When folks are critical of the city ordinance restricting stray dogs and requiring registration and vaccination of pets, they may not be aware of some problems that can occur.

A cow belonging to Dub Aldridge was killed by dogs recently on the Aldridge place adjacent to town. It was an unfortunate and costly incident, but what a tragedy had the dogs attacked a child.

It is well known that several sheep producers in the area have gone out of business because they couldn't compete with the depredation of town dogs.

Mrs. Charles Bengé is another local person who made and donated handwork for the West Texas Rehabilitation Center in Abilene. A handmade afghan was sold in conjunction with the Coleman Livestock Auction benefit last fall, and it is her third consecutive year to be included in the "Century Club" composed of people who have made contributions of \$100 or more each year.

bk

Mrs. R. W. Balke is \$10 richer this week. She was a winner on a TV program from an Abilene station, answering correctly questions by phone during the program. Congratulations.

## Montie Guthrie III Files For ISD Trustee Ballot

Montie L. Guthrie III is the first person to apply for a place on the April 5 School Trustee ballot, seeking a three-year term. Terms of Eddie Wayne Hartman, Glen Scarborough and Orabeth McIver expire this year.

Guthrie, a Santa Anna native and former teacher in the local school, is employed with Clouse

## Hosch Insurance Agency Plans Open House Friday

Hosch Insurance Agency will have open house and their grand opening Friday, February 15, and invite all area people to go by during the day to see the new office and computer equipment.

Don and Bettie Hosch, owners of the new business, want to meet people in the community and show the facilities available here.

Coffee, punch and cookies will be served all day, and those visiting the office will be given a free bio-rhythm from the computer, using the age and birthdate of each person.

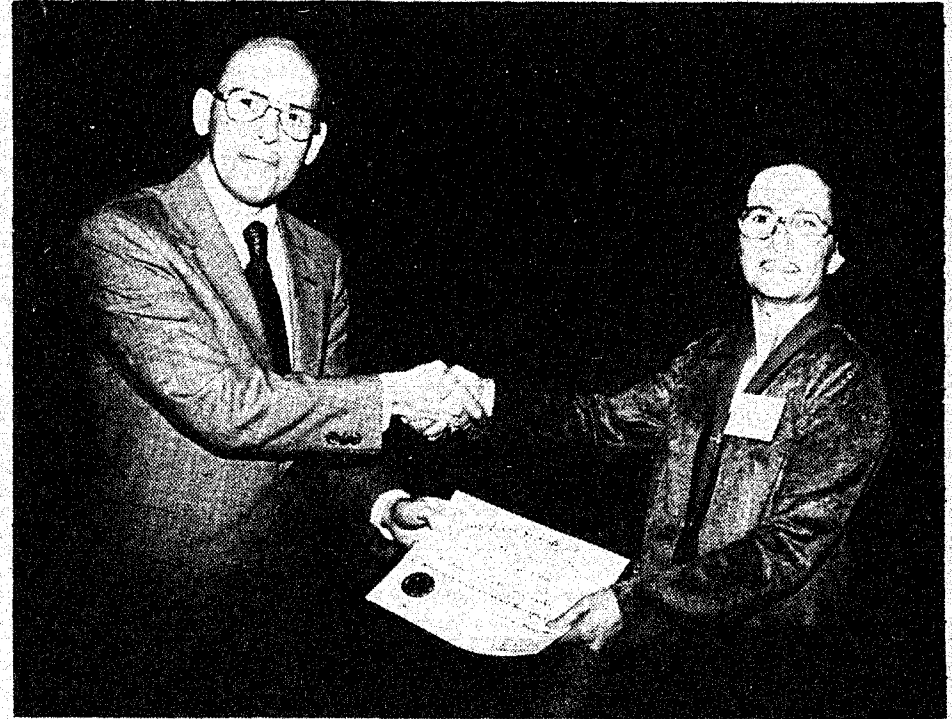

The winner of the grand opening prize will be posted Friday, so those who registered

will want to see if they were winner of the \$500. Hours are from 9 to 12 noon, 1 to 5 p.m.

Don Hosch, son of Mr. and Mrs. Roscoe Hosch, and his wife Bettie moved to Santa Anna from Lubbock last month to open the office here. They have been in the insurance business over 20 years and are representing a number of major companies for all types of insurance.

### UMC BOARD TO MEET

## Mountaineers Win Championship City Secretary Is Certified In NTSU Program

### SAHS Boys Win Playoff Over Novice; To Meet Water Valley In Bi-District

The Santa Anna Mountaineer basketball team won the District 24-B championship for the second year in a row when they defeated the Novice High School team in a play-off game Monday night in Coleman. The Mountaineers will play Water Valley for the Bi-district title Monday, February 25, in Ballinger. Winner of that game will take part in the Region II tournament in Stephenville the following weekend.

The SAHS boys were tied with Novice for the 24-B title, and won 43-32 in the shoot-out Monday night. Jim Clifton scored 13 to lead the Mountaineers, with Jerry Don Culpepper and Rusty Buzzard each scoring 10.

As a prelude to the Bi-district tilt, Coach Pete Simmons has scheduled three practice games with championship teams. Fri-

day night they will travel to Sterling City for a game with the Sands High School team, winners of District 9-B in far west Texas from Region I. The game will start at 7:30 p.m.

Monday of next week the Meridian High School team, coached by Santa Anna native

David Horner, will come to Santa Anna for a practice game at 7:30 p.m. The Mountaineers will travel to Meridian Thursday of next week for a re-match.

Horner's team is leading their Class A district and favored to win the championship.

