Leahy Coming Home For Talks; Darlan Gets Vichy Promotion

65,000 LOST ON BATAAN

WASHINGTON, April 17 (AP)—The war department announced today that more than 65,000 troops and civilians including 14 generals, had been unreported for more than a week on Bataan peninsula and were "presumably in the hands of the enemy."

This figure included approximately 55,000 combat troops, about 8,500 sick and wounded, a number of supply and other non-combatant troops and some 25,000 civilians, a communique reported.

No reports of casualties in the last few days of fighting have been received, the communique said, but it was believed likely that losses were heavy on both sides.

There were 68 army nurses on Bataan, and all of them were evacuated to Corregidor island on April 9 along with a relatively small number of troops, the communique said.

American-Filipino troops were reported today to be fighting off an attack on Iloilo; Panay island city and last important Philippine point still in American hands.

A war department communique late yesterday said Japanese troops landing from eight transports were engaged by American-Filipino forces defending Iloilo and Capiz, the main Panay cities. The Japanese were estimated to number about 8,000. They came ashore under cover of naval gunfire and air bombardment.

Violence Breaks Out In France

By The Associated Press

The United States recalled Ambassador Admiral William D. Leahy from France today "for consultation" as the Vichy government resigned and old Marshal Petain, apparently putting a brake on the resurgence of pro-Nazi Pierre Laval to power, named Admiral Jean Darlan as commander of French land, sea and air forces.

Vichy dispatches said Ambassador Leahy had been ordered home to consult with the government—not necessarily meaning an open break in Washington-Vichy relations—and that he was expected to leave within two or three weeks.

Admiral Darlan was also designated Petain's heir as chief of state, and neutral observers saw in this the possibility that the 85-year-old marshal, in a final anti-collaboration gesture, sought to prevent Laval from assuming complete dictatorial powers.

As the Vichy drama sped toward a climax, bristling with the likelihood of world-wide repercussions, fresh outbreaks of terrorism were reported against the German occupation armies in France.

Nazi authorities in Vichy announced that 25 more hostages had been shot in occupied France in reprisal for attacks on German troops, and anti-collaboration demonstrators were said to be marching again in Paris.

London heard Vichy reports by way of Switzerland that Laval would attempt to maintain "friendly" relations with the United States and might even try to re-establish peace between Germany and the United States.

The crisis remained acute, however, with Washington ready to take swift action in the event Laval discloses any program of French-German solidarity hostile to the allies.

Although bitterly anti-British, Darlan is said to be adamant against handing over the French fleet to Germany. It remained to be seen, however, how far he would collaborate with the collaborationists, Laval.

The possible "joker" was that Darlan resigned his vice premiership and all ministerial posts to become head of the nation's armed forces—and presumably he would be bound to obey Laval's orders.

Free French quarters in London predicted that one of Laval's first acts would be to send French warships into the Mediterranean and the Atlantic in an attempt to provoke an incident with British naval forces and thus drive France into war on the side of the axis.

These quarters declared Laval would resort to such a trick because "he would not dare hand over the French fleet to Hitler outright... The people would not stand for it."

In Washington, observers frankly considered the possibility of a shooting war between the French and allied navies as a highly competent source there said there was evidence that Laval planned to throw the French fleet into a campaign to recapture French possessions now in the hands of Gen. Charles De Gaulle's anti-Vichy Free French forces.

Emphasizing the United States' firm stand, Acting Secretary of State Sumner Welles already has rejected the latest communication from Vichy—a verbal note refusing to accept an American note which condemned "that small handful of Frenchmen" playing Hitler's game.

Dispatches from Bern, Switzerland, said anti-collaborationists were on the march again in Paris; violence was reported, and three mysterious fires were said to have broken out, one of them raging through the historic Fontainebleau forest near Paris.

Stimson Says We're About Ready

They Give Germans Jitters— Many Commando Raids Unreported

NEW YORK, April 17 (AP)—Many commando raids along the east-coast coast are never reported, a British army major told the American Society of Newspaper Editors today in describing the work of the war's most famous dare-devils.

"Many raids take place about which the Germans say nothing," Major R. V. Boyle said, "but merely because they are not broadcast either in Germany or England does not stop the stories and rumors spreading throughout the German troops in France. I would like to add that many more small raids used to take place than ever appeared in the papers."

Declaring that the commandos "have got to be tough—really tough," Major Boyle said the most important characteristic of the men was their ability to meet any situation and if necessary to meet it alone.

Of the personnel, 80 per cent come from England, Scotland, Wales and northern Ireland with the others from Canada and Australia.

"These men," he said, "sleep where they stop. Each carries some food but often have to be out for long periods and so have to learn to fend for themselves. For that reason they are taught to kill, skin, cut up and cook animals they can catch. They have only a knife and a box of matches to do it."

"They certainly make the Germans jumpy. One night a party of Germans were riding their bicycles on their way to take over duty in one of their concrete defense posts. They were laughing and talking as they free-wheeled down a hill with a bend in it. As they rounded that bend, a burst of fire from a Tommy gun greeted them. Not one of them finished his ride. Now just imagine the feelings of other German bicycle patrols and reliefs when the story spreads around. And they certainly do spread around."

Army Offensive Possible Soon

WASHINGTON, April 17 (AP)—Secretary Stimson said today that "so far as the army is concerned we are getting pretty near to the stage of being ready for an offensive, however difficult it may be."

In a review of American military progress since Pearl Harbor, given in general terms at his press conference, Stimson said:

"Things are beginning to move and to move in the right direction."

"I am now more than ever convinced that we are going to get on the offensive and to do so at the earliest practicable moment," he added.

He stressed, however, that preparations for offensive warfare in a conflict which involved the entire globe was a long and difficult process.

"Before we can lead this nation into a long sustained offensive we must be as sure as possible that certain key points in our armor are as safe as possible," the war secretary said.

"We must make sure that our resources and manufacturing are protected against any interruption which would hold up or damage our offense."

"And when it is a world war with powerful enemies attacking us all around the globe, our key points of defense run far out into distant quarters of the world where some friendly nation is holding a post that is vital to us. That is what we have been trying to do during these difficult months and the task is not yet finished."

Stimson described the morale of the American fighting forces as "superb."

