Santa Anna, Coleman County Texas Thursday, October 27, 1983

Number 43

## **Cotton Harvest** Starts October 18 With First Bale

The 1983 cotton harvest got underway in our community last week. with the first bale brought to the Santa Anna Cooperative Gin on Tuesday, October 19.

G. W. Loyd of Mozelle brought the first bale to be ginned, the cotton raised on the Glynn McClure farm north of Santa Anna. Since Tuesday there have been over 30 bales processed here, with other cotton from the McClure place and from the Louis Pittard farm in the Gouldbusk

According to ASC reports, there are 4,300 acres planted in cotton in Coleman County. The local gin is the only one in operation in the county, so the ginning season is expected to continue for many weeks. Although quality of the cotton appears to be good, the yield is only fair, with about a quarter bale per acre the unofficial report.

The price for good quality cotton was 56 cents per pound this week, slightly better than last year.

The ginning will be relatively slow until after frost as most farmers are waiting for the natural defoliation of their crops.

J. T. Avants is manager of the Santa Anna Co-Op Gin.

Mrs. Nancy Gooch, a teacher in

the Santa Anna schools, has been

named Chairman of the Publicity

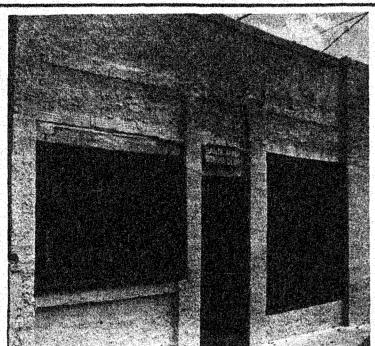

and Public Relations Committee for

District 15, Texas State Teachers

## **Band to Marching Contest** In Brady on Saturday

The Santa Anna Mountaineer Band will be in Brady Saturday for the annual University Interscholastic League marching contest. The local group will perform at

Under the field direction of drum major Casey Anderson, the band is marching 60 members this year, about ten more than last year. The local group received the superior Division I rating for their performance last year and are eager to make it two in a row. Osiel Hernandez is band director.

Also to compete Saturday will be the twirlers. Casey Anderson, Alys Pelton and Deborah Bodine, with solo routines

The band marching routines are from five to ten minutes in length, with three judges scoring the group on all phases of the performance. There are five bands in the Class A

Third Grades-Julie Dean and Scotty Martin; Jeannie Patterson and Nathan Barnett; Fourth Grades-Martha Frausto and Jason Dean: Carrie Myers and Sam McCrary;

Lawrence Langford. Crown bearers will be Renee Privitt and John Myers.

Representatives from the primary grades are these:

First Grades- Amy Miller and Tom Guthrie: Katrina Tomlinson and Charles Williford: Second Grades-Karen Lewis and Glen Donham: Kyra Neff and Mitchell Guthrie.

Gina Beaver and David Herrod will be crown bearers for the primary royalty.

The queen and three princesses will be selected by the penney-pervote method.

Many events and activities are planned for the carnival this year, with a highlight to be a costume contest for pre-school and elementary children. Winners in three divisions will be chosen at 9:30 p.m.

Carnival attractions include bingo, dart throw, buried treasure hunt, horseshoe pitching, a dunking booth, fishing, basketball throw, ring toss, putt-putt, a hay ride, frisby toss and disco dancing. There will be a concession stand with refreshments.

Other events sponsored by outside groups are a face and hair painting booth by the ESA Sorority, a jail and balloon bust by the Sophomores, and a cake walk, apple bobbing and ice cream booth by the Freshmen Class.

The coronation and carnival are open to the public, and everyone in the community is invited to attend. The event is a major fund-raising project of the Junior Class each

## **TSU Student Teacher** In SAHS Vo-Ag Department

Bill Jenkins, a senior agricultural education major from Tarleton State University, has begun his student teaching in the Santa Anna Public Schools. He is under the supervision of Scott Patterson, voca-

tionel agriculture teacher. Jenkins will be in the community from October 17 through December 8 for the purpose of receiving training for vocational agriculture teaching. This arrangement was made by mutual agreement between R. C. Smith, Superintendent of Schools, and Tarleton State University.

The student teacher will assist with all activities concerning the local vocational agriculture program. Upon completion of this training period, he will receive the bachelor of science degree from TSU and be eligible for a vocational agriculture teaching certificate.

Drs. Bill Irick, Johnny Johnson and Len Steakley are the Tarleton State University supervisors for the teacher education program in the Department of Agricultural

**New Administration Offers** 

Ranger Park Inn Nursing Home is under new management, with David Tucker the President of Management. He is a licensed administrator with 14 years experience as a nursing home administrator.

