VOLUME 51

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY JULY 24, 1936

NUMBER 30

"He Profits Most Who Serves Best"

## About Town

(By the Editor's Shadow)

Santa Anna had a big Trades Day Wednesday. If there was a candidate for a local or county office absent, we didn't miss him; every other person in town was a candidate, and there was a crowd here, too. The candidate speaking was not the only success (for some of the candidates), but the people came to trade a great deal also. The day was warm, but about 5:30 in the afternoon, came a rain that cooled things off for a bit.

The Shadow drove over the Ranger Memorial Park Tuesday afternoon just to view everything that is taking place out there. One beautiful driveway is completed and another is being constructed. The Shadow hadn't realized what a pretty place the park is getting to be. Other things, such as attractive and artistically designed flower beds are being constructed.

In speaking of any construction work being done, we will have to mention the building that is being erected on the lot just east of the filling station operated by Elucian Nye. Mr. Thate has purchased the lot, so the town can depend upon a modern commercial building being constructed there. Sam Collier is remodeling his home, and Ed Bartlett has just finished some improvements on his attractive home.

Miss Mildred Boardman, who has had several years experience at a mercantile firm in Winters, is now employed at the Hill Dry Goods place of business. She took the position formerly held by Jewell Hill, who has now joined the Yarbrough mercantile business at Goldthwaite.

Here are several hurrahs for the Baptist Young Men's softball team. They really started off with a bang in the second round. Their game with the Firemen was called off Wednesday because of the rain, but when it is played, it'll be a GAME. The Shadow will carry the diamond that day, regardless.

We welcome Stanley W. McCarty, a young jeweler from Munday, to the Mountain City, who is putting in a repair shop at Walkers Pharmacy this week.

Several cars loaded with passengers have been through the city last week-end and this week that are headed for the Centennial celebration in Fort Worth and Dallas. Some of the cars are just mere machines, and some of them are real "limousines." Now that the celebrations in both the big cities are on, many more cars will be traveling that way.

A. D. Pettit, who is on the job as vocational agricultural teacher, took Woodrow Newman and H. W. Kingsbery to Stephenville Thursday to attend the annual State F. F. A. meeting which convenes there Thursday and Friday.

Sometimes in this shadowy business, the Shadow gets so busy that a breath-taking plunge into a cold lake of water would be most welcome, even if it would be to cool off for just a few minutes.

## When Baptist Revival To Start Sunday

A two-weeks' series of revival meetings, beginning Sunday, July 26, will be held at the Whon Baptist Church, eighteen miles south of Santa Anna. Morning services will begin at 10 o'clock and evening services at 8. Rev. A. N. Todd, pastor of the Calvary Baptist tabernacle at Brownwood, will preach during the meetings; while the Whon pastor, Rev. Loyed R. Simmons, will conduct the singing. Miss Tyna Black will be the pianist. A large junior "Booster" choir is expected at each evening service. Grove prayer meetings will precede the evening song service.

Everyone in the vicinity of Whon, regardless of denominational affiliation, is cordially invited to attend the meetings. The Sunday School is attempting to have a record attendance Sunday morning, and a picnic to be held the following Wednesday morning is promised if the new record is established.

## Holding Baptist Revival

Evangelist A. F. Johnson

Men and boys of Santa Anna and Coleman County, irrespective of church creeds, are to hear Evangelist A. F. Johnson, nationally known evangelist, in a great Mass Meeting Sunday at 3 p. m. in the auditorium of the First Baptist church. Every preacher and church layman with other men not church members are working for a record attendance.

The building will be cooled with big powerful fans. Each man and boy will feel perfectly at home. This meeting excludes all women and girls. "This meeting will be for real men and thinking boys. No little

missie men nor boys will be allowed," said Rev. Johnson as he mentioned the service at the church Wednesday night.

"Authentic reports show that after the delivery of this special message on one certain occasion, 500 underworld men banded together to defeat the churches and to kill the evangelist. This sermon started a move in that city which resulted in a NEW DAY for God's people. Every true man and boy will not want to miss this message by Rev. Johnson at 3 p. m. Sunday at the Baptist church," according to Rev. Dunham, pastor of the Baptist church.

## Do You Want To Get Married?

If you don't want to get married, don't read any more of this. Rev. A. F. Johnson of Albuquerque, New Mexico, is holding a Revival meeting at the Santa Anna First Baptist Church. Attendance to the Revival is increasing by leaps and bounds. He urges that we have 150 in B. T. U. Sunday night.

As a special feature on the program for the B. T. U. Sunday night, he will speak for ten minutes on "How a B. T. U. Got Married." Will you be one of 150 to hear this? B. T. U. begins promptly at 7:15.

Last Sunday night, the B. T. U. had 100 as its goal, and 122 were present. The organization is making an effort to increase its regular attendance and much interesting work is being done in the different unions.

## Revival To Begin At Trickham Friday

On next Friday night, the 24th of July, a revival meeting will begin at Trickham, to continue over three Sundays. The four preachers who have appointments there monthly, will be on the grounds most every service. Bro. W. H. Woolard, minister of the First Christian Church at Coleman, will do the preaching. That is a guarantee that it will be well done. People from Coleman and Santa Anna, as well as other near-by points, will be in attendance. Everybody is invited. A splendid time is expected.

## FAIR INTEREST GROWING

Several have been in this week, talking about our Free Fall Fair to be held in October. A number of farmers are planning to be here with their agricultural and livestock exhibits. The Fair Association plans to have more room for exhibits this year by leaving out all merchants and commercial booths.

## PRESBYTERIANS STILL HOLD LEAD IN S. S. ATTENDANCE

The Presbyterians seem to have a continuous lead in the Sunday School attendance each Sunday morning. On July 19, they held a 22 per cent lead over the next highest. The following report was brought in this week: Presbyterian enrollment, 60; present, 50; percentage, 83; Baptist enrollment, 432; present, 267; percentage, 61 plus; Christian enrollment, 112; present, 68; percentage, 60 plus; Methodist enrollment, 215; present, 117; percentage, 54 plus.

As the closing day of the Baptist Revival, the Baptists have set as their goal, 500 in attendance Sunday morning for Sunday School, and 150 as their goal in B. T. U. Sunday night.

## MRS. D. A. CAMERON

Death came Friday morning, July 17, to Mrs. D. A. Cameron of San Saba, sister to Mrs. Charles Hale of this city after an extended illness. Funeral services were held Saturday afternoon from the San Saba First Presbyterian Church, in which she held membership, with Rev. V. L. Sherman, Methodist minister, officiating. Burial was in the San Saba cemetery.

Mrs. Cameron taught in the Abilene high school for ten years until she received her Masters Degree from Texas State College for Women, then she served as head of the home economics department in Hardin-Simmons University until her health failed.

She is survived by Mr. Cameron, a son, daughter, and grandson, and six sisters and four brothers.

Dr. J. D. Sandefer, president of Hardin-Simmons, said Mrs. Cameron was a member of the Hardin-Simmons faculty from 1932 to 1934. He said, "Mrs. Cameron was one of the most charming and cultured women ever on our faculty."

## 500 In Sunday School Is Baptist Goal

The Baptist Sunday School is pushing for 500 in attendance Sunday morning and feel so encouraged that they will reach it that they have contracted with a Coleman photographer to come up and take a picture of the crowd. In order to enlist this 500 a visitation program has been planned for Friday afternoon at 2:30. All teachers and officers and one third of the enrollment of each class and department will meet at the church at 2:30 and take assignments and go out to visit every prospective pupil as well as all those absent who are enrolled. The day has been designated "Victory Day" for the Revival meeting which closes that day. The picture made will be used in The Fort Worth Star Telegram, the Sunday School Builder, a Southwide S. S. monthly magazine, and the Baptist Standard. All members of the church, members of the Sunday School and those who are members of no Sunday School are cordially invited to attend, and be in the picture.

## Santa Anna Golfers Defeat Brady Club

The Hill Crest Golf Club defeated the Brady County Club team on the local course Sunday afternoon by a score of 10 to 6. Two of the matches were carried to the 19th hole. Dr. Lovelady losing to H. L. Wood on the extra hole and Mr. Thate defeating E. L. Jones on the 19th, after having evened the match on the 18th hole.

The scorings were as follows: Brady... Santa Anna... Mayhew, Jr. 4-3 Garrett, Jess Morrow, G. Newman, V 8-7 Hallum, Newman, W 6-5 Campbell E 2 up Whitstone, Newman, F S Peterson 1 up Hawthorne, 2-1 Garrett, L O Embury, Ransdale, V 6-5 Wood, 2.

(19th) 1 up Dean Calliham, 1 up My Lindley, Oakes 3-1 Mayhew, Sr. Kirkpatrick 4-3 Adkins, E. Wheeler, B 6-5 Jones, E. L. Thate.

(19th) 1 up The Santa Anna Club has only two more matches to play. They will play the Hill-Crest team here on August 2, and the Hill Crest players go to Ranger on a later date.

## THREE INJURED IN WRECK NEAR MASON FRIDAY

Mrs. George C. Starr of San Marcos, Mr. and Mrs. Jack Starr of Oakdale, Louisiana, Roy Starr and J. W. Boston of Sugarland, enroute from San Marcos to Santa Anna for the funeral services of G. C. Starr of San Marcos, had the misfortune to wreck their car six miles south of Mason when a car driven by Roy Zesch, rancher near Mason, drove onto the highway from a side road directly in the path of the Starr automobile, making the crash unavoidable.

Mrs. George Starr and Mr. Boston received numerous bruises and lacerations. Most seriously injured in the accident was Henry Kirchoff of Mason, who was riding on the fender of Zesch's car. Both of his legs were broken and he was injured internally. He was rushed to the Brady Hospital where it was feared that his injuries would prove fatal.

Roy Starr, who was driving, was absolved of any blame in connection with the accident. J. W. Boston was able to return to his home in Sugarland Monday.

## BUDDY LOVELADY RECEIVES INJURY IN SCOUT CAMP

Dr. and Mrs. R. R. Lovelady were called to Abilene to the Hendrick Memorial Hospital Wednesday morning after receiving the message that Ray Roy, Jr., had received an injured knee while playing baseball at Camp Tonkawa, Boy Scout Camp at Buffalo Gap. An X-ray showed the injury was not serious.

Miss Bettie Blue, Mrs. Tom Mills and daughters, Wilma Jeanette and Mary, and Misses Betty Ruth Blue and Betty Sue Turner attended the Centennial celebration in Fort Worth and Dallas from Monday to Wednesday of this week.

## Texas Oil Fields Decline From Output

Settled Fields, Back-Bone of Oil Industry, Yield Major Share Of Crude

By H. J. STRUTH Petroleum Economist

Analysis of thirty-seven Texas oil fields shows that crude oil production declines an average of forty per cent one year after attaining peak output, fifty-nine per cent after two years, eighty per cent after five years, and after ten years the average oil field produces only about eight per cent of its original maximum output, according to studies just completed by The Mid-Continent Oil and Gas Association of Texas. These facts prove that oil is definitely a diminishing asset, the production of which involves but a comparatively brief period of flush, natural flow and the realization that the ultimate yield of recoverable oil from every well can be obtained only by employing costly pumping equipment.

