PUZZLE: Who got the hundred million dollars?

He walked into our office seven years ago, sat down. We knew the customer. And a wonderful credit rating he had, too.

Said he wanted airplane engines. By that time blueprints were scattered all over the place.

He was taking no chances. Not one engine would he accept without testing first, stripping apart, building up again, and testing once more. Hmm!

And more. Every engine he bought would be overhauled after 15 running hours.

He didn't say so, but he must have known we would have ideas, too. (Lights burn all night when engineers at our place see ways to improve things we make.)

The climax was last August. The customer announced that he would allow 1,200 hours flying time from these G-E engines before an overhaul.

In other words, 80 times as many hours without overhaul as seven years ago. And today only every tenth engine is tested twice before delivery because of what has been referred to as the "perfection rate" of G-E jet engines.

Oh, yes. The hundred million dollars. With General Electric engines now giving extended service, not so many are needed. Improvements have saved the customer that much in five years.

P. S. Who's the customer? The U. S. Air Force. And what was the engine? The J-47 jet engine.

And who got the hundred million dollar saving? Who profits from more Air Force per dollar? The taxpayer, everybody. This story is one more example of what happens where research men and engineers are at work. Products gain in efficiency, do more. New products emerge, and the public is always the gainer.

You can put your confidence in...

Mrs. D. R. Hill Hostess To Garden Club Fri.

There was an interesting program, when the Mountain City Garden Club met on Friday afternoon, Nov. 6th, in the home of Mrs. D. R. Hill. Mrs. Ross Kelley assisted Mrs. Hill with flower arrangements of roses, chrysanthemums and pyracantha. There were also two dried arrangements.

Mrs. Rex Golston, the president, presided for the business session. The club voted to enter a float in the Christmas parade.

Mrs. Arthur Casey explained the making of a plaque of dried materials, seed, burs, etc. Mrs. Charles Moseley also showed a plaque she had made. After being finished, the plaques were shellaced.

Mrs. Pierre Rowe discussed the history and origin of well known flowers.

About 20 members were present.

"Mother Standley" Hostess To Home Dem. Club Friday

The H. D. Club had a pleasant meeting Friday afternoon, November 6th in the home of "Mother Standley".

Regular business was attended to and plans made to attend the Annual Council meeting and luncheon in Coleman on Thursday of this week.

Mrs. Doug Moore and Mrs. Clifford Stephenson conducted recreation.

A discussion on making fruit cake was given instead of a demonstration. Mrs. Goen, who had attended the demonstration in Coleman, passed out recipes that were used. Mrs. Alford Williams also gave her recipe that she has perfected.

Mrs. Standley served refreshments of sandwiches, fritos, potato chips, olives, mints and coffee, from the dining table laid with linen and decorated with mums. Some of Mrs. Williams fruit cake, baked a year ago and still moist was served.

The next meeting on November 20th, will be an all-day affair. It will be held in the home of Mrs. Goen, and will feature Achievement Day, and a covered dish Thanksgiving luncheon. Mrs. Isaac Pate of Voss will report on the recent state convention.

Other members attending, beside those above mentioned, were Mrs. Edd Jones, Mrs. Arthur Talley, Mrs. Louis Zachary, Mrs. A. L. Oder, Ellen Richards and two visitors, former members, Mrs. Roy Stockard and Mrs. Lucie Daniel.

Mrs. Watkins Hostess To Needlecraft Club

Arrangements of fall roses, blue daisies, and lantana, were used in decorations when the Needlecraft Club met on Thursday, Nov. 5th, in the home of Mrs. J. E. Watkins.

Refreshment plates of chicken sandwiches, pickles, pumpkin pie, topped with whipped cream, and coffee, were served to Mrs. J. E. Bartlett, Mrs. Edd Wallace, Mrs. Dovie Chapman, Mrs. Myers, Mrs. Tom Wheatley, Mrs. John Brown, Mrs. J. B. Scott, Mrs. Dillingham, Mrs. T. H. Upton, Mrs. L. O. Garrett, Miss Dorra Kirkpatrick and one visitor, Mrs. J. L. Boggus.

Rockwood-Cleveland Youths Visit Local Church Group

The local Methodist Youth Fellowship played host last Sunday to the young people of the Rockwood and the Cleveland Methodist Churches. More than thirty were present to enjoy the regular youth meeting at six and then they attended the evening service of the church. After the evening worship service the young people and counselors enjoyed fellowship and games in the church basement.

Wamon Upchurch officiated at the business session of the meeting and the program was under the leadership of June Little. Barbara House directed

the recreation period. Mr. and Mrs. Chester Galloway are adult counselors of the local group.

P-T.A. Membership At Record High

When the Santa Anna P-T. A. met on Tuesday afternoon, Nov. 3rd, in the lunch room of the Elementary School, there was a large attendance and interesting program features. Mrs. Jack Dillingham, the president, opened the meeting. Mrs. Norman Hosh introduced Mr. Carl Gulkerson, who presented his Tonette Band of 72 members in a program of several numbers, featuring mostly Christmas selections. All was well done, after only a few weeks training.

