"He Profits Most Who Serves Best"

## Edna Atkinson Is Selected County's Prettiest Girl

Eight hundred or a thousand people gathered at Coleman Monday night at Hufford Field following an inclement afternoon to witness the selection of the most beautiful girl in Coleman County and an amateur performance. A bevy of pretty girls competed for the free trip to Fort Worth and participation in Billy Rose's Frontier Folies and an opportunity of being selected Texas Sweetheart No. 1.

Miss Edna Atkinson, daughter of Mr. and Mrs. W. B. Atkinson, who live north of Coleman, was the choice of the judges and she will be given the free trip to Fort Worth. The judges, all from out of Coleman, were Wally Aiken and Ollie Wooten of Abilene, Ford Taylor of Ballinger, and Slick Reed, and Jack Gartman of Brady.

Princesses selected are Misses Martha Dunman, Coleman; Betty Harris, Goldsboro; Cleone Henderson, Coleman; Wanda Maedgen, Valera; Pauline Parker, Coleman; Coleta Wise, Rockwood; Rena Brown, Coleman; Mrs. Robert C. Freeman, Talpa; Miss Geneva McCulloch, Coleman; and Miss Dorothy Carroll of Valera.

Amateur winners were Havens, trick roper; Pete Wooten, talk on Texas; and Jack Robertson, piano and singing.

## Santa Anna Paper Owned By Burke Man

The Santa Anna National Bank was recipient of a letter some time ago from W. P. McGee of Burke, Texas. The following is a summary of the letter: "Santa Anna National Bank, Santa Anna, Texas. Recently while looking through some old papers in my trunk, I found a copy of 'The Arrow,' a monthly paper published in Santa Anna, dated August, 1906. Austin Callan was editor of the paper, and W. M. Hooper was circulation manager. At the time I lived near Sulphur Springs. In the fall of 1906 I picked cotton near Santa Anna, and purchased a copy of 'The Arrow' while in town one day. On the front page, the editor asks 'Should We Stand for Law and Order?' On the following pages, the editor makes about the strongest appeal for law enforcement that I have ever read. Then there is another article about a girl whose morals had been torn down. On further in the paper the editor gives 'The Story of Lovers Leap.' I put the paper away in my trunk mostly for the mentioned articles. The paper has 16 pages, every one of which is brim full of reading matter that is certainly worthwhile. I did not know but that some one in your town would be glad to know that some one had kept a paper for 30 years that had been published in your town. I would like to know if Mr. Callan or Mr. Hooper is still living, if so I would like to know where they are. I would be glad to hear from Mr. Callan or Mr. Hooper as I value the paper almost as a sacred treasure. I would be glad to hear from any one in regard to the paper who cares to write.

As I don't know anyone in Santa Anna I am addressing this to a Santa Anna bank in hopes that some one does not altogether consign it to a wastebasket.

W. P. McGee,  
R. F. D. No. 1, Burke, Texas.

## METHODIST SERVICES TO BE HELD AT RED BANK

His many friends and acquaintances here will welcome him.

## Coleman County Farmers Make Big Interest Saving

Refinancing debts through the Farm Credit Administration has saved Coleman County farmers more than \$18,400 a year on interest alone, according to figures from the central office of the Farm Credit Administration in Washington.

Over \$779,000 of farm debts with interest rates that averaged 7.0 per cent a year have been refinanced with long-term mortgage loans carrying interest rates of 5 per cent a year or less.

The figures show that the local National Farm Loan Association has been a big factor in making these long-term mortgages available at low interest rates. The Association guarantees loans to the Federal land bank.

From May 1933, when the Farm Credit Administration was organized, to the end of last year, 240 Coleman County farmers obtained \$745,000 of the specific purpose of refinancing old debts.

The Federal Land Bank made 130 first mortgage loans and the Land Bank Commissioner 230 loans. Many of the Commissioner's loans were made on second mortgage security to farmers who also obtained first mortgage loans. Most land bank loans are endorsed by associations and advanced from funds obtained by selling farm loan bonds. The Commissioner lends from funds provided by the Federal Government.

As in the past, the Federal land banks are making loans only on first mortgage security, lending us to about one-half of the appraised normal value of the farm property. The Commissioner lends on second as well as first mortgage security in amounts up to 75 per cent of the value. The largest amount of a Commissioner loan to one farmer is \$7,500.

