Ranger Park Hospital Closing

Nursing Home, Clinic to Continue Here

Dr. and Mrs. Filemon Cabansag, owners of Ranger Park Hospital, announced this week that the hospital is closing, effective Thursday, March 25. Patients in the hospital will be dismissed or transferred to other hospitals on that date.

Ranger Park Inn Nursing Home will continue operation here, as well as the medical clinic of Dr. Cabansag.

Small private hospitals have a difficult time surviving at this time, and the economic crunch and shortage of licensed registered nurses have also contributed to the move. Full support of the community is also necessary, according to the

owners.

Dr. Cabansag stated this week, "It is with deep regret that we have to close the hospital at this time. We are hoping that the economy of the nation will get better so that we can reopen the hospital soon."

Dr. Cabansag and his wife, a registered nurse, purchased the local hospital in 1970 from the Texas Conference of Seventh-day Adventists. Since they began operation, the hospital has been enlarged to 34-bed capacity, a separate clinic building constructed and the nursing home

An oversight or error by city leaders caused one City Councilman to almost lose identity.

Donald Hosch, appointed to the Council early last year upon the

resignation of Eddie Jones, assumed he was running for a two-year term last year, and after the deadline for filing for the 1982 ballot learned the term for which he was elected was for only one year and expires in April.

Coaches of The Year,

All-District Teams Selected

Santa Anna High School basketball coaches Gerald Brister and Charles Brewster received special honors by being chosen "Coaches of the Year" in District 29-A. The Santa Anna girls, coached by Brister, were district winners, and the boys, coached by Brewster, were bi-district champions.

The All-District teams were also chosen at the recent meeting of coaches in the district, with Robbie Clifton, a junior and

daughter of Mr. and Mrs. Don Clifton, a unanimous choice for the girls all-star squad, and Randy Casey, son of Mr. and Mrs. Bo Wilson, a unanimous choice for the boys team.

Another Santa Anna girl chosen for the All-District team was Holly Smith, daughter of Mrs. Floyd Smith and a junior student.

Named to the second team from the SAHS girls team was Julie Jones, a senior and

Cheese to be Distributed In Santa Anna Monday

It was announced last week that an additional shipment of surplus American processed cheese will be available in Coleman County, and distribution is set for next week, March 22 and 23.

Three thousand pounds of cheese has been earmarked for Coleman County, with 85 cases to be distributed in Coleman and 15 in Santa Anna. In January 64 cases were distributed in Coleman and eight in Santa Anna.

The local distribution will be handled by the Committee on Aging, with all low income families eligible to receive the cheese. At the earlier distribution, the five-pound packages of cheese were divided for single-member

households and the five pound cartons given to multi-member families. A brief form listing eligibility is signed by persons getting the cheese.

Local distribution will be held Monday, March 22, from 1:30 - 5 p.m. at Mountain City Center. Preference will be given those who did not receive cheese last time, so they are requested to come at the earliest time Monday to be given cheese.

Mrs. Joe C. Barnes is in charge of the distribution and is securing volunteers to assist with the program.

Over 70 persons took advantage of the free cheese in January, and it is hoped that other eligible families will request it next week.

Cattle Rustlers Strike Here

Holstein Heifers Stolen Friday Night

From Eubank Place West of Santa Anna

A local dairyman and rancher is short at least 17 head of stock after modern day rustlers made a raid on his pasture last weekend.

Pete Cope, who operates a dairy and stockfarm south of Coleman, had the cattle stolen from the Max Eubank place west of Santa Anna sometime Friday night.

According to Mrs. Cope, they were notified of cattle on the San Angelo highway just at the top of the hill west of town, and found the lock cut off the gate to the pasture. The cattle were driven back in to the pasture, and the next morning Cope found 17 head of 800-pound Holstein heifers missing, and perhaps a few other head of cattle. The cattle were branded 3- on the right hip. Ninety cattle and calves were still in the pasture.

