MOUNTAINEERS SLAYED THE DRAGONS

The Santa Anna Mountaineers had a terrific game with Bangs last Friday night beating them with a final score of 13 to 0.

Chris DeLeon made the first touchdown in the third quarter with a run of 6 yards. Ramon Vasquez made the field goal following this touchdown. A second touchdown was made by Ramon Vasquez in the fourth quarter with a 6 yard run.

Ramon Vasquez carried 29 times

for 188 yards with a 6.5 per carry average. Chris DeLeon carried 11 times for 31 yards with a 3 yard per carry average. Shelby Tuttle carried 16 times for 52 yards with a 3 yard per carry average.

Russell Williams completed 1 of 5 passes for 12 yards and no interceptions.

Doug Warnock caught 1 pass for 12 yards gain.

Ramon Vasquez had 10 tackles and 3 assists. Shelby Tuttle had 9 tackles and 7 assists. Danny Siller had 5 tackles and 5 assists. David Tucker had 3 tackles and 7 assists.

Ramon Vasquez and Ike Garza each had one pass interception.

Good work boys and good luck with Blanket this week!

Booster's of the Week

The Santa Anna Athletic Booster Club has been very busy the last few weeks.

The Darriel Warnocks were named as 'Boosters of the Week' for the Bangs game. They are the parents of senior Doug Warnock, a member of the varsity football team.

Romona Myers was chosen to head up a Spirit Committee. Serving with Romona are Cindy Tuttle and Jean Kellar. They have presented many ideas to boost Mountaineer Spirit.

A membership drive is still under

response from our patients,' Lyn Schneebaum, coordinator of the VA program said. 'We have patients who were totally withdrawn and bedridden six months ago, and now they are up interacting with the pets and the other patients.'

Schneebaum said that many elderly patients withdraw from activities and seem to lose interest in life. They may feel unwanted and useless, she said, but animals offer the patients attention, acceptance and the unconditional love that may give them a renewed purpose in life.

Animals for patient therapy were first used in the United States after World War II in a military hospital. There have only been a few published reports on the therapeutic benefits of animals since then, but most therapists agree that animals can help many types of patients, Schneebaum said.

'Anything therapists can do that involves more stimulation to the elderly or withdrawn patient will be helpful,' said Dr. Paul Baer, a psychologist at Baylor College of Medicine. 'Since relationships with pets are non-threatening, they provide an opportunity for interaction and communication without fear of rejection.'

In addition to the elderly, the VA pet therapy program has generated a response from patients in a semicomatose state, and those suffering from strokes or brain damage. In these groups, even a small response is positive.

'We have one patient who has severe brain damage and she will slowly uncurl a finger just to touch the cat,' said Schneebaum. 'This is the most positive response we have ever had from her.'

Though responses like this may seem minor, Schneebaum said they show that there is a way to reach patients who have not responded to traditional therapy.

City Council Meeting LANDFILL UNSATISFACTORY

The Santa Anna City Council met in regular session last Thursday night with a larger attendance than last month. Forty-five citizens were present for the meeting which was presided over by Carmen Donhan in the absence of Mayor Hartman.

The minutes of the previous regular meeting were approved as read.

Minutes of a special session held on August 30, 1984, at the Mountain City Community Center were read. Included in the minutes of this meeting were the acceptance of bids for insurance and increase of the tax rate.

The only bid submitted for employee major medical was from the Jerry Harris Insurance Agency of Abilene. The bid was \$20 less than the present rate for the same policy.

The only bid submitted for general liability was from the Hosch Insurance Agency.

The council agreed to go with the bids rather than renew the old policies.

In order to bring in the same revenue as last year on Santa Anna's \$10,163,170 value of taxable property, the council voted to raise the present .6095 per \$100 valuation rate to .6277 per \$100 valuation. This is a .182 per \$100 valuation or 3 percent

increase which is the maximum increase legal without an election.

Continuing on this month's agenda, a representative of Lone Star Gas requested a 6.47 percent increase. If decision on the increase was delayed, Lone Star requested a temporary increase stating that if the final decision on the increase was denial the temporary increase would be refunded. Both requests were denied by the council.

