## "I Belong To You"

I am a child of 6,000,000 kinsmen with everyone interested in my future welfare.

I am a big "bouncing boy" full of many ideas and ideals, with unlimited resources, backed by untiring energy, waiting to be taken in charge by intelligent leadership and guidance in order that I may not falter, nor fall by the wayside as I grow and prosper.

I am a "diamond in the ruff" so to speak, full to the brim with many good things, and have passed the crawling stage into my teens. Even though I am young and healthy with a background of amazement, my future growth will be stunted and warped if my loved ones do not take individual interest in my welfare and help in steering me in the right direction in order that I can better serve my people and the nation. I am becoming more prominent every day in the eyes of the nation and by prouder care, nourishment and direction, I can keep my many friends already made with the ambitious hope to make more new friends as I develop and grow.

I am dependent upon my people for inspiration for without them I cannot go forward, nor make a mark in the world.

My future is in the hands of loving and patriotic people who must be sincere and unselfish in my growth, or I will be forced to take a place in the backwoods of yesterday among the dead wood and withered leaves where decay does its work. Since you have brought me up to my present prominence, will you desert me?

My case is in your hands for "I BELONG TO YOU."

Devotedly,

# FAIR WEEK EVENTS SECOND ANNUAL FAIR PASSES INTO HISTORY

## INTEREST AND EXHIBITS GREATER THAN EVER

Santa Anna's Second Annual Community Fair will pass into history Thursday evening, about the time this issue of the Santa Anna News goes on the press.

Considering the excessive rains during September, and the delay of harvesting crops during the yearly harvesting season, the Fair has exceeded the expectation of most people.

So many told us: "It was impossible for them to bring exhibits to the Fair this year, due to the delay of harvesting their crops, but since Santa Anna has decided to go ahead with the Fair, they would sacrifice the time and bring their exhibits."

The Fair opened officially Tuesday afternoon, with the parade, which was by far greater than any expected. An added attraction to the parade was the High School Band from our neighboring town of Bangs.

Under the direction of Tom Wallace, band director in the Daniel Baker College, Brownwood, the school band, composed of about thirty pieces, entered the city shortly after noon, and furnished band music for the occasion for several hours.

It was very kind of the school band from Bangs to come to our Fair on the first day and add their mite to the entertainment of the visitors, especially during the parade. (When the football team from Bangs comes to Santa Anna Friday night of this week to play the Dedication game on the new lighted field, we think it would be a courteous act, to let the visiting team win the game.) You will notice the above paragraph was written in parentheses.

The Fair did not really get under way until Wednesday, when the livestock was brought in. We might say hundreds, yes, thousands of Coleman County Bred Livestock were here to be shown and judged.

Santa Anna wishes to express thanks to the following communities and school districts for cooperation:  
Liberty, Buffalo, Shield, Rockwood, and Santa Anna H. D. Club. Several other booths were arranged.

**RODEO**  
**RODEO AND JUBILEE GOES OVER FINE**  
The Rodeo and Jubilee, sponsored by John Guthrie and Gene Hensley, put on in connection with the Fair, went over in a big way, so to speak. The management was successful in procuring a number of good riders and some splendid rodeo stock for the exhibition and entertainment.

At the first performance, Tuesday night, the show was handicapped by some of the stock not getting here on time, but the exhibition was a fair one for such a short time in which to make preparations. Extra to the riding, clown performances, trick and fancy roping, the following contests were made.

**Wild Cow Milking:** Ben Davis of Bangs winner, time 18 seconds. Runt Marberger, 2nd, time 22 seconds, W. R. McCormick, Bangs, 3rd, time 24 1-5 seconds.

**Ladies Flag Race:** Mrs. Travis Hays took first place, time 21 2-5 seconds. Miss Iva Giddings of Bangs, 2nd, time 22 2-5 seconds. The remainder of the first program was used in matched roping, bronc riding, steer riding and calf roping.

**Second Evening**  
Wednesday evening's show was a real exhibition for a small town rodeo. In the calf roping contest, Ted Powers of Coleman took first place, time 17 1-5 seconds. Eddy Smith of Paducah 2nd, time 22 3-5 seconds. Slim Whaley of Brookesmith, 3rd, time 24 seconds.

**Wild Cow Milking:** Roy Sewall of Brookesmith took first place, time 18 4-5 seconds. Charley Conway, Brownwood, 2nd place, time 25 1-5 seconds. Pete Taylor, Stacy, 3rd, time 28 3-5 seconds.