An act of Congress last summer temporarily reduced interest rates on all Federal land bank loans — old and new. Where land bank loans are made through National Farm Loan Associations, the rate is only 3-1-2 per cent for all interest payable in the year ending June 30, 1936, and 4 per cent a year in the two years following. This temporary reduction of interest rates on all Federal land bank loans is paid for by the Federal Government, which reimburses the banks for what otherwise would be a loss to them.

Due to favorable investment market conditions when the Federal land banks sold bonds recently, the banks can offer new loans, at present, at the interest rate of 4 per cent a year — the lowest at which they have ever loaned money.

## BIRTHDAY OBSERVANCE

Last autumn the Christian Church adopted little Benny Bell at the Juliette Fowley Home. His needs have been abundantly taken care of. It was agreed some time ago to send enough cakes for all the children, sixteen in all, on Benny's birthday. His seventh birthday was May 12, and Monday nineteen cakes came in for that purpose and were carried to the Home by the Johnson truck. Of course there was an especially beautiful cake for Benny made by Mr. Ragsdale. A nice cash offering was also sent him, it having been secured Sunday morning in answer to the birthday call. Quite a number made birthday offerings for him.

There was another fine attendance at church Sunday morning. Among other Mother's Day features were appropriate readings by Mrs. B. Thompson and William Earl Ragsdale.

## CHARLEY LOCKHART, STATE TREASURER, VISITS HERE

Charley Lockhart, State Treasurer, of Austin, was a visitor in the Mountain City for a few moments last Saturday afternoon. Mr. Lockhart, by reason of his dwarf height, is very odd in appearance, but he has made many friends over the state, and is very efficient officer.

After an extended visit in Kissimmee, Florida, Mrs. Will Parker has returned home, bringing her mother, Mrs. J. J. Winger, with her. The trip was made by motor.

## Methodists Win Over Baptists

In a game with a decidedly lopsided score, 14-5, the Methodists cleaned up on the Baptists in the first game of Softball by these two teams, at the High School field Tuesday afternoon. The Baptists did not have out their best lineup until the game was about half over, and the score was already stacked high against them. With Edwards on the mound for the Methodists, it was hard for the Baptists to get anywhere. And when Dean came along with his high speed balls it was still harder. Leonard supplied the Baptists as pitcher for several innings until he was relieved by Jesse Goen. Goen has both speed and control but failed to rally the losing trend of the game. Several nice long hits were knocked by men for both sides.

Another game will be played soon by these two teams, and other churches are planning to get in there and uphold their own laurels soon. It doesn't matter so much who wins just so the game is played. Get a team and get in, churches, clubs, and other organizations. Come on in, the water's fine!

## Gregg-Simmons Wedding To Be Solemnized Soon

Mr. and Mrs. J. J. Gregg announce the engagement and approaching marriage of their daughter, Queenie Clara, to the Rev. Loyed R. Simmons of Brownwood, son of Mr. and Mrs. G. O. Simmons of Memphis, Tennessee. The wedding will take place at the Gregg home Wednesday morning, May 20. Only members of the immediate families will be present for the ceremony.

Miss Gregg is a graduate of the Santa Anna High School, class of 1929. She attended C. I. A. at Denton, and is now a student of Howard Payne College at Brownwood.

Rev. Simmons is pastor of the Whon Baptist Church, and will be graduated from Howard Payne with the class of 1936. The couple plans to enter the seminary in Fort Worth next fall.

## CARPENTER ANSWERS QUESTIONS CONCERNING OLD AGE PENSION

This is the first of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point.

Q. Why cannot assistance be paid to every person in Texas who is 65 years of age or older?

A. First, because a Texas law says that assistance may be paid only to those "in need"; second, because the Federal Government will not allow us to pay Federal money to people who are not in need.

Q. Will not Federal money mean a lot to Texas?

A. Yes. It will mean that several millions of dollars each year will be given to the aged people of Texas that they would not otherwise get, it will mean as much as \$30 a month, and without it no one could get more than \$15 per month.

