatives took part in a three-day meeting at Midland Wednesday for agricultural associations, conservation associations and a county agents' conference.

Talk of a new farm program with an inducement to cotton producers to participate was heard at the meeting. Speakers told a tentative measure being drafted in Washington whereby a tax of \$15 a bale would be placed on cotton to pay farmers a parity price for their staple in addition to benefit payments for participation in the soil conservation and building program.

Under present price levels, the parity price would rest at about 16 cents a pound, a figure considered by many as ample to hold most producers in line on a parity payment basis. Biggest obstacle in the path of the program, it was pointed out, is the \$15 tax, proposed as a tax to be paid upon ginning and not as a processing tax.

George Chance, Brazos county plantation owner, urged farmers to raise their membership quota in the state agricultural association in order to support this section's interest in the formation of a definite farm program. Howard county was given a quota of \$200 members at \$2 each in the drive. It was explained that the county association kept 80 cents of each membership fee, the state association and national organization similar amounts and the final sum to go for an organization publication per year.

T. A. Kincaid was the choice of 203 men attending for the state committee's post representing this district. His nomination was forwarded to Secretary of Agriculture Henry A. Wallace. Kincaid is a former president of the Texas Sheep and Goat Raisers' association.

Attending the agricultural association meeting from here were Walter Robinson, Glenn Cantrell, H. C. Reed, W. T. Hy, H. T. Hale, A. J. Stalling, O. E. Hayward, Bob Middleton, and W. E. Strang.

L. H. Thomas represented the county in the conservation association meeting, and O. P. Griffin sat in on the county agents' conference for this county.

MARTIN COUNTY CUPID GATHERS MORE SPEED

STANTON—The activities of Cupid in Martin county this year are again proving that a slow start may mean considerable speed before the race is ended. The first 23 days of 1937 looked exceedingly grim for lovers, as not a single marriage license had been issued by County Clerk John F. Epley.

On Jan. 24, a couple ventured to his desk for the first license of the year in Martin county. They were followed by three others before January ended.

February brought seven more applications for the important document, March another seven, and April, thus far, one more.

In the period of 71 days beginning January 24, 19 licenses have been granted to couples desiring to say "I do."

Unmarried hopefuls may brighten up for Cupid is still on the job. If you don't believe it, ask Clerk Epley.

RESUME SEARCH FOR BODY OF AVIATOR

GALVESTON, April 8 (U. S. Dept. Agr.)—Searchers for the body of Lieut. A. E. Livingston, 25-year-old air corps reserve flier killed when his plane mysteriously crashed into the Gulf of Mexico, planned to resume their efforts today after an overnight rest.

Tough waters cut short the search last night. At that time only pieces of wreckage and leather apparently from the flier's jacket had been found.

Livingston's plane plunged into the gulf from 10,000 feet while it was towing a target 600 feet behind for other airmen to shoot at. Army officials discounted the possibility Livingston or his ship was struck by a bullet.

No cause for the accident had been advanced.

HEALTH OFFICIAL IS VISITOR HERE

Dr. Edward Taylor of Austin, member of the state health board, passed through Big Spring Thursday, enroute to Austin, after having visited several West Texas cities in the interest of the board.

While here, Dr. Taylor conferred with Dr. Lee O. Rogers, Howard county chairman of the dental unit of the state board of health. Dr. Taylor is arranging details of the health show to be conducted in this state next fall.

POLICE RADIO IS DEMONSTRATED FOR LUNCHEON CLUB

An explanation of the operation of police radio station KACM was given Wilkians at their Thursday noon luncheon by Herbert Whitney, city secretary, who used a receiving set in the demonstration.

Whitney explained that the station had been on the air less than a year, and had greatly improved the efficiency of the police department in patrolling the city. Application for the station was made over two years ago. The station has a day-time range of approximately forty miles but reaches out much further at night. Two-way communication has been established with points as far away as Houston and Oklahoma City, Whitney said.

Ed Merriman of the Texas Unemployment Compensation Commission explained a number of changes in the social security act. John Vastine rendered several vocal selections.

HOSPITAL NOTES

Big Spring Hospital
Born, to Mr. and Mrs. C. O. Bloodworth of Vealroor at the hospital April 6th, a son. Both mother and child are doing nicely.

Mrs. Lee Gandy of Garden City, who has been in the hospital for several weeks, ill with pneumonia was able to return to her home Thursday afternoon.

Mrs. John Wolcott has returned to her home after receiving treatment at the hospital.

V. H. Clark, who was injured in an automobile wreck Tuesday, will be taken to the veterans' hospital in Albuquerque, N. M., for treatment.

Mrs. Floyd Hull of Lamesa underwent a major operation Thursday morning.

John Ory of Stanton was brought to the hospital Wednesday afternoon, and underwent an emergency operation for appendicitis.

Jess Shaugher underwent surgery Thursday morning on the left hand, which was injured several days ago. A tendon was cut when he was turning off a water faucet at his home.

Mrs. J. W. Milson of Knott route 1 is in the hospital and will undergo surgery Friday morning.

DUST IS FOLLOWED BY COOLER WEATHER

DALLAS, April 8 (U. S. Dept. Agr.)—Cooler weather trailed a haze of dust into Texas today.

In most northern sections of the state the curtain of silt which moved out of the northwest yesterday thinned as fresh wind sprang up. The San Angelo sector, however, awaited more dust and strong winds today.

Temperatures dropped sharply at midnight. Drills reported a 10-degree decline in an hour. Visibility, which was shortened rapidly here yesterday evening, returned to near normal.

At Lubbock a 20-mile north wind cleared dust quickly and temperatures fell to 42 degrees. Dust in the Wichita Falls area cleared after five hours.

BLINDED BY WIND, WOMAN IS INJURED

FORT WORTH, April 8 (U. S. Dept. Agr.)—Blinding wind and dust were blamed for a freak accident which last night caused Mrs. George C. Nelson, 70, of Latham, Kas., to break both arms.

She was leaving a hotel in Mineral Wells to enter an automobile when a strong gust of wind, lashing out of the northwest, momentarily blinded her and she tripped over a telephone pole wire falling into the street.

She was with her son-in-law and daughter, Mr. and Mrs. Jack Farmer, of Albany, Tex., when the accident occurred.

CRUSHED BY PIER, WORKMAN KILLED

WACO, April 8 (U. S. Dept. Agr.)—Travis G. Hawkins, 45, was killed this morning when a 30-ton concrete pier toppled on him.

The pier was part of what remained of the Low Star Gas line across the river which was destroyed in the September flood. Hawkins and other workmen had dug around the pier preparatory to hitching it to a tractor to pull it down. The pier broke off short at the ground.

Fellow-workmen dug Hawkins from under the pier.

COMMERCE MEETING

Chamber of commerce directors will hold their regular semi-monthly meeting Friday at 7:30 p. m. in the chamber offices, it was announced today.

TAX MONEY RECEIVED FOR RURAL SCHOOLS

Current and delinquent tax collections for the month of March were received by County Superintendent Anne Martin today and amounted to \$433.45.

