

AUSTIN CALLAN COLUMN "SUN SPOTS" The First of a Series of Articles on Communism

I for one plead guilty of being an alarmist. There are deep and threatening shadows flitting across the face of America that should be watched and studied. If they don't mean anything, nothing is lost. If they do, one forewarned is forearmed.

the car on leaving it in front of his home. "It won't be bothered there," he assured me. But the very next night his car was stolen from that identical spot.

Red writers and speakers, crooked politicians and sneering critics keep the public blinded to facts which should be known concerning the proselytizing propaganda of communists in our schools, churches and social organizations.

They know that "General Indifference" is a recruiting officer of the devil.

If you are inclined to be a scoffer on this subject, you should not forget that smart people never wait until a house burns down before calling the fire department.

Let me give you these facts to soak in while waiting for further revelations:

There are five times as many Communists insidiously active in the United States today as

there were in Russia when the Koresny government was overthrown and the people of that nation doomed to a hopeless despotism.

God and liberty have been banished from Russia and the aim of Communism is to spread its dreaded disease over the rest of the world. On Christmas day, 1934, when there were thousands of empty benches in the churches of this land, a communistic organization composed of young folks held a rousing anti-religious demonstration in New York City.

A COMMON CHARACTERISTIC

So many of us are in a hurry and don't know where we are going. It is characteristic of the age — constantly seeking a new thrill, a new sensation.

A young man bought a new automobile, had it a few months and boasted that he had run it ten thousand miles.

"Where have you been?" he was asked.

And he answered, "Oh, no place in particular — just around."

He was out in search of a thrill that he had never experienced before. And he had been no place.

There are people who literally tremble at the thought of being left alone at home one evening with themselves.

The art of enjoying an evening of relaxation with a good book has largely been lost, because of the nervous unrest that abounds, and the demands of the multiplying activities that take us away from home.

As a people we very generally have ceased to form opinions of our own, based upon sound judgment, but are content to accept secondhand views, being moved by selfish appeals that are based upon prejudice or greed or pettiness.

We may have wonderful machines to do our work and for our amusement, but no machine will ever take the place of the mind.

The greatness of America will spread and have a benign influence over the world, due to our per capita intelligence, rather than from our per capita wealth.

TYLER TO HAVE HUGE ROSE EXHIBIT AT CENTENNIAL

Tyler, Texas, June 8.—A thousand Tyler roses will be cut and rushed to Dallas daily to border the huge Tyler-Cotton Belt-Rose Growers and Texas Rose Festival exhibit at the Texas Centennial Exposition.

The exhibition is located in the Transportation building near the inside entrance to the Chrysler building. The furnishings and displays are of modernistic type and illuminated by attractive arrangement of lights.

The central display is a huge map of the United States showing the Cotton Belt and connection lines bordered by beautiful colored panels showing rose fields, Rose Festival and transportation scenes. Tyler, "The Rose Garden of America" is inscribed across the base of the central exhibit.

Another interesting display shows a map of the United States with a cut out section of the state of Texas swinging around on a pivot demonstrating to the visitors how far to the four corners of the forty-eight states Texas would extend if moved.

The Tyler Chamber of Commerce and the Rose Growers are furnishing an attendant each, offering full time information on roses and the city.

GOOD NIGHT'S SLEEP IMPORTANT TO LIFE

Austin, June 8.—Sleep is a necessity of life and health, and habitual loss of sleep will tend to retard the body's recovery from fatigue of the day's activities, advises Dr. John W. Brown, State Health Officer.

"The average healthy adult," he said, "spends about one-third of his life in sleep. Far from being a waste of time, this one-third of your life spent in restful sleep will make possible a happier, healthier, and longer life."

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one. When good health can be maintained to such a large degree by merely sleeping and thus allowing overtaxed bodies and minds to regain a proper balance, it is hard to understand why so many persons are heedless of this necessary requirement of a balanced program of life."

"Some individuals need more sleep than others, and the most valuable experiments in this line are the ones each person makes on himself. We must each take into consideration in this experiment, however, that how well we sleep is as important as how long we sleep. A 'good night's rest' means a sufficient number of hours spent in sleep to enable each individual to feel well, do efficient work, and to keep in a cheerful humor the next day."