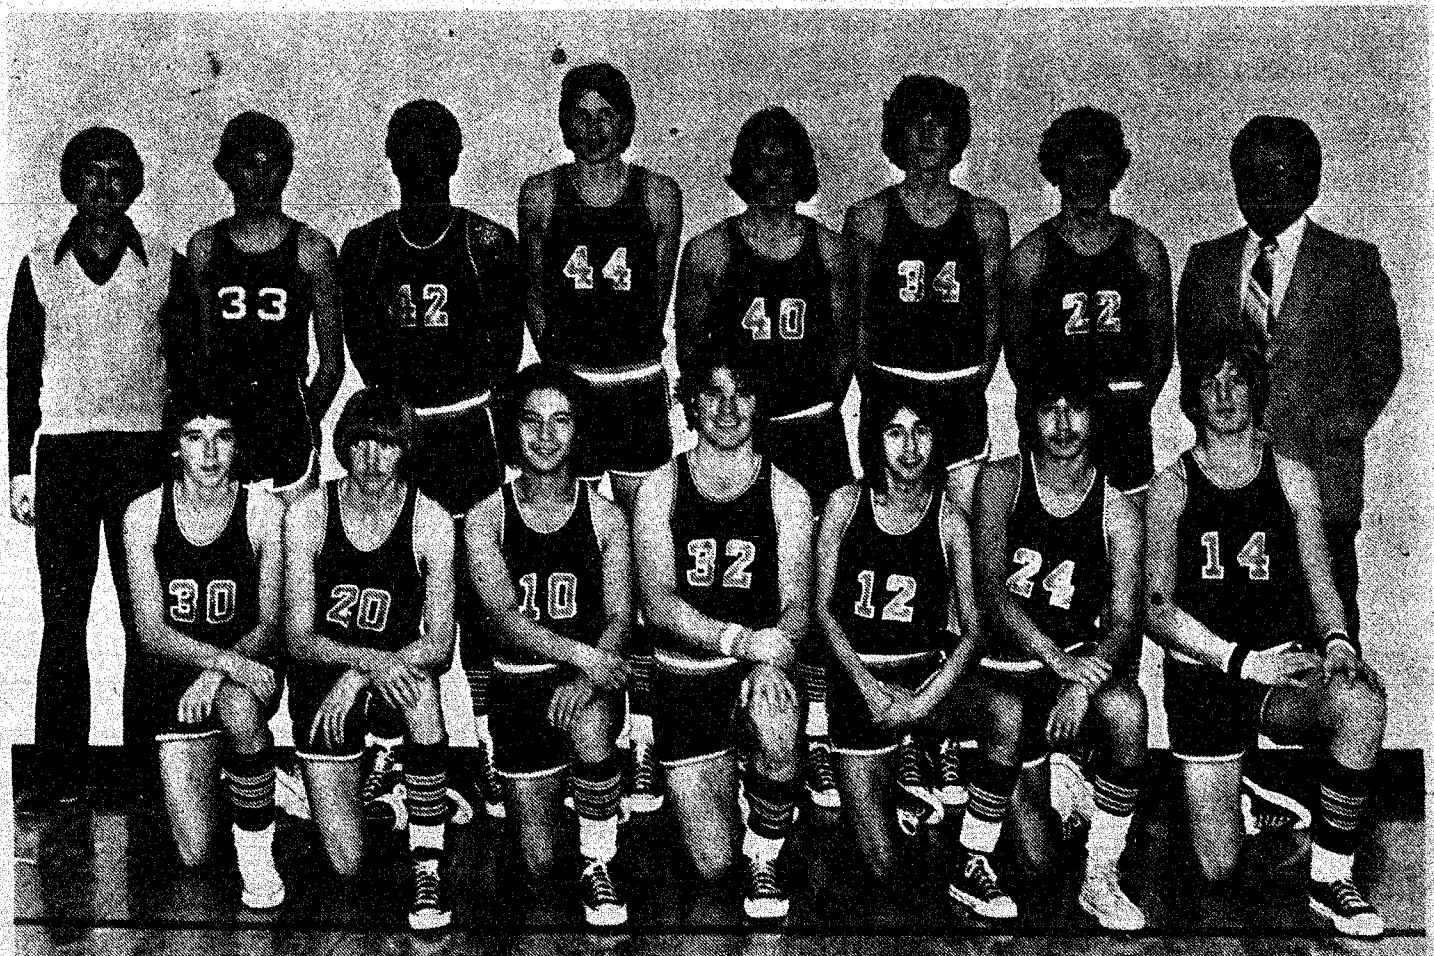

The Mountaineers are entering the play-offs with a 21-8 record, with Water Valley having a 26-4 record and their

## City Legal Fee Surcharge Removed From Utility Bills

Thomas M. Hays presided at the Thursday, February 7, meeting of City Council.

A report on the water project showed it to be over half completed, with the value of work completed being \$164,182, according to the engineer.

Water line extensions from Jim Ned Creek to Lake Brownwood have been completed and tested, and considerable work done on both booster stations.

About one mile of large water lines have been installed during January in the city improvement project.

The City Council voted to discontinue the \$4 per month surcharge on city water bills. The money from the additional fee is to be used if necessary for legal fees for the city.

The city election was called for Saturday, April 5. Terms of three Councilmen, Quinton Daniel, Stanley Hartman and Scott Patterson expire in April. Daniel has indicated he will not seek re-election for another term.

Mayor Hays appointed M. L. Guthrie Jr., Clint Day and Joe Guerrero as the "Complete County Committee" to aid the 1980 Census in Santa Anna. The three will promote the census by informing people of the importance of the count, oversee clerks and see that the city census is complete. Clerks for the census will be employed through the Manpower program, but the local committee will volunteer their services.

## Summer Baseball Leaders Set February 21 Meeting

The summer baseball season will be planned Thursday, February 21, when Santa Anna Community Services, Inc. meets at the Community Room of Santa Anna National Bank. Parents of children who plan to participate in the summer baseball program and others interested are requested to be present at 8 p.m.

Also invited are people interested in coaching ball teams or working with the program.

Officers for the year will be elected and committees appointed. An early start is planned for the season as work is needed at the ball parks and the program re-organized.

Walter Gerhart is president of the group this year.

## Few Contests Set Locally On May Primary Ballot

The February 5 deadline for candidates to file for places on the May primary ballot ended in Coleman County with few contests.

Last to file were candidates for Constable, with Rondoe Horton, a former County Treasurer and deputy sheriff, filing for Constable of Precinct One, and John B. Elliott an opponent on the Republican ballot. Elliott is the only Republican candidate for local or county office.

Andy Fenton filed for Constable of Precinct Three. Elliott

and Fenton were elected to Constable positions by write-in at the last general election.

Incumbent Precinct One Commissioner Jack Strickland will be opposed by John F. Sprinkles on the May ballot, the only local contest on the Democratic ballot.

Office holders seeking re-election are Sheriff H. F. Fenton, County Attorney Joe Dan LeMay, Tax Assessor-Collector Billie Baker, and Precinct Three Commissioner Howard Stephenson.

## Professor advises early tax returns for early refunds

COLLEGE STATION — Prepare tax returns as soon as possible after W-2 forms and other pertinent information is available, advises a Texas A&M University accounting professor and certified public accountant.