According to the owners, the cattle thieves had apparently called the cattle into the pen and fed cottonseed cubes, loading a large trailer of stock. The remaining cattle pushed the gate open and were found on the highway by passing motorists.

A \$1,000 reward for information leading to the recovery of the cattle is being offered by the Copes. Sheriff H. F. Fenton and his

City Lawsuit to Court

In Fort Worth Monday

The lawsuit of Tom Stearns and Carl Benton vs the City of Santa Anna will be heard in Federal Court in Fort Worth next Monday, March 22, according to city officials. A pre-trial hearing was held there Monday of this week, and there will be no jury trial, with the judge making a ruling when testimony is heard.

Stearns and Benton, landowners southwest of Santa Anna, are seeking to stop the discharge from the City's sewage treatment facility. The treated waste from the facility is discharged into a tributary of Horse Creek that runs through property owned by the two.

The suit was filed about two years ago and is just now being brought to court. The City of Santa Anna is represented by Harold

heifers are of much greater value as dairy stock, according to Cope who leases the Eubank place two miles south of his dairy.

Anyone having information on the theft or having seen persons or vehicles at the site are asked to contact Sheriff Fenton or Pete Cope.

Feldt, a member of the Tom Sealy law firm in Midland.

According to city officials, the treatment plant is supposed to be operating under proper permit from the Texas Water Resources Commission. Stearns and Benton have contended that the facility is not operated properly and their property is damaged by raw sewage that is released from the site.

It is not known how long the trial will last or at what time the judge will make a ruling on the case. Several members of City Council are expected to be in Fort Worth next Monday for the trial.

City residents have more than a passing interest in the case, as a sur-charge has been added to city water costs to pay for expenses incurred by the litigation.

Last week's news story of City Council mentioned that City Secretary Pat Rutherford resigned as City Judge. Some folks misinterpreted it and applied for her position as CITY SECRETARY!

Pat is only giving up the responsibilities as City Judge - a minor part of her job at City Hall.

Hugh W. Sanders of Llano, a former Santa Annan, was in the office Monday and said that the annual "Bluebonnet Trail" will be held this weekend and next in the Hill Country area. Bluebonnets are in bloom in his area, and it should be one of the best seasons in years.

So far, we have not had many wildflowers, but it should be a good season with the winter moisture. Anyway, spring has almost arrived here, with fruit trees and shrubs in bloom and the grass beginning to get green after the recent rains.

There is more interest than usual in local elections, with more than enough candidates to fill the City and School District ballots.

Absentee voting is in progress for both, and the elections will be held Saturday, April 3.

Jamesons Purchase Business in Coleman

Mr. and Mrs. W. C. Jameson, owners and operators of City Cleaners and The Shopping Basket in Santa Anna, have recently purchased A-1 Cleaners in Coleman from the estate of the late J. T. Laird. The Jamesons will start operation of the Coleman business next Monday, March 22, under the name of City Cleaners.

The local shop and fabric store will remain in operation, with Mrs. W. D. (Ruth) Aldridge as manager. Mrs. Aldridge has previously been employed at H&H Food Mart. Mrs. Donald (Janette) Strickland will continue as a parttime employee with the Jamesons, working in the Coleman store.

The local business will be a pick-up station for the dry clean-

ing, with all work done in Coleman. They will continue to provide a three-day service on dry cleaning.

The Jamesons purchased the local dry cleaning shop in July 1966 from Hardy Rose. The business was originally established and owned by the Parker family. Mrs. Jameson was employed eight years at the A-1 Cleaners in Coleman before going into business here. She and her husband live on their place in the White Chapel community west of Coleman.

Mrs. Jameson has been a part of the town and community for the past 16 years, and noted that despite commuting from her rural home west of Coleman, she has not missed a day having the shop open since she went into business here.

The recently appointed City Park Board, composed of Carmen Donham, Glenda Cook and Gary Fleeman, are taking an active part in planning the new park at the Civic Center (Armory) location. Work is already underway at the property, and landscaping is expected to begin next week.