There are now approximately 63,000 producing oil wells in Texas, of which 36,000 are classed as pumping wells and 27,000 as flowing wells. About 18,000 of these flowing wells are located in the East Texas field, which furnish thirty-seven per cent of all the oil produced in Texas. Last year, the pumping wells of Texas, comprising the steady, settled fields of the State, produced nearly 150,000,000 barrels of crude oil, which is thirty-eight per cent of all the oil produced in Texas. A substantial portion of the State's settled oil production is furnished by the North Texas area, where the average output of 20,000 wells is less than eight barrels per well daily.

## State Committee Approves New Soil Conservation Practice

COLLEGE STATION, July 22.—That the eradication of noxious weeds and grasses including Johnson grass, Bermuda grass, nut grass, blueweed and bindweed will be considered as a soil-conserving practice in Texas and will qualify farmers for a soil-conserving payment acre for acre in lieu of a soil-conserving crop, has been approved by the State Agricultural Conservation Committee.

Two methods of eradication were approved. One consisted of flat-breaking the infested land, followed by intensive cultivation during the months of July, August, and September with a knife cultivator or disc harrow.

The other method that may be used is that the infested land be bedded and rebudded with a sweep or "middle-buster" at intervals of not more than 30 days, followed each time by a harrow in order to expose the roots to the weather.

Eradication can be carried out for payment only on badly infested crop land, location of which is filed with the County Committee before eradication starts.

## GEORGE C. STARR

Funeral services were held last Friday afternoon at the Methodist Church at 2:30 for George C. Starr, 63, who passed away in San Marcos Thursday, July 16.

Mr. Starr had been in ill health for about three years. He formerly lived here and moved to Sugarland about twenty years ago. He moved to San Marcos about two years ago in an effort to improve his health.

Deceased is survived by his widow and two sons, Jack Starr of Oakdale, Louisiana, and Roy Starr of Sugarland. Four daughters and one son died in infancy. He is also survived by two sisters, Mrs. J. D. Williamson and Mrs. L. Cruger of Santa Anna.

Interment was in the Santa Anna cemetery.

## REVIVAL TO BE HELD AT CLEVELAND

Reverend Virgel Jackson of San Angelo will begin a series of revival meetings Friday night, July 24, at the Cleveland Church of Christ. Everybody is invited to hear this splendid gospel speaker.

James Phillips of Houston is visiting relatives here for the summer.

## Rains Cause Damage To Crops Here

Destructive rain, hail and windstorms have been prevalent in Texas this week. Considerable damage was wrought in Dallas, Tarrant and adjoining counties Monday evening, and Nolan county suffered some damage Tuesday evening. A heavy rain wrought some damage in the eastern part of this county Wednesday evening, the heaviest part of it extending over into Brown county, according to reports reaching here. Considerable damage was reported to crops and surface soil in the main parts visited by rain.

## Goldthwaite Editor Passed On Last Week

This editor, and many others in Texas, lost a good friend last week when Editor R. N. Thompson of the Goldthwaite Eagle passed on.

Editor Thompson spent the greater part of his newspaper life in the Mills county, Tex. He branched off to Brownwood, Cleburne and possibly other places for short durations, but was happy to land back in his former haunts to spend his last days. He was happy in his work, and was an able editor. His fluent words and lofty ideals were an inspiration to many who knew him and read his paper.

Editor Thompson, according to words by his successor, had a premonition of his going, and worked right up to the time before he made it known, attending church Sunday, a family reunion during the afternoon, and back to his post of duty Monday morning, finally, late Monday, revealed his condition to his closest friends and associates, and passed out Tuesday afternoon. His pen is stilled, his voice will not be heard again but his life will continue to shine in many hearts as he built a monument of good deeds.

## Large Crowd Here On Trades Day

One of the largest crowds to attend Santa Anna Trades Day events were here Wednesday, and the merchants report fine business. Local, county and district candidates made their announcements during the afternoon. Most all the county and district candidates were here, and several of them were callers at the News office. See their last word appeals printed in this issue of the News.

## State F. F. A. Meeting At Stephenville

A. D. Pettit, vocational agricultural teacher of the local high school, Woodrow Newman and H. W. Kingsbery, agricultural students, left Thursday morning for Stephenville where they will attend the annual State Future Farmers of America meeting, Thursday, Friday and Saturday.

The purpose of the annual State meeting is to elect a new faculty of State F. F. A. officers and to study plans for State F. F. A. work for the ensuing year.

## MRS. GILBERT SUFFERING FROM AN INFECTED HAND

Mrs. A. E. Gilbert is suffering this week from a badly infected hand, which was caused by a bruised palm. The bruise was lanced in Brownwood last Friday and later infection set in. Late Tuesday afternoon she began suffering intensely and was carried to the hospital early Wednesday morning. The hand was lanced again and at the last report she was improving. We hope her hand will soon be completely well.

## Election Returns Saturday Night

Arrangements are being made for a bulletin board here Saturday night. Those wishing to get the election returns as they are released, will find the bulletin board and posted returns here.

Mrs. T. J. Lancaster returned home Saturday from Sonora where she has been visiting in the home of a son.

Worley Wheeler returned to Santa Anna Wednesday after working in Dinuba, California, for several months.

## Softball Schedule For Next Week

Mon., July 27—Nat. Guard vs. Firemen.

Tuesday, July 27—Nat. Guard vs. Baptist Adults.

Wednesday, July 29—Methodist vs. Firemen.

Thursday, July 30—Baptist Adults vs. Methodist.

Friday, July 31—S. A. News vs. Baptist Young Men.

Because of the facts that the National Guard can play on Monday and Tuesday only and that the Business Men have finished their schedule, two teams are forced to play two games on successive days.

This week's play will finish the second round except for one game between the Baptist young men and the Firemen which was rained out.

League Standing July 23	
Team	P. W. L. Av.
Bapt. Young Men	4 4 6 1.000
Bus. Men	5 4 1 .870
Firemen	4 3 1 .750
Methodist	4 2 2 .500
S. A. News	4 1 3 .250
National Guard	4 0 4 .000
Bapt. Adults	3 0 3 .000

## Bear Election Is Called For Aug. 1st.

271 Signers Obtained No Petition In This County

An election on the question of legalization of sale of beer in Coleman county was ordered by the county commissioners' court in session here Tuesday afternoon to be held Saturday, August 1. The action was taken following the filing of a petition containing the names of 271 voters in the county. Some 246 names was the minimum required for authorizing the calling of the election, that number being 10 per cent of the number of votes in the last election.

The issue will be stated on the ballot, "For legalizing the sale of vinous and malt liquors that do not contain alcohol in excess of 4 per cent by weight," and against same statement. A similar issue has twice before been defeated by the voters of the county.

It was pointed out by the commissioners court the election judges which will conduct the beer election will be different from those presiding in the two Democratic primaries July 25 and August 29, and for this reason a separate date was assigned for the special beer election.

Coleman Demo. Voice

## MISS THAMES MAKES STATE U. HONOR ROLL.

AUSTIN, Texas, July 22.—A total of 713 students in the College of Arts and Sciences at The University of Texas made grades during the second semester of the recent long session entitling them to places on the honor roll of that college. Both quantity and quality of the work done by each student were considered in compiling the honor roll. On the list, just announced by Dean H. T. Parlin, is the name of Miss Ernestine Holt Thames, who has completed her second year in the University.

## QUEEN THEATRE

Sat., July 27  
JOHN WAYNE in  
"Winds Of The Waste Land"

Sat. Prev., Sun. & Mon.,  
July 27, 28, 29  
JOE E. BROWN in  
"Sons O' Guns"  
with JOAN BLOWELL

Tuesday, July 28  
FRANCIS FARMER in  
"Border Flight"  
with JOHN HOWARD

Wed., July 29  
CHARLES FARRER in  
"Forbidden Heaven"  
with CHARLOTTE HENRY

Thurs. & Fri., July 30-31  
WILLIAM POWELL in  
"Ex Mrs. Bradford"  
with JEAN BRIDGES

Santa Anna News

FRIDAY JULY 24, 1936

J. J. Gregg, Editor & Publisher.

Entered as second-class matter at the postoffice, Santa Anna, Texas.

On Texas Farms And Ranches

A progress report on five poultry demonstrations in Blanco county shows an average of 1,081 hens, 12 percent culled, five percent mortality, 7,504 eggs laid, approximately 15 eggs per hen per month, and a profit to date of 85 cents per hen.

A Hereford calf is reported to have gained 125 pounds during its first month on feed under the watchful care of James McElrath, a 4-H club boy living near Coleman.

Fifteen registered Jersey heifers are in the hands of Eastland county 4-H club boys. Banks of Eastland county are assisting in financing the purchase of the calves which the boys will show at the Centennial.

Ray Earp, a pasture demonstrator living at Morgan Mill in Erath county, says that his acres diverted from soil-depleting crops to Sudan will be worth the cost of planting for the relief they will give his permanent pasture. In addition, he will receive a three-fold benefit; added fertility to his land, increased milk flow from his cows, and a cash grant.

Positive results from demonstrations using zinc sulphate to control pecan rosette are reported from Gillespie county. It was placed in five-eighths inch auger holes bored two inches deep and four to six inches apart around the trunk of the tree. The holes were plugged with a cork. Now growth on the treated trees measures two feet long and appears free from rosette.

Terraces 24 feet wide and 18 inches high with a nine inch fall between terraces built by county road equipment at a cost of 65 cents per acre are reported from Jones county.

DECATUR: Finishing home raised steers on home grown feed and making a profit as a result has recently been demonstrated by R. E. Caraway, farmer in Wise county, according to D. F. Eaton, county agricultural agent.

"Caraway finished out 17 calves which were all of his spring crop," the county agricultural agent stated. "They were grade calves, but from good cows and a well bred bull and were good type feeders."

These calves were fed 136 days on home grown ground corn, oats and cotton seed meal with minerals supplied. In addition to the grain, they had all the prairie hay they could consume. They were valued at \$27.50 per head at the beginning of the feeding time.

They made an average daily gain of 2.5 pounds. The gross returns were \$972 which netted Caraway a profit of \$11.31 per head. Their final average weight was 765 pounds per animal.

R. E. Caraway also ran some hogs with his steers during the feeding period.

SEMINOLE: C. H. Wescott, Gaines county farmer and farm record book demonstrator, believes in diversification as well as keeping a record of all his farming activities, according to a report of Lee R. Pool, county agricultural agent.

His gross income from January 1 to May 1 of this year amounted to \$1,355.35.

From fat yearlings he grossed \$425; from culled hens, \$12.32; from mohair, \$539.35; from cream, \$126.95; from maize, \$80; from a colt, \$100; and from sale of eggs, \$71.75.

According to the county agricultural agent, Wescott also put in a trench silo last fall.

CROSBYTON: "The prospects for a bumper crop of prime turkeys from the Joe E. McDuff farm in Fairview community in Crosby county are extremely good, when the turkey feeding practices of this farm are considered," stated Ralph Howe, county agricultural agent, in a recent report.

Mrs. Joe E. McDuff, who has charge of the turkeys on this farm, has 231 fine quality poultts that are already well feathered and making rapid growth.