Dr. Larry Crumbley says early preparation allows time to obtain any missing information. Also a taxpayer may have a refund due.

"If this is the case, mail the tax return immediately, avoid the rush and receive a refund earlier," he says.

He adds that a refund received today is worth more than a refund three or four months from now. If the taxpayer owes money, he will probably want to delay mailing his return until April.

## Donations Given To SA Cemetery

A number of donations have been made to Santa Anna Cemetery Association in recent weeks as memorials.

Mr. and Mrs. Walter Yancy of Rockwood made a donation in memory of the late Kate Holmes.

Mr. and Mrs. Buck Mills made a gift in memory of the late Vernetta Stephenson Pruitt of Dallas.

A memorial for the late Ed Jones was from John W. Payne of San Francisco, Calif.

Those making donations in memory of the late George Stewardson were Gilbert and Katie Pfluger, Mr. and Mrs. N. C. Watson, Mr. and Mrs. Ken Bowker, Mr. and Mrs. Virgil Priddy, the Fred Turner family, and Mr. and Mrs. George Wheatley and Danny.

Donations in memory of the late Maude Harris Lamb were from Coyita and Ken Bowker, Doris and Bill Griffin, Mrs. Hardy Blue and Mattie Ella Gray of Rockwood.

## Boy Scouts To Aid Census Program

Santa Anna Boy Scouts will be in town Saturday passing out brochures explaining the 1980 census that will be taken in April.

Local people are urged to read the small tract and become familiar with the form that will be distributed for enumerating population and housing.

## Band Students Score Well In Solo, Ensemble Contests

Twelve Santa Anna Band students took part in the Interscholastic League Solo and Ensemble contests in Brownwood last Wednesday, with all winning a Division I or II rating.

Those receiving superior ratings were Monique Spillman,

flute solo; Mary Castillo, trumpet solo; Charlotte Garrett, trumpet solo; Casey Anderson, trombone solo; Daniel Petre, baritone solo; and Doug Warnock, percussion solo.

Division two ratings were awarded the flute trio composed of Gay Hosch, Beth Rhoades and Julie Jones, Mauricio Castillo, trumpet solo; Deborah Bodine, French horn solo; and Paul Vasquez, tuba solo.

## UMC Children Fete Ladies Of Two Classes

The Children's Classes of United Methodist Church hosted the ladies of the Gladhand and Hays-Blue Classes with a Valentine supper and party Monday, February 11, at the church annex.

Valentine decorations included plate favors of Valentine pin cushions made by the children, balloons, crepe paper, and lollipops in Valentine motif.

Salads were served from a buffet table.

Mrs. O. L. Cheaney was chosen as Valentine Sweetheart of the occasion and presented a box of candy by Reece McIver.

Assisting with the serving were mothers of the children, Mmes. Terry McIver, Mike Alexander, John Pearce, Jay Weathers, O. D. Warnock, Rob Cheaney and Glen Pope.

The party was attended by approximately 20 ladies of the honor group and 15 children.

## HOME FROM HOSPITAL

Bill Griffin is back at home after two weeks in Brownwood Community Hospital for treatment. He is getting along well.

He married the former Madle Ada Hays, the daughter of the late Dr. and Mrs. T. M. Hays, August 11, 1923 in Little Rock, Ark. He was a member of the Christian Church, WWI Veterans, American Legion and VFW Post.

Survivors are his wife; two daughters; a brother; three grandchildren and two great-grandchildren. A local survivor is a brother-in-law, Tom Hays of Santa Anna.

Tuesday afternoon at the Community Center.

The weather was pretty bad several days last week, so not much news. We had enough sleet and snow to cover the ground Saturday night and Sunday. The weather was so cold we did not get out Saturday night or Sunday.

### BACK AT HOME

Mrs. Lillian Herndon returned home last week after eye surgery at St. John's Hospital in San Angelo. Mrs. Dewral Wilburn, a nurse at Reagan County Memorial Hospital and a sister-in-law of Mrs. Herndon, was with her during the surgery. Mrs. Paul Wilburn, Nancy Ratliff and Mrs. H. O. Allen, all of Big Lake, visited her while in the hospital.

It has long been known that, in times of extreme stress, the human body is capable of feats of unbelievable strength. This was documented in 1960 by a 123-pound woman in Tampa, Florida. The woman, Mrs. Maxwell Rogers, lifted one end of a 3,600 pound car after it had fallen on top of her son when the jack holding up the car slipped. She suffered only a few cracked vertebrae as a result of her efforts.

## They Minister To The Heirs Of Salvation

Are they not all ministering spirits, sent forth to minister for them who shall be heirs of salvation? Heb. 1:14.

God has angels whose whole work is to draw those who shall be heirs of salvation...The angels' work is to keep back the powers of Satan.

The work of these heavenly beings is to prepare the inhabitants of this world to become children of God, pure, holy, undefiled. But men, though professing to be followers of Christ, do not place themselves in a position where they can understand this ministry, and thus the work of the heavenly messengers is made hard. The angels, who do always behold the face of the Father in heaven, would prefer to remain close by the side of God, in the pure and holy atmosphere of heaven; but a work must be done in bringing this heavenly atmosphere to the souls who are tempted and tried, that Satan may not disqualify them for the place the Lord would have them fill in the heavenly courts. Principalities and powers in heavenly places combine with these angels in their ministration for those who shall be heirs of salvation.

Angels, who will do for you what you can not do for yourselves, are waiting for your co-operation. They are waiting for you to respond to the drawing of Christ. Draw nigh to God and to one another. By desire, by silent prayer, by resistance of satanic agencies, put your will on the side of God's will. While you have one desire to resist the devil, and sincerely pray, Deliver me from temptation, you will have strength for your day. It is the work of the heavenly angels to come close to the tried, the tempted, the suffering ones. They labor long and untiringly to save the souls for whom Christ has died. And when souls appreciate their advantages, appreciate the heavenly assistance sent them, respond to the Holy Spirit's working in their behalf; when they put their will on the side of Christ's will, angels bear the tidings heavenward...And there is rejoicing among the heavenly host.

# Years Ago In The News

The following stories are from the February 25, 1927 issue of the NEWS:

A movement was launched last week by several of our good farmers over the district to curb chicken and turkey stealing. A petition was circulated and freely signed by those interested and a handsome purse was made up. The cash will be deposited in the local banks with instructions to pay it out in rewards for the arrest and conviction of any person or persons found guilty of stealing chickens or turkeys in the territory.

