Santa Anna Takes First Game of Season Over Mozelle

Santa Anna took the first game of the season last Friday afternoon over the Mozelle team on the home grid. The score 13-0.

Both teams showed the lack of practice, however, the Mountaineers revealed some advantage of the visiting team. The Mozelle team is a husky bunch, and as soon as they have time to practice up, they will be a hard team to compete with. The Mozelle team appears to be a bunch of fairly good sports, however some of the Mozelle fans apparently were hard losers.

The Mountaineers showed up well for a new team with but little practice, and if they continue to do their stuff without weakening, they stand a fair chance to make a good showing throughout the season.

Santa Anna showed her interest in her football team by turning out to see the game. By the time we play the next game our lighted field will be in order and the games for the remainder of the season will be played at night. This will be a great deal better than playing in the afternoon.

The next game will be Friday, October 2, (today) with the team from DeLeon. This is a new team in this part of the country, being transferred to this district by changes made in the district memberships recently. Let's show those Comanches what a nice town Santa Anna is, and what a football team we can produce here by the side of the famous old Santa Anna Mountain, and dub them Mountaineers.

Final Plans Made For Achievement Day

The Santa Anna Home Demonstration Club met last Friday to quilt and to make final plans for Achievement Day which will be Tuesday, October 6, from 2 to 5 p. m. The following committees were appointed:

Publicity Mrs. W. A. Standley, Mrs. E. C. West, and Mrs. S. K. Moredock; Arrangements, Mrs. L. V. Stockard, Mrs. R. L. Todd, and Mrs. Ford Barnes; Posters, (yard and bedroom) Mrs. Mace Blanton and Miss Mable Belvin; Refreshments, Mrs. J. F. Williams, Mrs. John Lowe, and Mrs. W. E. Vanderford.

Reception will be at the club room just north of the bank building from 2 to 5 p. m.

The main exhibit for the afternoon will be Mrs. Carl Ashmore's yard. Mrs. Ashmore is the yard demonstrator, and cars will be furnished to take visitors to her home.

The public is very cordially invited to come see the accomplishments made by the Santa Anna Home Demonstration Club this year.

GARDEN CLUB TO HAVE SOCIAL MEETING FRIDAY

The Santa Anna Garden Club is to enjoy a social meeting at the home of Mrs. W. H. Thate at 3:30 Friday afternoon, October 2. Each member is requested to be present and bring a friend.

The News regretted to receive the message Wednesday that Ed Chambers, brother to Miss Louella Chambers, was critically ill in a San Antonio hospital. We hope his condition will soon be improved.

Rev. Hubert Crain spent Thursday and Friday in Waco visiting his parents, Mr. and Mrs. W. N. Crain.

Roosevelt Repudiates Communist Support and Flays Republican Lead

SYRACUSE, Sept. 29. (AP)—President Roosevelt opened his campaign for another New Deal victory at the November election with a repudiation tonight of Communist support and an assault on present and past Republican leaderships.

Voicing confidence in the result of the campaign, Mr. Roosevelt told delegates to the New York State Democratic Convention packed into every corner of the National Guard Armory that the Republican leadership would "never comprehend the need for a program of social justice and of regard for the well-being of the masses of our people."

A yelling, whistling throng greeted the President as he stepped onto the platform and chatted with Mrs. Roosevelt.

Roar Sweeps Auditorium
A great roar swept the auditorium as Governor Lehman mounted the rostrum and introduced the President as the man "who turned despair into hope and conquered and who restored prosperity to our country—a great American."

Communism the President described as a "false issue." He pointed to his record which he said showed a "clear and consistent adherence," not only to the letter but to the spirit of the American form of government.

Referring to the Republican command, he spoke of "these evaders" and said that "undercover" leadership is the same as that of four years ago.

"The same lack of purpose of fulfillment lies behind the promises of today," he said.

"You And I Join Forces"
"You cannot be an old guard Republican in the East and a New Deal Republican in the West. You cannot promise to repeal taxes before an audience and promise to spend more of the taxpayers' money before another audience."

"You cannot promise tax relief for those who can afford to pay, and, at the same time promise more of the taxpayers' money for those who are in need. You simply cannot make good on both promises at the same time."

The initial sentence of his prepared speech brought applause from the crowd crammed into the farthest reaches of the chamber. He said:

"Tonight you and I join forces for the 1936 campaign."
"Never was there greater need for fidelity to the underlying conception of Americanism than there is today. And once again it is given to our party to carry the message of that Americanism to the people."

"Bury That Red Herring"
Swinging over them to the question of Communism, the President exclaimed:
"Here and now, once and for all, let us bury that red herring, and destroy that false issue."

"You are familiar with my background, you know my heritage, and you are familiar, especially in the State of New York, with my public service extending back over a quarter of a century."

"In that record, both in this state and in the national capital, you will find a simple, clear, consistent adherence, not only to the letter but to the spirit of the American form of government."

