Methodists Welcome New Pastor

Claude W. Davison will assume pastorate duties of the First United Methodist Church of Santa Anna and will hold his first service in the church this Sunday, June 15.

Davison will be replacing Stephen Ramsdell, who, with his family, is moving to his new assignment at Ovilla, near Dallas. The Ramsdells have served the Santa Anna Church for 21/2 years.

Claude W. Davison was born and raised in the parsonages of the Methodist church in North Central Indiana. The Rev. Mr. Davison's mother and late father were both ordained elders in the United Methodist Church.

Rev. Davison attended Kendall Junior College, in Evanston, Indiana in 1952 and served as an Air Evacuation Medic in the U.S. Air Force from 1952-1956, serving in the Far East and the U.S. While serving in the Air Force, Davison directed or sang in Base Chapel Choirs in the U.S., Japan, Korea and the Philippines.

While stationed at Hondo Air Base, Hondo, Texas, he met and married Jacqueline Nehr in August 1956. The Davison's have two children, a daughter, Laurie, who is 20 and works as a Deeds Research Specialist in the Tarrant County Court House in Ft. Worth; and a son, Kendall, 16, who has just finished his sophomore year at Killeen High School. Kendall enjoys playing the trombone, basketball and fishing.

Claude W. Davison

Mr. Davison returned to college following his tour of duty in the Air Force and received a Bacahelor of Sacred Music Degree from Illinois Weslyan University in 1959 and a Master of Sacred Music Degree from the Perkins School of Theology

and the School of Music at Southern Methodist University in 1961. He also completed further theological studies at Perkins in the summers of 1968-69 and was ordained a deacon in 1968 and an elder in 1970.

Davison served in the Ministry of Music full-time from 1961-1971 in Beaumont and Waco. Since 1971.

Rev. Davison has pastored congregations in Hewitt, Waco, Hillsboro, Arlington and Ft. Worth, and now moves to Santa Anna from the Harker Heights and Nolanville congregations.

Mrs. Davison (Jacqueline) attended Southwest Texas State University in San Marcos one year in 1955-56 prior to their marriage. She received her Bachelor of Science degree in Home Economics from Lamar University in Beaumont in January 1965 and has worked in department stores as a clerk and at the Methodist Home in Waco as a Home Management Aid. In Ft. Worth she received schoolilng in Real Estate work, receiving her license in 1984. After moving to Harker Heights, she has been with Reality World.

Jackie's enjoyment comes from her family. She is also excellent in handcrafting, tole painting, and refinishing furniture. Rev. Davison says she is truly and the heart and soul of her family.

Rev. Davison's recreational activities revolve around music. For the past four years he has been a member of the Schola Cantorum of Texas, a choral group based in Ft. Worth, Texas. He has sung with this group on concert tours of West Germany and Austria in 1983, and the Kennedy Center in Washington, D.C. in 1985. Rev. Davison also enjoys being involved in the activities of the communities where he serves.

TECAT Results

Teachers 100 Percent

Teachers in the Santa Anna Schools have demonstrated that they are indeed literate professionals.

Reports of the TECAT results show that 100 percent of the Santa Anna teachers passed the Texas Examination of Current Administrators and Teachers on March 10, 1986.

Statewide 96.7 percent of all teachers passed the test.

'Other Coleman County schools results were: Coleman ISD, 98.5 percent passed; Talpa-Centennial ISD, 100 percent; Mozelle ISD, 100 percent and Novice ISD, 94.1 percent.

Santa Anna Superintendent Gerald Brister says, "the test only confirmed what I had already known about the local teaching staff." He was confident from the beginning that they would score high and he was very pleased with the 100

Emergency Management **Needs Help**

Emergency Management is a group formed of local volunteers who will, in case of a disaster, assist in all emergency operations in our

As we all know, a tornado or other disaster could strike at anytime without warning, and the Emergency Management Team is taking steps now in the event that it could happen in Santa Anna. The Team is asking for the community's support in purchasing needed equipment and supplies. This equipment consists of an Emergency Waring System that should be heard all over town. Other types of equipment needed are radios (to be used by weather watchers and volunteers for search and rescue), first aid kits (for aid stations and search and rescue), portable generators (to be used at **Emergency Operations Center, Aid** Stations and Disaster Shelter), fire extinguishers, cots and blankets.

