## Gin, Residence Destroyed In Gouldbusk Fire

Fire Departments from Santa Anna, Coleman and Voss were called to Gouldbusk early Friday morning when a house and the Gouldbusk Gin burned.

Residents heard an explosion at the house that belongs to Frank Fenton of San Angelo. High wind spread the fire across the street to the gin.

The gin, owned by Charlie Avants, had not been operated in several years and was used to store hay and equipment. A truck loaded with grain sorghum was destroyed in the fire.

Although the firemen could not save the residence or the gin, they kept the fire from spreading to other homes and buildings in the little community.

## Blood Pressure Clinic Scheduled Today

The twice-monthly blood pressure clinic will be held Thursday (today) at the Chamber of Commerce office from 9-11 a.m.

Mike Luera, LVN, conducts the screening free of charge to any area residents wishing to go by.

## Holidays Are Scheduled For Thanksgiving

Santa Anna school students and faculty members will have a long weekend for their Thanksgiving holiday. School will be dismissed at the end of classes Wednesday, November 24, and will resume Monday morning, November 29.

The local school will complete the first semester prior to the Christmas holidays.

## Band Ranks Well at State

### First Trip to State Marching Contest For Marching Band

The Santa Anna Mountaineer Band took part in the State Interscholastic League marching contest in Austin Tuesday and scored well in the preliminary competition but failed to qualify for the final judging.

The band received a Division II rating -- Excellent -- by the three judges at the event.

Four of the nine Class A bands at the contest received the Division I rating. Santa Anna and three others were awarded the II rating, and a III Division rating was given the other band.

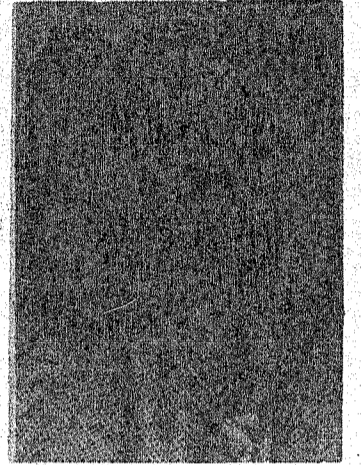

Directed by Osiei Hernandez, the Mountaineer Band was the only group making its first appearance at the state contests, and was the smallest in number. The Iraan High School Band, veteran state competitor, was among the top-ranked with 109 in their ranks.

The Santa Anna group were awarded a Division I rating in the regional contest last month, the first time in three years to get the coveted superior rating. The group has 48 members from grade seven through high school and is led by

drum major LaNita Switzer.

The Band was sent to the contest after a pep rally Monday afternoon attended by students, parents and friends, and the Band Booster Club and other interested persons aided in financing the trip to Austin.

A large number of local people attended the contest in Austin Tuesday to add their support to the group.

## Community Thanksgiving Service Slated on Sunday

A Community Thanksgiving Service, sponsored by the local Ministerial Alliance, will be held at 6 p.m. Sunday, November 21, at the Seventh-day Adventist Church.

Special music will be provided by First Baptist Church, and the Thanksgiving message will be given by the Rev. Mike Alexander, pastor of United Methodist Church.

Other ministers participating in the annual service will be John Stanislaw of First Baptist, Jim Gooch of United Presbyterian and John Taylor of Seventh-day Adventist Church.

The Ministerial Alliance invites the entire community to join together in worship at this time of Thanksgiving.

## Textbook Committee Named At Recent ISD Meeting

The Board of Trustees of Santa Anna Independent School District met in regular session at the school business office Tuesday, November 9. Montie Guthrie III, vice president, presided in the absence of the president, Donnie Neff.

Routine bills were approved for payment, and the monthly financial report was reviewed. Members of the Textbook Com-

mittee were appointed for 1982-83. Chosen for the group were members of the school faculty representing all areas of instruction.

Members of the committee make selections to be used locally from the list of textbooks that are available to the public schools.

The next meeting of the ISD Board will be Tuesday, December 14.

## Band Royalty Presented Friday At Halftime

Casey Anderson, the daughter of Mr. and Mrs. Norman Anderson, was chosen Band Sweetheart for 1982-83 and presented at halftime at the Friday night football game.

A junior at SAHS, Casey is an officer in the band and plays trombone. She was a twirler last year and recently received a Division I rating in solo twirling.

Ramon Castillo was chosen Band Beau. He plays the tuba with the band and is also a member of the football team.

## Cotton Harvest Continues In Coleman County Area

The Santa Anna Co-op Gin has been a busy place during the past two weeks, with more cotton coming in to be processed.

Early this week nearly 900 bales of cotton had been ginned as the weather continued to cooperate.

With the local gin the only facility in Coleman and Brown counties, many farmers from the Burkett - Cross Plains area are bringing their cotton to the Santa Anna gin, as well as those from Brown County who

have been regular patrons for years. The gin at Echo was closed this year.

Because of the hail and storms of last spring, there is less cotton than usual to be harvested in the Gouldbusk area. Crops this year are averaging one-third to one-half bale per acre, and quality is very good. Prices are lower than last year, standing this week at about 50 cents per pound.

## Farm - City Week Observance Notes Importance of Agriculture

Farm-City Week, November 19-25, focuses on the involvement of farm and city people as partners in growing, processing, marketing and consuming food and fiber.

"In Texas, movement of food and fiber from field to factory to the family table provides jobs and income for about a fourth of the working force," points out Dr. Carl Anderson, Marketing economist with the Texas Agricultural Extension Service, Texas A&M University System.

"One of every 30 Texans is a farmer or rancher, and 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products," says Anderson.

Many businesses, financial institutions and individuals are involved in providing supplies, credit and services to farmers and ranchers and in

processing and marketing agricultural commodities.

Santa Anna is among the many small towns and communities with an agriculturally-based economy. The status of the town - and county - are affected by prices of livestock and crops and the weather. When farmers and ranchers are enjoying a good year, the area commerce also thrives.

Texas ranks third place in total cash receipts among the leading agricultural states, behind California and Iowa. Texas, however, is number one in the sales of cattle and calves, cotton, grain sorghum, sheep and wool, goats and mohair, cabbage and spinach.

The central Texas area farmers and ranches add their production to several of these categories.

Total farm assets in Texas are estimated at \$90 billion. With 186,000

farms in Texas, assets average \$430,000 per farm. Many commercial size, full-time operators have in excess of a million dollars invested in their farm or ranch businesses.

"Producing an abundance of high quality food and fiber is inherent to American agriculture. Americans spend far less of their take-home pay on food than people in other countries of the world," Anderson points out. "Today that amounts to about 17 cents of every dollar of disposable income."

Together, farm and city people make the best food and fiber team in the world. This gives the country the capacity to feed its own people and to export for economic gain as well as for humanitarian purposes.

Farm-City Week is under the direction of the National Farm-City Council, Inc., which is coordinator by Kiwanis International.

## Mountaineers Win Final Game

### Gorman Into Playoffs; Santa Anna 3rd in District 8-A

What was expected to be a poor season for the Santa Anna Mountaineer football team surprised many area sports fans and ended with a 5-2-1 district record and a third place ranking in District 8-A.