The movement on the part of some of the business men of Santa Anna to promote a hotel building is progressing. Several have signed up for stock and others have expressed a willingness to do so.

We hope it will not be long before we can announce the crowning event of the erection of a good hotel in this city, for it sure is needed.

---53---

Tuesday morning J. W. Ashley and J. B. Scott had a narrow escape when the rig in the Smith and Sealy lease near Silver Valley was destroyed by fire. The well was down about 2800 feet, when a gas pocket was struck, the gas ignited, set fire to the rig and destroyed everything about the rig that would burn. The men made good their escape, Mr. Scott saving extra clothing which was outside the main enclosure of the rig.

---53---

The fire alarm was turned in Friday morning about 9 o'clock. Excitement ran high for a few minutes when it was reported to be the school building.

The teachers were on the job and the fire was extinguished before the fire truck could reach the scene, with very little damage done.

A stove placed too close to the wall caused the baseboard and window casing to catch fire.

Tuesday, February 22, the school at Trickham observed the day in an arbor way, by setting out shade and pecan trees, building playground equipment and cleaning up the premises generally.

County Superintendent J. H.

Kellet was present and delivered a splendid talk, Miss Gertrude Brent, County Demonstration Agent was also present.

Another school bond election is being agitated in the Santa Anna school district and if there ever was a time in the history of Santa Anna when people should come together and do something for the betterment of the schools here, it is right now. It appears to us that all any one would have to do to wake up and realize the need of a better school building in Santa Anna would be to just post themselves as to the existing conditions.

Paul Rothermel, who has been in the employ of the West Texas Utilities Company since they have been in business in Santa Anna, was promoted this week to a higher position with the company in the Winters office. Joe Garrett is filling the place vacated by Paul, in the office here.

first district championship in 33 years. Santa Anna lost to Eden last year in their Bi-district game, defeated by two points in a game at Brownwood.

The Mountaineers won over the Lohn teams Tuesday of last week, and Friday night games with Richland Springs were cancelled due to the bad weather. The outcome of the games had no bearing on the district titles and will not be played.

The SAHS girls team also won their games with Lohn last week and have ended the season with an 18 - 11 record, their best tally in many years. The Novice girls were winners of the District 24-B title.

### To Ride Bus To Practice Games

Due to the expense of travel, Santa Anna Schools will be sending buses to the practice games if enough people are interested in riding them. Cost will be \$2 per person for the trip to Sterling City Friday night and to Meridian Thursday of next week.

The buses will leave the school at 4 p.m. for each trip, and students and adults are invited to go with the group. Reservations are needed so that enough buses and drivers may be secured.

Anyone wanting to ride the bus to the games is asked to contact Principal Pete Simmons as soon as possible.

## TO THE VOTERS

### Santa Anna Independent School District;

By far the greatest part of my 32 years has been connected in some way with education. Having been on both sides of the desk has convinced me that a quality, rounded education is the best gift a child can receive. In addition, it is the insurance that we purchase to secure the future of our community and country.

For these reasons I am a candidate for the Santa Anna ISD School Board. The board of trustees is the major decision-making body of any institution. I feel that I can be of service in making our school the best it possibly can be.

Public education is at a crucial point nationally, state-wide, and locally. Teachers, administrators, parents, taxpayers—all are struggling to cope with the problems of inflation. Young people are pressured more and more by their environment. Educators are trying to reconcile a demand for more "basics" with twenty-first century demand for knowledge. Teachers are bombarded with more demands on their time and abilities while their buying-power steadily shrinks.

The decisions made on these and other important questions will affect the future of all our children. Since these children are really our most valuable natural resource, I feel that it is the responsibility of each of us to become involved in their preparation for adulthood. Since I am no longer a teacher, becoming a school board trustee offers me an opportunity to continue my involvement with the young people of our community.

In the coming weeks I hope to speak with many of you about the future of our schools. In case I do not reach you, I welcome your questions concerning my philosophy of education. I can be reached almost every evening after 6:30 p.m. at 348-3826.

Thank you for your consideration.

## R.N. Group Sets Meeting February 19

Registered Nurses of this area will meet at Brownwood Community Hospital February 19 at 7:30 p.m. for the monthly business session. This district includes McCulloch, Mills, San Saba, Comanche, Coleman and Brown counties. All R. N.s of this area are urged to be present.

District president, Georgia Hughes of Santa Anna, urges all nurses to attend the business meeting and become informed on issues affecting the nursing profession.

Terry Middleton and Dick Boyd, delegates to represent the District at the State Nurses Association, will report on a recent board meeting held in Austin where convention agenda was decided as well as other issues and legislation vital to all Registered Nurses.

## Communicative Disorders Noted By Senator

One out of every ten persons in Texas suffers from a speech, language or hearing impairment, making communicative disorders the state's number one handicapping disability.

Senator Lloyd Bentsen is lending his public support to a campaign sponsored by the American Speech-Language-Hearing Association (ASHA) to increase public awareness of communicative disorders and of the professional help available in Texas.

"Most people with speech, language or hearing disorders can be helped," said Bentsen, "if the problem is recognized and treated promptly."

According to ASHA, the 35,000 member non-profit society of speech-language pathologists and audiologists, many people with communicative disorders suffer needlessly because they don't know where to turn for help. Nationally, over \$1.75 billion in earnings are lost each year due to communicative disorders.

Professional help is available. For information, write the Texas Speech and Hearing Association, 1209 West 34th Street, Austin, Texas 78705.

## SDA Urges Sponsorship Of Family TV Programs

Adventists feel a need for television programs that the entire family can view is long overdue. Even the so-called "Family shows" have little to offer the impressionable mind of the younger members of the family. Where can these parents and children turn for wholesome entertainment?

"Little House on the Prairie" has been listed as the most constructive program, while Soap has been listed as least constructive. One program is Faith for Today, a thirty minute

program at 9:30 every Sunday morning in this area. Its dramatic format presents exciting true-to-life stories in a setting all family members can enjoy. Spiritual solutions to common, everyday problems are presented in each episode.

The Faith for Today telecast recently was nominated for an "Emmy Award" in the categories of religious series and cinematography. Its Westbrook Hospital episodes have received the "Angel Award," from Religion in Media, and the "Silver Plaque Award" from the Chicago International Film Festival. Two other citations—the "Cindy Award" from the Information Film Producers of America, and the "Silver Award" from the International Film and TV Festival of New York, have also been received by Faith for Today.

