CENTENNIAI, PROGRAM compliments. SATURDAY

Dallas, Texas, Oct. .. An airplane dive into the roof of a house with the plane's motor wide open and its pilot strapped into the cockpit will climax a program of death-defying stunts Saturday, Oct. 25, at the Texas Centennial Exposition.

Captain F. F. Frakes, former test pilot for the Curtis-Wright Airplane Company, will pilot the plane. This will be only one of 10 hazardous acts presented by the Frakes-DeLuca dare devil troupers who form the Thrill Show in the Cotton Powl of the \$25 000,000 World's Fair.

speed demon, will drive a regular stock car over 50 sticks of dynamite, depending on her uncanny ability to escape from a wrecked car to get away quick SANTA ANNA— Monday October 26

Then Miss DeLuca will at tempt to break her own world's record for an automobile hurdle at a speed of a mile a minute. She jumped a car 51 feet from the ramp last May at Louisville. Ky., to set a new women's record Two of the hell drivers will play automobile polo. A ball five feet in diameter will be placed in the center of the Bow and the drivers will attempt to push it between goals with the

bumpers of their cars.
For five years this team of barn stormers and hell drivers has been risking death to thrill audiences in the largest cities and fairs in the country. Newsreel cameramen follow the show around to keep a living record of the team whose motto is thrills without regard to death

WHON H. D. CLUB STUDIES REUPHOLSTERING

When chairs become worn or uncomfortable to sit in, it is then time to re-upholster them' says Mrs. Glenn Gill, to the Whon H. D. C. which met at her home, on Tuesday, October 20,

After the tacks, covering, and padding have been removed and the wood refinished, an attractive chair can be obtained by straightening and securely tying the springs. A covering of burlap can be stretched over the springs. The hands can detect unsmooth places easier than the Stretch the top cover tightly and drive the tacks only a part of the way, because it might be necessary to remove them to make some changes. The rows of tacks may be covered with gimp to give a neater appearance.

Officers will be elected at the next meeting. All members are urged to attend.

Refreshments were served to nine members and four visitors, namely: Mrs. John Avant, Mrs. Alma Forehand, Miss Tyna Black, and Miss Oneta Wells, all of Whon.

The next meeting will be at Mrs. E. W. Gill's home on November 3, and a program on "Cleaning and Care of House-hold Fabrics," will be rendered.

Mrs. Maurice Bell, and Mrs. Doris McDermott spent the week end with Mr. and Mrs. Altus Bowden in Snyder.

Presenting the phenomenal facts about GULFPRIDIE THE WORLD'S FUNEST MOTOR OUL

THE facts on this page sound hard to believe. But here is the I reason why GULFPRIDE_and only GULFPRIDE_can accomplish such results . . .

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best-then further refines it by the exclusive Alchlor process.

Only GULFPRIDE is made by this process-result of 15 years' research-the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.'

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR-8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!