The Mountaineers ended the season Friday night by defeating Blanket 10-6 in the final home game of the season.

Goldthwaite, winner of all their district games, and Gorman, with two losses, advance to the playoffs. The Mountaineers had a possible playoff berth before Gorman

defeated Rising Star Friday night.

Santa Anna took the lead in the game in the first quarter when Bodie Stark ran for a touchdown. Ramon Vasquez kicked the extra point for the 7-0 score. Just before halftime, Vasquez kicked a 29-yard field goal for the 10-0 tally.

Blanket was held by the Mountaineers until the fourth quarter when Scott Derden ran from the 11 for their only score. Their try for two points failed.

Blanket led with 10 first downs to Santa Anna's eight. Yardage was as

close as the score, with Santa Anna having 162 yards rushing and 2 passing, to Blanket's 161 and 14.

Both teams were plagued by fumbles, with Santa Anna losing five and Blanket losing six. Santa Anna punted four times for a 32-yard average, and the Tigers had three punts with 28 yards average.

Coach Jack Snipes was assisted by Coach Brian Hunt as they put together the fine team this year.

Lack of size and experience was overcome by the determination and spirit of the group, and the effort shown by each of the team members.

## DPS Urges Holiday Safety

As we approach the Thanksgiving holiday weekend, most people are making preparations for one kind of observance or another. While plans are being made for family get-togethers, vacations and trips, the Texas Highway Patrol is also making plans of another kind.

Many D.P.S. officers will be on duty to stimulate safety-consciousness throughout the festive holiday. Motorists are being urged to drive with caution to prevent the many accidents - and fatalities - that occur when thousands of Texans get on the road for a holiday.

During the 1981 Thanksgiving holi-

day weekend, Texas experienced 53 fatal accidents and 57 traffic fatalities. Capt. G. J. Matthews, Commander of the Texas Highway Patrol in the Abilene District said, "Speed and alcohol are the main contributing factors in the majority of traffic deaths in Texas."

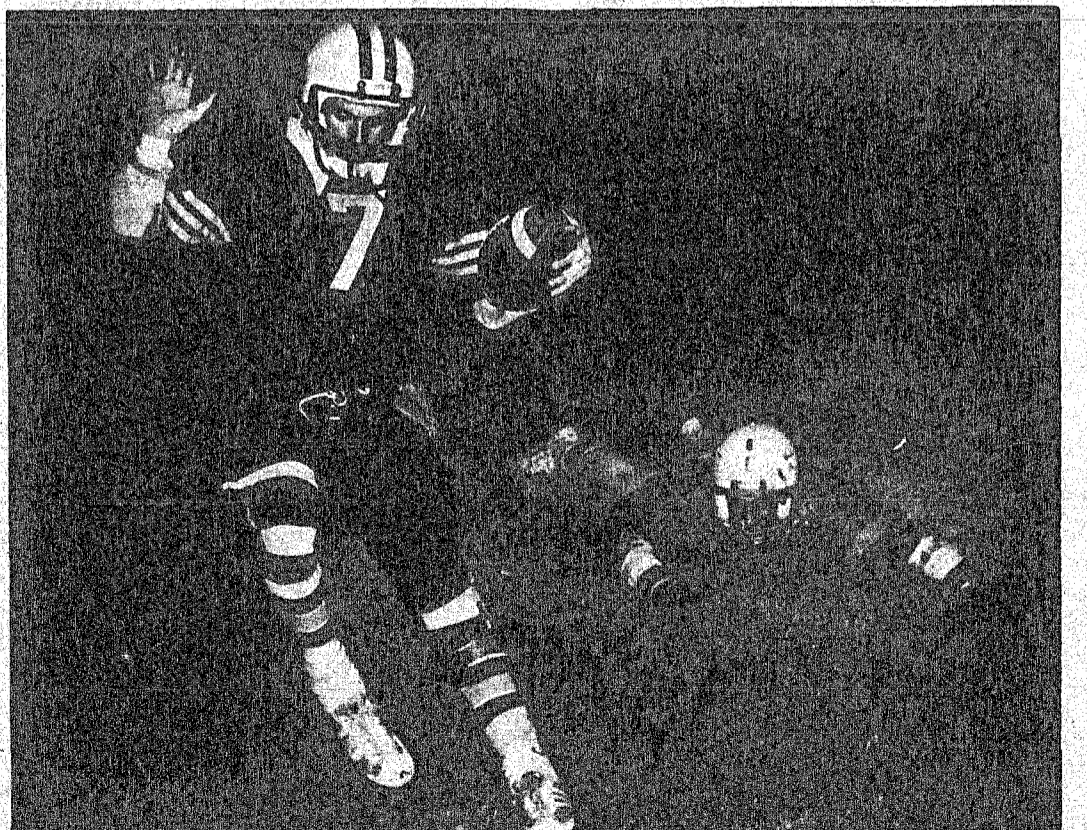

Statistics show alcohol was involved in 923 fatal accidents in 1982, causing 1,082 deaths and 17,343 injury accidents, resulting in 27,907 injuries in Texas, according to Matthews.

"Many drivers are not tested," Matthews said, "because Texas has no law requiring chemical tests on

drivers in fatal accidents and it is possible that more than 50 percent of the deceased drivers in Texas were driving while intoxicated and were not reported as D.W.I."

The Texas Department of Public Safety urged all motorists to avoid the use of alcohol when driving, and to slow down a little and live a lot.

In Coleman County, no traffic accidents were investigated by the DPS during the month of October, and the number of accidents is down by 25 percent for the first ten months of 1982. Only two traffic fatalities have occurred in the county in 1982.

OVER ONE THOUSAND YARDS was credited to center tailback Bodie Stark, who helped the Santa Anna Mountaineer team advance to third place in the District 8-A ranks. Stark is shown here at the Friday night game with Blanket where he scored a

touchdown that led to the 10-6 victory. Freshman Ramon Vasquez added a field goal and the PAT for the final score.

Information is being distributed by the Coleman County Historical Society for the county history that is planned during the coming months. Information is sought on the early settlers and early-day families in the county.

Forms are available for the information on each family, and deadline is June 15, 1983. However, everyone is urged to compile the information and turn it in as soon as possible so that work can start on the edition.

Estill Franklin Allen of Early will edit the book. Mrs. Tom Rutherford is assisting in collecting the information from Santa Anna and the southeast part of the county.

Congratulations to the Mountaineer Band for the good performance at the State UIL marching contest. The band has done very well this year and will be trying for a Sweepstakes award by winning Division I ratings in concert playing and sight reading next spring.

Two years ago the band received a I rating in marching but did not enter the state contest. Hubert Seale was director that year.

With the Thanksgiving holidays approaching, many folks will be taking trips or having visitors. We encourage you to call or bring us news of interest. The little local items are some of the most interesting, and are also handy to have to fill those pesky little spaces that often occur when laying out the paper!

