OF A COUNTRY EDITOR

BY JOHN C. GREGG

THAT FISH AGAIN!!!

Now we have another story to tell about the "walking fish". We understand some of our readers failed to believe what we said last week about seeing a walking catfish, so the man who had the printing done brought us one and it is now setting on our front counter.

This "thing" is supposed to be harmless and we suppose it is. We have handled him quite a bit and it does not seem to bother him and he has never offered to attack anyone. He lives about as well out of water as he does in it. He is some creature. If you care to, you are invited to drop by and see him.

SCHOOL BUS SAFETY

One of the largest transportation systems in the world has recently gone back into operation — the fleet of Texas school buses. From now until next June, over 6,700 school buses will carry over one third of a million school children to and from school every day.

It is quite a job to carry all those children every day — it is an even greater job to carry them safely. Yes, that bus driver has a great deal of responsibility, but did you know that you are partly responsible for their safety, too? You are, if you drive a motor vehicle on our streets and highways!

The Texas Safety Association says that traffic accident statistics for 1951 show that some of our motorists in the state forgot their obligation, because there were 156 accidents which involved a school bus. These accidents claimed 4 lives and brought pain and serious injury into the lives of 55 others. Some motorists forgot and the children paid for that forgetfulness.

The Uniform Motor Vehicle Act, which consists of most of our State traffic laws, makes the drivers of the other vehicles on the highway responsible for interfering with the safe loading and unloading of children riding the bus.

This is a portion of the law: "The driver of a vehicle upon a highway outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children." Why not read it again and be sure that you know it thoroughly!

The major portion of those school bus accidents for 1951 involved a violation of that section of the law — the motorist failed to stop! The loss of money will be the least thought in your mind if you have to look down at the torn, distorted body of a school child who was killed or injured because of your negligence.

The Texas Safety Association asks that you join with them in a concerted, statewide effort to remind Texas motorists that it is up to them to do their share in protecting our school children — after all, the child you save may be your own!

A Daughter For The Marlis Barker's

A daughter was born Saturday, September 12th, to Mr. and Mrs. Marlis Barker of Burnet. She weighed 4½ pounds, name not available yet. Mrs. Barker is the former Elizabeth Ann Stewardson. Grandparents are Mr. and Mrs. H. E. Stewardson of San Saba, formerly of Shield and Mr. and Mrs. Barker of San Saba. Mrs. J. L. Stewardson of Santa Anna is her great grandmother.

Liberty Community Organizes For Recreation Meeting

Some 30 citizens of the Liberty Community met at the community building Tuesday, September 8 and organized what will be known as the Liberty Community Recreation Program. Eaf Day was elected as general chairman and appointed Mrs. Olin Strange, Mrs. Willard Powers and Mrs. Howard Norris as a program committee for the next meeting, which will be Tuesday, October 13.

This meeting was planned by members of the Liberty Home Demonstration Club. Songs were sung and the club members put on a skit and numerous games were played for entertainment for the first meeting. Meeting dates were set for the second Tuesday evening in each month.

Members of the community attending the meeting have invited all other citizens of the Liberty Community to join them in their recreation program and they extend a cordial invitation to anyone else who would like to meet and visit with them.

FHA Chapter Begins Years Activities

The FHA Chapter of Santa Anna High School began its activities of the school year with a meeting on Thursday, September 10. Kay Steward, president, opened the meeting and called for reports from various officers.

During the business meeting dues for the year were set and some changes were proposed for the Area IV Constitution and also for the Area IV meetings.

The president announced that installation of officers would be held at the next regular meeting and said great plans have been made for the chapter for the coming year and asked for the cooperation of all members of the organization.

Committees appointed for the year were: Program, Ruth Milligan and Carolyn Foster; Membership, Jo Ann Dunn and Dixie Crews; Social, Patsy Moore and Joyce Smith; Foods, Janice Donham, Martha Ray and Pat Williams; Degree of Achievement, Beverly Gilbreath and Ann Autrey; Recreation, Patsy Rehm, Joyce Mills and Diane Williams; Finance, Carlele Mills Joyce Jackson and Barbara House.

New Vases Added To Theola Stewardson's Rare Collection

Theola Stewardson, daughter of the Ted Stewardsons, has recently received 4 new vases for her collection. The first one came from Honolulu, Hawaii, and was made there. It was sent by an aunt, Mrs. Cliff Connor of Fresno, California, who was visiting relatives in Honolulu. It is of wood and glass construction.

The second and third vases are a pair from Monterrey, Mexico, Glass Plant, and are made of Santa Anna sand. They were brought to her by her parents on their return last week.

The 4th vase is a hand painted sugar bowl type of vase, painted by Mrs. Robert Milligan of Eldorado.

In her collection of nearly 100 vases, are many from different states in the union, besides those from Mexico and one highly prized one is from the Rock of Gibraltar, given her grandmother, Mrs. J. L. Stewardson when she was a young girl.

Couples' Class Of Methodist Church To Have Social Tuesday

The Couples Class of the First Methodist Church will entertain its members and friends at a table games party at the home of Mr. and Mrs. Carl Gilkerson next Tuesday night at 7:30. All members and friends are invited to attend.

Both always sounds better on the radio than on the radio.

Dist. Supt. To Preach At Methodist Church Sunday Night

Superintendent H. B. Loyd of the Brownwood District of the Methodist Church will bring the evening message at the seven o'clock service this week at the First Methodist Church. Bro. Loyd will also officiate at the session of the First Quarterly Conference of this church year which will follow the service at 8:00 p. m.

Rev. Jack Payne, the local pastor, has extended a cordial invitation to all members and friends to attend the services and the business session. At the session reports will be heard from all the boards and organizations of the church. The best opportunity to see the accomplishments overall program of the church is by attending the quarterly conference.

