Fingerprinting is taking place in all county schools this week. Preschoolers and any children missed at school may be fingerprinted at the Teen Center in Coleman, Saturday from 9 a.m. til noon.

Former Local Stabbed in Prison

Radio, television and newspaper have devoted much time to making the public aware of crime in prisons.

A situation which is much on the rise has affected an inmate from our area. James Scott, 23, who is serving a 20-year term from Coleman County for burglary and escape, was stabbed by another inmate at a Texas Department of Corrections

facility a week ago Sunday.

The suspected inmate is James Hayes Lane, 24, who is serving a 35-year prison term for stabbing an Abilene man who had caught him in the act of burglarizing his car. Lane is also serving a concurrent 20-year term for car theft.

In return for his guilty pleas in those cases, prosecutors dropped

another aggravated assault charge against Lane. In it, Lane was accused of throwing scalding water in the face of another prisoner in the Taylor County Jail while he was awaiting trial on the other charges.

The stabbing, the 319th of a TDC inmate this year, was believed to be the outgrowth of an argument over commissary items.

Police Report

Apparently unable to wait for Halloween to satisfy their sweet-tooth two young boys broke a lock off the door at the high school concession stand last weekend. Chief Russ Ellis said the break-in was discovered Saturday afternoon. An unknown quantity of candy was taken in the burglary. Ellis said that the two juveniles have been charged and will be referred to the juvenile office.

Chief Ellis reminds citizens that pranks, normally associated with Halloween, will not be tolerated or overlooked now that Halloween is

over. Ellis noted that by the appearance of quite a few trees and shrubs throughout the town that toilet paper retailers should have made quite a profit.

Connie Turner was treated for leg injuries Monday afternoon after allegedly being attacked by a pit bull dog on Plainview Road. An official at the Coleman County Electric Coop stated that Ms. Turner was reading meters for the Coop when the incident occurred. The dog evidently had broken its leash earlier in the day while no one was home. The owner was contacted and the dog secured.

IS IT WORTH IT?

You may ask yourself each election year if it's really worth the effort to cast your vote. Could one vote actually make any difference?

It can make all the difference in the world.

But for one vote, we might be British subjects.

When the First Continental Congress was meeting in Philadelphia on September 28, 1774, the topic of debate was the 'Galloway Plan'.

The Galloway Plan would have changed the American colonies into a British dominion ruled by Parliament and a British governor.

Virginia's delegate, Patrick Henry, made an impassioned speech against the change.

The Galloway Plan was defeated by one vote.

On numerous occasions through history, the course of the world has been changed by the margin of a single vote.

King Charles I of England lost his head in 1649 by one vote.

Elizabeth II is Queen of England today because some 250 years ago the British House of Commons voted in favor of the House of Hanover, 96-95.

The United States Senate agreed to annex Texas in 1845 by a single vote to convict President Andrew Johnson in his impeachment trial.

On the subject of presidents, John F. Kennedy was elected President by less than one vote per precinct across the nation. One-half of one percent of the votes cast in Illinois and New Jersey swung 43 electoral votes to Kennedy. Had that tiny percentage of votes in those two states been reversed, it would have

WHAT IS A JUDGE TO DO?

By Linda Bertoni

The city of Santa Anna has been left not knowing what to do in a situation that appears to have begun when the city dismissed Coleman County Field Deputy Mike Bowers as a part-time law enforcement officer for the city.

An attempted dismissal was made in July of 1983 at which time Coleman County Sheriff H. F. Fenton told the Santa Anna City Council, 'when no Sheriff's Deputy is on the Santa Anna payroll the city could be charged from \$10 to \$75 a day for housing prisoners.' Officer Bower's position with Santa Anna and pay was made retroactive to cover all time lost.

The second dismissal which has remained in effect occurred effective August 1, 1984.

As a curious reporter, I found myself asking why a city would hire an officer who was already being paid by the county to protect our area. Santa Anna City Secretary Pat Rutherford seemed to be as puzzled as I. She presented me with a copy of Article XVI, Section 40 of the VTCS which states that: 'No person shall hold or exercise at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserved of the United States, and retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and the officers and directors of soil and water conservation districts, unless otherwise specially provided herein.'