Materials and labor for a fence between the park and the Civic Center have been donated, and work has started. Water lines are being laid at the location in preparation for the planting of trees.

The Santa Anna Lions Club started work on the park project and is securing money for the trees. The Park Board is seeking

volunteers to help prepare the area and to donate funds for grass seed and other items for the park.

Work days will be planned at the park.

New Business is Opened Here

A new business has opened in Santa Anna recently.

Santa Anna Monument Company has been established by Don and Sandra Fitzpatrick which at the present time will be operated from their home.

Dealing direct with the quarries and suppliers, the company will provide cemetery

monuments of all kinds and styles, with samples and designs shown to those interested.

The Fitzpatricks are natives of this community, having returned last year to make their home here. Don has been working with his father-in-law, Charles Hosch, in a computer service business, and prior to that was a vocational agriculture teacher near Dallas.

Rainfall in Area Last Weekend

Tornadoes and severe weather in our area Saturday night resulted in rain in our community. Electric service to some residents south of Santa Anna was disrupted during the early morning hours as the thunderstorms came through the central Texas area.

Damage was heaviest in the Winters area as the tornado left damage in the southwest part of

that town, and later in the Goldsboro and Lawn areas of south Taylor County. Damage was also reported at Rising Star during the night.

In Santa Anna the rainfall was recorded at the official gauge as three-fourths inch, with heavier rainfall north of town measuring up to one and one-half inches. No damage was reported from the high winds that accompanied the rain.

Storm Alert To Be Sounded By Fire Department

The Santa Anna VFD has begun a plan of severe weather warnings for Santa Anna. Local residents are urged to become familiar with the procedure and be ready to take proper precautions when an alert is sounded.

In case of an actual storm warning or sighting of a tornado, there will be three 15-second blasts on the fire siren. This signal will be repeated at intervals.

With the arrival of the spring storm season, the local group felt they could be of help in warning residents of approaching storms. Volunteers will be serving as "cloud watchers" to report approaching storms, as well as receiving reports from the sheriff's department or other agencies.

Mrs. C.C. Gould Buried March 13 At Burkett

Funeral services were held Saturday, March 13, at Stevens Funeral Chapel in Coleman for Mrs. Charley C. (Cleo) Gould, 86, of Brownwood who died Thursday, March 11, in Brownwood Regional Hospital. Burial was in Burkett Cemetery.

The Rev. Pat McClatchy, pastor of Coleman First United Methodist Church, officiated at the services.

Mrs. Gould was born May 25, 1895 in Knoxville, Tennessee, the daughter of David A. and Mary (Johnson) Beeler. She moved with her family to Coleman County when she was 11 years old, and she attended school at Echo.

She married Charlie Clinton Gould in Coleman September 11, 1913. They formerly lived in the Niwot Community southeast of Santa Anna, and he died November 19, 1979. She moved to Brownwood following his death.

She was a homemaker and member of the Baptist Church.

Survivors are two daughters, Mrs. Hester (Edith) Copeland of Bangs and Mrs. Bill (Edna) Hunter of Brownwood; one son, C. C. Gould Jr. of Brownwood; four sisters, Mossie Shelton, Mattie Cason and Jewel Beeler, all of Coleman, and Hattie Altom of Mesquite; two brothers, Dumas Beeler and Shubert Beeler, both of Coleman; 10 grandchildren; 20 great-grandchildren; and two great-great-grandchildren. One grandson preceded her in death.

Ulysses S. Grant, an unknown ex-soldier at the beginning of the Civil War, became the first of the nation's generals to wear four stars.

Agriculture Day Slated in County

Thursday, March 18, has been designated "Texas Agriculture Day" in Coleman County, according to a proclamation by County Judge W. W. Skelton. The day has been set to encourage all citizens to join in showing appreciation for farmers and ranchers, their families, and the many institutions and industries which contribute to the food and fiber production of this county.