"To that record, my future and the future of my administration will conform. I have not sought, I do not seek, I repudiate the support of any advocate of Communism or of any other alienism which would by fair means or foul change our democracy."

Against Job Being Done
Diverting later on to another issue that has been raised in

the campaign—social legislation—Mr. Roosevelt said the Republican leadership "is not against the way we have done the job. The Republican leadership is against the job being done."

Then he questioned who in America would risk turning the government back to a leadership "which brought it to the brink of 1933."

"The most serious threat to our institutions," he added, comes from those who refuse to face the need for change. Liberalism becomes the protection for the far-sighted conservative.

"Never has a nation made greater strides in the safe guarding of democracy than we have made during the past three years. Wise and prudent men—intelligent conservatives—have long known that in a changing world worthy institutions can be conserved only by adjusting them to the changing time."

"In the words of the great essayist—'The voice of the great events is proclaiming to us reform if you would preserve.'"
"I am that kind of a conservative because I am that kind of a liberal."

To Return Gov. Lehman
Taking up state considerations midway in his address, Mr. Roosevelt mentioned Governor Lehman and said that "the overwhelming majority of our citizens, regardless of party, propose to return him and his administration to Albany for another two years."

Continuing to compare Democratic and Republican administrations in both state and national governments, the President asked his listeners to look to the source of the promises of the past.

He added:
"Governor Lehman knows and I know how little legislation in the interests of the average citizen would be on the statute books of the State of New York, and of the federal government, if we had waited for Republican leaders to pass it."

To party leaders assembled from over the state, the President stated at the outset that the task of Democrats is twofold:
"Separate the false from the real issues," and, with facts and without rancor, "to clarify the real problems for the American people."

Campaign Like Others
In respect to false issues, he said, the campaign is no different from any other, because partisans "unwilling to face realities will drag out red herrings to divert attention from the trail of their own weaknesses."

After recalling that a "malicious opposition" claimed Geo. Washington planned to make himself a king, that they called Abraham Lincoln a Roman emperor and Woodrow Wilson a self-constituted Messiah, Mr. Roosevelt went on:

"In this campaign another herring turns up. It has been British and French—and a variety of other things. This year it is Russian."

"Desperate in mood, angry at failure, cunning in purpose, individuals and groups are seeking to make Communism an issue in an election where Communism is not a controversy between the two major parties."

Calling Communism a manifestation of the social unrest which always comes with widespread economic maladjustment, he asserted that "conditions congenial to Communism were being bred and fostered throughout the nation up to the very day of March 4, 1933. The previous administration bewildered, did nothing."

"In their speeches they deplored it, but by their actions they encouraged it. The injustices, the inequalities, the downright suffering out of which revolutions come—what did they

Estimates Are Made From County Planning Surveys

College Station, Sept. 30.—Farm men and women of Texas from 104 counties who turned in program planning surveys instituted by the Extension Service, estimate that if farm practices were adjusted to maintain soil fertility and control erosion that the farm population in the State should not in their judgment increase more than 115,000.

George E. Adams, assistant state agent of the Extension Service and chairman of the committee on program planning, pointed out that these figures are taken from estimates made entirely by those living in the country as farmers and farm homemakers.

Other things brought out in the survey, which has been sent to Washington for compilation with figures from other states in a national report, was that the farm men and women of Texas estimate that there should be a decrease in crop land, especially in cotton and wheat, and a corresponding increase in pastures and grain for feed.

They also estimate that there should be an increase of at least 550,000 head of cattle and 320,000 hogs on Texas farms, partially, at least, for home use. These committees also found that more gardens and orchards were needed to supply vegetables and fruits for home use in Texas.

This county planning activity will go ahead in Texas this year under the supervision of an Extension Service committee consisting of George E. Adams, assistant state agent, Miss Mildred Horton, vice director and state home demonstration agent, Miss Lola Blair, specialist in foods and nutrition, R. W. Snyder, supervisor of specialists' work, S. A. McMillan, economist in farm management and W. E. Morgan, economist.

America Was Unprepared
"Lacking courage, they evaded. Being selfish, they neglected. Being short-sighted, they ignored."

"When the crisis came—as these wrongs made it sure to come—America was unprepared."

Again striking out at present day Republican leadership, the chief executive said that actualities and "undercover" it was the same as four years ago.

"That leadership," he said, "will never comprehend the need for a program of social justice and of regard for the well-being of the masses of our people."

"It has been said, the President added, "that the most dreadful failure of which any form of government can be guilty is simply to lose touch with reality and that every empire that has crushed has done so primarily because its rulers were unaware what was going on in the world and were incapable of learning."

"It is for that reason," he asserted, "that our American form of government will continue to be safest in Democratic hands."

Points To Record
The answer to the question of why the crisis of 1929 to 1932 passed without disaster is found, Mr. Roosevelt said, "in the record of what we did."

While tracing state political history and the record of state social legislation, the President mentioned Alfred E. Smith and United States Senator "Bob" Wagner, who served with him in the legislature back in 1911.