"Some exercise out of doors each day will help us to sleep soundly at night. We must also have fresh air in our sleeping quarters. Give as much consideration as possible to the comfort of your bed and bedclothes. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well being, you will be amply repaid for your thought in planning a 'good night's sleep.'"

PLANNED ECONOMY

"Planned economy" is a phrase that drops glibly from the lips of agitated orators who insist, perhaps not openly, that the American form of government isn't such a good one.

Soviet Russia has "planned economy," telling every man how much he can raise, what he can sell it for, what he may earn, how long he may work, what he may eat, wear, and do. And the result?

The Saturday Review, published in London, gives these figures on prevailing food prices in Russia: Bread, 40 cents a loaf; butter, \$2 a pound, cigarettes, \$1, a package of 20; coffee, \$4 a pound; sugar, 35 cents a pound.

Nice, isn't it? A man who isn't loyal to his home town is not likely to be loyal to anything.

ENEMIES OF OUR BIRDS

Not only are birds a joy to man because of their songs, but they are also most valuable to human life because of their destruction of insects that prey on vegetation and would, if uncurbed, eventually prove most detrimental to the race.

It is true that certain animals feed on birds, when they can catch them, but as a rule the birds' wing and acute sense of sight and hearing serve to keep the natural balance between living creatures. Man however, is the worst enemy of birds — from wanton hunter down to the thoughtless lad with his slingshot or air gun.

The menace of the vagrant, half-starved cat to our songbirds is recognized by the government, which has available a pamphlet dealing with the extermination of these four-footed animals. Cats that are kept well fed will sometimes attack birds, although often they become entirely indifferent to their presence, as many pet lovers have discovered.

The young boy with his slingshot or airgun, however, does not govern his activities among the bird family according to his hunger. He seeks "fun," and the stray bird will provide it. At the same time, thoughtful, manly boys will not harm a bird any more than they will wring the neck of their pet dog.

TRICKHAM H. D. C.

The Trickham Home Demonstration Club met at the home of Mrs. Carl Sheffield Thursday, June 11, with thirteen members and four visitors present. The visitors were Misses Mudean and Gladys Clark, and Misses Marjorie Stacy and Oma Lee Martin, who are prospective members of the club.

Mrs. Mabel Sheffield was elected as the member to attend the Short Course. We have adopted as our theme song the "Laugh Song, or 'Smiles.'"

The program was short. Miss Young will meet with us next Thursday at the home of Mrs. C. F. Shields.

The hostess served chicken sandwiches, potato chips, minted iced punch and angel food cake.

Deep sea fish are usually red or black in color and carry lights on cheeks, head or tail, or rows of lights along their sides like glowing portholes.

NATIONAL TRADEMARKS

Old silversmiths, so that people could tell pure silver from cheaper imitations, marked the real thing "sterling."

In like manner, manufacturers who stand back of their products identify them with the trademarks that are the buyer's guarantee of quality. By advertising these trademarks they focus on their wares the searchlight of attention.

Only good goods, fairly priced, can flourish in this bright light of publicity. For no merchandise and no business can continue to exist under the weight of public condemnation.

That is why a manufacturer or merchant places the whole reputation of his business at stake every time he advertises. His goods must be as advertised. So, in looking through this paper, remember this — the man who spends his money to invite your consideration of his goods, backs up his belief in his goods and leaves the final decision to you.

It pays you to read the advertisements. It pays you to buy advertised products. Read the advertisements in this paper regularly.

CHARTING THE COURSE

Congress has just approved an appropriation of \$1,500,000 with which the Weather Bureau will attempt to improve its long-range weather forecasting. That is a highly commendable purpose. If the long-range forecasting system is ever perfected it will be worth hundreds of times what it cost.

It will, among other things, enable farmers to plant for dry, or wet, or cold, or warm seasons. That, naturally, will increase their income tremendously.

But the federal government is spending only \$1,500 on this job, while it pours out billions for projects that will be gone and forgotten tomorrow.

Interestingly, the steel industry in 1936 will spend \$9,200,000 for research. Its scientists will seek ways of improving steel, reducing its cost, developing new types, and finding new uses for the metals already produced.

The Weather Bureau is a governmental agency; steel is produced by private industry.