Of the amount, \$44.28 was current interest and sinking fund and \$389.17 delinquent interest and sinking fund, \$165.15 current and \$224.02 delinquent local maintenance funds.

Mitchell 4-H Club Boys To Hold Sale

An auction sale for 50 head of fire heaves will be held by the Mitchell county 4-H club boys Saturday shortly after noon in Colorado. The sale is to be conducted just south of the courthouse, and all persons in the section who are interested in either buying or seeing the stock are urged to attend.

DAMAGE SUIT FILED IN TRAFFIC CRASH

Damages totaling \$23,100 were asked by C. O. Bledsoe in a suit filed in 70th district court today against O. J. Green, oil jobber. Bledsoe charged that he suffered serious injuries in a crash in which the car in which he was riding and a truck belonging to Green figured. The crash occurred a mile and a half east of Big Spring. Bledsoe alleged that the truck was left parked on the highway without

HOSPITAL MEASURE DISCUSSION DELAYED

In a telephone conversation with local leaders today, Rep. Penrose Metcalfe said that discussion on the bill for a proposed hospital for insane in West Texas would likely be delayed for a day or more.

The measure, due of consideration on the floor today, was being held back when talk of attempting to override Governor James V. Allred's veto of tax remission bills developed.

W. M. U. met in the home of Mrs. E. T. Sewell in the Amerada camp Monday afternoon. Mrs. Sewell's aunt, Mrs. Emma Lou Hartwig was guest of the study. Questions and answers were reviewed, led by the teacher, Mrs. H. L. Hayes. Members of the W. M. U. who were present were: Mrs. H. M. Brown, Mrs. H. A. Hobbs, Mrs. John Kubecka, Mrs. J. E. Thompson, Mrs. Carl Blackwelder, Mrs. John Sewdy, Mrs. O. S. Butler, Mrs. O. A. Nichols, Mrs. I. O. Shaw and Mrs. H. L. Hayes.

How One Woman Lost Pounds of Fat

Lost Her Double Chin Lost Her Prominent Hips Lost Her Sluggishness Gained in Physical Vigor Gained in Vivaciousness Gained a Shapely Figure

When your vital organs fail to perform their work correctly—your bowels and kidneys can't properly throw off that waste material—before you realize it—you're growing hideously fat.

Take one half teaspoonful of KRUSCHEN SALT in a glass of hot water every morning and eat out pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—eyes sparkle with more gorgeous health—you feel younger in body—keener in mind. The Kruschen Way has given many a fat person a joyous surprise.

Get a 4-oz. bottle of KRUSCHEN SALT from any leading drug store; everywhere in America. (Lasts 4 weeks). Note—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.—adv.

Director Carl Blackwelder announces that the Forsan band under his direction will enter the band contest held in Abilene April 9.

Mr. and Mrs. O. A. Nichols of the Texas Machine and Tool company left for Burnett Monday night for a short visit.

Mr. and Mrs. W. E. Wagner left this week for an extended visit with relatives in Zanesville, Clinton and Canton, O.

The Humble Oil and Refinery company, in the interest of their safety department entertained the employees and their wives with a picnic lunch in the recreation hall of the Humble Oil company Tuesday night. After lunch H. McCarty, superintendent, acted as master of ceremonies, introducing George Leo of the Humble Pipe Line from McCamey, C. S. Ham, West Texas division safety engineer of the company who spoke on "Safety in the Home"; C. E. Nixon, of Midland was welcomed into the Chalk district, W. T. Daberty, division superintendent of Midland and H. N. Samper, instruction engineer, and his assistant, Bill Petty of Midland. Others from McCamey were: A. Talley, Charlie Martin and Mrs. George Lee. Guests from Big Spring were Mr. and Mrs. Chester Cluck, Mr. and Mrs. Art Sweet, Mr. and Mrs. C. L. Rowe, Mr. and Mrs. C. Ham, Mr. and Mrs. V. J. Hudleson and Mr. and Mrs. Milton Goodman. Employees and their wives from the Humble pipe line were: Mr. and Mrs. E. D. Tucker, Mr. and Mrs. J. R. White, Mr. and Mrs. T. C. Rankin, Mr. and Mrs. J. D. Rankin, Mr. and Mrs. Sam Houd, Mr. and Mrs. A. Pennchaker. Those of the Humble Oil and Refinery company included Mr. and Mrs. Homer McCarty, Mr. and Mrs. Leon Barker,

Mr. and Mrs. A. L. Spivey, Mr. and Mrs. I. O. Shaw, Mr. and Mrs. H. A. Hobbs, Mr. and Mrs. W. A. Majora, Mr. and Mrs. E. A. Grison and Mr. Farmer.

Monday night bridge club had as their hostess Miss Eloise Nelson in the home of Mrs. Idella Alexander with Miss Aquilla West winning high for the club, a lovely corsage of wood fiber flowers, Mrs. Brady Nix a manicure set for her, and Mrs. O-Bar Smith a crumb set as floating prize. An ice course was served to Miss Aquilla West, Mrs. Foy Johnson, Mrs. M. M. Hines, Mrs. Bill Conger, Mrs. Brady Nix and Mrs. O-Bar Smith.

Al Luke, formerly with the Cecil Rains Drilling company, has been transferred to Mentone for a short time.

Mr. and Mrs. Ap Oglesby announce the birth of a son, born April 3, weighing eight pounds. Mrs. Oglesby is in a Big Spring hospital and is doing nicely.

CALL ISSUED FOR BANK STATEMENTS

WASHINGTON, April 8 (AP)—The comptroller of the currency issued a call today for the condition of all national banks at the close of business Wednesday, March 31. Simultaneously, the federal reserve board issued a call for condition of more than 6,000 member banks on the same date. This includes the 5,374 national banks covered by the comptroller's call, which also are members of the reserve system.

The federal deposit insurance corporation issues only two calls a year, and did not join the other two agencies in the call today.

The last bank call, results of which were compiled recently, was on December 31.

AUSTIN, April 8 (AP)—The state banking department today called on state banks to report on conditions as of March 31.

ITALY CHARGES FRANCE AND RUSSIA SENDING AID TO SPAIN

ROME, April 8 (AP)—The authoritative Giornale d'Italia opened a new attack on Soviet Russia and France today, charging Russia and shipping war materials to Spain and sending submarines and cruisers to Spanish waters.

The newspaper's editor, Virginio Gayda, who repeatedly has charged violation of the "hands off Spain" agreement by both Soviet Russia and France, declared a soviet general army staff had been superintend arms shipments to organized at Toulouse, France, to Spain.

Premier Benito Mussolini meanwhile was due to get first-hand information on the Spanish situation from Roberto Cantalupo, Rome's ambassador to the Spanish insurgent regime.

Cantalupo arrived in Rome yesterday from Spain and talked with Foreign Minister Count Galeazzo Ciano. He was understood to have made a full report on activities of Insurgent General Francisco Franco, both as to military and civil aspects.