"There are several reasons for this progress," the county agricultural agent commented, "namely, located in the brooder house are sanitary water fountains and hoppers for mash and cracked grain. In other hoppers there are oyster shell and grit. Also, the brooder house floor, which is well littered, is changed once a week."

Howe reports that around the brooder house, a green wheat pasture is being used and that Sudan grass is beginning to come up and will be ready before the wheat is gone.

HENRIETTA: "Everyone should have her garden laid with tile," Mrs. A. H. Wille, home record supply demonstrator in Clay county, recently stated.

Mrs. Wille has laid 115 feet of tile in her garden. The tile was made from local sand and one sack of cement which cost 20 cents.

Over the tile there are growing pepper and tomato plants. The tomato plants were only set out four weeks before they had green tomatoes on them.

TYLER: Inez McNutt, four-year garden demonstrator of the Starrville 4-H Club, planted for 1936 some 35 varieties of vegetables with 14,715 feet of row space, according to Rebecca Murray, Smith county assistant home demonstration agent.

This 4-H club girl canned 123 quarts which include: Jellies, relishes, beets, cucumbers, carrots, beans, berries, and plums. The family used 426 pounds of vegetables. She has also sold \$10.56 worth from her garden.

In the same county, Eurma Louise Sheegog, garden demonstrator of the Province 4-H club, has made a profit of \$10.01 from sale of vegetables from her garden of 2,380 feet of row space which cost her only \$2.37 to plant because of saving seed from her last year's garden. She spent \$1.00 on commercial fertilizer.

FLDORADO: An attractive flagstone walk has been built by Mrs. S. D. Harper, cooperater in the Cliff home demonstration club, according to a report of Lorna Farnsworth, Schleicher county home demonstration agent.

"The walk, leading from the front steps to the front gate, is about three feet wide, and is made of large flat rocks. Soil was dug out deep enough so that the rocks could be placed even with surface of the lawn. Care was taken to have the sides of the rocks even and parallel.

"Bermuda grass is being cultivated in the walk between the rocks and will be mowed along with the rest of the lawn," the home demonstration agent's report reads.

GROVETON: Clayton Barnett, Carlisle 4-H club boy, gathered 50 gallons of berries from a plot of ground 12 by 22 yards, re-

ported Alfred Crocker, Trinity county assistant agricultural agent.

From this plot, Clayton sold thirty-one and one half gallons for thirty cents per gallon. Also 98 quarts were canned and valued at \$10.80. By subtracting the canning cost of \$6.63, this 4-H club boy made a profit of \$22.42 from his berry patch.

Clayton has one row of dewberries and three rows of blackberries and is taking cuttings from his plants for a larger patch next season.

FORT WORTH: Leonard Meyer, 4-H club boy of the Birdville community in Tarrant county, has proved that profitable swine raising can be carried on in connection with truck farming, reports J. O. Woodman, assistant county agricultural agent.

Leonard has raised swine principally on the unsalable products from his father's truck farm for three years.

In 1933, when hogs were low in price, Leonard's books showed a profit of \$30 on two Poland China hogs that weighed a total of over 600 pounds when sold.

In 1934 the 4-H club boy made a net profit of \$35 on three hogs, and in 1935 he started out with two Duroc Jerseys valued at \$10. The gilt farrowed pigs and these sold for \$30. On May 29 this year the sow again farrowed a litter of nine. The assistant county agricultural agent estimates that Leonard will net \$100 this year from his swine.

Bandera county farmers are starting in to bud or graft ten or twelve native pecan trees a year. In this way they will be able to take care of the trees and get them to bearing earlier than if they grafted a greater number.

Mr. Harry Ticken, Pleasanton, Atascosa county, has a very good demonstration in legume inoculation for both black-eyed peas and peanuts. The peas show a marked difference in vine growth and nodules on the root system. Peanuts are not far enough along to notice any difference. Ticken is keeping a record of the harvest of both inoculated and uninoculated peas, and plans on doing likewise on his peanuts.

Enil Weida of the Guadalupe community in Victoria county put barnyard manure on an acre of land and planted cane. The cane will more than double the yield of that planted alongside on the same kind of land. Size and color of the feed tell exactly where he began and ended fertilizing. In a strip planted on what had been a turnrow, the color and size of the feed was also noticeable and no doubt this will also yield considerably more than his other land. Asked if it had been fertilized he replied that, "It had not, the growth and color was due to the fact that he hadn't planted anything on it for several years and just hadn't worn it out."

Mr. Tom Wilson of Luling owns a farm which had been taken out of cultivation several years ago and put back into pasture. This was done for only one reason and that was to hold the soil and keep it from washing off until he could have his farm terraced. Lines were run on this farm and the terraces constructed this month. The cost of terracing was \$1.25 per acre, this including the cost of fills. Mr. Wilson's farm consists of 80 acres of cultivated land, which is now all terraced. This farm will be a valuable demonstration of terracing in this particular neighborhood.

Edna Real of the Reservation club won first place in Kerr county in the 4-H club girls' bedroom contest. She painted the walls in ivory and varnished and waxed the floor of her room. She refinished 13 pieces of furniture including the bed, and made three hooked rugs. A book shelf and a magazine stand were provided. A mattress was made, together with spring and mattress covers, a mattress protector, pillow protectors, and a candlewick bedspread.

A total of 60,747 feet of rows of vegetables have been planted by 50 4-H club girls in Calhoun county. Gardens have suffered, and damage has been done to the tomato crop in the county, but 4-H club gardeners keep on and achieve a measure of success by persistence.

In Austin county 64 club girls have been improving their bedrooms. They refinished 115 pieces of furniture. They made bed linens, spring and mattress covers and pads, and towels. They added 36 pairs of window curtains, and screened windows. All this improvement cost the girls \$210.15 and is valued at \$455.85.

Melba Little of the Wylie 4-H

girls' club, third place winner in the bedroom contest in Taylor county, improved her room with a total cost of \$10.80, adding a new rug, new wall paper, a clothes closet, and a wash stand. Her color scheme was pink and white, using pink curtains given to her and a pink bedspread, also a gift. She improved her bed by adding slats, spring cover, mattress cover and pad. As a result of her accomplishments, her family has bought enough paper to improve the entire house.

ALUM CREEK, July 22.—"The milk check is larger and the feed bill is smaller when you feed your dairy cows on home-grown alfalfa," T. T. Royston, 4-H man in Bastrop county, pointed out.

W. S. Millington, county agricultural agent, reports that Royston has been milking 12 cows which produced 22 gallons of milk per day. Three days after he began feeding alfalfa his milk production increased from 22 to 31 gallons per day. Royston plans to double his alfalfa acreage this fall.

DALLAS, July 22.—Mark Keck of the Grand Prairie 4-H club of Dallas county reports that she has learned to keep her cutting bed just moist enough for the dirt to cling together when crushed in her hand, and also to keep the crust constantly broken after each watering in order to keep her cuttings living during the dry weather.

KINGSVILLE, July 22.—Mrs. Lyman Hanson of the San Fernando home demonstration club of Kleberg county made two mattresses of home grown cotton last fall.

About 350 pounds of seed cotton were ginned and pressed into a miniature bale and kept in well formed layers. Since the cotton was ginned for seed, Mrs. Hanson's cash outlay for the mattress was the amount paid for ticking, thread, mattress cord, and needles.

EDNA, July 22.—At the achievement program held at her home, Iola Kubecka, 4-H club girl in Jackson county, told visitors that she had raised vegetables from her garden this year worth \$138.95.

She reported that 1,644 pounds were used fresh; 1,135 pounds have been stored for future use. Also she canned 117 containers of food valued at \$34.06.

SAN AUGUSTINE, July 22.—Mrs. Vivian Sowell, cooperater of the Norwood home demonstration club in San Augustine county, has canned so far this year 76 quarts of berries, according to Esther Ross, home demonstration agent.

She has also canned 210 containers of 16 varieties of fruits and vegetables.

COLLEGE STATION, July 22.—Following the recent rains many Texas farmers are planting black-eyed peas, cow peas and other legumes. In part of the State where there have been excessive rains soil-depleting crops are badly damaged, so the land is being planted to legume crops to qualify for payments under the Agricultural Conservation program.

Farmers can harvest legume seeds for home planting before plowing under the crop and still qualify for payments, it has been pointed out by officials of the program. It has also been approved that producers may plant legumes in rows now and qualify for payments.

JAYTON, July 22.—"I have all my land contoured with the exception of about 20 acres and I plan to contour the rest of it next year," Wade Wright of the Girard community in Kent county recently said.

He pointed out that wind and sand had damaged his crops on the straight rows, but had not hurt his crops of the same size growing on contoured rows.

"The wind and sand swept down the straight rows, but could not follow the contours," he said.

ROBY, July 22.—Curry McCain, farmer of the Capitola community in Fisher county, recently demonstrated to his own satisfaction that cotton burs have a value in adding organic matter to soil.

McCain pointed two acres of sudan, according to T. H. Rosensch, county agricultural agent. On one acre cotton burs were applied to the land and the other acre was left in its natural state. On the acre on which the cotton burs were used, the sudan is now about waist high; while on the other acre, the sudan is about six inches high and is practically dead.

A SYMBOL OF LEISURE

There is something that seems rather encouraging in the fact that furniture stores are again displaying a few rocking chairs among the many other items in

like frame of mind that existed their stocks. For many years a rocking chair has carried many fond recollections of the past; its return, if it is indeed returning, ought to be a good omen.

The rocking chair, really, is a symbol of another day than this—a day that was more leisurely, more ready to take its ease when the day's work was done, less of entertainment or being on the go. Grand-mother, that compendium of all the Victorian virtues, always used a rocker. She would be glad to see it coming back.

Probably it is stretching things a bit to get philosophical about a rocking chair. But this article of furniture passed out of the picture chiefly for psychological reasons, and if it returns it will simply mirror a return on the part of its users, to something

generally while the rocking chair had its heyday.

Consider the case. The rocker, if it was made right, was always a comfortable chair to sit in. To be sure, it was a bit dangerous to lean back in one and holst one's feet onto the table—but that is risky business anyway, to be attempted only by the daring. One could rest in a rocker, and, resting, one could rock gently—and rocking gently was somewhat like chewing the cud. One could reflect.

Of course, the reflection that the rocking chair engendered were not always very valuable. They usually found expression in some such remarks as "I sitting in a rocker and gently don't know what the world is coming to these days," or "I hear Mrs. Perkins has had to get rid of that new maid of theirs," but the reflection was the e, at any rate, and it betokened a

pleasantly-meandering and peaceful mind, willing to sit back and survey things without concern.

But automobiles and movies and other devices came along, and the world got restless—altogether too restless to retro to the rocking chair and reflect upon things. So the rocker became unfashionable—not because better chairs had been devised, but because the rocking chair frame of mind, if you may call it that, had disappeared.

The era of restlessness and unceasing activity waxed, and then waned. Now we are beginning to realize that the habit of sitting in a rocker and gently meditating on this and that has a great lot to be said in its favor. So furniture stores are beginning to display rocking chairs once more. It looks, we repeat, like a good omen.