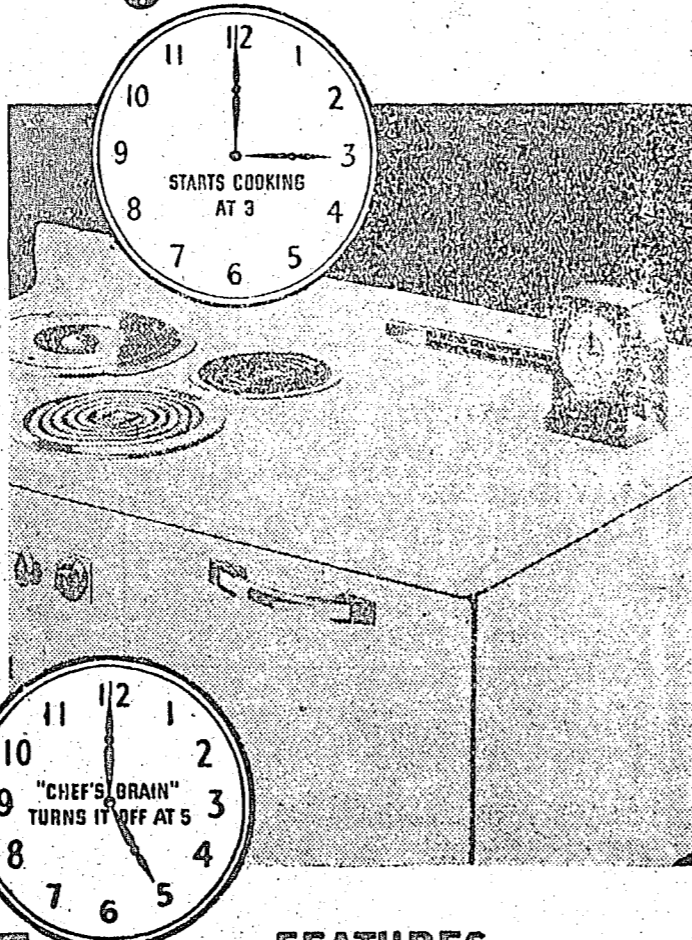

Publicity is like a great many other things, it is easy to get the kind you don't want.

Absence makes the meat grow tender

The new Hotpoint Ranges bring you a great new gift of electricity. "Absent Cookery"—a modern miracle of electricity—enables you to cook an entire meal while you are away from the kitchen, and results are wonderful. Meat perfectly cooked and tender, vegetables tasty and healthful, pudding, pie, rolls, etc., beautifully browned and deliciously flavored.

Come in and learn the whole wonderful truth about cooking with these Hotpoint Electric Ranges. See how clean, glowing electric heat creates no "combustion dirt," keeps pots and pans, stove, walls and curtains clean.

We will show you why Electric Cookery is COOL. There is a whole lot more to this wonderful feature than the insulated oven. The beauty of it all is that you can enjoy these advantages of electric cookery and save money at the same time. See these Hotpoint Ranges today.

FEATURES

Calrod, hi-speed, clean-heat coils... "Chef's Brain" (automatic timer clock)... Thrift Cooker... new type oven temperature control... fully insulated oven... table-top model... all porcelain enamel... trimmed with chromium.

HOTPOINT CALROD

What Mazda means to light, Calrod means to cookery. Calrod is the name given to Hotpoint's hi-speed sealed-in-metal cooking coil which has revolutionized electric cookery. It brings new speed, new cleanliness and new economy to the kitchen.