"We were all joined in a common cause," he said. "We did not look on government as something apart from the people. We thought of it as something to be used by the people for their own good."

"New factory legislation setting up decent standards of safety and sanitation; limitation of the working hours of women in industry; a workmen's compensation law; a one-day rest in seven laws; a full train crew law; a direct primary law—these laws and many more were passed which were then called radical and alien to our form of government."

Would you or any other Americans call them radical and alien today?"

Special Fair Edition Next Week

The News plans to publish a Special Fair Edition next week, advertising our three days Free Fall Fair October 13, 14 and 15th.

We purpose to print our special edition in tabloid style, a convenient size to place in folder and preserve in your library for keeps.

We would like to have every business firm in Santa Anna represented in our special edition, and any firm wishing to do so, if they will carry an advertisement of sufficient size, and furnish us with copy, we will publish a history of the firm in connection with the advertisement.

This will give a special opportunity for Santa Anna to get a class of advertising that is different from the usual run, and should have a significant value. All historical copy must be in our hands this week, in order to give us time to prepare the copy for print.

If we can procure sufficient help, we plan to call upon every firm in town and solicit them to place an advertisement of some kind in our Special Fair Edition. This is your Fair, and we want you to feel free to use as much space in our special advertising edition as you feel will be profitable to you and your business to use.

Several hundred extra copies will be published and distributed, and extra copies will be furnished advertising customers in proportion to the amount of advertising carried, if you will request for same at the time you place your copy with us.

Let's bury whatever little differences we might harbor against our fellow townsmen, and all work together for the betterment and enlargement of our town and community. There is nothing too big but what it can be removed if the proper will power is used.

We will begin work on our Special Edition as soon as this weeks paper is printed, and continue until our special is published, but we must have copy early in order to get our special out on time.

Our Chance For Peace

You have always hated war and hoped to avoid another conflict and at last you will have a chance to take a step toward ending war on earth. It has long been known that the common people, the tax payers, the citizens and backbone of every nation, have realized, if free from propaganda, that war causes untold misery and hardship and gains nothing real or tangible, and at last the ordinary citizens of the world are organizing to make their opinions known and felt.

In November of this year all the nations of the world will be invited to meet at Buenos Aires in the effort to devise and put into effect some plan for ending war on earth. The Nations of the New World are at peace, and are setting an example to their brethren in Europe, Asia and Africa of cool-headed arbitration and peaceful, unselfish co-operation. The long unguarded frontiers of North and South America are the beacon-hope of the world. National differences will not be brought under discussion at the Buenos Aires meeting, but an altogether new approach to the question of World Peace will be used in the fact that the people of the different countries have been and are being reached beforehand to secure their opinions in the matter. The Peoples Mandate to End Wars was started by a group of earnest men and women of the United States who felt that the question of warfare should be submitted to the ones who must pay the cost of war and bear and rear the young men to be butchered in the holocaust—the plain men and women like you and you who speak various languages and live under differing conditions but at heart are in sympathy.

Other peace-loving countries joined in the movement, sponsored as it was by men and women of purest reputation and highest integrity, until it is hoped to obtain fifty million signatures to the brief and earnest covenant to which every patriot of every state in the world should willingly consent.

Margaret Culling Banning, Carrie Chapman Catt, Mary E. Woolley, Mrs. Percy V. Pennybacker, Bishop William T. Capers of San Antonio, the presidents of scores of colleges and universities, Rabbis, Ministers of our churches, but own Governor Alfred and millions of those whose sincerity one cannot doubt are now allied with this great cause of harmony.

Mrs. H. V. Shank of Fort Worth has been appointed State Chairman of the Peoples Mandate to End Wars and is organizing the work in the hope of far exceeding the small quota of 45,000 which the leaders of the movement asked from Texas. The Santa Anna people were asked for fifty signatures, wrote Mrs. Shank to Mrs. C. D. Bruce, chairman for Santa Anna, and Mrs. A. L. Oder, Mrs.

BROTHER OF SANTA ANNA MAN DIES AT ODESSA

Ira Upton, 37, of Coahoma, brother of one of our fellow townsmen, Tom H. Upton, died suddenly Thursday, September 24, in Odessa where he was employed in nearby oil fields. Mr. Upton had complained of feeling ill just a few minutes before he dropped dead. He was preceded in death by his wife, who passed away April 9 of this year. He is survived by two sons, William and Jills of Cross Plains, who are enrolled in high school there; three brothers, T. H. Upton of Santa Anna, Floyd Upton of Rising Star, Austin Upton, serving in the United States Navy; two sisters, Mrs. J. T. Taylor of Cross Plains, Mrs. Ralph Bowman of Hamlin, and his mother, Mrs. J. B. Upton of Cross Plains.

Funeral services were held Friday afternoon in Cross Plains and interment was made in the Cross Plains Cemetery.

Mr. and Mrs. T. H. Upton, Newman and Tommie Upton, Mr. and Mrs. Claude Miller and children, and Mrs. Neal Oakes, all of Santa Anna, attended the funeral.