Gayda published a list of 17 Spanish ports of Sebastopol and Odessa since the nonintervention agreement became effective Feb. 20, and carried war supplies to Spain.

The newspaper asserted cargoes of these vessels approximated 15,750 tons of war materials including 28 airplanes, 245 cannons, 230 tanks, 139 trucks and 1,200 tons of munitions. It was further charged six Russian submarines often visited the Spanish government-held port of Barcelona, and that two light cruisers, the Cervonala and Proffera, accompanied by four destroyers, now were preparing to reach the Spanish coast.

Gayda also declared 154 Russian officers had left for Spain to or-

ganize an international brigade. "CAUNTES-MOVE" PARIS, April 8 (AP)—French officials today termed Italian press charges that French army officers were aiding Spanish government troops a "counter-maneuver to offset the presence of Italians in Spain."

Allegations in the Italian Giornale d'Italia which accused both France and Soviet Russia of violating the "hands off Spain" agreement were read by foreign office officials "with a great deal of calm," spokesmen said. They said they would not dignify such charges with official denials.

They added the charges in the Italian newspapers were vague and failed to mention the name of a French officer as aiding in the training of Spanish government troops.

The opinion also was expressed here that Count Dino Grandi, Italian ambassador to London, would not raise the question of alleged intervention in Spain by France before the non-intervention committee in London.

Final efforts were pushed today by attorneys to save two young convicted murderers, Ralph Eisenhardt and Gladstone James from dying on the gallows tomorrow in the little two story jail in Gretna, across the Mississippi river from New Orleans.

Eisenhardt and James were convicted of the murder of Vincent Bologna, a grocery collector who was shot and killed and robbed of \$26 in a hold-up at McDonoughville in 1935. Counsel for the condemned men sought to have the verdict set aside by District Judge L. Robert Rivarde in Jefferson Parish on the ground that one of the trial jurors was ineligible to serve on the jury. Judge Rivarde turned down their plea and the Louisiana supreme court late yesterday refused writs applying for a stay of execution. Today counsel for Eisenhardt and James announced that they would seek a writ of habeas corpus in federal court here, claiming that their clients were convicted without due process of law because one of the jurors was ineligible to serve. Also attorneys for the condemned men together with the father of Eisenhardt and the mother of James planned to seek audience with Governor Richard W. Leche at Baton Rouge for a stay of execution.

Mrs. Arlo Forrest is Sewing Club Hostess

STANTON, (Tel.)—Ritch and Chatter club met for an afternoon of handwork and conversation Wednesday, with Mrs. Arlo Forrest as hostess.

Despite unpleasant weather, ten members were present including: Mrs. J. E. Moffett, Mrs. James Jones, Mrs. Phil Perry, Mrs. W. C. Glazener, Mrs. H. H. Hahn, Mrs. Harry Hall, Mrs. Joe Hall, Mrs. O. E. Bryan, Mrs. R. F. Smith and the hostess.

Chicken A La King Mixtures Are Tops For Savory Buffet Suppers

CHICKEN A LA KING
Sprigs of parsley top these shortcakes served with chicken a la king. Buttered peas are a savory addition.

By MRS. ALEXANDER GEORGE (AP Feature Service Writer)
A la king mixtures—chicken with peas, lobster with asparagus spears, duck with buttered green beans—are especially suitable for the spring luncheon or buffet supper.

All sorts of combinations may be made. Mushrooms, hard-cooked eggs, sweet breads, fish, fowl and many other meats blend nicely with a well-seasoned white sauce to which uncooked eggs are added. And the mixture may be poured over hot toast, crackers or biscuits. It also may be used as a filling for biscuit and short-cake, patty shells or cases.

Eggs Add Color
The difference between a la king mixtures and ordinary creamed combinations is that the former are yellower, creamier and more velvety. (The color is caused by the eggs which are added just before the dish is served.)

Chicken, fish and duck a la kings are already comparatively well-known and popular. Eggs a la king, however, are just as tasty but not nearly as well-known. And numerous other combinations are just as delectable, including lobster, crab and shrimp mixtures.

For those who like to add a bit of sherry to their cooking, the a la king dish offers an excellent opportunity. (Approximately two tablespoonsful may be allowed for each two cups.)

Here's Secret
One of the most important secrets of the success of such combinations lies in adding the uncooked eggs just before the dish is served. If the eggs are allowed to cook for any length of time curdling is liable to result.

Cold pastry shells call for an almost professional touch in making them. A rich biscuit dough may be made to serve the purpose, however, by shaping it into individual shortcakes or baking the dough in small tart pans.

INDIVIDUAL SHORTCAKES (Serves Eight)
3 cups sifted cake flour,
3 teaspoons double - acting baking powder,
1 teaspoon salt,
1-2 cup butter or other shortening,
3-4 cup milk.
Sift flour once, measure, add baking powder and salt, and stir again. Cut in shortening. Add milk all at once and stir carefully until all the flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll 1-4 inch thick and cut with floured 3-inch biscuit cutter. Place half of circles on ungreased baking sheet. Brush with melted butter. Place remaining circles on top and butter tops well. Bake in hot oven (450 degrees F.) 15 to 20 minutes. Separate halves of hot biscuits.

This recipe will serve 8 persons:
CHICKEN A LA KING
5 tablespoons butter or chicken fat,
6 tablespoons flour,
1-2 teaspoon salt,
1-4 teaspoon paprika,
2 tablespoons minced green peppers, cooked,
2 tablespoons minced pimientos,
2 tablespoons minced celery, cooked,
2-3 cup cooked mushrooms,
3 cups milk,
1-2 cups diced cooked chicken
2 eggs, beaten or 4 egg yolks.
Melt the butter and add the flour. When thoroughly blended add the seasonings, mushrooms and milk. Cook slowly and stir constantly until a thick, creamy sauce forms. Add the chicken and cook 2 minutes. Add the eggs, mixing them in well. Cook one minute and serve immediately. Although white meat is preferable it is not essential. The chicken should not be cut as finely as when it is used for salad.

PLAY SLATED FRIDAY EVENING AT MOORE
A three-act comedy drama entitled "Eyes of Love" will be presented at Moore Friday night, April 9, beginning at 8 o'clock. The public has been invited to attend.

The cast will include Callie Wheeler, Anna Smith, Margaret Wheeler, Lawrence Adkins, Virginia Sullivan, Geneva Brown, G. C. Broughton, Leo Hull, Jim Grant and Victor West. Thomas Brooks orchestra will furnish music for the program.

CHICKEN A LA KING
A large crowd was present at the school house for a picnic on April 7. School was dismissed at noon and a picnic lunch in the gym was enjoyed by all present. After lunch those present participated in events including volleyball matches, baseball games between men and school boys and women and school girls. Visiting guests were Mr. and Mrs. L. E. Lomax of the Lomax community, Mr. and Mrs. N. B. Davidson, Mrs. Peeler Davidson, and Miss Pauline Davidson, all of the Center Point community, and Mr. Charles Adkins of El Paso.