Members of the local Seventh day Adventist Church help sponsor this program by a special offering. May 21 will mark the 30th year of broadcasting for this telecast. W.A. Fagal has been its speaker and director since its earliest days.

## Tri-College Offers Spring Classes

Three new vocational/technical classes are being offered in the Tri-College Spring Schedule. New offerings are Intermediate Drafting, TV Service and Repair, and part two of Floral Arranging.

The Intermediate Drafting class will be taught by Bill Boswell on Tuesday and Thursday evenings beginning February 12 for 15 weeks. The fundamentals of drafting will be applied to practical industrial problems.

TV Service and Repair will be taught by Jim Simpson at Abilene High School on Tuesday and Thursday evenings beginning February 12. The course will require the student to have a basic knowledge of electronics and will teach the fundamental principles of service and repair.

Part two of Floral Arranging will cover wedding and funeral designs, special centerpieces, and other more difficult floral designs. Taught by Bill Woods, the classes will be held on Thursday evenings beginning February 21.

In addition, Tri-College is again offering Air-Conditioning and Heating Repair and Service taught by Bob Davis on Tuesday and Thursday evenings, and Basic Floral Arranging on Tuesday evenings.

For further information, call the Tri-College Administrative offices at (915) 673-4946.

One of the most prevalent uses of gold is to recognize and reward distinction. That helps explain why I. W. Harper "Gold Medal" is such a popular Kentucky Straight Bourbon whiskey—and such a treasured gift.

One of the least-known uses of gold is in radioactive isotopes in biological research and the treatment of cancer.

One of the most unusual qualities of gold is that neither hydrochloric nor sulfuric acid alone can dissolve it.

## DRIVELINE

Are you speaking English or American? If you've watched enough old Alec Guinness movies on TV, you no doubt are aware that the British have an odd command of the language, especially concerning cars. We put our suitcases in the trunk, our transatlantic cousins put theirs in the boot. Other comparisons? Hood versus bonnet; truck versus lorry. It gets stranger. A shock absorber is a damper. A station wagon is called an estate car, or if you prefer, a shooting brake. The British call a fender a wing. And if a Londoner offers you a ride in a saloon, he probably means a sedan. If you're offered a ride in a Pub, that's something else.

The government claims the 55 mph limit saves gasoline. Does it really make much of a difference?

— O.R., Pampa  
Yes, it does, both to the individual and the nation. As your car's speed increases, so does its wind resistance—a big factor in gas mileage. Most cars can get about 28 percent more miles to the gallon at 50 mph than at 70. At 55 mph your mileage is 21 percent better than at 70. (That's a saving of four out of every twenty gallons!)

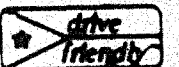

If consumers used less gas, demand wouldn't be so great and (hopefully) prices wouldn't rise as high. And we might avoid California style rationing and gas station waiting lines. The Federal Highway Administration says that if everyone went 55 mph, we could save three billion gallons of gas a year. That ain't no drop in the bucket... or tank!

Notable quotes from actual insurance company accident reports:

"I was sure the old fellow would never make it to the other side of the street when I struck him."

"A pedestrian hit me and went under my car; the other car collided with mine without giving warning of its intentions."

## Registration Period Open For Conservation Practices

A limited amount of funds are available for conservation practices to be performed thru the Agricultural Conservation Program (ACP).

Applications will be accepted thru February 15, 1980. The County Committee will consider all applications for approval on February 20, 1980.

Practices available for cost-share assistance are (1) Establishment of permanent grass, (2) Improvement of an established vegetative cover, (3) Control of competitive brush (4) Constructing terraces, (5) Constructing diversion terraces, (6) Treatment of critical areas, and (7) Establishment of sod waterways. Cost-share levels are based on 50% of the average cost of performance of the practices.

It is certain that the committee will not be able to approve all applicants due to the lack of available funds to cover the extent of requests. It is regrettable that we cannot have an adequate allocation to assist all producers to the extent desired. However, the county committee will, as they always have done in the past, to the best of their ability approve funds for conservation work

which will contribute toward treating the overall conservation, wildlife preservation, and pollution prevention problems in the county. The "First-come, first served" method of approving requests will not be used.

### Does Cupid Wear Cologne?

Greek mythology doesn't give a clue, but odds are that as Valentine's Day approaches, Cupid, that amorous little fellow, will be spraying fragrances rather than shooting arrows at lovers.

Men aren't the only ones aroused by fragrance. A recent survey indicates that women are even more receptive. It's no wonder then that 50 percent of men's colognes and after shaves are bought by the fairer sex.

Scent and sex appeal are often inseparable. For centuries poets have proclaimed the erotic influence of fragrance on males. In Tolstoy's "War and Peace" it was love at first "scent" for Pierre and Princess Helene. The book notes that when she leaned forward, he became aware of the scent on her body.

By Mrs. Tom Rutherford

Jeffery Morris, son of Mr. and Mrs. Joe Floyd Morris, was honored Sunday on his eighth birthday in the home of his grandparents, Mr. and Mrs. Floyd Morris. His mother, Mrs. Joe Floyd Morris, a sister, Jennifer, and Mr. and Mrs. John David Morris of Santa Anna were present. All enjoyed the birthday cake and all the trimmings, but best of all was a telephone visit with his father who is in the Carribean Islands.

Mr. Neil Fitzpatrick of Blackwell visited with his parents, Mr. and Mrs. Graham Fitzpatrick, Thursday, and his wife and little daughter spent from Thursday to Sunday with her mother in Coleman.

Mr. and Mrs. Loyd Rutherford, Tonna and Todd of Bangs, Mr. and Mrs. Hilary Rutherford of Coleman were Sunday dinner guests with their parents, the Tom Rutherfords, and brother Thomas Ray.

Mrs. Floyd Morris spent Wednesday in Santa Anna with Mrs. Joe Floyd Morris and children.

Etoile Cozart of Brownwood was on his farm daily last week looking after his cows.

Jim Gill of Coleman recently stopped and visited briefly with Mrs. Pearl Avants in Santa Anna.

Stephanie Lovelady, the little daughter of Mr. and Mrs. Randal Lovelady of Brownwood, spent Sunday afternoon with her grandparents, Mr. and Mrs. Darwin Lovelady in Santa Anna. We are sorry Mrs. Darwin Lovelady is not feeling so well.