Lions Den

Mrs. C. D. Bruce was a guest of the program committee at the weekly Lions Club meeting and gave a very interesting talk on the history of the Constitution of the United States, in observance of Americanism Week. Another guest for the day was Page Mays, a member of the high school faculty and a former resident of Santa Anna. Mays was a guest of Cullen Perry.

The program committee for next week is Tom Stewardson and W. R. Mulroy and for the following week is Richard Traylor and Jim Harris.

A full house was present for this meeting. Rex Golston made a report on his committee working the possibilities of the Lions Club having a broom sale, and all the members of the Walking Blood Bank committee were asked to remain for a few minutes after the regular meeting.

The tail twister, Walker Tatum, came up with a new idea and requested all members to write their hobbies on a sheet of paper. Next week three members of the club will be called on to make a three-minute talk on their hobbies.

Dan Blake was home for the week end from Lovington, New Mexico, where he has been working several months on the giant cotton warehouse, offices, residences, etc., built by F. Z. Payne and nearing completion. A barbecue attended by cottonmen from wide distances was held on the warehouse grounds on Wednesday night of last week.

Rites For Mrs. Mary Rutherford Held At Trickham Friday

Funeral services were held in the Trickham Church Friday, September 11th, at 4 p. m., for Mrs. Mary Alice Rutherford of Bangs, who died on Wednesday in Merkel at 7:30 p. m., after a long illness.

Rev. Howell Martin and Rev. McReynolds officiated.

She was born at Trickham, January 19, 1881. She lived at Trickham before moving to Bangs a few years ago.

Surviving her are two sons, B. E. Rutherford of Memphis, Tenn., and P. C. Rutherford of Wink; five daughters, Mrs. E. M. Whitley, Brooksmith; Mrs. J. Z. Seward, Merkel; Mrs. R. W. Williams, Haskell; Mrs. L. H. McElderry, Kermit; Mrs. John Lannom, Jr., Ft. Worth; three brothers, Oscar Watson, Santa Anna; E. V. Watson, Kermit; and W. I. Watson, Coleman; two sisters, Mrs. Laura Anderson, Brownwood and Mrs. Bessie Fuller, Van Nuys, California.

Also surviving are 5 grandchildren, two of whom are Julian Whitley of Santa Anna and Wayne Whitley of Big Lake, formerly of Santa Anna and two great grandchildren.

Rites For Emmet (Slim) Niell Tuesday

Funeral services were held in the chapel of the Hosch Funeral Home Tuesday, Sept. 15th, at 2:30 p. m. for Emmet Niell, who died at his home here at 9 a. m. on Monday.

Cause of death was a heart attack.

Rev. H. C. Wigger, First Baptist Church pastor officiated.

Emmet Alvin Niell was born to Mr. and Mrs. S. A. Niell in Arkansas on August 30, 1901, being 52 years and 15 days old at time of death.

He came with his parents to this vicinity in 1906, and has continued to make this his home.

He suffered a heart attack in April at Corpus Christi, where he was working. He was a hospital patient there for some time. He had another attack in August and was hospitalized a few days. He had returned to Santa Anna only ten days before his death.

Mr. Niell was a carpenter and was known for his fine work.

Both parents preceded him in death.

Survivors are two brothers and three sisters: E. M. Niell of Santa Anna, J. A. Niell of Jonesboro, Arkansas, Mrs. Lois Jones of Dallas, Mrs. Myrtle Foley of Jonesboro, Arkansas, and Miss Ola Lee Niell of Mexia.

A number of nieces and nephews also survive.

Pallbearers were: Jess Griffith, Neely Evans, Luther McCrary, Gene Harvey, E. E. Blanton and Vernon Parker.

Burial was in the Santa Anna Cemetery with Hosch Funeral Home directing.

Eighth Grade Elects Officers

Members of the Eighth Grade Class met Monday, September 7, for the purpose of electing officers and organizing the class. Officers elected were: President, Judy Ford; Vice-President, Eugene White; Secretary-Treasurer, Linda Moore; and Reporter, Linda Riley.

Mrs. Gertrude Martin and Mr. A. D. Donham are class sponsors.

Pic. James Neal Williams is here for a visit with his parents, Mr. and Mrs. Alfred Williams, from Camp Roberts, California, where he has been for nearly a year. At conclusion of his 28 days furlough, he will report to Camp Stoneman, California, for further service.

Fallows, she married you for life — and she expects you to show some.

cers did, but the Mountaineers showed the fans they were in there to win and really did a good job of trying.

TWO MORE BOYS OUT

Two more boys came out for high school football last week. Both boys had some experience and in the Friday night game gave indications that they would help the team considerably. Boyd French has come out for ball several years, but has suffered a knee injury early in practice each season. He is going to be used this year at the center slot and also in the backfield. At present he has good prospects, as does Grady James, a freshman, who gained some good experience in the ward school last year. James will be used on the line, probably in a tackle slot. French is a senior this year.

The Junction Eagles took advantage of first game fright and inexperience in the opening quarter of the Santa Anna-Junction game Friday night to score their only TD. The Eagles drove all the way to pay dirt the first time they got the ball, with the series of downs originating on the Santa Anna 43-yard line. It took ten plays for the Eagles to make the 43 yards necessary for their first and only TD. Stanley Brite, Eagle Quarter-back, went through the right side of the Mountaineer line for 9 yards for the tally. W. A. Wilson, Eagle halfback, plowed through the line for the extra point, making the score 7-0 and that was the way the game ended.