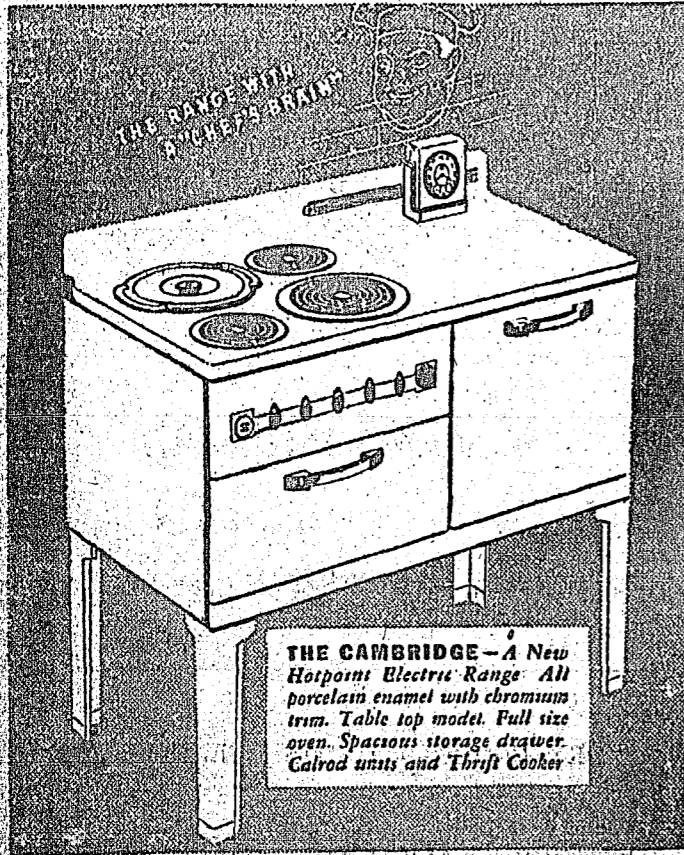

THRIFT COOKER

Economical. Uses only about as much current as the kitchen light. Cooks an entire meal of meat, vegetables, dessert or bakes small quantities, like a few potatoes, without need for heating up the oven.

• Liberal Trade-in Allowance

• Low Down Payment

• Easy Monthly Terms

LET'S MAKE SANTA ANNA GROW!

The following merchants and business interests of Santa Anna want you to join us in making Santa Anna one of the most outstanding business and trading centers in Central Texas. MONEY SPENT IN YOUR HOME TOWN helps to develop greater industries, pay wages, pay taxes, support churches and schools, and create business volume upon which communities prosper. These Santa Anna merchants offer standard goods and courteous services at reasonable prices. Besides, they offer to share the profits with their customers on the second and fourth Wednesdays of each month, our designated Trades Days for 1936. Every dollar spent away from Santa Anna for Dry Goods, Bread, Meats, Groceries, Drugs, Gasoline, Tires, Tubes, Furniture, Hardware, Notions, and suchlike decreases the opportunities of Santa Anna merchants and other industries to grow and better serve you; causes the depreciation of stocks and industries in your home town and community; also lowers your property values and lessens Your opportunities. The following Santa Anna merchants and other business people entreat you to join us in promoting a bigger and better community.

Mr. J. V. Wilson of Coleman is a patient in the Hospital.

Trickham News

A large crowd attended Sunday School Sunday, but Rev. Oeder did not fill his regular appointment as a very serious accident happened and church was dismissed.

Mr. and Mrs. C. D. Mitchell and children had the misfortune of overturning their car west of Trickham Sunday morning and injured their baby who is now in the Sealy Hospital.

Mrs. Ben James, Agness James and W. D. James are reported ill with the mumps.

Miss Violetta and Mr. Floyd Goodson are reported ill with the mumps.

Miss Viola Lindley left several days ago for the Centennial where she will work for three months.

Mrs. Ray Owen spent a few days last week with her parents, Mr. and Mrs. C. B. James and family.

Mr. and Mrs. Howard Cravens and children are visiting with Mr. and Mrs. Tom Lindley.

Miss Colita James spent Monday night with Miss Inez James.

Mrs. Howell Martin, Misses LaVerne Martin, Joan and Lois McIver, Leona McClatchey, and Inez James returned Sunday evening from Dallas after a three days visit to the Centennial. All reported a real nice time.

Mrs. Ed Jones and Misses Frances, Margaret and Ara Alene Jones were in Hamilton Sunday to attend the funeral of Mrs. Jones' aunt, Mrs. John Hunt.

Miss Katie Hautman of the Medical Arts Hospital in Brownwood spent the weekend with Mrs. A. E. Genz.

TYPHOID VACCINATION PROTECTS INDIVIDUAL

Austin, June 15.—Parents of boy scouts, girl scouts, and other young people going to camps of any kind, are urged by Dr. John W. Brown, State Health Officer, to have the family physician vaccinate each individual against typhoid fever. Some of the danger points for spread of typhoid is was said, are creek swimming holes and flowing springs. Even though the water at these places may appear clear and sparkling, there is danger that it is contaminated.

"Typhoid fever is an unnecessary disease," Dr. Brown said. "Every case is due either to community negligence or to the carelessness or ignorance of some individual. Eternal vigilance in maintaining sanitary surroundings and a pure water supply is necessary.