Those on the honor roll are as follows: first grade—Evelyn Ray, Ramona Faye Barber, Donald Phillips, Marie Stevenson, Eula Faye Newton, Wanda Jean Forrest, Dorothy Cill Wilmon; second grade—Charles Sullivan, Lily Billings, Lena Brunson, Patsy Sisson, Lily Samanipa; third grade—R. C. Stewart, Josephine Brown, Louise Wheeler, Mary Lou Digby; fourth grade—George Brown, Vera Deane Payne; sixth grade—Frank Goodman, Delbert Shultz, Billy Sullivan, Dorothy Lee Broughton, Dorothy Lou Jones, Colleen King, Billie Snider; seventh grade—Rosalyne Hayworth; eighth grade—Loveda Shultz; tenth grade—Geneva Brown, Margaret Wheeler, and Callie Wheeler.

Marlin Hayworth was going to be with his uncle, I. W. Hayworth at Stanton where he will work during the spring.

Mrs. Homer Williams and children, James Earl and Anna Jeanne, of Big Spring, were guests in the home of Mr. and Mrs. E. M. Whelan and family last Tuesday afternoon.

Guests in the home of Mr. and Mrs. O. A. Goodman and family last Monday night were Rev. and Mrs. H. C. Goodman and children, Horace, Jr., Jimmie and Joy, and Mr. and Mrs. Rube Nixon and son, George.

A three-act comedy play entitled, "Poor Married Man" will be presented here on Friday night, April 16. This play is sponsored by members of the First Christian church in Big Spring and is directed by Mrs. J. T. Allen.

Miss Golda Nance of Big Spring was the guest of Miss Mary Petty last Sunday.

Misses Margaret and Callie Wheeler spent Sunday with Miss Marguerite Clendenning in Big Spring.

Rev. and Mrs. H. C. Goodman and family of Big Spring were the Sunday guests of Mr. and Mrs. W. P. Petty and family.

The Volley Ball club met Monday night in the gymnasium for games. Due to other conflicts there were no games last Saturday night. The club will meet again next Saturday night.

Rev. H. C. Goodman was present last Sunday afternoon to fill his regular appointment here, but due to severity of the weather, the service was postponed until the first Sunday afternoon in May.

Farmers in the community are appreciative of the rain which fell here last Sunday. This will put a good season in the ground for spring planting.

A trustee election was held here last Saturday at which time G. C. Broughton was elected to fill the place of A. K. Merrick whose term has expired. At the present time the board members are M. L. Rowland, "hold-over" member, L. J. Davidson, elected at a recent unofficial election, and G. C. Broughton.

The many friends of Mrs. J. B. Mott and family extend their deepest sympathy in the death of their husband and father, J. B. Mott, who passed away last Saturday afternoon. Mr. Mott with his wife resided in the Moore community for the past 15 years, and made friends with all those who knew him.

D. J. Wheeler of Lamesa is visiting relatives in this community this week.

The Moore Parent-Teacher association will conduct its regular meeting on Monday night, April 12.

MORGAN NEWS

A good crowd attended the singing Friday night. There were several visitors from R-Bar.

The Sunday school will order some new song books.

Mr. and Mrs. Ben Ellett and family visited Mr. and Mrs. Eston Barber Saturday night.

Mr. and Mrs. Reeves entertained with a party Saturday night.

Charlie Loyer visited relatives in this community Wednesday night.

Lena Mae Mansfield spent Friday night with Mr. and Mrs. Albert Smith.

Brick, Raymond and Ora Lee Harrington visited Mr. and Mrs. Albert Hart Sunday.

Visitors in the Wallace home Sunday included Lena, Jeanette, Merle and Floyd Mansfield, Gerald Marie Eucharan and Durah Kennedy.

Lena Mae Mansfield was a guest Wednesday night of Mrs. Nettie Kennedy.

Mrs. George Joiner and family visited her parents, Mr. and Mrs. John Kennedy, this week.

Mr. and Mrs. Curtis Ray and daughters of Moore were visitors in this community Sunday.

Mrs. Emily Joiner spent the week-end with Mrs. Lola Joiner.

Ernest Joiner was a guest Sunday of Mr. and Mrs. Cleve Tyler.

Mr. and Mrs. Harold Harrington and children visited her father Sunday afternoon.

Mr. and Mrs. Albert Hecker are the parents of an eight and one-half-pound daughter.

Mr. and Mrs. Lawrence Gilmore and son visited Mr. and Mrs. Russell Kennedy Sunday.

School students went on a picnic to Christian canyon on April 7.

Those on the Morgan school honor roll for the past month included: First grade—Lenny Tyler, Edith Wallace and Charles Nell; second grade—Bob Kennedy, A. G. Murray, Joyce Ray; third grade—Louise Crow, Betty Kennedy, Harvey Mansfield; fourth grade—Ben Ellett; fifth grade—Lois Mansfield; seventh grade—Mildred Ellett; eighth grade—Durah Kennedy, Gertrude Harrington; ninth grade—Christine Ellett, Gerald Marie Eucharan and Edith Wallace.

ITEMS FROM MOORE

A large crowd was present at the school house for a picnic on April 7. School was dismissed at noon and a picnic lunch in the gym was enjoyed by all present. D. J. Wheeler of Lamesa is visiting relatives in this community this week.

The Moore Parent-Teacher association will conduct its regular meeting on Monday night, April 12.

BLOW FATAL TO BOY

GUNTER, April 8 (AP)—An accidental blow with a baseball bat yesterday proved fatal to Rudolph Jones, seven-year-old son of Mr. and Mrs. Carl Jones. The mishap occurred on the school playgrounds here. The child died on the way to a physician's office.

The regular business session will be followed by a screen picture and lecture on the "Caribbean Campaign" by Miss Louise Douglas, after which Miss Twila Lomax will give a comedy screen picture on "Little Black Sambo." These pictures will be produced by a machine recently acquired for the school. Merchants have purchased slides for their respective businesses, and these will be shown at that time. The public is invited to be present for this program.

Friends of Mr. and Mrs. J. M. Thomas were saddened to hear of the death of Mrs. Thomas' brother, Mr. Barnhill, who passed away last week at his home near Brownfield.

Fairview News

The Fairview community and members of the Prairie View church extend their sympathies to the family of the late Jim Mott. He was a member of the Prairie View church, and fellow members were saddened at his death.

Mrs. Gabra Hammock suffered a sprained ankle Saturday when she fell from a ladder at her mother's home.

Scholastic census of the Fairview school showed 48 scholastics. It has been announced by Enumerator J. W. Wooten.

J. N. Lane was elected as a new trustee last Saturday.

Rain and some snow fell in this community Sunday, but little moisture was provided. Farmers are delaying with planting because of continued cool weather.

W. A. Langley is the owner of a new car.

Mrs. Ed Jonsson reports corn and beans are coming up in her garden. They have not as yet been damaged by the cool weather.