SCRIMMAGE BRADY

Tuesday afternoon the high school boys went to Brady and scrimmage the Bulldogs for their daily work-out. The coach reports all the boys looked good, especially on offense. He said some of the defense did not measure up as well as he had hoped, but it showed him some weak points and the scrimmage was well worth the trip down there and did the boys more good than a regular work-out would have. He is hoping to get another scrimmage match for early next week.

None of the boys suffered any injuries. Donald Trull, who has a bad ankle, was not up to par, but apparently did not injure the ankle any more than he would have in a hard work-out at home. Two Brady boys suffered sprained ankles, but they were not serious.

OPEN THIS WEEK END

This week the Mountaineers will take the only break they will have during the season. After this week they will play nine straight games, one non-conference with Early on September 25 and the first week in October sees the conference season begin. They learned a lot on the Junction game and will have two weeks of tough work-outs, putting a lot of what they learned into practice.

AROUND THE DISTRICT

All the teams in District 7-A played games over the week-end with the exception of Cross Plains. Three teams won their games, three lost and one tied their game. Dublin, the defending champions of the district, played a 12-12 tie at Hamilton, with Hamilton making both TDs in the final quarter and one of them with only three seconds remaining in the game; Rising Star fell to May by a 13-7 count; DeLeon went down before the onslaught of the powerful Comanche eleven 47-7; Ranger slipped past the powerful Class AA Colorado City eleven by a 28-27 count; Eastland scored near the end of the third period to win over Cisco by a 7-0 score; Bangs fell to Early by a close 6-0 score; and Wylie trounced the South Taylor eleven by a 25-13 score. Wylie scored all 25 points in the second period and South Taylor scored all their 13 points in the third period.

This week-end Santa Anna and Deleon have open dates and other games scheduled are as follows: Eastland entertains Coleman; Dublin travels to Stephenville; Ranger goes to Mineral Wells; Bangs travels to Melvin; Rising Star goes to Early; Clyde travels to Wylie; and Cross Plains opens their season competition by entertaining the Baird Bears. All teams except Santa Anna will begin their conference games on Friday night, September 25.

Missing Chapters in the Schoolbooks

A high school teacher writes us: "Please send me 50 copies of your booklet, *Adventures Inside the Atom*, for use with my students." Another wants material on new inventions. Or booklets on jet planes.

New things happen in science faster than textbooks can be revised.

New words puzzle our ears and eyes before these words are in dictionaries . . . atomic-pile reactors, silicones, jet engines with "afterburners," UHF television. Some problem for teachers, that.

Last year over 100,000 letters from schools hit our desks at General Electric asking for things in print on "what's new."

Just to give you an idea of how this adds up, one booklet, *Adventures Inside the Atom*, has been requested to the tune of five million copies since 1948.

Adventures in Jet Power, also handled in comic-book treatment, has since 1946 gone into eight printings.

This may surprise you: a new booklet, *Why Study Math?*, will run over a million copies this year. (It answers that question Junior is always raising.)

Nobody is happier than we are to know teen-agers have a lively appetite for what's buzzing in the world around them.

After all, whether they know it or not, our young people in school today will be the scientists and engineers of tomorrow. They can't know too much.

You can put your confidence in—

Local Ladies Attend Club Breakfast At Hotel Brownwood

On Thursday, Sept. 10th, members of the Santa Anna Self Culture Club accepted an invitation to have breakfast with the Brownwood 1940 Club, Mrs. J. W. Trapp, president. The meeting was held on the roof garden of Hotel Brownwood. Mrs. Hart Shoemaker, president-elect of the 6th District of Abilene, was the speaker. She told

of the growth of clubdom, from one interested woman to the eleven million federated club members now. Mrs. C. D. Bruce, when she was District Vice-President, organized the 1940 Club, and the Santa Anna Self Culture Club, was its sponsor.

Those from Santa Anna attending the meeting were: Mrs. C. D. Bruce, Mrs. J. C. Mathews, Mrs. Nona Woodruff, Mrs. R. C. Gay, Mrs. Vernon Herring, Mrs. Tom Kingsbery, Mrs. J. F. Goen; Mrs. A. L. Oder and Miss Dora Kirkpatrick.

Self Culture Club Begins Year With Picnic And Program

The Self Culture Club opened its year's activities at the home of Mrs. J. L. Harris Friday, September 11th, at 6 p. m.

Mrs. J. C. Mathews, the new president, was in charge. Regular business was attended to. It was voted to make a donation for the restoration of "Independence Hall."

The years program in the form of a travelogue, began with Russia. "Russian Leaders" was Mrs. Nona Woodruff's subject. "Life Behind the Iron Curtain" was told by Mrs. Bruce and Mrs. Norval Wylie substituting for Mrs. Preston Bailey, discussed "Russian Industries."

The meeting was well attended. Mrs. Harold Dutton and Mrs. Herbert Simon of Junction, guests of Mrs. Bruce, who had come for the ball game, attended.

After the program, all adjourned to the well-lighted Harris back yard, where a picnic supper was enjoyed. Finishing the meal was a large part of the 50th anniversary cake saved from May 22nd — and a large fresh cake, made with the idea of the next 50 years ahead. "Stay in there girls and pitch, 50 years more", was lettered on the icing. Mrs. Norval Wylie will be hostess for the next meeting of the club, September 25th.

"Mother Standley" Gets Surprise Visit

Mrs. W. A. Standley, H. D. Club Mother, was taken by surprise on Wednesday afternoon of last week, when a number of the members came in together to visit her. She was presented a nice gift by the club and Mrs. W. E. Vanderford gave her a lovely reed basket, she had recently made, filled with fruit.

The visitors took two kinds of ice cream and a variety of cookies, which were served as refreshments.

