VOLUME 51

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY AUG. 28, 1936.

NUMBER 35

"He Profits Most Who Serves Best"

## Major Geo. B. Black Elected Commander Of Ex-Rangers

Major George B. Black of Comanche was elected commander of the Texas Ex-Rangers Association for life at a meeting of the association held at Ranger headquarters at the Dallas Centennial Friday.

Mr. Black was elected head of the association in 1933 and has been reelected at each meeting since. He is in charge of the Ranger exhibit at the Centennial.

Another life officer, that of secretary, was conferred on Mrs. Ruby Green Smith of Odessa at the meeting Friday. She is the daughter of the late Major Green, founder of the association.

C. M. Grady of Brownwood was reelected captain of the association, and office he has held for the last few years. Other officers reelected were: John R. Hughes, El Paso, first lieutenant; Luke Dowe, color bearer; Rev. P. B. Hill, San Antonio, chaplain; and Mrs. Beatrice Gav, Santa Anna, assistant secretary-treasurer.

## Curtis Collins To Have Watermelon Feast For Public

As a little token of appreciation the public is invited to be my guest at a watermelon feast on the streets of Santa Anna, Tuesday, September 1st, at 5 p. m. Plenty of melons will be provided for all. Yours truly, Curtis Collins

## Doctors Lose Hope For Secretary Dern

WASHINGTON, Aug. 28.—Physicians began to despair Wednesday for Secretary of War George H. Dern, 69, critically ill at Walter Reed Hospital from heart and kidney complications developing from a severe attack of influenza. He lapsed into a semistupor this morning.

While Mrs. Dern and four of her five children were given quarters at the hospital so they can be almost constantly at his bedside, the doctors reported that Dern had a "restless day and night."

They said there was less congestion in his lungs this morning but that his generally physical condition was "a little weaker."

The hospital's bulletin read: "The Secretary of War passed a rather restless day and night characterized in general by a semiconscious condition."

"While some improvement is shown in that there is less congestion in the lungs and less edema, his general physical condition remains about the same."

## Layman Association For Coleman County To Be Organized

The Talna Organization of Laymen will meet Friday night, September 11, at 8:00, at the Talna Baptist Church. Every church of the county is invited to be represented. The purpose of the meeting is to organize a Layman Association for Coleman county.

## Run-Off Primary Thins Candidates to One in the Hill

In the run-off Democratic primary last Saturday, the candidates were thinned out to one in the hill, and this is a great week for rest and recuperation.

In the county election, County Clerk L. Emet Walker was defeated by Mrs. Ora West of Coleman who polled about 200 votes more than Mr. Walker. In the local precinct, Curtis Collins was re-elected Commissioner and Carl E. Ashmore won again for public weigher.

In the state election, J. E. McDonald was re-elected for Commissioner of Agriculture and Col Ernest O. Thompson was re-elected Commissioner of the General Land Office.

One of the hottest contested races in this part of Texas was that of Thomas L. Blanton, Congressman for a period of 20 years, who was defeated by an almost two to one vote by Judge Clyde L. Garrett of Eastland.

Blanton polled upward of 19,000 votes in the twelve counties, while Garrett polled upward of 33,000. Garrett received about 500 more votes in Taylor county, home of Judge Blanton, than the judge polled. This was a great surprise to Blanton's friends, especially, the Abilene Reporter News, who made a strong fight for their home candidate.

Blanton received fewer votes in the last primary than he did in the first one, which, we think is largely attributed to his method of campaigning, supplemented by the clean method used by his opponent.

The people of this county are disgusted with mud-slinging candidates, who use sneering tactics during a campaign. Thomas L. Blanton was never known to utter a commendable word about an opponent, instead, he can create and enlarge upon little old picayune things than any candidate we ever saw. When Blanton first entered politics, his system of criticizing might have aided in putting him over, but times have changed, people are better educated and have grown tired of such methods. Judge Clyde L. Garrett will make a good congressman and we commend him for the style and manner of conducting his campaign.

J. E. McDonald, commissioner of agriculture, was subjected to a legislative investigation last year, by political enemies, who were also fighting the Roosevelt administration in the agricultural field, but nothing could be found against his conduct. The people of Texas have approved his conduct and returned him to office over a field of several candidates.

Col E. O. Thompson of Amarillo, chairman of the State Railroad Commission, defeated Judge Frank S. Morris of Dallas almost two to one. Morris had the endorsement of several notable men and organizations in the state, but could not put himself over with the masses.