The Emergency Warning System is of the main concern to the Emergency Management Team as is the need for communication between volunteers, during weather watching and during search and rescue efforts. The Emergency Management Team is asking for donations to be used toward the purchase of the equipment that is needed. Equipment needed includes the following: A new Emergency Warning System, \$4200; Radio Equipment (used), \$1500; First Aid Kits (new), \$500; Fire Extinguishers (10 new ones), \$400; Portable generators. still checking for prices; and Cots and Blankets, stil checking for prices.

Donations may be made to the following: Emergency Management, Box 1001, Santa Anna, TX 76878; or by Direct Deposit to the Emergency Management Fund, Santa Anna National Bank.

Anyone interested in becoming a volunteer for search and rescue, please contact Eddie Paul Voss at 348-3373. Anyone interested in becoming a weather watcher, please contact ."mmy Eisenhower at 348-3153.

Republicans cast 40 votes for Davidson for Lt. Governor and for Bullock. For Land Commissioner, Anderson received 31 and Yarbrough, 16. Fox outpolled Henderson for Railroad Commissioner 24 to 21. Locally, there were 30 votes cast in the Democratic races and 11 for the Republicans.

Cowboy Camp Meeting June 20-29

BY GEORGE AND LUCY HAVENS

We invite you to our twentieth annual Cowboy Camp Meeting, at the Flying H Acres, located on Highway 84. between Coleman and Santa Anna, June 20th through 29th, and we trust that you will round up the family and kids, friends, and any maverick thay you may run across and head out this way. Our desire is to meet you "at the crossroads." In Matthew 7:13, 14, Jesus spoke of the two WAYs: the broad way that leads to destruction and the narrow WAY that leads to Life everlasting, and our endeavor, as always, has been to be trail blazers and pathfinders. showing men how to get to Heaven and how to salvage their lives before they get to the "end of the trail." 1986, our Texas' Sesquicentennial, is an appropriate time to remember our pioneer forefathers, who settled this untarned and rugged land. From among the God-fearing frontiersmen came preachers and missionaries, who brought revival and built churches to show people the Way to Heaven; much of their success can be attributed to the significant role that the Camp Meeting played in producing the revival spirit which helped shape the course, the WAY, of this newly developing nation and state.

Sales Tax Collections Take Fall

AUSTIN-State Comptroller Bob Bullock recently confirmed that a downward slide in sales tax collections last month confirmed that the energy collapse has spread to other sectors of the Texas economy.

Bullock said there was a 4.4 percent falloff in sales tax collections in May compared to the same month a year ago.

"The downturn in oil has finally set in motion a wave that's soaking the rest of the Texas economy, Bullock said. He said collections in May this

year amounted to \$438.4 million spaced to \$458.7 million for the ame menth last year. Bullock said the \$30,3 million drop

res due to declines in retail sales.

Last month, he said, taxes attributable to retail sales were up 10.9 percent while May's collections

guitar. Tommy and Cleo Justus, who have often furnished m; usic at the camp, will be with us the entire Meeting, as well as other well-known and talented singers and musicians. Old-time prayer meetings and youth and children services will be at 7:15 each evening.

Camp Meeting means sweet fellowship and association with other campers, and many come back year after year to enjoy the blessing of an unstructured and informal atmosphere. In the evenings at 6 p.m. the campers get together for a pot-luck supper, and then on the two Saturdays, June 21 and June 28, the whole area is invited to come to the chuck wagon suppers, under the cook tent: here the old woodburning cook stoves are still used in cooking and warming the vittles: the sour dough biscuits, the "creek bank coffee," etc. The Camp furnishes the barbecue, the biscuits, the tea, and coffee. The local people, who join us, may like to bring a salad, vegetable,

or dessert to add to the fare. Everyone loves the after service bonfire, where we gather around to sing and pick the guitar and listen to group singing of the old hymns of the faith and cowboy ballads and songs of patriotism for out state and country.