Those besides the honoree present were: Mrs. Edd Jones, Mrs. Arthur Talley, Mrs. Doug Moore, Mrs. Lucie Daniels, Mrs. Louis Zachary, Mrs. Lois Henderson, Mrs. A. L. Oder, Mrs. Fred Rollins and Ellen Richards.

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed

green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them.

Bettie Scott, Roy Dale Henderson Exchange Vows

Only members of the immediate families and close friends were present when Miss Bettie Lois Scott, daughter of Mrs. Bernice Scott, recently deceased, and Leo Scott of Houston, became the bride of Roy Dale Henderson Tuesday afternoon.

The single-ring ceremony took place in the home of the groom's mother, Mrs. Rosa Henderson in Santa Anna, with the Rev. Billy McClellan officiating.

The bride wore a taffeta faille dress in ice blue with silver stripes with accessories of navy and silver. She carried a white

Bible, topped with carnations and white ribbon streamers tying small carnations. Carrying out the something old, she carried a white linen handkerchief belonging to her mother; something new was the white Bible, given her by the W. M. U. of the First Baptist Church; the something borrowed was a pearl necklace belonging to Jennie V. Calloway; and something blue was a blue garter and she wore a penny in her shoe.

The bride's attendant was Jennie V. Calloway, wearing a pink taffeta two-piece dress with black accessories and a corsage of white carnations. The best man was Gary Patterson.

The bride, a graduate of Santa

Anna High School of the class of 1953, where she was active as twirler in the band and represented the band as Duchess in the Halloween Carnival, was a member of the Student Council and F.H.A. She lettered in basketball and was class favorite her Junior and Senior years.

The groom also attended Santa Anna High School. He lettered in football two years, was a member of the Student Council and the F. F. A. and was a boy sponsor in the F. H. A. He was class favorite his freshman year.

Immediately after the ceremony, a reception was held. The bride's chosen colors of pink and green were used in decorations. From the lace-laid table, a three-tiered cake, topped with a miniature bride and groom, was served by Mrs. Wayne Whitley and punch was ladled by Mrs. Tom Johnson, both sisters of the groom.

The bride chose for traveling an aqua faille suit with black accessories. After a short trip the couple will live at Snyder, Texas, where the groom is employed.

HONORED WITH TEA

On Thursday afternoon, Sept. 3rd, from 3:00 to 5:00 p. m. the Dorcas Class of the First Baptist Church, entertained with a gift tea, honoring Bettie Scott, bride-elect of Roy Dale Henderson, in the home of Mrs. John Brown.

Mrs. Oren McClure greeted guests and presented to the receiving line, which included Mrs. H. C. Wigger, the honoree, her aunt, Mrs. John Howard, Mrs. Rosa Henderson and Mrs. Tom Johnson, mother and sister of the groom-to-be.

A color scheme of pink and green, the honoree's chosen colors, were carried out in decorations.

The lace-laid table had an arrangement of pink crepe myrtle in a crystal bowl and pink satin streamers lettered with Betty and Roy.

Jennie V. Calloway presided at the register, Mrs. Paul Pembroke and Miss Carline Mills alternat-

The Christian Line

Lesson for Sept. 20, 1953

EVERYBODY knows the phrase, "party line," meaning a kind of ideas, arguments, plans and policies which are approved by a central authority. We hear the phrase most often in Communist connections; but there are also such things as the Republican line, or the Democratic line, and many others. Is there such a thing as the Christian line? In particular, is there a Christian line of behavior, a Christian way of life which is distinct, an ideal for all Christians everywhere? Or is Christianity living a more or less do-as-you-please affair?

Christianity Is Respectable

The letter to Titus in the New Testament comes right to this point. Titus was a fairly young missionary in a very tough area, the island of Crete. Titus may have wished he were in an easier field. "Liars, evil beasts, lazy gluttons" — that was the reputation of Crete. Even when such people become Christians there is a lot they have to learn. They do not become complete saints overnight. (Did you?) Paul, writing to his young former assistant Titus, advises him, as an advisor of new Christians, what line to take in teaching and preaching to these unpromising Crete converts. Through Titus the Apostle speaks to parents, ministers, Sunday school teachers, of today. The first thing the modern reader notices is that the Christian line sounds "respectable," like advice from Polonius or Lord Chesterfield. Old men should be temperate, orthodox; old women ought not to gossip; young women should love their husbands and children; young men must exercise self-control; employees (slaves, in Titus' parish) must be honest and

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

SERIOUS LEGAL PROBLEMS INVOLVED IN HOME PURCHASE

With "National Home Week" being observed September 20-26 many people are now thinking

give satisfaction to their employers. Citizens must be law-abiding. Everybody should have a decent job and save his money for special needs. Really, the reader may ask, what is so special about all this? Is the Christian line just to be a "decent citizen?" Well, of course that is a part of it. Christianity is certainly not DISrespectability!

Propriety Without Pride

So the Christian line does not go off in some other direction than respectability; but it is by no means the same thing. There are two vital points in which the Christian's way of life is distinctly unique. One is the Christian's attitude to his own respectable conduct. He must never do good in order to show off, neither to man nor to God. He must never be good or do good simply in order to get good in return. He must never think of his own good deeds as a kind of coin by which he pays his way into heaven. Years before "Titus" was written, when Jesus was telling his disciples that they must live above the level of the Pharisees, this demand must have surprised and puzzled his listeners. How could anybody on earth be more respectable than a Pharisee? Well, nobody could. What Jesus was pleading for was (in part) just the difference in attitude toward one's own goodness. The Pharisee was proud of being good; he thought God owed him something. He wanted merit-badges; Jesus called for humility. The Christian's goodness is a response to God, not a demand on God. It is an expression of what we owe to God.