It is possible that the city's interpretation of this and other articles could be misleading. But, when written request was made to the Attorney General's office to clarify the city's interpretation, reply was received from Susan L. Garrison, Assistant Attorney General, Opinion Committee, that the city of Santa Anna was not authorized to receive

written opinion. It seems that Article 4399 of the VTCS, limits the Attorney General of Texas' office to rendering written opinions to specific individuals and prohibits issuance of opinions to any others than those set out in this article.

It is puzzling how Santa Anna's City Judge Joe Taylor became involved in all the array.

At the October Coleman City Council meeting Santa Anna Mayor Edd Hartman requested that a contractual agreement be made with the city of Coleman to house prisoners in the city jail. This request was made due to release of a prisoner who was admitted to the Coleman County jail in July of this year and released hours later for what Sheriff Fenton considered to be lack of a magistrate's commitment order. At the council meeting Sheriff Fenton speaking for the county indicated that such a contractual agreement was not necessary. He stated that 'it is the responsibility of the county to take prisoners up to the approved capacity and without any charge being made, but, we have to have a commitment signed by a Justice of the Peace or a magistrate as provided in Texas Statutes.'

If such a commitment form is required why has it not been necessary before now. Santa Anna's Chief of Police Russ Ellis stated that no commitment forms had been required until Officer Bowers was dismissed by the city.

Had the Attorney General's Opinion JM-151 which Sheriff Fenton submitted been tested earlier the qualifications of Santa Anna City Judge Joe Taylor could have been clarified before he had served two years. The opinion states that: 'The ... County Jail is not required to accept state statute violators arrested by municipal police officers until the arrestee has appeared before a magistrate for statutory warnings and commitment to the county sheriff's custody. If it does accept such arrestees, the county may not charge the city a fee for housing them prior to commitment unless the city and county have contracted for the purpose. A district attorney's representative need not be present at the magistrate's hearing

pursuant to Article 15.17 of the Code of Criminal Procedure.'

Of the opinion, magistrate is the word in question. Is the Santa Anna City Judge a magistrate?

Article 2.09 of the Texas Code of Criminal Procedures states that: 'Each of the following officers is a magistrate within the meaning of this Code: The justices of the Supreme Court, the judges of the Court of Criminal Appeals, the justices of the Courts of Appeals, the judges of the District Court, the magistrates appointed by the judges of the district courts of Dallas County that give preference to criminal cases and the judges of the criminal district courts of Dallas County, the county judges, the judges of the county courts at law, judges of the county criminal courts, the justices of the peace, the mayors and recorders and the judges of the municipal courts of incorporated cities or towns.'

It seems that Article 2.09 would clarify that Judge Taylor is a magistrate.

Maybe the question is how or what makes him a judge. The municipal or city judge is appointed by the mayor. Upon appointment the judge is required to become certified within one year. A twenty four hour course is taken the first year and followup courses of 12 hours are taken each year following.

Judge Taylor's original certification course was taken the first week of August, 1983. His most recent certification course was taken on July 20, 1984. A certificate was awarded and signed by Judge Allen Gilbert who administered the course. The course was given by the Texas Judicial Council Office of Court Administration at the Division of Continuing Education, Texas Tech University in San Angelo.

Many authorities have been contacted in the city's search for an answer. The San Angelo Municipal Court, the Texas Commission on Law Enforcement Officer Standards, the Texas Commission on Jail Standards, the Texas Municipal League Legal Department, the Texas Municipal Court Association and the Assistant Attorney General.

As the headline reads, What is a Judge to do?

City Council Reminder

The Santa Anna City Council will meet in special session on Thursday, November 1, at 6:30 p.m. in the community center.

The regular session of the council will be held on Thursday, November 8, at 6:30 p.m. in the community center.

It was noted that in order to be on the agenda for a regular council meeting, you must notify city hall before closing time Monday. A 72-hour notice is required for posting of the agenda. An exception to this rule applies only in emergency situations where a 2-hour supplemental notice may be posted for emergency situations.

Special session agenda's are required to have only a 2-hour posting. These posting regulations are not made by the city. They are a requirement set down by Article 652-17 of the VTCS.

