## Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

### A WALKING FISH !!!

That's just what we mean. Over the week-end a man came in the office and requested us to print some gummed labels for him to stick on jars containing walking fish. He called them "Walking Catfish" and, at first we were under the impression that he was only kidding and we passed it off as a joke. However, he went and got the fish and actually showed it to us.

During our short term as a newspaper editor we have seen a lot of things and heard of a lot more, but never before had we seen a walking fish. There is a possibility that we have heard of them before, but if we did we just passed it off as someone not knowing what they were talking about. Now we have seen one, so it is doubtful if we will ever doubt anyone again.

This "thing" as we would call it was about 6-inches long and looked just like a fish all except it has four legs with the front feet having four prongs similar to fingers and his back feet have five fingers. He can live out of water for about two hours and can walk (or crawl) in all directions. In water he swims in any direction. He resembles a catfish, a snake, water dog, and newt but apparently does not belong to any of these families. Guesses have identified him with all the above and "the Missing Link", also a retired newspaperman. Personally, we would not take a guess.

The "thing" is not bullfaced enough to be a water dog and does not resemble the color of water dogs; his head and portions of his upper body resemble a catfish, but he actually is not one; he is no snake although he has a flat head moves about similar to a snake; a newt is scaleless and the "thing" has scales from about the middle of the body back.

There is a possibility in the old saying that necessity is the mother of invention. Possibly, because of the long drought, the fish are being forced to grow legs in order for them to travel across the country. Who knows. We printed the labels for him.

### OLD BARB WIRE

This week Earl Hardy, Precinct 2 Commissioner, brought us a piece of old barb wire. Several old timers we have shown the wire to said they never had seen any like it. We feel like it must be at least over 100 years old and possibly a great deal older. The wire is flat and about 3/8 inch wide with perpendicular barbs about every 4 1/2 inches. The barbs are hooked to the wire by means of a clamp and are still tight on the flat wire.

This wire was found at Trickham when the road crew was building new right-of-ways for a farm-to-market road that will go through Trickham next spring. The wire was being used on Mrs. E. L. Pages' place, near where the old gin formerly was. If anyone has any idea how old the wire is, we would like to discuss it with you.

The new farm-to-market road will go from the end of the pavement going to Trickham at the present time, directly through Trickham and then to the Bangs and Brookesmith farm road. Hardy said about 3 miles of the road would be in Coleman County and about 1/2 mile would be in Brown County, completing this section of the road. He said the contract would most likely be let in November or December and construction would be completed by late spring in 1954.

Mr. and Mrs. Johnnie Goen came from Grand Prairie Saturday night for a visit with his parents Mr. and Mrs. J. F. Goen. Their daughters, Louise and Jeanita, who have been visiting with the grandparents for several weeks, will be leaving with them this week for California, their former home.

## Dr. O. J. Curry To Be Speaker For Ex-Student Ass'n.

Dr. O. J. Curry, Dean of Business Administration of North Texas State Teachers College of Denton, Texas, will be the principal speaker for the annual meeting of the Santa Anna Ex-Students Association. Dr. Curry was a member of the graduating class of 1923. Roy Holt, member of the graduating class of 1915 will be Master of Ceremonies and will introduce the speaker. Holt was the Home Room Sponsor for Dr. Curry's class and was his football coach.

The principal part of the homecoming will be held on Saturday, October 10, with the homecoming football game being on Friday night, October 9, between The Santa Anna Mountaineers and the Cross Plains Buffalos. Registration will begin at 9:30 a. m. Saturday and continue through the noon hour until 2:30 p. m. when the program for the day will get underway.

The program will be as follows: Rev. M. L. Womack, retired Presbyterian minister, will give the invocation; The welcome will be extended by Superintendent of Schools, R. K. Green and the response will be given by Mark Byrd, Superintendent of Malls at Waco, Texas, and a member of the local graduation class of 1919. Entertainment by the Mountaineer Band and others will follow; Roy Holt will introduce the principal speaker and immediately following his address a business session will be held with the Association President, M. L. Guthrie, Jr., being in charge.