There were almost as many votes polled in the second primary as there were in the first one, with only two state races to be settled.

## Sunday School Attendance Still Gives Lead To Presbyterians

The Presbyterians, U. S. A. Sunday School led again in the percentage present for last Sunday, August 23, even though the other three Sunday Schools improved their percentage. Next Sunday is Homecoming Memorial Day at the First Baptist church and a large crowd is expected to be in attendance. Five hundred is the goal for Sunday School.

The following is the report for last Sunday:

Sunday School attendance	Aug. 23, 1936.
Church	Enr. P. Pct.
Christian	113 72 64
Presbyterian	60 49 81
Methodist	215 140 63.8
Baptist	432 240 55.5

Mr. and Mrs. George Snyder of Albany, Texas, are visiting the lady's parents, Mr. and Mrs. M. C. Cummings.

Mrs. Frances Adams of Austin visited several days here with her sister, Miss Ruby Volentine while taking a few days vacation. She left Thursday for Fort Worth and Dallas to visit the Centennial before returning to her place in Austin.

## Football Practice To Begin Monday

A number of promising athletes are expected to be out on the field for the first football team work-out of the season next Monday afternoon, August 31, at 3:30. Coach Clyde Dean encourages all boys eligible and interested to be on hand.

Several letter-men will be available to start out this year's squad. Play will be begun in the early part of October. The prospects of a lighted field looks good at the present, and with the boosting the citizens are going to give here, the Mountaineer team should be encouraged to do big things.

## Light Docket in Prospect For Fall Term 35th Dist.

COLEMAN, Aug. 28.—Unless there is a rush of business in District Clerk J. B. Hilton's office within the next few days the 35th Judicial District court will have little to do when it convenes here September 7.

Thus far the docket is one of the lightest in the history of the court. August 27 is the last day on which cases may be filed in that court if they are to be heard at the coming term of court.

Grand jurors will report for duty in District Judge E. J. Miller's court on September 7. The first week will be devoted to the trial of non-jury cases while the first week of jury cases is scheduled to start September 14.

## Hardy's Honored on 32nd Anniversary

A few friends and relatives surprised Mr. and Mrs. A. W. Hardy of the Plainview Community with a miscellaneous shower on their thirty-second wedding anniversary, Friday, August 21, 1936.

At the end of an enjoyable evening the gifts were presented to the honorees, who were greatly surprised.

Refreshments of punch and cake were served to Mr. and Mrs. Jeff Horner and family, Mrs. Dennis Smith and son, Mr. and Mrs. Chick Watson and family, Mr. and Mrs. Collin Price and family, Mr. and Mrs. Elmer Hardy and family, Mr. and Mrs. Buster Woodard, Mr. and Mrs. Pete Herring, Mr. and Mrs. R. H. Williams and family, Mrs. S. C. McNutt, Misses Golda and Aleene Hardy and Vada and Vera Horner.

The friends extended congratulations and wishes for many more happy years for Mr. and Mrs. Hardy in the community.

## Brown and Coleman Cooperative Groups To Meet August 28

The meeting of the cooperative groups of Brown and Coleman counties that was called for Wednesday night at Santa Anna, has been postponed until Friday night, August 28. The groups are composed of boys, who are interested in attending A. & M. College this year.

According to County Agent C. W. Lehmburg, in charge of the work in Brown county, organization of the two groups will be completed at the Santa Anna meeting.

## New Service Station To Open Here Soon

Bud C. Crump, who has been operating the Gulf Service Station in the west part of town, has contracted to open up the new Sinclair station at the intersection of Main Street and the Rockwood Highway, Wednesday, September 2nd. In an announcement found elsewhere in this issue of the News, Mr. Crump extends thanks to former customers and solicits the patrons of the public at his new station.

Mr. and Mrs. John Nixon and family of Floydada, Texas, were visitors in the C. H. Richards home Monday night and Tuesday.

Mr. and Mrs. J. O. Gardner and little daughter of Waco visited from Saturday until Wednesday with Mrs. W. H. Gardner and Mr. and Mrs. C. L. Boardman and family.

## Texas Ex-Rangers Reunion Held in Dallas Last Week

The Texas Ex-Rangers Association met for their seventeenth annual Reunion at the Ranger Headquarters building in Dallas, Thursday, August 20 to 23.

Registrations began at 9:00 Thursday morning and forty old timers answered the roll call. The list was enrolled to about 80 by Friday. A number of new names were added, several who had never responded before who promised never to miss another meeting with the old comrades of the Seventies. One dignified old fellow with the air of a "Kentucky Colonel, sah" asked if any one knew Dick Cheatham.