Tucker, the brother of Sidney Tucker, a former administrator here, holds a B. S. Degree in business administration. He moved to Santa Anna September 1 from Hamilton where he had been with a nursing home as administrator.

Tucker and his wife, Kay, are parents of three children, David. 13: Lorie, 11; and Robert, eight.

Ranger Park Inn Nursing Home continues to be a skilled nursing home offering all three types of care and a full line of service for those needing nursing home type care. A Registered Nurse is on duty seven days a week, with 24 hour licensed coverage and the patient's choice of a physician.

The local facility also has a chaplain, an outstanding social activity department, and is private and Medicald approved. Dr. Filemon Cabansag, the former operator, is still Medical Director for the nursing home, in addition to

Λ

DAVID TUCKER

continuing his practice at Cabansag

Medical Clinic here. Since coming to Santa Anna, Mr. Tucker has supervised the renovation of the hospital that was closed in March 1982, and now offers apartment type living with meals, laundry and housekeeping furnished. Both private and semi-private rooms are available.

The first occupants of the new apartment complex are to arrive on November 1.

survey revealed that the Harter's The Colorado River Municipal Water District asked formally last water snake was indigenous of the area and might be endangered by week in Austin for a four-year extension on start-up of its Stacy reservoir the construction of the reservoir. project. Completion date would be

Unprecedented litigation has stalled a beginning on the project on the Colorado River near the Leaday -Stacy communities. O. H. Ivie, CRMWD general manager, told Michael Fields, examiner for the Texas Water Commission, that the permit issued in June 1979 has been under court challenge ever since, including 26 months before the Third Court of Appeals. Oral hearings before the Texas Supreme Court will be heard Wednesday, October 26, he continued.

three years later on May 1991.

Already CRMWD has invested more than \$400,000 in preliminary work such as test borings to establish that the foundation area for the dam is sound, that the spillway design is sound, and that the archaeology survey and U. S. Corps of Engineers 404 application have been filed.

Paul Horton of Dallas, bond attorney for the district, told Fields that unless litigation is settled finally, it would be impractical if not impossible to market bonds to finance the project. A letter from Charles Niemer, executive director of the Texas Department of Water Resources, in support of the project was introduced. At one point, Fields indicated he thought a longer extension of time would be in order except that notices had specified four years. This would be the second extension asked. Fields will make his recommendation to the TWC within

The next regular meeting will be Tuesday, November 8.

### School Heliday Friday

Santa Anna school students will have a long weekend, with Friday set as a teacher in-service day.

The boliday was added since the school calendar was made, with the school day to be added in the apring.

Texas voters will go to the polls November 8 to vote on eleven constitutional amendments. Most of us are probably waiting until the last minute to read and study the proposals and decide how to cast our ballots.

In case you are overwhelmed by the thought of studying the amendments, I hope you are reading the weekly articles by State Representative Jim Parker. This week has the third in the series, with the the last two amendments to be discussed next week.

Daylight Savings Time ends on Sunday morning, October 30. Few, if any schedules will be changed by the new time. We'll all just start an hour earlier (by the sun) for the different places we go.

Just because no mention is made of national news does not mean we -- or the folks in our community-aren't aware of what is going on.

As I've said before, a report of news stories is a week or more past when it gets into print in a weekly paper -- and most people have television and daily papers to keep them up-to-date.

As one national columnist said this week, the world is coming unraveled. And it's too fast for our paper to report!

#### Menu Listed For the Week

The lunch menu for the Santa Anna Senior Citizens has been listed for the coming week. The meals will be as follows:

FRIDAY, October 28:

Chicken and dumplings, peas and carrots, raw vegetables salad, ice cream, cake, tea, coffee or milk.

MONDAY, October 31: Barbecue on bun, pinto beans, carrot-raisin salad, pudding, tea, coffee or

milk. WEDNESDAY, November

Turkey and dressing. sweet potatocs, English peas, fruit salad, coffee, tea or milk.

All senior citizens of the community are invited to have lunch with the group on Monday, Wednesday and Friday at Mountain City Center. Serving begins at 11:30 and continues through 12:30. Cost of the meal is based on ability to pay.

## **Coleman County Boosted** By Oil - Gas Industry

The sale of crude oil and natural gas from Coleman County wells made an important contribution to the county's economy in 1982 and accounted for \$52.3-million of the \$41.1-billion wellhead value of Texas petroleum production last year.

In its annual survey of the economic impact of oil and gas industry operations in the significant producing counties in Texas, Texas Mid-Continent Oil & Gas Association reported that the county ranked 143rd among Texas 254 counties on the basis of value of its marketed petroleum production. Such production includes condensate and casinghead gas.