Mercy and Renewal

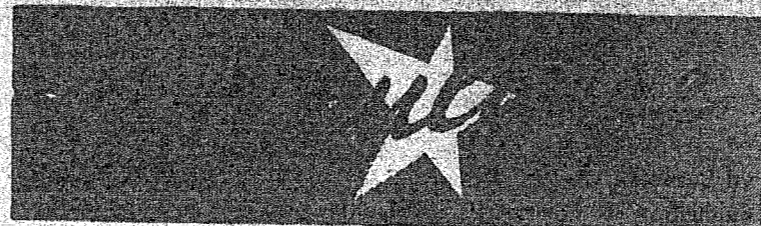

This brings us to the other point at which the Christian line is on a different plane from ordinary respectability. It is the effect of a new birth inside. There is great difference between lifting ourselves by our own efforts and being lifted by the Holy Spirit, between goodness home-made and heaven-made. Being respectable enough for a good name in society is some distance short of growing into the likeness of Christ. There is an immense gap between respectability like a topcoat, and the goodness which is in the blood, beating through a changed heart. There is a clear difference between the respectability of a man who looks no further ahead than his own obituary, and the deep-reaching spiritual renewal of the man who lives as an "heir in hope of eternal life."

at least casually about the purchase of a new home. Those who become seriously interested should proceed cautiously when making a deal, as many important legal problems are involved in such a transaction.

For the average person, the buying of a home is the largest single transaction of his life. It is also, in most instances, the most permanent or longest term investment he will ever make. Whether or not he bought wisely will be determined by his ability to resell without difficulty, or to enjoy the use of the premises without annoyance or interruption.

Possibly the first legal problem you will meet will be when

you are asked by the seller or his agent to sign a contract of sale or earnest money contract. In connection with the latter, you will be asked to deposit a sum of money which would be forfeited to the seller and agent for damages in event you do not fulfill the contract. Although no forfeit money may be required with the former, you may still be legally liable for damages if you renege. Be sure, therefore, that you know exactly what your obligations are.

The next legal problem would probably be to determine the status of the title to the property. Many persons become confused during this stage, thinking that securing possession of an Abstract or Title Insurance Policy will afford them complete protection against title defects. This is not necessarily true in either case.

Keep in mind that an abstract is merely an outline of public records on the tract. Any person may purchase an abstract covering any piece of land, whether he owns it or not. A Title Insurance Policy indemnifies you only up to a certain maximum sum of money, and contains various exceptions to the specified coverage.

Following this would be the problem of transferring the title from the legal owner to you, as purchaser, in such manner that no legal question might later arise concerning your sole and exclusive ownership.

Incidental to your title problems is that of ascertaining what restrictions exist upon the lot you are buying and upon the neighborhood generally. Municipal zoning ordinances and restrictive covenants placed upon the tract by previous owners or developers of the subdivision may prove a protection or a hindrance, according to the plans you may have for future use or improvement of your property.

Other legal questions may arise in arranging the method of payment for the house. The fact that most people need years in which to complete such payments makes this a matter to be considered carefully.

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, a number of others may arise in some cases due to peculiar individual circumstances.

A free pamphlet containing useful information on legal and other problems involved in buying a home has been prepared by Texas lawyers. To obtain a

REVERSING THE SOIL FERTILITY LOSS TREND

Our Texas soils are being built up and torn down at the same time.

The use of crop residues, manure, fertilizers and other good management practices builds up our soil productivity. But leaching, erosion, crop removal and oxidation of organic material, in too many cases, are depleting soil fertility faster than it is being built up. Reversing this trend will involve the development of soil management methods for all parts of the state.

The red or brown water of our Texas rivers, the increasing seriousness of flash floods, eroded hillsides and frequent dust storms are evidences of lost soil. While these situations are serious, the destruction of the productivity of our land is the real tragedy.

Productivity loss is not easy to see with the naked eye, and it is not reflected in data on crop yields. New technology, such as high-yielding, disease-resistant crop varieties and new chemicals for insect control have temporarily prevented a downward trend in yield. And our crop yields have often been maintained by using up "capital reserves" — depleting our basic soil resources.

Soils are produced by a vast number of combinations of climatic, geological and biological forces. Each of our thousands of soil types has its own possibilities and limitations. Some have been carefully explored, but many have not yet been described.

Better erosion control through contouring, mulching, terracing and grass waterways reduces soil loss. Good crop rotations and applications of lime and fertilizer compensate for part of the fertility loss. Research has been productive in overcoming these factors, but we have not yet stopped the downward trend on most soils. Only a start has been made in our understanding of the chemical, physical and biological forces involved in the building-up and tearing-down process.

copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Our biggest task will be in learning to understand the effect of alternative soil, crop, livestock and management systems upon gains and losses in fertility in each section of the state. The Texas Department of Agriculture and the Agricultural Experiment Station at College Station have been working on this project for a number of years.

But it is also the duty of every farmer to learn as much about the qualities of his own soil as he can. Only then can he take advantage of the progress made in research projects.

Miss Kathryn Baxter of Waco came Saturday and brought her niece, Mrs. John D. Davis of Mt. Vernon, Ill., who had been visiting her, for a visit here with her sister, Mrs. Preston Bailey. Mrs. Davis, her husband and his two sisters of Pittsburgh, Pa., have been touring Old Mexico and parts of Texas in a private plane. Mrs. Davis will be here for a week or more.

Mr. and Mrs. W. E. Ferguson have returned from Sacramento California, after a three weeks visit with their daughter, Mr. and Mrs. Leland Goodheart, Janet and Bruce.

Bigger and Better than ever!

Austin — A two-edged crusade by the Texas Democrats against the Loyalists and the Republicans is now officially begun.

Governor Allan Shivers called the signal at Mineral Wells and urged his kind of Democrats to begin the struggle immediately.