Coleman County has a long tradition of agriculture production. Though much of the labor of farmers and ranchers has gone unrecognized, their contribution

to the nation's food and fiber supply is known to be vital to the health of our citizens and of the county economy. Farmers and ranchers of Texas have made this state a leader in national agricultural production.

Today agriculture is the only industry that is experiencing productivity. In the 1930's a farmer fed only ten people; now he grows enough food for seventy-eight others. Two out of every five acres support crops and livestock for export. This great productivity now comes from only three percent of the nation's population, when a half century ago fifty percent of America's working force was engaged in farming and ranching.

Among local observances will be a meeting of county leaders involved in program planning for the County Extension Service and farmers and ranchers who have taken part in demonstrations for the service.

Hours to be Limited At City Dump

Santa Anna City officials have announced this week that hours of operation for the city dump ground will be limited, effective immediately.

According to Pat Rutherford, City Secretary, the dump ground west of Santa Anna will be closed each afternoon at 5 p.m. and the gates locked. Hours of operation on Saturday will be 8 a.m. to 12 noon.

Residents of the area who use the dump ground are requested to observe other regulations. No household appliances are to be disposed of at the site, and no wire or other metal objects are to be dumped.

The dump ground is open for the use of area residents, but they are requested to observe the regulations.

The City of Santa Anna is still

in need of a new dump site, and are needing property near town to purchase or lease for that use.

JERUSALEM, the Old City seen from the Mt. made by Mrs. John Hunter last month. Many historic places were visited in the city.

Holy Land Tour Recalled

Bible Land Visited By Santa Anna Woman

By Mrs. John Hunter

As we continued our tour, we arrived in Israel via Allenby Bridge from Jordan on Sunday morning, went through customs and changed guides to continue sightseeing.

We drove to Qumran to view caves where the Dead Sea Scrolls were found, high in the hills, then to Ein Fashcha and the Dead Sea to Masada, a mountain-top fortress 1,700 feet above the shore, where the Zealots held out so long against the Romans.

We ascended by cable-car to view the magnificent ruins, then on to Jerico, the oldest city on earth to view Mount of Temptation.

We spent Sunday night in beautiful Lake City of Tiberias. It isn't mentioned in the Bible if Jesus ever preached there, it was a Gentile city, built on an old burial ground.

Monday we had an early morning boat ride across the Sea of Galilee to Ein Gev, where Jesus healed the demoniac and the 2,000 swine were drowned, visited the place of feeding of 4,000 at Gamala and 5,000 men, and the healing of the blind man.

As we continued to Capernaum, we visited St. Peter's house and an ancient synagogue where Jesus preached. We drove to Golan Heights and Caesaria Philippi for a visit, then to Tabgha, Mount of Beatitudes, to Magdala, the home of Mary Magdalene, crossing the Jordan River several times. We saw big industrial plants and a panty hose factory.

As we circled around the north end of the Sea of Galilee, we were in Israel's frontier, where they had soldiers stationed (they were very nice and we made pictures), with international soldiers stationed between Israel's soldiers and Syria's front line. We were not permitted to take pictures toward the mountains. Israel had lookouts on all high places, we were told.

Tuesday morning after a 7:30 lecture by Dr. Fleming, we drove via Cana, site of the first miracle, to Nazareth, home of Joseph and Mary, the largest city in Israel. We visited a Greek Orthodox Church and Mary's Well and Annunciation Chamber, then to Megiddo and visited excavations and tunnel. The workmen found there had been as many as 20 dif-

ferent periods of history there, built one on top of another. We visited Caesarea and drove back to Tiberias for the night.

Wednesday we drove to Jacob's Well and viewed Nablus, a city of 15,000, Mt. Ebal and Mt. Gerigim, and continued on to Jerusalem.