The SAHS basketball season has started, with two practice games held -- with Baird and Gold-thwaite.

The first games on the schedule for the high school teams are Tuesday night, with the JHS teams opening their season Monday afternoon in Bangs.

We will publish the schedule when one is available.

**HOME FROM HOSPITAL**  
Mrs. Linwood E. Bishop has spent the past week in Coleman Hospital for tests and treatment. She was to be dismissed by mid-week.

**TIPS ON TRIPS**

If you're bringing along a camera overseas, put a haze filter over the lens and leave it on. It won't interfere with the photography and may keep an expensive lens from being damaged while traveling. Carry a spare set of batteries for the camera. They are not always available abroad and often cost three times as much as batteries purchased in the United States.

Take a time converter, a small magnifying glass for reading maps, an extra set of luggage keys, extra passport photos, plastic bags for soiled laundry and a sewing kit. Make an inventory list for quick checkups so nothing is left behind.

**FBC Members Take Part In C-Christi State Meeting**

Texas Baptists met in Corpus Christi last week for the annual convention with 3,500 messengers and visitors attending from the state's 4,000 Southern Baptist churches.

Representing the Santa Anna First Baptist Church were five people, Donnie Neff, Carmen Donham, Janice Cozart, Leta Parker, and the pastor, Rev. John Stanislaw. The statewide concern for missions was underscored by adopting a \$50 million budget for the Cooperative Program of world missions support. More than one-third will help support the work of 6,000 missionaries in the United States and 100 foreign countries, with the remainder for support of 23 Baptist institutions and other state missions work.

D. L. Lowrie, pastor of First Baptist Church of Lubbock, was re-elected president of the state group.

**Methodists Organize Bell Choir, Rhythm Band for Children**

The United Methodist Church has begun a children's bell choir and rhythm band. Patty Kenamer is in charge of the rhythm band that is made up of children aged three through pre-school. She is

being assisted by Stephanie Starr. The children are just learning to watch the director and play together. The first song being learned is "Jesus Loves Me." The children also learn a

**Smoked Turkeys Delivered Here On Friday**

The smoked turkeys purchased in the recent Parent Teacher Organization drive, may be picked up Friday, November 19, at the Methodist Church annex. Members of the organization will be at the annex from 2 - 5 p.m., and those who ordered the turkeys are asked to pick them up during that time. Those helping with the distribution Friday will be Romona Myers, PTO president; Jane Gustavus, Reba Kay Miller and Janet Neff.

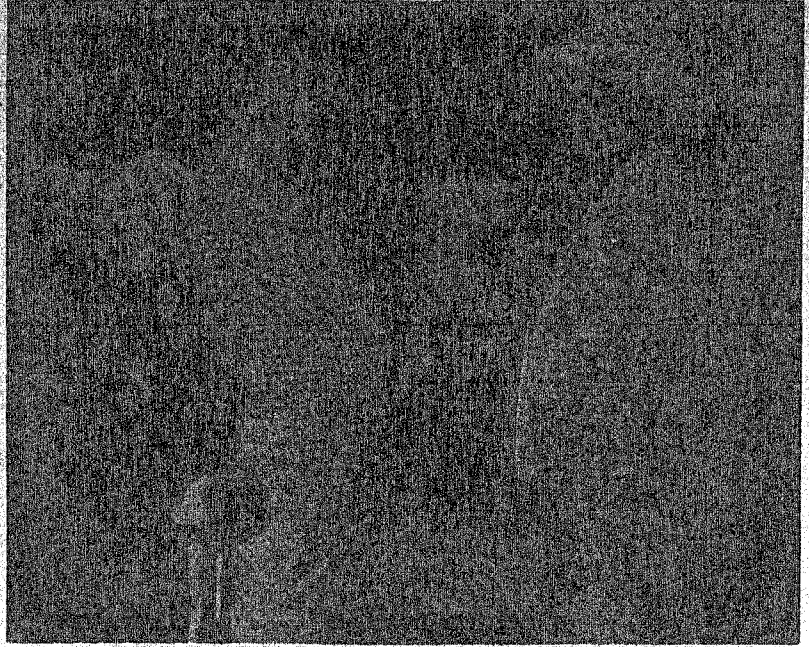

The PTO sold 236 turkeys as a fund raising project, and are pleased with the response from the community.

**Exercise Group Plans Supper Next Tuesday**

The ladies exercise class that meets twice each week at the Civic Center is planning a special event on Tuesday of next week.

Each person attending is asked to bring a dish of low-calorie food for supper that will be served following the exercise session. Recipes for the diet dishes will be exchanged for those who wish to have them.

Sharon Guthrie and Elaine Brown are leading the class that meets each Monday and Tuesday evening from 6 - 7 p.m. All ladies of the community are invited to meet with the group, and there is no charge for the instruction.

## Trickham News

By Mrs. O. R. Boonicks

Rev. Mike Alexander, the Methodist minister, preached at 9:30 Sunday morning.

The Saturday night supper at the community center had 20 present to play games and six came in after supper. We had stew for supper, also sweets. Everyone seemed to enjoy it. We were glad to have Mr. and Mrs. Harvey Goodjoin with us from Brownwood. We played 84 after supper and all enjoyed it.

The Quilting Club is meeting each Tuesday afternoon at the community center now. A quilt was finished for Mildred Ruggles last week, and one will be finished this week for Sug Stearns. Also Estell Fellers will put in one this week.

My brother, Bryan and Ethel Shield visited me from Monday until Thursday afternoon and while they were here, those that visited in my home were Walter and Carrie Stacy, Bernice McIver and May, who visited Wednesday morning, and Ranking and Natalie McIver visited Tuesday night and Doug Perkins came by.

Wednesday night we went to Rankin and Natalie's and had supper. Also Genia and Grad McIver had supper and we six played 84 after supper. Genia, Natalie and myself beat the men three games so we had fun.

Thursday I went and had my hair fixed and Ethel and Bryan met me at Vera Shield's in Santa Anna and I went by and got hamburgers for our dinner. Bryan and Ethel left after dinner for their homes. Bryan took Ethel home to Amarillo and she spent the night. He left early the next morning for his home in Albuquerque, New Mexico. We had a good visit together while they were here.

Visitors with the Walter Stacys Saturday were Tom and Sue Stacy of Abilene and Doug Perkins came by.

Visitors with Ilene Haynes last week were Billy Haynes and Reba Cozart and Oma Lee Dockery had dinner with her Thursday. Reba spent the rest of the week with her mother.

Mr. and Mrs. Mike Wetzel of Santa Anna came home with me from

church Sunday and had dinner with me.

Mr. and Mrs. Clive Brewster from Blanket visited the Charles Brewsters Sunday but Brad Brewster and Sherry went back to Abilene Sunday morning.

Howell and Gertrude Martin went to Fairview Wednesday to an annual cemetery meeting Wednesday and came home Thursday. Lyndall Moore had dinner with Howell and Gertrude Martin Sunday.

Florence Stearns visited Winnie Haynes two days last week.