The Santa Anna Fire Department made several requests of the council. Among these were: repair of the pump on the firetruck; repair of broken fire plugs and removal of dead fire plugs; replacement of hoses on the trucks, some of which are dated 1945; and acquisition of tarps for the protection of fire equipment.

The council agreed that the pump was a necessity for the city and would be taken care of in the most feasible manner. It was announced that because of a vote at a council meeting a year ago, \$500 had been set aside for new hoses on the trucks.

Discussion was made of repair of the water crane. The city stated that they felt the reason for its malfunction was that unauthorized people had been getting water on weekend and holidays. It was further stated

that a dual set of locks requiring two keys had been installed.

After executive session, the council announced that a second officer had been hired for the Santa Anna Police Department. Bill Allen of San Angelo will begin a six month probationary period on October 1, 1984, at a salary of \$900 per month.

Notice was received this month that the Block Grant that the city had applied for had been denied. Santa Anna was rated No. 1 in the region and No. 10 in the state as far as need for the grant but, funding of this program allowed for only four grants.

News of this denial has given very little optimism for the city, who had a visit from the Texas Department of Health, Bureau of Solid Waste Management on Wednesday, September 5. The representative made a site inspection of the city landfill. The unsatisfactory report has resulted in a three month period for the city to make some noticeable improvements or have their permit pulled. The city will be desperately searching for an improvement alternative for without a place to dispose of our waste, people would be littering our streets and highways.

Before closing this meeting, the accounts payable were approved to be paid in the usual manner.

It's OK to BRAG

Last Sunday was Grandparents Day. Did you get a picture? Did you already have one? Is your grandchild special? Here is your chance to BRAG!

All grandparents are invited to enter a picture of their grandchild in the Grandparents' Brag contest at the Fiesta De La Paloma. There will be two divisions, newborn to 23 months and 2 years to 4 years.

Entries will be accepted from 7:30 a.m. to 9:00 a.m. on Saturday, September 29, in the Breeder-Feeder Building.

The picture must be an 8x10 inch size on a 10x12 mat. Accompanying the picture must be a short composition of not more than 100 words, stating why you think your grand-

child is the smartest, cutest and best entry. Name, address and age of child, and the grandparents' name and address should be placed on back of the picture.

Only one entry per grandchild. However, more than one entry per grandparent may be made.

Ribbons will be awarded to first, second and third place in each division. A sweepstakes ribbon will be awarded to 'Best of Show'. In addition, the Coleman Bank will present a \$50.00 cash award to the sweepstakes winner.

Mrs. Ted Ehrler is superintendent of this category.

Details on other events will be listed next week.

Homecoming for Years That End in 4

With the 1984 Santa Anna Ex-Student Homecoming just over a month away, final plans are being made and preparations are in full swing.

Entries for the Friday, October 20, Homecoming Parade are being sought from local clubs and organizations. Dickie Horner, second vice president of the Ex-Student Association, is serving as parade chairman and is taking entries for the event. Local businesses and organizations are encouraged to take part by having a float or decorated vehicle in the parade.

The Ex-Student Association is providing cash prizes for the winning floats that will be judged during the parade.

Already planned for the parade are decorated cars with Homecoming Queen nominees and vehicles with the Ex-Student of the Year and the Coming Home Queen honorees.

Homecoming events begin with the parade at 3 p.m. on October 19, and continue through Saturday. Classes from years ending in 4 will be honored at the annual event. Several classes are planning reunion during the weekend.

Play Area Dedicated

Saturday evening, September 7 the Santa Anna Adventist School held a dedication service and ribbon cutting ceremony for their new play equipment.

The play area was built by Pastor John Taylor of the Seventh-day Adventist Church and includes two platforms connected by a swinging bridge with a tire ladder going up to one platform and a staircase leading up to the other with a fireman's pole for quick descent. Beneath each platform are tractor tires for sand boxes. Pastor Taylor plans to add more features to the equipment in the near future.