At 5:00 p. m. a barbecue supper will be served and a dance will be held in the gym from 8:00 to 12:00 p. m. Registration fee will be 50 cents and it is not compulsory to register for the meal and dance. However, everyone planning to participate in the meal is requested to register at a place that will be provided near the registration desk. Registration for the meal will be \$1.00 per plate and the dance will be charged for at the rate of \$1.00 per person. The general public of the Santa Anna area is invited to participate in both the barbecue supper and dance. All spouses of ex-students are also cordially invited to participate in all the affairs of the association. Most of the time between registration and the program will be used for classes to visit and have their get-togethers if they desire to do so. Some of the classes plan to have their class meetings during the afternoon between the evening meal and the dance.

Every former student of any Santa Anna class is invited to attend. Indications at present seem to be that a large number of the former students will be here. Plans are being made for about 500 to be present.

Elsewhere in this issue of The News is a form to be filled out by local persons who are not former students but who would like to attend the barbecue supper. You are requested to fill out this form and either mail or deliver it in person to M. L. Guthrie, Jr., President Ex-Student Ass'n., Santa Anna, Texas. It is necessary for the food committee to know how many will be present so they can make arrangements for them. This form should be received by Mr. Guthrie not later than October 1st.

## Mrs. Coyita Bowker Awarded Master's Degree August 27

Ablene — Mrs. Coyita Griffin Bowker of Santa Anna was awarded a degree of Master of Education in ceremonies at McMurry College, August 27.

Presentation of degrees to Mrs. Bowker and 49 other summer graduates was made by Dr. Harold G. Cooke, college president, following an address by Rev. Timothy W. Guthrie, pastor of the First Methodist Church in Sweetwater.

## Ward School Enrollment Up To 328

James A. Harris, principal of the Santa Anna elementary school said this week that the enrollment of the school had increased from 316 on the first day to the present enrollment of 328 with several more expected to enroll before the first semester is completed. According to trends of recent years the enrollment should increase to approximately 350 students.

Enrollment by classes on Tuesday, was as follows: First Grade, 38; Second Grade, 48; Third Grade, 39; Fourth Grade, 47; Fifth Grade, 44; Sixth Grade, 42; Seventh Grade, 37; and Eighth Grade, 33.

The high school enrollment has not changed since the second day of school. One student was enrolled on the second and 158 were enrolled the first day, making the total enrollment 159 students and the total for both schools, 487 students.

## City Hires New Marshal; Reduces Sanitation Charge

The City Council hired Jess Lowry as the new City Marshal at their regular meeting on Monday night of this week. Lowry will be paid at the rate of \$75.00 per month with no allowance being made for transportation. He will work only within the City Limits of Santa Anna. Mace Blanton, night-watchman, has been acting as City Marshal for the past few months.

The Council also approved a resolution reducing the sanitation charge from \$1.00 per household water meter per month to 75c per meter per month on a 90-day trial basis. This is to be effective on the October 1st billing. Charges on business establishments will remain the same as they have been.

The Council was also notified by the Railroad Commission that the interim gas rate set by them on December 1, 1953, has been approved and the gas rate in the future will be the same as it has been the past few months. This was the result of the Coleman Gas Company making application to the Commission for an adjustment in rates after they had been refused by both Coleman and Santa Anna.

Elsewhere in this issue of The News the City Council is publishing City Ordinance No. 182, setting the local tax rate at \$1.25 per \$100 valuation, a reduction of 10c per \$100 valuation from last year.

## Lions Den

No guests were present at the weekly meeting of the club, although Robert Lancaster substituted for O. J. Albright and D. W. Behrens was back at the club after not being present for several months. The program committee failed to have a program ready and Lion Behrens gave a run-down on the football prospects for the coming season. He asked all the club members to give the team all the support possible, as they have done in the past.

Lions Jack Woodard and Jim Riley are to have the program for next week and Lions Bill Mulroy and Tom Stewardson are to have the program for the following week. Lion Perry called for members of the club to help on the gates at the Friday night ball game and several volunteered their help.

Visitors Sunday with Mr. and Mrs. Frank Thigpen were Jack Thigpen, Mrs. W. A. Hudler and Diane Mr. and Mrs. Bob Brantham of Ft. Worth, and Deland Thigpen and Don of Ben-head.