American Spirit Award

Sam Bass, retired United States Air Force Chief Master Sergeant received the 'American Spirit Award,' the highest civilian award presented by the United States Air Force Recruiting Service.

He served 29 years in the Air Force.

The award is presented to individuals who have displayed an 'obvious and continuing love for country and dedication to the American way of life.' Lt. Col. Frank Kapp, Squadron Commander for Air Force Recruiting in North Texas, said. Individuals presented the award may have displayed a deep sense of patriotism either quietly with little public attention or openly.

Willie Nelson has a new version of an old song out on the country charts. In the song 'City of New Orleans' a question is asked, 'Good Morning America, how are you?'

When we greet one another we often say, how are you?

In the Bible we read of the Shunammite woman who was asked the question, 'Is it well.' The lady was asked the question by the prophet Elisha. Elisha was a prophet of the Old Testament. He had been in this home on many occasions. On this particular occasion it was not a happy time. The son of this Shunammite woman had just died. Elisha asked the question full knowing what the answer was to be.

He asked, 'Is it well with thee? Is it well with your family? Is it well with the child?' II Kings 4:26.

Let us bring these questions to 1984. Is it well with you? Is it well with your family? Is it well with your children?

Is it well with you? Dorothy Jones has written 'Your task is to build a better world,' God said. I answered 'How, this world is such a large vast place and so complicated. I am so small and useless. There is nothing I can do.' But God said in his wisdom, 'Just build a better you.'

How do we build a better you? We build better selves by accepting ourselves as we are. All people have limitations and shortcomings. Not all can be president. Some have to be followers. Some folks try their best to be leaders when in fact they would be happier and more successful as followers. Some want to be number one when number two or three would suit their personalities better.

But some limitations are self im-

posed. Many of us stop before we have to.

A better you is a building you. We build on our past, we learn from our mistakes. We also build on our accomplishments. If you have been a good vice-president, try again you might be a good president.

A better you is a content you. We strive, hope, build and when the level of our best is reached we can be content with knowing we have done our best.

Is it well with your family? Arnold J. Tonybee (noted historian) once said, 'Homes are the building blocks of civilizations'. In the home a child learns love, compassion, respect, self-reliance and devotion. On the other hand a child may learn hatred, selfishness, arrogance and self-pity. It often depends on the example his or her parents give.

How God must love a friendly home Which has a warming smile To welcome everyone who comes To bid a little while!

How God must love a happy home Where song and laughter show Hearts full of joyous certainty That life means ways to grow!

How God must love a loyal home Serenely sound and sure When trouble comes to those within They still can feel secure.

How God must love a Christian home Where faith and love attest That every moment, every hour He is the honored guest.

Gail Brooks Burket

Is it well with your family? Is it well with your husband, with your wife? I read a good definition of a husband. A husband is a curious creature who buys his football tickets in June and his wife's Christmas present on December 24.

A marriage is like a garden. We plant the seeds with 'I do.' We cultivate and reap throughout the marriage. Communication is so important in a marriage. If seeds of non-communication are planted then problems concerning communication will soon pop up in our garden.

Compliments are good seeds to plant. When we pass on a compliment then we reserve the right to accept one that is passed our way. Passing compliments is something in many marriages is of the past when in fact it ought to be as fresh as today. When a courtship is going on, compliment after compliment is showered. But, it seems after marriage happens the compliments dry up. No wonder we have so many marriages in name only.

Completeness is so needed in a marriage. Not only in the physical realm but in mental aspects, goals for the family, and devotion.

Marriages are made to be one plus one equal one. The secret of a happy marriage is simple. Just keep on being polite to one another.

Think about it, is it well?

Today Christ stilled a storm, not in Galilee

But in my heart, I heard his 'Peace Be Still'

There raged a storm and tempest here in me And fear that I might perish made me ill.

I turned to Him and knew He could save

That all my trials yield to His great will I felt the calming smoothness of the wave

On which I rode, as Christ said, 'Peace be still.'

Have you ever considered doing your Christmas Shopping at your local Post Office? Here are some 'Smart Shopper' ideas available from your Postmaster.