Mr. and Mrs. Joel McClatchy and son, Steve spent the weekend with his parents, the C.T. McClatchys Sr. Also Frank and Bertha Rice of Brownwood visited them Sunday.

Lyndall Moore spent the weekend with Russie James.

Russie and Oma Lee Dockery attended the Porcelain Arts Tea and China show at the Adams Street community center in Brownwood Sunday, and Roberta and Pat McShan are visiting her this Monday night. Also Sunday evening Gertrude Martin, Lou Vaughn and Lyndall Moore attended this same Art and Tea.

Visitors with the Grady McIvers Wednesday Genie Haynes visited Genie and went to Brownwood with her. Saturday Reba and Grady Clay McIver had dinner with their grandparents and Doane and Mindy McIver had supper with them Saturday night. Also Royce and Wanda McIver spent the night with them.

I attended the Santa Anna and Bangs AARP meeting at Santa Anna Monday at noon at the First Methodist Church annex. There were 30 present and three at the Birthday table. We all sang Happy Birthday to them, led by Mr. Tom Williams. He also led the pledge to the Flag. The Presbyterian minister gave

help you realize that you don't need a cigarette to have a good time.

Snap a "Larry Hagman Special Stop Smokin' Wrist Snappin' Red Rubber Band" every time you feel the urge to smoke. Get band from local Unit of the American Cancer Society.

### Local Ladies

#### At UMW Meeting In Brownwood

Mrs. Ethel Williams, Mrs. Opal Little, Mrs. Lucile Smith and Mrs. Lillian Herndon were in Brownwood Saturday, November 13, for a district meeting of United Methodist Women. The program was "Officer Training" for leaders of the UMW groups from the Brownwood District.

thanks for the meal, also showed slides after that we all sang "America". We had a short business meeting led by President Lucile Wylie.

A number of us hostesses gave a wedding shower for Brad Brewster and Sherry Saturday morning at 10 a.m. at the First Methodist Church annex at Santa Anna. There were 29 registered and many others sent gifts that were not there. Brad's two grandmothers were there from Blanket and Zephyr, also some aunts and cousins. They got a very nice shower and pounding. Sherry is from California and she said they just

don't give gifts and poundings like here in Texas. They are so happy for everything which will be so much help to them. I think they will make a sweet couple.

Refreshments of punch and coffee, banana bread, sausage balls, cookies, fruit sticks and mints were served. A beautiful arrangement of mixed flowers centered the table with a white lace table cloth and a red rose bud on the register table.

Their wedding will be next Saturday night at 6:30 at the First Baptist Church in Abilene. They are both students at Abilene Christian University. They are here this weekend with his parents, the Charles Brewsters.

SOS, the traditional call for help from a ship in distress, does not actually stand for anything. It was chosen because it could easily be sent as a wireless message.

**MORE FOOTBALL ACTION** will be coming up for Santa Anna football fans on Saturday, November 27, when the annual Santa Anna - Bangs Ex-Student football game is played in Bangs. The two teams are shown here in the 1981 contest in Santa Anna when the local men won 15 - 6 over their neighbors. The

annual event is sponsored by the athletic booster clubs from the two communities, with proceeds used for club projects. Former Santa Anna students interested in playing with the local team should contact Randy Brown, Booster Club president.

## Whirly Bird Awards To Local Children

Awards were given to members of the Whirly Bird group on Wednesday, November 3, at the Methodist Church.

The first award given to members of the group is a sash, then each child receives patches to be placed on it according to the work they accomplish.

First graders who earned an award for reciting the Lord's Prayer from memory were Jerami Fritz, Lana Harvey, Ingia Stark, Eric Gooch, Jill Weathers, Johnny Diaz, Christie Beal, Elisha Blanton, Cassidy Johnson, Mitchell Guthrie, Brandon Crisp, Kevin Morris, Kyra Neff, Bobby Ray Diaz, Glen Donham, Tai Musick, Sandi Watson and Becky Simmons.

Second graders receiving awards for memory work were Paul Morris, Keith Morris, Billy Joe Diaz, Nathan Barnett, Terri Jo Cheesman, Timmy Ray Cheesman, Card Daniel, Scotty Martin, Roy Shields, Lanham Stark, Alissa McGee, Monica Rendon, Jeannie Patterson, Erica Pearce, Betsy McIver, Julie Dean, Mika Gore, Michelle Osborn, Laura Russell, Rodney Nelson, Brandi Horner, Cheree Halmon and Billy Wayne Thomas.

Third graders receiving awards were Amy Beaver, Ross Bradley, Jason Dean, Lori Diaz, Gloria Frausto, Sam McCrary, Richard West, Grady Clay McIver, John Morgan, Carrie Myers, Von Earl Perry, Jimmie Shields and Tami Starr.

A number of local people have made donations to Whirly Birds, and recent donors include the follow-

ing: Mr. and Mrs. Clifford Lowe, Mr. and Mrs. W. D. Scarbrough, Mr. and Mrs. Grady McIver.

Donations for the interdenominational group are appreciated and welcomed. A current need of the group is red double-knit fabric, and anyone with some to donate is urged to contact Orabeth McIver or Darla Beal.

Whirly Birds meets each Wednesday afternoon at 2:30 p.m. at United Methodist Church. Children from grade one through three are invited to take part in Bible study, games and music.

That roaring fire in your living room fireplace could actually be cooling your house down instead of making it warmer. The fact is that fireplaces use a lot of air to keep a fire going. Fresh cold air seeps in around doors and windows to replace the air that goes up the flue. Many experts advise using an airtight wood stove for extra heat instead of a fireplace.

A new breakthrough in wood stove efficiency has created stoves that can keep your home as much as 20 percent warmer. The development is called a catalytic combustor. It's from Corning Glass and more than 100 stove manufacturers will soon have combustor-equipped stoves on the market. The combustor reduces creosote buildup as much as 95 percent for safer fires and reduces wood stove air pollution by 70 percent, resulting in a cleaner environment. And that's a fact!

Free brochures about the energy savers are available by writing to Catalytic Combustor, Corning Glass Works, Corning, N.Y. 14830.

## American 'Smokeout' Slated Today

Up to 20 million Americans across the country are expected to try giving up cigarettes for at least 24 hours today - Thursday, November 18.

That is the date of the sixth annual Great American Smokeout. Last year the Gallup Organization reported that about 15 million of America's 52 million adult smokers tried to give up cigarettes for Smokeout Day, and that 4.5 million of them made it through the day without smoking.

Royce Young, education chairman of the Coleman County Unit of the

American Cancer Society, is serving as chairman of the 1982 Smokeout and with others in the local organization is urging smokers to take part in the event.

The Great American Smokeout appeals to many smokers (about 85 percent of whom, according to surveys, would like to overcome their addiction), because it asks for only a one-day commitment. Yet, many participants discover that having gone without cigarettes for 24 hours, they can try for 48 hours -- or more. A followup of the 1980 Smokeout showed that well over a million of the successful "Smokeouters" were still not smoking 11 months later.