The county's wells produced 994,877 barrels of crude oil, valued at \$31.3 million, and 10-billion cubic feet of natural gas, valued at \$21 million. Owners of royalty in the county received \$6.5 million as their share of the output, the Association

"The figures cited in this survey offer graphic evidence of the continuing importance of petroleum production to nearly every county in Texas, a situation which should continue indefinitely," said the Association's chairman, Joe C. Walter Jr., a Houston independent producer.

In addition to paying property natural gas levies totaled \$1.6-million.

Based on Texas Employment Commission figures, some 310 oil and gas industry employees in the county received wages of about \$4.9-million in 1982.

reserves in the county, oil and gas producers spent a reported \$50.7-million in the drilling of 333 wells, including 13 wildcat, or exploratory wells. This effort resulted in the completion of 138 oil wells and 95 gas wells, although some \$10.5-million was lost in the drilling of 100 dry holes. As of April 1, 1983, there were 1,688 producing wells in the county, 1,151 oil and 537 gas.

Petroleum processing also contributed to the county economy, with cubic feet of natural gas.

taxes to cities, counties and school districts, producers in the county supported state government through production tax payments estimated at \$3-million, according to the Association survey. Crude oil taxes amounted to \$1.4-million, while

#### Play-off Hopes Diminish With 28 - 6 Defeat

## **Panthers Maul Mountaineers**

Santa Anna's hopes for a place in the Class 8-A football playoffs was wiped out Friday night when the Gorman Panthers won 28 - 6 at Gorman. The Panthers played their usual superior style of football hard blocking and running, to defeat the Mountaineers. The Panthers are now 4-1 in

district play while Santa Anna dropped to 4-2. Goldthwaite is undefeated in district play and expected to take the 8-A crown. Even a forfeit of the Cross Plains victory has not hurt the Eagles chances for the title. District officials ruled that the game could not count after finding an ineligible

player took part in the recent game. In the Friday night action, Gorman used their ground game to earn 295 yards and mark up 19 first downs. They scored in every quarter and took advantage of Santa Anna fumbles. Two Gorman players, Mark Swanner and Jacky Johnson, each had over 100 yards on the

ground. Santa Anna's only score came in the final quarter when James Bass scored from a yard out. The scoring play was set up by a 25-yard run by Shelby Tuttle.

Santa Anna had 13 first downs and made 184 yards rushing and 20 yards

passing, completing three of seven. The Panthers completed one of two passes for three yards.

Santa Anna had three punts averaging 34 yards, while Gorman had two averaging 25. The Mountaineers lost three of four fumbles, while the Panters lost one of three.

The Mountaineers were not playing their usual good game, Coach Odis Summers said this week. Meanwhile, the Panthers played a superior game to keep their play-off hopes alive.

The Mountaineers will be idle this week, then host the Evant team on Friday, November 4.

## JHS Football Team **Wins 24-8 Over Gorman**

The Junior High football team won another game last week, defeating the Gorman JHS team 24-8 at Mountaineer Stadium Thursday night.

The junior Panthers scored first and added two points on the PAT.

The junior Mountaineers were ready for their opponents, and on the second offensive play from scrimmage they scored the first touchdown on a 65-yard

## City Police Report

Police were called to the killed. Although the skunk corner of Bowle and Banister early Wednesday morning where a man was found lying on the sidewalk. Chief Russ Ellis said the 20-year-old man apparently overdosed on drugs. He was transported to the hospital by ambulance. Mr. Ellis said the man recovered and was released from the hospital several days later.

A skunk was reported shot in the 1300 block of Wallis Avenue Wednesday of last week. Mr. Ellis said the young skunk was seen chasing a dog in a yard. As the owners called the dog to them, the skunk tried to chase the dog, but was then the animal checked by a Mathews of Brownwood.

was unable to tested, Mr. Ellis said that he and a local veterinarian believe it is probable that the skunk was rabid.

Because of this possibili-

ty, Ellis urges Santa Anna residents to be extra cautious with their pets that may come into contact with wild animals in the area. There has not been a confirmed case of rables in Santa Anna for several years, but Coleman and Brown counties have reported a fairly high number of confirmed cases recently.

If you suspect any unusual action in your pets, Mr. Ellis urges you to have 

veterinarian.

One vehicle accident was reported this past week in Santa Anna, Mr. Ellis said that it was reported to him that a pickup truck driven by 60-year-old James W. Lobstein of Coleman ran off the east side of Farm Road 1176 just south of the Cemetery and into a fence. Mr. Lobstein received minor injuries in the mishap, but refused medical treatment. Mr. Ellis said a complaint has been filed with the Coleman County Attorney. Damage to the truck was estimated at \$250, and \$50 to the fence, located on property owned by Ralph O.

## **Presbyterians Compile List** Of Church Needs, Concerns

Suggestions and concerns important to First Presbyterian Church were recently listed by members, and at a meeting on Wednesday, October 12, the list was reviewed and plans formulated to implement them.