## Tile Plant To Begin Operation In Next Few Days

Bob Trinklein, general superintendent of the Santa Anna Tile Co., Inc., said this week that the plant would likely get into operation on about Sept. 17 or 18, depending upon the arrival of one piece of equipment that is supposed to have been shipped from the factory last week. Trinklein said the kiln was lighted on Tuesday to operate on a 24-hour schedule for the first time. During the past few days the kiln has been being lighted during the daylight hours and turned off at night. This was being done in order to completely dry out all the kiln so it would heat properly when lighted for operation.

Trinklein also said that during the next few days they would be putting on one or two employees each day and getting them ready for the part they will do in making the new tile.

The dry powder compound will be thoroughly mixed in a large automatic mixing vat, where a small amount of water will be added to make the powder into a kind of clay substance, then conveyed to a large press where the size and shape of the tile will be moulded on a press that exerts 75 tons of pressure. From here it is conveyed on belts to the spraying, or where the different colors are made, device. The tile is also dried in this conveying process. After it passes through the sprayer it is loaded on small cars and goes through the kiln, which is heated to about 2100 degrees Fahrenheit. Going through the kiln will take about 24 hours with the heat gradually increasing up to 2100 degrees and then gradually decreasing. After coming from the kiln the tile will be graded and ready for shipment.

Definite plans have not been made yet for an open house, but Mr. Trinklein said they would most likely have one soon after the plant got into operation.

## Social Security Man In Coleman Tuesday

Mr. Ralph T. Fisher will be at the Department of Public Welfare in Coleman, Texas, at 1:00 p. m. on Tuesday, September 22, 1953. Persons wishing advice or assistance in connection with their social security accounts are invited to call at that time.

## Injuries Will Hinder Local Team In Opening Game Fri.

The Santa Anna Mountaineers will open the fall football season on the local field Friday night with the kickoff scheduled for 8:00 p. m. The Junction Eagles will be the visiting team and the game promises to see a lot of boys from both clubs in action. D. W. Behrens said he would use this game to shift the boys around to different positions to see where they will fit best. It is also expected the Junction coach will be doing the same thing. The Mountaineers lost to Junction last year by a 19-12 score, but will be out to avenge that game. Junction went on last year to win the District 6-A conference.

The Eagles will use the single-wing formation. They have about 95 boys coming out for football this year and have 13 returning lettermen with a lot of boys who have some experience who did not letter last year.

The Mountaineers will start their first game with only six returning lettermen. James Allen, the seventh returning letterman, was injured in practice Monday afternoon and it is expected that he will be out for the entire season. Allen broke his left collar bone in the first play during scrimmage Monday, and was immediately carried to the hospital. Another injury on Friday afternoon was Jerry Scarborough, who got his left arm broken during scrimmage.

## J. W. Barton Buried In Coleman Wed.

Funeral services were held at the First Baptist Church in Coleman Wednesday, Sept. 9, at 2:30 p. m. for J. W. Barton, long-time resident of Coleman County. He died at Rice, Texas at the age of 80. Rev. R. E. Streetman officiated and burial was in the Coleman Cemetery.

Mr. Barton was born at Dan- cey, Miss., on April 2, 1873 and came to Coleman County in 1905. He lived in the Shield Community for many years before moving to Coleman several years ago. He was a successful stock farmer and a member of the W.O.W. Lodge.

He is survived by the widow, Mrs. J. W. Barton; three daughters, Mrs. Elmo Eubank of Temple, Mrs. B. H. Roark of San Angelo, and Mrs. S. J. Boyd of Krum; seven sons, H. D. of Palestine, R. W. of Dilley, Fred of Tyler, Quinn S. of Beaumont, Don B. of Palestine, J. C. of Rice and Jesse K. of Santa Anna.

He is also survived by two sisters, Mrs. Addie Carroll of Palestine and Mrs. Lula Martin of Phoebe, Miss.; 19 grandchildren and seven great grandchildren.

Pallbearers were Byron Gillbreath, J. D. Kline, R. A. Milligan, Raeford Evans and Elton Jones.

## Merchants Plan Different Kind Xmas Program

At a meeting of several of the local merchants on Friday night of last week, tentative plans were started for the annual Christmas program. A number of good suggestions were made and all will be considered before all the plans are announced.