Funds for the play area were furnished almost completely by Mrs. Othel Egbert of Bangs, Texas, who has a granddaughter attending the school.

Santa Anna Adventist School has just purchased a Texas Instrument computer for their classroom. They have plans to buy more as funds become available.

To help the students learn how to use a computer the teacher, Stephen Burton and Patsy Starr, are taking them to a class at Howard Payne University called Computers for Kids.

Police Report

A burglary of Howard's Bar-B-Que Restaurant at 1313 Wallis Avenue was reported early Saturday. Chief Russ Ellis said that entry was gained by kicking in a panel in the rear door to the building. Taken in the burglary were several dollars in change from the cash register, one new ladies wristwatch and a .22 caliber pistol. Mr. Ellis said that evidence found at the scene is being analyzed and the investigation is continuing.

A 29 year old Santa Anna man has been charged in Coleman County court with 2 counts of driving while license suspended and one count of driving while intoxicated. Chief

Ellis said he stopped the man on September 4th for running a stop sign and found that his license was suspended. Then on Friday evening, September 7th, Mr. Ellis said he chased a vehicle on Bowie St. after observing an exhibition of acceleration. The chase continued south on FM 1176 and stopped one mile out of town. The same man was found to be driving and was jailed overnight in the Coleman County Jail on additional charges of driving while license suspended and driving while intoxicated. The man posted bond and was released Saturday morning. Chief Ellis noted that the patrol car received minor damage during the chase when it struck a sign post while negotiating the turn from Bowie to south on FM 1176.

BEST MEDICINE

A soft puppy or a purring cat is often the best medicine for some elderly patients at Houston's Veterans Administration Medical Center.

Coordinators of a new pet therapy program say dogs and cats often bring a positive response from withdrawn and brain-damaged patients who do not react to human therapists.

The VA Hospital, affiliated with

Baylor College of Medicine, began using pet therapy in the nursing home care unit in January. Pets, usually eight dogs and one cat, are brought in once a week by a local volunteer group, Citizens for Animal Protection.

The pets spend two hours with the patients, in group and individual sessions designed to decrease social isolation for patients who have lost touch with reality.

America's largest domestic oil producer will formally open a new research center in Houston Saturday to provide better facilities for continuing research into problems of finding and producing oil.

Homer Garrison, Jr., Director of the Texas Department of Public Safety, said today that the Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act. Texas motorists must secure their annual inspection of their cars between September 15, 1954, and April 15, 1955.

Post Korean veterans now have three years from the date of their discharge to start Korea GI Bill training under a new law signed by the President on August 20, 1954.

Because more cattle were slaughtered this year, the nation will enter 1955 with fewer cattle than a year ago. The larger marketings are due partly to dry weather and partly to reduced interest in expanding beef cattle herds in some regions.

Propane Hotline

The Texas LP-Gas Association has established a statewide tollfree propane hotline. Now consumers, architects, builders, developers, and fleet operators have a central clearinghouse for their questions on propane, an economical energy alternative.

To obtain information, call 1-800-252-8232 between 8:30 a.m. and 5:00 p.m. Monday through Friday. Hotline operators will answer, or research questions.

By putting the hotline to work now, people have the opportunity to get information and consider making changes before the heating season sets in.

In some cases, by converting electrical systems to propane or adding gas space heating, consumers could see some startling results in lower heating costs this winter.

The hotline is a new service of the Texas LP-Gas Association established to provide information on the versatile fuel. LP-Gas (Butane and Propane) is used for home heating, water heating, cooking and clothes drying as well as for motor fuel and commercial industrial applications.

The Texas LP-Gas Association is a statewide trade organization comprised of retail LP-Gas dealers and suppliers, whose main objectives are to promote safety and education throughout the industry.

DEATHS

Mr. Dan Blake

Mr. Dan Blake, 96, of Santa Anna passed away Friday, September 7 at 5:00 p.m. at the Overall Morris Memorial Hospital. Services were held Sunday, September 9, at 2:30 p.m. at the First United Methodist Church of Santa Anna. Rev. Steve Ramsdale the pastor officiated. Interment was at the Santa Anna Cemetery under the direction of Henderson Funeral Home.