Mrs. Joe Floyd Morris entered Dyess Hospital in Abilene

### VISIT DAUGHTER

Mr. and Mrs. C. D. Bruce were in Crystal City Monday and Tuesday of last week for a brief visit with their daughter, Mr. and Mrs. Jack Kingsbery. Mrs. Bruce was guest speaker at a meeting of the Federated Study Club of which Mrs. Kingsbery is a member.

# HPU Names New President After Nine Month Search

Dr. Ralph A. Phelps, Jr., long time Southern Baptist educator, has been named president of Howard Payne University.

W. Gene Porter, president of the HPU Board of Trustees, said Phelps is expected to assume his position as the Baptist institution's 16th chief executive March 1.

Phelps, who served as president of Ouachita Baptist University for 16 years, holds A.B. and M.A. degrees from Baylor University and Th.M. and Ph.D. degrees from Southwestern Baptist Theological Seminary (SWBTS), and has done additional studies at Southern Methodist University, Yale, Harvard and University of Wisconsin.

The naming of Phelps as president of HPU marked the culmination of some nine months work by the Board's presidential search committee. They conducted a nation-wide search and considered more than fifty individuals. The special committee was headed by Warren Duren, banker, Goldthwaite.

Phelps succeeds Dr. Roger L. Brooks, who resigned as HPU president last May in order to

DR. RALPH A. PHELPS JR.  
New HPU President

become vice president of graduate studies at Houston Baptist University. Dr. Charles A. Stewart has been serving as executive vice president and chief operating officer at HPU until a replacement could be found.

"All of us appreciate the work of Mr. Duren and his committee," Porter said, "in finding Dr. Ralph A. Phelps, Jr., of Dallas, who has proven himself as an educator, administrator, business executive, writer and churchman."

# A Valentine Thought..

On Feb. 14, we celebrate St. Valentine's Day with the exchange of verse or love notes on valentines and with flowers or candy to those we especially love. Do we realize that on this day we are following the commandments of the Bible. The great commandments in law are:

37 Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

38 This is the first and great commandment.

39 And the second is like unto it, Thou shalt love thy neighbor as thyself." (St. Matt. 22:37-39)

"For all the law is fulfilled in one word, even in this, Thou shalt love thy neighbor as thyself." (Galatians 5:14)

Now we show our love to God by reading His Holy Bible and hearing it, by keeping His commandments (which are by love), by accepting His Son as our Saviour from sins, and by telling others about the redemptive blood of Jesus Christ.

The second great commandment tells us to "love our neighbour." And who is our neighbour? We don't refer to just those living in our neighborhood but to everyone and especially those with whom we come into contact with. A good neighbor is not selfish, not greedy, not boastful, not coveting; but is forgiving, is full of understanding and is a person who prays for his neighbors. Do you rejoice when your neighbor has good news, and do you comfort him if he is in sorrow?

The Bible tells us how to be a good neighbor. "For I was an hungered, and ye gave me meat: I was thirsty, and ye gave me drink. I was a stranger, and ye took me in: naked, and ye clothed me: I was sick, and ye visited me: I was in prison, and ye came unto me." (St. Matt. 25:35-36) And the Lord tells us: "...inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." (St. Matt. 25:40)

And the Bible further tells us in Mark 9:41: "...even a cup of cold water given in Christ's name shall not lose its reward. There are small things that can

be given to a neighbor that don't cost a cent—a smile, a cheerful greeting, a helping hand, words of encouragement, etc.

In Luke 10:36 and on: The good Samaritan had compassion on the man who had been robbed, wounded and stripped of his clothing, and was left half dead by a robber; and he bound up his wounds and took him to an inn for further care. Do you likewise have compassion for your neighbor who is hungry, who is left homeless by a tornado, flood, or fire? Listen to what the Bible says: "But whoso hath this world's good, and seeth his brother hath need, and shutteth up the bowels of compassion from him, how dwelleth the love of God in him? (I John 3:7)

Most of all we show our love if we tell others (our neighbors) about Jesus by witnessing, by our life, by our actions and deeds, by getting them to read the Bible in study groups, etc. or by giving them or lending them a book that explains the scripture line by line, by lending them a religious book which quotes from the Bible, by inviting them to church, to camp meetings, to evangelistic meetings, prayer meetings, and the like.

In conclusion: "Beloved, let us love one another: for love is of God, and knoweth God." (I John 4:7) And let us not love one another just on Valentine's Day but every day of the year!

# Tennis Star Endorses 'Eye' Organization

"I have a very personal reason," says tennis star Billie Jean King, "for being enthusiastic about the great work being done, worldwide, by New Eyes for the Needy."

Founded 47 years ago, New Eyes is today an internationally known organization that provides eyeglasses for needy people with faulty vision, in this country and abroad. "Amazingly," Ms. King goes on, "New Eyes has never asked for a penny in donations. The contributions it does ask for consist primarily of discarded eyeglasses—plus old watches, jewelry, silver, just about anything containing precious metals. As a result, the organization receives more than a million pairs of glasses and thousands of pounds of jewelry a year from donors."

Metal frames and other donated metals are sold to refiners, with the proceeds used to provide new prescription glasses—even artificial eyes—to the needy in the United States.

Those interested in learning more about this worthwhile work should write to New Eyes for the Needy, Inc., Short Hills, New Jersey 07078, requesting the organization's brochure.

# Female Athletes Have Advantages

Generally speaking, women are fatter, shorter, weaker and wider than men. But that is not bad. In fact those characteristics give women a built-in advantage over men in sports requiring balance and endurance. Men win out in sports that primarily require strength and speed.

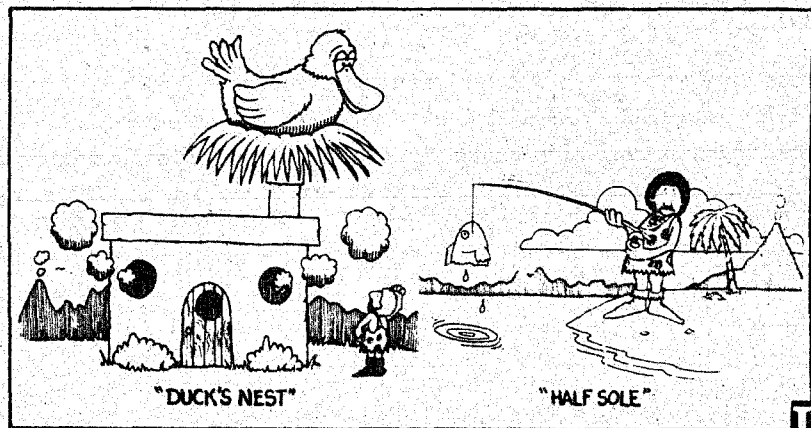

So much for generalizations. There is no average body, male or female. There are excellent male and female athletes of all shapes and sizes.