SAMPLE BALLOT

"I am a Democrat and Pledge myself to support the Nominees of this Primary"

- FOR UNITED STATES SENATOR: MORRIS SHEPPARD of Bowie County, GUY B. FISHER of San Augustine County, RICHARD C. BUSH of McLennan County, JOSEPH H. PRICE of Tarrant County, JOE H. EAGLE of Harris County, J. EDWARD GLENN of Bosque County
FOR GOVERNOR: JAMES V. ALLRED of Wichita County, P. PIERCE BROOKS of Dallas County, F. W. FISCHER of Smith County, TOM F. HUNTER of Wichita County, ROY SANDERFORD of Bell County
FOR LIEUTENANT GOVERNOR: WALTER F. WOODUL of Harris County
FOR ATTORNEY GENERAL: WILLIAM McCRAW of Dallas County
FOR CHIEF JUSTICE OF THE SUPREME COURT: C. M. CURETON of Bosque County
FOR ASSOCIATE JUSTICE SUPREME COURT: RICHARD CRITZ of Williamson County
FOR JUDGE OF THE COURT OF CRIMINAL APPEALS: O. S. LATTIMORE of Travis County

Political Announcements

Political Announcements and Political Advertising must be paid for in advance.

Announcement Fees District, \$10; County, \$15; Precinct, except Constable and Justice of the Peace, \$10.

The following announcements have been authorized and are hereby made subject to the action of the Democratic Primaries in July, 1936.

For District Judge: R. L. McGaugh, E. J. Miller (Re-election)

For County Judge: John O. Harris (Re-election)

For County Clerk: L. Emet Walker (Re-election), E. E. (Everett) Evans, Lee Roy Golson, Carroll Kingsbery, Al Hintner

For County Attorney: John T. Williamson, W. B. (Billy) Baker

For Tax Assessor-Collector: Frank Lewis (Re-election)

For District Clerk: J. B. Hilton (Re-election), W. E. Gideon

For Sheriff: Frank Mills (Re-election), John Malchoff, P. F. Dyches

For Commissioner, Pre. No. 2: John Hunter, Curtis Collins (Re-election), W. Ford Barnes, J. L. (Jim) Harris, Claude E. Phillips

For Public Weigher: Mace Blanton, Carl Ashmore (Re-election), Bob Baskett, John C. Newman, E. E. Pittard

For Constable: Elvin Whitfield, W. A. (Bill) Shields, E. A. Harris, Ira H. Nichols, H. Mathews

For Representative, 125th Dist: Ross K. Prescott, A. R. Watson, Zeno C. Ingram

Eureka News

The revival meeting began last Saturday night and will continue for two weeks. Bro. B. F. Bennett is doing the preaching and Mr. Roy Cannon of Brownwood has charge of the song services. July 26 has been set for the home coming day. All of the old members are urged to attend services that day. There will be dinner for every one. Mr. and Mrs. S. M. Robnett and baby of Buffalo Gap are visiting Mrs. Robnett's mother, Mrs. E. N. Bouchillon, this week. Mr. and Mrs. W. L. Swan and Mr. and Mrs. G. A. Brinson visited in the C. E. Brinson home at Bangs Sunday. Mr. and Mrs. G. Casey and children of Abilene visited in the W. C. Casey home last week. Miss Daisy Hammonds visited Mrs. Ed Hinds Sunday night and Monday. Mrs. Jim Copeland and daughters, Alma and Mrs. O. S. Allen, attended Sunday School at Bangs Sunday. Mrs. Jack Horton and children are visiting relatives at

Putman this week. Mr. A. F. Brinson of Bangs is visiting in the W. L. Swan home this week. Mrs. R. N. Bouchillon, Mrs. E. D. Bouchillon, Mrs. S. M. Robnett and baby visited Mrs. G. A. Brinson Tuesday afternoon. Mr. J. D. Lancaster visited in Abilene Saturday and Sunday. Mr. and Mrs. Raymond Bouchillon and baby visited relatives at May Sunday.

Whon News

The revival at the Whon Baptist Church will start Sunday, July 26. Rev. Loyed R. Simmons will start the meeting and Rev. A. N. Todd will join him in a few days. Every one is urged to attend and take an active part in the meeting. Two recent additions to the Whon church are Mrs. Loyed R. Simmons and Mr. C. C. Gill. Rev. Howard Smith preached at the Nazarene church Sunday. Friends of Mrs. S. S. Shields will be glad to know that she is improving.

Mrs. Clove Fox of San Mateo, California, has returned home after an extended visit with Mrs. S. S. Shields. Mrs. W. H. McGonagill of Hobbs, New Mexico, has also returned home. Mrs. Anson Oden of Brownwood is spending this week with her parents, Mr. and Mrs. Bert Turney. Mr. and Mrs. Jimmy Watson and family from near Coleman spent Sunday in the Bert Turney home. Mr. and Mrs. Lee Fiveash and family returned Monday from their trip to the Centennial. Mr. Edgar McNutt left Saturday for his trip to the Short Course at A. and M. College. Mrs. Jimmy Gill left Sunday to attend the A. and M. Short Course.

The Whon Home Demonstration Club will meet Tuesday, July 28, with Mrs. E. M. Tisdell. Every one is urged to be present. Plans will be made for the Home Demonstration encampment. Mrs. T. B. Forehand, Miss Nella Derrington, Mrs. G. L. Gill and children went to Mills county last Thursday and returned Friday. Miss Derrington stayed and went to Austin. Mrs. N. E. Blackwell, Mr. and Mrs. T. A. Craft, of Grosvenor, Mr. and Mrs. Byrd White, Iran, Miss Desdemona White, of Chisolm, and Mr. and Mrs. Bill Featherston and family of Mercury are visiting in the homes of Monroe and Woodrow Blackwell. The Blackwell family had a pleasant day on the river Monday. Mr. and Mrs. Tom Bradley of Fife visited Mr. M. R. Cheatham Sunday. Mrs. J. I. Ellis is visiting her daughter, Mrs. Dick Deal. Mr. and Mrs. Clayton McMinn of Ballinger visited Mr. McMinn's sister, Mrs. A. L. Deal, last week. Miss Onta Wells of Rockwood is spending this week with Mrs. G. L. Gill. Mr. and Mrs. Jimmy Gill attended a barbecue on the Burleson-Johns ranch, near Whitney last Thursday. Mr. and Mrs. C. A. Walker of Santa Anna spent Friday on the Gill ranch. Reverend and Mrs. Loyed R. Simmons are spending the week in the Warren Gill home. Rev. Howard Smith and family attended the quarterly

V. Y. P. S. rally Friday at Brooksmith. They reported a very enjoyable time. The next rally will be at Goldthwaite. Miss Ada Belle Gilbert from Youth Texas is visiting her sister, Mrs. Joe Christi Barnes. Mr. and Mrs. Henry Bingham of Austin are visiting Mrs. Bingham's mother, Mrs. A. L. Deal. Whon was represented at the Coleman Centennial by Miss Vera Fay Tisdell and Mr. Peto Featherston. The Whon gin has quite a bit of new equipment being installed. Everything is being put in first class condition for a good crop year.

Y. Y. P. S. rally Friday at Brooksmith. They reported a very enjoyable time. The next rally will be at Goldthwaite. Miss Ada Belle Gilbert from Youth Texas is visiting her sister, Mrs. Joe Christi Barnes. Mr. and Mrs. Henry Bingham of Austin are visiting Mrs. Bingham's mother, Mrs. A. L. Deal. Whon was represented at the Coleman Centennial by Miss Vera Fay Tisdell and Mr. Peto Featherston. The Whon gin has quite a bit of new equipment being installed. Everything is being put in first class condition for a good crop year.

Rockwood News The rain that fell here Thursday was greatly appreciated. Miss Bert Johnson is visiting with her sister, Mrs. Clifton Straughn. Miss LaVerne McSwain of Santa Anna spent the week-end with Miss Dorothy McSwain. Mrs. Jud Porter and children, Jud, Jr., and Kate Marie, visited in San Antonio the first of the week. Mr. and Mrs. Bob Johnson and children, Mr. and Mrs. Robert Johnson and children, were business visitors in Santa Anna Thursday. Mr. and Mrs. Frank McCreary and family and Mr. and Mrs. C. H. McCreary visited in Falls County last week. Mrs. Joe Box and Mrs. Evan Wise and children spent Thursday in San Angelo. Mr. and Mrs. Joe Mitchell Box of San Angelo spent Sunday with homefolks. Mr. and Mrs. F. H. Shuford and Mrs. A. F. Vice spent Sunday with Mr. and Mrs. A. S. Hall. Mr. and Mrs. Joe Shelton and family, Mr. and Mrs. Ben Shelton and daughter, Miss Annie Shelton, Mr. and Mrs. Horace Shelton, and Mrs. Betty Shelton, all of Brownwood, Mr. and Mrs. Jack Shelton of College Station, Mrs. Ruth Bowden of Brownwood, were guests of Mrs. Terry Floyd Sunday. The day was spent picnicking on the river. Mrs. Luke Abnerth left Sunday morning to attend the annual Texas A. & M. Short Course at College Station this week. Mrs. A. S. Hall spent Saturday night and Sunday in Rising Star. Mrs. Dena Wise returned home Saturday from Temple. Mr. and Mrs. C. A. Crump and children, Peggy and Patsy, of Santa Anna and Miss Sammie Lee Stewardson of Fort Stockton visited in the A. L. King home Sunday evening. Miss Stewardson remained for an extended visit. Mr. and Mrs. Clovis Taylor and daughter, Patricia, spent Sunday evening in the Bob Johnson home. Mr. Bailey Hull is seriously ill. Mr. and Mrs. A. J. Snider of Abilene are visiting in the home of Mr. and Mrs. Bailey Hull. Mrs. Bill Rehm, Mrs. Carl Buttry, and Elton Buttry were business visitors in town Monday.

SWIMMING HAZARDS SHOULD BE HEEDED AUSTIN, July 20.—In Texas, during 1935, there were 371 deaths from accidental drowning, according to records in the State Bureau of Vital Statistics. This is an increase of 64 over the number reported for the year 1934, and an increase of 85 over the number reported for 1933. "While water sports are the greatest of all sports during the summer season, they present certain hazards which should be heeded," said Dr. John W. Brown, State Health Officer. "Accidental drowning would not occur if each individual respected the fact that water is not man's natural element, and governed his activities in the water by standards of safety. "Certain precautions should be taken by all swimmers: 1. Never swim alone—especially in deserted places where no rescue is available in case of an emergency. 2. Do not let young children go out in deep water even if they know how to swim, unless some older person proficient in life saving, is with them. 3. Do not go in bathing directly after eating. Wait two hours before taking the plunge. 4. Do not dive in unfamiliar places until you are sure of the depth of the water and the absence of rocks. 5. Do not overtax your strength—work up gradually to a long swim by strengthening the muscles first. 6. Do not swim when fatigued. 7. Do not create a hazard for other swimmers by childish pranks and smart tricks. "Accidental drownings, with few exceptions, occur through lack of proper safeguards or in places without adequate supervision. Take your swim in one of the approved sanitary swimming pools now available in most communities, and help re-

duce the deaths in Texas from drowning." SELL CENTENNIAL COINS MANY PLACES AUSTIN, Texas, July 22.—The sale of Centennial half-dollars is increasing throughout the State, due to the opening of booths and the placing of coin boxes in hotels, drug stores and other business places throughout the State, it has been announced here by Beauford H. Jester of Corsicana, general chairman of the Texas Memorial Museum Centennial Coin campaign. Booths are now being operated at the Texas Centennial Exposition at Dallas and also at the University Centennial Celebration in Austin. Coin boxes have been placed in Dallas, Fort Worth, San Antonio, Houston, El Paso and many of the smaller cities of the State. A booth will be placed in operation at the Frontier Day celebration in Fort Worth when it is opened. All proceeds from the sale of the Texas Centennial half-dollars will go to the building fund of the Texas Memorial Museum at Austin. Miss Margaret Schultz was a business visitor in Brownwood Tuesday. Clifford Wheeler went to McCamey Friday where he has employment. Mrs. Lula Johnson and Mrs. Bell Caldwell spent Sunday in Hamlin with Mrs. L. Gene Hensley. They were accompanied by Miss Josephine McMinn who spent the day in Abilene with her sister, Miss Minnie Bell McMinn. Mrs. Bill Mitchell, who has been seriously ill for several weeks, is now at home from the hospital and is reported to be improving. Dr. and Mrs. L. O. Garrett visited relatives in Winnsboro from Wednesday until Saturday of last week.