Labor Bill Kept Alive In Senate

WASHINGTON, April 17 (AP)—The house naval committee refused by a nine to nine vote today to suspend action for a month on legislation to limit war profits and regulate labor in war industries.

Rep. Fishery (D-Mass.), indicating he thought the committee would reject the legislation offered by Chairman Vinson (D-Ga.), offered the motion, saying:

"We're all aware of the possibility of executive action on all phases of this legislation."

"Negotiations to that end now are going on and rejection of this bill might have a bad effect on those deliberations."

In the meantime the house judiciary committee opened hearings on a new proposal to subject labor unions to prosecution under the anti-trust law and to prevent them from forcing employers to hire "unnecessary" workers.

The measure to bring labor unions under jurisdiction of the anti-trust law was offered by Rep. Monroney (D-Okla.). Unlike the profit-labor legislation pending before the naval committee, it was designed to extend beyond the war as permanent legislation.

On the senate side, a subcommittee drafted legislation giving the government veto power over wage and salary increases and restricting the extensions of closed shop agreements.

Activities Of ABC Reported

Reports on club activities and objectives were given by members of the American Business club at luncheon Friday noon at the Settles hotel.

W. D. Carnett talked on purposes and objectives of the local club followed by R. B. Reeder and C. A. Amos who told of district and national club objectives.

Fowler Fabian told of club work in defense and T. J. Dunlap of boy scout work sponsored by the club. Hugh Duncan discussed the big brother movement and George Zachariah social affairs.

Hudson Henley gave financial status and Mary Whaley, news reports. Helen Duley gave an analysis of the part of music in club work and Dr. J. H. Parrott closed with the club educational program.

Zachariah was named as bulletin editor for the next four weeks. A chicken barbecue was announced for May 1st at Scenic Mountain with ladies to be invited as guests.

Guests were R. M. Harper, E. W. Bailey, Good Graves and Cecil McDonald.

Victory Book Efforts Lag In Big Spring

Although today was Victory Book day, local efforts to bring in books to the schools for collection seemed to be lagging in enthusiasm, so officials reported today.

Anne Martin, chairman for the county, stated that although Big Spring and Howard County had no exact number to fill for its quota, that the county had been asked to do its share in collecting books for the soldiers and sailors.

Local schools have been named as reception centers for books to be collected and the Safeway store and the Herald office also offered to act as storage place for books until enough have been collected to be sent off.

Citizens were reminded to look through their book shelves and select good, new books and books of scientific nature as well as fiction and donate to men of the armed services in camps throughout the nation.

A total of ten million books is the national goal that has been set to be collected.

'Get It Done' Is Instruction To Rationers

Get the job done. Don't worry so much about how it's done, but be sure and get it done.

This, in effect, were instructions dished out to rationing boards and school authorities at a sugar rationing meeting held Thursday at Lubbock.

Representing Howard county at the parley were E. F. Robbins, chairman of the board, Sam T. Eason and De Witt Shive, members. Tom Rosson, clerk, and Anne Martin, county superintendent.

Miss Martin had called a meeting of all rural school teachers for 2:30 p.m. Saturday to discuss plans for the four-day registration on May 4-5-6-7.

Either wives or husbands may register for entire households, but where there are other members staying at a house, they must register individually.

Books will be issued with tickets to be torn out as sales are made and individuals sign statements (which if found to be false lays them liable to \$10,000 fine or 10 years imprisonment or both).

Those who average six pounds of sugar to the member of a family may not get books, but those with more than that amount until their sugar balance is within that realm. Coupons will be torn out of books for all excess over two pounds per individual.

As perplexing as this registration will be as people flock to school houses, Rosson and the board were equally concerned about the trade division which registers on April 27-28. All wholesale, retailers, bakers, restaurant operators, etc., must make complex statements which involve inventories, amount of consumption last year and many other exacting questions. Rosson urged that it would be wise for representatives of these firms to call by his office on the second floor of the Petroleum Building and look over the information which may be expected. Much of it will require considerable research and should be had in advance, he said.

Fierce Japanese Assault On Rich Petroleum Area Gains

By The Associated Press

British engineers applying the "scorched earth" policy were reported to have destroyed 6,000 oil wells in the rich Yenangyaung fields in western Burma today as out-numbered British troops retreated anew under the fiercest Japanese assault of the campaign.

Simultaneously, British Minister Richard G. Casey warned that the allies must assume Japan can strike in "major offensives against Australia and India" at the same time.

Burma is the eastern approach to India.

British headquarters acknowledges that battle-worn British troops, fighting a desperate holding action against Japan's invasion armies in the Irrawaddy river valley, had withdrawn at least 15 miles to a line north of Magwe.

Magwe is the gateway to the Yenangyaung oil fields, China's chief source of oil supplies.

The British communique said heavy Japanese pressure on the British right flank had forced the withdrawal, but said other British troops in the Taunggyi river valley were still "successfully protecting the right flank of the Chinese expeditionary force."

The main Chinese army, commanded by the American Lieutenant Joseph W. Stilwell, is under heavy attack by Japanese columns striking from the south and threatened with being cut off by other Japanese invaders driving down from the northeast out of Thailand.

The warning by British Cabinet Minister Casey that Japan was strong enough to invade India and Australia at the same time was not elaborated but on a more cheering note he declared that United States production was moving at "a great pace" and would soon "make itself felt in more than one theatre of war."

In the battle for the approaches to Australia, Japanese warplanes again raided Port Moresby, New Guinea, 800 miles across the Torres Strait from Australia, and dropped 50 bombs.

In the Philippines, a Tokyo broadcast asserted that 20,000 Filipino and United States soldiers, including 9,000 Americans, had been captured on Bataan Peninsula up to yesterday—10,000 more than Tokyo claimed on Tuesday.

With Bataan fallen and Corregidor island fortress under fiery siege in Manila Bay, Japan's invasion armies were apparently bent on capturing the central Philippines as their next objective.

American-Filipino troops were reported fighting off an attack on Iloilo, on Panay Island.

Panay lies midway between Luzon Island in the north and Mindanao Island in the south.

A war department communique said yesterday that 8,000 Japanese troops, landing under cover of naval gunfire and aerial bombardment, were engaged by American-Filipino defenders.