Of primary interest was a plan presented to give some merchandise away on Christmas Eve and for the annual Christmas program to have a parade, using all local and nearby talent. The merchants are planning to offer money prizes for floats entered in the parade. The definite amounts have not been set yet, but the first prize will most likely amount to about \$150.00 with three other prizes ranging down to about \$25.00 for fourth place. Every club, organization, or individual is invited to participate in the floats. Each of the rural communities are invited to have floats from all their different organizations. It is also planned to have several visiting bands for the opening along with the Santa Anna Band.

Other announcements will be made concerning the plans for the Christmas Opening as they are completed.

## Oran Wise Buried At Rockwood Wed.

Oran L. (Cotton) Wise, formerly of Rockwood and Coleman, died unexpectedly Monday night, Sept. 7th, at 10:00 o'clock at Dimmitt, Texas. The body was brought overland Tuesday and arrived at the Hosh Funeral Home at 5:00 p. m.

Funeral services were held at the Rockwood Baptist Church at 3:00 p. m. Wednesday with a minister from Dimmitt officiating. Masons were pallbearers and conducted a graveside service. Nieces were in charge of the flowers.

Burial was in the Rockwood Cemetery with Hosh Funeral Home in charge.

Week end visitors in the Cliff- ford Stephenson home were Mr. and Mrs. C. W. Stephenson and Gary of Abilene; Mr. and Mrs. Gerald Pruitt and Kenneth of Dallas, came Sunday for a weeks visit and Mr. and Mrs. Willis Richardson and their daughter-in-law, Mrs. Darrell Richardson of Abilene, visited with them Monday.

He will also be out for the entire season. Scarborough had good prospects at the guard slot and his being off the team will weaken the defense considerably. Allen was scheduled to be in the starting line-up as right half back. He had made a lot of improvement during the past year and was expected to be one of the top backfield men in the district this season. Coach Behrens said this was one of the toughest breaks he could imagine for the start of a season.

Twenty-seven boys will be listed on the program on Friday night. One boy, Kenneth Floyd, has dropped out of training and of course Allen and Scarborough will not be suited out.

The probable starting line-up will be:

Left End ----- Clyde Windham  
Left Tackle ----- Danny Johnson  
Left Guard ----- James Perry  
Center ----- Charles McClellan  
Right Guard ----- Hilary Rutherford  
Right Tackle ----- Dwan Cozart  
Right End ----- Jay Steward  
Quarter Back ----- Wess Wise  
Left Half Back ----- Donald Trull  
Right Half Back ----- Doyle McIver  
Full Back ----- Dean Bass

Other boys due to see action are Edmond Switzer at tackle; Joey Bryan at guard; Donald Ray Owen at center; Kenneth Herring at end; and Daniel Gilbert in the backfield. The other boys whose positions have not been determined yet, but who will likely see some action are:

Edwin Hipsher, Billy Jack Garrett, Hollis Bible, Billy Wayne Lowry, Donnie Clifton, William Bradley, Joe Bob Williams, Don Parks, O. B. Smith, F. B. Wagner and Jesse Haynes.

Admission prices will be 75 cents for adults and 35 cents for students.

We invite your attention to a full page advertisement sponsored by Santa Anna merchants for more information on the football game.

### DISTRICT NEWS

All the teams in District 7-A except Cross Plains, play games this week end with all of them except DeLeon opening the season. Last Friday night DeLeon opened the season at Gorman and just barely edged over the Gorman Panthers by a 7-6 score. This game was marred with a number of fumbles and other usual mistakes in the first game. Both teams missed out on TD drives in the final quarter by the loss of the ball on a fumble.

This week end DeLeon plays at Comanche; Ranger entertains Colorado City; Bangs entertains Eady; Rising Star entertains May; Dublin travels to Hamilton; Wylie entertains South Taylor on Thursday night; Eastland goes to Cisco; and Santa Anna entertains the Junction Eagles on the local field.

Kick-off time for all district games will be 8:00 p. m. until about the middle of the season. From then on it will be 7:30 p. m.

**Garden Club Begins Years Activities Friday Morning**

The Mountain City Garden Club began its fall activities with a brunch in the banquet hall of the Service Cafe on Friday, September 4th, at 9:30 a. m. Attractive arrangements of bright garden flowers adorned the long tables and the connecting table where the new officers were seated.

After the enjoyable brunch, Mrs. Rex Golston, the new president was in charge. Meeting opened by singing "America the Beautiful," followed by a prayer by Mrs. H. C. Wigger.