The elders of the church chose four areas in which to begin.

One of the primary concerns of the membership was evangelism. The Session voted to appoint an Evangelism Committee, to be named at a later date, in investigate specific methods of reaching all areas of the community with the message of the Church.

The need for more educational facilities was mentioned frequently by the participating members. In response to this need, the Elders voted to build an auxiliary building to the south of the church sanctuary. This building will contain rooms for the nursery and primary classes as well as storage

The third area of concern was the need for a Food Bank for families in need. The elders voted to

establish such a bank, with the storage space in the new building to be utilized. Beginning funds are already available and special offerings each Communion Sunday will aid in austaining the bank. Details of the project will be announced later.

The final action approved by the Session was to designate each third Wednesday night of the month as Family Night. Beginning in December, members will have a potluck super and occasionally programs.

Later Session meetings will consider some of the other suggestions received in the survey.

## Santa Anna Domino Club

Santa Anna doesn't have a Country Club or many social clubs, but one active group meets unofficially almost every day in a downtown location.

The Santa Anna Domino Club is located on North Second Street just behind the old Opera House building, in the little built-on portion that in early days housed

who meet there enjoy the convenient location that to most eyes is rather spartan.

Amenities are few at the building that has bare walls and concrete floor. The back screen door opens into the unpayed alley. There is no snack bar for coffee or cold drinks - the

## **Roddy Deans Host ESA** With Supper, Ceremony

Debbie and Roddy Dean were hosts last week for a supper and meeting of the Delta Omicron Chapter, Epsilon Sigma Alpha Sorority. Members of the group brought food for the supper that featured fried

The jewel pin social was to honor the rushees of the chapter and their husbands, Debbie and John Vance, Betty and David Lewis, Gay and Paul Morgan, Kim Hubbard Martin, Shannon and Pat and Bernidine Watson.

Otts and Debra and Mac Boyet. Members and their hus-

bands attending were Betty and Felton Martin, Becky and Bill Martin, Susie and Eddie Paul Voss, Gayle and Burgess Stewardson, Patti and Rod Musick, Jo and Larry Ashworth, Sharon and Charles Greenlee, Gail and Dickie Horner, Darla and Rick Beal, and also Pam

### **Guy Allens Have Baby**

of Lovington, N. M. are parents of a baby daughter, Cigi Shay, born Thursday, October 20, in Lea County Hospital in Hobbs, N. M. The baby weighed seven pounds, one ounce at birth.

Grandparents of the new Lovington, N. M.

Mr. and Mrs. Guy Allen arrival are Mr. and Mrs. James Allen of Santa Anna and Mr. and Mrs. Tom Pearson of Eunice, N. M. Maternal greatgrand-

mothers are Mrs. Eulaya Pearson of Carlsbad, N. M. and Mrs. Pearl Yaden of refreshments at Phillips Drug Store when they wish. However, the location is ideal for the local men, and they are happy with the location and the opportunity to be with their friends

men take time out for

Jim Laubhan, owner of the building, had the exterior repaired and painted last year. The inside was also repaired and curtains put at the windows.

The local domino group has moved from place to place in town during the past years. At one time the local players congregated in the back of Whitlow's Barber Shop, located in the old Santa Anna Gas Co. building. At another time they met in a building

across from Western Auto.

After the Santa Anna Gas Co. building was torn down, the local domino players had no regular spot to meet for awhile. Then the domino players started congregating in the small partioned part of the former Ladies Show building. There the group met for several years.

Aubrey Parker was operator of the domino club at one time, and others have been Clarence Gilbert, Riley McFarlin, Bill Lowry and Dick Longbrake. Charlie Benge is the current operator, having been in charge the past four years.

The domino club is open

almost all day, except during the noon hour. Twenty cents a game is charged each person.

There are four tables in the club, and seldom are more needed. Many of the men come by just to visit with their friends instead of playing.

When asked to name the best domino player in town, Mr. Benge hesitated, saying he would get in trouble with his friends. He finally said there were several really fine players, naming Garland Morgan, Virgil Newman, Lynn Taylor and Doc Scarbrough and Rex

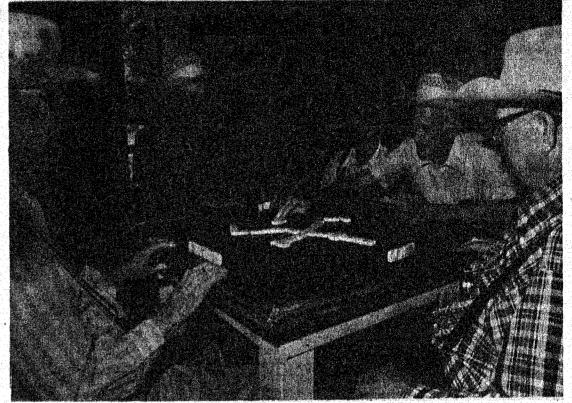

Many of the group are not regular customers as jobs or activities keep them from playing dominoes often. However many local men are at the domino club almost every day, enjoying the time they spend with their friends in domino games and conversation.