As you know, Jerusalem is a city of three faiths, Hebrew, Christian and Islam (a good many Arabs are Christians). As Jerusalem is center of our study of Israel, I think some mileage figures are timely. The city is 2,600 feet above sea level, 30 miles from the Mediterranean Sea, and 18 miles from the Jordan River. Bethany, home of Mary, Martha and Lazarus, is two miles from Jerusalem.

Hebron is 20 miles south of the capitol city, and is one hundred

percent Moalem. It is 3,040 feet above sea level, and although they raise lots of grapes, there are no wine presses, they do not drink wine. Abraham, Sara, Isaac, Jacob and Leah are buried there.

Beer-Sheba is 27 miles from Hebron and borders on the desert. It has seven large wells, the largest is 10 feet in diameter. Beer-Sheba is a large industrial city, with large buildings, a big new library and we saw lots of school children. We stopped there for a "break" and bought ice cream.

In Jerusalem we visited the Garden of Gethsemane, Church of all Nations, and drove to Mount of Olives for an outstanding view of the city. We visited the Shrine of the Book to view the Dead Sea Scrolls, and continued to Temple Mount, viewing the Dome of the Rock. We walked along Ecco Homo and along Via Dolorosa (the fourteen stations of the cross) to Church of Holy Sepulchre and the Wailing Wall.

Thursday we drove to Bethlehem and viewed the Church of the Nativity, Shepherd's Field and, Field of Boaz. Bethlehem was home of Ruth, Naomi, Boaz, David and the birthplace of Jesus. We visited Haifa, the largest seaport in Israel. We saw Dothan where Joseph's brothers sold him; Nain, where Jesus raised the widow's son, and Bethel, where Jacob dreamed of a ladder to heaven.

Several of the group took the extended tour to Kennedy Memorial about four or five miles west of Jerusalem, and to the Hadassah Medical Center and synagogue with stained glass windows painted by Marc Chagall, a Russian artist living in Paris. The synagogue of Hadassah is at Hebrew Universi-

Dove Hunters Pay Stiff Fines For Excess Birds

FALFURRIAS- Thirteen dove hunters from Louisiana have found that shooting too many doves can be hard on the pocketbook.

Game Warden Norman Anthony of Falfurrias apprehended the 13 hunters in Brooks County during the late segment of the dove season with a total of 1,323 mourning doves, which was 1,011 over their legal possession limit.

Each hunter paid a \$1,000 fine plus \$6 court costs in Justice of the Peace Court, totaling more than \$13,000.

Residents of the Rio Grande Childrens Home in Mission were given the doves, but they had to do some work before cooking could begin. Anthony said 911 of the birds were dressed but 412 remained to be cleaned.

ty Medical Center.

Friday is Moslem Day; Saturday is Hebrew Holy Day. Mostly cold meals are served.

Saturday we took our farewell tour of Israel to see more Bedouin villages and Kibbutz settlements. We will visit Egypt next week.

The cable street car was invented by Andrew S. Hallidie and first used in San Francisco in 1873.

enlarged to 70-bed capacity. The medical center has been one of the town's largest employers.

According to Mrs. Cabansag, most of the staff members at the hospital will be absorbed into the nursing home staff and the closing of the facility will not affect many people.

Dr. Cabansag will continue to operate his clinic and has made application for staff membership at Overall-Morris Memorial Hospital in Coleman. He also operates a clinic at Brownwood on parttime basis.

Santa Anna has been one of the few small towns to have a hospital, the local facility having started in the late 1920's by the late Dr. T. R. Sealy. In the 1950's the hospital sold to Dr. Charles Henner and was operated as Santa Anna Hospital. The name changed when it was moved to the location at Ranger Park.

The Cabansags have expressed their appreciation to everyone who has given support and shown interest in Ranger Park Hospital and for each effort given in behalf of the hospital.

Family Escapes Serious Injury

A tornado that moved across the north section of Coleman County early Sunday morning touched down just north of Goldsboro, demolishing the J. C. Rhodes home. Members of the family narrowly escaped serious injury, but Mrs. Rhodes and a daughter, Vickie, 13, were admitted to an Abilene hospital for treatment of injuries.