Sharon Hoke sang "God Bless America," and "O, What a Beautiful Morning," accompanied by Mrs. T. J. McCaughan at the piano, who also played for the group singing.

Routine business was attended to and several visitors were recognized among them, Mrs. Bryan deGraffenried and Mrs. R. M. Fielder, whose husbands are officials of the Santa Anna Tile Co., Inc., soon to be in operation.

Highlight of the program was an interesting talk by Mrs. Fern Hoke, the new vice-pres., on "Naturalists of the Frontier." She told of prominent nature lovers, who trudged over Texas in the early days collecting specimens, testing soil, etc.

About 30 members of the club and visitors attended the meeting. The president announced that the next meeting, Friday, Oct. 2nd, will be with Mrs. Ross Kelley.

Mr. and Mrs. Jack Howard, Billy and Carl of Houston, were week end visitors with his parents, Mr. and Mrs. G. W. Howard.

**P-T. A. Has First Meeting Of Year**

A great increase in the attendance was noted at the first P-T.A. meeting of the year on Tuesday afternoon, Sept. 8 at the new Elementary school lunchroom. The hospitality committee, composed of Mrs. A. D. Donham, Jr., Mrs. Bob Garrett, Mrs. R. K. Green, Mrs. John Perry and Mrs. W. L. Campbell, served refreshments of cookies and to members as they entered the meeting room.

Mrs. Norval Wylie, the outgoing president, called the meeting to order, then Mrs. Frank Turner, in a unique way, installed the incoming officers. They are: President, Mrs. Jack Dillingham; Vice - President, Mrs. Norman Hosch; Secretary, Mrs. Rankin McIver; and Treasurer, Mrs. John Gregg. The new officers then took over. Mrs. Mervier read the minutes of the previous meeting and Mrs. Gregg gave the financial report. Mrs. Dillingham read the committee assignments for the coming year.

The organization voted to have adequate bicycle racks made for the school as their first project of the year and the president ap-

pointed a committee to get the work done.

Mrs. Norman Hosch, program chairman, presented Dr. Charles Henner, who made a fine talk on the medical examinations of students being carried on this week. He also gave some good ideas on child health and care, and answered questions. There were some splendid impromptu talks.

Mrs. Frank Turner's First Grade pupils won the attendance award.

**T. G. McDonald's Observe Golden Wedding Sunday**

The 50th wedding anniversary of Mr. and Mrs. T. G. McDonald was observed when their children entertained in their honor at their home from 3 to 6 p. m. Sunday, September 8th. All their children were present, except Quinten of Fresno, California.

Mrs. Winford Ray greeted guests and presented them to the receiving line, where stood the honorees and her cousin, Mrs. Nannie Wilson of Madisonville. Mrs. Wilson and her brother, Lee Worley of Odessa, who was present with his wife, were present when Miss Dora Worley became the bride of T. G. McDonald on September 3, 1903 at Madisonville.

Diane Williams was in charge of the register on a table, which contained a vase of golden rose buds.

Martha Ann Ray directed to the lace laid tea table with its central arrangement of a white cake topped with gold wedding bells surrounded by a wreath of fern and golden asters. Mrs. Richard Horner ladled the golden punch and Mrs. Ort Keatts served the white and gold cake

squares.

Mrs. Elton McDonald showed guests to the gift room, where Mrs. Charles Herd and Mrs. Rudolph McDonald displayed them. Mrs. Fairy Williams, Mrs. Byron McDonald and Mrs. James Eubank were in charge of serving.

Many friends of the McDonald's, who have lived in this vicinity since 1919, called during the hours to offer their felicitations.

Mrs. Elton McDonald said goodbyes. The honorees' great grandchildren, Linda and Dickie Horner were among those present.

**Mrs. Fred Rollins Hostess To H. D. C.**

An enjoyable and worthwhile meeting of the H. D. Club was held on Friday, September 4th, in the home of Mrs. Fred Rollins. The president, Mrs. Clifford Stephenson, presided, and the pledge and prayer were repeated. Minutes were read and roll called by Ellen Richards. Answers were interesting. "The Eyes of Texas" was led by Mrs. John Perry. Officers for the coming year were elected as follows: Mrs. John Perry, Pres.; Mrs. Rollins, Vice-Pres.; Mrs. Edd Jones, Sec.-Treas.; Mrs. Goen Council Delegate and Mrs. Arthur Talley, Alternate.