The Smokeout began as "D-Day" in Minnesota in 1974, the brainchild of Lynn Smith, publisher of the Monticello, Minnesota Times. It spread to California in 1976, and was first observed nationwide in 1977.

The Smokeout is designed as a light-hearted, upbeat event. Preaching about the hazards of smoking are frowned on, and Smokeouters should be

showered with encouragement and affection instead.

## Quit Tips For Smokers On Smokeout Day

Quit tips for Smokeout Day on Thursday, November 18, are outlined below by the American Cancer Society.

Don't carry a lighter or matches; hide all ashtrays. When the urge to smoke hits, take a deep breath. Hold it in for ten seconds, then release it slowly. Taking deep, rhythmic breaths is similar to smoking only you'll inhale clean air, not poisonous gases.

Exercise to help relieve tension. Climb stairs rather than take the elevator, park the car a block or two from your destination and walk the rest of the way. At home, practice touching your toes, jog in place, do jumping jacks.

Wrap your cigarettes in sheet of paper, then rubberband. If you must reach for a cigarette, you'll have more difficulty getting to one and may change your mind.

Cleanse your body of nicotine. Drink liquids - lots of them. Water (8-8 glasses), herbal teas, fruit juices, and caffeine-free soft drinks all fit the bill. Pass up coffee, caffeinated soft drinks and alcohol, as they can increase your

urge to smoke.

Eat rather than smoke, but stick to low caloric, high nutritional foods: fresh fruit, crisp, crunchy vegetables. Substitute sugarless gum for a cigarette. Other temporary "pacifiers" to keep on hand: lemon drops, pumpkin or sunflower seeds, apple slices, carrot sticks, un buttered popcorn. Avoid spicy foods that can trigger a desire for cigarettes.

Change your habits connected with smoking. Leave the dinner table soon after eating to avoid the desire to light up. When answering the phone, reach for gum rather than a cigarette.

Spend your day with friends who don't smoke. Visit places where smoking is prohibited: a library, theater, department store, or museum. Watch movies from the "no smoking" section; travel in the "no smoking" car of your commuter train. Revisit places where you've illegally smoked in the past (elevators, supermarket) and enjoy not feeling guilty.

Get rid of smoker's breath by brushing your

teeth several times. Notice how much sweeter your mouth tastes when a cigarette isn't dangling from your lips.

Go public with your plans to quit by telling all your friends. Ask them to help keep you from backsliding. Ask family and co-workers who smoke not to do so around you. Promise someone a dinner if you return to smoking.

Use money you save from a day of not smoking: make a 3-minute, long-distance phone call to an old friend; play 3 games of Pac Man; play 3 favorite songs on a juke box; take a chance on a lottery ticket.

Pat yourself on the back. Quitting smoking is hard and you deserve credit for your efforts.

Treat your body and soul with kindness. Indulge in a bath, massage, nap. Listen to your favorite music. Enjoying these activities in the absence of smoking will

**The Heat Pump**  
the most efficient system for heating and cooling.

A heat pump can actually produce more than 2 units of heat for every unit of electricity used, in a properly insulated home.

Unlike a conventional furnace, the heat pump doesn't make heat. It transfers or "pumps" heat. Even on cold days, there is some warmth in the air. The heat pump transfers this heat into your home to warm you and your family.

**THE ELECTRIC HEAT PUMP WILL SAVE YOU MONEY!** If you have plans to buy, build or remodel, or need a new heating and cooling system for your home, call a local factory trained HEAT PUMP DEALER or talk with WTU. We will arrange for a WTU heating and cooling specialist to contact you.

# Whon News

By Mrs. Tom Rutherford

We are just folks here in our community that always have things to give thanks for. But this we are thanking the Highway Commission for cleaning our farm to market from the Brady Highway to Whon from fence to fence. This was really needed. Several have come so close to hitting deer and some may have hit deer. But thanks so very much for this much-needed work. To who ever I am supposed to say thanks - A big "Thank You."

Mr. and Mrs. Darwin Lovealdy of Santa Anna have recently been sightseeing around San Antonio and New Braunfels, and attended a big affair at New Braunfels and also visited with Mr. and Mrs. Ray Smith and Mr. and Mrs. Noble Smith in Austin, reporting a wonderful few days vacation.

Joy Floyd Morris of Oklahoma is visiting his parents, Mr. and Mrs. Floyd Morris. Jeffery and Jennifer Morris of Santa Anna were also guests with their dad and grandparents over the weekend.

Mr. and Mrs. Dwan Cozart were weekend visitors on the Cozart farm here. I spoke with Mrs. Haynes of Trickham and was told that Etoile Cozart is not so much improved. He is making his home in a rest home in Round Rock.

We are so sorry to tell everyone we lost a very good member of our community the past week. Mrs. Hettye (Bert) Turney was buried in the Whon Cemetery Thursday afternoon.

Mrs. Turney had not lived in her home here but very little since the passing of her husband, Mr. Bert Turney, in 1966. But she was always thought of as a member of our community, and one who will be deeply missed. Death always leaves a vacant spot. Our sympathy to the bereaved.

A nice donation was given to the Whon Cemetery by Mr. and Mrs. Leonard Matassa of Dallas, a daughter of Mr. and Mrs. Turney. This was given in memory of her parents. Thanks so much, Virginia.

Mr. and Mrs. Elec Cooper of Rockwood were dinner guests of Mr. and Mrs. Darwin Lovelady last Tuesday. Tuesday night guests of the Loveladys were Mrs. Betty Bearden and her grandson, Ben Bequette of Brownwood and Juanita Minica of Santa Anna.

Mrs. Tom Rutherford visited with her daughter, Mrs. Bob (Patsy) Smith

near Abilene last Tuesday afternoon. I accompanied Mrs. Imogene Fitzpatrick since she was transacting business in Abilene. I enjoyed the drive to and from Abilene and also being with my daughter in her home.

A big thanks for the donations to the Whon Cemetery in memory of Mrs. Hettye Turney from Mr. and Mrs. Bean Radle, Mrs. Vernon Parker, Mrs. L. A. Welch, Mr. and Mrs. Delburn Rice, Mr. and Mrs. Denver Ellis and Mrs. Pearl Avants. To all, thanks.

Recent visitors with Mr. and Mrs. Darwin Lovelady were Mr. and Mrs. Arnold Mayfield of Abilene and Mrs. Doris Ruth Stearns of Brownwood. Earlier in the week Mrs. Elva McDaniel and Mrs. Doris Laughlin of Brownwood visited.

Mrs. Bob Smith of Abilene spent Monday night with her parents, the Tom Rutherford.

Mr. and Mrs. Leonard Matassa of Dallas and Mr. and Mrs. Rex Turney of Santa Anna are spending some days on the Turney farm here. Mrs. Matassa visited the Tom Rutherford's briefly Saturday morning.

Douglas Avants of Brady was on the Avants farm awhile Sunday afternoon.

Elwayne Perkins of Grand Prairie was a weekend guest with Mr. and Mrs. Floyd Morris. A Sunday visitor was Norman Floyd Morris of Brownwood.