Besides the ones mentioned, other "regulars" are Jim Daniell, Bean Radle, Virgil Priddy, Melvin Lamb, Riley McFarlin, Bond Featherston, Dick Deal, Clarence Gilbert, Bill Lowry, Dick Longbrake, Nick Buse, Lacy Culpepper, Henry Cornet and Johnny Goen of Bangs.

Others are Lynn Taylor, Bobby Bible, Don Bible, Frisbie Bible and Junior Morgan.

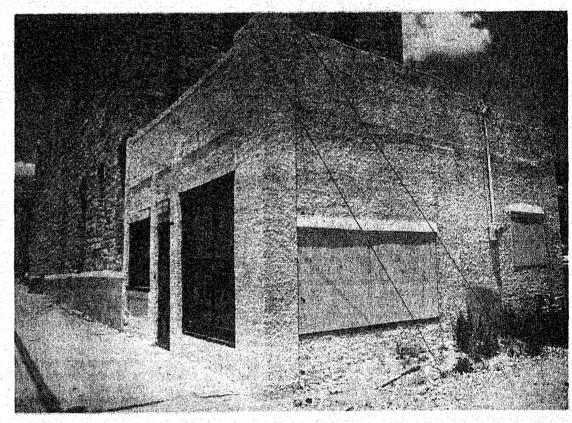

Jay McCoy, now residing at the nursing home, was a frenquent customer as long as his health permitted, and the late Cecil Curry, George England and Raymond Close were faithful members.

Faces and places may come and go, but the local men are sure to keep meeting somewhere in the town to visit and play their games of dominoes.

SERIOUS BUSINESS....This group of Santa Anna men are intent on the game of dominoes. Pictured here are some of the regular players, from left, Virgil

Newman, Garland Morgan, Virgil Priddy and Jimmy Watson. Charlie Benge is looking on.

SANTA ANNA DOMINO CLUB is in the small building that housed D. O. Lan's hamburger stand in earlier years. Jim Laubhan, owner of the building, renovated the exterior as he remodeled the adjacent

Opera House building. The local "club" is a main attraction for many area men who enjoy a friendly game of dominoes and visiting.

Active Group Starting 30th Year

## **ESA Chapter Honors Charter Member**

One of the charter members of the Santa Anna Epsilon Sigma Alpha Chapter was honored recently by the organization on her 30th year of active membership. Coyita Bowker, who was on original member of the Delta Omicron Chapter, was honored by the group and presented a handmade ESA table cloth, a gift of the chapter.

The Delta Omicron chapter was chartered September 9, 1952, one of the eight chapters in District VII. Mrs. Bowker

has served as president of organization headthe chapter several times during the past 30 years, as well as holding almost and serving as State

The other charter members of the Delta Omicron chapter were Billie Guthrie, Sammie Mc-Creary, Patricia Davis, Theola Stewardson, Daphne Dockery, Sadie Richardson and Jo Ann

The Epsilon Sigma Alpha Sorority was founded in 1929 and is an international

quartered in Fort Collins, Colorado. Membership now is over 25,000, with the every office in the district organization emphasizing community and civic projects and education. ESA women engage in a full program of leadership training, education and personal development, preparing themselves to meet the challenge of being a woman in the modern

> Some of the many projects of the local chapter have included conducting the March of Dimes drives,

contributing to St. Jude's Children's Hospital, Bangs Home for Children, Little Olympics, West Texas Rehabilitation Center, Kidney Disease, and San Angelo Center.

Local projects have been Ranger Park Inn, Meals on Wheels, summer baseball and swimming programs, purchasing hearing aids for children, purchase and distribution of Christmas baskets to the needy, and awarding the scholarship to a high school senior each

The Delta Omicron chapter serves lunch once each month for the Lions Club and in December sponsors the Christmas pageant to raise money for their projects. They also assist with the Christmas opening in the town, decorating a window and entering a float in the parade.

The Traffic Jam for St. Jude's Children's Hospital is held each May, and proceeds from the community calendars also benefits the hospital.

Other long-term members of the chapter include Dorothy Harris, Betty Martin and Gayle Stewardson. Other members are Jo Ashworth of May, Darla Beal, Donna Bradley, Sylvia Brewster, Jan Brixey, Debbie Dean, Geneva Garrett, Sharon Greenlee, Lois Harper, Gail Horner, Becky Martin, Pam Morgan, Patricia Musick, Ramona Myers, Orabeth McIver, Kathy Pearce, Cindy Tuttle, Susie Voss, Bernidine Watson and Ruth Ann Wise.