Tire Ration Pinch Begins To Show Here

Applications for truck, tractor and trailer tires on file with the Howard County Rationing Board now stand at 260. The tube application is more modest, only 175.

For the rest of the month the board has 29 tires and 28 tubes available.

Thus, the pinch rationing is rapidly making its show by simple arithmetic.

In the passenger tire field the picture is not so bad. There are on file 28 applications for tires and there are 13 left in the April quota. There are 47 tubes available to meet only 18 such applications.

Tom Rosson, board clerk, said that the board probably would be able to meet the retread applications—seven for trucks and 18 for passengers. Bus applications, for eight tires and nine tubes, were apt to go wanting for the most part.

The trend of demand began to make it clear that more and more certificates may go only to those who can show emergency need for tires, tubes and retreads.

Health Center Sought Here

Application for a health center building to be located here and to cost \$15,257 has been filed by Dr. George M. Cox, state health officer, city officials were advised Friday.

This, however, does not mean the erection of the building, for such is contingent upon the establishment of a city or county or city-county health service as well as approval of the building by federal authorities.

Dr. Cox said that the first provision would be assurance that the city or county would provide a site, and it was understood that this could be done readily.

He added that "we cannot recommend an allotment for this building until the establishment and organization of a city-county or city-county health service is agreed."

Witness Says Remington Arms Cartel Aided Nazis

Hero O'Hare Back At Home

PHOENIX, Ariz., April 17 (AP)—Back in war conscious America today, husky handsome 29-year-old Lt. Edward H. O'Hare, the Navy's No. 1 air hero, found many peace-time memories in the Salt River valley of Arizona, where he wooed and won his bride of seven months, the former Rita Wooster of Muscatine, Ia.

"I'm on a vacation, and boy does it feel good," declared O'Hare, after he and his wife fondly embraced at the airport when he arrived by airliner from San Francisco last night.

Tears shone in Mrs. O'Hare's eyes as she greeted her husband, whom she had not seen since the war's outbreak. They were tears of happiness, though.

"Oh, Butch, it's so good to have you again," she said.

Modest Butch, the one-man naval air force whose exploit of downing six Japanese planes in one afternoon off the Gilbert Islands brought him world renown, was anxious for some rest and relaxation.

"Let's not talk about my experiences," he said, "this is a family reunion, you know."

Justice Department Spokesman Tells Of Impediments To Arms Sales To British

WASHINGTON, April 17 (AP)—A justice department attorney told the senate patents committee today that an international cartel agreement between German interests and the Remington Arms Company, controlled by E. I. Du Pont De Nemours and Company had impeded American sales of military ammunition to England and other parts of the British empire.

Allen Doherty, special assistant to the attorney general in the anti-trust division, testified that the agreement permitted sale of ammunition to England "for shooting grouse, quail, ducks and for target practice. But Remington may not sell ammunition containing tetraene to Great Britain for the purpose of shooting Germans."

The witness explained that tetraene was a priming composition for firearms and munitions and asserted that an agreement involving the German patent on the compound produced these results:

1. Prevented sales of tetraene-primed ammunition to the British purchasing commission until recently.
2. Gave a German company access to military information through Remington Arms company royalty payments to the German company.
3. A German company may collect royalty on ammunition sold to the United States army.

Doherty's charges surprised members of the senate committee and Senator Lucas (D-Ill.), La Follette (Prog-Wis.) and Bone (D-Wash.) asked if the agreement still was operating.

Three Enlist In Army Here

Enlistment of three men in the U. S. Army was announced here Friday by Sgt. Troy Gibson, recruiting officer.

They were Raymond E. Price, son of Mr. and Mrs. James E. Price, route No. 1, Lamasa; Glen A. Hayes, son of Mr. and Mrs. O. C. Hayes, Knott; and Earl M. Clark, Jr., son of Earl M. Clark, Sr., Karnit.

At the same time, Sgt. Gibson said that he had been given quotas which showed vacancies existed in the infantry, engineering corps, signal corps, air corps, quartermaster corps, and other branches. Young men of 18-19 years may specify the branch of service in which they are entering.

Sgt. Gibson again cited the opening for parachute troops. Young men enlisting in this branch must be normal specimen and aggressive. They draw a \$30 a month bonus in addition to base pay.

Gov. Stevenson To Register In Next Draft At Junction

AUSTIN, April 17 (AP)—Governor Coke R. Stevenson plans to register for selective service in Junction, either on April 24 or 25, he revealed today.

Registration day for men in the 45-64 year bracket is April 27 but registration is permitted on April 24 and 25 for those who do not expect to be at home on the normal registration day.

The governor will be in Junction on April 24 or 25 and in Fort Worth April 27 for the convention of the General Federation of Women's clubs.

Russians Advance In Smolensk Area

LONDON, April 17 (AP)—The Moscow radio said tonight that in spite of fierce German resistance the Russians were taking "one great fortress after another" in the region of Smolensk.

Heavy fighting was reported also along the vital front between Lakes Ilnen and Ladoga, below Leningrad before the thaw turns roads into bogs and floods the rivers.

Nat Shick Heads Texas Postmasters

WACO, April 17 (AP)—Nat Shick of Big Spring was named president of the Texas Postmasters association at the closing convention session today.

The next convention city was referred to the executive board for consideration later because of war conditions. Dallas and Galveston were bidding.

New officers were installed by Burris Jackson of Hillsboro, national third vice president. Postmaster J. Howard Payne of Dallas addressed the morning session.

SHIP TORPEDOED

WASHINGTON, April 17 (AP)—The navy announced today that a medium-sized British merchant vessel had been torpedoed in the Atlantic off the West Indies. Survivors have been landed at a port on the Gulf of Mexico.

Huntsville Building Destroyed By Fire

HUNTSVILLE, April 17 (AP)—Fire early today swept through the MeAdams building housing a hotel, grocery, restaurant and barber shop. None was injured, Doyle MeAdams, co-owner, declined to estimate the damage which he said was partially covered by insurance. The origin was not determined.

Negotiations For Texas Rubber Plant Underway At Dallas

DALLAS, April 17 (AP)—Negotiations for the establishment of a synthetic rubber industry in Texas were underway here today.

Members of the executive board of Texas Defense Industries, Inc., a non-profit organization of forty Texas businessmen formed to promote development of the rubber industry in the state, met with Sen. W. Lee O'Daniel.