MOTHER! Here are Facts!

To guide your purchase of a Refrigerator! DON'T CHOOSE BLINDLY FOR HEALTH—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too. FOR CONVENIENCE—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day. FOR ECONOMY—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

BUY AN ELECTRIC REFRIGERATOR

If you buy a refrigerator that cannot provide satisfactory, economical performance, all the time, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, all the time... under all conditions.

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully, and you will choose a modern electric refrigerator.

MODERNIZE... CHOOSE AN ELECTRIC REFRIGERATOR

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company

Trickham News

Rev. Smith held church services here Sunday morning but could not be present for the evening services. Mr. Henry Lindley of Snyder spent Sunday and Sunday night with his brother, Tom Lindley. Miss Wanda Sewall of Brooksmith is spending part of this week with Miss Joyce Windham. Mr. and Mrs. Charley Bowden and family are visiting with their daughter, Alvie Ennis. Miss Dolphus Lindley spent the week-end with her parents, Mr. and Mrs. Tom Lindley. Miss Inez James spent Sunday with Miss Ruth Henderson. Miss Wanda Sewall and Miss Joyce Windham spent Sunday with Miss Wanda Sanders. Little Bobby Jack James spent Saturday with his grandparents, Mr. and Mrs. C. B. James. Mr. and Mrs. Noah Stacy entertained a group of young people with a party last Friday night. Mr. and Mrs. Grady McIver entertained a group of young people with a party Saturday night. Mr. and Mrs. Norton Sparks of Brownwood, Mr. and Mrs. Bon Featherston and Lorene of Trickham were visitors in the home of Mr. and Mrs. Tom Lindley Sunday. Miss Violetta Gooding, Miss Agnes James, and Mrs. Carl Laughlin left Sunday morning for College Station to attend the A. & M. Short Course. Miss Cecil Thomas spent Monday night with Miss Inez James. Mr. and Mrs. Lang Buchanan and children of Pecos spent Tuesday night with Mr. and Mrs. J. J. Gregg and family while enroute to visit in Arkansas, the Texas Centennial at Dallas, and other points east of here. Mr. Buchanan is a brother to Mrs. Gregg.

VOTE FOR Ross K. Prescott OF SANTA ANNA

FOR REPRESENTATIVE 125TH DISTRICT

I have been unable to personally see many of my friends in Santa Anna and immediate territory due to the short time and size of this district, but I trust that those I have not seen will take this as a personal solicitation for your support next Saturday.

Advertisement for the Gunter Hotel in San Antonio, featuring a large illustration of the hotel building and text: "in San Antonio IT'S THE GUNTER HOTEL DANCING ON THE ROOF! Center of Everything! Whether your in town for business or pleasure enjoy the conveniences of this centrally located hotel! 550 ROOMS WITH 125th 200 up."

PURPOSE AND ORGANIZATION OF THE SCREW WORM CONTROL PROGRAM

The screw worm fly, arch-enemy of stockmen, is not new to ranchmen in the southwest. In general the purpose of the screw worm control campaign is to convey to livestock raisers that information which has been made available by research workers—information that has been found to be practical and economical in treating screw worm cases and in contracting the screw worm fly.

This campaign is being conducted by the United States Department of Agriculture, Bureau of Entomology and Plant Quarantine, in co-operation with the extension service of the agricultural colleges and other state agencies in the states affected. South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arizona, New Mexico, Oklahoma, California, and many other states where screw worm flies may migrate this year are included in the program.

The control of screw worms is essentially connected with better animal husbandry practices, according to R. A. Roberts, regional supervisor of screw worm control work in the Southwestern United States, and all recommendations made concerning screw worm control will first be tested under range conditions. For this purpose demonstration units or ranches are being set up in different states; three of these units are in Texas. These ranches will represent different range conditions, and will cover experiments with cattle, sheep, goats, horses, and hogs. On these ranches various animal husbandry practices will be tried, worm killers and fly repellents will be tested and various methods of controlling the screw worm will be studied. Careful records will be made of these experiments to show if they are practical and economical under range conditions. As soon as this information is made available, it will be passed on to the livestock raisers through the District Supervisor. The district screw worm supervisors are men of practical ranch experience who are employed by the Bureau of Entomology and Plant Quarantine.

They are stationed in various counties, where they will not only disseminate information concerning screw worm control, but will collect all available data on the pest.

The campaign on screw worm control is under the direction of Dr. W. E. Dove, 1010 Travis Building, San Antonio, Texas. Each state organization will be advised as to conditions in various parts of the state and as to the type of work needed by a State Screw Worm Control committee.

Through the district, state, and regional screw worm supervisors, the following program will be conducted:

- (1) A series of demonstrations and educational talks will be held.
- (2) Practical demonstrations on animal husbandry will be made under range conditions.
- (3) Estimates will be obtained of the number of screw worm cases and the number of deaths resulting there from in the various counties.
- (4) Demonstrations will be held of other phases of screw worm control which are of practical value and which may be practiced by the livestock raiser.

The adoption and regular use of methods for control of screw worms should inhibit development of large populations of screw worm flies in areas where they are active for long seasons, and should serve to delay occurrence in areas which normally receive them through gradual spread of the pest. The adoption of such preventive methods with prompt and proper treatment of cases should serve to retard spread of the pest. To restrict spread of screw worms through movements of injured animals, the co-operation of railroad agricultural agents will be sought in educational work with dealers, stockyards, livestock, associations, and operators of local livestock trading centers.

It is requested that stockmen having screw worm cases give the records of them to the screw worm supervisor in his district or to his county agent. The supervisor in this district is Mr. Viets Kelley, with headquarters at Coleman.

The United States Department of Agriculture recommends ben-

zol to be used in killing screw worms in wounds. Following this treatment, the wound should be coated with dehydrated pine tar oil, specific gravity 1.065. This hastens healing of the wound and aids in repelling further attacks of the fly.

Fellows We've Met

When a hard rider on the trail of drifting years, a chap who plays the game fair with no lead in the dice, no notches in the cards, and no aces in the sleeve, crosses the Great Divide where the hoof prints all point one way, it is customary to place flowers in his lifeless hands and speak kind words that his ears cannot hear. We have vowed that if we have flowers for a fellow-traveler on the Lone Trail that we will place them in his hands now and not on his bier later. Why flowers to a pile of clay? There's no body home, he's gone. Eve y now and then when the weed is burning and the pipe is drawing right, we expect to place in this page some flowers for fellows we've met.

James V. Allred first saw the light in the domain of the Lone Star. He came along at a time when it was a gamble who would take West Texas, the people or the prairie dogs. His boyhood was filled with sand storms, stone bruises, and poverty, but in his veins coursed the blood of a fighter. He is of the breed that has turned the back from the gates since the sunrise of time. The carpenteric has spilled his dyspeptic wheeze without effect; the smirking alarmist has predicted everything from dire days to damnation for the commonwealth that placed this youth at its head, yet since then his pleading but defiant voice has been heard around the world. He has fought the battles of peace with sagacity of a Houston, the valor of a Travis, and the self-sacrifice of a Spartan.

The ruler may lie in peaceful inertia upon the soft cushions of his palace, or he may heed and obey the beck and call of his people. He may hibernate in the capitol city with idlers, or he may rejoice with the women in a carnival of corn, calves or cantaloupes. This lad from the sand dunes of the wide open spaces realized that his elevation to a high place left him a back horse saddle with responsibility and obligation, not to a favored few, but to every human being from the tall pines to the somber sands of the Rio Grande, and from the cut banks of the River Red to the leashed beaches of the mexican sea. A stalwart youth in both brain and brawn, used to hardship, and acquainted with privation, burning with sympathy for the underdog, reaching for the trembling hand of the aged, and fighting back the curse of a tax that must be wrung from the hardened hand of toil.

It is a far cry from a bare-footed boy with a skinned nose, expansive freckles, and one eal in the little city of Bowie thirty years ago to the executive of the largest business in the south end of North America. Jimmie Allred covered the trail and he covered it single-handed and alone. There was no strong pull of influence, there was no friendly bank account, there was a rocky, up-hill road that bled the feet of the youthful traveler, but he toiled on and counted the pennies in a worn pocket. He accepted and saved the measure "wage from the toil of his hands. He had neither the time nor the money for the long, drawn out, time-killing sentence of a campus buzzard. He had to make it snappy, even in school.

The ilk of the acid stomach, the cockeye, and the gloomy outlook on life have charged him with just about everything from dust storms to athlete's foot. He has not stopped to weep, but has been obsessed with the bus-ness of getting the job done. He is indeed a hard rider on the trail of years. He has had less meals at home, fewer hours of rest and less of the comforts of a well ordered life than any victim of the job he holds since John Ireland battled the mosquitos on the Texas coast. She a pard, take these flowers while you are still alive and able to push a horse over the trail. When you are called across the Great Divide to the range beyond the hills, you won't need any flowers.

—Walt Cousins

Miss Beth Barnes returned home Friday after a two weeks visit with friends in Fort Worth and Dallas.

Mrs. Sam Jones and children of Dallas are visiting in the home of her parents, Mr. and Mrs. S. A. Niell.

Mrs. Carl Ashmore went to College Station Sunday morning to attend the A. & M. Short Course this week as a delegate of the Santa Anna Home Demonstration Club.

Mrs. Fannie Huggins of Lockhart is visiting her sister, Mrs. J. W. Collier.

ROCKWOOD DEMONSTRATOR PLANS FOR OUTDOOR ATTRACTIVE LIVING ROOM

As outdoor living rooms are so attractive and delightful during the summer months, Mrs. L. E. Abernathy, yard demonstrator of the Rockwood H. D. club and first prize winner in group 2 of the county-wide yard contest, plans to build one in her yard.

To the north of her house is a small orchard which will serve both as a background and a screen for the living room. Mrs. Abernathy plans to lay a flag, stone terrace on which to place her table and chairs. This terrace will be bordered on three sides with irises to furnish some blooming flowers and to add color to the scene.