Something special for shut-ins. How about a book of stamps or some pretty commemorative stamps? Aerogrammes are also good gifts. They include the stamp, envelope and stationary for only 30 cents. Sometimes it's a difficult task for

our senior citizens to come to the Post Office. Stamps and stamped envelopes are thoughtful gifts.

Have you ever added up how much it cost to buy Christmas gifts for our children, grandchildren, neighborhood children or gifts for the school Christmas party? The Postal Service has the answer to the high cost of Christmas shopping. Stamp collecting kits cost \$2.50 to \$3.00. There is a collecting kit for the

For all of you wonderful overworked-underpaid individuals out there, I've found an interesting poem for you this week.

I'M TIRED

Yes, I'm tired. For several years I've been blaming it on middle-age, iron poor blood, lack of vitamins, air pollution, water pollution, saccharin, obesity, dieting, under-arm odor, yellow wax build-up and a dozen other maladies that make you wonder if life is really worth living. But now I find out, tain't that.

I'm tired because I'm overworked.

The population of this country is 200 million. Eighty-four million are retired. That leaves 116 million in school, which leaves 41 million to do the work. Of this total, there are 22 million employed by the government.

That leaves 19 million to do the work.

Four million are in the armed forces, which leaves 15 million to do the work. Take from that total the 14,800,000 people who work for state and city government and that leaves 200,000 to do the work. There are 188,000 in hospitals, so that leaves 12,000 to do the work.

Now, there are 11,998 people in prisons. That leaves just two people to do the work. You and me. And you're sitting there reading this. No wonder I'm tired.

ANONYMOUS

How much more appropriate could an article be for a tired person who feels unappreciated.

Oh well, on a more positive note I read an interesting Garfield cartoon this week that ended by saying that 'The harder you work for something, the more you appreciate it.'

Rain Report Looks Good

Mr. R. W. Balke of Santa Anna has turned in an impressive rain report.

In January we received 1.40 inches, February's total was 1.70 inches, March 3.00 inches, April .30 inches, May and June 1.10 inches each, July .90 inches, August 3.10 inches, and September 4.70 inches. Our October report shows 8.20 inches through the 29th.

When adding these figures together we find that we are only 1.50 inches away from our yearly average of 27.00 inches.

Whon

By Mrs. Tom Rutherford

Our community is still being blessed with showers. We have received in the vicinity of four inches of rain here since our last news letter. For all this we give thanks.

Mrs. Doughy Avant and son, Geramie, and Mrs. John K. Steward of Brady visited with Mrs. Pearl Avant in Santa Anna last Tuesday afternoon. Mrs. Avant's greatgrandson, Geramie, who has just recently moved to Brady from Midland with his parents, Mr. and Mrs. Doughy Avant, and four years old, really does like ballgames of any kind. The family attended church in Brady. The minister in his talk said the word 'ballgame'. Geramie said, 'Did you hear that MaMa? We are going to have a ballgame!'

Mr. and Mrs. Jamie Lee and Lydia Morris of Smithville were weekend guest with his parents, Mr. and Mrs. Floyd Morris. They reported lots of rain at Smithville.

Mr. and Mrs. Graham Fitzpatrick were guest of their son, Mr. and Mrs. Don Fitzpatrick and children of Santa Anna Saturday night.

Mr. Loyd Rutherford and son, Todd, were dinner guest with us Sunday.

Mrs. Pearl Avant of Santa Anna and her grandson, Mr. and Mrs. Doughy Avant and son of Brady, were on the Avant farm here Monday p.m.

Mr. and Mrs. Tom Vinson visited Friday afternoon with Mr. Vinson's cousins, Adell Vinson and her sister, Syble Quinton, in Santa Anna. Mrs. Quinton has recently moved to Santa Anna.

Mr. Darwin Lovelady of Santa Anna visited with Alice Jane Mayfield at Lake Brownwood Thursday afternoon.

Mr. and Mrs. Graham Fitzpatrick visited with her mother, Mrs. Mary Snowden, in a Brady rest home Sunday. Mrs. Snowden is not feeling so well but, Mrs. Fitzpatrick seem to feel she may be feeling a little better than on previous visits.

Mr. Loyd Rutherford and son, Todd, visited in the home of Mr. and Mrs. John Dockery during the weekend.