Present at the meeting were Fred Florence, chairman of the board of the corporation, and Mac Stewart of Galveston, president.

Officials of Texas Defense Industries are negotiating at present with a nationally-known engineering firm to handle construction of the plant.

Cotton Reallotment Asked By WTCC

ARLINGTON, April 17 (AP)—The West Texas Chamber of Commerce today asked the U. S. department of agriculture to allot, on or before June 1, the then unallocated acreage of the 1942 national allotment to those territories which, after that date, can still successfully plant and produce cotton.

By such a reallotment formula, said a WTCC petition sent to Secretary Claude R. Wickard, West Texas, latest of all planting territories and ideally suited to cotton production, can meet the agriculture department's urging for full sowing of allotted acreage to meet war needs for increased fiber and oil.

Measles Still In Epidemic Status

AUSTIN, April 17 (AP)—Measles remained in epidemic status in Texas for the week ended April 11, the state health department reported today.

There were 2,687 cases reported for the week against a median of 200 for the same week in the past seven years.

Mumps also was epidemic. The department advised that the epidemic problem would become accentuated in the next few weeks and urged protection of babies against this condition.

Free Scoring In Order; Red Sox Make 19 Tallies

By JUDSON BAILEY
Associated Press Sports Writer

Fantastic things happen during the first few days of every baseball season when the major league clubs are trying to shake out their spring kinks.

Take a day like yesterday. The Boston Red Sox scored 19 runs for what may stand all season as the largest score by one club. The victims were the Philadelphia Athletics, who scored four runs just for exercise, certainly not for competition.

The Red Soxers, who had ripped out 24 hits in their first two

games with the A's made 21 yesterday and tallied in every turn at bat except the second inning. Ted Williams hit his second home run of the season and Dominick DiMaggio posted one.

It would be easy to compose an essay on the bright future promised Boston by this slugging except for the fact that it was accomplished against nondescript pitching.

There were other wild games—in fact five of the day's eight encounters produced from 22 to 28 hits—but some extraordinary recognition ought to go to the 13-

inning struggle in which Cincinnati captured 8-7 from Pittsburgh to knock the Pirates out of their share of the National league lead.

At the end of the fourth inning the Pirates were leading 7-5. Gerald (Gee Gee) Walker finally tied the score, however, with a home run in the last of the ninth and the rivals rambled on into overtime with Manager Frank Frisch of the Buccaners deploying his pitchers with customary abandon.

Came the last of the 12th and Al-don Wilkie became the fifth Pirate fliker. He served a single to Frank McCormick and walked two men to load the bases. When he saluted two wide ones at Eddie Joost, Frisch hastily rushed in big Max Butcher, who had outpitched Bucky Walters with a six-hit stint opening day. Butcher lost no time pitching two more balls and the game was over.

The Brooklyn Dodgers won the rubber game of their series with the New York Giants in the same fashion. Two rookies, Ed Head of the Dodgers and Lefty Dave Koso of the Giants were locked in a 2-2 tie coming into the ninth—chiefly because Manager Mel Ott had offset Koso's wildness by personally knocking in both New York runs, first with a single and later with a home run. Koso loaded the bases by giving two singles and a walk, then forced across another run with a pass. Ace Adams relieved him and promptly yielded another walk and Brooklyn triumphed 4-2.

The New York Yankees had a strange game — for the world champs. Manager Joe McCarthy gave the starting signal to Lefty Gomez, the veteran who led the American league in percentage last season with the help of Johnny Murphy. Washington wheeled one run in every one of the first five innings and the Yankee batters had to keep busy themselves to stay ahead of the Senators. Marvin Bruser relieved Gomez and nuzzled the Senators and in the ninth the Yanks set off their cannoncrackers—a single, two doubles and a triple—to win 8-5.

Rookie Vernon Stephens hit his second home run in two days as the St. Louis Browns humiliated the Chicago White Sox again 13-3. Rudy York hit his second round tripper in two days and rookie Don Ross connected for one in the eighth inning to provide the margin of a 5-4 victory for Detroit over Cleveland.

The St. Louis Cardinals won a track meet from the Chicago Cubs 11-6. Each team made 14 hits and three errors.

And who do you suppose had the best played contest of the day? The Boston Braves and Philadelphia Phils. It went ten innings and Boston triumphed 2-1 with old Ernie Lombardi driving in both the Braves runs with singles.

Houston And Dallas Win For A Change

By the Associated Press

Dallas uncorked a revised batting order to defeat Oklahoma City 4-3 last night in the Rebels' first victory of the new Texas league race.

Houston broke its runless streak, defeating the Beaumont Exporters 2-1. Tulsa took a 1-0 victory to square the short series with Fort Worth, and Shreveport clubbed out a 5-0 win over San Antonio.

At Dallas, Merv Connors and Earl Bolyard smacked home runs, Bolyard's round-tripper in the eighth with Connors on base bringing victory to the Rebel nine.

Gleason Gardner stopped the Fort Worth Cats with two hits, besting Claude Horton, young Cat right-hander, who gave five hits.

The Oilers started the winning rally with two out in the ninth. Frank Jelincik tripled and Whitney Platt brought him home with a single.

Scoring an unearned run in the sixth inning, Houston went through the eleventh to defeat Beaumont in the series finale. Buff batsmen had been scoreless for 28 consecutive innings before Harvey Riebs dropped a throw to the plate that permitted Dale Clay to score.

That run was enough to match an unearned Shippier tally and carry the ball game into extra innings.

Doyle Lade hurled the Shreveport Sports to their first shutout win of the season, limiting the San Antonio Missions to five scattered hits.

Tony York, Sports shortstop, homered in the second with Murrell Jones aboard to send the Sports into a two-run lead.

Regional Qualifying Sites Picked For 'Hale America' Golf Program

Finals To Be In Chicago On June 18-21

NEW YORK, April 17 (AP)—Eighty regional qualifying sites were selected today for the Hale America national open golf tourney, the competition links officials hope will keep the players swinging this summer for fun, for health and for the emergency funds of the armed services.

The 72-hole final of the meet, which replaces the war-cancelled national open, is slated for Chicago's Ridgemoor country club, June 18 to 21, with the Naval Relief Society and the United Service organizations as the financial beneficiaries.