Roy D. Golston visited here Monday while enroute to his home in Tyler from his summer home in Colorado.

Mr. and Mrs. W. H. Thate spent the weekend in Dallas attending the Texas Centennial celebrations.

W. R. Kelley and Mrs. Harvy Blue are also serving to put these data before the people.

A chance for you to help in this question of universal extent is offered you in the next ten days. The blanks for your signatures will be at the Santa Anna News office until October 9 and it is to be hoped that the forward thinking citizens of this community, remembering the horrors of the past war and the paralyzing inflation and depression which were its aftermath, will take the trouble to express themselves in this cause.

Lindbergh, the thoughtful and careful-speaking young ambassador-at-large without portfolio, says that he shrinks from contemplating just what Europe is approaching with her growing animosities and her frenzied race for armaments. He says another war would result in chaos since the perfection of aircraft has abolished barriers and defenses. Walter Lippman, shrewd and apprehensive, says that the next war will be a long-drawn guerrilla series against women and children, cities and villages, unthinkable in its atrocities and prostrating every nation participating in it.

Do not let this fall, small though your part in it may seem. The grains of wheat are small and yet they fill the granaries and feed the hungry of all the world. Go into the News office sometime before or on October 9 and add your name to the Peoples Mandate to End Wars.

—Mrs. C. D. Bruce

Heavy Rains Cause Floods In Many Sections Of State

It was most unbelievable last week when reports began to come in from San Angelo and other sections in central Texas that a second extreme rise in the Conchos, the three of which intersect near San Angelo, was brewing and fear was held that the second rise would exceed the one nine days previous, which was the record rise of all time, insofar as any records show.

According to reports the north Concho was higher than the previous week, but the other streams feeding into the Conchos were not as high as before, and the water lacked some of reaching the crest of the one last week.

Heavy rains in the vicinity of Bronco, Robert Lee, Colorado City and other places on the Colorado river, brought down another overflow in the lowlands of the Colorado, but the crest of the flood was some 10 feet lower than the high mark of the week before. The damage from the second flood condition was much smaller than the first one, due, largely to the vast damage done during the flood of the week before. However, considerable damage was wrought by the second flood.

The Rio Grande, the Brazos, the Lampasas, Little River, Red River and the Leon were all reported at flood stage Sunday and Monday. Waco reported 2,500 families homeless and several hundred thousands of dollars damage, and Lampasas reported the highest flood water in 60 years. Several other Texas rivers were reported at flood stage, and the damages are beyond our capacity to estimate, but it runs into the millions of dollars. Brownwood reported the highest water since the large lake eight miles northwest of the city was built eight years ago, and several families in the lowlands were moving out for safety.

The American Red Cross, with the hearty support of local chapters over the territory, has been on the job and are offering aid to distressed families, and local relief stations have been set up in many of the distressed communities. Very few lives have been lost, compared to the excessive flooded conditions.

In Coleman county and the surrounding counties, little damages have been suffered except on the Colorado river and other streams flooded from heavy rains in other places. Several inches of rain have fallen, but the benefit to the country will more than offset the damage except in the overflow lands. The rains here Saturday and Sunday were heavy and several small streams were bank full, but we have not been advised if any overflowed to much extent. Home Creek was full to overflowing, in places, but we have no report of the damage done along that stream.

Mr. and Mrs. Andrew Schreiber and Mrs. T. R. Sealy were Abilene visitors Sunday.

STUCK AGAIN, BY HECK

Did you ever get to the place where it seems as if everything that happens, happens at the wrong time if its something good, and the worst happens at the most unexpected time when you are the least prepared for it? It seems such has been our fate several times this year.

In our mail one day last week we received a communication from our good friend, Arthur

LeFevre, editor of the Texas Star at Houston, who is assistant president of the Texas Editorial Association, inviting us to lay aside the cares of the office and forget all unpleasant things for a few days, meet the bunch out at Fort Davis October 22, 23 and 24, for three big days, the guest of the Chambers of Commerce at Fort Davis, Marfa and Presidio, for three full days and nights of fun and recreation, during the annual session of the Texas Editorial Association. We'd go if we had to steal a ride, if we just had the duds to wear, but out in the Davis Mountains at this season of the year, we fear our limited wearing apparel would cause us to take our death of cold, and instead of tax paying this winter it would be funeral expenses for the family. That's not all, on the next mail came a letter from Sam P. Harbun, secretary of the Texas Press Association, calling our attention to the fact that the Texas Centennial Association in Dallas has invited the Texas editors and families to be their guests Wednesday, October 7, to dine, see the sights of the Centennial, dance in the palm room of the great hotel, and in every way to enjoy what Dallas and the Centennial had to offer for a day and night as their guest. Doggone it; this editor and all the force will be in work up to our eyes all next week, getting out our special fair edition, and helping to advertise our annual Free Fall Fair fete the following week.