**Girls Flag Contest:** Mrs. Travis Hays, 1st, time 19 4-5 seconds. Iva Giddings, Bangs, 2nd, time 22 1-5 seconds.

**Matched Calf Roping Contest:** 3 calves each. Bud Spillway, Pecos, 1st, time for the 3 calves, 78 2-5 seconds. Pete Taylor, Stacy, 2nd, time 176 seconds.

**Second Match, four calves each, Ted Powers, Coleman, 1st. Time 82 1-5 seconds. Jack Sellers, Del Rio, 2nd, time 101 4-5 seconds.**

**Cutting Horse Contest:** W. C. Gay, Coleman, 1st, riding Gay Boy. Earl Sellers, Del Rio, riding Cow Boy, noted as one of the best roping horses in the United States. John Guthrie, riding Buck, generally known for his qualities in roping and cutting.

Jack Sellers of Del Rio recently won in a roping contest in Washington, over one of the best ropers in the United States and Canada. Jack and his brother Earl with their mounts performed in each of the exhibitions held here this week.

Harold O'Neill of Dallas, known among the Rodeo World as "Dakota Red," his former home being in South Dakota, with his educated mule and trained dog, played the Clown part, and did much to entertain and amuse the rodeo fans. O'Neill makes a good clown.

Toothie McCoy of Fort Stockton, trick and fancy roper, did several stunts with his rope. McCoy is the youngest roper known who can perform the skip trick. He is only 10 years old but sure can twirl that rope.

Mrs. Toots Brown gave the fans some thrills by riding broncs.

**Rodeo Entries**

## INTO THE SETTING SUN

The above is the title of the new book, just off the press, written by Mrs. R. C. Gay. The book is remarkable in more ways than one. It was written by a Santa Anna woman, dealing largely with events that happen in the vicinity of Santa Anna during the very earliest days of its inhabitants, much of it prior to the organization of the county, up to a period of about fifty years ago.

Mrs. Gay spent several years preparing copy for her history of the county, and it contains much history that one cannot purchase elsewhere. In a previous mention of the splendid book, we mentioned the price as being \$1.50, but since the full cost of the publishing and binding of the book has been summed up, the price was set at \$2.00 and it is worth the money.

This is the only 200 page book we know of, written by a local writer, about local happenings and printed and published in a local printing office. Mrs. Gay is proud of her book and the Santa Anna News takes particular pleasure in pointing to it with a finger of pride, as being the largest volume ever printed and published in the county. Every home should contain a copy of this valuable history.

**Heart O' Texas Press to Meet in Kerrville**

Apparently 250 newspaper men and women and their wives are expected to be in Kerrville October 16 and 17 for the fall meeting of the Heart of Texas Press Association.

Members of the South Texas regional press association have been extended a special invitation to attend the Kerrville convention.

Wendell Mayes of Brownwood, president of the Heart of Texas Press Association, has announced that the convention speakers will include William H. McGraw, Attorney General of Texas, and Lieut.-Gov. Walter F. Woodul.

Other addresses will be given by Rufus Higgs, publisher, Stephenville Empire-Tribune; H. H. Jackson, publisher, Coleman Democrat-Voice and president of the Texas Press Association; Marvin Hunter, publisher, Frontier Times, Bandera, and J. E. Grinstead, Kerrville novelist and former newspaper publisher.

A golf tournament and a football game between Schreiner Institute and St. Edward's University will be entertainment features on the program.

A community is not made by the number of square miles it covers, but by the number of square people who live in it.

It sure is a cruel thing for a judge to let women serve on a jury and then warn them not to talk.

To Advertise Texas
After Centennial

The Texas Press Educational
Bureau of the Texas Press As-
sociation is mailing out this
week an important questionnaire
concerning future "advertising
and selling" plans for "Texas
of Tomorrow" following the
close of Centennial year.

For some months the Texas
Press Educational Bureau has
been going into this matter
very thoroughly with the hope
that definite plans for an ex-
tensive publicity and advertis-
ing campaign throughout the
nation as a follow-up of the
great activity brought about by
the Texas Centennial Celebra-
tions during the year.

The purpose of the question-
naire being sent out is to get the
reaction and recommendations
from a cross section of Texas
in the matter. If the returns
are favorable, then the Bureau
will co-operate fully in a cam-
paign to secure the necessary
funds.

Just as soon as the question-
naires have been filled out and
returned, the Texas Press Edu-
cational Bureau will call a
meeting of its committee at
Austin to canvass the returns
and make future plans accord-
ing to the information and in-
spiration shown in the ques-
tionnaires.

The mailing list of the ques-
tionnaire includes every news-
paper and periodical and every
Chamber of Commerce in Texas
—including the Board of Direc-
tors of the three Regional
Chambers, all members of the
Texas Centennial executive
groups, all members of both
houses of the Legislature, all
state officials and many promi-
nent business and professional
executives of Texas.