Todd Rutherford of Bangs was a weekend guest with his father, Loyd Rutherford. Todd spent Saturday night with his grandparents, the Tom Rutherford.

Don Fitzpatrick of San Anna was with his parents, Mr. and Mrs. Graham Fitzpatrick, Saturday, and late in the afternoon Mrs. Don Fitzpatrick and children came out and were supper guests with the family.

Mr. and Mrs. Randal Lovelady and girls of Brownwood visited several times recently with his parents, Mr. and Mrs.

Darwin Lovelady in Santa Anna.

Franke Wells visited Monday afternoon with Mr. and Mrs. Floyd Morris.

We are sorry to report the sudden death of Mrs. Sudie West, the mother of Mrs. Don Bible who resides in our community. Mrs. West lived in Santa Anna.

I have been asked to print the following article in my news column. If you have anything that could help with the Coleman County History project, please get in touch with me and I will get it to the proper authorities.

## Bride-elect Is Honored With Gift Coffee

Sherri Swetkovich, the bride-elect of Bradley Brewster, was honored Saturday, November 13, with a gift coffee at the United Methodist Church annex.

Orabeth McIver greeted guests as they arrived. In

the receiving line with the honoree was the mother of the groom-to-be, Mrs. Charles Brewster of Trickham, and grandmothers, Mrs. Jim Roach of Zephyr and Mrs. Clyde Brewster of Blanket.

Mary Boenicke secured names for the bride's book.

The refreshment table was laid with an ecru lace cloth over linen and centered with an arrangement of mixed flowers in rainbow hue, carrying out the chosen colors of the honoree. Napkins in pastel colors, crystal and silver appointments were used.

Lois Ann Harper served coffee and Gail Loyd served punch, with fruit bread, cookies, nuts and assorted party foods.

Other hostesses for the party were Romona Myers, Mary Ann Hartman, Genia McIver, Shirley Eubank, Natalie McIver, Coyita Bowker, Barbara Patter-

son, Debbie Dean, and Darla Beal.

Special guests at the party were aunts of the prospective bridegroom, Mrs. Lila Gunn and Mrs. James Boyd of Blanket, and friends, Mrs. L. C. Tongate of Zephyr, Mrs. Paula Kuhn, Shelly and Kris of Houston and Mrs. D. H. Ward of Bangs.

The bride-elect is the daughter of Mr. and Mrs. Ed Swetkovich of Roseville, Calif., and will be married in Abilene Saturday, November 20.

### HERE ON LEAVE

Damon Harper has spent the past week in Santa Anna with his mother, Lois Ann Harper and sons, after completing basic training with the U. S. Army. He will visit in Oklahoma with his father before leaving for a tour of duty in Germany.

## Eyeglasses, Jewelry Benefit Needy Persons

New hope for thousands of people who can't afford to buy eyeglasses is offered by the New Eyes for the Needy, Inc.

Mrs. Perry Nelson, president of the organization, said recently that this year's drive for eyeglasses is already bringing in an unprecedented response.

New Eyes for the Needy collects used metal and plastic framed eyeglasses from people who wish to donate them to the cause. Metal frames are melted down, and the money used to buy new glasses for those with impaired sight in the U. S. The organization also collects discarded jewelry for the same purpose. Plastic framed glasses are tested and graded and shipped overseas to medical

missions.

Many people have trouble paying for eyeglasses, and it is a huge job keeping up with the demand. Leaders of the organization estimate 150,000 people will benefit from the New Eyes for the Needy program in the coming year. It is one of the few charities on earth that doesn't ask for money - uses something you no longer want.

The organization is observing their 50th anniversary this year, offering help to persons who might otherwise go through life with impaired vision.

If you wish to donate either discarded eyeglasses or jewelry to this excellent cause, send them to: New Eyes for the Needy, 549 Millburn Ave., Short Hills, N. J. 07078.

## October Drilling Report

### Listed For State of Texas

AUSTIN- Railroad Commission Chairman Jim Nugent announced that Texas operators reported 89 gas and 57 oil discoveries in October. One year ago, 103 gas and 48 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the tenth month included 22 in the Refugio area, 20 in deep South Texas, 16 in the Panhandle, three in the San Antonio area, and two each in East Texas, North Texas and the San Angelo area.

Oil discoveries included 15 in North Texas, 10 each in Southeast Texas and the Midland area, nine in the San Angelo area, four each in East Central Texas and the Refugio area, three in West Central Texas, and one each in the Lubbock area and deep South Texas.

Through the first ten months of this year, there have been 1,210 gas and 544 oil discoveries throughout the state. For the same period last year, there

were 1,060 gas and 505 oil discoveries.

In October 412 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 2,598 in October compared with 3,146 in the same period of 1981.

## Arthritis Quackery

### A Booming Business

Arthritis has no known cure, as the 31 million Americans who suffer from it and related diseases are well aware. Just as aware of this are the inventors of these are the inventors of quack devices and "miracle cures," says the Texas Medical Association.

For every dollar spent on arthritis research, \$25 is spent on useless nostrums, unapproved devices, unnecessary food supplements and arthritis diet books, according to Consumer Reports magazine. The total annual tab for arthritis quackery is estimated to be \$950 million.

One dangerous and powerful drug making a comeback as an unapproved arthritis treatment is Leifcort. This hormone compound was developed and promoted nearly 20 years ago by Dr. Robert Leifmann, who fled to Canada to avoid arrest for selling a purported baldness cure. He continued to sell Leifcort there until his death in 1972.

The U. S. Food and Drug Administration says a number of Leifmann's colleagues are back in business in the U. S. and operating as the Arthritis Medical Offices and the Arthritis Medical Center. Leifcort - under new names like "Hormone Balance Treatment,"

"Balanced Hormone Treatment," "Holistic Balance Treatment" and "Rheumatril" - is being sold in clinics often set up in hotel rooms. The FDA says the combination of hormones in Leifcort poses a danger to health.

Another product that the FDA says has not been proven effective is a snake venom combination called PROven. Made from cobra and krait venom, PROven has been given to people with rheumatoid arthritis and multiple sclerosis.

"Special" arthritis diets abound, but the Arthritis Foundation says what you eat neither causes nor cures the disease. Everything from cod liver oil, alfalfa, pokeberries and blackstrap molasses to a mixture of honey, vinegar, iodine and kelp have been sold for arthritis diets. In the 1960s, the FDA confiscated about 2,000 bottles of sea water to break up a nationwide swindle.

The best advice for arthritis victims is to be wary of products that offer "special" or "secret" formulas, promise quick or easy cures, or are promoted by case histories and testimonials.

The only product that seems to relieve arthritic pain effectively is aspirin in large amounts. Your doctor can advise you on the proper dosage.

## Lack of Iron A Concern Of Good Diet

One of the most abundant minerals in the earth's crust is iron. Yet iron deficiency is the most common nutritional deficiency both in the U. S. and around the world, reports a food and nutrition specialist with the Texas Extension Service.