Q. What does the Federal law say about "need"?

A. It says that the Federal appropriation is made for the purpose of enabling states to assist "aged needy individuals." (Sec. 1)

Q. Was this "aged needy individuals" question checked?

A. The Social Security Board stated that this was the correct interpretation of the law.

Q. How does the Texas definition of "needy" compare with that of other states?

A. Texas has the most liberal definition of "aged needy individuals" in the United States. The Texas law is much more liberal on this point than that of any other state in the Union.

## WARD SCHOOL PTA

The Ward School Parent-Teacher Association will meet at the school building Friday, May 15th at 3 p. m. All parents of pre-school children are invited to attend.

## Governor Allred Invites Millions To Texas Centennial

DALLAS, May 12. (SP) — Newspapersmen who rode the Centennial Special Train on its thundering tour through the east and north enthusiastically praised Governor James V. Allred as the Ambassador of Goodwill for Texas.

One well known newspaperman said, "Jimmie Allred was the sparkplug of the trip. With 39 speeches, including radio speeches in every city and two or three in some, plus four radio talks over national hookups, he set a terrific pace. The Governor literally won friends for Texas by the hundreds of thousands. Whether they were tycoons of industry or the men on the streets, Jimmie sold them on Texas."

W. M. McIntosh, publisher of the San Antonio Light, expressed his opinion that millions of people would visit Texas during the summer and fall.

"Governor Allred rendered a real service to Texas by heading the delegates," he said. "Everywhere he went he made friends for himself and his state. I doubt if any national figure today was more photographed and interviewed in such a short space of time as was the Governor."

"In New York, a battery of 14 cameramen were almost constantly on hand to shoot his picture. The parade through the streets of New York was viewed by hundreds of thousands."

The publisher said the greetings were just as warm in Cleveland, Chicago, St. Louis, Kansas City.

"The people en masse are definitely interested in Texas as a result of this tour and millions are coming to visit us with many of them planning to become residents of this state," he added.

The Governor was scheduled to make a report on the Nation's reception of the Centennial tour over the Texas Quality Network Wednesday night, May 13th, from 10:30 to 11. The stations of the network are WBAF (Fl. Worth), WFAA (Dallas), KPCC (Houston), WOAI (San Antonio).

## Methodist Megaphone

The Methodist Church of Santa Anna uses the Santa Anna News as its megaphone to get our message into every home in town and the surrounding country. We want to invite all who will to worship with us next Sunday and to hear our pastor, Rev. William E. Fisher, in his sermon on "Three Old Wells." We believe you will be edified and inspired by this message.

Last Sunday morning's service was in observance of "Mother's Day." Old hymns our mothers used to sing were used for the service. Mrs. Basil Gilmore sang, "My Mother." The Twenty-Third Psalm was read responsively by the congregation, those whose mothers are still living leading in the reading and those whose mothers are gone bringing the response.

The pastor preached a mother sermon from the text, "Now Thero Stood by the Cross of Jesus His Mother." John 19:25. At the close of the sermon a large bouquet of red carnations was presented by the pastor and his wife to the oldest mother present. Mrs. Sarah Farrell received the bouquet.

A good attendance was had at the night service to hear the pastor's sermon on "The Death Of A Soul."

The Board of Christian Education met Tuesday night and made plans for increasing attendance and for a summer vacation Bible school. There will be a brief meeting of the officers and teachers at the close of the morning services Sunday. There will be no evening services on account of the Baccalaureate services at the High School.

A softball team has been organized by the Men's Class and they played their first game last Tuesday, winning from the Baptist team 14-5.

Look for the announcements soon to be made about our vacation school and unified morning service for the summer.

Miss Lillian Durham of Blauvelt visited her aunt, Mrs. G. A. Shockley, Saturday.

## Large Crowd At Sealy Hospital Home Coming

Two hundred visitors registered at the Home Coming celebration Tuesday at the Sealy Hospital. The idea of a home coming and visitation day each year was originated six years ago by Dr. T. Richard Sealy, when a general invitation was extended to all children born in the Hospital to return for free examination in the clinic. Each year since, the Hospital has invited parents of all children born in the hospital to bring them in and have them examined, and coupled the home coming with visitation day.

Tuesday was National Hospital Day throughout the United States and Canada, and the 12th day of May has been designated each year in the future as Hospital Day.