Mrs. Rollins gave a most interesting demonstration on "Spot Cleaning and Stain Removal." She used a number of different kinds of fabrics, soiled or stained. All were restored to their original status. She used a special rust remover and other products used were from the kitchen.

The hostess served refreshments of tuna sandwiches, fritos, pickles, lemon pie and punch.

The next meeting, September 18th, will be with Mrs. Talley, when there will be a cookie demonstration.

Mrs. Edna Weed, our County Agent, was a visitor.

**Christian Courage**

Lesson for Sept. 13, 1953

**N**OBODY loves a coward. But Christian courage is a very special kind. A brave man may be a mean one; a brave man may be a selfish and cruel man too. But not a brave Christian! Christian courage is not something unconnected with the rest of life. Christian courage is one of a chain of virtues, not a loose jewel by itself. The courage of a Christian is (like that of others) sometimes of the body, sometimes of the mind and spirit. It is different from ordinary courage both in the why and the how.

**Why Courage?**

Some persons who do not understand Christianity have called this way of life "a slave-morality." Perhaps we Christians are to blame for this, because we have sometimes rated humility as the top virtue, and also because we have not always set the example of a courageous life. But a true Christian is not a dish-rag sort of person, a worm without backbone. He finds need for bravery quite as much as any hero in the world. First of all he needs courage for his tasks, as Paul pointed out to his young friend Timothy. The everyday tasks, of course, but Paul meant something specially Christian. Paul was an experienced missionary, and a very brave one; Timothy was a much younger missionary, and apparently not a naturally brave man. The work to which Timothy had been called is, after all, the same to which all Christians are called. Let us name two items: personal witness to Christ, and sharing the gospel with the world. Isn't it just these two tasks that scare the "average" Christian to death? Most church members would rather do almost anything else but go out and make calls

Dr. Foreman

on strangers inviting them to unite with Christ. . . .

**Lashes and Laughter**  
The Christian has other needs for courage, as Paul pointed out. One is in order to endure hardship, the other is to endure ridicule. It is tough to be a real Christian. The toughness is not felt always here in comfortable America; but in other lands it can be very tough indeed. There are Mohammedan villages in India where any one who openly becomes a Christian is denied even the use of the public well, and if he is not assassinated he will be left to starve to death or forced to seek a beggar's living in strange villages. There are places in Africa where to be known as a Christian and friend of white missionaries means constant danger of torture and death at the hands of murderous heathen mobs. There are places under the hammer-and-sickle where to be known as a Christian is to be cut off from normal ways of making a living. These things are not done to Christians in America—yet; but there is another weapon many Christians have to face—the saw-edged dagger of laughter. Christians are told by some highly-educated and impressive "atheists" that all religion is "infantilism," that no one can call himself mature if he leans on a God or even believes in one, that all religion including Christianity is a relic of superstitious ignorance. It takes a certain amount of iron in the blood to stand up against this sort of belittling. It takes inner courage to say as Paul did often: "I am not ashamed."

**How Courage Comes**

Paul would not have helped Timothy if all he had said was: "Be brave! He goes on to show him how. He points to himself as an example—not by way of conceit but simply to demonstrate that he knew whereof he spoke. First he says 'I know him . . . I am persuaded that he is able . . . Christian courage is based on God, not ourselves. As John expressed it, 'Greater is he that is in you than he that is in the world.'" Then Paul urges Timothy to look to God, not to man, for final approval. This always works. On the other hand, Christian courage is not hoping God will do it all. We have to combine faith with action. "Stir to a flame," says Paul, "the gift that is in you." God endows us with ability to do all we need to do and to be all we need to be; but it is up to us.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

**LAW REQUIRES FULL STOP BEFORE PASSING HALTED SCHOOL BUS**

School busses over the state have now begun the task of carrying thousands of children to

and from their studies. Soon to be expected are the inevitable tragic reports of deaths and injuries occurring when impatient youngsters dash across busy highways to greet their waiting parents or to board the bus. Most of such accidents could be avoided if motorists would adhere strictly to the letter of the law pertaining to the passing of school busses.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past

same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking or passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four lane highway.