Five new pledges for the chapter this year are Darla Otts, Gay Martin, Betty Lewis, Debbie Vance and Deborah Boyet.

The Delta Omicron chapter is one of the most active organizations in the community, always available to assist or support any worthwhile proiect or endeaver.

14. The couple enjoyed We do trust we will be lunch in Brownwood. afternoon

Coleman.

Mrs. Morris

We are sorry to report Mr. Roy Bible was buried the Whon Cemetery Monday afternoon following memorial services at First Methodist Church in Santa Anna at 2 p.m. To me this is very interesting and unusual. Mr. Bible was born in the Whon Community on the Bible farm, where Mr. and Mrs. Graham Fitzpatrick have purchased and make their home. Seems so much of the time people live to a ripe old age they are not laid to rest in the same community less than a mile from where he was born and lived a lot of his life. And all his life in Coleman and Brown-County. He passed away Saturday, October 22, in the Brownwood Regional Hospital. Mr. Bible had been making his home in the Ranger Park Inn Nursing Home in Santa Anna after his health began to fail him, and has been there for quite some time.

Roy had worked hard and raised a large family and lived a good life, and we can say he seemed to enjoy life and made fun out of just living as long as his health permitted. Our sympathy to the bereaved family, and we feel the loss of a friend.

Mrs. Floyd Morris, and brother, Joe Floyd, until Monday noon. Jamie Lee visited with his daughter, Judy Morris, in Coleman

Sunday afternoon. Mr. and Mrs. Lovelady of Santa Anna and Mr. and Mrs. Elec Cooper of Rockwood have recently been sightseeing in Louisiana and other points in East Texas. They toured the Garden of Roses at Tyler and reported it more beautiful than you could ever think. They enjoyed the beautiful scenery where ever they

Mr. and Mrs. Niel Fitz-patrick and children of Odessa were with his Graham Fitzpatrick, during the weekend.
Mr. and Mrs. Tom

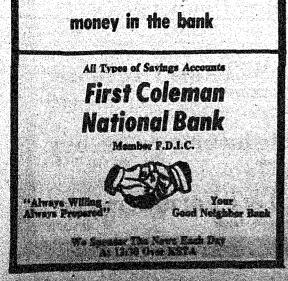

Vinson's grandson, Mr. Dale Vinson of Fort Worth, was visiting his grandparents awhile on Sunday.

This week I am continuing with explanations, both for and against, proposed amendments which will appear on the November 8th ballot.

Proposition No. 7 would permit the Veteran's Land Board to issue \$500 million in general-obligation bonds to create a Veteran's Housing Assistance Fund which would be used to make home-mortgage loans to Texas veterans. Eligibility requirements would be identical to the Veterans' Land Program.

Like the Veterans' Land Program which enabled Texas veterans to buy land (minimum purchase of 10 acres), under the Veterans' Housing Assistance Program, military veterans living in Texas would be eligible to receive lowinterest 40-year loans of up to \$20,000 in order to make the down payment on a home. Supporters say that since most veterans are in an urban area, it would enable more of them to become homeowners. The program would be at almost no financial risk to the state since administrative costs of the program, including cost of mortgage insurance, would

be borne by the veteran. Opponents say this fraternal program would authorize a large increase in state debt and unwarranted government intrusion in the capitalinvestments markets. They say by offering more taxexempt bonds to investors, the state would be taking capital away from some sectors of private industry, which will be forced to raise the interest yield on their securities in order to compete for investment dollars, thus driving up

the prosecutor's role and

the responsibility of the

public in working together

to alleviate the problems

related to Driving While In-

The outcry against driv-

ing while intoxicated has

grown considerably, and

rightly so. The statistics

+ Half of the people in the

U.S. will be involved in a

D.W.I. collision during

+ In 1980 drunk driving

was involved in the death of

a person in Texas every

+ Drunk driving is the

most common form of

violent death and the

leading cause of death

Earlier this year this of-

fice in cooperation with the

Prosecutor Council

presented a series of ar-

ticles examining the pro-

blem. Recognizing the need

for reform, the Texas

Legislature addressed this

issue in its last regular ses-

sion. In June Governor

Mark White signed into law

Senate Bill 1, which

becomes effective January

1, 1984. The bill brings

many changes, some of

which are highlighted

The very definition of

toxicated offenses.

can be frightening:

their lifetime.

four hours.

Proposition No. 8 would allow the governing body of political subdivision to exempt property of certain veterans' or fraternal organizations from properv taxation.