Born May 10, 1888 in Calhoun, Georgia to late Arthur M. Hassey Maxwell Blake. He had been a Santa Anna resident since 1905. He married Lucy Twyman on April 10, 1915 in Coleman. She preceded him in death on March 3, 1984. He was a

member of the First United Methodist Church and a retired plumber.

Survivors include one daughter, Mrs. Stafford (Emma John) Helm of Ft. Worth; two sons; Daniel T. Blake of Santa Anna and Wade H. Blake of Ft. Worth; 11 grandchildren and 15 great grandchildren. The grandsons were pallbearers.

MEMORIALS

Memorials to the Santa Anna Cemetery include donations by Bob Pearce in honor of Ethel Bobo and Tom Haynes, by Ruth Dodson of Coleman in honor of Tom Haynes and Pat Hosch, by Iona Caton, Ken and Coyita Bowker, and Mr. and Mrs. Doyle Evans in honor of Dan Blake.

NOM WEEK

National Osteopathic Medicine Week will be a nationwide observance during September 16 through 22. 'Osteopathic Medicine...High Tech-High Touch' is this year's NOM Week theme.

More than 20,000 osteopathic physicians (D.O.'s), 200 hospitals, and 15 medical colleges will utilize this theme in a special tribute to the profession. NOM Week enables participants to get the word out through health fairs, demonstrations, open houses, etc., that the D. O. is a complete physician, fully trained and licensed to practice medicine in all 50 states.

'High Tech-High Touch' medicine insures the patient that the best in medical and surgical services are offered to them, along with a personal touch from the holistic training the D. O. receives.

Traditionally, the profession has emphasized individual and family care, which is why nearly 75 percent of all D. O.'s are family doctors and more than half practice in communities of less than 20,000.

Osteopathic medicine is a system of total health care which emphasizes the interrelationship of body structure and function. It is acknowledged to be a separate but equal health care system in the U.S. today, using all diagnostic and therapeutic modalities known to modern medicine.

Established in 1980, NOM Week has been jointly sponsored by the American Osteopathic Association, the Auxillary to the AOA, and the American Osteopathic Hospital Association.

NEWS NOTES

Janie Hernandez will celebrate her birthday September 13th along with her great aunt, Mrs. Dave (Mary) Shields of Santa and twin sister, Mell of Cross Plains.

Loyd and Udell Fowler of Dallas spent Sunday and Sunday night with Mrs. Bessie Parish.

Mrs. Betty Lewis of Santa Anna won \$100 in merchandise on September 7, 1984, in Affiliated's 39th Anniversary Drawing.

The Adventure Camp Fire Group had an exciting evening Saturday at the Carnival. The girls were each given a new T-Shirt to wear that had their group name 'Squanto' on it. This means Indian Adventurer. Each was assigned a working station and we are proud to say they filled them to the best of their ability and with pride.

It's that time of the year again. There will be a meeting September 13 at 12 noon, Thursday at the Gallery Restaurant. Lunch will be Dutch Treat. The primary purpose of this meeting is to plan the annual countywide banquet, therefore be thinking of some good ideas for a program. Also, our new Home Economist, Agnes Taylor will be present to meet everyone.

We are looking forward to seeing everyone.

DAVIS-BERTONI WED

In a double ring ceremony on August 25th, Dylinda Sue Davis became the bride of Terry-Lee Douglas Bertoni.

The ceremony at Coleman Community Baptist Church was officiated by Rev. Paul Smith.

The bride, who wore a white lace gown adorned with white satin ribbons and white heart shaped pearl buttons, was given by her grandfather, Rev. John Collins of Dallas.