But maturity brings basic body differences between the sexes that affect sports performance. Before puberty a girl might do fine playing baseball with boys her age. But as they mature, males usually surpass her in strength, said Letha Hunter, M.D., of Ann Arbor, Michigan. At a sports medicine conference during a recent American Medical Association meeting in San Antonio, Dr. Hunter said maturity gives women an advantage over men in balance sports such as gymnastics because their proportionately wider pelvis and shorter arms and legs give them a lower center of gravity. Agility seems to be about equal for both sexes.

But can women's bodies stand up to the strain of running and other sports? Dr.

Hunter said proper conditioning will help protect them from injuries including problems possible because of women's wider hips. This characteristic may increase the likelihood of hip pain and also encourage knee problems because wide hips may negatively affect the angle leg bones and knees absorb strain.

Maturity also gives women a greater percentage of body fat than men. The greater percentage of body fat, about 25 percent for a physically fit woman compared to about 14 percent for a fit man, gives women more fat to convert to energy during endurance contests such as long-distance swimming or running.

A Duck's Nest or a Half Sole may not mean the same to everyone.

MRS. DAVID MULLINS  
...nee Ima Louise Gill

## Gill-Mullins Wedding Vows Exchanged February 9

Ima Louise Gill became the bride of David Thomas Mullins Saturday, Feb. 9 at 7 p.m. in the Coggin Avenue Baptist Church with the Rev. Leon K. Aduddell officiating the ceremony.

The bride, daughter of Mr. and Mrs. W. H. Cantrell of 2317 First St., is the granddaughter of Mr. and Mrs. E. W. Gill Jr. of Brownwood.

The bridegroom's parents are Mr. and Mrs. James Mullins of Bangs.

Decorations for the wedding featured a large candelabra, flanked on either side by a large arrangement of yellow and blue flowers.

The bride was given in marriage by her father, W. H. Cantrell. She was attired in a floor-length gown of polyester chiffon and re-embroidered Alencon lace. Pearl encrusted re-embroidered lace and beaded medallion embellished the high neckline. Matching Alencon lace motifs accented the split bishop sleeves. The flowing A-line skirt extended into a soft chapel train.

To complete the bride's total look of elegance, she chose a

lace adorned fingertip veil attached to a bandeau headpiece, covered in re-embroidered lace. She carried a bouquet of yellow roses, blue carnations and baby's breath.

Reba Rainey served as her sister's matron of honor. DeAnn Hamlett was maid of honor and bridesmaids were Angel Richardson and Sandy Sherrod, cousin of the bride.

The bridesmaids wore sleeveless, floor-length gowns of silks in shades of angel blue and maize. They wore matching flowers in their hair.

Mike Yancey attended the groom as best man. He wore a brown tuxedo with a blue shirt. Groomsmen were Dale Brooks, Blake Yancey and Mike Williams. They wore brown tuxedos. Dale's shirt was blue while Blake and Mike wore yellow shirts.

Ushers were James Gill, uncle of the bride, Steve Cantrell, brother of the bride, and Randy Williams.

After the wedding, a reception was held in fellowship hall of the church.

Serving in the house party were Susan Gill, Janna Eng-

land, Kim Yancey, Tracy Land, Lisa Richardson, Karen Mooney, Pam McClure, Tammi Pickett and Karen Gill.

The bride and groom's tables were laid with floor-length satin cloths. The bride's three-tiered cake was trimmed in pastel yellow and topped with love birds. Her table was centered with an arrangement of pastel yellow and blue flowers in a silver pedestal container.

The groom's table held a double ring German chocolate cake and a nine-branch silver candelabra entwined with greenery and flowers. Appointments were silver.

The bride, a graduate of Brownwood High School, attended the Stenograph Institute of Texas in Abilene. The groom, graduate of Bangs High School, attended Howard Payne university and is presently employed by the Kohler Co.

Heather Cantrell, niece of the bride, served as flower girl. She wore a floor-length blue eyelet dress. Bo Yancey, ring bearer, wore a yellow tuxedo. Richie Mullins, brother of the groom, served as candlelighter.

For going away the bride chose a three-piece champagne beige pantsuit.

After their honeymoon, Mr. and Mrs. David Thomas Mullins will reside at 1805 Ninth St.

The bride was honored at a shower in the home of Angel Richardson.

A miscellaneous shower honored the bride in the home of Reba Rainey and Mr. and Mrs. Herbert Sowell. Hostesses included Nita Bullington, Ellen McClatchey, Lucille Frazier, Cassie Piper, Faith Ricketts, Lucile Rainwater, Namo Jonas and Flossie Moore.

## Comments Sought For Future Ag Conservation

Last week was the start of a 60-day public review period during which time interested people are being asked to comment on the direction they think future U. S. Department of Agriculture conservation programs should take. The review period ends March 28.

Four draft documents describing the Nation's nonfederal soil and water resources, their condition, projected demands, and seven proposed alternative strategies can be reviewed at the local Soil Conservation Service Office in the Rhone Building west of the courthouse in Coleman.

The proposals for a national soil and water conservation program were developed by a coordinating committee made up of members from nine U. S. Department of Agriculture agencies plus the Office of Management and Budget and the Council on Environmental Quality. The process, mandated by the Soil and Water Resources Conservation Act of 1977, included consideration of

public input from 9,000 public meetings held in 1978.

The Act directs the USDA to appraise the condition of the Nation's renewable natural resources and to propose alternative programs to guide the nation's cropland -- 136 million acres -- is eroding at an excessive rate.

The four documents include description of soil erosion, water quality, water conservation, reducing flood damage, improving fish and wildlife habitat, etc.

Projected demands on soil and water resources, possible approaches for conservation and a summary of the entire proposals are in the documents.

Three public meetings will be held in Texas that will provide opportunity for comments. The meetings will be held in Arlington February 26; Lubbock on March 4; and San Antonio March 6.