Proponents say that many of these veterans' and fraternal organizations could not survive without this exemption. The current tax exemption for veterans groups has been declared unconstitutional because an Attorney General's opinion has ruled that the Legislature could not add to the list of properties constitutionally entitled to an exemption. They say if these organizations can no longer be exempt from property taxes, either their services will suffer or communities will have to support them with more contributions.

Opponents say fraternal organizations should not be mentioned since they already receive an exemption under the "charitable organization" definition. They also say that "fraternal organization" is not clearly defined leaving the determination up to an individual taxing unit which might cause for litigation.

Proposition No. 9 allows statutory probate-court judges to substitute in any county in the state for a judge of a statutory county court with probate jurisdiction or for the judge of a constitutional county court. A county court has general jurisdiction over probate matters (registration of wills, administration of estates, appointment of guardians and commitment of the mentally impaired). The Legislature has created over 100 county courts to relieve the constitutional county judge of

some judicial duties and many of the "statutory" county courst have at least some probate jurisdiction; with few specializing in

probate matters. Proponents say those judges who specialize in probate matters should be allowed to assist county judges in other counties should the need arise, as is done by assigning a district judge to assist in another district-court problem. They say probate matters can involve complex questions of law and feel it would be more efficient to allow judges with special expertise in probate matters to hear cases when emergencies arise, such as the usual probate judge being unavailable because of an overcrowded docket or disqualification, Right now in these emergencies the case must be heard by the constitutional county judge, who may not have legal training; or a special appointed judge which takes time to arrange; or, in counties with no statutory county court, the case may go to a district court whose docket usually

is already overcrowded. Opponents say if probatecourt judges could be assigned around the state, they may not be available in their own counties when they are needed. They believe the constitutional county judges would be tempted to disqualify themselves in a controversial case knowing a probate-court judge from Dallas or Houston could be brought in to "take the

Next week I will conclude the series on proposed amendments by discussing the final two propositions.

#### D.W.I. has ben revised. If a driver has a .1 percent of more alcohol concentration in his blood, he will be by definition guilty of D.W.L. Coleman

Monument Works L 1309 East 9th Colomba, Texas David Heff Ph. 625-5352 läght 625-2719

District Attorney Steve driver refuses to take a breathalyzer test or similar test, that refusal could now have two effects. First, he will lose his driver's license for 90 days. This will be true even if he is not later charged with or convicted of D.W.I. Second, the fact of his refusal may be introduced at his trial. The jurors will know the defendant refused a breath

**DWI Problems Reviewed** 

Dist. Attorney Urges Public Awareness

test and may believe that the defendant knew he was drunk.

Counties of 25,000 population or more will be required to use videotape equipment to preserve for trail how the defendant looked and behaved shortly after arrest. The tape will allow jurors to see for themselves how the defendant looked and acted that night. Upon conviction a first offender could lose his license for 90 days to a year. A repeat offender could lose his license for 180 days to two years.

Stiffer fines will also be imposed. The driver can expect to pay from \$100 to \$2,000, depending on how many times he has been convicted of D.W.I.

increased. Again, depending on the number of times he has been convicted, a driver could expect to spend from three

days to five years in jail. If the driver has seriousas a result of his drunk

Evidence of alcohol in driving, his punishment Ellis and the Prosecutor the blood is often shown by will be even greater. An ad-Council are attempting to the results of a ditional \$500 fine and an admake the public aware of breathalyzer test. If a ditional 60 days in jail could be tacked on to the fines and sentenences already mentioned.

The use of deferred adjudication has been eliminated. Under this method of handling cases. the individual pleads guilty before a judge. The judge delays entering judgement pending a period of probation. If the person completes his probation, the offense is removed from this record. This process will no longer be open to D.W.I.

defendants. Probation will also be affected. In the future, if the convicted driver receives probation, he must be evaluated to see if he needs alcohol or drug rehabilitation. Furthermore, a probated sentence will count as a final conviction. If the same driver is convicted again, it will be his second conviction for purposes of figuring his punishment.

Other changes in the law help keep the offender off the streets. Under certain circumstances, a repeat offender will be forced to forfeit his automobile to the state.

These changes highlight Jail time has also been efforts by Texas lawmakers to address the problem of D.W.I. Now the responsibility lies with the citizens. As jurors you will have the final responsibility in determining how the crime of D.W.I. is viewed ly injured another person in the community and how

it is enforced.

## Oil Patch Review

### **Big Oil Discovery Northwest of Novice**

discoveries in Coleman County came recently when Houston Oil and Gas Co. Inc. of Houston completed No. 1 Porch and Clairy as an oil discovery well located five miles west northwest of Novice.

Wellsite is in the San Augustine Survey 519.

Flowing from a 32-42-64 inch choke, the well had a daily potential of 773 barrels of 36 gravity oil from perforations at 3,546 - 3,560 feet in the Morris sand.