Wiley-Simmons Vows Exchanged

Marriage vows were exchanged on September 1, 1984, between Kelly Wiley, daughter of Mr. and Mrs. Frank Bonner of Hico, Texas and Michael L. Simmons, son of Mr. and Mrs. Earl Simmons of Santa Anna. The wedding took place in

Stephenville where the couple had been attending Tarleton University. The bride was an August graduate of Tarleton with a Bachelor's Degree in computer science. They will be making their home in College Station while Mike is attending A & M University.

Smith Harris Reunion

Sixty nine relatives and friends gathered at their usual spot in the Coleman City Park for their annual reunion. The young ones are out numbering the older ones now and it is so good to see the latest great grandchildren. It is also good to see some of the older ones or those who have been ill, especially the ones we were afraid wouldn't make it. Some did not. We missed Blanche Harris of Santa Anna and Alma Harris and her family of Brownwood. Also absent were 'Dub and Thelma Box from Crane. Dub has been getting radiation therapy and was not up to the trip, but Vernon Watson from San Antonio was there despite a very recent serious illness and that sure helped make the day.

Each family came laden with covered dishes of the most delicious food enough to have fed three times as many persons as were there, and since this is often the only contact between many of the family groups during the year it is a treasured experience on Labor Day Sunday, this year September 2nd. Lila and Bob White of Odessa were present along with their daughter and son-in-law, Lewis Jordan of Cloudcroft, New Mexico. Lewis will be teaching Music at the University of New Mexico at Alamogordo this year after having retired to his mountain home near High Rolls. Their son, Terry, wife, Darlene, and baby, Jennifer of Midland, and their daughter Dawn and husband, John of Ft. Worth were also present. Lorena and Noah Stacy of Rankin attended, as did Kenneth and Phyllis Stacy of Graham, along with their

The bride's attendants, who wore pink lace gowns with bustle backs and satin ribbon waists, were Vicki Paugh of Sunnyvale, Texas, sister of the bride, and Kay Cooper of Santa Anna, cousin of the groom.

Twins, Amy and Michael Stiles of Coleman were flowergirl and ringbearer. Amy wore a dress with white lace top and sheer pink pleated skirt. Michael wore a light blue suit.

Standing in his own shining light was the groom in a solid white tuxedo with tails. In black tuxedos were the bestman, Joe Bertoni of Santa Anna, father of the groom, groomsmen, Larry Tillman of Coleman, and ushers, Mike Krebs and Emmitt Stiles both of Coleman.

Watching over the guest book was Kathy Loyd of Mozelle, cousin of the groom. Providing the organ music was Ann Smith of Coleman.

The reception in honor of the couple was held at the Coleman Country Club.

A table set up after the receiving line was filled with various sandwiches, cheeses, crackers and coffee.

The bride's table had a two tiered wedding cake surrounded by two heart shaped groom's cakes. On one side of the cake was a champagne fountain, on the other was a punch bowl of sherbert punch.

The bouquets decorating the table where the wedding party was seated were made up of red roses, pink and white carnations.

After the traditional toasting, throwing of the bride's bouquet and groom's garter, and a dance the couple left for a brief honeymoon at the Holiday Inn in San Angelo.

Special guests were Mr. and Mrs. James Taylor and family of Azle, Rev. and Mrs. John K. Collins of Dallas, Mr. and Mrs. Louis E. Paugh and family of Sunnyvale, Texas, Mr. and Mrs. Joe Cervinka of Coleman, Mr. and Mrs. Arvill Burnet of Blanket, Mr. and Mrs. Ernest Taylor of Santa Anna, Mrs. Ernestine Brooks, Mrs. Kathy Loyd, Mrs. Brenda Crosso and Mrs. A. C. Tillman.

Jay and Terry. Their younger daughter, Sue and Pat Napier with their two children, Beth and Davis came from Round Rock.

Blanche Watson, the youngest of the five of Henry and Maude Smith daughters, came with her husband from San Antonio. With them came their son Tommy, wife, Barbara and children Shawn, Dee Dee and Christi.

Smith cousins attending were Agnes Lovelady of Ballinger and Carl Alexander of Abilene. Both were the children of two of the sisters of Henry Smith.