One way to be sure you are getting enough iron is to choose a combination of foods that are rich in iron and Vitamin C. The addition of Vitamin is important because ascorbic acid helps to absorb iron into the body.

# Wood Stoves Provide Savings On Winter Heating Bills

HARTFORD, CONN. — As the leaves start to fall and winter's cold chill draws closer by the day, many Americans are reminded — unpleasantly at that — of their large winter heating bills. As a result, more and more people have turned to alternate forms of heating, but the price paid for savings on fuel bills has been a dramatic increase in the number of residential fires, injuries and deaths.

One of the most popular home heating alternatives is the woodburning stove. Invented by Benjamin Franklin back in the mid-1700's, wood stoves were cited last year as a direct cause in more than 24,000 fires and 800 deaths. These figures are even more dramatic considering that fires and injuries caused by oil and gas heating units are steadily decreasing. In Oregon, for example, the state fire marshal's office reported that in 1981, 87 percent of all heating equipment fires were caused by woodburning stoves.

Despite the risks, scores of Americans are buying and installing woodburning stoves, primarily because they are effective in reducing heating bills. Per unit of heat, wood is less expensive than oil or gas. And unlike a standard fireplace, which tends to heat the air above the outside chimney, wood stoves are much more efficient in heating rooms where they're located.

**PROPER INSTALLATION**  
Sixty percent of all woodburning stove fires are caused by faulty installation, according to one specialist. Most people who buy wood stoves are looking to save money on their heating bills and don't see the need to pay an expert to come and install what looks like a simple operation.

One essential precaution is to have your chimney examined by an expert for cracks, loose masonry and other defects, before installing a wood stove. If you are connecting a store-bought chimney, be sure it has recognized testing laboratory label. If you are connecting the stove to an existing fireplace, you must seal off the chimney below the stove's pipe entry. This will prevent toxic gasses from backing up into the room. It is dangerous to connect more than one heating device to a single flue.

Stove owners should follow detailed instructions to be sure that the stove pipe's dimensions and materials are adequate for installation. Ordinarily the pipe should not pass through a wall or ceiling.

As for hooking a stove pipe to masonry chimney, you'll need to extend the connector through the masonry wall of the chimney to the inner face of the flue liner — but not beyond, and cement it to the masonry with high temperature cement.

**USING YOUR STOVE**  
If you have a woodburning stove, pay close attention to correct use. Never start a fire with flammable fluids like gasoline, kerosene or lighter fluid. Instead, put crumpled papers under kindling wood. Once the fire has started, larger logs can be placed in the stove.

Trouble involving wood stoves usually start in the chimney. Most people don't keep their chimneys clean. The best thing to do when

a chimney fire strikes is to call the fire department first. Then close the stove's doors and the damper in the stove pipe. Never throw water on the stove, because it could cause the stove to crack and start a second fire.

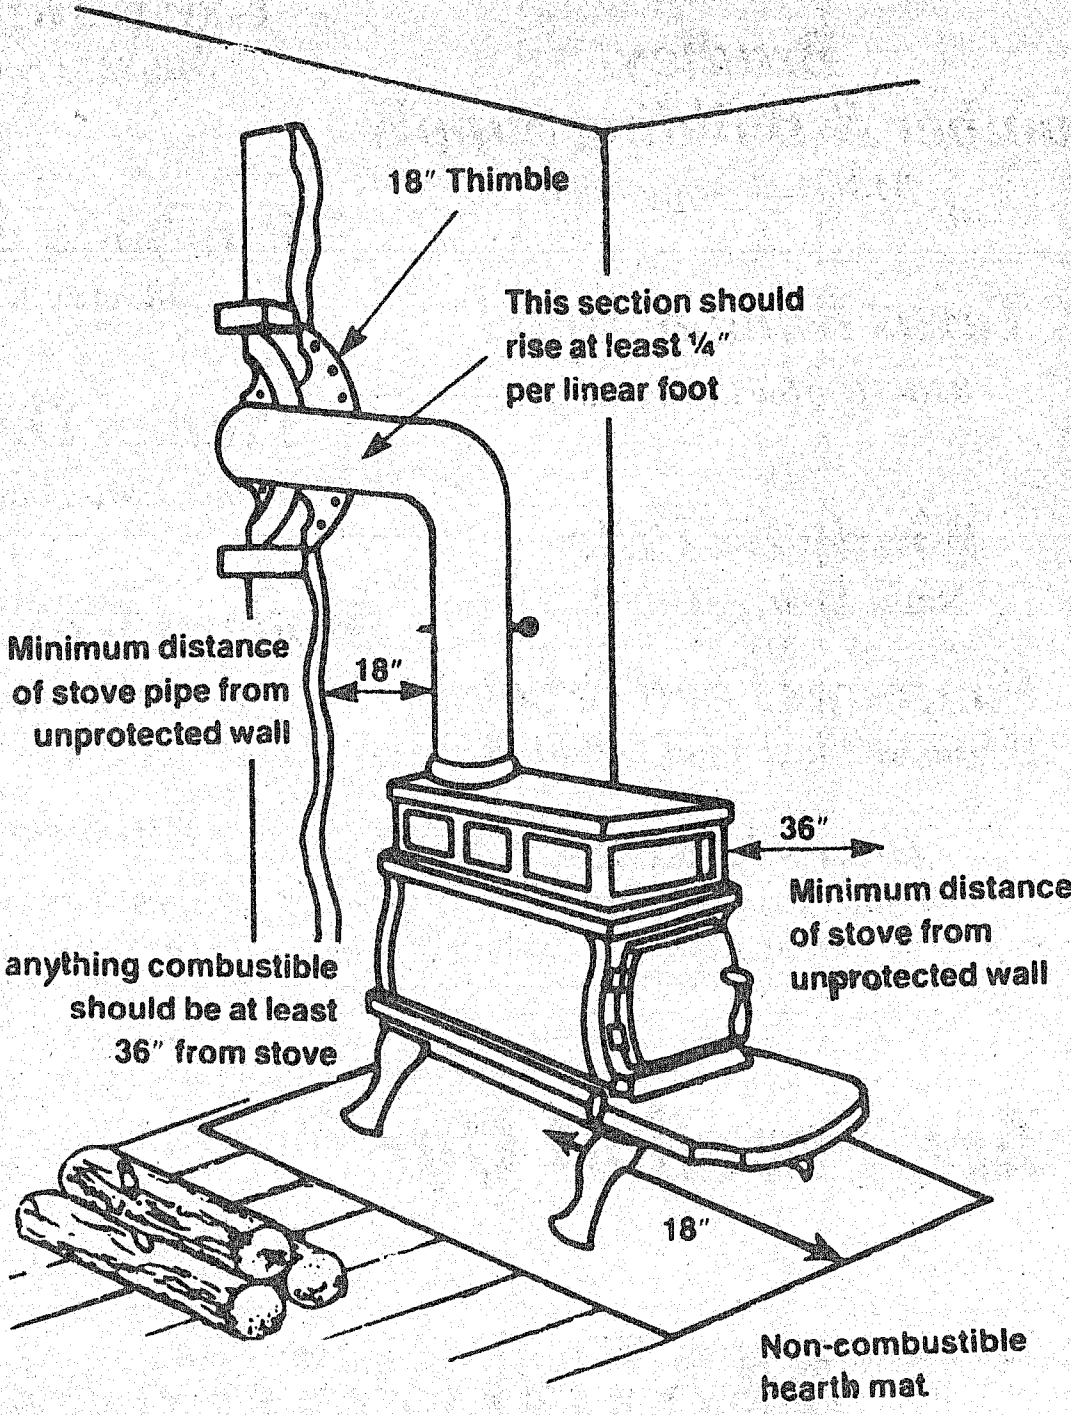

Chimney fires start from a build up of creosote,

which ignites by the heat of the fire. Creosote forms from partially burned material, such as newspapers, trash or wood that hasn't been properly seasoned. To avoid this dangerous build up, have it cleaned at least once a year.