Mr. and Mrs. Clyde Bloodworth are the parents of a 10-pound boy, born Tuesday at the Big Spring hospital.

Hershey Men Back At Work

GUARD MAINTAINED AT FACTORY AFTER YESTERDAY'S VIOLENCE

HERSHHEY, Pa., April 8 (AP)—Nearly 2,000 employees of the Hershey Chocolate corporation returned to work today in the closely-guarded factory where a crowd of farmers and "loyal" workers yesterday drove out hundreds of sit-down strikers.

More than a score of deputy sheriffs and members of the American Legion paced back and forth in front of the ivy-clad stone building.

Governor Earle ordered an investigation of the disorders.

In Harrisburg, Miss Sweeney, organizer for the Committee for Industrial Organization, said today: "We have no intention of quitting at Hershey."

The strike was called by United Chocolate Workers, affiliate of the committee.

Sweeney said a meeting of strikers and their allies would be held at 2 p. m. tomorrow in Palmers, near Hershey. Committee leaders said the union would chart its course at that time.

Last night, the factory in which the fight occurred was cleaned up. William F. R. Murrie, president of the corporation, said today weapons of all sorts were found strewn over the floor, but that little damage was done to the equipment, around which wildly screaming men and women battled for almost half an hour yesterday.

Murrie estimated that about 1,800 workers returned to their jobs. He said others would come back tomorrow. The plant normally employs nearly 3,000.

TEMPLE, April 8 (AP)—Ruby Holley, 19, was injured fatally last night when an auto in which she was riding crashed into a bridge 1.5 miles north of here. Three companions were uninjured. Miss Holley was the daughter of Mrs. G. T. Holley.

Science finds

BREAD A GOOD MUSCLE-BUILDING FOOD

SCIENTIFIC research proves that Bread ranks with meat as a source of muscle-repair food!

A group of leading doctors and scientists recently completed a series of tests to find out the true facts about Bread. They found that good Bread, when eaten with milk, supplies even better muscle-building food than meat. In fact, for just a few cents a day, Bread can supply at least 25% of all the muscle-building food children need.

Be sure your children get plenty of good Bread, your best and cheapest energy food.

When Gardens Take The Cook's Attention, Try These Menus

By MARTHA LOGAN

I can feel an attack of "gardenitis" coming on. There's a whiff of spring in the air, there's a patch of ground at the side of the house that looks ready for attention. In fact, I want to start digging outside and the thought of spending much time preparing meals is less attractive than it was when the March winds whistled and the kitchen felt cozy and warm.

Here's a suggestion for a quick dinner or two that has proved popular in our family. Do you know about the great variety of dry sausage (sometimes called summer sausage) that is now offered by all up-to-date markets? With this very tasty and nutritious line of new products we see the results of progress in the sausage room. Today, with keen competition between producers, with close government inspection of plants, we find the modern sausage kitchen is one of the most interesting scientifically managed and carefully supervised of any food production plant.

Today, in the sausage kitchens of the first rank, selected cuts of meat are used to suit the special recipe with pure spices and flavorings added. Skilled workers in fresh uniforms carry out the preparation. Then comes the smoking, drying or other processing necessary to give the distinctive finish to the product. And such a variety! Different nationalities may choose the sausages that are typical of their racial preference. For the modern "American" family with its cosmopolitan appetite, here is a real opportunity to get variety and interest into the menu.

For dinner, I suggest a platter of assorted dry sausage. For example, there are Thüringer, Cervelat, cooked Salamis, German and Italian style Salamis. Allow about four thin slices of meat per serving. Have the sausage cut thin and select several kinds of meat. Be sure to order generously so that each person may choose his favorite kind. A hot potato salad with bits of crisp bacon, and a dressing made of the seasoned bacon drippings and such a splendid accompaniment. Serve with this a crisp vegetable salad, rye bread and a fruit dessert and you'll get a repeat order from the family for this easily prepared, yet so satisfactory dinner.

There are so many ways to use up the left-over sausages that you will be safe in getting a good supply with the idea of a casserole dish the next day.

Here's my suggestion for the second day's dinner: Scalloped Cooked Salsami & Rice
Buttered Beets
Rye Bread
Tart Gelatin Vegetable Salad
Rhubarb Pie
Coffee

Kansas Rigid In Control Of Beer Drinking

Only Citizens Of Upright Character May Sell 3.2 Beverage

TOPEKA, Kas., April 8 (UP)—After 80 years of strict prohibition, "bone dry" Kansas has decided to legalize 3.2 beer—but the law governing its sale is more rigid than in any state in the Union.

The law legalizing 3.2 beer will take effect May 1, and on the same date the regulatory laws will go into effect. It prohibits persons under 18 years of age from frequenting beer taverns or from working as waiter or bartender in any establishment selling beer.

The sale of beer between midnight and 6 a. m. on weekdays is prohibited and no beer at all may be sold on Sunday or election day.

Persons who operate beer taverns must be 21 or older and citizens of the United States.

Good Character Mandatory

No person may sell beer who within two years of his application for a license has been convicted of a felony, of drunkenness, of driving a motor car while intoxicated, or of violating the liquor laws of any state. Moreover, a beer tavern operator must be of "good character and reputation in the community in which he resides."

Breweries or beer distributors will not be permitted to install fixtures or equipment for dispensing beer in retail establishments.

"No manufacturer, distributor or wholesaler," the law reads, "directly or indirectly shall sell, supply, furnish, give or pay for, or loan or lease any furnishings, fixtures or equipment for dispensing beer."

Injunction Is Provided

"The attorney general or county attorney at all times shall have the power to enjoin any party from selling or distributing beer, notwithstanding the fact the party has a license and permit, providing it shall appear he has violated any regulation of the act. Injunction proceedings shall be the same as is now prescribed for the enjoining of intoxicating liquors sales."

An operator's license will be revoked if he sells beer to persons under 21, permits an intoxicated person to remain in his place, or is himself continually intoxicated, or is a dealer in whisky or other "hard" liquors.

The law forbids "private or closed rooms or closed booths" in the place of business where beer is sold.

Violations of the law call for fines of not more than \$500 or jail sentences of not more than one year, or both.

Operators of beer taverns must pay a state license fee of between \$25 and \$50 a year and a distributor or wholesaler must pay \$300 for a license. Moreover, cities and county boards are vested with the authority to make their own rules concerning dispensing of beer if they decide the state law is not stringent enough.

When the beer bill was up for debate many legislators desired to include a clause prohibiting women and girls from serving beer. This was finally omitted, however, when other legislators protested that such a law would throw thousands of waitresses out of work in restaurants where beer is sold.

The clause requiring all operators of beer establishments to be citizens primarily affects the coal and lead mining region of southeastern Kansas where many foreigners have settled. Many of these people have taken out their first citizenship papers but have not yet become fully naturalized.