The Harris family were represented by Noble and Bette Harris, son of the late D. J. Harris and they brought Sadie Adamason, cousin of Maude Smith. They all live in Abilene.

A precious former daughter-in-law, Oleta Priest and husband Weldon of Santa Anna also blessed the group with their visit.

Candidate for Queen

Delores Maldonda, a candidate running for Queen in celebration of Mexican Independence Day, September 16th has chosen Joe Paul Hernandez for her escort.

Delores is a student at Brownwood and lives with her mother.

Joe Paul has lived in Santa Anna 5 years. He was raised in Florida. He also lives with his mother, a Santa Anna native, Dorothea Shields Hernandez.

The event is held at Brownwood at LaPaloma Ballroom, sponsored by Mary Ramos. The contest will be held this year on Saturday night, September 15th. Anyone can buy a raffle ticket from Joe or his family at 1207 Bowie Avenue. Each ticket counts as one vote. Among the prizes is a beautiful stereo, a ceiling fan and other prizes.

4-H Recruits Make Plans

The Santa Anna 4-H Club met Monday, September 3, at the First Presbyterian Church. Approximately 19 members enrolled at the first meeting and listed the projects in which they were interested. They were assisted in the process by the assistant home demonstration agent, Brenda O'Bannon.

A list of project areas for the upcoming year was presented. They include foods and nutrition, clothing, photography, livestock, livestock judging, horse, horse judging, dog care, methods demonstration, wildlife, automotive, horticulture, meat identification, entomology, shooting sports, child development, personality development and career exploration.

Plans were made to erect a sign between Santa Anna and the county line welcoming people the Coleman County. Other plans were discussed in relation to the coming year.

Anyone wishing to enroll in a project area or any adult wishing to

help with 4-H in any capacity are urged to contact the extension office at the County Courthouse or Montie Guthrie at 348-3826 after 6 p.m. Enrollment of children in project areas needs to be completed as soon as possible.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks. The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2% for The University of Texas System and 1% for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin. House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explanatorios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podra obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Whon

By Mrs. Tom Rutherford

We in the Whon Community did not receive any rain the Labor Day weekend but Hornecreek came down good and the Colorado River also came down around 6 feet. So somewhere rain fell. But, we still remain in much need of rain.

My daughter, Mrs. Bob (Patsy) Smith of Abilene spent Wednesday and Thursday night with me. A son, Loyd Rutherford was here with us some also.

Our community was saddened the past week when we learn Mrs. Granvil (Mary) Hept of Eldorado had passed away. Seems from the report I learn she may have passed away in her sleep, her husband discovered she was gone around 3 a.m. Wednesday. Services were conducted at the First Baptist Church in Eldorado, Friday at 2 p.m. Burial followed in the cemetery there. She was survived by her husband, Granvil Hept, a daughter, Diane and a son, Butch. Possibly grandchildren and several sisters. Mr. and Mrs. Granvil Hept and children were former residents of our community. For several years Mr. and Mrs. Hept have operated a grocery store in Eldorado. Our deepest sympathy to the bereaved family and loved ones.

I was in the yard recently when Mr. Jodie Deal saw me and stop and talk with me a short time. Thank for stopping Jodie, from your busy schedule and for your encouragement. Jodie was enroute to see his parents, Mr. and Mrs. Johnny and Dick Deal before getting involved with the duties of the day.

Mr. and Mrs. Floyd Morris spent the Labor Day weekend with their son, Mr. and Mrs. Jamie Lee Morris at Smithville below Austin. They reported a wonderful time and it did rain there while they were there. Mrs. Morris reports returning home they came by way of Buchanan Lake and she say that lake is very low on water.

Mrs. Amon (Darla) Otts was with her parents, Mr. and Mrs. Lewis Barker in Coleman a few days the past week while her husband Mr. Amon Otts was transacting business in El Paso.

Jeffery and Jennifer Morris of Santa Anna cooked their grandmother, Mrs. Jamie Morris a birthday cake. They with their mother, Jacky and John David Morris of Santa Anna, came down Sunday and all celebrated Mrs. Janie Morris birthday.