Interested citizens may review documents at the Coleman SCS office or send written comments or suggestions.

## Marvin Leath Will Seek Re-election To Office

Congressman Marvin Leath announced in his hometown of Marlin Friday that he will seek a second term as U.S. Representative from the 11th Congressional District.

"In my first campaign," Leath said, "I stressed that the decade of the 80's would be the most critical period in the history of our country. After my first year as your Congressman and after what has happened in the world these past few months, I must reassess that to say the next three or four years will be the most critical.

"Unless the United States quickly and strongly pursues initiatives in national defense, in energy supplies, toward tax reform and for general economic reform, we may not continue to exist as a free society during the last half of this new decade.

"Consequently," Leath said, "the Second Session of the 96th Congress which has just gotten underway and the 97th Congress will be faced with some of the most crucial decisions in our history."

Looking back on his first year in office, Leath said, "I believe an examination of my activities and voting record would conclusively indicate I have represented this congressional district as I said that I would when I first asked the people to send me to Congress. I am proud of my record and look forward to continuing to serve the people of Central Texas."

During his first year in office, Leath participated in nearly 97 percent of the recorded votes and had an attendance record of just under 95 percent. He compiled this record and still made 21 trips back to Texas and 150 speeches and public appearances in his home state.

"These visits home, meeting with constituents who came to Washington and the responses to a questionnaire sent throughout the District along with tens of thousands of letters from Central Texans has permitted me to have a constant reflection of the views of the people," Leath said.

Leath noted that he was the top ranking newcomer of the eight who went on the Veterans' Affairs Committee in the 96th Congress. Also, he was the only new member chosen as part of the House of Representatives delegation to a conference committee with Senate representatives on the Economic Development Act, legislation which is so vital to the development of Central Texas.

The Congressman said, "With the crush of legislation facing us and the importance of

the issues, I will not be able to travel around the district this spring as much as I would like. Congress does plan some time off this summer so Members can visit with their constituents and I will take full advantage of that time to meet with people in the 11th District."

Leath noted that in addition to his own travels through the District he has had representatives from his District Office go into every County in the District at least twice, setting up regular office hours to assist his constituents. "I'm proud of the work these people have done. I believe I have assembled an outstanding staff both in the District and Washington. The staff is made up of people who share my concern for the well being of the people of Central Texas.

"In the Democratic Primary in May and in the General Election next November, I ask for your vote and your support so I can continue to serve you."

## ESA Makes Plans For District Meet In Santa Anna

Donna Bradley, president, led the Monday, February 11, meeting of Delta Omicron Chapter, Epsilon Sigma Alpha, held at Mountain City Center.

Charlotte Moseley gave the program, showing ceramics and procelain work she creates and telling of the art of working with ceramics.

During the business meeting plans were discussed for the March district meeting to be hosted by the local chapter.

Members present were Emily Beal, Coyita Bowker, JoAn Day, Debbie Dean, Lynn Fuller, Geneva Garrett, Betty Martin, Gayle Stewardson, Bernadine Watson, Patty Bass, Vikki Wristen, Gail Horner, Cherry McCarrell, Patricia Musick, Kathy Pearce, Susie Voss, Sarah Beal, Moseley and Bradley.

## R. B. Pringle, 77, Buried In S-Anna On Saturday

Funeral services for Reuben Beauford Pringle, 77, of Texas City were held Saturday, February 9, at Henderson Funeral chapel with the Rev. Mike Alexander, pastor of United Methodist Church, officiating. Burial was in Santa Anna Cemetery.

Mr. Pringle died February 6 in Galveston.

Born October 15, 1902 in Kosse, he married Lena Jane Barlett in Huntsville June 30, 1939. He had been a resident of Texas City the past 25 years and was a locomotive engineer, retiring in 1971.

He was a member of Elks Lodge No. 126, the Brotherhood of Locomotive Engineers and UTA.

He was a member of the Methodist Church.

Survivors are his wife; two daughters, Mrs. Carolyn Johnson of Orange and Mrs. Janette Molamphy of Houston; two sons, Richard Lewis Pringle of LaMarque and George Barlett Pringle of LaMarque; a sister, Mrs. Sally Merka of Mt. Pleasant; and nine grandchildren.

Pallbearers for the services were Roy West, George Pickard, Glen Copeland, William Brown, H. A. Burden and Rob Cheaney.

## DAIRY HERD MANAGEMENT

Dairying continues to expand in Texas, and this means efficient herd management is even more important, points out a dairy specialist with the Texas Agricultural Extension Service, Texas A&M University System. The Extension Service and the Texas Dairy Herd Improvement Association are continuing to work together to involve more dairymen in the DHIA testing program. Over the years, herds in the program have shown a 3,000 to 4,000 pound increase in milk production over non-testing herds. Currently 432 herds with more than 52,400 cows are enrolled in the program.

## NOTICE

### Homeowners -----Landowners

In compliance with the new Legislation as passed by the last session of the State Legislature, all taxing entities are required to implement the new Productivity Value to all land used for Agriculture Purposes after 1/1/80 to all qualified landowners and all homeowners who qualify are eligible for a \$5,000 exemption off the market value from School Taxes. If you are over 65, or disabled you may qualify for an additional \$10,000 exemption on your residence.

All of these exemptions require a signed application annually. Applications are now available at the County School Tax Office at 108 W. Liveoak in Coleman and you are requested to come by at your earliest convenience and sign your Homestead Exemption. If you own land, these applications are also available.

Disabled veterans are also reminded that they must present each taxing entity copies of the percentage of disability as determined by the Veteran's Administration and sign an application annually in order to receive this exemption.

**POLY-TRANSFORMATION** — Polyvinyl chloride (PVC) resin, a principal product of Tenneco Chemicals, Inc., at its plant in Pasadena, Texas, undergoes what you might call a poly-transformation to make it into dozens of consumer products, like the PVC pipe Mike Hargraves is examining here. The Pasadena plant is undergoing an expansion program to increase its capacity to 750 million pounds of resin a year.

## ACCIDENT CONTROL

Surprisingly, rubber mats used to prevent slipping on steps often do more harm than good. Many mats are worn skid-smooth and are fastened down poorly. Varnished steps, too, have proven more likely to send people flying. About twice as safe is just plain paint on wooden steps. Bare wood is also an excellent non-skid surface.

## Statement of Nondiscrimination

"COLEMAN COUNTY TELEPHONE COOP, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to mistreatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."