Well, there's nothing we can do about it. We've got to stay on the job until our paper is published and mailed, and by that time the fun will be over. We've heard people say that when it rained pancakes their plate was always bottom-side up, but we were inclined to think they were just hard losers, but now we are about to change our mind - it happens to us too, sometimes.

School News - JUNIOR PINS SELECTED Now that the selection of the junior pins has been made, everyone is looking forward to their arrival. The order was sent off last week and they are expected back very soon. The choosing of the senior rings was put off until next spring when new patterns will be put out.

GIRLS PHYSICAL EDUCATION STARTED The girls physical education has started under the supervision of the new physical education director, Miss Kathryn Rose Pinney. It is being carried out by a new system and seems to be a very satisfactory one.

WE WONDER WHY It rains so much. The world history class is so quite. Teachers still believe in "pop" tests. Ruth Vanderford would like to go to Vernet, Texas. Alice Jane Lovelady doesn't yell just a little bit louder. The seniors are so happy. Charlie Henderson likes to walk to town after school. Gwendolyn Hodges is so quiet.

the contour pays, according to B. A. Zorns, assistant county agricultural agent.

MARLIN: The problem of a surplus of small peaches was solved by Mrs. Alfred Russell, home demonstration club member...

After her home orchard had supplied her family and four others with all the fruit needed, Mrs. Russell took the smaller fruit, split the peaches in half and placed them face upward to dry.

FORT WORTH: From an old cow shed, Violet Selman, wardrobe demonstrator for the Rendon 4-H club in Tarrant county, found the material to make a clothes closet for her bedroom.

Since the boards were quite rough and ugly, Violet papered the closet inside and out. She took some iron rods to the blacksmith shop and had them cut the length of the closet.

Baptist W. M. S. Sponsors Shower Monday afternoon the Baptist Women's Missionary Society sponsored a shower for little Gertrude LaNelle and Tommy Dunham...

After the business meeting, the many useful gifts were presented to Mrs. Dunham, then the two children were introduced to the group of ladies.

Those present for the occasion were Mesdames J. E. Bartlett, Carl Ashmore, T. J. Lancaster, Jack Pruitt, R. D. Conley, E. K. Bland, Jeff Ferris, Harvey Haynes, Charles Hale, J. L. Boggus, W. J. Hosch, J. R. Lock, C. B. Aldridge, Marion Bishop, D. R. Hill, R. E. Dunham, H. L. Lackey, Dennis Kelley, Melvin Lamb, and Joe Haynes.

Rev. Ollie Cantwell of Blanket will be here Sunday to hold services at the Church of Christ. Morning services will begin at 10:30. Members are urged to attend and the public is cordially invited to the services.

Fort Worth, Sept. 29.—Opportunity to see "Jumbo," Billy Rose's spectacular musical circus, ended Saturday night as officials of the Fort Worth Frontier Centennial carried out the policy of rotating major attractions by installing Rose's International Circus in "Jumbo's" stead.

Wheeler county 4-H club livestock judging team won the finals in the statewide 4-H club livestock judging contest on the second day which entitles them to represent Texas in the national 4-H club livestock judging contest held in connection with the 4-H Club Congress during the International Livestock Show at Chicago in November.

Prepares Shrub and Rose Beds for Winter

Getting the shrub and rose beds in good condition in the fall is a very important step towards keeping shrubs in good condition during the winter months and helping them put on healthy growth in the spring.

The beds should be cleared of all other growth such as vines, annuals, and perennials, as these often give protection to insects and harbor disease.

After the beds have been cleared, all broken or dead branches should be cut out of the shrubs, but this does not mean however that shrubs and roses are to be pruned back.

Now is also a good time to add good soil to shrub beds to give added protection and plant food to the roots of the plants during the winter.

The Methodist Women's Missionary Society met Monday afternoon in a social meeting at the home of Mrs. M. A. Edwards.

The devotional was given by Mrs. O. A. Etheredge, followed by a story taken from the World Outlook. A short talk on "People's Institution" was given by Mrs. W. B. Griffin and Mrs. H. Blue.

Delicious refreshments of coffee and pineapple ice cake were served to the following Mesdames T. R. Sealy, Leman Brown, H. W. Kingsbery, O. A. Etheredge, T. M. Hays, Jr., Hardy Blue, Arch Hunter, W. E. Fisher, Rex Golston, L. G. Kimbrough, W. B. Griffin and the hostess, Mrs. M. A. Edwards.

Monday afternoon of this week the Women's Missionary Society of the First Presbyterian Church met at the home of Mrs. W. R. Kelley. The devotional was led by Mrs. F. C. Woodward, and was followed by a very interesting program on mission work in China.

At a previous meeting the Society made three comforts, which, with a box of clothing, were sent to the Mexican Mission, under the leadership of Rev. and Mrs. Padellia in doing a great work among the Spanish-speaking people there.

Wheeler and Ft. Bend County 4-H Boys Win Contests College Station, Sept. 22.—Wheeler and Ft. Bend county 4-H club livestock judging teams recently won the right to represent Texas at two national shows during the finals of a two day judging contest conducted by the Texas Extension Service at A and M College.