Seventy-eight of the regional 36-hole qualifying meets will be held on Monday, May 25, with the other two a day earlier.

The regional qualifying meets will be followed by 64-hole sectional tourneys with from 30 to 60 players advancing from the first round to each of the 12 second round meets early in June.

Eighty members of the expected 100-man Chicago field will be determined in the sectionals, the remaining 20 being exempt from qualifying because of previous records.

The entry fee for the three tiered competition is \$5, with both pros and amateurs with less than a six-stroke handicap eligible. All the money received from the fees and admissions, except for a few minor expenses, will be converted into war bonds. The handicap for amateurs in the regulation open was three or less.

At least \$1,200 of the bonds will be included in the \$6,000 pot for which the pros will be playing.

The remainder of the bonds will be purchased from the tournament committee, of which Francis C. Oulmet of Boston is the chairman, by the United States Golf association. The cash then will be divided 80-20 between the Naval Relief Society and USO.

Players exempt from qualifying are:

Robert T. Jones, Craig Wood, Lawson Little, Byron Nelson, Ralph Guldahl, Marvin H. (Bud) Ward, Victor Ghesel, Henry Picard, Paul Runyan, Danny Shute, Ben Hogan, Walter Hagen, Jimmy Demarest, Lloyd Mangrum, Harold McSpaden, Gene Sarazen, Sam Snead, Horton Smith, Herman Baron and the winner of the PGA title next month if not included in the above exempt list.

The qualifying sites for the 36-hole regional tourneys on May 25 include:

Arkansas—Fort Smith, Little Rock, Texarkana;

Kansas—Wichita; Louisiana—Alexandria, New Orleans, Shreveport; New Mexico—Roswell; Oklahoma—Oklahoma City, Tulsa; Texas—Austin, Dallas, Fort Worth, Houston, El Paso, Odessa.

Three of the 36-hole sectional meets will be played June 5 and 6 at Chicago, Kansas City and Bloomfield, N. J. The remaining nine will be decided June 6 and 7 at Los Angeles, Denver, Atlanta, Detroit, Minneapolis, Buffalo, Cincinnati, Tulsa and Providence, R. I.

Baseball Chiefs Confer With Service Officers To Map War-Aid Program

NEW YORK, April 17 (AP)—A united, all-out war effort was baseball's goal today as Commissioner Kenesaw M. Landis, the shaggy, white-haired czar of the national pastime, gathered the leaders of the sport in a hotel room here to confer with army and navy officers on a program that would extend from the major leagues down to the smallest minors.

"We want to get the minors in on this, we want to work out something everybody can help on," Landis said yesterday as he disclosed that he had asked William G. Bramham, president of the National Association of Professional Baseball Leagues, and Frank Shaughnessy, president of the International league and a member of the executive committee of the national association, to attend today's session.

President Ford Frick of the National league and William Harbridge of the American league have been conferring for two days with the 78-year-old commissioner, and yesterday this triumvirate was joined by two representatives of the army and navy.

Amateur Rule Relaxed For Service Men

NEW YORK, April 17 (AP)—An eight-point agreement liberalizing the rules for amateur athletes in the nation's armed forces during the war has the approval of the executive committee of the A.A.U.

The agreement, worked out a week ago by Major General M. A. Reckord, commanding general of the Third Corps Area, and a special A.A.U. committee, who passed unanimously by the executive committee in a mail ballot completed yesterday.

In effect, the A.A.U. has agreed that a man's amateur status while in service shall not be affected by his participation with or against professionals in service events or informal games.

However, anyone who was a professional athlete before entering the service shall not be eligible to compete in A.A.U. sanctioned events, tournaments or championships.

An amateur in the service may not compete in a professional contest as an individual or member of a team for his own personal benefit under any circumstances.

Specially stamped form post-cards are being used by men in the United States Navy. Possibly such forms will be issued for other branches of the armed forces also.

Records May Fall At Kansas Relays

LAWRENCE, Kas., April 17 (AP)—Thirty-seven universities, colleges and junior colleges make up the complement for the 30th Kansas relays tomorrow and the field is studied with enough individual contenders to threaten several records in the special events if weather doesn't hex the meet.

Teams will be represented from all Big Six schools; Minnesota, Indiana and Wisconsin of the Big Ten, Colorado of the Rocky Mountains and a scattering of colleges from Oklahoma, Texas, Nebraska, Iowa and Missouri.

The relay program is pointing to the pole vault as one of its major attractions.

Harold Hunt of Nebraska, who soared over 14 feet to set a record at the recent Texas relays, is expected to be pushed by Wisconsin's Williams and Minnesota's Delfino.

Featuring Oklahoma A g tie Don Boydston, the high jump record may be broken. Boydston, who should get his toughest test from Mills of Michigan State, has cleared the 6 foot, 8 inch mark this spring, a fraction better than the relay record set by Gil Cruter of Colorado in 1938.

The sprint medley may turn into one of the most interesting duals

of the day between Oklahoma sparked by speedy Orv Mathews and probably Bill Lyda, and Indiana's foursome. Lyda and Dick Smethers, Big Six two-mile champ, will forge Oklahoma's four-mile team and also the distance medley crew.

The Hoosiers won the sprint last year, making a record time of 2:25.2. Two of its members, Kane and Riley, are back. Indiana also has a four-mile powerhouse to tug it out with Wisconsin, last year's winner at 18:22.1, and Oklahoma.

The New York Yankees had a strange game — for the world champs. Manager Joe McCarthy gave the starting signal to Lefty Gomez, the veteran who led the American league in percentage last season with the help of Johnny Murphy. Washington wheeled one run in every one of the first five innings and the Yankee batters had to keep busy themselves to stay ahead of the Senators. Marvin Bruser relieved Gomez and nuzzled the Senators and in the ninth the Yanks set off their cannoncrackers—a single, two doubles and a triple—to win 8-5.

Rookie Vernon Stephens hit his second home run in two days as the St. Louis Browns humiliated the Chicago White Sox again 13-3. Rudy York hit his second round tripper in two days and rookie Don Ross connected for one in the eighth inning to provide the margin of a 5-4 victory for Detroit over Cleveland.

The St. Louis Cardinals won a track meet from the Chicago Cubs 11-6. Each team made 14 hits and three errors.