Mr. and Mrs. Darwin Lovelady of Santa Anna were Sunday guest of Mr. and Mrs. Elec Cooper of Rockwood.

Mr. and Mrs. Bill Bryan of Rockwood visited with Mr. and Mrs. Tom Vinson Sunday afternoon and they watched the ballgame together.

The weekend of October 21st, Stephanie, Melanie and Alicia Lovelady of Brownwood were weekend guest with their grandparents, Mr. and Mrs. Darwin Lovelady in Santa Anna. The girls father, Mr. Randel Lovelady came for them Sunday and was dinner guest with his parents.

Mr. and Mrs. Dick Deal visited late Sunday afternoon with me for a brief time. Thanks so much for the delicious cake, Johnny and Dick. These dear ones have been so wonderful to me since I am alone and from the bottom of my heart I love and appreciate them so much. Thanks for your interest.

Guest with Mr. and Mrs. Gloyd Morris during the weekend were Mrs. Elwayne Perkins and daughter, Christi, of Grand Prairie and Mrs. Susan Alvarado and two children from the May community.

Alice Jane Mayfield of Lake Brownwood has recently visited with Mr. and Mrs. Darwin Lovelady in Santa Anna.

My daughter, Mrs. Rick (Lynda) Wheeler and daughters, Christi and Erica, came Friday night and spent the weekend returning to their home at LaGrange, Sunday afternoon. On Saturday, Mrs. Wheeler and girls, Mr. and Mrs. Hilary Rutherford of Coleman and myself drove to DeSoto, near Dallas and Fort Worth, to attend a party for my daughter, Mr. and Mrs. Bob and Patsy Smith of Abilene on their Silver Anniversary in the home of Mr. and Mrs. Art Smith. We had a very nice day and Mr. Bob Smith was very successful in surprising Patsy with the anniversary party. Everything was nice and we enjoyed the drive from here there seeing the country I had never seen before. Enroute home we stopped in Early near Brownwood and enjoyed Mexican food before coming home. We each felt the day was well spent.

We are sorry to report Mrs. Lily Fox was a patient in the Coleman Hospital several days last week. She came to her home in Santa Anna on Sunday from the hospital. But Monday morning had to be taken back to the hospital by ambulance. Sorry we have not heard from her today but seemingly she is rather ill.

MOUNTAINEERS

VARSITY FOOTBALL TEAM

Is there a relation between rain, muddy fields and offense in a football game? The Santa Anna Mountaineers think so.

In last Friday's game with Robert Lee, the Mountaineers hurt themselves with turnovers on the muddy playing field. They had six turnovers on three fumbles and three pass interceptions while falling to 1-4 in district play and 4-4 for

the season. Though Santa Anna had 7 first downs to Robert Lee's 5, Robert Lee came out with two touchdowns and a final score of 12-0.

Ramon Vasquez rushed 16 times for 70 yards. Russell Williams completed 3 of 9 passes with 2 interceptions for 16 yards.

Santa Anna will play Bronte this week on what will hopefully be a little dryer field.

JR. HIGH FOOTBALL TEAM

The Junior High Team who was open last week, will face Eden away this week for their final game.

Booster's

The Athletic Booster Club has voted not to sponsor the Ex's Football game this year. The club has alternated with Bangs, in past years, hosting the event.

The Boosters did decide to host an outsiders volleyball tournament and an outsiders basketball tournament. Plans will be finalized at upcoming meetings.

'Boosters of the Week' for the Robert Lee game were Roy and JoAnn Buse. Their daughter, Melissa, is a high school cheerleader.

Self-Exam for Parents

Most of us are so busy being parents that we rarely have the time to reflect on this important task, says a Texas A&M University Agricultural Extension Service home economist.

'Taking 'time out' for some observation and self-examination can shed new light on the job of parenting and give parents another perspective on their relationships with their children,' says Diane T. Welch, a specialist in family life education.

One type of parenting self-exam takes about a week. The first three days are spent observing your

friends who have children near the ages of your children, she explains. As you observe, check the following points:

How do these parents act toward their children? Is their attitude friendly, courteous and pleasant? Do they appear to enjoy the children and approve what they are doing, or do they appear critical, impatient and nagging?