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Even when not engaged in passing another vehicle, a driver is prohibited from driving to the left of the center of the roadway at all times except in a few specified instances. The few exceptions where the center may ordinarily be crossed do not apply in the no passing zones designated by dash lines placed to one side of the center stripe on our highways.

Neither may you cross the center line for any purpose when approaching within 100 feet of any bridge, viaduct or tunnel. The prohibition also applies when approaching within 100 feet of or when traversing any

**SAVING THE TAXPAYER'S DOLLARS**

The first definite step towards putting the Texas Department of Agriculture on a self-supporting basis became effective this month.

Through a process of collecting fees for services rendered, the department is financing many of its operations which formerly had to depend upon allotments from the state general revenue fund.

Foremost of these fees are those collected for the inspection of nurseries, and warehouses and the nominal charges made for the examination of seeds offered for sale. The nursery and warehouse fee programs have been in operation for several years but the seed testing charge is new.

At the beginning of this fiscal year, Sept. 1, a bill passed by the Legislature allowed the department to keep most of this service money for its own operating expense. In previous years, most of it was turned over to the general revenue fund and departmental money had to come from tax grants. Under the new program, people actually benefited by agricultural programs will bear most of the expense instead of the average taxpayer.

Such a system allowed the Commissioner of Agriculture this year to request a minimum of money from general revenue. This action breaks with the usual custom of state offices requesting a surplus of funds in hopes of obtaining an adequate amount after legislative cut-backs. Although the request for the next two years was only a few hundred dollars lower than formerly, it means the Department of Agriculture is over the hump in maximum tax money spending and subsequent requests are now expected to decrease with no loss of services to

intersection or railroad grade crossing. A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic.

Mr. and Mrs. Tom Sealy and Nancy of Midland, were week end visitors with his mother, Mrs. T. R. Sealy.

four exceptions is \$5. Trashy seed may be rejected for testing when the laboratories at Lubbock and Austin are experiencing a rush season.

Noxious weed seed is examined for \$1 per sample. These tests are required by law before offering the seed for sale in Texas.

**Chester Bryan Home After 3 Years Service**

Chester, son of Mr. and Mrs. M. D. Bryan of Rockwood, is home after serving his country for 3 years. First, he served in Korea with the 3rd Div. for 10 months, was in some of the hardest fighting, seeing his buddies go down on every side. He was sent home on rotation and stationed at Ft. Bliss before being transferred to Germany for 6 months tour of duty. Chester graduated from Santa Anna High School and attended San Angelo College before volunteering for service. The Bryans have another son, Sealy, in the Armed Service, stationed at Fort Lawton, Wash.

**Your Hospital . . .**

Dr. Charles M. Henner answers questions submitted to the hospital. Each week one or two questions will be answered. Please address all questions to Dr. Charles M. Henner, Santa Anna Hospital, Santa Anna, Texas.

**QUESTION:**

I have stiff knees. Sometimes at night the flesh on my limbs between the ankles and knees will burn until it keeps me from resting. No redness or signs of redness on them. What could cause this stinging and burning on the skin? Age 74.

**ANSWER:**

Sorry for the long delay, Trickham. You were not forgotten. There are two common causes for this condition both of which will respond in some degree to adequate and persistent but usually not costly treatment. Firstly, at your age, you are undoubtedly suffering from peripherovascular arteriosclerosis — i. e. hardening of the arteries and veins of your extremities which results in slowed or stopped circulation with insufficient nourishment to the tissues of your extremities. At night when the heart slows down and the blood pressure drops then an artery which is partly filled with old hardened sludge will almost stop any circulation through it, consequently you will wake up with a tingling, burning sensation in your legs or cramps in the muscles just as when you were a little child and wrapped a rubber binder around your finger or wrist and laughed and giggled to see who could stand it the longest. You remember how it tingled and burned after the circulation began coming back into it?

This same essential thing happens in Pellagra, a vitamin deficiency disease which affects the tissues in the extremities in much similar a matter, causing the same symptoms, as far as you are concerned if you are the one afflicted. Either of these conditions can be directly helped by regular doses of good medicine taken under a competent physician's advice and care.

Julian Kelley of Dallas was a week end and Labor Day visitor with his parents, Mr. and Mrs. Ross Kelley.