Scalloped Cooked Salsami and Rice
1 cup dried dry sausage,
1 cup head rice,
2 cups milk,
4 tablespoons butter,
4 tablespoons flour,
2 cups milk,
1-1/2 cup grated Cheddar cheese.
Wash the rice thoroughly. Boil in kettle of salted water until grain is soft when pressed between the thumb and finger (15 to 20 minutes). Rinse with hot water. Make a white sauce of the butter, flour and milk. In a buttered casserole place a layer of rice, a layer of dry sausage. Pour on one-half the white sauce. Add a layer of rice then sausage and white sauce. Top with remaining rice. Sprinkle cheese on top. Bake 20 minutes at 350 degrees F. Yield: 6 servings.

Note: Cooked macaroni or mashed potatoes may be used in place of rice.

Farm Price Level Higher

Only Poultry Bringing Less Than In March Of Last Year

AUSTIN, April 8—Prices received by Texas farmers for agricultural products on March 15, 1937, were much higher than a year ago, and generally somewhat above those of a month ago, according to the farm price report of the bureau of agricultural economics, issued through the office of the agricultural statistician at Austin.

All commodity prices increased over a year ago, except for chickens and turkeys where declines of about 1 per cent are shown. Compared with a month ago prices are generally higher, especially for cotton. Only retail milk and egg prices declined from the previous report while a number remained stationary.

The farm price index for the United States advanced only one point from that of Feb. 15, 1937, but the highest March figure in 127 years. The index stands at 128.2 per cent of the 1910-1914 average compared with 104 on March 15, 1936, and is only three points below a post-depression peak of 131 on

LINDBERGH SPEND THE DAY IN MUNICH

MUNICH, April 8 (AP)—Col. and Mrs. Charles A. Lindbergh, temporarily dropping their self-imposed seclusion, took a short sight-seeing trip through Munich today with an American friend.

Except for the brief tour, the Lindberghs stayed in their hotel. Special guards were posted

Clyde Beatty Faces Charge Of Cruelty To His Animals

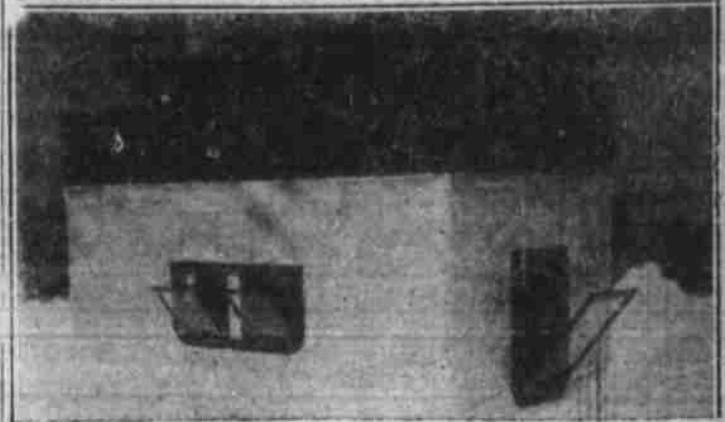

NEW YORK, April 8 (AP)—Clyde Beatty, who is pretty well known for the stunts he does with animals, had a date in West Side court today to answer a charge of "cruelty to lions and tigers." E. H. "Doc" Partello, manager of the circus with which Beatty is appearing, said the trainer would plead guilty and pay whatever fine is required. Beatty was arrested yesterday by Jacob Jacobs, 67-year-old inspector for the Humane Society of New York. "I warned him six or eight times

Trailer Is Really Home To These Two Children Of Paris, Texas; They Were Born There

PARIS, April 8—Now that the auto trailer craze is sweeping the nation, the story goes around that any news on a trailer is big news. And possibly the oddest news pertaining to these gargantuan playhouses is relative to the birth of a baby in a trailer.

Paris has a "trailer baby," and claims to be the first Texas city to boast of this phenomenon. She is cute little Myra Jean Snider, just celebrating her first birthday here. Myra Jean was born last March in an auto trailer on a parking lot. The local physician who attended the mother and child declared it was the first time in his professional career he had kept a date with a stork in a trailer.

But to make the story better comes the fact that Myra's big sister, Mary Louise, was one of the first babies in all America to be born in a trailer. She first saw the light of day Oct. 18, 1933, in Monette, Ark., and was born in the same trailer as her little sister. The Snider girls could make a claim that they are the first babies born in a trailer in America. For a news magazine set out last year to locate the first such baby and awarded the unique title to a babe born in June, 1936, Mary Louise was well over two years old at that time, and Paris' trailer baby, Myra Jean, was four months of age. The girls' father operated a photograph machine for some time.

Top photo, a trailer family of Paris, Texas, Mr. and Mrs. Harry C. Snider and their children, Mary Louise and Myra Jean. The older girl was born in 1933 in a trailer home, when it was parked in Arkansas. The younger girl, just now one year old, was born in the trailer at Paris. The Snider domicile is pictured below. Snider is a

Land Leasing Bill Retained

AUSTIN, April 8 (AP)—The house of representatives kept alive a bill creating a school land leasing board and changing the wayne laws by voting 67 to 51, today to print it on a minority report. The public lands committee had given it a 14 to 5 unfavorable report.

The bill was by Rep. Coke Stevenson of Junction. The recurring proposal for a convention to rewrite the 61-year old constitution was killed for the session when the house refused, 47 to 53, to print it notwithstanding an adverse committee report.

An effort of the San Antonio delegation to reconsider the vote by which the house postponed consideration of a senate bill relating to Texas county failed by two votes. The bill had been postponed until next Wednesday.

The senate began debate on a house bill to remit taxes to all counties. The upper chamber took a hand in the controversy over the nomination of a senate bill relating to the monument being erected at the San Jacinto battlefield. It adopted a resolution by Sen. T. J. Holbrook of Galveston which would put the legislature on record in opposition to inscribing the names of national and state officials on the shaft.

Cotton Plan Outlined For Tex. Growers

DALLAS, April 8 (AP)—Dr. A. B. Cox, director of the bureau of business research of the University of Texas, in an address before the Texas cotton ginners convention, today recommended a broad program to place the state's cotton industry on a sound basis.

His study of the industry's problems was needed urgently in view of large losses in recent years in foreign and domestic markets due to post-war conditions and policies of the federal government.

His program contained seven major points, as follows: 1. Placing and maintaining production on as high a quality basis as possible consistent with yield and costs. 2. Making profits for farmers and others in the business out of lower costs due to efficient operation rather than artificially controlled prices.

3. Developing more cash enterprises to fit into a farm production program. 4. Community Production. Planning cooperation in the provision of services essential to efficient cotton production, such as good seed supply. 5. Providing for community production. 6. Providing for classification of cotton in the farmers markets. 7. Planting varieties of cotton selected on the base largely of experience that he would have to stop beating those animals," Jacobs said, "and that his assistants would have to stop jabbing the lions and tigers with those long poles as they come down the chute into the cage."

Beatty made no comment except to say that in 34 years of animal training, he had been arrested only once. That was two years ago, in Pittsburgh.