Using the correct wood is

another sensible practice that is often overlooked by the wood stove novice. Well seasoned hardwoods like ironwood, apple, red oak, sugar maple are the most heat efficient and least likely to produce creosote. **SAFE AND SENSIBLE** Parents should take extra safety precautions when children are in the

house. Wood stoves don't 'look' hot to children, so they need continuous reminders not to go near the stove. Installed and used correctly, woodburning stoves are an effective way to reduce your fuel bills as well as supplying comfort and warmth for many a winter to come.

**WEDDING DATE ANNOUNCED** Mrs. Shirley Groce of Peterburg, Texas announces the engagement and approaching marriage of her daughter, Joy Groce of Levelland, to Sam Allen, son of Mrs. Gale Allen Brock of Santa Anna and the late Jack Allen. A 1981 graduate of Southwest Texas State University at San Marcos, Miss Groce is presently employed with the Texas Extension Service as Home Demonstration Agent in Levelland, Hockley County. The prospective bridegroom is a candidate for a Degree in May 1983 from Texas Tech University School of Law in Lubbock. The January 2 wedding will take place in Carr Chapel near Peterburg. The Reverend Kerry Groce, brother of the bride, will officiate at the ceremony.

## Ranger Park Inn News

The Sunday afternoon devotion was enjoyed by a large number of residents. Thanks to Bro. and Mrs. Lindley, Mrs. Keeney, Mrs. Thomas, Jay Irvin, Mr. and Mrs. Lou Griffin and Mr. and Mrs. Parrish of Cross Plains. We appreciate this service each second Sunday.

We sure enjoyed the birthday party Monday afternoon. Thanks to Eunice Longbrake, Bunk Wagner, Jay McCoy, Hubert McCarty, Mary Lou Cruger, Cora Mikeska, Susie Snider and Claudia Davis, the honorees, and a large number of residents were served hot chocolate and cake. We appreciate the visitors attending the party, who included Vicki Green, Leta Parker, Byrdie Miller, Billie Hipp, Betty Brown and Cory. Thanks

again to Mrs. Longbrake for such a delightful party. Visitors with Lydia Haynes during the week have been net nephew and niece, Bill Lawrence of Coleman, Marie Camack of Belton, Mrs. Carson Walker of Abilene, and a friend, Ruby Martin of Coleman.

Eunice Kowierschke, Lola Hill, Nannie Brinson and Rosanelle Hickey of Bangs have visited with Mrs. Hickey's mother, Ima Boenicke.

Alma Webb was visited by Lois Haines, Rose Moxley, Teddie Ballard, George Osburn, Ima Boenicke and Sarah Barnetsky.

Rose Moxley visits often with her father, Julius Massoud.

The singing was enjoyed by a large number of

residents Tuesday evening. Thanks to Bro. and Mrs. P. A. Lindley, Mrs. Nolen, O. C. Barker, Mr. and Mrs. Lou Griffin, Laverne Thomas, Mrs. Keeney and Jay Irvin.

The movie, "Life Climb" was enjoyed by the residents Friday afternoon. They enjoyed eating pop corn as they watched the movie. Thanks to Lillian Herndon, Blanche Grantham and Ann Stiles.

Ila Todd visits at the Inn frequently with her mother, Mary Brooker, and sisters, Lillie Knotts and Annie Barrington.

Billie Joyce Perry visited her mother, Allie Woodard. Meta, Kelly and Amy Pierce of Brownwood visited their mother-in-law and grandmother, Johnnie Simpson.

Gary W. Davis of San Antonio visited his mother, Mrs. D. W. Davis.

Visitors with Jay McCoy were his daughter and granddaughter, Billie Hipp, Betty Brown and Cory.

Mr. and Mrs. J. B. Lewis of Bangs visited with Pearl Lewis, his mother.

Julian Kelley was a visitor of his uncle, John Hunter.

Byrdie Miller visited her brother, Bunk Wagner.

Visiting with Mary Miller was a niece, Marie Britton of Valera.

Raymond Keeney of Coleman visited with Bobby Keeney one day last week.

## Hunting Violators Caught After Officials 'Tipped'

AUSTIN—A concerned citizen whose tip led game wardens to one of the largest illegal fish netting cases of the past six months, turned down the \$200 reward to which he was entitled under the state's Operation Game Thief program.

The Operation Game Thief Committee met at Texas Parks and Wildlife Department headquarters recently and authorized payment of \$1,400 in rewards to seven individuals whose information led to 30 game and fish law convictions against 24 persons.

The information provided by the unselfish citizen resulted in the arrest and conviction of three men who had been netting fish on Dallas area lakes. The trio pleaded guilty to 26 cases and paid \$1,971 in

fines and costs.

Another person who called the Operation Game Thief number, 1-800-702-GAME, received a \$300 reward for information regarding a trio of poachers who were caught illegally catching catfish with their hands. Their fishing trip cost them \$1,484 in fines and costs.

Other Game Thief calls resulted in convictions involving redfish importation violations and various hunting violations such as hunting deer at night, killing wild turkeys out of season and deer tagging violations.

Persons who witness a game or fish law violation may call the statewide toll-free Game Thief number anytime. Anonymity is guaranteed if the caller so desires.

Persons are asked to provide as much information as possible, including description of suspects, vehicle descriptions and license numbers, direction of travel and the like.

The Game Thief Committee meets in Austin twice a year to disburse rewards

for flagrant cases. Funding for the program is from donations by individuals and sportsmen's organizations. The six-member committee serves without pay.

## INCREDIBLE BUT TRUE!

The U.S. Army Reserve, when organized as America's first federal reserve force in 1908, consisted of only 364 medical officers. These individuals could be called to active duty by the Secretary of War in emergencies.

In the past 75 years, the Army Reserve has increased nearly 850 times its original number. It now in-

cludes more than 450,000 soldiers...nearly 240,000 of them in Army Reserve units. And it has grown more significantly in importance. Today's Army Reserve gives the Total Army the strength it needs to defend our freedom in an emergency, while allowing us to avoid the cost of maintaining those 450,000 soldiers in the full-time Army.