An interview disclosed him to be G. W. Ellington from Kentucky, and that he served in Malby's Company 7 with Mr. Cheatham in 1874, and had stood guard many times on the Santa Anna Mountain.

A fine representation of the boys on the present Ranger force was present and did much to make things pleasant for their less active comrades.

The Reverend P. B. Hill, Ranger Pastor of the First Presbyterian Church of San Antonio was present, and was elected Chaplain to succeed L. T. Arnold, deceased.

Thursday's session was devoted to registration, appointment of committees, and the presentation of the many letters and messages of congratulations and good wishes from friends all over the United States.

Major George Black reported a message from the youngest son of Captain Sul Ross, one time commander of Camp Colorado; a son of the "Fighting Parson," Andrew Jackson Potter, Methodist Circuit rider of the 70's, came to pay his respects; also a son of L. R. Milligan, cowboy preacher of Jeff Davis county, sent congratulations.

Major Black then presented the long list of courtesies which he was asked to extend to the Rangers during their stay in Dallas. The list was too long to repeat here, but mention must be made of the good meals furnished by the Mayflower Doughnut House and the Maxwell House Coffee Company, the free rides given at any and all times by the Bowen Bus lines, and the Preview of "The Texas Ranger" at the Majestic Theatre with King Vidor in person as Master of Ceremonies.

The old boys were the cynosure of all eyes and were constantly in demand for pictures and interviews. On Friday the request came to Major Black to bring Captain John R. Hughes of El Paso, Mr. S. P. Elkins of Tishomingo, Oklahoma, and C. M. Grady of Brownwood down to the broadcasting station for an interview which was broadcast over the N. B. C. network. Saturday a young couple from New Jersey came to the Ranger headquarters and requested to meet the old boys (the youngest 81) who had given the broadcast and a picture was secured. They had been more than two hundred miles away and heard the program over the radio in their car.

The new officers elected were: Commander, Major George Black of Comanche; Captain, C. M. Grady of Brownwood; 1st Lieutenant, Captain John R. Hughes of El Paso; 2nd Lieutenant, J. A. Newton of Galveston; Color Bearer, Luke Dowe of Del Rio; and Chaplain, Rev. P. B. Hill of San Antonio.

At noon Saturday the meeting was adjourned, and though highly elated over the wonderful courtesies shown them in Dallas and the glamour of the crowds begging for pictures and auto-ographs, each old faltering voice was raised in pleasure at the thought of coming home to their beloved Santa Anna Mountain in 1937.

Reverend and Mrs. A. L. Oder and sons, Harry and Clifford, returned home Monday afternoon from a two weeks' trip to northern Kentucky to visit relatives. They visited many interesting and historic spots in Kentucky, including the birthplace of Abraham Lincoln, the Mammoth Cave, and the mansion where Stephen Foster wrote "My Old Kentucky Home." Stops going and coming included Fort Worth, Dallas, Atlanta, the Rodessa Oil Field in Louisiana, and other places on into Kentucky. Their daughter, Mrs. Floyd Herring and baby of Fort Worth accompanied them home.

## Ernest England Loses Sight Of Right Eye

Ernest England was carried to Brownwood Monday to an eye specialist to have his right eye removed as a result of an accident Saturday at the Rose Gin.

Mr. England was helping to repair the gin and in some way while hammering on a piece of metal, a small piece of metal splintered and passed through his eye, completely destroying the sight, necessitating the operation.

## Baptist Church To Observe Homecoming Day Sunday, Aug. 30

Plans are practically complete for the great homecoming and 54th anniversary program of the Baptist church here. Almost every one of the former pastors who are living are planning to be on hand and take part in the day's services. The three living charter members will be present also. One of these, Mrs. W. H. Brooks of Brownwood, cooked the first meal ever cooked by a woman in Santa Anna. Her father had one of, if not the very first stores in Santa Anna. It was in the gap of the mountain and was a shed onto the side of their residence.

Dinner for the great gathering will be provided from full baskets which all local people will bring, and will be served in the park across from the Santa Fe Depot on the property of Mrs. Allison Weaver. The weeds have been removed, the ground will be sprinkled by the fire department on Saturday, and shade will be available for the noon repast. Mrs. J. Ed Bartlett, Mrs. Dennis Kelly and Mrs. R. E. Dunham are the committee on the dinner.