There are two aspects of the campaign — first, domination of the elections next year; and second, control of the party machinery in the presidential year of 1956.

Every observer at the Mineral Wells session of Texas Democrats interpreted Shivers' remarks to mean that, if necessary, he will run for governor again to gain the objectives.

"If 1952 was the year of decision for the Democratic Party of Texas," Shivers said, "1954 will be the year in which the decision is ratified — or rendered empty and meaningless.

"It is the simple fact of political life that victory is never se-

the principles."

"We," Morrow told the group, "are the real Democrats."

Jack Porter of Houston, Republican national committeeman for Texas, conferred in Denver with President Eisenhower about building up a strong GOP in this state.

Following the confab, Porter said, "the president impressed me with being in hearty accord with the building of a strong Republican party in Texas."

Also discussed between the two was the president's visit to Texas next October for the dedication of the new Falcon Dam.

While Shivers was making up his mind whether to call a special session of the Legislature, there was considerable improvement in the drought situation.

All but 48 counties in the western third of the state were cut off the emergency list by the State Drought Disaster Committee. Originally, 152 counties had been included.

No more orders for emergency feed will be taken from the 104 counties that were removed from the list.

Rains that brought relief to a considerable part of West Texas were given as the reason for reducing the area to remain within the drought designation.

Drought relief was Shivers' consideration in the matter of whether to call a special session.

Rains helped in many counties, the governor said, "but sections where the worst drought hit haven't been helped much. There's nothing out there to help. The grass roots are gone."

Another problem for the special session was that of increasing teachers' salaries, but little progress has been made along that line, Shivers said.

He thought the matter ought to be settled, but "not a lot can be accomplished at a special session unless a compromise can be worked out ahead."

Meanwhile, the State Comptroller notified the Board of Education that there was a net cash balance of \$2,966,134 in the available school fund on August 25.

Promptly, the Board voted Texas schools an additional dollar per head for the past school year, 1952-1953. That raised the per capita apportionment to \$69.

Created by the last session of the legislature, the Texas Commission on Alcoholism has begun to implement its plans to tackle the question of problem drinkers.

"Alcoholics are people who can be brought back to sobriety," Roy German, speaking for the commission, said in a talk here.

Education of the public, he added, will help more and more people to understand that an alcoholic is a person who can be helped.

Through the cooperation of local groups, German declared, the commission is determined to carry on its program of informing the public about what alcoholism is, what the methods of treatment are, and what can be done in the line of prevention.

Two top road experts will team up to carry on a highway transportation research program for Texas.

They are Thomas H. McDonald, recently retired as head of

the U. S. Bureau of Public Roads, and Gibb Gilchrist, former chancellor of the Texas A. & M. system and for many years state highway engineer.

Work of these two will be sponsored jointly by the college and the state highway department.

Expenditure of \$17,585,000 will alleviate to some degree crowded conditions in the state's hospitals and special schools.

"The tragedy of it is," said Rufus Higgs of Stephenville, "we just don't have the money to do what we ought to do." Higgs is a member of the board which governs the institutions and is publisher of the Stephenville Empire-Tribune.

Some of the buildings to be replaced under a two-year construction program are nearly a hundred years old.

About \$10 million of the money for building will come from a cigarette tax passed by the legislature. The other revenue is for special appropriations to take care of emergency needs.

As hearings drew to their end in the outer case against District Judge C. Woodrow Laughlin of Alice, the defense called as a witness the judge's brother, W. M. Laughlin, Jim Wells county commissioner.

Among charges against the judge is one that he dismissed a Jim Wells County grand jury last January to forestall an indictment against his brother.

On the stand, however, the commissioner testified that he was never worried about being indicted because he did not think he had done anything wrong.

Want to lease some of the Texas tidelands? The School Land Board is getting ready to auction off leases to some of this property about December 1.

On September 1 the board leased four tracts at an average of \$128 per acre.

Upheld by an attorney general's opinion was the state boxing law which prohibits bouts between whites and Negroes. The opinion commented that the law's purpose is to prevent situations which might lead to race riots.

When Mr. and Mrs. C. D. Bruce visited at Banister, Mo., recently they saw the place settled by her great grandfather, William Banister in 1848. They found at the village of Banister, the school has been abandoned and consolidated, the store is no longer in operation, but the church continues to have regular services.

Mr. and Mrs. L. F. Harding of Dallas, formerly of Santa Anna, visited recently with the Elton McDonalds.

Mr. and Mrs. Mace Blanton were week end visitors with Mr. and Mrs. Mace Blanton, Jr. and Mike in Ft. Worth. Mike came home with the grandparents for a weeks visit.

Mr. Alvin Mann of Phoenix, Arizona, is here for a visit with his sister, Mrs. J. R. Gipson.

Mr. and Mrs. Bill Calhoun of Ft. Worth came Sunday for a vacation visit of several days with her parents, Mr. and Mrs. Charles Moseley and Charlotte.

CHRISTIAN SCIENCE LESSON-SERMON

According to the Lesson-Sermon entitled "Matter" to be read in Christian Science churches this Sunday the temptations of evil can always be successfully silenced by turning to God for guidance. When tempted by evil to believe that the worship of evil and matter would bring great personal gain. Jesus rebuked the devil and declared: "Thou shalt worship the Lord thy God, and him only shalt thou serve" (Matthew 4:10).

The Golden Text is from Hosea: "I will have mercy upon the house of Judah, and will save them by the Lord their God, and will not save them by bow, nor by sword, nor by horse, nor by horsemen" (1:17).

Among the selections to be read from the Christian Science textbook by Mary Baker Eddy is this one: "Belief in a material basis, from which may be deduced all rationality, is slowly yielding to the idea of a metaphysical basis, looking away from matter to Mind as the cause of every effect" (Science and Health with Key to the Scriptures, p. 268).

