Founder of Hospital Honored With Birthday Celebration

The several churches in the Gouldbusk community, joined by the community in general, held a community service in the Methodist church last Sunday, honoring, Dr. T. Richard Sealy, founder of the Sealy Hospital, in honor of his birthday, which is Saturday of this week, February 29th.

The house was filled to overflowing and the community made a number of donations of needed supplies for the Hospital. Dr. Sealy was invited to attend the services, which he did, accompanied, by his wife and daughter. At the proper time, Dr. Sealy very feelingly expressed his gratitude for the honors conferred upon him, and further pledged his services to sufferers who were brought to his institution for medical and

surgicel aid. A large number of patients from the Gouldbusk community have been treated in the Sealy Hospital, and the people in the community just felt it in

Supervisor of district number fourteen of Texas Old Age Assistance Commission. He is from Brady. Orville S. Carpenter, executive director, appointed Trigg recently. District head-quarters are at Brady.

McKINNEY: "It pays to have a hotbed in which to start the vegetables which require a long growing season," Mrs. Dona Lee Carroll, sponsor of the White Rock 4-H Club in Collin county, said.

Last year she had a tomato patch of 250 plants, and gave several hundred plants to her neighbors. All these plants grew in Mrs. Carroll's hotbed. From her patch, she canned 107 quarts of tomatoes, and made 32 pints of-relishes and catsup.

At one time, she harvested 10 bushels of green tomatoes and gave away several bushels beinsides. Mrs. Carroll is now rebuilding her hotbed in which to start her plants this year, according to a report of Helen Dunlap, Collin county home demonstration agent.