James Rhodes Jr., 16, reported he heard something "whistling real bad," about 2 a.m. during a thunderstorm, and that before he could do anything he had bricks and glass in his bed. The youth then said, "I flew out the window and the house went down."

Other members of the family were "sucked" from the home that is near U.S. Highway 84 south of Abilene. All the family

were dumped in the front yard, except Vicki, who was carried down the hill some 50 yards.

As rain fell and lightning illuminated the scene, Rhodes ran around and found his family. He ran to the nearby highway and a passing motorist took him to a neighbor's home where he called the ambulance.

The twister made a direct hit on the three-bedroom brick home. Some of the heavier items were thrown up to 300 yards, and some lighter items were 500 yards away. Several of the family animals were lost, as well as a welding truck and auto demolished.

The family raises AKC registered poodles and chihuahuas, and the black sign with white lettering, a familiar sign along the highway, was wrapped around a telephone pole.

The Nitia Daniel Group of United Methodist Women will meet Monday, March 22, at the church annex at 7 p.m.

In observance of Easter, the program theme will be "Jesus Christ the Liberator." Leader of the program will be Mrs. Leland Thompson.

Mrs. Thelma Upchurch and Mrs. Laura Carpenter will be hostesses for the social hour, and all members of the group are urged to attend for the Easter story.

The Mail Box

The South Jefferson Street residents want to thank the young grammar school students and their teacher guidance for picking up the papers and litter on the outside of the school yard fence. It looks great as it had been an eye-sore. We hope this will be an incentive to the residents and all others around the city to pick up and clean their yards too, not that spring is on the way.

Thanks again, and we hope this will be a weekly performance. A grateful S. Jefferson St. resident.

Trickham News

By Mrs. Oscar Boenicke

Rev. Mike Alexander, the Methodist minister, preached here Sunday morning at 9:30.

Saturday night we had only 11 at the community supper, and Leona Henderson came after supper. We had enough to play two tables of 84, and all seemed to enjoy it.

The Felton Martins had all their family with them Sunday. Ann Martin was home from Houston over the weekend, and the rest were there Sunday, Bill and Becky Martin and Brandi, Janice and Delbert Snow, Tiffany and Ryan of Brownwood, and Paul Martin, who all had dinner with them.

Visitors with the Charles Brewsters over the weekend were Brad Brewster and a friend, Gary Adams of Phoenix, Ariz. came late Friday night from ACU in Abilene. Saturday morning they went to Richland Springs fishing, and Saturday evening two other students from ACU came and had supper and went back to Abilene Saturday night. They were from Nashville, Tenn.

Sunday afternoon my sister-in-law and brother-in-law, Lydia and Floyd Eoff of Blanket, visited me. They went by and visited Anton and Lee Boenicke on their way home.

Brad Brewster and Gary Adams went with the Charles Brewsters to her parents' after church for dinner Sunday, Mr. and Mrs. Jim Roach of Zephyr, and Sunday evening the boys returned to ACU at Abilene.

Friday Slim Perucca of Bangs helped me with my garden. I was so thankful to get it worked before the good rain early

Sewing Class

Set in Coleman

March 23 -26

Spring sewing lessons conducted by the County Extension Office will be held in Coleman March 23, 24, 25 and 26 from 8 - 11 a.m. at the Multi-Purpose Center.

These classes are designed for those who already have some basic sewing skills, but may need some assistance in clothing construction for collars, sleeves, and finishing techniques.

Participants will construct a dress during the four-day course. A list of supplies and daily schedule for the classes are at the County Extension office in the Courthouse or may be picked up at Perry's or Anthony's in Coleman or at Phillips Drug or The Sewing Basket in Santa Anna.

For further information, call the Extension office in Coleman, 625-4519.

Sunday morning. I got one-half inch of rain, sure good on everything. We got a little hail, but not enough to hurt anything. So glad we did not get any storm.