Press Educational Bureau hav-
ing this work in charge consists
of:

sicana; Sam P. Harben, Sec-
retary, Dallas; H. H. Jackson,

Scarlet Fever
Serious Disease

AUSTIN, October 13.—Scarlet
fever is prevalent in many part-
of the State, according to re-
ports sent in to the State De-
partment of Health.

"The most effective means of
preventing the spread of scar-
let fever rests with the parents,"
Dr. John W. Brown, State
Health Officer, said. "In the
majority of cases the infective
agent which causes scarlet fever
is transmitted in the discharges
from the nose and throat."

"Contagion most usually oc-
curs by direct contact through
droplet infection or by handling
of contaminated objects, such
as toys or clothing infected by
the patient. No one should be
needlessly exposed to scarlet
fever. You can protect the oth-
ers in the family if you are
careful.

"Scarlet fever is one of the
most serious of children's dis-
eases because of the damage it so
often does to the heart, the kid-
neys, and the liver. If parents
could be taught to realize that
the after effect of most so-called
children's diseases often is
more serious than the original
illness, greater care would be
taken to protect children from
catching each others' diseases.

"Early signs of scarlet fever
are sore-throat, restlessness,
chills, and vomiting. The child
has fever and his skin is dry and
hot. These early signs are fol-
lowed in a day or two by a
rash. At the first sign of ill-
ness, put the child in a room
by himself and do not allow
others to come near him. Call
your family physician and follow
his instructions as to food,
clothing, and general care.

Woman, 118, Feels
Young People of
Day Die Too Fast

ALBUQUERQUE, N. M. (AP)—
One hundred and eighteen years
of life have left Mrs. Anastacia
Camargo sharp-eyed, sharp-
witted and erect—but regretful
that "young people nowadays
die fast."

"They don't seem now to have
so much life as we of the older
stock," lamented the ancient
Indian woman, who has seen
our flags fly over her Texas
home on the Rio Grande.

Prof. Arthur L. Campa, uni-
versity of New Mexico folklore
authority, told recently of his
visit with Mrs. Camargo. Thro-
ugh her memory, he sought to
enlarge the volume of fact and
legend concerning the early days
of Texas and Southern New
Mexico.

At 118—old records verify her
age—Mrs. Camargo is well and
active. Her hair is white, but
abundant. She can thread a
needle, sew and cook. Daily she
carries on such laborious house-
hold chores as washing and
wood-chopping.

In the hills nine miles from
El Paso, Texas, she lives in a
little adobe house with her
youngest son, himself more than
70. She calls him "Mi Hijo"—
my little boy.

Her eyes brighten with pleas-
ure when she recalls the gay
days when Spain, and then
Mexico, ruled her homeland.
She disapproves of modern mus-
ic and dancing as just "moan-
ing" and "hopping around."

Mrs. Camargo watched Texas
pass from Spain to Mexico. She
saw the birth of the short-lived
Lone Star republic and the later
days of territoriality and state-
hood. She has out-lived two
husbands.

Her formula for long life is
simple:
"Trabajo, mucho trabajo"—
work, and plenty of it.

Coleman County State Bank

The above is the name of a new banking institu-
tion in Coleman. It is new and yet it is not new.
To comply with the law it must make its bow
to the people of Coleman as a new institution,
but essentially it is an institution that has been
doing business in Coleman county for twenty-
one years as the First State Bank of Valera. Its
president, Mr. H. A. Byrom, was president of the
Valera bank for nine years. Mr. Theo Griffis,
its active vice-president, was cashier of the old
bank for twelve years. Mr. Steve Brown, its
assistant cashier, was assistant cashier there,
and Miss Dorothy Carroll, the bookkeeper, held
the same position over there. The only new face
that customers of the old institution will find
actively employed in the new will be Mr. C. W.
Woodruff, its cashier, who is also well known to
most of you.

We most cordially invite patrons of the First
State Bank to continue their accounts with us,
and we extend to every citizen of Coleman coun-
ty an invitation to come in and get acquainted.