Come by and visit us. You will enjoy musing over the items of historical interest. The latch string is out! And, please pray for us and the 1966 Camp Meeting.

June Rainfall

Thoughts From Our Pastors

By John D. Stanislaw

Pastor of First Baptist Church

EVERY FATHER SHOULD BE

IN CHURCH THIS SUNDAY!!! For

sure every Father that is a Christian

should be and it wouldn't hurt a non-

christian Father either. In the

Church I pastor there are some

children's Fathers who never set

foot in Church. I believe that if for no

other reason than to be supportive to

that child while he is worshiping his

God, a Father ought to be there. It is

poor judgment to be supportive in

everything else to your child and not

supportive in spiritual matters. I

believe the Bible teaches that man is

a trinity (body, soul, and spirit).

Therefore, the spiritual part of a

person needs nourishment too. This

makes a complete person and if you

are like me you want your child to be

Secondly, I believe the Bible

teaches that the Father is the

spiritual leader of the family. And

God holds every Father responsible.

However, I am thankful for every

Mother who has had to fill the

spiritual leadership role, because of

weak spiritual leadership on the

Father's part. If a Father is going to

be the spiritual leader that God

complete in every area.

About letters

Letters to the editor are welcomed. Those that are timely, deal with subjects of general interest, are not longer than 250 words, are signed by the writer with his or her address and telephone number, and do not violate libel law and standards of good taste will be printed. Longer letters will be considered as space permits. Letters should be typewritten if possible, but handwritten letters will be accepted if legible. It is our policy not to publish letters when the timing of publication would prevent possible rebuttal through this vehicle on issues presented, nor letters on subjects already thoroughly discussed here recently. The newspaper reserves the right to publish, edit or reject any letter to maintain these standards. Opinions expressed in the letters are those of the writer, and publication does not imply agreement, necessarily, with the opinions of the newspaper's management. Deadline for consideration each week is noon Friday for publication in the next edition. Write Letters, Santa Anna News, Box 399, Santa Anna, Texas 76878.

We, the Coleman County American Cancer Society Chapter wish to thank all of the folks in Santa Anna who have contributed to the 1986 American Cancer Society

The dollars you gave could be instrumental in the research needed for treatment to cure you or your loved one tomorrow.

We appreciate and thank Mrs. Ruby Hartman very much. Mrs. Hartman and her workers, Gladys Barnes, Doris Harvey, Mrs. Bryan Gilbreath, Mary DeLeon, Ollie Pembroke, Mrs. W. F. McCarey, Bessie Parish, Iona Moore, Mrs. Lee Ray Huggins, Pearl Wilson and Lena Guthrie, made it all possible and a great success. Mrs. Hartman was assisted by Jewell Hosch.

We also appreciate and than Juanice Norris and Wm. R. Brown for their work in the Liberty and **Buffalo Communities.**

We appreciate all your efforts toward the Cancer Crusade; also thank you for your friendly attitude, it makes our part much easier.

Santa Anna's contribution to the 1986 American Cancer Crusade was \$1132.00. The Business Contribution was \$254.00 and we are very grateful for their part.

Our goal for 1986 is \$12,000.00. We are still a little short, so if we have missed you, or you wish to make a memorial contribution, please do. We would appreciate it very much. -Sincerely,

Vic Cardinas Glen Cove Rt. Coleman, TX 76834

Culpopper Visitors

Clifton Culpepper of Dumas, brother of Lacy Culpepper of Santa Anna, came for a visit on Thursday and stayed until Tuesday morning, when he returned home. Clifton and Tommy took Lacy for a radiation treatment on Monday at Temple. Lacy Culpepper will be in the hospital until possibly Friday. Mrs. Culpepper reports that he is not doing very well.