The Ft. Bend county 4-H club dairy cattle judging team won first place from among five teams entered in the 4-H dairy cattle judging contest and will represent the State in the National Dairy Cattle Judging Contest at the Texas Centennial in Dallas on October 12.

Wheeler county 4-H club livestock judging team won the finals in the statewide 4-H club livestock judging contest on the second day which entitles them to represent Texas in the national 4-H club livestock judging contest held in connection with the 4-H Club Congress during the International Livestock Show at Chicago in November.

Fort Worth, Sept. 30.—Forty-seven States are represented on the register in the West Texas Chamber of Commerce building at the Fort Worth Frontier Centennial. Only New Hampshire is unrepresented.

Foreign countries represented include India, British Malaya, New Zealand, New South Wales, Persia, England, Germany, Mexico, France, China, Federated Malay States and Finland.

Protects Lawn For Next Year's Growth

"It is now time to start fall work in my yard and I am planning to clean my shrub and rose beds, add some new soil and fertilizer to my lawn, and lay a flag stone walk," said Mrs. Carl Ashmore, yard demonstrator of the Santa Anna, H. D. C.

"My lawn has been so smooth and green all summer that I want it to continue to be the same next year. So I am planning to put a layer of good soil mixed with fertilizer several inches deep over my lawn to protect the grass roots this winter and supply plant food for the growth next spring," stated Mrs. Ashmore.

Mrs. Ashmore is also planning to lay a flag stone walk from the front steps to the front gate. This walk will be about three feet wide and be made of large flat native rock, set flush with the lawn.

It was recalled that farmers had been hauling water from the city mains, but water was running in ditches and draws to put out stock water generally.

Santa Anna uses its mountain for a water tower. The water is pumped from a lake on a creek northeast of town to a reservoir on top of the mountain, 300 feet above the streets.

Larger mains installed by the city have lowered the insurance key rate and prepared the way for increased water supply.

Mr. Wallace, in the gin business at Santa Anna, estimates that, with the increase in acreage over last year, Coleman county may produce as high as 25,000 bales of cotton this fall.

R. L. Newman, farmer near Santa Anna about all his life, had three bales of strict middling cotton for sale, and said that despite drought and boll weevil, his cotton would yield a quarter of a bale to the acre.

A. D. Pettit, teacher of vocational agriculture in the Santa Anna High School had another job offered him, but the Santa Anna Board of Education met recently, raised his salary, and told him to make himself at home. The vocational agriculture work was under way before the opening of school.

Monday night, September 28, the old members of the F. F. A. Chapter of Santa Anna High School held a meeting at the Vocational Agriculture Department for the purpose of electing officers for the following year.

J. W. Davis, president; Dolphus Ashmore, vice president; Oscar Hill, secretary; Rodney Dean, treasurer; Burton Gregg, reporter; S. A. Stapleton, Farm Watch Dog; Harold Howard, Historian; Willard Wilson, parliamentarian.

The song leader has not been selected yet. After the meeting adjourned the boys went to the State Ranger Park for a werner roast, which was attended by about 30 new and old members.

THE MAN WITH THE HOE

(Editors Note: The following article was written by Ulmer Bird, special correspondent for the San Angelo Standard Times, and was printed in the Sunday edition of the Times).

With rain four, five or more inches of it coming down gently on the country around Santa Anna Mountain farmers on the sidewalks in places sheltered from the rain said that the cotton had probably not been injured much, that too many boll weevils were crawling over the stalks, bolls, ground and cotton sacks to permit any top-crop maturing, but that "boy, oil boy" it would be fine for winter sowing, and for the sheep pastures.

H. C. Duggan, a sheep man, leaning against a wall, talking to neighbors and watching the rain.

Twice the city of Santa Anna has dammed the creek beyond the mountain, and if present plans go through, a third dam will be built below the lower dam a few hundred yards, where another tributary of the creek will be caught, thus increasing the water shed.

The lake now used was perilously low, having had considerable silt deposited in its bed. The new project is one of the series under the Central Colorado River Authority set-up. Machinery from the Gouldsbusk dam now under construction will be used on the Santa Anna project.

The Rogues' Gallery

One Author in California Employs a Secretary and the Secretary Drives His Own Automobile, a Late Style, While the Author Rides Around Town on a Bicycle. That Seems Wrong, to Me.

SHOULD A SECRETARY BE DECORATIVE?

I HAVE always admired private secretaries and there are several good reasons why I haven't one myself, but the main reason is that my wife is opposed to it.

The understanding and thoughtful translating secretary is the sort any business man is glad to have around. She knows him down to the ground. She comprehends that his bark is worse than his bite.

I know exactly the kind of secretary I would like to have, if permitted. She would be definitely young and energetic, as an old secretary is the same as an old razor blade or an old orchid.