Presenting, above, Durso, head of the "spook show" which bears his name and which is at the Ritz today as an added attraction. The spook show is a combination film and stage attraction, with a E-cyberic thriller in celluloid and a series of weird, spine-tingling acts on the stage.

During the five years prior to the depression cotton production in the United States averaged 15,268,000 bales and foreign production only 11,585,000 bales, Dr. Cox said. In the past three years United States production averaged about 10,900,000 bales, whereas foreign has been 15,795,000. This year, domestic production has been 12,130,300 bales and foreign about 17,800,300.

Percentage Down "During the five years prior to the depression," Dr. Cox said, "cotton production in Texas was about one-third of the United States total and one-fifth of the world's. This year Texas production is little more than one-tenth of world production."

During the three years prior to the depression, he continued, Texas farmers received on an average \$407,000,000 in cash each year for lint cotton, while in the past two years the average has been only \$154,000,000, a decline of "astounding sum of \$253,000,000 per annum."

Dr. Cox commented "It must be clearly understood that the policies of the federal government have been the major causes of the losses of foreign cotton markets and not the cotton growers themselves or the state of Texas."

"This is a very important fact because the recapture of these markets is going to be a very costly process and the agency that caused the loss should pay the cost of recovery," he said.

If all the artificial handicaps were removed so that the cotton growers could sell their cotton and buy their supplies in freely competitive markets of the world, he said, the facts indicate the markets could be recaptured, but he expressed doubt this would be done.

NEGRO FACES TRIAL IN SHERIFF'S DEATH

OLTON, Lamb County, April 8 (AP)—The trial of Leroy Kelly, 32 Littlefield negro charged with slaying Sheriff F. A. Loyd of Olton was set for today. Sixty special veniremen were under call as prospective jurors. Sheriff Loyd, now succeeded by his widow, was shot three times when he attempted to arrest Kelly. The negro has been under guard at Lubbock, where he was taken to thwart possible violence.

Big Spring Daily Herald

Published Sunday morning and each weekday afternoon except Saturday, by BIG SPRING HERALD, Inc. Publisher: JOE W. GALBRAITH...

NOTICE TO SUBSCRIBERS: Subscribers desiring their addresses changed will please state in their communication both the old and new addresses.

LOOSE FINANCING: Good old-fashioned sensible and honest financing has been advocated repeatedly by Governor Allred in various messages to the current legislature.

Man About Manhattan: NEW YORK—Hal Kemp, his eyes a-beam and his countenance halved by a yard-wide grin, ambles into the galley where this slavery is chained, and relates an episode just witnessed in a hotel lobby.

Down at El Chico's, where the señoritas do the flamenco, there is a parrot, and a very wise old fowl he is. Accustomed to the banter of Broadway borders which, seemingly, drift endlessly through this Spanish super-club, he has become something of a snob, idling on one foot in a dignified sort of way.

Undertone: Only those who follow the voice of the people professionally noticed it, but the detailed Michigan election returns did not seem to be as satisfactory to the advocates of sit-down strikes as the general results.

Mail Order Policies: Republican national leaders are being severely criticized by some.

NEWS

BEHIND THE NEWS: By PAUL MALLON

Revival of Florida ship canal starts congressional. Plans seen in handling of army engineers' report.

Sticktoitiveness: WASHINGTON, April 8—President Roosevelt is acquiring an inside reputation for relentless persistence.

Finesse: The manner in which the Florida canal was pulled out of the grave and made to walk again has especially encouraged the legislators to believe there is no jangling death.

Hollywood: HOLLYWOOD—The thrills of a hand-to-hand fight are being combined with studio economy on the "Kings of the Gamblers" set.

Opposition: It is not exactly a secret in the war department that Woodring is serving at the president's pleasure, and that chief of engineers Markham is in a position more susceptible to White House influence than his board of engineers.

Use Stars in Close-Ups: Green and Collins, in their rough-and-tumble warfare, have turned over tables and chairs and torn down draperies.

Asstair's First Ballet: It is a beautiful set, and pretty ballet girls in short ruffled dresses complete the picture.

Wallace Beery recently purchased 250 acres of hunting ground in the wilds of Idaho.

How To Torture Your Husband

Chapter Nine CALLERS IN THE NIGHT: It was too chilly to do anything but get to bed and read. And so she collected a lot of goats and coconuts that the rescuing liner have in sight in the stories.

Daily Crossword Puzzle: Solution of Yesterday's Puzzle. Includes a grid with numbers and a list of words to be placed in the grid.

CLEMENCY DENIED TWO DOOMED MEN: NEW ORLEANS, April 8 — The state pardon board has unanimously denied clemency for Ralph Eisenhardt and Gladstone James, sentenced to be hanged Friday in the Gretna jail for the 1935 robbery-slaying of a grocer at McDonoghville.

EVE'S ORCHARD

By MARGARET WIDDEMER: Chapter Nine: EVE—Evelina—Mannersfield. The friend who asked permission to bring your son to my party, she went on, being as serious and stately as she could with a guttering candle blowing and the wind on her ankles in the hall.

WTCC Meet Is Arranged

Brownwood Expecting Ten Thousand At May Convention

BROWNWOOD, April 8.—Elaborate preparations are being made for the nineteenth annual convention of the West Texas chamber of commerce to be held here May 16, 11 and 12.

Brownwood chamber of commerce already has appointed the convention steering committee and committee chairmen. Jed Rix, assistant WTCC manager, has opened convention headquarters in Hotel Brownwood.

An attendance of at least 10,000 is expected. Hotel reservations are being received daily.

General outline of the program has been completed, but a number of details are yet to be worked out. The program will include two general assemblies, on Tuesday and Wednesday mornings.

In addition to the general assemblies, four group conferences will be held. "Soil Conservation and Flood Prevention," general theme of the entire convention will be topic of discussion at one of the conferences. Subject of another one of the conferences will be "Oil and Gas Development in West Texas."

Two luncheons for WTCC directors, who are expected to attend from all affiliated cities and towns will be held, one on Monday and the other on Tuesday. The directors will hear reports from the convention work committee and vote on proposals and resolutions received.

A luncheon for newspapermen and chamber of commerce secretaries will be held Tuesday, May 11.

Two outstanding shows, for which talent already is being secured, will be presented under the direction of Dr. Mollie W. Armstrong, Brownwood. The shows will be highlights of the Monday and Tuesday night programs of the convention.

Governor James V. Alfred and Col. Ernest O. Thompson, member of the Texas Railroad commission, have accepted invitations to speak during the convention. Other speakers of national prominence will appear on each program during the three-day session.

CHAMPION JIM WANTS BEST DRAWING CARD

STONE LAKE, Wis., April 8 (AP)—Whom world heavyweight champion would fight—Joe Louis or Max Schmeling?

It makes no difference to him. "Frankly," Braddock said today as he sunned himself in a big wooden lawn chair, "the man I want to meet is the one who will draw the biggest gate, and that's Louis. I'm sure we'll be in the ring in Chicago June 22. My manager, Joe Gould, told me to do the training, and let him do the worrying over threatened court action. That suits me."