Deaths

Wilbur L. Nabours

Word was recently received of the recent death of a former Santa Anna resident, Wilbur L. Nabours, on Saturday, May 17, 1986, in Marlow, Oklahoma

His parents were the late J. D. and Molly Nabours. He was married to his wife, Sue, in 1939 in Marlow.

Mr. Nabours attended the Santa Anna schools graduating with the class of 1988, and attended Randolph Junior College in Cisco. He was an engineer, being employed by firms in Nacogdoches, Crane and Marlow before retiring as a stock farmer.

Survivors include bla wife; and several nieces and nephews. A brother, Morris, preceded bins in wants him to, he needs to be in church where he can receive spiritual nourishment.

Thirdly, to be a good example to the Future Fathers in our nation. The purpose of some lodges and organizations is to make better Christians and church members. Yet I see some of those members who are Fathers never set foot in Church. And that's going against the purpose of those organizations. What does that say to that child? HYPOCRISY! CONTRADICTION!

And Yes, I know that the Church is full of hypocrites. However, that doesn't excuse a Father or anyone else for not being supportive to their wife and children. You have hypocrites in every lodge and organization. Matter of fact, God may be calling you to be an example in some church to the hypocrites, and Fathers.

So I hope every Father reading this will join me in being in Church this Sunday. Let's be an example. Then we can rightly be honored as Fathers this "Fathers' Day"...."as for me and my house, we will serve the Lord." (Joshua 24:15)

Earl McClintock Reunion

Memorial Reunion was celebrated at Williams Waterfront Resort, Lake Buchanan, Texas May 23 through May 26, 1986.

Sixty-four relatives and friends attended and enjoyed various activities including swimming, fishing, golfing, games, visiting and exploring the areas around the lake.

Activities for the weekend were begun at 1:00 p.m. on Saturday with a luncheon. Joyce Leffingwell welcomed those attending the reunion, especially the ones attending for the first time. Special recognition was given to Lena McClintock as being the oldest family member in attendance and the Nickerson family was recognized for traveling the greatest distance to attend. A bigh "Thank You" was extended to Yvonne Walls for the newsletters she prepares throughout the year to keep everyone informed.

A large number of nieces and nephews of the late Earl McClintock attended from throughout the state. They extended an invitation to everyone to attend their McClintock reunion to be held at Point Comfort. Texas on June 28.

Billy Scott gave the invocation prior to the serving of the luncheon

and everyone enjoyed an afternoon of eating and visiting in the beautiful recreation hall, and swimming in

the pool nearby. On Sunday morning, family and friends gathered in the recreation hall for an informal church service. Jesse Walls opened the service with the invocation and Evelyn Scott gave a lovely and inspiring devotional. Billy Scott and Becky Widner led the singing of the old time gospel hymns. Special music was provided by a trio consisting of Glenna Nickerson, Becky Widner and Arlena Nelson.

Lyndon Haynes gave the benediction at the closing of the service. Immediately following the service, a large brunch was served by Nick Nickerson and Gary Nelson.

Again on Monday morning, the team of Nickerson-Nelson prepared breakfast for everyone. We really appreciate the culinary talents of these two men

Plan were tentatively made to have the reunion at the same place next year with the date to be changed from Memorial Day Weekend to sometime in June.

Those attending the reunion were: Lena McClintock and Earlene Scott of Santa Anna; Joyce Leffingwell,

June Dairy Month Safety Tips For Milk

You, as a consumer, have a responsibility in providing your family with the safest and freshest

food possible. Poor handling of milk and milk products, on the way home from the store or in the home, not only shorten the shelf life of products by reducing freshness, but can pose safety problems.

The dairy industry takes great care to insure an abundant supply of fresh, wholesome milk and milk products is available to consumers at thousands of retail outlets. However, the consumer has a role in keeping milk and milk products fresh and safe for home consumption.

Here are a few simple tips to help insure wholesomeness in milk and milk products.

IN THE STORE

-Shop only at reputable dealers and retail outlets that comply with local laws and food safety regulations. -Pick up perishable items like

milk and milk products as you get ready to check-out. This way they stay refrigerated the maximum amount of time.