Operator set the 4½-inch

One of the biggest oil casing at 4,650 feet, eight feet back from the bottom of the hole

The well had a gas-oil ratio of 2,000 - 1.

The major oil and gas activity has been in the Novice area in recent months, as well as the Talpa-Glen Cove area.

Another good well was reported last week in the Novice area, the No. 1-A Gray in the L. M. Justice Survey four miles west of Novice, with a daily potential of 132 barrels of 44

#### **June Refining Summary**

AUSTIN...Oct. processed 754,982,017 bar-13...Railroad Commission rels of these materials. Chairman Mack Wallace has announced that 61 refineries in Texas processed 133,569,068 barrels of crude oil and hydrocarbon blends during June. Through the first six months of 1983, Texas refineries

Nancy Avants of San

### Oil Tanker Manifest Rule in Effect

May figure but up from the AUSTIN, TEXAS, Sept. 13 - The Railroad Commisture of gasoline totaled sion has adopted a new rule that requires oil tank trucks to carry identification papers for the oil they are transporting.

usually produced at the

wellhead. It also does not

include gas that is rein-

jected into the producing

reservoir to maintain gas

pressure, gas that is used

to fuel production-related

equipment on the lease

site, or gas that is other-

earlier month.

and gas wells.

The new rule requires a cargo manifest for each load of liquid hydrocarbons transported by an oil tanker vehicle. The manifest must include an identification of the lease or facility from which the oil was removed, the name of the lease operator, the amount of oil removed, the date and hour of the removal, identification of the transporter, and the in-

tended destination. Upon request by a Commission agency or other law enforcement official, the transporter must produce the cargo manifest immediately.

A copy of the manifest or a document with the same information must be left at the lease or facility from which the hydrocarbons were removed, or delivered to the lease or facility operator or his representative.

The manifest must be kept for two years by the W. L. Campbells Sunday transporter, and must be available for inspection. Another provision re-

#### July Drilling

AUSTIN- Railroad Comdaughter and grandson mission Chairman Mack visited Mrs. Ovella Williams Saturday. Ovella and Thelma visited Aunt Helen Williams on Monday. Wallace has announced that Texas operators reported 111 gas wells and Charlie Fleming visited his mother, Mrs. Beulah 67 oil discoveries in July Fleming and Margie Sat-urday morning. Phyllis and Eddie Dillard, Terry

In the same month a year ago, 141 gas and 51 oil discoveries were filed with the state's regulatory agency. So far this year, there have been 497 oil and 780 gas discoveries reported to the Commission. There were 368 oil discoveries and 871 gas discoveries to date

In July, operators reported 320 exploratory Recent visitors have been Billy W. Lowry of Plano, Billy Williams, Susie Moredock, Gladys and field tests wound up as dry holes.

in 1982.

Applications to drill deepen, plug back and for service wells' in July amounted to 3,204 against 3,166 in the same month a year earlier. To date there have been 20,286 similar applications, while to date a year ago there were 20,093.

Report Given **Applications to** Drill In Our Area For July Drilling

Pautsky Energy Inc. of Wichita Falls will drill No. 23 S. R. Stanberry as a 1,500-foot venture in the Coleman County Regular Field located four miles northwest of Trickham on a 115-acre lease

The site is in the Pleasant Young Survey, Block 494.

ATI Oil Co. of Wichita Falls completed No. 5 Horace Thompson in the Trickham (Capps) Field located 14 miles southwest of Bangs in Coleman County. The well is on a 384.7-acre lease.

Wellsite is in the W. Reissner Survey.

July came from 235,178 oil The well had an absolute open flow of 400,000 cubic In June 1983, Texas wells feet of gas daily from perproduced 448,878,428 Mcf of forations at 920-27 feet. gas. ing the service.

AUSTIN- A total of 2,367 drilling applications were processed by the Railroad Commission in September.

In August, 12,320 applications were processed as oil and gas operators sought to avoid a \$100 drilling permit fee that went into effect on September 1. The fee will provide funds for plugging abandoned wells and general enforcement of state pollution prevention laws involving oil and gas operations. 🔍

The September total included 1,820 applications for permits to drill new oil and gas tests, 55 applications to deepen existing holes, 193 applications to plug back existing holes, and 24 applications for service (non-producing) wells. Operators also filed 275 amended drilling applications.

In September a year ao, he Commission processed 2,667 new oil and gas test applications, 79 deepening applications, 236 plugback applications, 77 service well applications and 785 amended applications.

In September the Combe identified on both sides mission processed 25 oil or on the front and back and 98 gas discoveries. For with the name of the the same period a year ago, 52 oil and 128 gas discoveries were processed. Operators reported 487 oil and gas dry holes during September.