And who do you suppose had the best played contest of the day? The Boston Braves and Philadelphia Phils. It went ten innings and Boston triumphed 2-1 with old Ernie Lombardi driving in both the Braves runs with singles.

Local Tracksters Due To Score In Regional Meet

Eight or nine men from the Big Spring high school track team will make the trip to the regional intercollegiate league meet in Abilene on April 25, according to Coach Edward Marcum.

Having surprised everyone except themselves and Marcum, the local tracksters may be expected to show some contending wares in the sectional tourney.

The relay teams—mile and 440-yard—are looking good. Peppy Blount, Alfred Adams, Billy Womack, and Horace Bostick, who won the longer event at the district meet in Sweetwater, will represent Big Spring in the regional meet with Cagle standing by to run for any that may not be in top form.

Womack, Blount, E. Bostick and Junior Moore will run on the 440-yard relay team after having finished second in the district, barely a 10th of a second under the new district record set by the winners.

In the weights division, Marcum will have Doyle "Hunka" Stewart, who has been steadily improving with his shot and discus losses.

Alfred Adams, winner of the district, is to run the 440-yard dash, an event he is now doing in 55 seconds or better. Blount, one of the most versatile members of the squad, may try in the 220-yard and the 100-yard dashes.

Texans Top List In Navy V-5 Class

ANNAPOLIS, Md., April 17 (AP)—Texans monopolize the Navy's first V-5 instructors class which completes a 20-day indoctrination course tomorrow at the U. S. Naval Academy.

Represented by coaches and athletes, Texas' delegation tops California's second place representatives by 11 men.

The list of the men, who go on active duty as soon as they work at the Naval Academy concludes, reads like a who's who of sport for the nation as well as for Texas.

There's C. C. (Choc) Sportsman, North Texas State's great track coach; Mike Brumblow, T.C.U.'s assistant coach and 1950 star; Don Looney, Davy O'Brien's great pass receiver; Bill Davis of Texas Tech and more recently of the Chicago Cardinals; W. F. (Pop) Foster, Southern Methodist swimming coach, and Ben Lee Boynton, prominent Dallas official, to mention a few.

Volunteers Sought For Registration

In order to conserve time and rubber, the Howard county selective service board Thursday asked for volunteer registrars in outlying sections to aid in the fourth national registration on April 27.

"If we get these requests," said Bruce Frasier, chief clerk, "we shall be glad to supply the necessary forms on request."

He was hopeful that there would be volunteers around Knott, Center Point, Vincent, Coahoma and For-san.

Locally the Texas Defense Guard company, which he praised as having done an excellent job in the third registration, has volunteered to handle the task.

Men who were 45 on or after Feb. 16 and who will be 65 on or before April 27 will be required to register on April 27.

They will not be liable to military service, according to national authorities. Some have been concerned lest it disrupt their domestic routine, and they are advised by the board that there is little likelihood of any in that age group being disturbed.

Virtually all material for the registration is on hand with the exception of the buff colored cards for files.

First questionnaires are due to go out soon to the first few order numbers of those in the third registration group. There will be only systematic issuance of these questionnaires, Frasier indicated, until eventually all have been thus contacted.

Forsan Opens Spring Drills

FORSAN, April 17—The Forsan football hopefuls turned out this week for spring drills, with 18 reporting to Coach Cagle Hunt.

Two of the group are lettermen. Dea Holt and Virgil Green, Jr. Others in the drills are Sam Anderson, Darnell Peacock, Dwight Painter, Raymond Cleveland, Hubert Butler, Jack Sledge, Robert Milliken, Vernon Gandy, Gene Smith, Harold Shaw, Granvel Pritchard, Harley Grant, J. B. McDonald, Robert Craft, C. D. Dodson and William Hoard.

An unusual game animal in North America is the musk-ox, which looks like a small, odd kind of buffalo and is similar in certain respects to both cattle and sheep.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Sports Columnist

NEW YORK, April 17.—After every inning, Ted Williams visits the score board at Fenway Park to ask the keeper if anybody around the circuit hit any homers... Looks as if Georgia might be retrenching its athletic program on the quiet.

The Bulldogs have cancelled all dual track meets (incidentally leaving Auburn without a home meet for the first time in 28 years) and plan to enter only two men in the Southeastern conference meet.

All out for victory—

"We've heard a lot of talk about abandoning intercollegiate sports competition in the interest of wider participation in physical fitness programs. In that connection it might be interesting to note how it worked out in the army. Lt. Col. John J. Donovan of the army special services division reported there was very little interest in boxing at New England camps. "We were about ready to abandon thoughts about boxing," he said, "until the Portland harbor defense team claimed the New England army championship. The claim was promptly disputed by Fort Devens, Camp Edwards and Portsmouth. Now we're going to have eliminations with the finals soon to be staged in Boston."

Shear nonsense—

Reflecting Marylanders' ideas about boss races, Jesse Linthicum of the Baltimore Sun writes: "On May 3 the crack 3-year-olds will race in the final trial for the Preakness.... Down in Kentucky this trial race is more familiarly known as the Derby.... Reflecting on the fact that ball parks in east-coast cities may be darkened this summer, Sam Butz of the Jacksonville (Fla.) Times Union comments: "It's hardly likely that our lights could be of aid to an enemy sea raider. They haven't even halped the batters for years."

BETTER BABY YOUR MOTOR

"...and put some teeth into it!"

ONCE UPON A TIME, car owners were merely urged to use good oil, to change it regularly when worn, to adopt a regular schedule of lubrication service.

Now, in the new era filled with priorities, with the manufacture of new automobiles absolutely cut off, real teeth have been put into the idea of caring for a car in order to lengthen its life.

One of the most useful precautions you can take to preserve and protect your motor is to use good oil. But which oil is good? The following facts should help you decide:

Phillips, one of the great independents of the petroleum industry, with a fine reputation for giving greater value, makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil to our finest quality... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor, and play fair with your budget, by draining and refilling with Phillips 66 Motor Oil.

Downtown Stroller

Visitors in town for the day were Mr. and Mrs. BILL SECRET and daughters of Lubbock who came in to visit with his sister, CLARA SECRET, for the afternoon.