-Carefully check the package. Has it been opened? Is it damaged, thereby exposing the product to air, light, or heat?

-Take a moment to look at the contents of the package. How does the

product look, smel, etc. -Check the date on the product to

Orioles Finish In 2nd Place US 67 To Be The Santa Anna Orioles downed

the league-leading BAngs Braves 8 to 5 last Friday night in Santa Anna. The win puts the Orioles in a first place tie with Bangs; but a loss the following Monday night, 16 to 9, to the Coleman Cubs dropped the Orioles into a second place finish. The Orioles finished the season with an 8-4 record.

James Hartman was the winning pitcher against the Braves, fanning 16 batters. The Orioles did their damage in the first inning getting 5 runs on 4 hits. They never trailed. James Hartman doubled and Luis Padilla, Byron Dowdy, and Junior Garza singled for the Orioles.

The Orioles comitted too many errors on Monday night helping the Cubs cause. Luis Padilla was the losing pitcher. The Orioles hit the ball well but couldn't overcome the errors. James Hartman had 2 singles, Luis Padilla a double, Alex Frausto,

that time.

Salvador Perez, Alonzo Hernandez, Wesley Baugh and Dennis Absher all singled for the Orioles. The All-Star Team will be an-

nounced on June 23rd. Orioles making the team will be announced at

Ladies Softball

Others

playing on the team are Linda Morris. Billie Rae Diaz and Josie Pena. The team is coached by Joe Hernandez, assistant coach is Gary Morris and Base Coach is Lee

Wristen. The Outlaws are sponsored

by Joe Hernandez and Laddie and

Mary Hernandez. Coach Joe Hernandez says "The girls put a lot of heart into the game and have a lot of spirit."

The Outlaws next game will be next Tuesday, June 17 against the Coleman Babes and will be played in Coleman at 7:00 p.m. Everyone is invited to attend the games and cheer the teams on to victory.

Resurfaced Like the clean, blank slated that

give students a fresh start on the first day of school, two highways in Santa Anna and Brownwood will also present smooth surfaces this

Resurfacing equipment will spend the summer in Santa Anna on US 67 from near Sealy Street to Farm-to-Market 1176, and in Brownwood on two segments of Austin Avenue (FM 2524), from Texas 279 to US 377, and from Idlewild to Phillips Drive.

The work, scheduled to begin in early July, will be performed by Reece Albert, Inc. of San Angelo, under a \$242,448.80 contract awarded by the state highway commission.

Workers will lay a fabric underseal, a layer of nylon-like material that protects the roadway from cracks and moisture damage. Then they will apply a seal coat treatment to provide additional protection, and will resurface the highways with a mixture of rock, sand and asphalt.

Besides preserving the three miles of roadway, the project will provide a smoother ride and offer more skid resistance for a safer trip.

Funds for the resurfacing project are available from increased motor fuel taxes and vehicle registration fees, approved by a special session of the Legislature in 1984.

Children Need Practice, Not Preaching, To Learn Safety

Practice, not preaching, helps children learn safety. Many adults unwittingly allow their children to face danger in daily life without giving them the right kind of training, says a safety engineer with the Texas Agricultural Extension Service.

"Because children don't have the mental capacitities of adults, they must be taught in a manner that accounts for their limitation," says Dr. Gary Nelson. "Child education experts agree that young children generally must experience their lessons-not just hear them. So, if children are to learn safe methods, we must help them practice what we preach," Nelson emphasizes.

Children must be taken by the hand and shown how to do things safely, says the safety specialist. Then they should be observed to be sure they follow through when alone.

Practice, as a way of teaching, should be used to help children properly handle childhood dangers related to traffic safety, fire safety, climbing safety, proper behavior around animals, and safe use of toys. As children grow, also show them proper use of hand tools, safe use of kitchen appliances, and precautions with yard equipment.