Which fighter would be the easier opponent? Braddock says there is a right way to fight either one.

"I have studied the styles of both, and I am convinced I've got their number," the champion said. "Eraddock is disappointed in the lingering winter weather conditions which have made road work impossible on the dirt roads leading to his camp on little Lake Seshagans."

Trainer Ross Lippman put the clamps on road work for fear

The \$1,000,000 project, located seven miles from this city, will be a composite of the finest features of other courses, plus some personal ideas of William du Pont, Jr. It opens on June 26 for the first meeting under Delaware's new pari-mutuel law.

Du Pont is owner of Rosemont and Fairy Hill which won the \$100,000 handicap and \$50,000 derby on successive Saturdays at Sunnyside this past winter. He holds no office in the association, which includes 25 stockholders, but is personally supervising much of the construction.

Club On the Roof Outstanding features include two steeplechase courses; a sloping lawn fronting the grandstand with its lowest point five feet above the track; quarters for the exclusive Delaware Turf club atop a grandstand seating 8,000; stables for 1,000 horses surrounded by an electrically charged fence, an outdoor saddling paddock, and convenient transportation with terminals of two railroads less than 100 yards from the stands. Some five miles of beautiful hedge border the entrances and parking fields.

The inner jumping course is a mile in length with seven fences. The other course is a mile and three-eighths, with eight jumps. It is unique in that it leaves the track proper at one point and runs nearly a half-mile into the country.

Several \$10,000 stakes Although the jumps were built last fall, steeplechase races probably will be limited at the first meeting. Du Pont is desirous that the turf and fences be in perfect condition. His figures for the surface works at least another year before it can stand the strain of daily racing.

Bidding for the best horses, du Pont has outlined a program which calls for several \$10,000 stakes, no race with a value of less than \$1,000, and a \$1,200 feature event on days on which stakes are not scheduled.

The number of stakes depends on the length of the meeting. Right now the track is limited to 20 days but a bill is before the legislature which would add another 10.

INVESTIGATIONS OF RURAL AID PROPOSED

AUSTIN, April 8 (AP)—Two investigations of the education department administration of rural school aid would be authorized under a bill which the senate received today from the house.

The investigation provisions were attached as amendments to a bill appropriating \$1,080,000 to supplement funds previously allotted for rural aid during the current biennium.

One amendment would create a senate and house committee to pass on all rural aid claims and empower that committee to make a general investigation of past rural aid expenditures. The other would appropriate \$3,000 to the state auditor for an audit of rural aid funds.

Rangers And Detroit Red Wings Meet Tonight

DETROIT, April 8 (AP)—The Red Hot New York Rangers and the battered Detroit Red Wings meet here tonight in the second game of the Stanley Cup series which opened Tuesday with an easy victory for the easterners.

WILL IS FILED

DEDHAM, Mass., April 8 (AP)—The will of Robert Lee Studley, former president of the National Wool Trade association and the Boston Wool Trade association, filed for probate today left \$25,000 each to his widow, Louella, and his daughter, Eleanor, and in addition they will share equally income from a \$200,000 trust fund.

Movie Censorship Asked At Tucson As Boy 'Gang' Activities Revealed

TUCSON, Ariz., April 8 (AP)—Aroused by activities of a gang of boys who called themselves the "Black Legion" and branded their members with an ice pick, the Pima county coordinating council demanded of the Tucson city council today that it enact an ordinance censoring movies.

"Moving pictures of recent months dealing with Black Legion activities in the east and other vivid details of major criminal activities and methods are largely responsible for this deplorable situation," asserted Mrs. William Bray, president of the coordinating council.

Police Chief C. A. Wollard said he had exposed three gangs of the boys from nine to 15 years of age, who branded their members, levied a toll of petty thieving on merchants and householders, and operated from headquarters in a storm sewer beneath the city streets.

From the pockets of some of the boys questioned, Wollard said he took \$107 in cash, a watch worth \$550, shares of stock, and other valuables that had been stolen. The loot over a period of several months would total more than \$1,000, he said.

The boys told of a leader who carried a gun in a shoulder holster and "would shoot you if you didn't do what he said."

Burglary charges were filed against two of the boys. Twelve others were questioned and released on their own recognizance. Wollard said the two ringleaders, who called themselves "president" and "vice president," had not been found.

RECRUITS ACCEPTED FOR ARMY SERVICE

Qualified men are now being accepted for service in the cavalry, field artillery, armored car troop, ordnance, signal corps and other branches of the regular army, it is announced by Neal F. Marshall, commander of the recruiting station for this district, stationed at Sweetwater.

The station is located on the second floor of the municipal building at Sweetwater. Men accepted at this station are forwarded to Fort Bliss for enlistment.

Top-Ranking Swimmers In National AAU Meet

NEW HAVEN, Conn., April 8 (AP)—The nation's top ranking swimmers, among them six defending champions, were poised for the start today of the National A. A. U. indoor championships at Yale university.

John Higgins of Providence, R. I., who captured the breast stroke and individual medley in 1936, is defending his championships from Ohio State, where he is a freshman.

Others include Adolph Kiefer of the Lake Shore A. C., Chicago, 150-yard back-stroke titleholder; Peter Fick of the New York A. C., 100-yard free-style champion and Al Greene of the Lake Shore A. C., last year's one-meter board diving winner.

Jack Medina of Washington, 400-meter camp, on tour of Austria, will let his 220-yard and 500-yard free-style crowns go undefended. Dick Degener of Detroit also will default his high board diving title. The meet will close Saturday.

Gene Towne Hold-Out From Chicago White Sox

HOLLYWOOD, Calif., April 8 (AP)—It was quite a surprise to friends of Writer Gene Towne today when he solemnly announced he was a "holdout" from the Chicago White Sox.

In the first place, they didn't know he played baseball, and furthermore, he earns around \$2,000 a week writing movies for Producer Walter Wanger.

Yet Towne produced a regulation White Sox uniform, and more authentic, a \$1-a-year contract duly signed by Vice-President Harry Grabiner of the Chisox.

"This is no ordinary salary hold-out," Towne explained. "It's deeper."

"They issued me a uniform and gave me a satisfactory contract to play baseball."

"But they didn't give me any shoes."

"Now how can I be a baseball player if I don't have any shoes not to play in? It's almost contrary to fact."

Listeners nodded their heads. "So I'm holding out. And I won't come through until they send me a pair of shoes!" Towne thought a moment and added, with emphasis: "... with laces, too!"

Text: "THE borrower is benefited, for it enables him to carry forward his business activities in a profitable manner and render useful service. The bank is benefited, for a good loan gives safe employment to the bank's funds and makes it possible for reserves to be set aside and surplus to be built up as a further safeguard for deposits. Depositors are benefited by good loans which enable the bank to provide a safe, convenient place for their funds and to render numerous banking services. The Community is benefited by good loans which stimulate employment and business activities. This bank stands ready to make loans which conform to sound banking principles."