As to the furniture, Mrs. Abernathy will have several kinds to choose from to make the room as comfortable and attractive as possible. She can choose from wicker, wood, metal, or canvas chairs and tables to suit the needs of her family. This outdoor living room makes an excellent place to entertain friends at picnic suppers or other types of amusements.

SHRUBS CAN BE KEPT VIGOROUS IN HOT WEATHER

Mrs. John Pearce, yard demonstrator, and second prize winner in group 2 of the county-wide yard contest, has found that she can keep her shrubs looking healthy and vigorous during the hot weather.

This is the second year that she has been working in her yard and all the shrubs she has put out during this time are doing nicely. First, she selected shrubs that are best suited to this part of the country as they are the easiest to care for and make the most rapid growth.

All the shrubs were set out in well cultivated and fertilized beds early in 1935. Since then Mrs. Pearce has given her shrubs excellent care. She keeps the beds free from annual and perennial flowers as they take away moisture and food plant the shrubs need.

During the hot months of the year Mrs. Pearce keeps all beds cultivated showally and mulched with well rooted fertilizer, cotton gin waste, or straw to take up and hold as much moisture as possible. By doing this she has to water each shrub once each week or ten days. With this type of care her shrubs have made the maximum of growth and are healthy and vigorous.

Hospital Notes

Miss Veoma Newman, Santa Anna, Texas, was a patient in the hospital Wednesday and Thursday.

Leslie Hal McGlothling, Santa Anna, Texas, was a surgical patient in the hospital Wednesday.

Mr. Howard Parks Locker, Texas, was a patient in the hospital Thursday, Friday and Saturday last week.

Mr. Cecil Young, Novice, Texas, was a patient in the hospital last Wednesday.

Mrs. L. D. Crutcher and baby girl, Coleman, Texas; baby born July 16.

Mrs. M. M. Stubblefield, Hobbs, New Mexico, was a patient in the hospital Thursday and Friday.

Mrs. E. M. Whitley, Rockwood, Texas, was a patient in the hospital Friday and Saturday of last week.

Mrs. W. A. Dickinson, Dool, Texas, was a patient in the hospital Thursday and Friday.

Mr. A. Z. McDougal, Lubbock, Texas, is a surgical patient in the hospital.

Mrs. W. J. Morris, Goldthwaite, Texas, is a surgical patient in the hospital.

Mr. G. Coury, Rotan, Texas, was a patient in the hospital Saturday and Sunday.

Master J. B. Dunn, Santa Anna, Texas, was a patient in the hospital Saturday and Sunday.

Mr. A. L. Woodard, Santa Anna, Texas, is a patient in the hospital.

Mr. B. W. Riley, Burk Burnett, Texas, is a patient in the hospital.

John Sidney West, Santa Anna, Texas, is a surgical patient in the hospital.

Miss Ernestine Thames returned home Friday from Austin where she has been employed during the summer. She finished her sophomore year at State University this spring.

Mrs. Ed Jones returned from Houston Friday night where she had been visiting relatives. Mrs. Walter Jones and little daughter of Houston accompanied her home.

Mr. and Mrs. T. T. Perry spent last week visiting in Del Rio and Eagle Pass. They went to the Pecos High Bridge and other points of interest in that part of Texas. Mr. Perry worked in that vicinity fifty years ago.

HOME DEMONSTRATION CLUB TO MEET FRIDAY

The Santa Anna Home Demonstration Club will have its regular meeting Friday afternoon, July 24, at the club room at 3:00 o'clock. The program will be on porches and screens. The topics for discussion will be as follows: Screens, the Best to Use (Galvanized or copper), by Mrs. R. R. Lovelady; Porches as Living Rooms in Summer Time, by Mrs. J. E. Watkins; Sleeping Porches, by Mrs. J. F. Williams; Dining Porches, Mrs. W. E. Vanderford; and Best Height of Frames for Windows, Doors, etc., by Mrs. Oleka Taylor.

Every member of the club is urged to be present and a welcome is always extended to visitors who attend the club meetings.

Miss Florence Harper of Denver, Colorado, is here visiting in the S. D. Harper home.

Mrs. G. E. Stowe of Ballinger is visiting friends here this week. She will be remembered here as Miss Geneva Karr.

Mr. and Mrs. Altus Bowden and little daughter, Sandra Jean, of Snyder, spent the week visiting in the home of Mr. and Mrs. Maurice Bell. Mr. Bowden returned home Wednesday and the others will return the latter part of the week.

Mrs. E. W. Marshall is spending the week with her sister, Mrs. J. W. Newton, of Cross Plains, who is seriously ill.

Love And Forgiveness

(Editorial from Fort Worth Star-Telegram)

BY JEFF D. RAY

Even preachers sometimes talk quite superficially. I heard one "the other day" telling his congregation: "You have got to forgive everybody of everything even as God does if you expect Him to forgive you." The trouble with that statement is that it is not true. God does not "forgive everybody of everything." God does forgive everybody who puts himself in attitude to receive forgiveness. God forgives no man a wrong against Himself unless the offender repents and, as far as in his power, makes atonement. Our forgiveness of fellow man rests on exactly the same basis. Since the penitent sinner can not himself make atonement to God, Jesus Christ has made atonement for him—he who knew no sin becoming sin in our place.

The trouble with this brother is that he confuses forgiveness with kindly feeling. God does love (have a kindly feeling toward) everybody but God does not forgive everybody. And in the same spirit God requires you to love everybody, including your enemies, but he does not require you to forgive everybody, enemies and all. God loves sinners regardless of what they do or say. He forgives men only when they assume right attitudes to Him.

By the same token God requires you to love everybody regardless of what they do or say but he requires you to forgive only those who repent the wrong they have done you and as far as possible make amends therefor. Forgiveness demands right attitude on both sides. If I love my enemy my own attitude toward him is right but much as I may desire it I can not forgive him until his attitude toward me is right. Forgiveness implies more than a kindly feeling on one side. Forgiveness implies the setting up of friendly fellowship and mutual confidence just as if there had never been a rupture. I may and should love—be kindly disposed to—a man even though he is not friendly toward me but I can not forgive a man who is not friendly toward me. That is one thing that even God can not do.

When God forgives sin the fellowship between Him and the forgiven sinner is as sweet as if there had never been a break between them. God may love a man and hold him at arm's length or even drive him out of His presence but when God forgives a man He takes him to His bosom and there is friendly fellowship. God requires you to love your enemy—do him good and not harm—though his attitude toward you may be as wicked as the devil. But he does not require you to forgive your enemy while he persists in that wicked attitude toward you.

Forgiveness is not a one-sided affair. Whether it is between God and man or between man and his fellow man the two parties to it must be right with each other before there can be forgiveness. You can be "kindly affectioned" toward him till he stops his lying and as far as in him lies makes atonement for the wrong he has done you. God can not and I suppose you are not better than God.

Seth Ford, son of Mr. and Mrs. J. E. Ford, graduated from John Tarleton Agricultural College at Stephenville at the close of the summer session, July 10. He enrolled at A. & M. College at College Station Monday.

FORMER SANTA ANNA PASTOR SUCCEEDS IN BUILDING PROGRAM

Santa Annians are always glad to receive good news from a former citizen of the town. The following is a news item clipped from the "Folks and Facts" column of the Baptist Standard about our well loved Rev. Sidney F. Martin who left here seven years ago after serving for several years as pastor of the local First Baptist Church.

A surprise party was given in Wichita Falls, honoring Rev. S. F. Martin and his family on the occasion of his seventh anniversary as pastor of the Lamar Avenue Church. Following a brief program each department president spoke on the progress during the past few years. The church membership has grown from 500 to 1,270; Sunday School from 400 to 1,004. A new church has been completed that will seat 1,200. A gift of rock crystal was presented to Rev. and Mrs. Martin in appreciation of their leadership.

H. F. WALDROP CELEBRATES SEVENTIETH BIRTHDAY

Mr. H. F. Waldrop was surprised by his wife and children with a birthday dinner at his home, 3 miles east of Coleman, Tuesday, his seventieth birthday anniversary.

There were four of his six children present with their families and two of his three step children. Those present were Mr. and Mrs. Roy Waldrop and family, Mr. and Mrs. Frank Priddy and family all from Norton, Mr. and Mrs. Carl Waldrop and family from Breckenridge, Miss Bernice Patton, Mr. and Mrs. J. B. Pirtle and family, Mr. and Mrs. Collin Price and family from Coleman, Mr. and Mrs. Homer Boyd from Mozele.

Mr. Waldrop has lived in Coleman county for almost 30 years. He has known many joys and sorrows here, the most notable being the loss of his eye sight, caused by smallpox nearly 15 years ago, however after an operation, he was enabled to see well enough to move around. Another misfortune he will never get over was caused by a little mesquite thorn stuck in his foot through his shoe. He spent more than a year in bed suffering intensely and will have a crippled foot the rest of his life.

He has had many joys, too, such as this one today, another when he received his old age pension this month.

We hope his future days will all be happy ones.

EXPOSITION EXHIBITS TO GO INTO MUSEUM

AUSTIN, Texas, July 22.—All of the exhibits now being viewed daily by thousands of people in the University Centennial Exposition will be placed in the first unit of the Texas Memorial Museum which will be built on the campus at The University of Texas. The exhibits were so built as to be placed in the museum when the first unit is completed.

The Texas Memorial Museum is being built by State and Federal funds and from the proceeds of the sale of Texas Centennial half-dollars, which are now being sold throughout the entire State of Texas, at booths being operated at the Texas Centennial Exposition, the Frontier Day celebration at Fort Worth, and the University Centennial Exposition here.

Mr. and Mrs. K. A. McDowell of Taylor moved to Santa Anna Thursday evening. They will make their home here while Mr. McDowell is temporarily employed at the Santa Anna News office.

Mr. and Mrs. S. B. Ratliff and daughter, Miss Blanche, of San Angelo and Asa Ratliff of Ranger visited with Mr. and Mrs. J. W. Collier Monday.

Miss Judith Hall of Fort Worth spent the week-end in the home of Mr. and Mrs. W. A. Hall.

Miss Faye Routh is visiting her sister, Mrs. H. L. Biggs, in Dallas and attending the Texas Centennial.

HOWDY, NEIGHBOR!

WILLIAM H. McDONALD

Of Eastland County

for State Land Commissioner

World War Veteran

"Old Enough to Be Experienced, Young Enough to be Active"

Citizens of Eastland County expressed the hope at a rally this week that residents of Coleman and other counties in this section will roll up heavy majorities for William H. McDonald, candidate for State Land Commissioner, on Saturday.

It was pointed out that this region has never had a citizen in one of the elective State positions.

The dozen counties surrounding Eastland county have a voting strength of approximately 75,000 and speakers said that they saw no reason why McDonald should not win over a South Texan in the area by 3 to 1 and that his opponent was seeking to crystallize similar support for himself in South Texas.

McDonald, a World War veteran, worked his way through college as a railway yard clerk, studied law at nights and has practiced law for nine years.