The program of the day begins at 9:45 when the Sunday School will open, with hop set on 500 in attendance. Rev. A. R. Watson will read a brief history of the church after the orchestra plays two numbers. Other special music will follow throughout the day, furnished by soloists, quartets and individual players of instruments. Rev. J. M. Reynolds of Galveston will preach at the morning hour. After noon there will be a singing, interspersed with addresses from other pastors and former members. If possible, Rev. Hal C. Wingo will come and will have a message in the afternoon service. At the evening service the Training Union will present a playlet, and will have a poster display. The evening sermon will be preached by Rev. Sid F. Martin of the Lamar Ave. Baptist church, Wichita Falls. All the friends of the church and its former pastors are cordially invited to attend.

## Miss Rainey Receives Bachelor's Degree

(Special to Santa Anna News) DENTON, Texas, Aug. 28.—Miss Arbie Lou Baimey of Santa Anna was granted the bachelor's degree from North Texas State Teachers College at the twenty-fourth annual summer commencement, held August 19, her major was English.

The college granted 493 bachelor's and 27 master's degrees, making a total of 520, the largest class in the history of the institution. At the spring convocation, 175 degrees were granted, making a total of 695 for the year.

## Local Golfers Go To Invitation Match at Brady

Several local golf players went to Brady Sunday to participate in an invitation match played at the Country Club course. About eighty players from over the territory took part in the match.

The following went from here: Carl Williams and son, Stuart, Virgil Newman and son, Woodrow, and J. T. Garrett.

Miss Aline Harper visited in the home of her aunt, Mrs. N. D. Van Dalsem of Voss last week.

## Revival Meeting At Church Of Christ

The Revival meeting is still in progress at the Church of Christ, Reverend Ollie Cantwell of Blanket is in charge. The meeting is being held on the outside, it is well lighted, very comfortably seated, and the sermons are splendid. The meeting will continue through Sunday. The public is invited to attend.

## B. T. U. To Present Play Sunday Night

Sunday night at 7:15 three members of the Senior B. Y. P. U. will present a short play on the "Ladder to Church Membership." The characters are Hal, Judy, and Sue, and will be played by Robert Williams, Ora Alice Newman, and Armenta Ragsdale. This will be an interesting and worthwhile lesson on scriptures of the Bible pertaining to soul winning and church membership.

As it is Memorial Home Coming Day at the Baptist Church, a large number is expected to be present for this program.

Seth Ford, who has been enrolled for the summer term at A. & M. College at Bryan, returned home Thursday to spend the rest of the summer with his parents, Mr. and Mrs. J. E. Ford.

Mrs. J. M. Childers, who has been visiting with Rev. and Mrs. T. D. Moore of Comanche, returned home Sunday. She was accompanied by Rev. and Mrs. Moore who spent the day here.

## Farmers to Attend San Angelo Soil Conservation Meet

A trip for farmers and ranchers to the San Angelo Soil Conservation Project is being planned by the Coleman District Vocational agriculture teachers. The trip was discussed at the Stephenville Convention August 17-20 and it was decided that all farmers and ranchers interested in going should meet at their local school houses Monday night, August 31, to make final preparations for the trip.

Interested farmers who cannot meet Monday night are requested to be at their respective local high school houses at 6 a. m., Wednesday, September 2, ready to leave for San Angelo. The party will return some time Wednesday night.

Some features of interest to be noted at the San Angelo project will be pasture improvement, terracing, strip cropping, contour row, and rotation of field crops.

Vocational teachers of agriculture to get in touch with by telephone, card, or letter in case you desire to make the trip are: Coleman, R. H. Campbell; Santa Anna, A. D. Pettit; Buffalo, G. Godwin; Burket, A. I. Edwards; Novice, J. H. Greenway; Talba, G. L. Richardson; Valera, W. A. Morgan; Content, G. C. Moore; Doole, T. Wood; and Mozelle, C. B. Edwards.

All farmers and future farmers of Santa Anna and the surrounding communities that are interested in this Soil Conservation project are urged to meet at the high school next Monday night, August 31, to make preparations for the trip Wednesday night.

Hubam Clover Fair - Soil Erosion Crop

GARLAND, Aug. 28.—Approximately 4,000 pounds of Hubam clover seed have been harvested and threshed on 12.5 acres of land on five farms in the Durk Creek Soil Conservation Service project area. The clover was planted in February in strips and on steep eroded areas for erosion control.

Hubam, unlike the biennial white sweet clover, is an annual, and produces a seed crop each year while the biennial variety does not seed until the second year after planting. The clover has a tap root system with numerous lateral roots, making it an excellent crop for erosion control when planted in broadcast on the contour.