I have sometimes thought of hiring a gentleman secretary, but have always abandoned the impulse, for I am supposed to be a writer and not a solid business man with an office on the tenth floor, pearl buttons and steel filing cabinets full of detailed statistics showing how everything has gone to h—l in the last six years.

Assume for the moment that I did hire a competent male secretary and paid him \$50 a week, a reasonable wage for a good one. What then? Well, there would be week after week when my hired hand would be drawing down more money than the head of the firm, and I never could tolerate that.

The busy executive, of course, must have a capable assistant, and I would say, offhand, that the feminine secretary is to be preferred.

It seems to me that the ideal secretary for the man of affairs or ordinary business leader is the tall, lean, angular and slightly scrawny female, wearing eyeglasses and a bit of dark cord descending to her chest.

J. J. Gregg, publisher of the Santa Anna News, is deeply interested in his newly-acquired farm, which joins the upper reaches of Lake Brownwood, near where the Jim Ned joins the lake.

When he leaves the editor's desk he divides his time between farming and fishing.

Owner of a paper that was established in 1886, fifty years ago, Mr. Gregg has reared his family in the business, and now a daughter, Miss Frances Gregg, is society editor, another daughter, Mrs. Eris Jones, is linotype operator, and until last week, a son, Jack, was floor man and shop foreman.

best of all, never asks for a raise in salary. If the boss is a married man he is very often unaware of the hidden adoration, although his wife usually has her suspicions.

WELCOME, NEW STUDENTS!

This year in school there are a number of new students. To this group Santa Anna High School extends a hearty welcome. The students hope you will like the school as well as the one you left behind. They expect you to get some of the very necessary element—School Spirit. Of course they realize it is hard to let a new spirit take that place of the old. But they sincerely hope you will soon fall in and pull right with them for old SAHS.

SANTA ANNA VS. DELEON

On October 2 the Santa Anna Mountaineers will meet the De Leon Bearcats on Santa Anna's newly lighted field. This will be the first game played under the new lights. As all students are proud of the lights, and their Mountaineers, too, they have great expectations for the results of the game. The boys will need your backing, so, everybody come! Bring your family!

Freshman Class Elects Officers

The freshman class met September 14 and elected the following officers: president, Walter Verner; vice president, Shirley Davis; secretary, Shag Garrett; treasurer, Margaret Mobley; reporter, Bill Williamson; chairman of finance committee, Dorothy Ross. Miss Mattie Ella McCreary, who was sponsor of the class in the fourth and fifth grades, is freshman sponsor.

There are forty-nine students enrolled in the freshman class. Nineteen of these students are new members. Let us all work together and make our class one of the best.

SANTA ANNA-MOZELLE FOOTBALL GAME

The first game of the season proved to be a successful one for Santa Anna. During the first quarter neither side was successful in gaining a goal. The second quarter ended with neither side scoring. Thomas Wristen, energetic half-back of the Mountaineers, succeeded in plunging through the Mustang line to gain six points for Santa Anna. Dolphus Ashmore, the worthy captain and full-back, secured another point when he made the goal. In the fourth quarter Dolphus gained six more points for Santa Anna. He failed to make the extra point. The game ended in the rain with a score of 13-0. Beat DeLeon!

FIRST PEP RALLY OF THE SEASON HELD

Last Thursday evening, September 24, a jolly group of students gathered at the school building for the first pep rally. Pep talks were given by the students. The first pep rally of the season seemed to be enjoyed by many. Attend the pep rallies! Support the Mountaineers! Beat DeLeon!

HIGH SCHOOL BAND BEING ORGANIZED

There are already about eighteen regular members in the High School Band. Mr. King of Coleman was here Thursday and talked to many prospective members. The band hopes to soon have a larger band to play for athletic evens.

WELCOME—NEW FACULTY MEMBERS!

The Scribblers Club wants to take this opportunity to welcome into the school the new teachers, Miss Pinney, Mr. Mathews and Mr. Pettit. They are glad to have you with them.

AGRICULTURE II NEWS

Last Wednesday, Sept. 23, the Agriculture II boys met and elected class officers. The following were elected: President, Dolphus Ashmore; vice president, Charles Mark Hensley; secretary, James Everett; treasurer, Darlin Brewer; reporter, Hobby Stephenson; farm watchdog, Willard Wilson; parliamentarian, Quinten Hudler.

The FFA chapter held a reception Monday night for the Green Hands at the Roadside park.

Last Wednesday a committee was appointed to have a program in class each Wednesday. Chairmen are Willard Wilson, Bill Early, Burton Gregg, and Darlin Brewer. After the committees were selected the chairmen drew from a hat to see which committee had the program first, etc.

Also, several of the boys have started their supervised practice. Willard Wilson and Buddy Lovelady started theirs by spraying the hedge around the Sealy Hospital with one percent solution of Iron Sulphate. They are now awaiting the results and we hope they are successful.

SENIORS RECEIVE RINGS

Everyone wondered why the seniors were so happy and why they talked among themselves so much last Thursday, but it did not take them long to find out. They were to receive their rings that afternoon. This is the earliest the seniors have ever received them.