How many parents request their children to do something or stop doing something and how many habitually order the children around?

How many embarrass their children in front of others?

How often do you see parents who show approval more often than they correct, and who seem to like and enjoy their children?

How many give orders so endlessly that a child has to develop deafness in self-defense? How many punish children for disobedience when the child fails to know which order was important enough to follow?

For the next three days of the week, observe how you and/or your spouse parent your own children, says Welch. Without changing anything about the way you normally manage your children, ask the same questions about your parenting behavior.

The final day is for thinking earnestly about what you observed in others, in each other and in yourself. Discuss whether you are satisfied with the way you are bringing up your children or whether you feel changes are needed in this important business, she says.

FFA Leadership Contest

Cisco Junior College will host the Big Country and Cross Timbers FFA Leadership contest on Saturday, November 3.

Approximately 780 agriculture high school students and teachers will participate throughout the day in seven contest areas which include Greenhand Chapter Conducting, Greenhand Farm Skills, Chapter Farmer Chapter Conducting, Chapter Farmer Farm Skills, Farm Radio, Extemporaneous Speaking and Greenhand Quiz.

Towns that will be attending from the Big Country District are Coleman, Clyde, Wylie, Winters, Ballinger, Miles, Baird, Novice, Merkel, Eula, Cross Plains, Cisco, Jim Ned, Bangs, Mozelle, Abilene, Talpa, Cooper, Trent and Santa Anna.

Towns from the Cross Timbers District are Early, Rising Star, Huckabay, Hico, Eastland, Stephenville, Dublin, May, Comanche, Hamilton, Blanket, Santo, Brownwood, Lingleville and Zepher.

Homecoming Review

A closer review of the Homecoming activities week before last revealed a few details that hadn't been mentioned.

Mae Allen Blue was presented a plaque for being the teacher from the earliest class. She taught in 1916.

Mrs. Lee McElliott of Hollywood, California, was the student from the earliest class and the ex-student who traveled the farthest. She was a member of the Class of 1920.

Memorials for the 1984 Homecoming were Grady McIver, Board Member; A. D. Pettit, Teacher; Dollie Marie Glover, Teacher; Charles F. York; Willie (Bill) Gipson; Howard McCain Norris; Doyle Nolen; Mabel Williams; Lenora Golston James; Charles Turner; W. C. (Bill) Burden; Mabel Lee Williams; Pauline Williamson Scarborough; Amy Rowe; Velma Stewardson Benton; Dawson See; Clara Gipson; Emmitt Stiles; Mrs. Dutch (Ruth) Campbell; Roy Freeman; Mary Lou Cruger; Lee Land; Pearl Abernathy; Ouida

Casey Peters; William S. Polk; James (Jim) Simpson; Tracy Renee Bengé; Minnie Jones Hambricht; and Pascal (Pat) Hosch.

Registration at Homecoming 1984 was a lengthy 176 person list with years ranging from 1916 to 1971. People came from Tennessee, California, Louisiana and all across Texas.

On the current school level, news did not reach the news office in time to note that Reece McIver was named football bean and Tammi Morrow introduced as football sweetheart for the Santa Anna Junior High at the halftime of the team's game with Eden. McIver is a fullback on the team while Morrow is a cheerleader with the pep squad.

WTU Rates Slightly Less

West Texas Utilities Company residential customers are paying slightly less than the state average for their electricity this fall, according to surveys reported by the Public Utility Commission of Texas. In September and October, WTU's standard residential rate for 1,000 kilowatt-hours was \$74.74, while the state average was over \$78, the PUC report shows. For 500 kilowatt-hours, WTU charged \$41, while the state average was \$40.41 in September and \$40.25 in October. Average monthly usage for WTU residential customers was 1,020 KWH in September 1983 and 701 KWH in October 1983.

The survey included 19 utilities, among which were 10 investor owned companies. Highest rates in the state were those of El Paso Electric Co., which charged \$98.37 for 1,000 KWH. Lowest rates reported were by the Lower Colorado River Authority, which charged \$53.09 for 1,000 KWH. WTU currently is awaiting the outcome of a rate case pending before the PUC. A settlement agreement presented to a PUC hearing examiner would raise WTU's base rates but lower the fuel cost recovery, resulting in only slight changes in the various rates now in effect. A final decision by the three PUC commissioners is expected in November.