As a soil building crop, Hubam should compare favorably with the biennial sweet clover. According to P. E. Dunkle of the Texas Agricultural Experiment Station at Denton, wheat rotated with sweet clover increased its yield 117 per cent over continuous cropping; oats - 66 per cent; corn 13 per cent, and cotton 22 per cent.

The Hubam crop may be cut early for hay, and a second cutting may be made later for seed.

Freight trains nowadays act like express specials. New freight schedules are so fast, I sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

This new Free pick-up-and-delivery of less than carload freight—I heard some traveling salesman talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-car and car-to-door at both ends. The railroad handles the whole transaction.

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

Western Railroads and THE BULLMAN COMPANY

or an early cutting for hay with the second crop turned under for soil building purposes. Hubam seed production offers some possibilities as a paying enterprise for the black land of Texas.

R. L. Hargrove of the New Hope community reports that Hubam planted on eroded Johnson grass land made fair growth. The crop was cut after the Johnson grass headed, and fed to work stock. Albert Corley of the Handley community stated that hay cut early in June made good forage and was readily consumed by livestock. He expects to harvest considerable seed from his second crop and turn the stubble under. J. R. Sebastian is well pleased with Hubam clover planted on strips for erosion control. He plans to double his acreage next year, and states that planting Hubam in strips offers an excellent opportunity for making a complete crop rotation on the farm.

COKE FOLK AWAKEN TO FIND RATTLE IN BED

ROBERT LEE, Aug. 28.—Mr. and Mrs. Will Woods, living on the Ferrell Simms farm near Robert Lee, don't believe the old theory that a rattlesnake won't get into a bed, not since their finding the house too warm for sleep they made their bed in a low farm wagon out in the yard. They were awakened from sleep by the rattle of a snake, close, entirely too close.

Afraid to move and afraid not to, they called for help. Their son-in-law, Jake Sparks, brought a flash light which revealed the reptile, the greater portion of its body draped over a wagon wheel, its poison laden head describing arcs terrifyingly near the couple in the out-door bed. Jake Sparks and his brother, S. B. Sparks, killed the snake.

which measured almost six feet and had 14 rattlers.

**"Expedition to South Pole" Entertaining To Senior B.Y.P.U.**

Friday night of last week, the Senior B. Y. P. U. was entertained at the Baptist church with a "South Pole expedition."

A South Pole appearance was given to the room by sheets shaped like icebergs forming the background and side view. Cotton covered with snow flakes and icicles were in every convenient corner to give an icy atmosphere. The center of attraction was a table at the entrance with the sign "Entrance to Bay of Whales." Snow and icicles covered the table which showed three ships "frozen in" on a body of water on the way to the pole, which was a large stick of peppermint candy banked in with snow.

Games such as South Pole riddle contact, South Pole animals, and a snow ball contest were played under the direction of Miss Frances Gregg and Mrs. Muriel Engel.

Two groups ran a race to the South Pole then telegrams were sent "back home." Much fun was derived from Knock Knock, also.

After the expedition returned, the party was served delicious ice cream and White Mountain cake.

Those enjoying this occasion were Misses Ruth Leady, Armenta Ragsdale, Evelyn Evans, and Frances Gregg, Messrs A. D. Pettit, Louis Pittard, Jack Gregg, Alton Brandon, Emmet and Milton Howard, Mrs. Muriel Engel, Rev. and Mrs. R. Elmer Dunham, Dixie and Harley K. Dunham, and Mr. and Mrs. Louis Newman.

**Wanda Duggins Celebrates 9th Birthday**

Friday afternoon, August 21, little Wanda Duggins celebrated her ninth birthday with a party at the home of her parents, Mr. and Mrs. Carter Duggins.

The color scheme for the day was yellow and green, and various cut flowers decorated the house. Many gifts were presented to the honoree, and after a number of games were played, cake and punch were served to about twenty one little guests. Plate favors were "Guess Whats."

Those enjoying this occasion were Rosemary Duggins, Doloris and Anita Joyce Nichols, Billie Gene and Carmaleta Russell, Millie Ruth and Velma Joyce Wilson, Lenora Nell and Sammie Joe Powers, George Lee Moren, Tylene Mills, Shirley and Dean Wyatt, Thomas and Doris Newman, Roland, Billy, and Virginia Day, Donald Ray Howard, Charles Kenneth Duggins, Drayton Mullis, and the honoree, Wanda Duggins.