Each boy who bought a ring received a belt buckle with it and the girls were given school day books.

SCRIBBLERS ORGANIZE

The Scribblers met Thursday at club period for the purpose of electing officers and organizing. The house was called to order by the 1935-36 secretary, Anita Kirkpatrick. The following officers were elected: President, Doris Rollins; vice president, Carlene Ashmore; secretary, Anita Kirkpatrick, re-elected; reporter, Gale Collier; chairman of program committee, Margaret Jones; and chairman of social committee, Elizabeth Morris.

They are glad to welcome many new members to the club and look for many more. Everybody come!

CIVICS CLASS STUDIES CITY GOVERNMENT

The civics students are rather interested in their new unusual study.

They are studying forms of government. So as to better understand the rules and regulations of their town, they are organizing officials, in class, like those of their small town, and are electing speakers to argue the question of what form of government they should have. The new speakers for each form are H. W. Kingsbery, Doris Spencer, Ruby Lee Price, Raymond Holland, Irene Stiles and Ruth Conley.

CORRECTION

We are glad to make a correction of a statement in our last week's News. Miss Ruth McNeil is enrolled as a junior in Southwest Texas State Teachers' College at San Marcos instead of San Marcos Academy.

Passengers in the smoking compartment on my train were arguing about why railroad business is picking up.

A factory owner said it was because of this new Free pick-up-and-delivery of less than carload freight. This is door-to-door service with no extra charge added to the freight bill.

A traveling salesman said it was because so many passenger and freight trains now run on faster schedules.

There was a school principal in the group and he said it was because train travel is so much cheaper for passengers. He said passenger fares are at the lowest point in history, with substantial reductions if you buy a round-trip ticket - and no more surcharge for riding in sleeping cars.

One man, a farmer, said he liked something he could depend on, that's why he was traveling by train.

Another man, a newspaper reporter, said people were in favor of railroad travel because it is by far the safest. He quoted a lot of statistics from a book called "Live and Let Live."

A banker who all know by name said railroad tax payments mean a lot in this state.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

Presby'rian Church

Next Sunday is Home Coming and Rally Day. Also, Communion Service. Let all members come. There will be dinner on the ground. Let each family in the church bring a basket of food. Perhaps one or two of former pastors will be present. We are looking forward to a fine, uplifting service. You do not have to be a Presbyterian to come. We want others to come regardless of denomination. Those who do not belong to any church are welcome. Let us be friendly neighbors. Come to Sunday school, Christian Endeavor, and all the services. You are very welcome. M. L. Womack, Minister.

SANTA ANNA H. D. CLUB TO MEET

Friday, October 2, the Santa Anna Home Demonstration Club will have its regular meeting at 3 p. m. The program will be on the cleaning and care of household fabrics.

As soon after lunch as it is convenient for the members and friends to assemble, the Home Demonstration members ask that you be present for the quilting. They will quilt until time for the regular meeting and will not have an all day quilting as quite a few of the ladies have children in school and it is not convenient for them to be away from home all day. The public is cordially invited to attend these meetings.

Mrs. Frank Goen spent part of the week in Lubbock visiting Mr. and Mrs. Jesse Goen and little daughter.

REGULATIONS REGARDING COMPLIMENTARY TICKETS

The Executive Committee of the Santa Anna Athletic Aid Association met Monday evening and considered many things relevant to the financial success of the lighted field. Among these was the question of complimentary tickets to football games. As desirous as the members of the Committee were to grant complimentary tickets to the many groups of students and patrons who render service to the school and teams, and as anxious as they were to grant courtesies to visiting service organizations and teams, the Committee was not unmindful of the great necessity that exists to secure as great income as possible so as to take care of its obligations to those who loaned the funds with which to make the lighted field possible. The Committee realizing the dire need of as large income as possible, and knowing the many irregularities and great confusion that result from the practice of granting complimentary tickets on a big scale, made the following regulations regarding the matter. Those granted complimentary tickets are:

- 1. Coaches and players of Santa Anna High.
2. Two representatives from any newspaper.
3. Officials of games.
4. Local physicians and wives.
5. Local peace officers.
6. West Texas Utilities Company's Lighting Engineer.
7. Committees working games, namely, Gates and Tickets, Parking, Patrol.
8. Visiting coaches and players of competing team.
The Santa Anna High Pep Squad members in uniforms will be admitted for \$0.10 each, and were given the concession of furnishing pillows for the bleacher seats at \$0.10 each, the income from which will become the funds of the Pep Squad. The concessions for cold drinks, candy, peanuts, and popcorn were left in the hands of the High School to be dispensed to the high school class-

es. Those handling the concessions will pay regular admission. The price of admission will be \$0.50 for adults, and \$0.25 for students. Visiting bands and pep squads will be charged regular admission, and our similar organizations will not expect the courtesy of complimentary tickets when we play away from home. The previous practice of granting passes to all coaches and football players was discontinued.