Insinuations made against him during the closing days of the campaign were answered by the fact that, after his administration as a district official ended, he was elected by unanimous vote to a position of responsibility by the State Senate, whose committee had made a study of all the fee offices in Texas. McDonald has the support of publishing officials, newspapers and the citizens of his county, including both his opponents in previous races.

He is opposed to convict drilling crews and is against his opponent's plan to put the State in the oil-hunting business, which would lose so many millions of dollars of the taxpayers' money that old age pensions would be endangered. He has pointed out that \$250,000.00 a year can be added to the school fund under the Sabine river bed lease.

Mr. and Mrs. K. A. McDowell of Taylor moved to Santa Anna Thursday evening. They will make their home here while Mr. McDowell is temporarily employed at the Santa Anna News office.

Mr. and Mrs. S. B. Ratliff and daughter, Miss Blanche, of San Angelo and Asa Ratliff of Ranger visited with Mr. and Mrs. J. W. Collier Monday.

Miss Judith Hall of Fort Worth spent the week-end in the home of Mr. and Mrs. W. A. Hall.

Miss Faye Routh is visiting her sister, Mrs. H. L. Biggs, in Dallas and attending the Texas Centennial.

Attention Voters!

In My Race For

County Commissioner Precinct 2

I have made a special effort to see each one and personally solicit your vote.

To those I missed I wish you would accept

this as my personal appeal for your vote

in the Primary Saturday.

If elected I pledge a faithful Administration, giving you my very best service.

W. Ford Barnes

PENSION MISAPPREHENSIONS

Comparative statistics on the Texas old-age assistance system now being put into effect receive their due attention in a study of old-age assistance laws of American States made by Prof. George Hester of Southwestern University.

These facts are adverted to by the Houston Chronicle in commenting upon the widespread misunderstanding of the intent and scope of the law and the constitutional amendment authorizing it—a misunderstanding which the Chronicle fears has been "created by designing politicians who have sought to capitalize on their own acclaimed friendship for the aged."

These are plainly misapprehensions, although the Chronicle may be wrong in its assumption that they arose only after the amendment had been voted. It may be asserted with a good deal of confidence that had not these misapprehensions been widespread before the people went to the polls to vote on the old-age pension amendment that amendment would not have been adopted by such a whopping majority; indeed, it might not have been adopted at all.

If the public generally had understood that the proposal in the amendment was no more than to substitute individual monthly payments funded by state taxation for the poor-farm and home-aid system previously conducted by the counties for the relief of indigent aged, there would have been a vastly different sort of atmosphere surrounding the vote on the subject.

The truth of the matter is that a great many people, however often they had been told otherwise by serious-minded newspapers and citizens who recognized the impossibility of a general pension based on age alone, believed that the business would be arranged so as to relieve them individually, either of the distress of their own low incomes or of the necessity for caring for aged indigent relatives.

It is true enough that most Texas newspapers continually warned the voters that what they were voting on was not a general old-age pension, but an old-age assistance system embodying inevitably the pauper test to qualify its recipients. It was also repeatedly pointed out that the \$30 figure was the maximum, not the minimum, not even the average of payments which the amendment would authorize. But the fact that so overwhelming a majority voted to take old-age assistance out

of the hands of the counties and the local communities and lodge it in remote agencies at Austin proves that a great many people imagined the project was something entirely different from what it actually was.

The Texas old-age assistance law is indeed liberal in comparison with similar laws of other States. The average of payments which have now been begun under the law will compare favorably with similar efforts of any other State or country. But until the public generally recognizes that the pension is an aid for the aged poor, intended solely as a more humane substitute for the county poor farm, self-seeking politicians will continue their efforts to capitalize upon a class mendacity which they helped to create and perpetuate.

CURBING TUBERCULOSIS

It is one thing to discover a truth and another to make use of it. Some years ago experimenters in Europe found that tuberculosis in cattle was like the same disease in human beings and pretty definitely established the fact that the use of milk from tubercular cows was one way of spreading the contagion among people.

The news of the discovery was made in the scientific world. The people of the United States took it seriously and began to enact laws and appropriate public money to eradicate tuberculosis from the herds. As a result the prediction now is made confidently that, with the continuance of the present control measures for another five years, the percentage of infection in milk cows will be reduced to less than one-half of one per cent.

But in Europe, where the discovery was made but where there has not been the cooperation on the part of the authorities, there are some countries in which fully 40 per cent of the cattle are tubercular.

EROSION CONTROL MEASURES PROVE HELP TO COOPERATORS FARMS

"The manner in which erosion control measures applied to the farms of cooperators in the Plum Creek demonstration project of the Soil Conservation Service in Caldwell and Hays counties during the recent floods was nothing short of remarkable," says W. H. DuPuy, project manager.

"The brunt of the heaviest rain in this section since 1902 was in our area," he said. "Nearly nine inches of rain fell in a period of six hours and at one time for a period of 20 minutes, reached a maximum intensity of four inches per hour."

A thorough inspection of the farms under cooperative agreement revealed that not a single completed terrace broke under the cloudburst, according to DuPuy.

Even more remarkable than the performance of the terraces was the manner in which strip crops slowed down the rapid run-off of the flood waters to such an extent that soil being carried in suspension was dropped just above or in the striped areas.

MARRIAGE LICENSES

It has been stated that in many localities there is a general and dangerous tendency to regard marriage licenses as "bought" rather than "issued." Perhaps the marriage license is commercialized in some states by the fact that the money which the license clerk receives as salary is based on the amount of business he handles with such licenses.

Sen. Carl Hardin Makes Statement

STEPHENVILLE, July 22.—Proper administration of the Texas Railroad Commission would bring into the State Treasury \$3,000,000 as additional taxes and would assist greatly the old age pension fund and give more money to our school children, according to Carl C. Hardin, candidate for Railroad Commissioner. He is making this statement in his addresses on an extensive campaign throughout the state.

"There are by-passes on all lines out of many of our fields that are robbing Texas of tax money," said Hardin, former state senator. "When I am elected Railroad Commissioner I'll put a lot of people to work plowing up these by-passes. Also, I'll put many on the jobs in the small refineries which have been forced to close because of the cut of the allowable on oil production."

"Raise the allowable, and we will have cheaper oil and gasoline! Every person that fills his automobile gasoline tank is contributing money to out-of-state interests that do not deserve it. Increase our production, decrease the price of gasoline. More gasoline will be purchased, more people employed, more money for the aged and school children—that's what I am in favor of and that will be accomplished only when the control of the Railroad Commission is moved from Wall Street to Austin where it belongs. I charge, and it has never been denied that the Commission is a 'one-man affair,' dominated by my opponent, the chairman, E. O. Thompson who is controlled, lock, stock and barrel, by the Standard Oil Company."

Hardin, author of numerous important bills including one that exempts from taxation all homesteads up to \$3000 rendition, also promises relief to the small truckers. He said that on his tour of Texas he has found many small trucks that have been taken off the road because of "unjust rulings against them" all of which has increased unemployment.

Hot Weather Calls For Careful Living

Austin, July 14.—Keeping cool and standing the heat during the hot summer months is in a large measure dependent upon the individual, health authorities agree. Over indulgence in food or exercise may cause much suffering.

"The clothes we wear and the food we eat play an important role in keeping us comfortable during the hot season," said Dr. John W. Brown, State Health Officer. "Summer clothing should be light in weight and color and of a porous texture. White clothes reflect the rays of the sun and therefore are cooler. Frequent change of clothing, particularly of that next to the skin, is especially conducive to comfort."

"The summer diet should consist of light, nutritious, and easily digested foods. Fresh fruits and vegetables are particularly desirable as hot weather foods because of their ease of digestion and wide range of variety in the manner they may be served. Meat and heavy pastries should be eaten sparingly. A balanced diet may be maintained without these foods. Do not eat when you are tired."

"Exercise should be taken in hot weather but good judgment must be used in the amount that is taken. Swimming is fine exercise and is more refreshing than other forms of exercise. If sunbaths are to be indulged in, care should be taken to accustom the skin by exposing the body for short periods in the beginning."

"Plenty of rest is necessary during hot weather. Sleep a sufficient number of hours and eat at regular meal times. Acquire regular habits of living and develop a cheerful outlook on life, and you will find that it will help you to spend a comfortable summer at home or on vacation."

It was in Carpenter's hall, a short distance east of Independence square, that the first Continental congress assembled on September 5, 1774. The second Continental congress met in Independence hall May 10, 1775.

The small boy who likes either side of his hair brush is not normal. Stinginess and hate put more wrinkles in the face than old age. Tricolored redwing blackbirds all wake at the same time in the morning, take the air together in seeking food and return together to the roost at night.

Pension Approved

June 25, 1936 Editorial from The Whitewright Sun, Whitewright, Texas, J. H. Waggoner, Editor-Publisher.

This editor, being a member of the Legislature which made provision for the payment of old age assistance to needy persons 65 years old and older, has interested himself this week in making inquiries among local citizens who had applied for such assistance.

One man contacted said his application and that of his wife had been approved for \$17 each, making a total of \$34 per month to be paid the couple, beginning in July. This man and his wife own their home, keep a cow, raise vegetables, and have managed to sustain life. With \$35 coming in monthly, he said, they will be sitting on top of the world. He is perfectly satisfied with the amount allowed by the Old Age Assistance Commission.

Another man was approved for \$19 and his wife for \$17, the extra \$2 in his case being allowed for the purchase of medicine that he requires. An aged and practically helpless widow has been approved for \$30 monthly, the maximum amount possible to be allowed. Of this \$30, the State will pay \$15 and the Federal Government \$15. Other local applicants have been approved.

The Federal Social Security Act only joins the State in making payments to aged needy individuals, and the Federal Government will match State funds for this purpose only. Those who have made a study of the Texas Old Age Assistance law are now beginning to say that Texas has the most liberal old age assistance law of any state. In most of the States property owned by old people becomes the property of the State at their death, if they received old age assistance. And in other States if the aged person has children who are able to provide for them, they are denied assistance. No such provisions are to be found in the Texas law.

The Federal Government has already appropriated over \$1,150,000 to match the State in the July and August payments. This is more than was appropriated to any other state, some of which have a larger population than Texas, for July and August payments. The appropriation is larger because Texas is more liberal in its Old Age Assistance law.

TEXAS BEEKEEPERS ASSN. EXHIBITS LIFE OF BEE AT TEXAS CENTENNIAL

DALLAS, Texas, July 22.—You get the low down on bees at the Texas Beekeepers Association exhibit at the Hall of Agriculture at the Texas Centennial Exposition.

A queen is never selected after being born. Her Majesty is chosen while she is still an egg. When the bees elect a queen they pick an egg and surround it with the sweetest of sweets to appease the royal baby's first appetite.

A queen bee only mates once in a life time. She spends the remainder of her days laying eggs.

The honeymoon is over when the queen quits the embrace of her drone mate. He dies instantly.

Ladies in waiting push food into Her Majesty's mouth while Her Queenship deposits eggs. The digestive machinery of a queen is so highly geared that a food is almost instantly converted into eggs.

Bees have a keen sense of selecting the choicest of sweets for the queen's menu. The workers are content with coarser stuff.

A queen has a corps of servants as extensive as a dowager. A queen's daily egg production is bigger in size than the queen herself.