Talked with Mr. and Mrs. MONROE JOHNSON, who have been doing some painting up at their store. KIDDED Mrs. JOHNSON who they said had done some of the painting about whether she had her union card. Sure enough, Mrs. JOHNSON admitted the painting she did was small enough that even the union wouldn't mind.

Got finger-printed, just like in the movies, at the auxiliary firemen and air raid warden meeting. Also name for number one diplomat of the firemen, the man who helped fill out our questionnaire. One item stated, Build. This gentleman who doesn't need to read a book on how to win friends wrote after the impertinent question—"slender." Wasn't that a lovely thing to do?

When it comes to bond and stamp sales, the SOUTH WARD school is doing all right. The total sold the other day was \$54.45 which included one \$18.75 bond sale from the third grade. All of which is mighty nice going!

They Wear The Pants Now

Women Taking To Slacks Like Duck To Water; Blame It On The War

By MARY WHALEY

Slacks — to be or not to be — to be worn in the sanctity of the back yard or downtown in the broad day light and into the offices and factories — this is the momentous question.

Get a crowd together, bring up the subject of women and slacks and unless the crowd is all women, you'll find a hotly contested argument on your hands.

"They look terrible," some cry, "what's more they use up valuable wool and material that the country needs." Then there is the school of thought that says "It isn't modest for girls to wear slacks" this in spite of the fact that "limbs" are covered for the first time in years.

Then there is the group that says "Women should always look feminine and dainty and they can't look that way in slacks" and there is the other group who broadmindedly says, "slacks for women are all right if they just know how to wear them."

And so it goes, with controversy after controversy stirring homes, offices, friends and enemies into leagues for or against the slacks.

But brothers and sisters, just from casual observation, it appears as if right or wrong, modest or bold, feminine or masculine, worn right

or wrong, using too much material or no... you'd better get used to them—slacks are here to stay until one or more of several things are done.

First, until the price of silk hose scales down to normal or near normal, slacks will gain in popularity. Just because silk and nylon are scarce the manufacturers are pocketing a hay-day. The ordinary pocketbook, already strained to bursting, just doesn't have room for the price of silk hose (beg pardon—nylon) for everyday wear.

The girls will still buy them, you manufacturers, but they'll be for mighty special occasions. You'll make an awful profit on the ones you sell, my friends, but your customers will decrease in numbers.

Next, until rubber tires are a little less scarce than hen's teeth, women will be wearing them because they'll be working. Did you ever try walking a long distance in high heeled shoes? It ain't fun. So the women put on their low-heeled brogans that look best of all with slacks—not dresses. Then too, in windy climates, slacks are a lot more practical and modest, if that's the thing you are looking for.

Until first aid classes, air raid warden courses, mechanics and motor corps work become a thing of the past, you will find the female portion of the community in which you live doing her share but doing it in slacks.

As for knowing how to wear the trousers — well, some women don't have much style in their dresses either. It may take the novice some time to figure out that heavy jewelry, open toes and frilly blouses aren't just the things to wear with slacks. But she'll go on wearing 'em just the same!

NOSE PICKING May be a Sign of WORMS

Don't blame your child if he picks his nose. It's just a nasty habit, but it may mean that tiny, crawling roundworms are starting trouble inside the child's nose. Other signs are "itchy" snoring, sneezing, watery eyes, and a sore throat.

Another warning sign is "itchy" snoring. Sneezing, watery eyes, and a sore throat. It's a sign that tiny, crawling roundworms are starting trouble inside the child's nose. Other signs are "itchy" snoring, sneezing, watery eyes, and a sore throat.

Girl Usher Stabbed To Death; Corpus Man Is Charged

CORPUS CHRISTI, April 17 (AP) John Clements, 29, of Houston, charged with murder in the death of Laruth Letts, 19-year-old theater usher, was moved from a hospital to the Nueces county jail last night as a precaution against violence, police said.

Miss Letts was stabbed nine times in the face and body while she was at work on the mezzanine floor of the theater yesterday. Clements suffered a knife wound in the side.

Clements signed a statement before detectives and newsmen admitting he had made up his mind to kill the young woman if she refused to accompany him to Houston, where she formerly lived.

In a letter police said was found on Clements, he said he intended killing her and himself.

Mrs. J. D. Castle Dr. Melton Will Is Honored At Birthday Dinner Speak In Area Churches Sunday

KNOTT, April 17—A birthday dinner honoring Mrs. J. D. Castle on her 74th anniversary was given in the home of Mr. and Mrs. Harve Dunagan. Present were Mrs. and Mrs. Grady Castle and son Dolano and Mrs. Mildred Mathis, all of Abilene; Mr. and Mrs. J. R. Phillips, of Martin county; Jim Campbell and son, Castleberry, Mrs. Love Barlow and son, Sonny, of Big Spring; Mr. and Mrs. Lee Castle, and son Floyd, Mr. and Mrs. Floyd Shortles, and children, Nina V. Darrell and Johnnie, Ma, and Mrs. Tom Castle and son, T. J., and Mrs. Tom Castle, the honoree.

Mrs. Madeline Shortles is visiting her son and family in Odessa for two weeks.

Mr. and Mrs. O. Tunnell have returned from a visit with their parents, Mr. and Mrs. J. S. Tunnell of Austin.

Mr. and Mrs. Oscar Smith were overjoyed Monday at receipt of a telegram from their son Harmon whom they had not heard from in two months. He left here to enter the Navy on Dec. 30, spent a month at the Naval Training station at Salt Lake City and is now in Hawaii. Another son of the Smiths, Norris, will finish his radio training next week.

Mrs. Leslie D. Bohl and daughter arrived here from Williamsburg, Ohio, to spend several weeks visiting with her mother, Mrs. Sarah Peterson, and sister, and family, Mr. and Mrs. W. E. Shaw.

Mr. and Mrs. Stewart Thomas and children of Key visited friends and relatives here and in the Hiway community.

Garland Nichols took a load of yearlings to the Lubbock livestock auction Thursday.

Mr. and Mrs. Fred Adams and children, June and Jerry have returned from a visit with her mother, Mrs. S. O. Broom of Vernon.

The baby son of Mr. and Mrs. Joe Hayes who has been seriously ill the last three weeks in a Big Spring hospital is reported to be improving.