Dr. Sealy employed the services of Dr. Edith Bonnet, a noted Pediatrician of San Antonio, to be here Tuesday and examine the hospital babies brought to the clinic. Dr. Bonnet is one of the outstanding doctors in the state among children, and it was very commendable in Dr. Sealy to have her here on this special occasion. Thirty-nine children were brought in for examination.

Hospitals throughout the country have visitation days annually, but the Sealy Hospital is the first and probably the only one offering free examination once each year to all children born in the institution. The idea is original with Dr. Sealy, and is a very commendable one.

Singing at Trickham on Third Sunday

Homer Goodgion of the Trickham community requests that we publish notice of the singing to be held at Trickham on the third Sunday in this month, May 17. Trickham has one of the leading singing classes in the county, and will be joined for this special day by a number of good singers from other places.

According to Mr. Goodgion no arrangements will be made for a public spread at noon, but all singers will be looked after.

This writer suggests that you go to the singing and carry your lunch with you.

## SINGING AT BANGS FOR NEXT SUNDAY CALLED IN

A card from Rev. B. E. Edmiston, leader of the singing class at Bangs each third Sunday afternoon, requests us to announce the singing for next Sunday is called in, due to other singings in the vicinity that would conflict.

The next singing at Bangs will be on the third Sunday afternoon in June, and all singers are invited to attend.

Mrs. J. N. Doolen of Hollis, Oklahoma, is visiting relatives and friends here. Mrs. Doolen is the grandmother of the Keys quadruplets, who, with Pat Neff, visited the Dionne quintuplets in Canada the first of the week.

**As We Sit and Think**  
(Sometimes Just SIT)

As an editor, one often finds himself "blowed-up" so to speak, for words. We have plenty of things happen to make us feel grateful and happy, things we would like to write about, things that get on our mind and won't get off until we "Sit and Think" awhile, but they may not all be of a general news nature.

We were made to rejoice and feel good last week, when we received our old home town paper, published in Lineville, Alabama, giving the results of the Democratic Primary held there Tuesday, May 5th. One of the most pleasing news items in the paper was the fact that our "Kid Brother" (we have always called him that because he is the youngest one of a rather large family) was in the race for a place on the County Commission in a field of seven candidates, and led the ticket by about 200 votes. The home box, where the family has lived for over fifty years, went almost sold for the lad, which was enough to make the family and friends of a lifetime rejoice and be glad.

We have another subject bearing on our thought factory pretty heavy, but it is one we will wait until later to write much about, if any. That one is the approaching marriage of our daughter, Miss Queenie Gregg, to Rev. Loyed, R. Simmons, pastor of the Whon Baptist church. The wedding will take place at the home Wednesday morning, May 20th. We would rather have some one else do the writing about that, but guess we will just have to buckle up and pour it on, regardless. We're not grieving about it, for it is not expected for us to keep our children with us always, but you know, parents "just sort of hate to see 'em go."

**A PRINCIPLE INVOLVED**

Voting ought to be viewed as a privilege rather than an irksome duty to be avoided whenever possible. It should be regarded as an opportunity to function as a citizen—an obligation of citizenship in a country where citizenship really means something.

Too many are prone to criticize the officials that we have and then play no part in selecting them through the primary and direct vote in our system of choosing officers to serve us. There is an attitude that exists that a few votes more or less will not change the result, and that time and energy should not be wasted in voting.

Those that adopt this attitude neglect to recognize that the grand total is made up of single votes—that one voter can speak as emphatically and decisively as another.

A full and free expansion of the popular will is not possible when many of the voters stay away from the polls, refusing to do their duties as citizens.

It's next to impossible to get on the road to happiness by getting off the path of duty.

Mark Twain quit school at the age of twelve, but he never bragged about it.

**BLACK WIDOW SPIDERS BITE WHEN DISTURBED**

Austin, May 12.—The "Black Widow" spider continues to be a menace even though the number of persons bitten is comparatively small, according to morbidity reports received by the State Department of Health. The habit of this spider in building its web in dimly lighted places makes it difficult to establish any effective method of control.

Though the black widow is frequently found in basements, wood sheds, and other places which have dark corners or recesses, more cases of spider poisoning that have been reported in past years have occurred in old toilets in the rural districts. The spraying of creosote in cracks and crevices, particularly around the seats of old toilets, is an invaluable procedure, but precautions must be taken against fire. The egg cocoon may also be crushed.