Carrie Stacy went to visit Tavyford Sunday evening, and Sammie LaDoucer came and they went to Coleman to Holiday Hill to visit Lula Hancock and others there. Walter Stacy visited at Ranger Park Inn in Santa Anna, and Slim Perucca came by Friday and visited the Walter Stacys.

Gwen Vaughn and Jane Yarter her daughter from San Antonio, spent the weekend with Lou Vaughn.

Patsy and Calvin Grubbs of Grand Prairie spent the weekend with her parents, the Bernice McIvers.

Hilburn and Leona Henderson took Clarissa and Rodney Henderson to Grandbury with them to meet Naomi and Brent Nichols and their boys, and they all had a picnic lunch there and the boys came home with them to spend this week.

Natalie McIver and daughter Darla Beal and children went to Abilene Monday to visit Natalie's daughter and Darla's sister, Janet Thompson and girls.

Pat and Roberta McShan of Brownwood had dinner with Russie James Sunday. Sunday night Lou Vaughn and Oma Lee Dockery visited her.

This Monday at noon, March 15, the Santa Anna and Bangs AARP meeting was held at the Methodist Annex in Santa Anna with 32 present. Lucile Wylie was in charge. We had four visitors, Rev. and Mrs. Hugh W. Sanders, the former pastor of the Presbyterian Church in Santa Anna, also Annette Clark went as my guest, and Mrs. C. C. Gilbert was present.

Annette's birthday was the only one with a birthday in March, and we sang Happy Birthday to her.

After a nice covered dish meal was served, a short business meeting was held. Mr. and Mrs. Luther May of Santa Anna showed slides and told of their trip and tour to Spain and other places overseas before they came back to Santa Anna for the winter. It was all very good and pretty interesting. They brought back things made over there. Mrs. May told me 500 people from New Jersey went on this tour.

Sug Stearns went to McGregor Sunday and spent the day with the Sherman Stearns family, returning home Sunday evening.

Florence Stearns visited Winnie Haynes Saturday, and Sunday R. C. and Ann Stearns and boys from Snyder visited Florence and had dinner with her.

Mrs. Artie Fry from Midland and Mrs. Garner from Dallas are spending this week here at the Fry home to get their garden planted.

Mrs. Jim Spillman Hostess for Luncheon

The Self Culture Club observed their March meeting with a Spring luncheon Wednesday, March 10, in the home of Mrs. Jim Spillman. The St. Patrick's Day theme was used in decorations, with the dining table covered with a green cloth and centered with ferns surrounding a pottery bowl holding bleached Irish potatoes.

Guests were seated at quartet tables in the family room, with Mrs. Earl Simmons serving fruit punch, coffee and tea. Mrs. Norman Walters was co-hostess for the luncheon, greeting guests as they arrived.

Answers to the roll call at the business meeting were names of Latin American artists or authors. Mrs. Simmons presided at the meeting, and reports were given from the Library Week activities and from the committee

on spelling awards to be presented students later in the spring.

The club voted to donate a tree to the new park to be developed at the Civic Center, formerly the Armory, with Mrs. Gus Morgan, Mrs. J. W. McClellan and Mrs. Hardy Blue on the committee.

Appointed to serve on the nominating committee for the coming term were Mrs. C. D. Bruce, Mrs. Walters and Mrs. Fred Williams.

Speaker for the day was Mrs. Morgan, continuing study of the people and lives of South American tribes. Telling of the huge Inca empire on the western coast, Mrs. Morgan said that it was as large and as well-run as the Roman Empire in Europe, but much richer and more peaceful. With no written language, records were kept for

the extensive government by the quipu, a form of knotted or woven strings, keeping population, military and financial tax numbers on file. The religion was emperor worship, and the palaces and courts were of unbelievable wealth in gold and silver. Inca weavings, arts and metal castings are the wonder of the world today. All this was destroyed and robbed by the Spanish conquest of 1535.