The astonishing story of GULFPRIDE
THE WORLD'S FINEST MOTOR OIL
THE results you get from GULFPRIDE OIL can be
obtained from no other motor oil in the world!
For only GULFPRIDE is made from choice Pennsylv-
ania crude... refined to equal the best motor oils on
the market... and then further refined by Gulf's exclu-
sive Alchlor process.
This process was developed by Gulf after 15 years of
scientific research—the kind of painstaking research that
is behind every Gulf product.
Read the facts below. Then replace your summer-worn
oil with GULFPRIDE now. At all Gulf dealers.
(Left) BEATING THE BEST. No other pro-
cess refines oil so thoroughly as Gulf's
Alchlor process. When a blend of 6 of
the finest Pennsylvania motor oils—of-
ten highly refined—was put through
this process, 20% waste came out. Proof
that the Alchlor process makes GULF-
PRIDE finer than the finest other Penn-
sylvania oils.
A GULFPRIDE USER
drove from Bennington, Vt.
to Portland, Ore., averaging
400 miles a day. He did not
add a single drop of oil. An
unusual record, yes. But ex-
pect GULFPRIDE to take
you farther before you need
a quart than any other oil
you ever used.
EASTERN AIR LINES' Great Silver Fleet uses
GULFPRIDE only in every one of its 21 mighty
planes. No other oil will do, because no other oil
can match GULFPRIDE—the world's finest motor
oil—for safety, stamina, and low cost per mile!

## Texas Encampment Largest in Its History

The Texas Synod Encampment was held August 24-30 at Joe Wheeler Park, near Decatur, Texas. Approximately 275 persons were camped on the ground for the full week, with the total number of members, visitors, and guests, numbered in the hundreds.  
One of the outstanding features of this encampment was that perhaps two-thirds of the number were attending the Texas Encampment for the first time. Two school buses came full of young people a distance of more than three hundred miles, one from our extreme western churches in Texas making up its load at Lubbock, the other bringing 28 young people from Louisiana Presbytery. Thus were brought together the Cumberland Presbyterian youth of Texas Synod separated by a distance of perhaps seven hundred miles.  
Six units of study were offered, with instructors as follows: Principles of Leadership, Rev. M. F. Allen; Cumberland Presbyterian Doctrine, Rev. E. K. Reagin; The Bible and Missions, Rev. W. H. Cheatham; Society Organization and Administration, Rev. Clark Williamson; Denominational Program, Rev. H. M. Miller; Life and Letters of Paul, Rev. Hinkley Smartt. A total of 173 credits were issued in these six courses. So great was the demand for the course in Cumberland Presbyterian Doctrine that Brother Reagin taught two sections, making four hours of teaching each day. A total of 66 credits were issued in this subject.  
Rev. E. K. Reagin also served as director of worship for the young people and brought the message at the consecration service on Friday night, in which eight young people consecrated their lives to God. Several others consecrated themselves at the inspirational hour on Sunday afternoon. Rev. H. Hunter conducted the devotional services for the adults under the tabernacle each morning and evening. Rev. T. C. Stockton served as director of music, and Rev. Hinkley Smartt as director of recreation. There was a goodly number of juniors and intermediates who were under the care of Miss Lois Hornbeak and Mrs. C. L. Christian respectively. Merit pins were awarded to these children on Sunday morning for the work done in their respective classes during the week.

awarded by the Young People's Synodic Cabinet, went to the Dallas Presbyterian Young People's Society, while Louisiana and Amarillo trailed only a short distance behind in number of points won.

Miss Bertha Eleanor Bowmer, with the help of able assistants, called the Camp Bell, our camp, but paper, each morning. The Texas Encampment has experienced a substantial growth each year since it was established with the exception of one year when the encampment was postponed on account of failure to obtain needed equipment, which resulted in a slight decrease in the attendance that year. The influence of the encampment is being felt in every part of the synod, and many who have consecrated themselves for service here are going out and rendering a greater service in their home churches and communities, and some as ministers and missionaries. Cumberland Crusader, Oct. 1936

Mattie Elizabeth Watts was born in Marengo County, Alabama, on October 14, 1841. Her parents were Mr. and Mrs. R. M. Watts, who moved with their family to Palestine, Texas in 1850, where Mattie Elizabeth grew to womanhood and attended school. One of her playmates was Orinda Parker, sister to Cynthia Ann Parker.
She was married May 21, 1860 to Lemuel Chambers of Weatherford, in the court house, among a setting of guns, as they feared Indian raids. In her home there was a trap door which was lifted in order that they could escape the Indians by way of a tunnel. She was frightened but never really harmed.

In the home, all furniture is over fifty years old. Some of the antiques are her clock that was brought from Alabama in 1850; a family Bible printed in 1834 that belonged to her father-in-law; a piano, shipped direct from New York City, down the Atlantic Ocean; a set of books published in 1777, which contains articles written from 1710 to 1736; a cotton map of Texas in 1860; Clark's Commentaries on the Bible, printed in 1818, and many fine old dresses worn when she was a young woman.