The adult female spider is about half an inch long and has a shiny black body with a brilliant scarlet hourglass marking on the under surface. The name, "Black Widow" is derived from the fact that the female kills and eats the male after mating.

The web of the "Black Widow" is characterized by the fact that the strands are tough. If a straw is applied to the web of an ordinary house spider, the web will immediately break, but if a straw be stroked through a "Black Widow" web, the strands will be found to be so tough that the straw will bend or even break. The female spider stays close to her web but will rush out and attack violently any object disturbing this web.

The "Black Widow" is not an aggressive spider, and rarely bites unless disturbed. Acute pain develops in the region of the surface bitten, spreading to other parts of the body. There is a general muscle contraction, difficult breathing, cold perspiration, nausea and an extreme rigidity of the abdomen.

The general public should be taught to recognize the "Black Widow," to take the necessary precautions, and to consult a physician immediately, if bitten.

**ON TEXAS FARMS**

After reading the March reports of the county agricultural agents, M. R. Bentley, Extension agricultural engineer, commits himself to the belief that the work done in terracing and contouring land on Texas farms and ranches was "stupendous and colossal!"

Bentley thinks that the answer to the oft-asked question "How can I terrace when there is nearly always a growing crop?" is to be found in some of these reports.

Live Oak county: Crops must be planted on this land before the terracing machinery will be available, but the farmers are leaving out a 25 foot strip along the terrace line so that the terraces may be built at any time the machinery becomes available.

Howard county: Early maturing or soil improvement crops will be planted on a strip 40 feet wide along the terrace line to leave ample room for the terrace building work without molesting other crops.

Oldham county: Henry Croitz, farmer of Adrian says, "I will mark my terrace lines at present with one round of a disk plow or small county grader that I can pull with my own tractor. Then I will do all working and planting on the contour between the lines, adding at least one round to the terrace each year until a good crop is made, then I can complete the terraces, in the meantime getting some advantage from the terraces and much from the contour farming."

Lee county: C. F. Wieder, farmer in the Good Hope community, recently decided to strip crop his land and build the terraces next fall after harvesting the crop.

Falls county: H. E. Wrenn, farmer living near Marlin, has had terrace lines run on 90 ac-

res, changed his rows to run with the lines and will strip crop this land before building terraces. Part of those strips he has planted to sweet clover and will plant hegari on the other strips with the intention of building the terraces this summer after these crops are harvested. This gives an opportunity to build the terraces after the crop is harvested, when more time is available.

Henderson county: The county agricultural agent in this county has been suggesting to farmers that in all instances where terrace lines are being run, if they fail to get their terraces built at the present time, by all means run the rows on the terrace contour with the intention of building the terraces after the crop is harvested, when more time is available.

Wheeler county: Farmers in this county who will be unable to wait for the county grader are leaving a wide row so that the line can be found next year and there will be no necessity for rerunning these lines again. Many of these farmers who will not have time to build terraces are listing their land with the terrace lines.

Brady: Twenty-seven miles of level contours fifteen inches high were recently built in a 450 acre pasture by Charlie White, a rancher of McCulloch county. The contours were graded up with road machinery with a drop of one foot between contours. The fresh ridges were sown to a mixture of oats, sudan grass and Italian rye. This 450 acre pasture was a part of a total of 1,290 acres of farm and pasture land terraced or contoured in McCulloch county during March under the direction of county agent James D. Prewitt.

MOUNT VERNON: To date, all tillable land and all pasture land except 15 acres has been terraced on the farm of J. T. Gragg, Franklin county farmer, according to W. N. Williamson, county agricultural agent. Gragg began terracing his 140 acre farm 15 years ago, and seeing the advantages of these terraces, he began to terrace his pastures.

These terraces, together with crop rotation practices, have contributed toward maintaining soil fertility to such an extent that Gragg considers his farm a good investment and has no trouble in securing good tenants, he says.

LAGRANGE: "If I had required a certain farmer to terrace his farm 10 years ago when I financed him, he would not have turned it back to me, as mortgager, a washed and wasted tract of land," Fred Bittner, Fayette county farmer, told J. C. Yeary, county agricultural agent, recently. "Now I will have to build back the soil fertility of the farm in order to get my money out of it."