Twelve members were present for the luncheon and meeting.

VISIT WITH FRIENDS

Rev. and Mrs. Hugh W. Sanders of Llano spent several days this week in Santa Anna with Mr. and Mrs. Luther May. The Sanders are former residents of Santa Anna while he pastored United Presbyterian Church.

Retired Pastor Buried In Bangs

Services for the Rev. I. K. Holmes, 79, of Bangs were held March 12 at Bangs First Baptist Church. Officiating were the Rev. David Bugg, Rev. Eddie Freeman, Dr. Jack Redford, Dr. Horace Crowder, and Dr. Herard East. Burial was in the May Cemetery under the direction of Davis-Morris Funeral Home of Brownwood.

He died at 8:35 p.m. Monday, March 8, 1982 at Brownwood Regional Hospital.

Born March 2, 1903 in Iredell, he married Ola D. Reynolds May 22, 1925 in Sidney. He lived most of his life in Coleman and Brown counties. He was a retired Baptist minister and member of the First Baptist Church of Bangs.

Survivors include his wife; two daughters, Mrs. Wynon East of Arlington and Mrs. Eva Crowder of Irving; a son, Woodson Holmes of Show Low, Arizona; two sisters, Velma Bozeman of Goldthwaite and Maudie Baggett of Winnie; a brother, Carey Holmes of Bangs; seven grandchildren; and one great-grandchild.

Faulty Valves Lead To Varicose Veins

If man had four legs, he would be less concerned with varicose veins. But he is short a couple, and his upright stance places greater stress on the veins of his legs.

This is particularly true of occupations that require prolonged standing. Police officers, dentist, sergeants and cooks are susceptible to varicose veins.

These swollen, thin-walled blood vessels appear just under the skin of the legs. Blood is flowing backwards into the veins from above because their valves are not keeping the circulation going toward the heart. Pressure builds and the legs swell.

The Texas Medical Association says deeper veins within the leg often can compensate for the shallower, varicose veins and maintain circulation without significant swelling. But if the deep veins also have faulty valves,

Thomas Jefferson, the nation's third president, was one of the most accomplished and versatile of the nation's founders. He spoke six languages, was a surveyor, scientist, lawyer, musician, politician and architect, just to name a few.

swelling increases and more varicose veins may develop.

The problem of weak valves may be inherited. And diseases, such as phlebitis, can destroy valves and lead to the enlarged veins.

Varicose veins often develop in pregnant women because of the increased amount of blood in the body. The problem usually goes away after delivery.

The common first symptom of varicosity is the veins protruding from the leg. Other signs include fatigue in the leg muscles, cramps and tenderness near the

swollen veins, and a feeling of congestion in the veins. In later stages, the skin of the legs may become deeply pigmented and ulcerated.

Treatment includes surgery to remove the veins just under the skin's surface or more-risky injections that harden the vein to block it off. With either method, the goal is to remove the varicose veins from the leg's circulatory system so it can perform better.

Complications arising from varicose veins can be prevented by wearing support stockings to reduce the pressure on the veins,

elevating the legs above the heart level daily, avoiding long periods of standing, exercising lightly (swimming, cycling, walking, dancing, golf), and not wearing tight garters or girdles.

VFD Answers Calls During Past Week

The Santa Anna Fire Department made two calls during the past week, with neither fire resulting in great damage.

Thursday of last week the rural truck and several firemen were called to the William Brown place in the Buffalo community where a trash fire was out of control. The fire was extinguished before any outbuildings or equipment were damaged.

Sunday morning the VFD was called to the home of J. B. Perry

on the Plainview Road where a couch was ignited and burned. The couch was pulled from the house before other damage was done, and very little smoke damage was done in the residence that is owned by R. L. Pannell.

Voss, Allene Gassiot and Marie Britton of Valera.

Rev. John Holmes of Coleman visited with all the residents at the Inn one day last week.