LVNAT Installs Officer's

Division 16, L.V.N.A.T. met at the Bangs Nursing Home for installation of officers for 1984-85. Mistress of Ceremonies was Kathy Batters, R.N. from A.R.A. nursing homes. Honorary guest was Dr. J.B. Stephens, M.D. of Bangs. Entertainment was provided by J.O. Strothers and Kathleen Fitzgerald of Bangs. President Lucille Blanton lit the red ceremonial candle and presented the gavel of the president to President-elect Toni Teddle. Each new officer in turn lit their candle from the president's candle. They were second vice-president Odessa Clark, Secretary-Treasurer Radi Nicholas, Board members Lillie Lofton and Othel Egbert. During the installation pictures

were taken then all adjourned to the dining room for refreshments of home made cookies and punch served by hostess Lanna Doggit. Several new provisional members signed up. We were happy to have five from the Ranger Jr. College Nursing Class that is held in Brownwood with us. We also had other local guest that attended to wish our new elected officers well. The lobby was decorated with red and white banners for the election colors. The Ceremonial table was covered with a red cloth and a center piece of red and white flowers and red candles in brass holders. We thank Dale Woloford and the residents and staff at the Bangs Nursing home for having us. We are looking forward to our next meeting in Nov. Maybe we will see you then.

Elderly May File Affidavit to Postpone Payment of Property Taxes

Taxpayers aged 65 or over can delay payment of property taxes on their homesteads.

Elderly homeowners can qualify for the 'over-65 tax deferral' by filing a sworn affidavit at the office of the appraisal district in which they live.

If an elderly taxpayer has already been sued to collect delinquent taxes on his homestead, he can still take advantage of the tax deferral by filing an affidavit asserting age and ownership with the court in which the suit is pending.

According to Ron Patterson, executive director of the State Property Tax Board, the Texas Property Tax Code provides that, once an 'over-65 tax deferral' affidavit has been properly filed, taxing units may not pursue or initiate delinquent tax suits on the homestead as long as the applicant owns and lives

at that property.

Patterson said that forms for the deferral affidavit are available at local appraisal district offices in the state. The form should be filled out and signed by the applicant and his signature witnessed by a notary public or other official authorized to take oaths.

Patterson stressed that elderly homeowners should realize that the deferral only allows payments to be postponed, not dismissed. 'During the period of deferral, the amounts of delinquent taxes, penalties and interest continue to add up,' explained Patterson. 'Once the applicant no longer qualifies for deferral, that is, if he no longer owns or resides at that homestead, all those accrued amounts become due and payable. Taxing units at that time may sue and foreclose on the accrued delinquent taxes, penalties and interest.'

How Much Do You Know About Social Security?

Today, nearly everyone has a stake in Social Security, either as a taxpayer or as a person getting benefits. See how much you know about this important program by answering the questions below. Answers are at the end.

1. You must be at least 62 to get Social Security. True or False.
2. About how many Americans now get Social Security checks? (a) nearly 1 in every 6 persons, (b) 1 in 10, (c) 1 in 17, (d) 1 in 25.
3. How long can monthly benefits be paid once they start? (a) 5 years, (b) 8 years, (c) 15 years, (d) none of these.
4. How long must a worker have been covered under Social Security before his or her surviving children can get benefits? (a) 1 year, (b) 1 1/2 years, (c) 5 years, (d) 10 years.
5. A worker must be permanently and totally disabled in order to be eligible for disability benefits? True or False.
6. A retiree can work part time and still receive Social Security checks. True or False.
7. Someone who retires at 65 in January 1985 after paying maximum Social Security taxes each year 1937 through 1984 would have paid in about (a) \$25,000, (b) \$50,000, (c) \$80,000, (d) \$168,000.
8. How long must you work at a job before your reported earnings can count toward Social Security benefits? (a) 3 years, (b) 5 years, (c) 7 years, (d) none of these.
9. A majority of Social Security beneficiaries now must pay Federal Income tax on their monthly benefits. True or False.
10. The cost of administering Social Security is roughly what percent of benefits paid out. (a) less than 10 percent, (b) 23 percent, (c) 40 percent, (d) 55 percent.

requirements.