The terracing job has been completed and Bittner is ready to put a planting program into effect on the farm so that he can qualify for a grant under the new soil conservation program.

CANYON: Nine new farm levels have recently been bought in Randall county, and 15 farm crews are working every day possible. In one week's time, 17,500 acres were contoured by these crews at a cost of less than two cents per acre to the farmer, according to B. A. Zorns, county agricultural agent.

H. R. Gwyn of this county had one-half of an 80 acre wheat field contoured last year. On the 40 acres contoured, his records show an average yield of nine bushels per acre. Part of the other 40 acre field was abandoned, and the average yield on those acres harvested was three bushels.

A court has held a jay-walking ordinance as illegal but nevertheless it takes no court to prove that it might be fatal.

UNSELFISH SERVICE

Some communities have taken steps to give public recognition to community service. Such a movement is based on the promise that service in the interest of the public welfare should be recognized because of its worthiness and because of the all too common tendency to belittle anything that is done for the general good.

Many men have been driven from public service because improper and ulterior motives have been ascribed to them. It is not uncommon for a sensitive person imbued with the spirit of helpfulness, to be lost to public movements because of some thoughtless remark which had not the slightest basis of truth.

Then again, the general run of people are too prone to look upon community service as a matter of course — as something coming to the community regardless. They expect more of men in some lines of work than of others, simply because of the very nature of their vocations, they are better fitted to perform such tasks.

It should never be forgotten that genuine community service involves personal work, personal initiative and personal sacrifice. It is not something to be taken in a matter of fact way, but something highly deserving of recognition.

Miss Sara Ramsour of Austin spent the weekend with Misses Elsie Lee and Ruby Harper. Oscar Story of Cameron is here this week visiting his daughter, Mrs. Walter Wallace. Hettie Fae Todd and Weldon Woodward, students in Daniel Baker College, spent Saturday and part of Sunday in the R. L. Todd home.

THE ELEVENTH HOUR

The clock is ticking for the eleventh hour. One could at any time translate this into the time of the departure of the seniors. The seniors feel as if the eleventh hour is approaching. They are nearly ready to leave their high school days behind and start their college careers. Underclassman, in a way this is one of the saddest things one can do. But in another way is one of the happiest days of one's life. So start your preparation, for the eleventh hour is approaching.

SPANISH PLAY GIVEN

The High School Spanish Club presented the Spanish play "Clavelito" Saturday night. The attendance was great and everyone seemed to enjoy it. Everything went off smoothly except for a few "slips." There was one particular slip. The characters dressed in Spanish costumes and there was gay, colorful scenery used. There were three dance routines presented: El Jarabe Tapatio, which is the national dance of Mexico, La Cucaracha, and the Spanish Trio. The club is planning to present the play at Banes, but no definite date has been set.

SOPHOMORE PICNIC

On Saturday, May 9, the sophomores and freshmen, accompanied by Mrs. Erick, Mrs. Collier, and Miss Randolph, went to Brownwood on a picnic.

The students left Santa Anna about nine o'clock. When they arrived in Brownwood, the students first went to Hot Wells to go in bathing, then went to the park for lunch and afterwards to the Palace Recreation Hall to skate. They returned home about four o'clock Saturday evening and everyone reported an enjoyable outing.

The swimming pool was alive with seniors all morning, and the park where lunch was eaten, saw its share of the fun, too. After lunch, some went to the skating rink, some to the show, and some to the bicycle academy.

Sizes Of Senior Kings For 1937

In looking over the order for the class rings for 1937 it is found that Quinton Huder has ordered the largest size, size 12, while Dolphus Ashmore and Chester McDonald both require size 11 1-2.

The girl who has the smallest size is Vesta Evans, a size 4. Anita Kirkpatrick, Carlene Ashmore, and Lenora Oakes all wear size 5 1-2. It is interesting to note that although there is quite a contrast in the largest and smallest rings, that the boys' average size is 9 1-2 and the girls' average size is 9.

JUNIOR SELF CULTURE CLUB HAS LAST MEET OF SEASON

A most colorful and delightful affair was the meeting of the Junior Self Culture Club Monday evening when the club held its last meeting of this season at the lovely home of Miss Alice Hays.