New Auto Inspection Law Went Into Effect On Tuesday, Sept. 15.

Austin — Texas motorists found the doors of 3,120 official auto inspection stations open this morning ready to check their vehicles under the provisions of the modified Motor Vehicle Inspection Law which was enacted by the last Texas Legislature.

George Busby, Chief of the Texas Department of Public Safety's Motor Vehicle Inspection Division, announced that the number of stations have already been licensed to operate and that another two hundred applications are now on file from operators, desiring to conduct inspections. Busby estimated that the total number of inspection stations will reach 3,500 within the next few months.

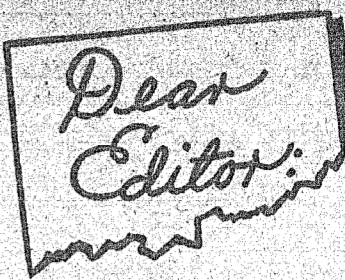

The new period, during which motorists must have their cars inspected, opened today and will run through next April 15th.

Homer Garrison, Jr., Director of the State Safety Department, has issued an appeal to car owners to take their vehicles to one of the convenient stations early and avoid a last-minute rush similar to that which resulted under the old law that expired August 25th. Garrison pointed out that all of the station operators have been fully versed in the provisions of the new act which calls for inspection only of brakes, lighting equipment, horns, rear-view mirrors and windshield wipers.

Rev. and Mrs. Jack Payne and Dana returned home from their two weeks vacation last Friday. They visited at Pensacola, Fla., with Thomas Myron Hays and family. They also visited with old friends, Rev. and Mrs. Lawrence A. Zellers at Barney, Ga., and with their parents at Mineola and Clifton, Texas.

day to get Mrs. J. L. Stewardson and Mrs. Ola Shelton, who have been visiting Mr. and Mrs. Robert Milligan there recently. They visited with the Milligans awhile and returned that day.

Ralph Yarborough Makes Statement to Public on Saturday

Judge Ralph W. Yarborough of Austin, who was defeated in the 1932 Democratic primary election in his bid for Governorship, made the following statement in Austin Saturday, on the eve of his departure for the Democratic meeting in Chicago:

"I am going to Chicago as one of the representatives of approximately one million Texas Democrats, who have been abandoned by those in control of the machinery of the Democratic Party in Texas. Democrats from every section of Texas have urged me to go to Chicago for the Democratic Party Rally.

"Though the person elected to lead the Democratic Party in Texas has abandoned it, and refused to represent it in the party councils in Chicago, I have accepted National Chairman Steve Mitchell's invitation to attend that meeting.

"Texas is an indestructible state in an indissoluble Union, and must work in a spirit of co-operation with the other states to retain her great position of leadership in the nation. The unreasonable, bossy, and dictatorial attitude of those in control of the machinery of the Democratic Party in Texas will, if persisted in, destroy the in-

fluence of Texas with other states and thwart the wishes of the great majority of thinking Texans."

Your Hospital . . .

Dr. Charles M. Henner answers questions submitted to the hospital. Each week one or two questions will be answered. Please address all questions to Dr. Charles M. Henner, Santa Anna Hospital, Santa Anna, Texas.

QUESTION:
What is the average blood count for a middle age person? Are the tests very expensive and could I get a blood count at your hospital?
Signed A Reader.

ANSWER:
Friend, each question must be signed by the person sending the question since we do not handle anonymous requests. Your name is never printed, but we must have on file, for legal reasons, the names of those who use this column.

Average blood counts vary from individual to individual and at different ages. This is why only your doctor can tell you about your blood. Below are averages with the men running a little higher on the total red cell count.

Women: Age 45:
Red blood cells 4,500,000
White blood cells 8,000
Hemoglobin 14.2 Gm.
Segs. 55
Lymphs 35
Stabs 0-1
Juveniles 1
Monos 5-6
Eos 2-3
Baso 1

This does not tell you what blood type you have but it will tell if you are building new cells at a good rate, if you are anemic, or low in blood and it will tell what part of your body is shirking its duty. It will not tell if you have cancer but since cancer makes changes in the blood oftentimes a shrewd physician can start looking for trouble and find it long before it otherwise would have been found.

Usual charge for this blood test is \$5, and since Your Hospital has a State Approved and

Registered Laboratory, this test and many others are done routinely every day.

Shrine Circus To Be In Brownwood Two Days Next Week

It's circus time and the greatest Shrine Circus on Earth will visit Brownwood for two gala days and nights, Wednesday, September 23, and Thursday, September 24, at Daniel Baker Ball Park afternoon and night at 3 p. m. and 8:15 p. m. rain or shine, the box offices and gates to the circus opening one hour earlier to give everyone ample time to secure the best seats at popular low prices to all.

This is positively the only major circus coming to this area this year and with the greatest array of stupendous features ever gathered together from all parts of the world with 48 star feature acts including the great Zoppe Troupe of bare back riders; the Leecos, high wire bicyclists; the Flying Malkos, monarchs of the air; Victor and Gaona, South American aerial comics; the Ropas Troupe, unicyclists; the Morrelli Troupe of rope walkers; the Gutierrez Troupe, of tight wire thrillers; the De Wayne Troupe of teeter board dare devils; the American Belford Troupe of whirl wind acrobats; Miss Hazel King with her 24 waltzing and dancing horses; Miss Dolly Jacobs with a ponderous herd of military elephants; the world's only performing twin baby pachyderms "Tillie and Millie" with their tiny cousin "Baby Dumbo" each stands under 40 inches in height and weighs less than 400 pounds each; Farmer Fawcett with his original "Barn Yard Circus"; "Kinko" the human pretzel with his miniature automobile; Mickey McDonald, Paul Jerome and an army of 15 funny clowns in hilarious antics; the 24 Ladderettes a precision troupe of unsupported ladder thrillers; the colorful Hollywood aerial ballet; several elaborate

spectacles include "Oriental Moon Fantasy", "Pirate Pirouettes" and "At The Mardi Gras" with hundreds of beautiful girls, men, women and animals; lavish wardrobes, costly trappings and gorgeous electrical effects that prove the most pretentious displays ever attempted with any circus.