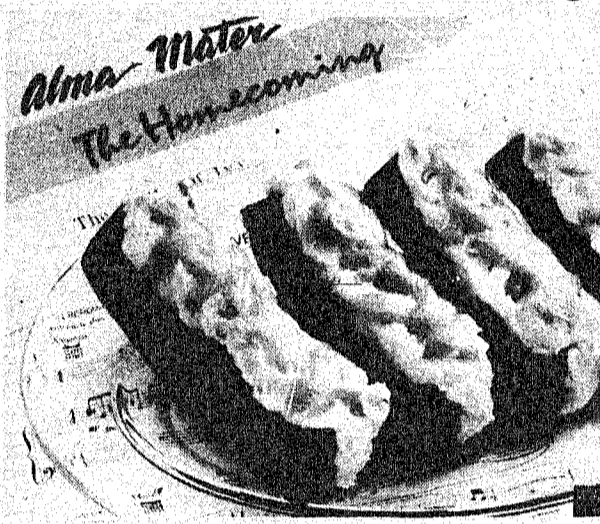

4. (b) is correct. Children can receive survivors benefits if a deceased parent had worked at least 1 1/2 years during the 3 year period before death.
5. False. A worker can be paid disability benefits if a severe impairment prevents him or her from working for at least 12 months.
6. True. In 1984, a person 65 through 69 can earn up to \$6,960 (\$5,160 if under 65) and receive all benefits. For earnings over this amount, \$1 is withheld from benefits for each \$2 earned. There is no earnings limit for people 70 or older.
7. (a) is correct. A person who paid in maximum Social Security taxes each year 1937 through 1984 would have paid in \$24,545.84 in those 48 years. And with a maximum monthly benefit of \$724, he or she would get back in benefits, in less than 34 months, an amount equal to taxes paid in.
8. (d) is correct. Any and all covered employment or self-employment can count toward future benefits. There is no minimum 'vesting' period as is true with many private pension plans. Today 9 out of 10 jobs are covered by Social Security.
9. False. Only about 1 in 10 Social Security beneficiaries, those with substantial income, must pay Federal income tax on part of their benefits. In no case, however, will over one-half of the benefits be subject to tax.
10. (a) is correct. Administrative costs are only about 1.3 percent of benefit payments.

Almost all Social Security matters can be handled by phone. Medicare questions or filing of medicare claims can be taken care of by calling toll free 800-442-2620. You may file an application to establish your eligibility by calling 915-646-7533 in Brownwood.

Homecoming To Home Cooking

'Homecoming'—a word with a host of meanings. It has the dual delight of evoking fond memories of yesterday yet inspiring enthusiasm for today's many fall festivities—the big football game, catching up with old friends, and perhaps a stroll through the old neighborhood.

Whatever homecoming means to you, it's likely that a hearty, homemade meal is an ideal way to enhance your Homecoming activities.

Here is a down home kind of meal that transforms that favorite meat and potato combo into something special for entertaining. This appealing brunch, luncheon or supper dish is easily expanded to feed as many alumni as space allows. Popular with all ages, it can be table ready just minutes after the winning touchdown!

POTATO-STUFFED SAUSAGE

- 1 pound Hillshire Farm Smoked sausage or Polska Kielbasa, cut into 4 equal pieces
- 2 tablespoons sliced green onions (with tops)
- 1 teaspoon prepared mustard
- 1/2 cup shredded Cheddar cheese
- Betty Crocker Potato Buds mashed potatoes (enough for 4 servings)

Heat oven to 350°. Cut sausage pieces lengthwise almost through to bottoms. Spread open; place pieces, cut sides up, in ungreased rectangular pan, 13x9x2 inches. Prepare mashed potatoes as directed on package for 4 servings; stir in onions and mustard. Spread over sausage pieces; sprinkle with cheese. Bake uncovered until cheese is melted, 10 to 15 minutes. 4 servings.

High Altitude Directions (3500 to 6500 feet): Increase bake time to 20 minutes.