A Mexican theme was carried out in decorations, program and menu. Yellow daisies, cacti, serapes and colorful Mexican pottery lent a Mexican atmosphere to the meeting. The club chose "Mexico" as a study course for next year and after a brief business meeting, the members were serenaded by the Spanish trio composed of Ruby Lee Price, Mary Lee Combs and Doris Spencer. The trio was invited inside and the girls rendered several Mexican numbers and did a dance to "Slelito Lindo."

Delicious refreshments consisting of ribbon sandwiches in orange and brown, orange ade, Mexican cakes iced with a cactus motif on an orange background, tamale candy and sugared pecans were served to the following: Misses Ruby and Elsie Lee Harper, Ann Randolph, Eulalia Grady, Lula Harvey, Mattie Ella McCreary, Leta Ragsdale, Mary Nell McClendon, Eunice Wheelock, Mary Nell Morrow, Rebecca Turner, Mary Lela Woodward, and Mesdames J. W. Riley, Tom Hays, Jr., and the hostess, Miss Alice Hays. Folks who pay as they go never have to walk home.

COLORFUL MOTHER-DAUGHTER BANQUET GIVEN BY OLIVER WVA

A beautiful occasion was the Oliver Y. W. A. Mother-Daughter banquet held last Friday evening, May 8, in the basement of the First Baptist Church. About forty-five people enjoyed a splendid banquet and program amidst fitting Centennial decorations.

The theme throughout the evening was "Mother," starting with the pioneer mothers of Texas, then the mothers of today, and the future mothers of the state. Texas State decorations were carried out extensively. Texas flags were hung on the west and east walls, and three small flags were placed in the windows. Red, white and blue streamers were hung overhead and red and blue streamers were placed down the center of the white covered tables. Various kinds of flowers in wall vases added much to the beauty of the room. Bouquets of roses and other flowers on silver reflectors were used as center pieces. Other table decorations were Texas cacti and small statuettes of the heroes of long years ago.

The menu consisted of tomato juice cocktail, fried chicken, gravy, peas, creamed potatoes, vegetable salad, rolls, punch, mints in red and white cups, brick cream in red, white and blue colors, and cakes, cut in star shapes, with red, white and blue icing. Plate favors were tiny American flags which were made stationary in red jelly candy. Place cards were green folders tied with white ribbon to carry out the Y. W. A. colors. On the folder was a lone star, around which a ribbon was wrapped with the following inscription on it: "Texas - 1836-1936."

Mrs. J. R. Lock, sponsor of the local Y. W. A., acted as toast mistress. The program was opened by everyone singing "The Eyes of Texas," which was followed by the invocation, led by V. L. Grady, Miss Rosalie Niell, president of the organization, gave the welcome address and was responded to by Mrs. Ola Niell. The poem, "Mother's Creation" was given by Miss Lavada May. Mrs. J. E. Bartlett, president of the Y. W. A., which sponsors the Y. W. A., spoke on Pioneer Texas Mothers, which was followed by a pianologue by Miss Frances Gregg and Miss Carmilla Flores. Mrs. Joe Trussell of Brownwood made a very fitting and appropriate talk on Our Texas Mothers of Today. "Have You Ever Been to Texas in the Spring" was sung by the trio, Miss Rosalie Niell, Miss Doris Spencer, and Miss Rhea Boardman, which was followed by a very inspiring talk on Our Future Texas Mothers by Mrs. R. E. Dunham. "Home on the Range" was sung by all the members of the Y. W. A. Rev. R. E. Dunham added fun and jest to the program and made a very interesting and worthwhile talk to the mothers and daughters.

Rev. W. B. Holland, former pastor of the Baptist church here, and known to many for his lovable disposition, was here last week with a supply of his newly discovered screw worm remedies. Rev. Holland prepares Screw Worm Killer, Smear Repeller, and a Powder Repeller, and they are being used by ranchmen and stock raisers in his home county and adjoining counties, very effectively. Rev. Holland has placed a limited stock of his remedies with Roscoe Hosh, at the J. L. Boggus & Co. store, where they can be found if needed, and each product is sold under a money back guarantee if not satisfactory. Several large stock men in Runnels and Concho counties have written testimonials as to its value, and commend it, very highly. Try Holland's Gets 'Em for screw worms.