Mrs. Robert Markland was in charge of the Juvenile Jury Panel, a very unusual feature. The moderators were Judy Ford and Donald Ray, who asked the questions.

The panel was made up of children from various grades, Sandra Davis, Nelson Perry, Carolyn Carpenter, Eddie Hartman, Bryan Baucom, Joe Riley, and Diann Moss. Sharon England was on the panel for the latter part.

The problems were submitted by all the children and the ones used were selected by members of a committee from the P-T. A. Both questions and answers showed the children are thinkers.

During the business meeting, Mrs. Jack Mobley, for the finance committee, announced plans for a bake sale on Tuesday and Wednesday before Thanksgiving and to enter a float in the Christmas parade. It was voted to do both. It was voted to have the school library as a project for the year.

Several new members were received, making 96 members.

Mrs. Aubrey Parker, 4th grade pupils won the attendance award.

Rockwood 4-H Girls Have Meeting

The meeting was called to order by the president, Dahlia Davis. The roll was called and everyone was present. The new clothing demonstrator told us some things about the plans for the rest of this year.

Mrs. Curtis Bryan demonstrated making onion-pepper relish. We had a wonderful meeting. After the demonstration we played some games and drew names for Christmas. We all enjoyed the meeting.

From where I sit... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over."

"Well, Flip and I just stood there when the fellow leans out the window and says, 'Just wanted to make sure you're the right man to vote for!'"

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

HOW NICE IT WAS . . . TO USE YOUR TELEPHONE DURING A COLD SPELL?

When the weather made it impossible to go outside, it was a great comfort and relief to be able to telephone information or inquire as to the welfare of your friends and relatives.

When the weather is bad nothing can equal the convenience and comfort that a telephone offers.

Stewards Of God

Lesson for November 15, 1953

IF THERE is anything the Bible teaches clearly, it is that man does not own this earth. It is given him, not permanently, not to do with as he pleases, not to waste, not to use selfishly; but given him, to each generation, to use for the service of man and to the glory of God. Man is expected to contribute something of his own toil and thinking, expected to put something in as well as take something out. Human nature being what it is, we tend to take credit to ourselves for all we possess. However, when a man honestly recognizes how much of what he has comes to him as a gift from God, he can see that his life is a partnership with God, and that God as an investor in the human enterprise has the rights of a senior partner and owner of most of the stock. To act as if we ourselves were the lords of creation is plain dishonesty.

Dr. Foreman

The Church, God's Special Agent

Let it be said again, though it has been said before: The church is the one community on earth which is devoted solely to carrying out the purposes of God. The church is God's channel of action; the church is the body of Christ through which our Lord lives and works. The church is the one organization devoted to the "ideal world"—the kingdom of heaven—which aims at bringing about that world through the most fundamental of all methods, transforming life from within. The church is the one organization on the planet whose aims actually go beyond time, for its intention is to prepare men not only for usefulness here under the sun but for eternal life.

Now you would think that church members would realize this and act accordingly. But most of them do not. (Query: Is a "church member" who neither knows nor cares what the church is doing, a real member at all?) Look at these facts: Out of the total income of church families throughout the U. S. A., only 1.1 per cent is being given to churches and their work. Only 1.83 per cent of taxable income is deducted for gifts. Only about 45 per cent—less than half—of the present membership give anything of record for local church support; and only about 30 per cent give anything to the outreaching benevolent activities of the church. You might not be surprised that non-Christians are selfish; but when more than two-thirds of the enrolled church members don't put in one red cent for the unselfish purposes for which the church exists, something is rotten in Christendom.

Four Points In The Christian Program

Let us come to some more brass tacks. There is no argument among the leaders of all Christian churches that there are four major emphases in the program of the church. 1. Evangelism—winning new Christians. (If you don't believe in that, you are voting for Christianity's sickness and death.) 2. Christian education—training better Christians, learning how to serve as Christians in every walk of life. (If you don't believe in that, you are voting for an infantile kind of Christianity, blind to the problems of life today.) 3. Missions—spreading Christianity into new territories. (Don't forget that if it had not been for missionaries, your own race would never have heard the gospel.) 4. Stewardship—the active recognition of God as giver of life and life's possibilities, of God as senior partner in our lives, of the fact that what we have, we hold in trust for him.

Now it must be clear to any one who will take the time to think it over, that if point four is left out, the other three will just collapse.

What Is Your Church Doing?

At the grass-roots of this whole problem is the local church. What is yours doing to improve this situation of neglect? Does the minister preach on stewardship? Is stewardship studied in the church school? Do the adult study classes ever look into this matter seriously? Are new members "briefed" about being stewards of God? Do the young people's programs ever go into this?

The "stamp of newness"—and another new Santa Fe freight car is ready to roll

21 miles of new freight cars added by Santa Fe last year!

Remember when you used to count freight cars as a kid?

How would you like to count and stencil the "stamp of newness" on 21 miles of them?

That's what Santa Fe did last year—added 21 miles of new cars to its great fleet of modern freight cars.

And so it goes—year after year after year—until today there are 84,898 freight cars serving shippers on the Santa Fe.