It will truly be a show worth travelling miles to see and one that no family shall fear to take their youngsters to as there are no side shows, games or anything to mar a big wonderful visit to the finest and largest circus on the road this year.

Jr. Mountaineers To Play First Game At Wylie April 24

The Junior Mountaineers will journey to Wylie for their first game of the season on Thursday night, September 24. Game time is scheduled for 8:00 p. m. A. D. Donham, grade school coach, reports he has 34 boys coming out for football and most of them are shaping up mighty well. He has ordered new jerseys for the boys and they are expected to arrive sometime this week.

The Junior team will play a series of eight games with four of the games to be played here and four away from home. The schedule is as follows:
Sept. 24 - Wylie, there
Oct. 1 - Cross Plains, here
Oct. 8 - Bangs, there
Oct. 15 - Cross Plains, there
Oct. 22 - Wylie, here
Oct. 29 - DeLeon, there
Nov. 5 - DeLeon, here
Nov. 12 - Bangs, here

The above line-up will average 125 pounds on the line and 117 pounds in the back field.

Last year the Junior Mountaineers were undefeated for the entire season. All the boys look forward to a good season this year. Good spirit is being shown and all the boys are trying hard for positions on the team. Coach Donham announced his probable starting line-up for the first game as follows:

Right end Robert Perry
Right guard Joe Riley
Center Bobbie Densman
Left guard Max Lee Price
Left tackle Bobbie Ransburger
Left end Charlie Fleming
Quarter back Eugene White
Right half Kenneth Reville
Left half Donald Ray

The coach said there might be some changes in this line-up during the next week, but this is the way it looks at the present time.

Shooting Hours To Be Defined

Austin — Texas hunters from border to border are going to have sunup and sundown hours pinpointed for them.

The Executive Secretary of the Game and Fish Commission said Hoyer S. Dunham, chief United States meteorologist in Austin, will prepare a time table for sunrise and sunset covering representative parts of the state.

Dunham is arranging with stations at El Paso, Amarillo, Wichita Falls, Texarkana, Beaumont, Brownsville, and Austin to obtain the data. When it is compiled, it will be distributed to all Texas public information media.

The Executive Secretary said the exact sunrise and sunset time is vital since beginning and ending of daily shooting periods for most major species hinges on the official time. This arrangement is designed to inform every Texas hunter so that he may hunt within the legal time.

Shivers To Open Prison Rodeo Oct. 4th

Huntsville — Governor Allan Shivers will for the fifth consecutive time officially open the annual Prison Rodeo here, Sunday, October 4th.

French M. Robertson, Texas Prison Board chairman, announced the Governor's acceptance of the Texas Prison Board's invitation and declared that opening Sunday of the big prison show, now in its 22nd year, would be designated as Governor's Day.

Members of the Texas legislature have also been invited to attend the October 4th ceremonies as guests of the prison management and a large number are expected to be on hand when the world-famed rodeo is opened.

Right now its round-up time throughout the prison system and the farthest corners of the vast river bottom pastures are

being combed for the rodeo stock that hasn't seen a human being since last year. Only the best and wildest animals will be taken to Huntsville for the rodeo. What happens when these Brahma bulls and wild horses are mounted by the reckless convict riders is anybody's guess. The result is what has earned the show its reputation of being the wildest rodeo staged anywhere.

As usual the 22nd annual Prison Rodeo will open with that unforgettable spectacle, the Mad Scramble. Ten chutes flying open simultaneously to disgorge ten wild convict riders on ten wild Brahma bulls. After that it's a whirl of Saddle Bronc Riding, Bareback Bronc Riding, Wild Bull Riding, Wild Horse Racing, interspersed between events with the very best novelty and speciality acts playing the "free-world" rodeo circuits with calf roping by some of the state's best ropers, who annually journey here to compete with each other, during the prison

show's four performances.

From the opening event to the end of the riotous Charlot Race there's never a dull moment at Prison Stadium each Sunday in October, the 4th, 11th, 18th, and 25th. Beginning at 2 p. m. the next two hours are packed with thrills no other rodeo can equal.

Reservations are available by mail or wire by addressing Rodeo Ticket Office, Huntsville, Texas, enclosing your check or money order and specifying the date you plan to attend. All reservations are just \$2.40 each, tax included.

Stewardson And Marklands Visit In Old Mexico Recently

Mr. and Mrs. Ted Stewardson and Mr. and Mrs. H. L. Markland returned from a four days trip to Old Mexico on Wednesday of last week. They got to Monterrey on Sunday in time to see the regular Sunday Promenade.

While Mr. Markland was attending to business on Monday and Tuesday, the Stewardsons and Mrs. Markland saw the sights and went shopping in Monterrey and visited Saltillo.

They saw the display room of the Monterrey Glass Co., that uses Santa Anna sand. Mrs. Stewardson bought complete sets for six of crystal glasses in seven sizes made of Santa Anna sand. The visitors also brought back shawls, Navajo blankets, and other items. They lunched going and coming at Laredo and had an enjoyable trip.

You can't expect \$1 an hour for your working time if you spend your leisure hours like they were a dime a dozen.