"Three 'shots' of typhoid vaccine — a week apart — will put your child in the 'protected' class. As it takes several weeks for the protective treatment to establish itself in the body, have it done now.

"Typhoid fever is an intestinal complaint caused by the typhoid bacillus. The digestive tract of a patient is consequently infected with typhoid germs. Anything that may be contaminated by the body discharges is apt to be infectious and dangerous.

"The prevention of typhoid fever is peculiarly a matter of community responsibility. In cities large and small most urgent control measures are those providing for (1) proper disposal of human excreta through sewage disposal plants and toilets of sanitary type; (2) safe public and well water supplies; (3) extermination of flies; (4) healthy food handlers; (5) supervision of disease carriers and (6) public milk supplies of high quality with the added safeguard of careful pasteurization.

"Prevention of single cases or of epidemics of typhoid fever is dependent upon cooperation of individuals with public health officials in endeavoring to stamp out typhoid entirely."

CARD OF THANKS

We take this method of expressing our thanks for the many kindnesses shown us during the last illness of our father, W. H. Townsley. Your many deeds of kindness and words of sympathy are appreciated much greater than we have words to express. May God's richest blessings ever be yours.

His Children.

A feature of the Brady Jubilee July 2, 3 and 4, will be a parade. Prizes offered include \$10 for the most original type of conveyance entered in the parade; \$5 for the oldest couple who enter a vehicle and ride in the parade; \$5 for the largest family in the parade; \$5 for the largest number of vehicles entered by one community; \$2.50 for the oldest cowboy riding his own horse, and \$2.50 for the best dressed lady mounted on horse with side-saddle in parade. J. B. Whiteman is heading the parade committee, and his assistants are J. D. Nicholson, Carl Henson, Red Rogers and Eric Swenson.

Mrs. Lester C. Boone and little son returned to their home in Fort Worth Sunday after visiting here with her aunt, Miss Ruby Valentine and other friends and relatives.

Dr. and Mrs. B. B. Beekly of Melvin were brief visitors in the Mountain City Sunday while they were enroute to Brownwood to visit a daughter.

Rockwood News

By Hearthal King

The rain that fell here Saturday was greatly appreciated by all.

Mrs. Fulton Gardner of Eldorado is visiting in this community.

Mr. and Mrs. R. E. Johnson are the proud grandparents of little Patricia Yvonne Taylor, born to Mr. and Mrs. Clovis Taylor June 13.

Mr. and Mrs. Arthur Box and family and Mr. and Mrs. Clyde Box and family of San Angelo were visitors in the J. W. Box home last week-end.

Mrs. J. L. Trotter and daughter Janie of McCarney are visiting in the A. N. McSwain home.

Mrs. Sherman Heilman was a surgical patient in the Sealy Hospital the first of the week.

The Coleman County Baptist Workers Meeting was held at the Baptist Church here Tuesday.

Miss Lois Moore returned home from the Sealy Hospital Sunday.

Mr. and Mrs. Rufus Snodgrass of Coleman spent Sunday in the Height Moore home.

Carl and Anita Harkey of Sour are visiting friends and relatives here.

Mr. and Mrs. Denby Wise, Joyce Wise, and Mrs. Evan Wise made a business trip to Temple Monday.

Out of Town Visitor Entertained With Bridge

Mrs. A. R. Brown entertained at her home Saturday afternoon for her niece, Mrs. Lester C. Boone of Fort Worth.

A profusion of pink, yellow and white gladioli decorated the rooms. Several games of bridge were enjoyed during the afternoon.

Mrs. Aubrey Childers won high, Mrs. J. T. Oakes, Jr., low, and a guest prize was given the honoree.

A dainty salad plate of sandwiches, pickles, potato chips, cake and tea were served to the following: Mesdames Aubrey Childers, J. Everett Kirkpatrick, Tommie Starnes, Neal Oakes, G. A. Ragsdale, C. A. Claborn, J. T. Oakes, Jr., R. A. Luck-singer, and Misses Bessie Evans, Mary Alice Mitchell, Mildred Boardman, Hettie Faye Todd, Bess Inez Shield, Leone Shield of Coleman, Frances Jones, Rebecca Turner, Era Hill, and the honoree, Mrs. Boone and little Lester Carl Boone, Jr.