Educators explain that demonstration saves children a big step in the mental process, Nelson points out. To follow verbal directions, children must interpret abstract words, which are mere symbols for actions, ideas and things, and apply them to the real world. Imitation, on the other hand, allows children to bypass the interpretation stage and match their action with the action seen or practiced.

With Texas

The state's hard-hitting new antilitter slogan is gaining popularity, even among tourists, according to Texas experts on tourism.

"Don't Mess with Texas" is a different approach to getting people to stop littering. And it's gotten a lot of publicity in recent weeks. Some Texans were fearful that visitors to the Lone Star State would think the welcome mat had been pulled in. Not to worry.

"We've reached the conclusion that most tourists think it's clever," said Tom Taylor, director of the Travel and Information Division of the State Department of Highways and Public Transportation, Taylor's division is responsible for the 12 Texas tourist bureaus throughout the state. Each year, some 3.2 million visitors pass through the tourist bureaus.

"We've talked with our travel counselors, and they tell us that outof-staters appreciate the campaign. They've noticed the trash along the roads, and they're glad to see we're finally getting serious about the problem," said Taylor.

Larry Todd, executive director of the Texas Tourist Development Agency, agrees with Taylor. "People I've talked to from other states really like the 'Don't Mess with Texas' approach. They feel like only Texans can get away with such a bold, brash approach because it fits our image. We're known throughout the world as a friendly bunch that's proud of our heritage and protective of our state."

During the Sesquicentennial year, Texas is expecting to attract 20 percent more tourists than last year. Tourism is one of the largest income producing industries in the state.

THE STATES PATCHWORK QUILT PARADE

A QUILT FOR SOUTH DAKOTA

The Chief Surely this is a modern quilt, artistic, daring, almost futuristic in design. Because the slender pointed pieces of flame and navy stand like slender feathers, and because the assembled blocks do suggest an Indian blanket, we dedicate the Chief to South Dakota with its vast, sheltering reservations for these

"first American families." A single block is sketched below, showing how the side strips make and join the center pieced oblong. All blocks must be identical, dark blue in the lower left and upper right corners with flame oppos al rows with each alternate ed half way, the offect is

Blocks finish 9 inches square, so you will need 90 of them to make a top 81x90 which is a favorite size.

For this allow five yards of cream or white or pale gray blue if you prefer. Two yards each of flame and navy

with three of tan will also be needed.

Fannies Funnies

BY FANNIE GILBERT

Meet me at church next Sunday! Don't knock and kick and scream and slap at everybody on the map, But do push and pull and boost and baoom and use up all the standing room at church next Sunday.

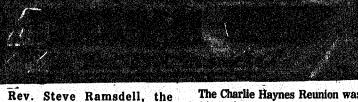

When people get too busy to attend their church, they are just too busy.

Old deacon Horner, he sat in a corner, as the contribution plate went by. Sweetly content he dropped in a cent and said, "What a good churchman am I!"

Be not simply good, but good for something.

Someone has noted that there are four kinds of bones in every organization: WISHBONE-who spend their time wishing someone else would to the work: JAWBONEwho do all the talking but very little else; KNUCKLE BONE-Who knock everything anyone tries to do; and BACKBONE-who get under the load and do the work.

June Is Dairy Month

is a time for reflection on where we nutrients in dairy products conare and what we in the dairy industry can do to plan for a strong economy according to Felton Martin, local dairy producer of AMPI, Western Division.

"It is no secret that agriculture is going through difficult times. That includes the dairy industry. We are forced to make decisions about our business because of over-production in the world market as well as throughout the United States," Martin said. "Dairy farmers across the country are working together in a promotion program.'

"We had some good news last month: total milk consumption was up 3.7 percent in 1985, over 1984. Butter consumption increased 3.7 percent and cheese increased 3.8 percent. Fluid milk was up 1.5 percent. Calcium in milk, cheese and yogurt is a strong plus for dairy products," according to Martin. "I personally feel good about producing a product that makes such a positive effect on people's health," remarked Martin. "We in AMPI are proud of our

education program. It includes nutrition units that are placed with teachers to help them teach their students the value of a balanced