She will produce between 2,000 and 3,000 eggs every twenty-four hours. In Texas a queen spends ten months laying eggs and takes her vacation during the two coldest months.

A working bee always commits suicide, works herself to death. Her normal span of life is eight weeks.

There are more than 200 practical uses for bee products.

Fossil coral reefs can be found in the Himalayas which were formed in the ancient "Tethys sea" 240,000,000 years ago.

Carrier pigeons were used successfully, says Budapest reports, by fruit merchants for the transportation of market reports and orders between the two centers of the fruit district, Baja and Janoshalma, which are eighty miles apart.

In 1933, Soviet flyers made aerial flights covering a distance of 180,000 kilometers. In 1934, this figure reached 450,000 kilometers.

WHAT IS RED & WHITE? Red & White is composed of thousands of independent retail grocers and hundreds of wholesale grocers who have pooled their strength and are organized for the specific purpose of bringing you the finest foods obtainable at the lowest possible prices.

THE RED & WHITE STORES

THE CHANGING TIMES HOW MUCH IS A BILLION? Mrs. Othelia Croft left last Thursday for a week's visit in McCamey. Mrs. Kathryn Baxter visited in Abilene with relatives this week. Benner Barnes of Port Arthur visited in the Ford Barnes home over the week-end. Mr. and Mrs. J. G. Williams and family attended the Co. Officers Reunion at Lot's last Thursday and Friday. Mr. and Mrs. Ira Huddert, Mr. and Mrs. Jim Daniel, Mrs. M. D. Fabank, and Misses Mildred and Pauline Fabank spent the week-end in the David Fabank home in Dallas. They also visited the Texas Centennial while there. Miss Delle Hayes of the Brady Hospital at Brady spent Sunday with Mr. and Mrs. K. A. McDowell. Mrs. McDowell is a niece of Miss Hayes. Jewell S. Hill who has been employed at Hill Dry Goods for some time, has now joined the O. H. Yarborough dry goods store in Goldthwaite. Mrs. T. T. McCreary, Miss Matilda Ella and Dosh T. McCreary spent several days of last week visiting in Travis. Miss Pauline Chambers left Saturday morning for San Diego, California, where she has employment at the San Diego Exposition. J. Kilzo has returned to Shal-lowater after visiting in Santa Anna last week. Mr. and Mrs. J. H. Dixon of Rockwood report greatly enjoying a trip over the week-end to their former home in northeast Texas. I believe the report stated the principal event took place in Collin county, but the Dixons visited in McKinney, Denton, the Centennial in Dallas and many other places of interest while gone. Mr. and Mrs. W. E. Chambers of Menard visited Mrs. Miriam Frickett Monday. Mrs. Viola Mays and Page Mays returned to Santa Anna last week after a short trip to Fort Worth. Rev. W. E. Fisher is receiving medical treatment in Temple this week. Mr. and Mrs. John Hambricht and family of Coleman visited Mrs. J. S. Jones Sunday. Many youngsters have been named for famous people or the towns where they were born, but it remained for V-3 Ford to be named for a motor car. V-3's father, Lorenza D. Ford, Cleburne, Texas, chose this method of honoring the motor car and registered his son's name on the Johnson county record.

Miss Jo Ann Clardy

**CARD OF THANKS**

We wish to take this method of expressing our heartfelt thanks and appreciation to the friends who were so kind and thoughtful to us during our recent bereavement.

Mrs. George C. Starr  
Roy Starr  
Mr. and Mrs. Jack Starr  
Mrs. J. D. Williamson  
Mrs. L. Cruger

**HEAVY DUTY DAMAGES BROWN COUNTY CROPS**

BROWNWOOD, July 22.—The Bangs section of Brown County was drenched with a seven-inch rain late today, causing serious damage to cotton and other crops and washing out some strips of road.

J. W. Zachary of Coleman visited friends in Santa Anna Saturday.

**E. E. PITTARD**

Candidate For  
**PUBLIC WEIGHER, PRECINCT 7**

Has not been able to see all the voters in person but takes this method of soliciting your vote and will appreciate same as much as any one. If elected your weigher I promise to give good service at all times without special favors to any one.

**SPECIAL NOTICE TO VOTERS**

I have made an effort to see every voter in the precinct and solicit your vote in next Saturday's primary. If I have failed to see any one and solicit your vote, it was an oversight, and this is to specially remind you that I am a candidate for the office of Public Weigher, and will appreciate your vote as much as any one. Mace Blanton (Paid Political Advertisement).

**TO THE VOTERS OF COLEMAN COUNTY**

I have had no car, and limited means with which to conduct my campaign for County Attorney. If I have not seen you please consider this a personal solicitation for your vote Saturday. If elected I will try and enforce all laws made for the protection of life and property and the benefit and betterment of society. Thank you.

Your friend,  
John T. Williamson

**FRANK MILLS**

Solicits and will appreciate your vote and influence in Saturday's election.

In the past, as your sheriff of Coleman county, I have tried to enforce the law to the best of my ability, without fear or favor have tried to be reasonable and just to all offenders who have come into my custody and promise if elected to continue to do my duty to the best of my ability. (Political Advertisement).

Friends will be glad to know that Miss Grace Mitchell, city secretary of Santa Anna, is improving following an operation Monday in the Scott and White Hospital at Temple. Her brother, Bill Mitchell, who accompanied her to Temple, returned home Tuesday morning.

Mrs. S. H. Phillips of Gonzales and Mrs. Alva Shaller and children, Charles and Johnnie, of El Centre, California, came Tuesday night to spend several days with Mrs. I. Shield and Misses Bess and Annette Shield. They went on to Abilene Thursday afternoon to visit other friends.

Mr. B. J. Watson of Coleman Junction spent the week with his daughter, Mrs. Paul Bivins, and friends. He was on the streets of Santa Anna Tuesday greeting old friends for the first time in many days.

Mrs. Jim Gill went to College Station Sunday to attend the A. & M. Short Course as a delegate from the Whom Home Demonstration Club.

Mr. and Mrs. E. R. Purdy spent Sunday in Abilene with Miss Louise Purdy.

Miss Etienne Tyson, teacher in the public schools at Breckenridge, returned home last week to spend the summer with her father, Dr. Jason Tyson.

Reginald Owen and Dawson See attended Gulf Day at the Centennial in Dallas Friday.

Mrs. Benard Riley and little son, Jack, and Miss Kate Ripley of Comanche came Tuesday to spend a week with Mrs. Sam Forehand.

Mr. and Mrs. Miles Wofford and Mr. and Mrs. Robert Turner left last week for Billings, Montana.

Samuel Hart was a pleasant caller at this office Thursday night while enroute to Comanche from San Diego, California.

Mr. and Mrs. Clyde Dean spent the week-end in Coleman with Mr. and Mrs. Mike Wright.

Mrs. H. W. Kingsbery returned home Monday from an extended visit to various points in Texas and Oklahoma.

G. A. Shockley went to Hamilton Tuesday for a short visit with his father, A. J. Shockley.

Mrs. S. W. Childers and Mrs. G. A. Shockley attended a meeting of the Fine Arts Association in Brownwood Saturday.

J. Milton Binion of Brownwood was a Santa Anna visitor Wednesday.

Dexter Waithall of Lubbock is here visiting with friends.

Mr. Stark Walters of Seacucus, N. J. is here visiting his sisters, Mrs. Miriam Prickett and Mrs. B. T. Vinson.

Oscar Williamson of LaGrange was in Santa Anna Friday to attend the funeral of his uncle, George Starr.

**JEWELER TO PUT IN REPAIR SHOP**

Starley W. McCarty, jeweler from Munday, Texas, came Thursday morning to put in a repair shop at Walker's Pharmacy. Mr. Walker states that Mr. McCarty is a competent jeweler, and invites you to get acquainted and have him to do your jewelry repair work.

**VISITS THE CENTENNIAL**

The editor was accompanied by Capt. Edgan Shield over to Fort Worth last Friday to attend the final rehearsal for the Fort Worth Frontier Centennial, as a prelude to the official opening Saturday. The invitations to the editors over the state to be there Friday evening and enjoy the unofficial opening, was mailed out from the office of the Fort Worth Star Telegram, and signed by the good old scout, the publisher of the paper, Amos G. Carter. The show was all it was represented to be, and was elevating in its trend. The Casa Manana revue was wonderful, if we are to be the judge.

Saturday morning we made our way to Dallas, bent upon seeing the sights at the main Centennial exposition. Having other duties to perform, we were late getting out to the exposition grounds, and did not have time to visit many of the main attractions. The educational features and many of the other attractions are worth seeing and portray something of value, but midway attractions are vulgar to the extreme, and should be kicked out. Nothing elevating, instructive, decent or otherwise. It about them.

The News family is under obligation to R. L. Todd, Elmer Burson and Carroll Kingsbery for treating us to nice messes of steaming ears each, Saturday, and to Edgar Shields for a nice mess of fresh catfish Monday.

**SATURDAY IS ELECTION DAY**

Saturday of this week, July 25, is the day for the first primary election in Texas. A governor, United States senator, a full house of congressmen, state senators and representatives and a complete set up for district, county and precinct officers, are to be voted upon.

Next Saturday is the day looked forward to by all Texas, and several candidates will drop out of the picture after Saturday and join the "also ran class."

This editor has never felt like trying to dictate to people how to vote, for our choice might not be the choice of others, but we do insist that every citizen should go out to the polls and exercise their privilege in voting for their choice of the candidates in the race. We think every one should vote.

**TAX PAYMENTS ARE UP EIGHT PER CENT HERE**

County Tax Assessor-Collector Frank Lewis reported today that property owners in Coleman county paid taxes during the tax year ending June 30 in an amount that exceeded the payments for the same period one year ago by approximately eight per cent.

Of the total amount on the tax rolls for the current year, which was \$219,204.85, over 82 per cent, or \$172,691.42 has been collected. Only 74 per cent of the current roll last year was collected, he stated.

The above amount of collected taxes included \$49,001.36 in state and valorem taxes, and \$123,690.06 in county, road and school taxes.

The increase in tax payments in the county this year are attributed to a general improvement in farm and business conditions, and to a certain extent to payment of the adjusted service bonds to veterans, as well as other government payments. The tax assessor-collector's office also reported the collection of more than \$7,000 in poll taxes for the year.

**Coleman Demo. Voice**

Mr. and Mrs. H. H. Gresham, Miss Marjorie Gresham, and Miss Alice Greer of Brownwood visited in the B. T. Vinson home Sunday.

Mr. and Mrs. Floyd Reynolds and Ernest Walters of Richland Springs visited Mr. and Mrs. B. T. Vinson and Mrs. Miriam Prickett Sunday and Monday.

Mrs. Ira Hudler and Miss Mildred Eubank of Mcmahans are visiting their parents and friends here this week.

R. H. Cole and sons, Ben and James, and Mrs. Tom Meadows of Athens, Alabama, visited in the home of Mr. and Mrs. M. D. Eubank last week.

Mrs. E. E. Martin of Temple visited her parents over the week-end. She will be remembered here as Miss Lavada May.

Dear Friends in Santa Anna and Community: I am a candidate for Constable and your help will be appreciated. I am now working away from home.  
Ira H. Nichols. 2c