H. D. Mansura Have Three Sons In Military Ranks

Mr. and Mrs. H. D. Mansura have more than their share of interest in this World War No. Two. Three of their sons are actively engaged in the service.

First Lt. Cline L. Mansura, who is stationed with the engineering corps at Luke Field, Phoenix, Ariz., has just received word of his appointment as captain in the army. He was graduated from Elk City, Okla., high school and the University of Oklahoma School of Engineering. He was called to active service in August.

Dr. Earl D. Mansura, Jr., is stationed at Sheppard Field, Wichita Falls in the medical division and a third son, Monroe Mansura, who is receiving his dental training at Baylor University, expects to receive his appointment in the navy as an ensign within a few weeks.

Here 'n There

Ross E. Garrett, Lubbock, representative of a milling company, is our kind of a man. When he had finished his breakfast at the Bettles Coffee shop Friday, he walked over to the piano, began playing it to his heart's content. He is always doing this, said Hotel Manager L. L. Spear. Maybe five minutes, maybe an hour — Garrett just plays until his yearning to play has been satisfied. "It's with me like a cigarette or a coke. When I want to play I want to play," said Garrett. He does it all by ear, too. He figured out some chords and bass when a kid and can play anything he has heard a few times.

Hmm! Comes a card of congratulations on the new arrival to the city — guardians of a new born monkey at the park, Darrell Douglas is suspected as perpetrator of the note of congratulations which also contained offer of a gift.

Terracing operations are still going at a lively clip over the area, with several machines in operation. Farm leaders, however, believe that next year will be the best yet for this operation since many farmers are being induced to plant feed on proposed terrace areas. Much of this will be cleared away in August, giving approximately four to five months more time for the work.

Markets At A Glance

NEW YORK, April 17 (AP)—The stock market today continued its downward slide to low ground for the last nine years on a thin stream of selling in the industrial leaders.

At new bottoms for a year or more were Bethlehem Steel, Youngstown Sheet & Iron, Anaconda, Kennecott, Westinghouse, Johnsonville, Eastman Kodak and American T telephone. American Airlines entered the same category with a decline of about 2-1/2.

Among stocks down a point or more at the worst were Douglas Aircraft, Sperry, U. S. Gypsum, Union Carbide, American Can, Dupont, Philip Morris and Southern Railway.

Services Sunday At Center Point

Regular third Sunday preaching services will be held at the Center Point church this Sunday.

The Rev. C. T. Jackson, Methodist circuit pastor, will fill the pulpit in both services, it was announced.

Stamps Offered During Burr's Employe Sale

One of the major annual events of the company is the Burr store's employe's sale which got under way today to continue for an eight-day period. Each spring the Burr store offers exceptional values in the name of its workers, and this year the event carries a special feature in the offering of defense stamps along with each purchase.

Manager Robert Murray treated his employes to a breakfast Friday morning before the sales event formally opened. The Burr employes include Juns Rust, Mrs. J. V. Davis, O. D. Harris, Billie Cain, Lohes Witt, H. R. McCarty, Elizabeth Burrell, Mrs. E. O. French, Mrs. Edna Malone, Nell Spencer, Helen Griffith, Mrs. Ruth Corcoran, Earnie Joe Carr and Gertrude Cline.

To Have Food Sale

St. Thomas Catholic women will sponsor a food sale Saturday beginning at 9:30 o'clock at Linck's 750 E. 1, 1405 Sourry.

Brown Bombers To Clash With Lamesa Nine Here Sunday

Ebur Williams, who, according to his redoubtable manager, Robert Moore, has "lotsa stuff and left handed, too," will be the starting twirler for the Big Spring Brown Bombers when they tangle at the local ball park at 3:30 p. m. Sunday with the Lamesa Black Lobos.

Brer Moore, who has skippered negro teams here for several seasons now, says that he may throw in another home-towner, left-handed Snooky Ringo if the boys like Ebur's offerings too much. In addition he has two "strong arm pitchers," meaning they throw from the right side. "I ain't got around to whipping them yet, so's I don't rightfully know their names," admitted Robert. But he knows them well enough to use them if he needs some of that orthodox throwing—i.e., indeed his Bombers ever are orthodox.

Shock Therapy Is Demonstrated At Medical Meeting

A demonstration of electric shock therapy and talks by medical men from Dallas marked the meeting Thursday night of the Six County Medical Association at the Big Spring State Hospital.

Dr. C. A. Shaw gave the demonstration of shock therapy. Dr. R. J. Schwenker of Dallas talked on neuro-psychiatric problems.

Dr. G. W. Carlisle of Dallas gave a talk on "Hints on Cardiac Management" for the group. Approximately 25 representatives from Odessa, Midland and Big Spring attended. The next meeting was set for Odessa in May.

Something new has been added. Try a thick corn fed steak from our new broiler at the Crawford Coffee Shop.—adv.

One Day Left For Photos In Baby Contest

With only one more day remaining in the Personality Child Photo event third age division, interest in the event is remaining high.

Pictures of all children photographed, along with the ten winners which will be chosen by a board of out of town photographers and commercial artists, will appear in a special section of The Herald on Sunday, April 26th.

The winners in the event will share in defense stamps and bond prizes.

Photographed Thursday for the third age group of from 3 to 6 years were Dennis Eugene Adams, five years and two months old son of Mr. and Mrs. F. H. Adams, Jimmie McCrary, four years and 11 months old son of Mr. and Mrs. Elvis McCrary, Cecilia McDonald, three year and three month old daughter of Mr. and Mrs. Cecil McDonald and Dale Draper, five year and four month old son of Mr. and Mrs. C. C. Draper.

Big Spring Hospital Notes

Mrs. J. J. Wilson, Hobbs, N. M., was admitted Thursday for treatment.

Boyd O. Madden, Monahans, was admitted Thursday for treatment.

Mrs. R. H. Boyd, Wink, is undergoing observation.

Mrs. O. O. Vassler, Odessa, is receiving treatment.

Nelda Jo Grant, Knott Route, is receiving medical treatment.

The Rev. E. L. Kasper is improving following surgery.

NEWARK, N. J., April 17 (AP)—A recalcitrant cigarette smoker's refusal to obey a woman's air raid warden's demand he cease smoking during a test blackout brought him a rawhide whipping, was sentenced to a year in jail yesterday for disorderly conduct.
