# Mr. and Mrs. Dick Teague W. B. BAKER ANNOUNCES and sons moved here this week for RE-ELECTION AS COUNTY ATTORNEY

W. B. Baker, present County attorney, who has served Coleman County as County Attorney for the past two years is a candidate for re-election to that office and for the second term. During his present term as County Attorney he has disposed of more than six hundred (600) cases in the Justice Courts of this County and over one hundred and twenty-five (125) to this date, and his first term will not expire until January 1 1937. When the Legislature p. m. changed the County Attorney's offices over this State to a salary basis, his record showed that he had handled more cases and turned into the Treasurer more money than any of the adjoining Counties to Coleman. He has been licensed to practice law since April, 1932, and more experienced by far than any opponent who will oppose him in this campaign. He has stu-diously been on the job the en-tire time and in his office from early until late each day, working on the duties of said office and he states he will continue this practice if re-elected to office of County Attorney of this County. During his present term he has appeared in many cases in the District Court in the trial of felony cases, assisting both of the District Attorneys, A. O. Newman, and W. A. Stroman, in the prosecution of felony cases of all kinds, in both of the District Courts in this County, and if re-elected will continue to render such service to both of said District Attorneys in the future. He says he will pledge himself again to the people if re-elected,

that he will vigorously prosecute all offenders and violators of he law of every character without friendship or favoritism to person or persons. He says that ne understands that it is the duty of the County Attorneys to prosecuts all violators of the law, regardless of whether their offenses carry small or greater ounishments and that the con-stitution and the laws of this State require the County Attorneys to take an oath when qualifying that they will prosecute all offenders and violators of he law alike. He says he also desires to thank the good peonle and voters of Coleman County in electing him to this office for his first term and he will appreciate their continued support in behalf of his race

for the second term. --Contributed.

FORD VOB ECONOMY MEANS

# HIGH ( (MORE MILES PER DOLLAR)

NO MATTER how you classify your ly expenditures for car up-keep it's your total expenditure that counts. How much "dollar mileage" is your car giving you?

Dollars do go farther in the Ford V-8. Modern improved carburction gives you unusual gasoline mileage with brilliant V-8 performance. Most owners of today's Ford change oil only every 2000 miles and add none between changes.

And after the first few thousand miles you begin to understand what Ford V-3 "dollar mileago" really means.

It gives you more miles per dollar because it gives you all-round economy low first cost, low up-keep cost, low depreciation and long life — as well as low gasoline and oil consumption. All these are hig items if you aim to buy the most economical car.

#25 A MONTE, after usual down-payment, buys any model 1936 Ford V-8 car—from any Ford dealer therain the U.S. Ask your Ford dealer about the new Universal Credit Company ½ % per month Finance Plans.