**Co. Agent Tells How Soil Conservation Serves As Insurance**

The following report was received from County Agent C. V. Robinson recently:

The unusual weather conditions this summer have affected nearly every farmer in Coleman county and should cause all of us to appreciate the insurance features of the Agricultural Conservation program. At this time you will be interested in calling the attention of your former customers to both the short and long-time insurance features of their farm program.

Each producer, who meets the requirements of the Agricultural Conservation program, is sure of receiving some cash income even though his crops may be destroyed by drought or other causes. No program can prevent suffering and hardship if a farmer's labor and cash investment in crops are completely lost because of unfavorable weather conditions. But the present program will partly relieve the distress of cooperating producers by making a cash payment to those who have used approved farming practices on their land.

As an illustration, in the year 1932 there were 38,000 bales of cotton harvested in Coleman county, which brought the county approximately \$1,425,000 and in 1935 there were 26,000 bales of cotton, but the accumulated total realized in the county from the sale of cotton and seed, and the total benefit payments was \$2,300,000. Thus, with 12,000 bales of cotton less, the income was almost a million dollars more. Naturally, you have already made the comparisons in your own business, in the years mentioned.

The Agricultural Conservation program serves as insurance in the following ways:

1. All producers who participate will receive some cash income, regardless of what may happen to their planted crops.

2. Cooperating producers assume less risk if they divert a part of their soil-depleting crop acreage to soil-conserving crops, because the soil-conserving crops in the main serve to provide needed feeds and foods and because cash outlay may be reduced.

3. The program, by tending to adjust the supply to demand, insures a better price for that which is produced.

4. The soil-conserving crops grown on land that would otherwise be planted to soil-depleting crops, protect the cooperating producer against losses of plant food and soil, caused by leaching and erosion.

5. Improved soils mean better stands, fewer crop failures, lower production costs to producers, and, over a long period, a more stable and less expensive supply of foods, feeds, and fibers for consumers than would be available if soils should continue to be wasted at the present rate.

6. A stabilized income to farmer's insures to merchants, bankers, doctors, lawyers, teachers, etc., who serve agricultural communities, more profitable business, more regular employment, and better incomes.

It is suggested that the business and professional men become boosters for a permanent agricultural program that furnishes this type of insurance.

Dr. and Mrs. L. O. Garrett were called to Winnsboro Sunday afternoon to be at the bedside of the doctor's mother. Mrs. Loraine and Mrs. T. K. Martin and little son of Abilene spent Sunday and Monday with Mr. and Mrs. Chap Eeds.

**Players! Learn With The American Boy**

Boys and young men who want to improve their crawl stroke, their basket shooting, their hurdling, their tennis backhand, or their ball carrying, can enlist the aid of the nation's foremost coaches and players by subscribing to THE AMERICAN BOY magazine and following the sports interviews and fiction stories that appear each month.

For the coming year staff writers have gone to two of the greatest football teams in the country—Minnesota and Southern Methodist—for first hand tips on strategy, blocking, ball carrying, passing, and the fine points of line play. They have written the story of Bobbie Wilson, All-American halfback.

They have interviewed famous track coaches like Bernie Moore and Bob Simpson. Have gone to the University of Oklahoma to learn how college champions wrestle, to Notre Dame for the story of the building of a great basketball team. They have sought out famous baseball players, swimmers, tennis champions and All-American backs, to get their story of how to play the game.

AMERICAN BOY fiction is jammed with instructive background details telling how to play a better game. And the rest of the magazine is jammed with adventure, exploration, vocational help and articles vital to boys.

Ohio State University's track head, coach of the famous sprinted and low hurdler, Jesse Owens, and himself a former hurdling star, first learned to hurdle from articles in THE AMERICAN BOY. "I used to cut out hurdling pictures and duplicate them in front of a mirror. Then on the track I'd follow that form."

Today thousands of future champions are just as eagerly following THE AMERICAN BOY. Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Enclose with your name and address \$1 for a year's subscription, \$2 for three years, and add 50 cents if you want the subscription to go to a foreign address. On newsstands, 10 cents a copy.

*It's "Stripped for action"!*

A cheap, poorly refined motor oil is like an over-dressed wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the over-dressed wrestler, can't do a good job!

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining further than this until Gulf perfected the Multi-sol process.

**GULFLUBE MOTOR OIL**, like this wrestler, is stripped for action. Stripped of all useless waste by the Multi-sol process—the finest 25c oil in America—the only 25c oil equalling premium-priced oil!