With this building new program, Santa Fe is meeting the ever-growing need for moving vast tons of

wheat, livestock, perishable foods, minerals and merchandise to the markets of America.

And many of these cars are new and special types to serve shippers in new and better ways—like the "MTC 3150" mechanical refrigerator car that works like your home freezer.

It costs Santa Fe millions of dollars—earned dollars—to acquire this great fleet and maintain its own "steel highway."

But it doesn't add a penny to the taxes you pay.

MR. AND MRS. W. E. MARSHALL

W. E. Marshall's Honored On 50th Wedding Anniversary

Mr. and Mrs. E. W. Marshall, 3111 Prescott Ave., Dallas, Texas, formerly of Santa Anna, celebrated their Golden Wedding Anniversary with an open house Sunday, November 8th, at the home of their son-in-law and daughter, Mr. and Mrs. Coe Cross, in Coleman.

The other hosts for the affair were Mr. and Mrs. Forrest Marshall of Dallas.

Receiving guests were: Mr. and Mrs. Coe Cross, the honored couple, Mr. and Mrs. Forrest Marshall, and Mrs. Eva Stone of Plainville, sister of Mrs. E. W. Marshall.

Mrs. Howard Pope and Mrs. W. F. Gipson directed guests to the tea table, where Mrs. Fred Rea of Lubbock, Mrs. J. R. Gipson of Santa Anna and Mrs. R. B. Renfro of Coleman poured.

Assisting in serving were Mrs. Monte Gideon and Mrs. W. B. Lunsford.

In the gift room were Mrs. Fred Brusenhan of Santa Anna and Mrs. Marshall Stone of Olton. At the register were the grandchildren, Martha and David Marshall of Dallas.

Miss Lillie Crume and Mr. E. W. Marshall were married Nov. 4th, 1903, at the home of the bride's parents, Mr. and Mrs. Ralph Crume, near Rising Star.

For more than thirty years the Marshall's made their home in Santa Anna. They moved to Dallas in 1944.

About 75 friends called during the afternoon and were served cake, nuts, mints and punch from a table laid with a gold rayon damask cloth and centered with an arrangement of gold mums, and tall yellow tapers on each side of a ceramic wedding plaque. The plaque was made by Mrs. Forrest Marshall of Dallas, who also made the little ceramic wedding bells, given as favors.

The couple's only other grandchildren, Lt. and Mrs. Fred Cross

Hunters Asked To Donate Deer Hides To Texas T.B. Assn.

Austin — A quiet audience of more than 2,000 persons will be listening for distant gunfire when Texas deer hunters take to the stands Monday, November 16.

The hunters won't see them. They are patients in the state tuberculosis hospitals located at San Angelo, Tyler, San Antonio and Legion.

Last year Texas hunters sent 24 deer hides to the patients in McKnight Sanatorium, near San Angelo. It cost them nothing. Tanning and even shipping costs were donated.

"Could I make a pair of baby shoes?" was the first question asked of Mrs. Alice Coombs, director of occupational therapy for the state hospital system, when she went to McKnight to instruct the patients in making articles of the leather.

That query came from a young father who had never seen his four-month-old son. Needless to say there will be a pair of soft, baby moccasins on that Christmas tree this year.

"If the hunters in Texas would only send these patients one tenth of the hides from the deer they will kill this season, the good they can do is almost beyond belief," Mrs. Coombs said.

Last year's kill was reported to the Texas Game, Fish and Oyster Commission as 36,423.

The hides may simply be tied, tagged and sent express collect to the Austin Taxidermist Studio, Austin, which is donating the shipping and tanning costs, Mrs. Coombs said.

T/Sgt. James Daniels Stationed at Norman, Okla. U of O ROTC

Norman, Okla. — The University of Oklahoma Air Force ROTC unit gained a man on their roster this week according to Major Carroll V. Glines, public information officer. Technical Sergeant James B. Daniel, formerly of Orange and Santa Anna, Texas, joined the Sooner unit after completing two years at Texas A & M College as a

supply sergeant.

Daniel, accompanied by his wife, Shirleen, arrived in Norman this week and will reside at 430 Page Circle. The 33 year old Texan will be assigned duty in the Training Aids section of the OU Air unit's staff and will have charge of the new air science library. Although having over seven years of air force service behind him, Daniel served with the Navy during World War II and saw service in Burma. Besides being a supply specialist, Daniel's records show that he is

an expert butcher, an airplane mechanic and a skilled small boat operator, has two children, Jeffrey, aged 6 years, and Patti, age 1 year.

Duane Callaway Promoted In Europe

Berlin — Duane Callaway, son of Mr. and Mrs. William E. Callaway, Santa Anna, Texas, was recently promoted to corporal while serving with the 1st Infantry Division in Germany. The only American division to

remain in Europe continuously since World War II, the 1st Infantry is constantly undergoing intensive field training as part of the North Atlantic Treaty Organization (NATO) defense force.

Corporal Callaway arrived overseas in September 1952, and is now serving as supply clerk with division headquarters. He entered the Army in February 1952 and completed basic training at Fort Ord, Calif.
